

Grade PTA Asks Support for Milk Fund

Organizations, Clubs Will Be Asked to Help Needy Children

The Elementary PTA met in the Home Ec. room at the High school Wednesday evening, Nov. 17.

Mrs. Stanley Beal and Mrs. Lewis Bernath, delegates of the local PTA who attended the Parent Education Institute in Detroit recently, gave interesting reports of the activities there.

Another report given at the meeting was that of Miss Ida Brown, who said that the radio-phonograph purchased for the grade school by the PTA, had arrived and is now being enjoyed by the pupils in the elementary grades.

It was decided to send letters to the clubs and organizations of Chelsea asking their support in sponsoring a milk fund for a number of children in the school who are unable to pay their own.

The entertainment feature at this meeting was a vocal solo "Sylvia," by Robert Taylor, with Mary Lou Tobin as piano accompanist.

Refreshments were served at the close of the meeting by Mrs. Russell McLaughlin and Mrs. Ted Balmer.

The December meeting will be held the second Wednesday of the month, instead of the third, on Wednesday, the usual date.

An open house will be held in all the elementary grades so that parents may meet with the teachers in their classrooms.

Following the open house a short entertainment period will be held in the Home Ec. room and refreshments will be served.

A free press will continue to report honestly the news as it happens, and the American people will continue to arrive at majority decisions, right or wrong, through their own appraisals of the facts at hand.

A free press will continue to offer personal opinion, qualified and openly presented as editorial expression of the newspaper editor.

The reader has the right to agree or disagree. He may even write a letter for newspaper publication.

If there is any mandate in the 1948 election, in Michigan or otherwise, it is a mandate for the press to report truthfully, to interpret honestly, and to let the people choose their own path.

In the season's opener at Dexter the Bulldogs took advantage of two breaks to win their first one, 12-6.

Jewett School Holds Pioneer Party Thurs.

Family Heirlooms, Antiques Placed on Exhibit by Elders

Thursday evening, Nov. 18, 70 parents, relatives and friends of the pupils crowded the Jewett Stone schoolhouse for the "Pioneer Party," preparations for which had been in progress for many weeks.

This preparation work was correlated with the reading, history, English and art lessons of the pupils and resulted in several original plays: "The First Pioneer," with Ronald Satterthwaite as the father and Reuben Leaser, Jr., the son; "Lone Wolf's Apology to the Bear," by Herbert Erke; "Boastful Squaw's Regrets," with Nancy Van Ripper as the boastful squaw, Darrel Satterthwaite, as Brave Fox, her husband, and Loyd Graub and Ronald Satterthwaite, white men; and "One Was Smooth and the Other Jaggy," with Loyd Graub as Old Professor and Larry Chapman as Bobby. Other pupils of the school took the parts of squaw, little Indian boys, big chiefs and braves.

An old-fashioned spelling bee was also given by pupils of the school, with Nancy Van Ripper taking the part of Miss Bertha Spaulding, a former teacher, and calling on the other pupils by names of her old pupils, a number of whom were guests at the party.

Also present was Miss Spaulding, who gave a very interesting talk on her early experiences as a teacher at the school. Her brother, Warren, was one of her pupils, she related, and when she asked him to get his writing lesson for the day he did the whole book, thinking that would please his sister.

Schuyler Foster, a former mail carrier, gave an authentic story of mail-carrying from an early day to the present. A former teacher, he also told of some of his experiences as an early teacher in the county and being a "funder" of the pioneer Dewap family tract.

Fourth Lecture in Series To Be Given Monday Evening

George E. Carrothers, Director of the Bureau of Cooperation with Educational Institutions, University of Michigan, will address the lecture course members Monday, Nov. 29, in the fourth lecture in the series held at the Chelsea Public Library.

His topic will be "World Organization for World Peace." Dr. Carrothers was assistant superintendent of the Cleveland schools from 1919-23; Professor of Education in Miami and Ohio universities; and Dean of Rollins college for two years. After holding teaching positions in Ohio State university and Western Reserve university, Dr. Carrothers served on the staff of the School of Education at the University of Michigan, as well as being Director of the Bureau of the Division of University Inspection of Ohio Schools. This department is now known as the Bureau of Cooperation with Educational Institutions, of which he is director.

From 1909 to 1913 Dr. Carrothers served on the staff of Bureau of Education in the Philippines. During this time he traveled over a considerable portion of the islands and learned to speak the Visayan language.

The Real Thanksgiving

No human counsel hath devised, nor hath any mortal hand worked out these great things.

Lincoln's Proclamation The Great Emancipator on Thanksgiving

"THE YEAR that is drawing to its close has been filled with the blessings of fruitful fields and beautiful skies. To these blessings of nature, which are so constantly enjoyed that we are prone to forget the source from which they come, others have been added, which are, of an extraordinary nature that they cannot fail to penetrate and soften the hearts which are habitually insensible to the ever-watchful providence of Almighty God.

"Needful discussions of wealth and of strength from the fields of peaceful industry, to the national defense have not arrested the plow, the shuttle or the ship. Population has steadily increased, notwithstanding the waste that has been made in the camp, the siege, and the battlefield, and the country, rejoicing in the consciousness of augmented strength and vigor, is permitted to expect continuance of years with large increase of freedom."

Cage Squad Opens Season Wednesday

Wednesday, Nov. 24 (tonight), the Bulldogs open their 17-game 1948-49 cage season as they take the wraps off this year's quintet at Vandercook Lake High school.

Coach Magiera has a 10-man varsity squad assembled for this year, which is made up of letter-winners from last season. They are Stan Knickerbocker, guard; Bob Vogel, forward; and Dave Myers, center. The seven men elevated from last year's reserve team are Marty Tobin, Dave Crocker, George Heydlauff, Ted Slane, Don Schrader, Bob Toney and Corky Dreyer.

The reserves, under Coach Chas. Cameron, are long in numbers, but short in experience and overall size. The 14 men on the second team are Craig Nelson, Stan Walker, Sam Misalides, Johnny Popp, Duane Bott, Delois Bott, Dick Merkel, Don Pierson, Don O'Dell, Tom Ball, Arden Muebach, Dan Mareyev, Buddy Johnson and David Bertke.

Managers for both teams will be Gene and Darius Lake. This year's varsity is a young, inexperienced outfit and there are no seniors on the squad. There is more height than there has been for some years on a Chelsea cage outfit, and while the outlook for this season isn't too bright due to the inexperience, next year should be a banner year.

The new head coach, John Magiera, set quite a record for himself in basketball at Hillsdale college. He was picked on the All-MIAA teams for two years, 1942 and 1943, and was captain of the "Dales in the 1942-43 season, his senior year.

Let's back this year's outfit all the way—win, lose or draw. See you at game time tonight!

