Michigan MIRROR

By Gene Alleman

When the "ghost walks" on State of Michigan paydays, 144 employees find themselves in the peculiarly blessed position of getting bigger paychecks than any of the following elected state officials:

Secretary of state, auditor general, attorney general, state treasurer, state highway commissioner and state superintendent of public instruction.

Each official, elected by the voters, receives \$7,500-a-year compensation from the State Treasury.

It's like having a factory foreman getting more wages than the president of the company, the boss himself. Yes, 144 employees are better paid by the State of Michigan than are the heads of state government!

How did this Alice-in-Wonderland, topsy-turvy situation develop?

And how about the governor? You may add.

Here's the story, as we find it. When the present state constitution was adopted nearly 40 years ago, salaries of state officials and legislators were defined and limited. Here is section 21, still unchanged:

"The governor and attorney general shall each receive an annual salary of \$5,000. The secretary of state, state treasurer, commissioner of state land office and auditor general shall each receive an annual salary of \$2,500. They shall receive no fees or perquisites whatever for the performance of any duties connected with the offices. It shall not be competent for the legislature to increase the salaries herein provided."

Section 22, added in 1940, authorizes a civil service commission to set salaries of all classified employees. Twenty and heads of departments and more than two unclassified positions in each department.

The salary of legislators, representatives and senators, is a flat \$3 per day throughout the two-year term. This compensation is not limited to the legislative session, as is the practice in most other states. It will run approximately \$2,000 for a two-year term.

Legislators are under similar constitutional wage restrictions. They shall receive no further compensation than as specified in this section for services rendered by this constitution.

The compensation of state officials, other than the governor and lieutenant governor, has been increased by the legislature by a legislative enactment of making them a member of the state administrative board. The secretary of state, for example, has a constitutional salary of \$2,500 and \$5,000 additional pay as a member of the state board. Yet, two employees of the secretary of state's office are better paid than the secretary of state. Nine subordinate employees of the highway department get more money than the highway commissioner, their boss. And 12 subordinate employees of the attorney general are better paid than the attorney general!

The governor of Michigan draws \$17,500 from the state treasury. This compensation is as follows: His constitutional salary, \$5,000; a legislative-set salary as member of the state administrative board, \$2,500; and a flat \$10,000 expense account for which no accounting is required or given.

Among the amendments currently considered by the legislature at Lansing is one to remove constitutional salary limitations of both state officials and state legislators. The State Supreme court has ruled that the legislature is forbidden by the constitution from paying themselves expense money. This decision puts the governor's expense account in obvious legal jeopardy.

A \$7,500 salary adequate for state officials appears to us to be linked directly to the illogical situation, now existing, whereby 144 state employees get higher wages than their bosses. Why should salaries of state officials be limited by the constitution, while salaries of their subordinate employees are not? This state salary mess must be straightened out. We doubt if any farmer would be happy if the hired hand got more wages than he did. State officials are in the same fix. Michigan public service now calls for financial sacrifices, but officials would be far better off to take responsibility and no campaign obligation.

High School Baseball Squad Drops Opener To Ann Arbor; Track Team Shows Spirit

Pioneers Gain Early Lead To Swamp Bulldogs Last Fri.

By DWIGHT GADD

Class A Ann Arbor had too much of everything last Friday and pounded out a lopsided 12 to 2 victory over the game, but outclassed Bulldogs at West Park in Ann Arbor in the season-raising baseball game of the season for both clubs.

The starting line-up for Chelsea was Heydlauff, 2nd; Knickerbocker, 3rd; Ewald, 3rd; Slane, c; Miller, ss; Stofor, lf; McClear, cf; Hansen, p; and Vogel, 1st.

Ann Arbor got to Hansen for four hits and four runs in the first four innings, but in the fifth the roof fell in on the Bulldogs. Five hits, three walks, one error and two moments of indecision on the part of a couple of infielders accounted for eight more Pioneer runs, and that put the game in the bag for them. Aberle relieved Hansen to end the scoring, but the damage was done. Ewald pitched the sixth inning for Chelsea and looked very sharp with the exception of his wildness.

