Don't kick the farmer or the food retailer in the pants in the current discussions regarding high food prices. They aren't responsible for high food prices.

Who is? Listen to Paul S. Willis, president of the Grocery Manufacturers of America, Inc. We heard him recently at a newspaper advertising convention in Chicago. Here is an excerpt worthy of careful consideration today, even though there appears to be some current trend toward lower prices:

"When will food prices come down? When all the elements of cost come down. If we wish to send vast quantities of food to the rest of the world—and I assume we do—then we must accept the inevitable consequences of scarcity and high prices at home.

"If we wish labor to have higher wages and shorter hours, to enjoy a higher standard of living, then we must remember that this increases the cost and we must pay for it.

"If we want the government to engage in the multitudinous activities which it now supports, then we must accept that this costs money and means higher taxes here, and higher taxes here, the farmer, the manufacturer, the working man, the distributor, the transport industry and the government must put their heads together and see what each is doing, which may be eliminated, what each is charging which may be reduced.

"It's really very simple to figure out why food prices are still comparatively high. The quick answer is that the demand is greater than the supply. . . there are more dollars than there is food. Our own people are bidding for the supply while the whole world is bidding against them. That always makes high prices.

"Another answer is this: Food starts on the farm but before it reaches the homemaker, it passes through many hands and processes. First the manufacturer must buy from the farmer. According to government figures, he had to pay \$2.85 in 1947 for the production of that cost him \$1 in 1939. He had to pay \$1.80 for the same amount of labor which cost him \$1 in 1939. At each step the cost of doing business—for labor, materials, equipment—is up from 75 to 100 per cent."

Are high food prices the result of high profits?

Food manufacturers' profit on the sales dollar was 4.6 cents in 1939, 5.3 cents in 1946, and 9.2 cents in 1947. Retailers' profits are smaller, too, amounting to about 1.5 cents on the dollar. If both the manufacturer's and retailer's profits were wiped out on a can of beans, the consumer saving would be six tenths of a cent.

What's the answer then?

"If the American people really want to help themselves and their country," added Mr. Willis, "then they must discard the philosophy of easy work and easy money, and substitute the hard work and hard money philosophy which enabled our forefathers to build this country to its present strength.

"All of the American people are industry, peace and public. . . in this thing together. All segments of our economy are responsible in one way or another for present high prices, and all must work together to bring about the adjustment necessary."

The trouble with this advice is that it's too old-fashioned, it's too sensible.

It's easier to blame the farmer, the food retailer, than yourself.

Bulldogs Lose to Dexter in Final Second

Late Rally Nearly Netted Victory in Thrilling Contest

By DWIGHT GADD

Before a near-hysterical crowd last Tuesday night at Dexter, the Bulldogs came from 15 points behind in the last six and one-half minutes of play to tie the score, only to lose in the last second on a foul shot, 48-42.

Dexter led 8 to 5 at the end of the first quarter and increased their lead to 12-10 at the end of the second. It appeared to everyone present that they would pull steadily away in the second half just as they did the first time these same two teams met here at Chelsea.

Both teams hit more consistently in the third period as each doubled their halftime score to leave Dexter on the long end of a 27-24 count and a lead which seemed very sufficient.

For the first minute of the last quarter Dexter added 3 to Chelsea's 1, but then, Chelsea came to life with a roar, and in the next six minutes netted 17 points to tie the score at 42-42 with 30 seconds to go.

Neither team could find the handle on the ball after the score was tied and then, with one second remaining, Dexter's Kiewasser was fouled as he broke for the bucket. He stepped to the foul line—and made it to pull a very close, lucky game out of the fire and defeat a very game and deserving Chelsea.

The Bulldogs' great comeback had everyone in the Dexter gym on his feet and screaming as they watched the most thrilling contest for the spectators as will be witnessed for a long time. Kiewasser led the winners with 14 points while Miller had 10 for Chelsea.

The "Bulldogs" also lost a close one as Dexter came from 2 points down in the last quarter to win, 48-42. Schrader with 7 points, Williams with 12 for Dexter were high men.

The officiating was again very "spotty" last Tuesday. It's a shame that all games can't be called as much the same as possible. Tomorrow night, however, will provide a different opinion here. Chelsea, the Reserve game at 7:00 and the Varsity game immediately following. Next Tuesday night, Feb. 24, Chelsea travels to Dundee to play the game postponed last Friday night. Game times are the same as here.

This scrapping Bulldog outfit rates a lot of support this year, so let's have a large crowd at both of these games.

See you at game time!

Manchester Wins To Take Industrial Cage League Title

Manchester sewed up the league title last Thursday night as they won their eighth straight contest by dumping Millers while Grass Lake Merchants and Products remained tied for second place as they racked up easy wins for the evening.