Mr. and Mrs. Alton Fletcher, of Stockbridge, visited Mrs. Anna Storms at her home here Sunday.

MSC Farm Economists Predict Good Year in 1949 for Livestock Raisers

Michigan livestock producers can look forward to 1949 as another good year. This word comes from Michigan State college farm economists who say that high personal incomes will probably keep meat and livestock prices strong.

They point out that at a time of high prices, short term operations are less likely to result in losses due to severe price declines. There is a caution, however. Seasonal prices for livestock are again approaching pre-war patterns, the economists believe.

Review Shows Football Year Is Successful

Next Year's Outlook Bright with only Four Graduating

Chelsea High school's 1948 football team, despite its over-all lightness and inexperience, came out at the end of the season with a 5-win, 4-loss record and with a fine outlook for next year, due to the fact that the squad will lose but four men by graduation.

Under new Head Coach John Magiera, the team had but nine lettermen from last year's fine team. They were Robert Barlow, Walter Bauer, David Knickerbocker, Stan Knickerbocker, Ted McCleary, David Myers, Kenneth Proctor, Robert Robbins, and Robert Steiner. From the squad were Oscar Barlow, David Berke, Oscar Bollinger, Bruce Byeratt, Ronnie Eder, Allan Erke, Duane Gentner, Jerry Herriek, George Heydlauff, Dave Hoffman, Lee Hoppe, Robert Joseph, Carl Koch, Dallas Lake, Gerald Lehman, Don McCleary, Dick Merkel, Sammy Misalides, Bill Moody, Arden Muebach, Craig Nelson, Norman O'Connor, James Palmer, William Parker, James Roberts, Donald Schrader, Ted Slane, Ray Steinbach, George Sweeney, Stanton Walker, David Yoell, Stan Toney, and Robert Taylor.

The varsity line-up during the most of the season had Ted McCleary, Bob Taylor or Bob Stofer, ends; Ronnie Eder and Oscar Barlow, tackles; Kenny Proctor and Bob Robbins, guards; Dave Myers, center; George Heydlauff, quarterback; Stan Knickerbocker, left half; Bob Vogel, right half; and Capt. Dave Knickerbocker, fullback. Bob Barlow, Don McCleary, Norman O'Connor and Ted Slane also saw a lot of action.

In the season's opener at Dexter the Bulldogs took advantage of two breaks to win their first one, 12-6. Robbins put Chelsea ahead in the second quarter, but Dexter came back strong after the break with Williams, fullback, racing 30 yards to score and tie it up. Both kids for the point after were blocked. Dave Knickerbocker set up the winning touchdown as he intercepted a Dexter pass on the Dexter 30. Stan Knickerbocker scored seconds later, but an attempted pass for the point after fell incomplete to leave the score 12-6.

Chelsea traveled to Romulus the following week and received a 21-0 lacing at the hands of the co-titlists for the 1948 season. The Bulldogs put up a great fight against their heavier, older and rough-and-tough opponent, but it was just too much—Willie Campbell, Eagles' fullback, who scored 14 of his team's 21 points. Robbins who alternated between guard and fullback during the season, was injured in this game but was ready to go again the following week against Rosevelt.

The Roughriders were no match for the improving Bulldogs, and went down to defeat, 15-0. The game was even more one-sided than the score indicates for Rosevelt made but one first down during the game. Stan Knickerbocker scored the first touchdown in the first quarter on a three-yard pass and Bobby Vogel raced 41 yards in the last period for the second score. George Heydlauff made good on one of his two attempted conversions. A safety supplied the other two points.

Milan came to town for the first home game of the year, and they shellacked the Bulldogs, 34-0, as they gained revenge for Chelsea's 1947 14-12 win at Milan. The Big Reds were bigger and more experienced than Chelsea, and were "up" for the game.

The Bulldogs traveled to Ann Arbor the next week and took it on the chin from a strong U. High club, 19-0. The Cubs scored in the first quarter, but from then until the last quarter the Bulldogs played them on even terms. U. High got two quick scores then to set it up.

Saline's Hornets came to Chelsea for the second home game of the year, and bowed to the Bulldogs, 7-0, in a hard-fought game. Chelsea took the opening kick-off straight downfield with Bobby Vogel scoring on a reverse from the 11. Heydlauff's kick was good, and that was the ball game, decided in the first four minutes of play. Chelsea was the first team all season to halt little Frank Randall, Hornet quarterback, one of the best broken field runners in the league.

Chelsea's football team and a lot of fog arrived in Dundee at about the same time on the following Friday night, but Chelsea hit their offensive peak of the season as they downed the Vikings, coached by "Chuck" Lane, former Chelsea star, 28-13. Dundee, supposedly the league doornut, surprised everyone by taking the kickoff and marching to a score. A Newman-to-Zionka pass covered the last 10 yards for the touchdown and Bernd's kick was good for a 7-0 lead. Chelsea took their kickoff and proceeded to do the same on Dundee, with Robinson punting the last yard for the score, and Heydlauff tying it up on a perfect placement, 7-7. Midway of the second quarter Chelsea got their second quarter Chalko got their

Because of the early publication of The Standard this week, it is possible to remind the people of the community of the Union Thanksgiving service to be held Wednesday evening, Nov. 24, at 7:30 p.m. at St. Paul's church.

A cordial invitation is extended to the people of the community to join in this year's Union Thanksgiving to the people of the community to giving service.

Pastors of the participating churches, as well as thoughtful members of their congregations have commented on the significance of the fact that so few people in comparison with the number of people in the community, attend these annual Thanksgiving services to publicly render thanks to a beneficent God, not only for the bounty of harvest time, but for the privilege of living in America, with all that that implies.

Military Rites Held Sunday Afternoon for Pfc. Earl Koch

Just six years and ten days from the day he left Chelsea to enter the service following his induction in the fall of 1942, Pfc. Earl Koch's body arrived in Chelsea, where on Sunday, final burial services took place.

A short prayer service was held at 2 o'clock at the Staffan Funeral Home where the body was taken upon arrival at the New York Central depot early Friday evening, and then the flag-draped casket was escorted to the cemetery by a uniformed marching detail of former servicemen of the community, representing the VFW and the American Legion Posts here.

Serving as pallbearers were former servicemen, Robert Foster, Frank Viskel, Paul Koch, Roland White, Junior Seitz, and Malcolm Novess.

Military services at the grave in Oak Grove cemetery were followed by taps, played by Paul J. Niehaus, and presentation of the flag which had covered the casket, to Christian Koch, the deceased soldier's father, by Richard Kern, commander of the Legion Post here.

Rev. P. H. Grabowski, pastor of St. Paul's Evangelical and Reformed church, of which Pfc. Koch was a member, officiated at the burial service.