Chelsea picked up two consolation runs in their half of the seventh or three walks and their only two hits of the game, singles by McClear and Tobin.

The game was characteristic of first day games as the hitting was poor and so was the fielding. Only three of the fourteen hits were well-tagged, and errors were of the common variety. Both teams will undoubtedly score more greatly on later Friday's exhibition as the season progresses.

The game scheduled with Romulus for Tuesday was rained out and was to have been played Wednesday afternoon.

Tomorrow, Friday, April 23, the Bulldogs will play Roosevelt High in Ypsilanti and next Tuesday will play their first home game of the season, meeting Milan's Big Reds. See you at game time!

Not So Bad

Chelsea's young and green track outfit traveled to Milan last Wednesday afternoon, April 14, and participated in a meet with Milan and Clinton. At the end of the meet, the score was as follows: Milan 20 2/3 points, Clinton 38, and Chelsea 34 1/3.

The Bulldogs' lone first came on Dave Knickerbocker's win in the 880, time 2:27. Second place points were won by Vogel in the 100-yard dash, Baldwin in the 220, and by the 880-yard relay quartet composed of Vogel, Bauer, Alpervitz and Baldwin. Vogel, in the 220 and Baldwin in the 100 and shot put events added third place points, while Bauer and Alpervitz tied for fourth in the 100 and Bauer copped fourth in the 220. Fifth place markers were added by Proctor in the mile, Meyers in the shot put and Bauer in the high jump.

Considering the fact that this was their first meet, and that they were no Chelsea men entered in the high or low hurdles, pole vault or medley relay, the Bulldogs did very well. Also, Milan took fourth place in the State meet last Saturday, so they are strong.

Tomorrow afternoon, Friday, April 23, the "hoineads" will meet Ypsilanti's Roosevelt High, winner of the State meet in the 220 and 880 last Saturday, and Saline in a three-way meet at Ypsilanti. Hopes aren't too high, but the spirit is fine and we all wish them the best of luck.

Dog Quarantine Is Imposed Following Death of Child

Beginning last Friday, April 16, a 90-day dog quarantine became effective throughout Washtenaw county on order of the State Department of Agriculture at the request of Dr. Otto K. Engelke, county health director.

The quarantine was requested as a means of preventing a possible spread of rabies in the county following the death from hydrophobia, Wednesday of a four-year-old East Ann Arbor child, after she was bitten about the face and head by a dog. The dead child, Carol Mannor, was the daughter of Mr. and Mrs. William J. Mannor.

It is expected that the Board of Supervisors will push passage of an ordinance requiring the vaccination of all dogs in the county before licenses may be obtained. Such a move has been discussed by the Board, and at the last regular meeting it was resolved to consider the matter of its passage if a state quarantine should be imposed.

A number of dogs in Chelsea are advised by village authorities that dogs running loose will be picked up. The quarantine order requires that all dogs must be confined or kept on a leash at all times for the duration of the quarantine.

Price, who attended the district meeting at McKenny Hall in Ypsilanti, Tuesday, gave a resume of the day's program and the lecture hour was closed with the song, "What a Wonderful World We Have in Jesus," following a little solo by George English which he learned and sang at a school program when he was a young boy.

IF QUOTA IS FILLED: Cancer Society Planning To Install Radium Equipment in Ypsi Hospital

"One of the hardest working dollars in America is the one donated to the American Cancer Society," Richard Eckhart, Washtenaw County Campaign manager, said today.

Because of the society's far reaching research program, we continue to benefit for many years from the dollars donated to the society, he said. Only through research and education can we slow the ruthless march of cancer as it sweeps the country bringing death to someone every three minutes.

If the Washtenaw County unit is successful in meeting its \$8,000 quota this month, it will probably be able to provide Beyer Hospital in Ypsilanti with radium so that this treatment is more accessible to the people of the county.

Beyer has the technical equipment and trained personnel qualified to administer radium, Mr. Eckhart pointed out. The cancer society has donated \$1,500 for the purchase of X-ray equipment and last year started the radium fund. About \$1,500 is needed to purchase a good supply.