Grass Lake Merchants had little trouble in the opener with Cassidy Lake, winning 54 to 23. Butterfield passed the winners with 14 points and Bodo led Cassidy's scoring with 13.

In the second encounter, Products had too much height for the Grass Lake Chelsea boys and won going away, 43 to 22. Kusterer netted 16 points to lead the victors' scoring and Carter was high with 7 for losers.

Millers became Manchester's eighth victim in the final game, ending up on the short end of a 34-20 score. Millers had a run of bad luck in scoring during the first half, making only 7 points to Manchester's 19, and this plus Newell's absence spelled defeat. Pollock, for Millers, led both teams in scoring with 12 points, and Walcott netted 8 for the winners and runner-up honors.

Tonight, at 7:00 o'clock, Millers should get back in the win column as they meet hapless Cassidy Lake. Products will put up a good fight against the Manchester outfit at 8:00; and the two Grass Lake entries will meet in the 9:00 o'clock show, with the Merchants definitely favored.

For something to do tonight, at no cost to you, come to the high school gym around 7:00 and see three good games.

DR. W. P. LEMON

Sixth Lecture of Series Presents Dr. W. P. Lemon

"Lent in World Literature, or The Classics of the South's Quest," is the topic of Dr. William P. Lemon's lecture to be given at the Chelsea Methodist Home, Tuesday, Feb. 24, at 8:00 p.m.

This, the sixth lecture of the season's series, is sponsored by the Chelsea Study Club and all members of the lecture series will be guests of the Club this Tuesday.

Dr. Lemon, pastor of the First Presbyterian church of Ann Arbor since 1934, is an outstanding leader and widely known in his field, being in constant demand as a writer and speaker.

Born at Cardiff, Wales, but long a citizen of the United States, he was assistant minister at Trinity church, Tonypandy, Wales, and Calvary Presbyterian church, Newark, New Jersey. Since then he has occupied pulpits and been director of student work in three university centers, the universities of Minnesota, Iowa and Michigan.

Dr. Lemon's travels include many trips to Europe, the Near East and Russia. In the summer of 1939 he was sent abroad under the joint auspices of the Federal Council of the Churches of Christ in America and World Alliance for International Friendship through the Churches. He preached in Berlin, Paris and London, and in various cities of the British Isles.

Attend Convention Held in Jackson for Cleaners, Dyers

Mr. and Mrs. Bill Pruner of the Chelsea Cleaners were in Jackson Saturday and Sunday to attend the 34th annual convention of the Michigan State Association of Cleaners and Dyers which was held at the Hayes hotel.

Guests of honor at the convention were Mr. and Mrs. William Skahan of Silver Springs, Md., and Mr. W. E. Coughlin of New York City. Mr. Skahan is president of the National Institute of Cleaners and Dyers and Dr. Coughlin is with the Good Housekeeping Institute.

The highlight of the convention in Mr. Pruner's estimation, was a panel discussion on consumer reactions and unscrupulous merchandising. On this panel were two representatives of the dry cleaning industry, two consumers of Jackson, two representatives of retail stores in Jackson, Dr. Coughlin, who is an expert on textiles, and H. B. Gother, executive secretary of the Jackson Better Business Bureau and the Greater Jackson Association, which is the same as a Chamber of Commerce. The moderator was Noel Grady of the United States Hoffman Machinery company.

The panel discussion was opened with questions by the consumers relative to problems encountered in the matter of dry cleaning, and members of the panel attempted to answer these questions placing the blame for poor results in cleaning, wherever they felt it belonged, either on the dry cleaners, the material or the consumer.

In answer to a question regarding objectionable odor of cleaned garments, the blame for this was placed on the dry cleaner. Shrinkage was blamed on the manufacturer of the material, because the material was not properly pre-shrunk or else it was deliberately stretched to make it go farther.

Stains and odors from perspiration were discussed at some length and blame for these was placed directly on the consumer. Once color has been removed from material by perspiration, nothing can be done to remedy the matter, it was stated.

The convention closed with a banquet Sunday evening.

FIRE DEPT. CALLED

World Day of Prayer Service Held Despite Inclement Weather

Because of the sleet storm and icy condition of the roads on Friday, Mrs. Christine Chambers of Lane Hall, Ann Arbor, who had been scheduled as the afternoon speaker at the World Day of Prayer service at the Congregational church, was unable to be present.

However, a very impressive service, centering on the topic, "The Lord's Prayer," was given with the following women as readers: Mrs. Henry Schneider, Mrs. William Geddes, Mrs. Julius Striet, Mrs. Herbert Paul, Mrs. Doris Gaderberg and Mrs. Orville Morrow.