Pfc. Koch died in Italy on Sept. 27, 1944, after suffering wounds in action near Florence, Italy, on Sept. 22. He had been overseas only about two months at the time of his death.

His aunt, Mrs. Albert Schiller, has composed an original poem in his memory, from which the following lines have been taken: He bravely fought and died for us, They say time heals all sorrow And helps us to forget; But time, so far, has only proved We've not forgotten, yet. God gave us strength to face our grief, Our prayers oft' brought comfort When courage faltered low; But what it meant to lose him No one will ever know. Peacefully sleeping, free from pain, In God's own time, we'll meet again.

Kiwanis Will Support School Milk Fund

At the business session of the Kiwanis club, held Monday night at the Municipal building, it was decided to make donations to the school milk fund and to the Salvation Army! also to pay the expenses of the Chelsea High school football team to attend the U. of M. football "bust" at Ann Arbor next week.

WESTERN WASHTENAW FARMERS' CLUB

The regular monthly meeting of the Western Washtenaw Farmers' club was held at the home of Mrs. Charles Clayton, Friday evening, Nov. 19, with 28 members and three guests present. Mrs. John Kilmer was co-hostess. After a most bountiful dinner served by the dinner committee, Mrs. Dorr Whitaker, Mrs. Alma Whitaker and Mrs. T. G. Riemen-schneider, a short business session was held and the balance of the evening was given over to a very interesting program consisting of testimonials of thankfulness by each member, followed by a quiz contest in charge of Mrs. Emerson Lesser.

For Johnny Go-Fast

Silver-jointed tricycles and little autos are among the new toys for 1948. Literally, the various parts of the frames are stuck together with silver. Silver brazing alloys have been called "hard solders." Melted at relatively low temperatures, they flow almost like water. Capillary action pulls the binding fluid in between the most closely matched surfaces and into the slightest cavity. And this kind of solder is so strong that a film of a thousandth of an inch or less is enough to bind joints which have a strength second only to welding.

Army Takes on 'New Look' Change Enlisted Titles, Insignia

There's been a "new look" added to Army enlisted men's grade titles and insignia of grade. New titles and new stripes are the order of the day. No longer will men enlisting or being inducted into the Army be known as Privates—they are all called Recruits now. This is just one of the many changes. Master Sergeants and First Sergeants will both continue to carry the same titles. The new change, however, is apparent from there on, though. Former Technical Sergeants become Sergeants, First Class. The old grade of Staff Sergeant will, in the future, have the title of Sergeant. Former Sergeants become Corporals, and Corporals become Privates, First Class. Men who used to be designated as Privates, First Class, are now designated as Privates. Men formerly referred to as Privates become Recruits.

The chevrons are smaller, only two inches in width. There will be two types of chevrons, or insignia of grades. One, to distinguish combat personnel, will be of gold color background with dark blue stripes and arcs. The other, to signify noncombatant personnel, will be just the opposite; dark blue background with gold color stripes and arcs.

To further distinguish those enlisted personnel who must exercise combat command as combat leaders, a new insignia is authorized for wear by men of the first four grades. This insignia will be a green cloth tab, 1 1/2 inches wide, worn in the middle of both shoulder straps.

Members of the Army Recruiting Service in the Michigan Recruiting district are donning the new stripes as supplies become available.

second score on a 17-yard run by Stan Knickerbocker. Heydlauff's kick was good, and Chelsea led, 14-7. Later in the same period Vogel raced 75 yards for the third score, and after Heydlauff's third successful placement, the Bulldogs led 21-7. Just before the half Dundee went 51 yards on three passes to score their last marker for the night. The Newman-Zieske combination covered the final four yards, but the kick for the point after was bad and the score read 20-13. Chelsea scored the last one just before the end of the game on an 8-yard run by Stan Knickerbocker. Heydlauff converted his fourth straight to end the scoring, 28-13.

Flat Rock, defending 1947 champions and co-champions with Romulus this year, provided the next home game opponent and were very lucky to win in the mud and rain, 7-0. Chelsea outplayed the Rams all the way, but a late accepted pass set up the score with only two minutes of the game remaining. Chelsea played their best game of the year, and at best deserved a scoreless tie. It was a tough one to lose.

In the season's finale, the traditional game with Manchester, Chelsea cut loose with their best running attack of the year as they downed the Flying Dutchmen, 20-13. It was the seventh straight win over Manchester. Dave Knickerbocker, captain-elect, this year ended his career by scoring two touchdowns on runs of two yards and one yard in the first and last quarters, respectively. Bobby Vogel raced 22 yards for a touchdown in between Dave's. Manchester's two scores came on the passing of Cannon, Dutchman quarterback. The first one on a 12-yard pass to Lentz, and the second on a 50-yard pass to Krzyzaniak. Heydlauff converted two out of three attempts and Cannon passed for the Manchester conversions, completing one out of two.

Chelsea loses only four men from this year's squad and hopes are high for 1949. Those lost this year are Ted McClellan, Bob Taylor, Bob Barlow, and Capt. Dave Knickerbocker, this year's able leader.

Snake River Canyon Oregon's Grand Canyon of the Snake River, forming the boundary between Idaho and Oregon, is 1000 feet deeper than the Grand Canyon of the Colorado in the center of a great wilderness, accessible only by trail from the Oregon side and by boat from Lewiston on the Idaho side. A lodge near the canyon mouth is at the end of the longest river mail route in the nation.

PERSONAL NOTES

Mrs. Bernice Palmer, of Winona, Minn., spent Saturday evening with her cousins, Mr. and Mrs. Vearl Whipple.

Mrs. Bertha Swartzfager, of Milwaukee, Wis., spent Friday here with Miss Lillian Foster and Mrs. Gertrude Hammond.

Mr. and Mrs. Amos Binder and daughter Carol, of Wayne, and Mr. and Mrs. Wilbur Klingler and family were Sunday dinner guests at the home of Mr. and Mrs. Elmer Lindemann.

Those from Chelsea who attended the "Pioneer Party" at Lewistown school last Thursday evening were Mrs. George Satterthwaite, Mrs. Luella Whipple-Schuyler Foster and Vearl Whipple.

Mr. and Mrs. Claude Biles are planning to entertain Mr. and Mrs. Pat Hassler, with two friends of theirs, all of East Lansing, and Mr. and Mrs. E. J. Bahnmler of Chelsea, at dinner at their home on Thanksgiving Day.

Fears of Bear in Jackson Area Said To Be Unfounded

Lansing—Although bears are seldom found in southern Michigan numerous complaints that animals are lurking in the Jackson area have been investigated by the conservation department. In every case investigators have found nothing to lend credence to these claims.