Fifty per cent of the funds donated in Washtenaw County remain here to help our own people, Mr. Eckhart reminded. Funds are desperately needed to educate people to cancer signs, and help those who are financially unable to help themselves.

The other half of the dollar donated to the cancer drive goes to researchists who work tirelessly to discover the cause of cancer. "Give generously to the cancer drive, Mr. Eckhart is appealing. "You may save a life and that life may be your own."

SAVED BY MEDICAL AID: Pet Monkey Receives Extra Special Attention For 'Dreadful' Toothache

Mike, a pet monkey belonging to Earl Ge Bott, who brought him home with him when he returned from Army service in the Philippines more than two years ago, was the object of special attention from a veterinarian, two local dentists and a dentist from the U. of M. Orthodontic Clinic at Ann Arbor, a week ago Saturday, after it was discovered that a toothache was the cause of his apparent illness and alarming loss of weight.

Mr. Ge Bott, being very much attached to the monkey, his pet since a year before his return from the Philippines on Christmas Day, 1945, was worried over Mike's lack of interest in food and the resultant loss of weight. He took him to Dr. Parker Sharard, local veterinarian, who, although monkeys are not in his usual line of work, carefully examined the little fellow, but could find no evidence of disease. Quite by accident, Mr. Ge Bott discovered that the monkey's

Council Postpones Decision on Daylight Savings Time Change

At Monday night's meeting of the Village Council, the matter of changing to daylight saving time in Chelsea was discussed at length but no action was taken pending a decision to be made in Ann Arbor on May 3, as to whether that city should change. Because of the local factories working so closely with the Detroit plants it would seem advisable for Chelsea to be on the same time as Detroit. However, if Ann Arbor should decide to remain on the present time, confusion would result if Chelsea were on daylight-saving time, it was thought; hence the decision to await the Ann Arbor ruling before taking action here.

Rural Tele-news

LONG FURROWS: An improved type of telephone wire is used for rural service in certain areas where soil and weather conditions are favorable. It is plowed underground instead of strung on poles. Covering of synthetic rubber and steel mesh makes it stronger than underground wire previously used.

LESS PER LINE: We're building more rural lines and making good progress reducing the number of subscribers per line. Two years ago nearly half of our rural-line subscribers were on lines with more than eight parties. Today four out of five are on lines with eight or less!

BIGGER VALUE: Your telephone grows in value to you every day. That's because our construction program is constantly expanding the system... giving you more telephones you can call... making possible more telephone errands to save you time and money.

The meeting was held at the home of Mrs. Edwin Gaunt last Wednesday, and began with a very fine luncheon served at 12:30 o'clock by Mrs. Gaunt assisted by Mrs. Peter Boehm and Mrs. Harry Prudden.

During the afternoon business meeting and social hour the ladies served and prepared rags to be woven into rugs which will be sold to raise money for the Circle's special projects.

The afternoon group of the Circle is to be in charge of the meal at the annual Mother and Daughter banquet next month and plans for this were discussed.

The opening devotional service was in charge of Mrs. Leigh Beach, while Mrs. Lester Schultze presented the program topic and gave a very interesting talk on "Job."

PHILATHEA EVENING GROUP
The evening group of the Philathea Circle of the Methodist church met at the home of Mrs. O. W. Morrow, Wednesday, April 14, with twenty members attending.