Mrs. Robert Wagner was in charge as chairman.

In spite of weather conditions about forty-five women were present and after the service refreshments were served in the church parlors by the Ladies' Guild of the Congregational church.

Mrs. Orville Morrow of the Methodist church and Mrs. Lorena Wenk of St. Paul's church presided at the tea table which was covered with a lace cloth and centered with a bouquet of spring flowers in bright yellow.

C. of C. Urges Shops to Observe Restriction on Solicitations

Chelsea's Chamber of Commerce held their regular monthly meeting Tuesday, Feb. 17, gathering in the Municipal building at 7 o'clock for a dinner which preceded the business meeting.

President Walter Harper urged all members to be particularly alert and watchful in not permitting unauthorized salesmen of the peddler variety, and solicitors of every kind, to enter the premises by calling from door to door unless they have first been investigated by, and issued a permit by the Chamber's committee, in accordance with the recently enacted village ordinance which forbids solicitations of this type unless first sanctioned by the proper authorities.

Ron Harris, newly-elected secretary of the Tecumseh Chamber of Commerce, was the principal speaker of the evening, addressing the group on the subject "Seven Jelly Beans," in which he stressed the importance of minor details to the success of any business, large or small.

"It was those seven jelly beans which, in the weighing process, the clerk tossed back into the counter instead of giving them to me, that, repeated time after time in hundreds of transactions and hundreds of any business, large or small, made the difference between success and failure," Mr. Harris stated.

In repudiating the oft-expressed opinion that Chelsea, or any other town of this size, could not hope to match the progress and accomplishments of large cities simply because it was small, Mr. Harris emphasized that size was only a matter of degree, and not a measure of capabilities or potentialities.

Guests for the evening's meeting were Vance Ogden of Tecumseh, a former teacher in the Chelsea school system, and Charles Lancaster, new owner of the Chelsea Drug Store, who attended as a guest and was introduced by J. Vincent Burg.

Kiwanians Hear of Engineer's Recent European Voyage

At last week's Kiwanis meeting an announcement was made of a program to be inaugurated by the club which calls for the sending of one package a week for overseas relief.

Rev. W. H. Skentelbury, Rev. O. W. Morrow and Douglas Lang have been named as a committee to organize the project and next week they are to have a sample week they are to have sample packages on display at the procedure of packing and wrapping such packages to comply with postal regulations for international parcel post. A suggested list of contents of such packages is to be prepared by the committee, also.

Ed Burno, an engineer at the Kaiser-Fraser plant, was a guest at the meeting and described his recent trip to Europe in company with two other representatives of the plant, on a good-will tour. He told of visits to London, Brussels, Bern and Zurich, and Paris, returning to London before embarking on the S. S. America for the return to the United States. He stated as his personal opinion that if any money is to be loaned to European countries, collateral should be demanded.

It was reported that members of the Board of Directors are investigating possible building sites in town for the erection of a prefabricated log cabin type of clubhouse for the local Boy Scouts. This is to be one of the major club projects for the current year and will be carried through to completion at an early date. During the first week in March, at the next meeting, reports of the progress to be made by the committee members on available real estate and building costs so the work can proceed as soon as possible.

H. R. Schoenhals Dies Suddenly at Lakeland, Florida

Word was received here Sunday, by Mrs. William Geddes, of the sudden death of her brother, Herbert R. Schoenhals at Lakeland, Fla., where he has spent his winter for a number of years. He was born in Livingston county seventy-three years ago on July 16, 1874. He was married to Nella Mae Lake and they lived in Howell for some time before coming to Chelsea in 1906. Mrs. Schoenhals died in 1944.

Detroit Boys on Trip To See World Apprehended Here

William Robertson, 14, and his brother, Donald, 11, sons of Mr. and Mrs. William Robertson, Sr. of 11640 Goethe avenue, Detroit, were picked up by Deputy George Doe Sunday evening at the Truckee restaurant on US-12 at M-92, on a tip from a truck driver who became suspicious when they could not tell him the name of the street in Chicago to which they said they were hitch-hiking.

Upon being questioned by Doe all they would say was that they were "going west." The mother was called by telephone and she requested that they be held until someone could come after them. They were lodged in the detention home in Ann Arbor for the night.

Deadline Approaches for Purchase of '48 Auto License Plates

Purchase of 1948 auto and truck license plates should be made this week, rather than waiting for the Feb. 28 deadline, A. D. Mayer, manager of the Chelsea branch office of the Secretary of State Department, said today.

Purchase of license plates fell off during January, which can only mean that more plates will be sold in February than was the case last year. Last month's extreme cold and bad weather was cited by Mr. Mayer as the most probable cause for the slump thus far this year.