Of 30 reports from persons in the area, 20 have been investigated by Derrell Kniss, trapper-instructor for the Jackson district.

Kniss reports that none of the usual "tell-tale" signs of bear, such as large tracks, droppings, broken fruit tree limbs and pawed stumps and logs, were found.

Some of the complaints investigated by Kniss and other conservation field men were that, in addition to menacing children, bear were damaging poultry and livestock. Substance of many of these reports, Kniss claimed, was that complainants thought they had seen big black animals at night.

Tracks that were found usually turned out to be those of dogs or raccoons.

Since the tragedy at Brimley in the upper peninsula people are becoming bear-conscious and are seeing animals that don't exist, according to D. F. Switzenberg, investigator for the department's game division.

Notwithstanding the fact that bear are seldom found south of the Bay City-Ludington line the department investigates all complaints. Persons can help the department by being more careful in reporting that they have seen bear unless they also have seen some of the "tell-tale" signs.

Miss Jean Phelps of Royal Oak spent the week-end here with Mrs. N. E. Phelps and children.

Sunday afternoon visitors at the home of Mr. and Mrs. Wilbert C. Miller, of Grass-Lake.

Mr. and Mrs. J. B. Dalton, of Danville, are planning to spend Thanksgiving with Mrs. Dalton's parents, Mr. and Mrs. Fred Sager, at their home here.

Mr. and Mrs. E. C. Burns and Mr. and Mrs. Armin Schneider were in Columbus, Ohio, from Friday until Sunday, and on Saturday attended the Ohio State-Michigan football game.

Mr. and Mrs. John Eder and Mrs. August Dorer have returned from a hunting trip to Gaylord, Mich. Mrs. Dorer's son Robert, who was accompanied on a trip north by Andy Policht and Ted Combs, has also returned after bagging a four-point deer and a fox. Andy Policht also brought back a deer.

RETURNS TO NEW YORK

Mrs. Rudolph Hetzog, of Syracuse, N. Y., who had spent a little more than two weeks here at the home of her sister and brother-in-law, Mr. and Mrs. Fred Notten, left for Buffalo on Monday. She plans to spend a few days there with her daughter, Mrs. P. M. Taylor, before returning to Syracuse.

Mrs. Herzog was accompanied to Ann Arbor where she boarded the train, by Mr. and Mrs. Notten, Miss Ricka Kalmbach and Mrs. Lloyd Heydlauff.

During her visit here Mrs. Herzog has called on many relatives and old friends. On Sunday she and Miss Kalmbach and the Nottens were dinner guests at the home of Mr. and Mrs. Lawrence Brimenschneider.

Sunday they accompanied Mr. and Mrs. Lloyd Heydlauff to Marshall for dinner and then called on Dr. Henry Herzer, of Albion, a former resident of this vicinity. Sunday evening visitors who came to see Mrs. Herzog again before she left and spent a pleasant evening together, were Mr. and Mrs. Carl Rutan of Jackson, Mrs. John Kalmbach, and Mr. and Mrs. Lloyd Heydlauff.

VFW SOCIAL MEETING Games were enjoyed at the regular social meeting of the VFW Auxiliary, held Monday evening, Nov. 22, at St. Mary's hall. Mrs. Clara Hutzel received the door prize.

Refreshments were served by the committee, with Mrs. Joseph Merkel, Sr., as chairman.

STOLEN CANDLES RECOVERED NEAR DEXTER Dexter—Seven silver candles which were stolen from St. Joseph's Catholic church several months ago by thieves who broke in during the night, were recovered this week.

While working at the railroad siding, Ray Daniels found them partly buried near the tracks. Some were so shallowly buried that part of them stuck out into sight. Others were buried deeper and were recovered by digging—The Dexter Leader.

Club and Social Activities

WRC PAST PRESIDENTS

The Past Presidents club of the WRC met Thursday evening, Nov. 18, at the home of Mrs. Harold Bair. In addition to the regular members, there was a guest present.

After a short business meeting refreshments were served, the table decorations carrying out the Thanksgiving Day theme.

Cards were the evening's diversion, with prizes being won by Mrs. W. G. Frige and Mrs. E. Walker. Mrs. Lyle Christwell received the door prize.

The next meeting will be the Christmas party which will begin with a pot-luck evening dinner. The date and place of the meeting will be announced later.

BIRTHDAY SURPRISE

Walter Trinkle was pleasantly surprised Saturday evening when 36 relatives and friends came in to help him celebrate his birthday.

The party was arranged by Mrs. Trinkle and the Trinkles' daughter, Mrs. W. B. Zogelman. Their other daughter, Mrs. Elvill Montgomery, and her husband and children, of Jackson, could not be present because they are spending the winter in Truman, Arkansas, with Mr. Montgomery's parents, Mr. and Mrs. W. I. Montgomery.

The evening was spent playing cards and then a buffet lunch was served with two birthday cakes centering the table. One of the cakes was baked by Mrs. Trinkle and the other by Mrs. Reuben Grieb.

Mr. Trinkle received many nice birthday gifts as remembrances from those present.

BRIDGE LUNCHEON

Mrs. George P. Staffan, Mrs. Frederick Wagner and Mrs. George L. Staffan gave a one o'clock luncheon at the home of the latter Saturday afternoon, Nov. 20.

Ter tables of bridge were in place during the afternoon and prizes were awarded to Mrs. Deane Rogers, Mrs. J. E. McKune, Mrs. Robert Howe, Mrs. Irvin Klumpp, and Mrs. Gerald Luick.

'LUCKY SEVEN' SEWING CLUB

The "Lucky Seven" Sewing club held its regular meeting at the home of Mrs. James Dann Friday evening, Nov. 19, at which time Mrs. Dann's birthday was celebrated and she showed the gift she had received from her "mystery sister," the gift being a lovely set of salt and pepper shakers.

One member of the club was absent. Dainty refreshments were served at the close of the evening.

SOUTH SYLVAN EXT. GROUP

A special meeting of the South Sylvan Extension Group was held Thursday, Nov. 18, the meeting being called to order at 10 a.m. by the chairman, Mrs. Leon Chapman, at whose home the gathering took place.

The lesson on "Costume Jewels" was given by Mrs. William Reule, all members making pins and earrings. All were much surprised and pleased with the finished product and reported as their opinion that the lesson was a very worthwhile one.

A bountiful pot-luck dinner was enjoyed by everyone present (even those on a diet, it was stated). The business of the day was transacted at the after-dinner meeting. There were 21 members and four guests present, including Mrs. Anna Brown, the County Extension agent, who gave a talk on 4-H club work.

After the business meeting some of the members left to attend the cooking school in Chelsea, three of these, Mrs. Howard Bergman, Mrs. William Reule and Mrs. George Erke, reporting later that they had received prizes of biscuit and pie crust mixes.