The program was in charge of Mrs. Tom Smith, who was assisted by Mrs. Albert Johnson, Mrs. Jay Weinberg and Miss Mabel Fox in presenting readings from the magazine "World Outlook." Looked at and looked up to... When better automobiles are built BUICK will build them... This is the one, of course, that you spot at a glance. This is the one that sends a string of facts racing through your mind... Up to one hundred and fifty Fireball horsepower. Eighteen feet big - and spring-colt lively. Gorgeously finished. Coil-spring cradled on all four wheels. Shod with oversize tires that take extra low pressures for added comfort. Convenient too - with push-button controls not only for the top, but for door windows and the front-seat adjustment as well. This, too, is the only passenger car in this country where the power plant does what gears used to do. Here's the one place you'll find Dynaflo Drive,* in... BUICK alone has all these features: * DYNAFLOW DRIVE (Optional, Roadmaster Series) * TAPER-THRU STYLING (Super and Roadmaster) * RIGID TORQUE-TUBE * ROAD-RITE BALANCE * DUOMATIC SPARK ADVANCE * SAFETY-RIDE RIMS * QUADRIFLEX COIL SPRING * VIBRA-SHIELDED RIDE * FLEX-FIT OIL RINGS * HI-POISED FIREBALL POWER * SOUND-SORBER TOP LINING (Super and Roadmaster) * TEN SMART MODELS * BODY BY FISHER... What's Different About DYNAFLOW DRIVE? To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new torque-charging assembly (in head) which produces a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction. *Optional at extra cost on Roadmaster models only.

An interesting letter from Levi Palmer, in Bombay, India, has been received by his brother, Dr. G. W. Palmer.

George P. Staffan is having parlors for an undertaking establishment fitted up over the Rexall drug store on South Main street, in Ann Arbor. Mr. Staffan expects to open the place about May 1. His son, Frank Staffan, will be in charge of the office and will act as an assistant to his father in conducting the business.

The Chelsea Electric Light and Water Works commission has ordered new equipment to be installed at the local plant which will result in discontinuance of the steam engine and boilers here. Discontinuance of the steam power has also necessitated the purchase of a new electric siren to warn in case of fire, which will be erected on Sylvan Town Hall for fire alarm purposes. Dismantling and sale of present steam equipment will follow and within a year generation of power at the local plant will cease and "juice" from the Consumers Power company line will be purchased and retailed by the village.

Fire of unknown origin on Tuesday evening completely destroyed the Holmes and Walker ware-

house, the Alber Bros. warehouse, and a barn on the residence property of Dr. C. C. Lane, West Middle street. For a time the greater part of the business and residence section of the village was threatened with destruction when a driving wind carried flames and embers for a distance of nearly half a mile over the principal sections. Fear that local firemen would be unable to cope with the blaze led village officials to telephone Jackson and Ann Arbor for help. However, by the time of their arrival 30 minutes later, the blaze had been halted and was well under control. The Ann Arbor apparatus made the run in 17 minutes and the Jackson outfit in 29. The loss was estimated at from \$15,000 to \$20,000.

Forty years ago—Justice courts of Chelsea kept busy nearly every day with liquor suits.

Oscar Schneider took possession of the grocery business that he purchased of E. Kautlehner on Saturday morning of last week.

Saturday afternoon, April 18, at St. Paul's parsonage, Miss Mary Hawley of Sylvan and Elmer Klump of Sharon, were married Rev. A. A. Schoen officiated.

Miss Olive Belle Kaercher of Chelsea and Frank T. Maltby of Ann Arbor, were married Wednesday, April 22, 1914, at St. Paul's parsonage.

The Chelsea Band has received samples from a number of uniform houses and will probably come to a decision before many days and may possibly have them in time for Decoration Day.

Wm. Young, who is employed in the blacksmith shop of A. G. Faist, received a two-inch gash in his scalp Saturday, when a sledge hammer that Mr. Faist was using flew off the handle and landed on his head.

Those from around here serving on the jury for the May term are: Frank Nixon, Dexter; Jacob Bahnmiller, Lima; Charles H. Koebbe, Freedom; Hugh T. McKone, Lyndon; Adolph Alben, Sharon; John Wortley, Sylvan.

The residence of Mrs. Fred Sager, Sr., of Sylvan, was burned to the ground Sunday evening. Mrs. Sager occupied the house during the day but spent the nights at the home of Mr. and Mrs. Michael Mohrlock and had been away about an hour when the fire was discovered.

Elmer Koebbe, a motorcycle and a hog, had a mix-up that resulted in a fatality for the swine, a smashed motorcycle and an unconscious man, Mr. Koebbe and a companion were on their motorcycles and passing the home of Mrs. Kulenkamp they encountered

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking. "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel—over a friendly glass of beer. The missus agrees to give up back-seat driving and napping Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!