For your own convenience, to avoid long waits in the last minute rush, and to help ease the burden on the office staff, it is urged that everyone make his purchases as soon as possible.

Trio Returned to Prison Following Escape Monday P.M.

Chelsea's night policeman and deputy sheriff, Frank L. Reed, wished he had the police car radio which has been promised by the sheriff's department, when he was faced about 1 a.m. Tuesday, with the necessity of guarding three escaped Jackson prisoners, two of them lifers, whom he captured and herded into his car singlehanded, after he had spotted them making their way from the New York Central railroad tracks, just west of the Chelsea Milling company, to West Middle street.

After ordering them at gun-point into the back seat of the car he stood guard outside of the car for about fifteen minutes waiting for someone to come along so he could send for help. Finally a car, driven by Mrs. Dorothy Schrider of Cavanaugh, came along and he picked up her husband after work at the Chelsea Spring company, drove up, and Reed asked her to get in touch with George Doe and tell him to come immediately. After waiting for some time longer and not being sure whether his message to Doe was delivered, not being aware at the time of Mrs. Schrider's identity, he decided to try and bring his prisoners in to the village jail by himself. Leaving the door on his side of the car he then so he could jump out if attacked from behind, from gun pointing at his prisoners and drove his car with one hand, down Middle street, as far as Harper's garage, where he noticed Doe hurrying to his aid on foot. Stopping the car, he was joined by Doe who helped him back up and search the men at the jail.

One of the men had a home-made 9-inch dagger and another had a knife with a 3-inch blade. Two of the men also had imitation guns carved of wood and painted so that they looked very realistic. The prisoners, identified and guards were rushed here to return the three convicts to Jackson.

The prisoners had escaped about 2:30 o'clock Monday afternoon. On the maintenance crew at the prison, they were not noticed leaving through an unlocked door after having caused a leak in a steam pipe which another maintenance crew had been called to repair. Prison authorities said the men escaped by stealing or making keys to an underground tunnel leading to a special cell block for trustees at the prison. From there they gained their short-lived freedom by breaking through a brick wall, it was reported.

Reed had been on the lookout for the escaped prisoners after being notified of their escape by State troopers late in the afternoon. He said he noticed a west-bound freight train pull into the siding west of the depot about one a.m., and flashing his spotlight the cars noticed the men walking across the tracks. He drove around the block, he said, and parked his car on Grant street without lights until he saw the trio come out on to Middle street, stop for a moment to look around, and then start walking toward the street single file. He drove out of Grant street, turned on his lights and coming up beside them, jumped out of the car with his gun in his hand and ordered them into the car.

Reed said they tried to tell him they were hitch-hiking to Chicago and had just come from Detroit on the freight train, but he was certain they were the escaped convicts because of their appearance, their descriptions having been given him the previous afternoon.

Reed said he didn't have much time to think whether he was frightened or not while he was busy getting his prisoners to jail but afterwards he decided he had been in a rather precarious position for awhile.

Two of the prisoners, Melvin O. Childress, 43, and John Woot, 25, a Chinese, are lifers. Childress was sentenced in Detroit for the murder of Mrs. Sybilla McGrath and Woot was sentenced at Bay City for killing Floyd Ackerman, a theatre operator, in 1944. Harry Hoffman, the third prisoner, was sentenced to a term of 15 to 30 years at Benton Harbor, for breaking and entering.

The capture of the three convicts makes Reed eligible for a \$800 reward.

NUMBER PLEASE: Two dozen different kinds of Michigan Bell operators provide telephone service in Michigan—local, long distance, information and others. Latest is the mobile service operator who handles calls to and from motor vehicles.

BIGGER SPAN . . . LOWER COST: New high-strength steel wire now is being used for many rural lines instead of galvanized iron wire. The new wire, under certain conditions, lets us span our poles up to 350 feet apart. This means fewer poles and less hardware and reduces the cost of rural-line construction.

GOODBYE, OLD CRANK: Last year, some 2,700 Michigan Bell customers said goodbye to familiar crank-type telephones which were replaced with more modern equipment. Still more Michigan Bell customers in rural areas will have their telephones "changed over" this year. It's all a part of our \$13,500,000 postwar rural expansion and improvement program.

Warning Issued to Persons Who Cash Compensation Checks

Banks, storekeepers, and other business people who cash Michigan state unemployment compensation benefit checks, are advised that unless the checks are endorsed on the back by the payee, they are not negotiable instruments and the persons cashing them stand to lose the money they pay out.