The next meeting will be the Christmas party on Dec. 9, to be held at the home of Mrs. George Erke.

MARKS 88th BIRTHDAY

Mrs. Charles Messers entertained at an open house at her home from four until six o'clock Sunday afternoon for the pleasure of her mother, Mrs. Lizetta Widmayer, whose 88th birthday occurred on Friday, Nov. 19.

The 30 guests present included her grandchildren from Dexter, Ann Arbor, and Detroit, and her neighbors and a few friends.

On Friday, Mrs. Widmayer was a dinner guest at the home of her daughter, Mrs. John Metzger, in celebration of her birthday.

N. LAKE EXTENSION GROUP

The North Lake Extension club held an all-day meeting at the home of Mrs. Leo Heatley, on Tuesday, Nov. 16.

The meeting was on "Cooking and Serving Frozen Foods" was given by the leaders, Mrs. Homer Stofor and Mrs. Geo. Kuznalski, and the dinner was enjoyed by all.

In the afternoon the identity of member's mystery sisters was revealed and new names were drawn for the coming year.

The next meeting will be held at the home of Mrs. Junior Colby, Dec. 14.

BIRTHDAY CELEBRATED

Richard Steele, who was three years old Tuesday, Nov. 30, was guest of honor at a birthday party given Sunday at the home of Mr. and Mrs. Herman Weber, in Ann Arbor.

A white and pink birthday cake featured the party dinner which was attended by the honor guest's parents, Mr. and Mrs. Joseph Steele, his brother, his grandparents, Mrs. Bertilla Forner and Mr. and Mrs. George Steele, his aunts, Agnes Forner and Rosemary Steele, all of Chelsea and vicinity, and Keith Boylan, of Ann Arbor.

CHELSEA-DETROIT CLUB

The Chelsea-Detroit club was delightfully entertained on Thursday, Nov. 18, at the home of Mrs. Clarence DesJardins, the former Calla Ryan, at 14460 St. Mary's avenue, Detroit. The afternoon was spent playing cards, followed by a pot-luck supper at 6:30 p.m.

Those attending from Detroit were Mrs. Agnes Fry, Mrs. Mary Steele, Mrs. Margaret Nitoski, Mrs. Theresa McCarthy, Mrs. Mary Taylor, Mrs. Gertrude Brennan, Mrs. Cecelia Koebbe, Mrs. Mary Cassidy, Mrs. Jean Desert, Mrs. Josephine Newton, and the Misses Mayme Corey, Helen and Evelyn Miller, Kate Sibley, Nancy Ann Newgreens, Inleen Shanahan, and Nina Greening.

Those from Chelsea attending were Mrs. Frances Alber, Mrs. Barbara Youngs, Mrs. Fern Alber, Mrs. Mary Burg, Mrs. Loretta Doll, Mrs. Florence O'Hara, Mrs. Josephine Roy and Miss Barbara O'Hara.

The party was a farewell for Miss Nina Greening, who is leaving to spend the winter in Florida. The next party will be a Christmas party to be held at the Burg residence on Wilkinson street, Sunday, Dec. 12.

CORRECTION

Because of an error in the report given The Standard, it was incorrectly stated in last week's issue of the paper that Mrs. Veard Whipple had been elected secretary and treasurer of the Chat 'N' Seat. Mrs. Elton K. Musbach is the member elected to that office.

Miss Joan Pierce Weds E. W. Kipfmiller in Candlelight Service

At St. Paul's Evangelical and Reformed church here, Miss Joan Pierce, daughter of Mr. and Mrs. Elmer Pierce, became the bride of Edward W. Kipfmiller, of Ann Arbor, son of Mr. and Mrs. Edward J. Kipfmiller, of Fifth street, Ann Arbor, in a candlelight, double-ring ceremony performed by Rev. P. H. Grabowski at 7:00 o'clock Saturday evening.

Tall, seven-branched candelabras with large bouquets of white chrysanthemums placed before them made a lovely setting for the bride party.

Before the ceremony Miss Mary Jane Eder sang "I Love You Truly" and "O Promise Me" accompanied on the organ by Mrs. Carl Mayer. Mrs. Mayer also played the "Wedding March" from Lohengrin's "Bridal Chorus" as members of the bride party entered and took their places before the altar.

The bride, given in marriage by her father, was gowned in candlelight satin fashioned with a basque-effect bodice finished with bead and pearl edging. The neckline was sweetheart style. A cathedral-length train extended from the full skirt. Her fingertip veil, trimmed with tiny satin bows, was held in place with a tizra of satin and illusion finished at either side with clusters of orange blossoms. She carried a white prayer book, topped with a white orchid which she later wore as a corsage with her traveling outfit which included a plaid-wool dress in light blue and wine shades, a black coat and black accessories. For the wedding the orchid was finished with streamers of white-satin-ribbon with sprigs of ivy knotted into them at intervals.

Mrs. Kenneth W. Hammond, of Kingsley street, Ann Arbor, was the brides' only attendant. She is the bridegroom's sister. Her floor-length gown of pale pink featured a jewel neckline and cascade sleeves. She carried a bouquet of baby blue 'mums.

Herbert J. Kipfmiller, of Wright street, Ann Arbor, a cousin of the bridegroom, was best man, while John E. Enkemann, of Liberty street, Ann Arbor, and Clarence E. Zahn, of Kappeler street, Ann Arbor, and two cousins of the bride, Harold S. Hanselman, of Chelsea, and Robert N. Pierce, of Grass Lake, were the ushers.

Following the ceremony, a reception for the two hundred guests was held in the church hall. Assisting with the guest book was an aunt of the bride, Miss Una Wenk; two other aunts of the bride, Mrs. Lorenz Wenk and Mrs. Roland Wenk, poured while a fourth aunt, Mrs. Emanuel Eisemann, cut the cake after the bride had cut the first piece.

For her daughter's wedding Mrs. Pierce wore a navy blue two-piece dress with winter-white accessories. The bridegroom's mother wore a black wool suit with matching accessories and both wore corsages of white 'mums.

Out-of-town guests were from Bay City, Saginaw, Kalamazoo, Detroit, Dexter, Ann Arbor, Ypsilanti, Jackson and Grass Lake.

The bride, who is employed as a bookkeeper at Baker Super Market in Ann Arbor, is a 1945 graduate of Chelsea High school. Mr. Kipfmiller, a 1945 graduate of Ann Arbor High school, is employed as assistant produce manager at the A & P Super Market in Ann Arbor.

Upon their return from a two-weeks honeymoon, which they are spending in Chicago and Florida, Mr. and Mrs. Kipfmiller will be at home, after Dec. 6, on Jackson road, Chelsea.