"The checks," stated James F. Moore, Executive Director of the Michigan Unemployment Compensation Commission, "are as good as the resources of the Federal Reserve System can make them, when properly endorsed. Without the proper endorsement, they are worthless."

Moore pointed out that several hundred checks have been cleared without this endorsement, and it has been necessary to send them back to the persons who cashed them, for endorsement.

Michigan Bell Will Start Mobile Phone Service in this Area

The Michigan Bell Telephone company will inaugurate mobile telephone service in the Jackson-Albion area Feb. 26.

Chelsea is within the range of the new station, according to N. J. Pratkan, manager for the company.

The new station will get underway to the accompaniment of a ceremony in Jackson during which dairy newspapermen and radio representatives will place the first calls while touring nearby roads.

The Jackson-Albion station will be the chief one placed in service by Michigan Bell. The company inaugurated service at Detroit late in 1946. On Jan. 19, it introduced the service out-state with the opening of its Saginaw-Bay City-Midland station and on Feb. 4, it began operations over its Kalamazoo-Battle Creek stations.

Those stations are the one in the Jackson-Albion area are the first in a network that soon will provide general highway service over major trunklines in the southern part of the state. Other stations will go into service by spring at Lansing, Flint, Grand Rapids, and Kalamazoo. Another station at South St. Marie will serve the nearby land area as well as ships on the Great Lakes.

Williamston Council Member Writes His Answer on City Govt.

Members of the Chamber of Commerce-Kiwanis committee in charge of the move to have the city government proposition put before the voters of Chelsea, recently received the following letter from a member of the Williamston City Council. The reply was received in answer to an inquiry made of them as to whether or not the change to city government was proving satisfactory for Williamston.

The letter reads as follows: Williamston, Mich. Jan. 23, 1948

Dear Committeemen: Received your inquiry regarding our city.

The citizens evidently are satisfied with the arrangement, the governmental arrangement is not changed too much from the village form of government, we are in a somewhat more favorable position in our net tax income from various sources, also have two representatives on the county board of supervisors.

Our local Kiwanis Club was instrumental in changing our village to a city, and is quite proud of the job.

We are collecting 14 mills on our assessed valuation for the operation of the city, and getting along in good shape.

Our Kiwanis Club meets every Monday at 6:30 for dinner. Would be glad to have you visit us. A Council Member, City of Williamston, Mich.

Leader, Miss Sobocinski. Scribe, Norma J. Dull.

Troop IV

The meeting was called to order at 7 p.m. on Thursday, Feb. 12, by the president, Leola Allstaetter. The minutes of the last meeting were read and approved. It was further agreed to continue preparing our room for headquarters.

A letter was received from the Senior Scout, Nancy McKinney, inviting all Senior Scouts to the Southern Conference to be held in Ann Arbor at the Masonic Temple on Saturday, Feb. 21.

A report was given by Virginia Chriswell on the Cedar Lake Camp meeting at McKinley Hall in Ypsilanti, Feb. 11. The meeting was also attended by Mary Ann Wheeler. The business meeting was adjourned. The girls then made party favors for the Methodist Home which were delivered for St. Valentines Day.

Former Chelseaites in New Florida Industry

In the Feb. 8 issue of the guide book "This Week," published by the Tropical Press at Fort Lauderdale, Fla., for the use of tourists in Florida, appeared an item which will be of interest to Chelsea friends of Mrs. Savickas, mentioned in the article, who is the former Audrey Merkel of Chelsea, daughter of Mr. and Mrs. Leo Merkel.

Following is the item, titled "Industry in Lantana." Lantana, Fla., has a most novel industry, The Bamboo Products. This new and growing business is conducted by Mr. and Mrs. Savickas, former residents of Detroit, Mich. These people have accomplished what many people want to: utilize Florida raw products in manufacture.

The idea came about by them decorating their own apartment in bamboo. Their friends were so impressed with the job that word of their work rapidly spread.

Various hotels and clubs are now among their accounts. At the time of this writing they are displaying several very attractive lamps of bamboo as well as many other items for the home. The tourist will find this a very interesting stop.

MRS. THOMAS MERKEL
Jane Downer Speaks
Wedding Vows to
Thomas Merkel, Sat.

Jane Downer, daughter of Mr. and Mrs. Darwin Downer, and Thomas Merkel, son of Mr. and Mrs. Joseph Merkel, were united in marriage at St. Mary's church here, Saturday morning, at ten o'clock, with Father Lee Laige officiating at the altar decorated for the occasion with vases holding bouquets of white snapdragons and carnations.