HONORED AT SHOWER
Mrs. Alvin Schiller was the guest of honor at a shower given at the home of Mrs. David Winans Thursday evening. Cards were enjoyed during the evening, the winners presenting their prizes to Mrs. Schiller for her baby daughter, Patricia Faye.

Mrs. Schiller was also presented with a bathinette as a gift from the ten guests present. Refreshments concluded a very enjoyable evening.

Mr. and Mrs. Donald Barden of South Haven, came Thursday to visit the latter's mother, Mrs. F. E. Storms, who is seriously ill at her home here. Mrs. Barden remained until Sunday.

SHOWER
Mrs. Grover Douglas and Mrs. Fred Seeley, Jr., entertained 14 neighbors at the home of Mrs. Seeley Friday evening, for the pleasure of Mrs. Paul Guepther. Games were played and a number of prizes awarded, the winners presenting them to the guest of honor.

Gifts for Mrs. Guepther were piled on a table centered with a large stork.

The hostess served dainty refreshments after the gifts had been opened and admired.

SENIOR SCOUTS

The meeting was called to order by the president, Bee Fowler. The minutes of the last meeting were given. The treasurer's report was given and accepted.

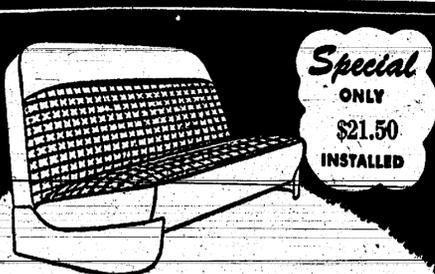

We decided to go caroling Dec. 20. We are going to have a pot-luck supper and play Dec. 23, for Christmas. We got our favors for the Methodist Home-Ashed-Scribe, Shirley Pierce.

As cold weather approaches our G.E. Humidified Forced Air System, which furnishes a wealth of ideally tempered warmth, together with the facilities of our funeral home and ease of access to it, makes it a haven of rest and comfort to the living while providing quiet repose for the deceased.

"I've owned my Maytag for 20 years." ...and Maytags cost less than you'd expect! HAS THE FINE REPUTATION of Maytag washers led you to think they must be high priced? Then you'll be delighted to find that they're not. They're actually priced as low as \$124.95—little more than you'd pay for the very lowest-priced washer you could buy! That's because The Maytag Company makes so many washers that it has been able to keep prices low. Well over five million Maytags have been sold—far more than any other make. And you can pay for your Maytag easily, in low monthly installments, while you enjoy all its wonderful advantages. You'll like the way it gets your clothes so sparkling clean—almost unbelievably fast—with its famous Gyafoam action. And the way clothes dry so quickly, too, because so much water is taken out by the exclusive Maytag Roller Water Remover. Yes, and the dependability... the complete, all-round satisfaction, on which the Maytag reputation is built. Your Maytag dealer will give you a liberal trade-in allowance on your present washer. Wish...

May we have peace, but with honor and with liberty; may we never seek war; yet may we never surrender the American way of life; may we never give up the right as Americans to think, talk, and worship, each according to his own way; yet may we be always united, a nation indivisible, in the common defense; may we enjoy the richness of our land, yet be willing to endure the hardships of free men determined to keep a democratic country.

SHORT STORY

Red Paint

By KATELEEN GILCHRIST

"The blazing sun shocked the air into rippling waves of heat that emphasized the starkness of Ed Higgins' bare barns. In contrast to the unpainted barns was the little bungalow, with its bright green paint and white trimmings.

3-Minute Fiction

"I can't understand his giving in so easy." There was more disappointment than sorrow in Marty's voice. "Stubborn old fool, he gave me enough trouble any time I wanted him to do anything, goodness knows, and now to let pneumonia down him without a fight!"

Painted buildings on a prairie farm. "What's the matter with 'em the way they are?" Ed scoffed. "You don't hear my cattle wantin' new barns with paint on 'em, do you, and they seem to manage."

"But I'm not one of your cattle Ed, and I want a decent home with paint on it, even if they don't, Marty had replied with aggravating sweetness. "If you want to live with them, go ahead, but I'm having my home the way I want it."

"Just naturally contrary. If I didn't want you to paint them, you would. You'd think that we were paupers instead of successful farmers." Marty often repeated in exasperation as one unpainted structure after another was raised to house Ed's increasing cattle.

"Wonder what Ed would say if we painted them pink, Rusty?" The twinkle shined through the weariness in Marty's eyes suddenly sparked. She crossed to the bedroom door.

"How're you feeling, Ed?" There was a challenging note but Ed, listless on the pillow, did not notice. "All right, I guess."

"Ed," she said, "I've decided that since you're so set on dying, I may as well begin managing the farm my way now as later."

"Yes, Ed, and the first thing I'm going to do is paint those barns bright red. I've stood them for twenty years for your sake, but if I've to carry on alone I'm going to do it my way."

"Over my dead body! Whatever gave you the idea that I'd leave you to run the place to suit yourself? Red paint, on my barns?" Ed lay back, sunken eyes flashing.

FOR THE BOOK ROOM

GAS has got it! No matter what gas range you choose, you need no special utensils. Any pan fits any burner. And your choice of cooking speeds is unlimited. Turn the gas up or down to any speed you want from a tiny "keep warm" flame all the way up to the giant flame that will boil water in no time at all.

Choose a gas range to suit your needs. How many top burners do you want and how do you want them located? In gas ranges you have a choice of many arrangements, some of which are shown here.

The new CP automatic gas range gives you more cooking service and convenience than any other type of range. It is faster because the clean blue gas flame responds instantly. No waiting, no slow warming up. For less time in the kitchen, replace your pre-war stove with a CP gas range that automatically cooks an entire oven dinner while you are away.

EXTRA (?) CURRICULAR ACTIVITIES

Student participation in outside-of-school activities is one of the things that makes going to school a lot of fun. Classroom and study are primarily individual activities and do not give much opportunity to acquire that other phase of education; namely, getting to know and appreciate people.

All of us know or can remember thinking to himself that he didn't care too much for a certain person, admitting at the same time that he really didn't know him very well. How many people have you learned to know and like after working with them on a committee or in a club? A group of people working on something they enjoy learn to know each other well. One learns to accept the feelings of the majority and follow them even if they are different from his own. One thing about a school club that makes it so different from other activities is that no matter whether it is the football team, senior class play, or bowling, you do not need to be skilled. All that is necessary is the interest.

A person who is interested in things is an interesting person. When you join a group in an after-school club it is because you are interested in it and not because you are skillful at it. In the case of sports, no one can be perfect the first time, it takes practice for everyone. Some say they don't join because they don't know what they are supposed to do. Neither do the others till they began. Let's push our extra-curricular activities. Use them for all they are worth. Join in on the fun; get to know the people around you and they will get to know you. It's not only a social education, it's fun!

SCHOOL DESKS ARE NOT SCRATCH PAPER

"Kilroy Was Here," "John Loves Ermatrude," "Class of '51, I hope," and various pictures are among the cute little expressions to be found on the study hall desks. Some brilliant characters have taken it upon themselves to display their artistic talents in this way.

Do these so-called artists draw on paper or on the blackboard? Oh, no, nothing so ordinary as that! They have to be original and hack away at the desks. Certainly these individuals can afford to buy paper. If they don't have enough work to keep them busy, the teachers would be glad to give them some extra assignments. If these people have ever tried to write a theme or do any kind of work on some of those desks, they would never draw on another desk again. The odd circumstance in connection with the extra-curricular artists is that they are usually sadly behind in their own classwork. Please don't destroy property by writing and carving on these desks.

New Insect Identified
A new insect which attacks about 20 California crops, flowers and wild plants has been found, but is not expected to become a serious menace. It is the omnivorous leaf miner. This pest, long known in Europe, was first discovered in California on flax early in May, 1948. It has been found nowhere else as yet, and has been found only on flax. It was identified by Dr. W. W. Middlekauff, University of California college of agriculture entomologist.

Sophomore initiation party and the Sponge dances were submitted and approved. The deadline for the donations for the assembly, which featured a concert singer, was set at Wednesday.

The Student Council is going to try a new method of electing their representatives, and they are also going to try to make new students feel at home.

JOURNALISM

The Journalism club has been trying something new to improve its feature writing. They have established a student opinion poll. Each week posters are put up asking the students their opinions on different things. "Would you be interested in a 'teen canteen,'" and "Should there be a new look for boys?" are two of the recent questions asked. They have received some very good suggestions and also some rather humorous answers to these questions. The Journalism club requests that all the students cooperate by answering these questions each week, (sensibly?).

RED CROSS

A story entitled "Death" The story begins as four joyful youths, on a busy highway, are headed for a good time on a typical summer day. The boy at the wheel begins passing and cutting in and out between the other cars. The car goes flying along—50, 60, 80 miles an hour. Suddenly the boy is crossing the wrong lane; another car is coming at him. He swerves into a ditch and into a telephone pole. Cars draw quickly to a stop. People eager to help dash to the car.

"Which youth should be attended first? How badly are they hurt? Only a person who has had some training in a Red Cross course or

who is a doctor, would be able to answer these questions. The scene now changes to a hospital. Yes, the four occupants of the car are alive. They can look forward to anywhere from a few weeks in the hospital to a life time of being permanently crippled. NOW, there is all the time in the world, to lie and think.—If only? Speeding and careless driving are only two of the many things which cause accidents. If every person who drives a car or who walks would know and apply courtesy rules of the highway, many accidents could be prevented.

The members of Red Cross have made two posters; one dealing with auto accidents; the other dealing with accidents in the home. Both posters show the causes and the prevention of the many accidents which occur in everyday life. These posters are on display in the Chelsea Hardware company this week.

Television on the Farm

Buck Child's home has become mighty popular ever since he got that television set...

Not only do the kids stay home nights, but the neighbors drop in to see whatever's being telecast...

While I guess everyone admits that television still has far to go, it's not hard to see that it will some day be as much a part of American home and farm life as the temperate glass of beer that goes with it.

day be as much a part of American home and farm life as the temperate glass of beer that goes with it. And from where I sit, anything that adds to gracious living in America—brings folks together for temperate, quiet entertainment—is a boon to this home-loving land of ours.

Margaret's opinion is "I think students appreciate their spending money more if they earn it for themselves."

During High school Margaret has been active in band, chorus and GAA which she has enjoyed very much.

Margaret was in last year's class play, and also in this year's play.

SENIOR DOINGS The following committees are the ones that will make possible the presentation of the Senior play, "Strictly Formal," general chairman, Deloris Eisenmann...

Grade News... KINDERGARTEN - Attractive Indian hats and drums have been made by members of the kindergarten.

SECOND GRADE - The second graders have been making a table scene of Pilgrims and Indians for Thanksgiving.

SIXTH GRADE - One of the sixth grade pupils, Martha Howard, has moved to Munith.

SEVENTH GRADE - Art class is making some very attractive pictures showing a donkey and house against a background of mountains.

EIGHTH GRADE - In the activity period football game, the Seventh grade were the victors over the Eighth grade, 12 to 6.

OPINION POLL The opinions certainly have been in on the census as to whether or not the boys should have a "new look."

The consensus of opinion is that there should be a "new look" for boys. Of course, they might go to extremes, but that may be somewhat better than their present manner of dressing.

Not only is their manner of dressing lousy, but also their manner of acting. They walk as if exhausted and sit down with a bang.

The noon hour dancing Thursday, the boys began to remodel. They got the flashy idea of rolling up their pant cuffs.

Of course, as always, there are two sides to any question. The boys strike back with, "Well, I don't think the girls have much room to talk."

HAG DANCE - The GAA presented the annual dance on Nov. 19, which brings Sponge Week to its official end.

The girls went all-out on decorations, food and entertainment. The gym was gaily decorated with many pink and blue (little boys' and girls' colors) streamers, and written in large letters on the stage curtain, "Hag Dances."

Early in the evening, some of the girls (also one boy) presented a very clever skit showing what the girls had to go through to get a date for the dance.

After the entertainment, everyone enjoyed themselves dancing, especially the girls. All the boys were given a gay whirl, for the girls were really going all-out to take advantage of the situation.

After a while milk and cookies were served, but everyone soon went back to dancing. The dance was supposedly dress-up, but few came that way.

Well girls, your chances for this school year are over. Did you make the best of them? If not, you'll just have to wait until next year.

"Overwashing" Clothes Avoid "over-washing" clothes. Running the washing machine too long adds unnecessary wear to the clothes, wastes electricity, and may even drive soil into the clothes if the water is very soiled.

Dr. E. A. Celler of the University Extension Division will address the Chelsea PPA at its first meeting of the year in the High school auditorium Tuesday evening, Nov. 18.

Mrs. Mary Francis Van Tynne, wife of Abner A. Van Tynne, and the only child of Mrs. Hannah Winans with whom she came to Chelsea in 1882, died at her home on South Main street on Monday.

Mrs. Van Tynne was born at Tom's River, N. J.; Nov. 4, 1848.

Two owls, captured by Walter and Elmer Haab, are on display in the window of Klingler's meat market.

One of the owls was caught in a trap set for hawks, and after it was put in its mate appeared right to feed it.