During the ceremony the girls' choir sang several numbers and Theresa and Mary Catherine Harker sang a duet, "O Lord, I Am Not Worthy." Mrs. George Clark was the organ accompanist and also played the Wedding March. The bride, given in marriage by her father, was crowned in white satin with a cathedral length train. The skirt was given a bouffant effect at the hip-line with concealed hoops extending around the back and sides. The long bodice was fitted and was finished with a net yoke having a jewel neck-line and long fitted sleeves, ending in points at the wrists. Her fingertip-length veil fell from a Juliet cap embroidered with seed pearls, and she carried a bouquet of white roses.

Mary Jane Eder, as maid of honor, wore a floor-length gown of yellow moire with long, fitted bodice, cap sleeves and a sweetheart neckline. Her bouquet was of yellow roses and blue Wedgewood iris, and she wore a yellow net headdress and long, yellow moire mitts to match her gown. The bridesmaids, Donna Perkins and Doris Downer, sister of the bride, were dressed exactly alike in pale green moire with matching headdresses and mitts. Their gowns were finished with peplums which added a bustle effect. All of the bride's attendants wore single strands of pearls to complete their costumes. The two bridesmaids carried pink roses.

Joseph Merkel, Jr., served his brother as best man, and Charles Downer, brother of the bride, and George Merkel, another brother of the bridegroom, were the ushers. A wedding breakfast was served to about one hundred guests at the K. of C. Hall immediately following the ceremony; the bride's table being centered with a bouquet of daffodils. The bride's and bridegroom's cakes were served from a side table. Assisting with the serving of the breakfast were six friends of the bride, Doris Gilson, Helen Jarvie, Myrna Roberts, Donna Kalmbach, Audrey Knickerbocker and Marjorie Proctor.

Both the bride and the bridegroom's mothers chose navy blue to wear to the wedding, and both wore corsages of pink carnations. Mrs. Merkel's accessories were black, while Mrs. Downer's had a touch of pink furnished by the ostrich plumes which trimmed her hat.

The new Mr. and Mrs. Merkel are spending a month's honeymoon

N. Lake Couple Mark 25th Anniversary

Mr. and Mrs. Chris Fitzsimmons of North Lake, who were married Feb. 10, 1923, celebrated their Silver Wedding anniversary on Sunday, Feb. 16, with a dinner for eighty relatives and friends together with members of the North Lake Extension Group and their families, at the Municipal building here.

Centering the table was an exceptionally beautiful three-tiered anniversary cake baked and decorated by Warren Alexander of Lansing, a brother of Mrs. Jack Fitzsimmons, and a former Chelsea resident. Candles in silver holders and white snapdragons in a silver bowl completed a lovely table arrangement.

Furnishing much amusement was a mock wedding staged during the evening. With the honored couple as the bride and bridegroom, Laurence Noah acted as the clergyman, Louis Fitzsimmons took the part of the best man, Mrs. Jack Fitzsimmons was the bridesmaid and Robert Fitzsimmons "gave the bride away."

Mrs. Leslie Eisenbeiser sang "Oh, Promise Me," accompanied on the piano by Horace Woody of Detroit, who also was the accompanist for several whistling solos, given by Mrs. Leonard Reith.

Mr. and Mrs. Fitzsimmons were presented with many very nice gifts as mementos of the occasion and cards were enjoyed during the remainder of the evening.

Guests were present from Jackson, Stockbridge, Ann Arbor, Lansing, Munnich, Chelsea and North Lake.

In California and upon their return will be at home at 13175 Jackson road. For going away, the bride wore an aqua-colored two-piece suit dress with black accessories and a corsage of gardenias.

Separate Form for Firearms Possession No Longer Needed

The gun permit as a valid separate form has been dead since Jan. 1, but applications for more of them still are coming in to the conservation department.

Each applicant is advised once more that the gun permit needed for possession of fire arms for

hunting predators or other non-game animals, or unprotected birds such as crows, during the closed season on game is now incorporated in the small game license. The license is all that is needed now, where for years the off-season hunter was obliged to carry two separate pieces of paper that together covered the same authority.

On some days the department receives as many as 50 requests for the outmoded forms.

Free Ride For You—on the Freedom Train!

We had a real thrill in our town just the other day—when the Freedom Train stopped by!

You've heard about it, of course—an actual train that's touring the country to remind us again what true Democracy means. It carries such Americana as the Declaration of Independence, the Bill of Rights, and other immortal documents that guarantee every citizen his liberty.

A great idea! And from where I sit, we're all riding along with that Freedom Train—right now—by liv-

ing in a country that protects our individual liberties—whether they apply to our right to vote, to choose our church, to speak our minds, or enjoy a glass of beer with friends.

Only thing is—we've got to prove ourselves worthy of the ride... by guarding zealously against whatever forces of intolerance encroach upon our American concepts of live-and-let-live, in a free and strong Democracy!

The Bulldogs will play at Milan Feb. 27.

District basketball tournaments will be held at Napoleon, March 4th, 5th, and 6th.

The Annual Parents' Night is March 12th.

SCHOOL CLEAN UP
Because the school building is growing rather old, much needs to be done in the way of keeping it clean so that it may look a little bit better.

Each week-end, each night, in fact, the building is cleaned, so that students enter an immaculate building, but they leave it quite otherwise.

The "School Clean Up" week will begin next Monday; and just to remind those who may forget,

places like locker-rooms, halls, rest rooms, and last, but not least, the mirrors in the girls' room can easily become eye-sores, unless care is used.

Everyone needs to help in the general clean-up campaign, if it is to be any kind of a success. Those who do all the waste-paper showering in study hall should have guilty consciences for making others suffer for their bit of fun, for someone (the unlucky person) has to clean it up.

Those desks in study hall should all have badges for the tons of weight (in waste paper) they hold each week. It really not only looks untidy but gives a "drowsy" air to the school as a whole.

Paper is not the only thing that the desks and chairs hold. There creeps up from some hidden place (usually someone's mouth) a tiny (?) wad of gum.

Why can't everyone pitch in and help everyone else to keep the school clean?

BE KIND TO TEACHERS
Lay down that paper wad! Don't you know that this is "Be Kind to Teacher's Week"? Of course you aren't expected to bow to them on the street or make sacrifices for them. But teachers are human, you know, and like everyone else,

wouldn't mind a little consideration. I'm certain the teachers would appreciate it if:

1. Everyone had his assignments on time.
2. No one talked without permission.
3. Pupils had their books, pencils and paper handy.
4. Everyone was in his seat when the bell rang.
5. Pupils would stop making a nuisance of themselves in general.
6. Pupils can't be perfect, that's for sure, but there is lots of room for improvement.

SPECIAL ASSEMBLY—
Two very interesting talks were given by members of the speech class, Friday, Feb. 13. Shirley Kolb spoke on "City Management and Plan of Government." Four good points of government she brought out were: elimination of one tax; direct representation of Chelsea on the County Board of Supervisors; and reduction of the cost of the government.

Community recreation was discussed by Joan Hughes, who brought out the necessity of community recreation because of too much leisure time, mothers working, and the Army's taking care of teen-age companions. She also stated that parks, schools and clubs could be used to a great advantage if recreation in the community is poor.

GAA.
The Chelsea girls traveled over to Dexter to play basketball last Thursday. This is the third time this season these two teams have met.

The starting line-up for Chelsea was the same as in previous games. For Dexter—forward: Denton,

French, Frank; guards: Gage, Kenny, Wahl.

The game got off to a fast start, but the scoring was slow. At the half the score was tied, 4 to 4. All the people watching could tell this was going to be a thrilling ball game.

During the second half the lead changed hands many times. The final basket was made by Dexter, which put them ahead by one point. The final score was 10 to 11, in favor of Dexter.

FFA.
Thursday, the local elimination contests were held. The two teams competing were: Richard Carlson, Ralph Erke and Oscar Hansen, who talked on "Soil Conservation." The other team, composed of Jim Clark and Kenny Proctor, talked and gave a demonstration of a "Pen-Type Barn."

The judges were Rev. Davis, Rev. Skentelbury and Schuyler Foster. Their choice was the team that talked on "Soil Conservation." They will go to the District contest at Saline, March 2, 1948. The public speaker for this district is Walter Zeeb, Jr., whose topic will be "2-4-D."

ATHLETIC BOARD
At the last meeting of the Athletic Board the responsibility for accidents that happen to the girls in GAA was discussed. The possibility of organizing a track team if enough boys were interested, was also discussed. This would take place in the spring.

BAND NEWS
The Chelsea High School Band played at Dexter for the basketball game, last Tuesday night, with the Dexter High School Band. This was the first time our band had played at an "away" game.

An Assembly program will be given tomorrow for the Chelsea High school pupils, by the Dexter and Chelsea bands.

FIFTH-GRADE NEWS
Last Friday afternoon Dr. Doyle gave an interesting and helpful talk to our Fifth grade Health class about the care of our teeth.

He was introduced to the class by his son Ronnie, who is a Fifth grader. Dr. Doyle talked about three important facts: first, proper cleansing of the teeth; second, proper diet, especially the need of cutting down on sugar, candies, etc.; third, have teeth x-rayed at least once a year.

Dr. Doyle carried on a question and answer period with many boys and girls showing a great deal of interest.

Monday the Fifth grade was pleasantly surprised to receive a new American Flag, which was presented by Mrs. Van Orman, who represented the American Legion Auxiliary.

Our room was decorated for February 14th, and we were all looking forward to our Valentine party Friday afternoon. Our box was full of important messages. Linda Walker has been ill for almost two weeks; her classmates miss her very much and hope she

will be able to return to school soon.

David Brown and Gale Lindwall are both absent because of chicken pox.

SEVENTH-GRADE NEWS

NO GEARS EVER SHIFT IN DYNAFLO DRIVE*

In Buick's new Dynaflo Drive, sliding gear transmissions and complex gear-changers are made unnecessary. You simply set a selector lever and step on the gas. The power plant does the rest, adjusting itself to varying driving conditions with utter smoothness. You start up—accelerate—smoothly—cruise—stop—start up again—climb hills—all without touching the selector lever.

Your tires are soft pillowy cushions, your four springs gentle coils, your rims the sure-footed Safety-Ride kind that only Buick provides.

Your ride is the first one truly shielded against road shudder and shiver by scientific damping of vibration build-up within the car.

And if you choose a ROADMASTER, you can treat yourself to Dynaflo Drive*—a liquid-smooth drive that does away with all gearshifting.

You'll drive the only car on the market where the power plant does what gears used to do—and driving becomes a near-miracle of ease.

Get the Facts and You'll Get a 'Jeep'

The Universal "Jeep" does more jobs, at less cost per job, than any other farm vehicle. It is more versatile, more comfortable, safer and easier to operate. Let us prove that—in a demonstration on your farm, using your equipment.

WINTER DRIVING. The "Jeep" has traction for getting through deep drifts or sudden thaws... it gets around over soft, muddy ground... breaks a path for other vehicles. With snow plow attached, it quickly clears driveways or barnyards.

TO MARKET AND BACK. The "Jeep" works the year around as tow truck or pick-up—hauling livestock or produce to market and bringing supplies back to the farm. Snow-clogged, ice-glazed or muddy roads are no problem.

FARM CHORES. Grinding feed is just one of the many winter chores made easier with the Universal "Jeep". Its power-take-off operates all kinds of belt-driven farm equipment.

Local autoists who travel to Ann Arbor by the way of the pavement were busily engaged over the week-end in picking tacks from their tires, Ed Weber claiming the distinction of champion "tack-gatherer," his tires carrying in 90 of the upholder's wares. A truck had lost a 15-lb. box of tacks midway between Ann Arbor and Chelsea, breaking the box and scattering tacks all over the road.

Interest at Tuesday night caucuses was somewhat "chilled" by a raging snow storm which made traveling extremely difficult and no doubt was responsible for the small attendance, less than thirty voters being present. Tickets were nominated as follows: Independent ticket—President, Warren Daniels; Clerk, Paul Maroney; Treasurer, Otto Hinders; Assessor, J. B. Cole; Justices, Geo. Seitz, Oscar Schneider and A. C. Hindelang; Committeemen, L. P. Vogel, J. Lehman and L. T. Freeman; People's ticket—President, Howard E. Canfield; Clerk, George W. Walworth; Treasurer, Otto Hinders; Assessor, Jacob Lehman; Trustees, Jacob Hummel, Ellsworth Hoppe, L. B. Lawrence.

SENIOR BIOGRAPHIES

Oh! What's this we see whizzing down the road. Ah! Yes! It is "Polka-dots," so-called by his many friends. We know him as Paul Bollinger, who arrived at the Gottlieb Bollinger's on April 17, 1930. His favorite subject is math, while his favorite sport is football. If he had to choose his favorite hobby, he would choose driving fast. If you ever see him at his best, you will probably be seeing him eating ice cream and listening to "Let Me Call You Sweetheart." He says that his plans after graduation are to be a "bum" and loaf around.

American Walnut Seeds Available from MSC Nursery

Stratified walnut seeds to keep American Walnut a continuing crop throughout the state are available from Michigan State College Forest Nursery in East Lansing, according to Farm Forester Ray F. Pfeiffer, located in the Court House in Ann Arbor.

"Because no other native hardwood yields a crop as necessary and so valuable to the farmer and woodland owner, American Walnut—sometimes called 'Black' Walnut—is an important asset to this area," said Mr. Pfeiffer.

"Just as Johnny Appleseed is credited with making mid-western orchards an asset, the past generation assured America of Walnut for both gunstocks and cabinet wood purposes," he explained. "Both World Wars used large stocks of Walnut, yet there is an ample supply remaining for domestic uses if only mature trees are harvested, and if a continuing planting program is kept up. It is not too late to order these now for spring will soon be here. Planting can be started as soon as the frost leaves the ground. Complete planting instructions will accompany each shipment."