A second trap was set and the mate was caught.

The first PTA meeting of District No. 10, fr. Sylvan and Lima, was held Friday evening at the home of Mr. and Mrs. Henry Ortobring.

The program included recitations by Arlene Satterthwaite and Gertrude Jensen, music by the Stone Academy orchestra and Boulder quartet, and a talk by Mrs. Florence Howlett on her recent trip to Europe.

Taxes in all but two school districts in Sylvan township will be lower this year, according to a compilation of the rates just given out by Supervisor George M. Beck.

The two districts in which taxes will be higher are No. 3, fr. (Chelsea) and No. 4, Sylvan Center. Rates per thousand dollars valuation in these two districts will be \$21.75 and \$17.08 respectively.

John Thelen, section hand, and Fred Willy, section foreman for the Michigan Central railroad, were instantly killed shortly before noon last Thursday when they stepped from the path of one passenger train directly in front of another going in the opposite direction.

The accident occurred just west of the Hoppe road crossing where the section crew was at work burning grass along the right-of-way.

Prices listed in the market quotations of forty years ago (1874) are as follows: wheat, \$1.04; oats, 95c; corn, 45c; apples, \$1.50 per barrel; live hogs, \$8.00 to \$8.50; poultry, 8c; butter, 28c; lard, 14c; eggs, 18c.

During the week of November 16-22 Michigan is to be favored with 100 Prohibition rallies. Chelsea has been selected as one of the strategic points included in the itinerary and a meeting will be held in the Methodist church Monday evening, Nov. 16.

Next Sunday, Father W. P. Considine will celebrate his 29th anniversary as pastor of Our Lady of the Sacred Heart parish here. The splendid school building on the corner of Congdon and Summit streets is the results of his earnest efforts during the past eight years.

Miss Celia M. Heim and Elmer Koebbe were married Tuesday morning, Nov. 10, 1914, in Our Lady of the Sacred Heart church by Father Considine. Their attendants were Loreta Heim, sister of the bride, and James Heim, her cousin.

Mrs. Mary Becker of Jackson, a former resident of Chelsea, who will be remembered as Mrs. E. Dancer, attended morning services at the Church of Our Lady of the Sacred Heart on Sunday and spent the day here with Mrs. and Mrs. Lewis Emmer. This was Mrs. Becker's first visit to Chelsea in 32 years and the many changes during that time were quite a surprise to her.

The fire alarm this morning was caused by a blaze at the Wilkinson barn, in the rear of the Palmer garage. It was caused from throwing hot ashes on some oily waste.

Leigh Palmer subdued the blaze with a fire extinguisher from his garage. This barn was the first building built and occupied for a dwelling in Chelsea, having been built in 1850 by John C. Winans who lived in it while building his house, the first dwelling house to be built in Chelsea village, although Elisha Congdon's farm house and buildings were already here.

U-M's Survey Expert Cites Poll Mistakes

Ann Arbor—It was the failure of the commercial poll takers to solve two problems of sampling and interviewing techniques that brought about the failure to predict the victory of Harry S. Truman in the recent election.

That's the belief of Dr. Angus Campbell, assistant director of the Survey Research Center at the University of Michigan. He traced the faulty predicting to: (1) use of quota sampling instead of a random selection method, and (2) the failure to develop a tested method for determining the turnout of voters.

The quota sampling used by the commercial polls has been under attack by students of survey techniques for the "very reasons" that have caused its failure now, Dr. Campbell said.

The principal problem is that the quota system is not a random method of choosing people to be interviewed.

He explained that under the quota system an interviewer picks out the people to be interviewed according to quotas set up by the central office. The central office sets up these quotas according to census figures with the control being limited to such characteristics of age, sex, race and sometimes economic class.

"It has been demonstrated that this procedure permits the introduction of bias towards the higher income, middle class groups and tends to under report on persons in the lower income groups," Dr. Campbell asserted, adding that he suspected this is part of what happened in the 1948 election.

He emphasized that there are methods of random selection that rule out bias but that these methods were more expensive and generally are not used by the commercial polls. In random selection, the interviewer has no choice of the persons to be interviewed, such choice being pre-determined by the central office. Checks on data obtained by the two methods have repeatedly shown that the random selection technique is the more accurate, Dr. Campbell asserted.

He said he knew of no reliable method available at present to solve the problem of determining the turnout of voters, and he believes continued experimentation will be necessary to develop accurate procedures.

Meadowlark of Open Fields Meadowlark is truly an American bird, and in varying forms ranges throughout the United States. None of his kind is found outside the western hemisphere, as like the wild turkey, he is strictly a species of our own country. During the last 50 years the population of this merry dweller of the open fields has shown a marked decline. At one time their numbers perhaps exceeded that of any other species that lived outside the woodlands. The meadowlark's nest is placed on the ground under a tussock of grass. It is constructed of small stems and grasses. Usually from four to seven white eggs, highly speckled with purple and brown, are laid.

Flood-Proof Fence Used in Australia
Lays Flat While Drift Wood and Water Pass

A fence which bows before the onrush of flood waters and lies flat while water and drift-wood pass over is being used in Australia.

The posts are 33 feet apart and two wooden droppers are placed between the posts and another alongside each post. The posts are bored with holes 4 inches from the ground and 1 1/2 inches from the edge of the post, and another 3 inches from the edge. These posts are 6 feet long, 2 feet 6 inches above ground.

The droppers are bored 4 inches from the bottom and then 6 inches, 7 inches, 8 inches and 11 inches, allowing the top barbed wire to rest on the side of the dropper, to which it is tied through the hole with tie wire. The droppers are 3 feet 10 inches long. The bottom wire is reeved through the droppers and then through the posts. Each dropper near a post has a piece of wire passed around the top of the post, then around the dropper so that it will give way in flood time and allow the fence of droppers to collapse. The bottom wire, 4 inches from the ground, holds the fence to the posts.

After the flood has subsided, all that is necessary is to stand the fence of droppers upright again and attach it to the posts as before.

How to Prevent Date With Big Farm Fire

Thirty-five hundred farmers who lived happily on their farms a year ago are dead, largely victims of their own carelessness. They decided to "live" with fire hazards and lost. With them went almost 100 million dollars in farm property.

In one year 18,000 fires started in newspapers, magazines and other rubbish. Flammable liquids, improperly stored or handled, caused 28,000 fires. Electric cords and other defective electrical equipment caused 31,000 fires. Dirty

stoves, lamps and lanterns caused 18,000 fires. Some 39,000 fires started on flammable wood shingle roofs. Dirty chimneys were responsible for 49,000 fires, and 50,000 fires originated in dirty and defective heating plants.

The cures suggest themselves. If the farmers will clean up the out-buildings, farm machinery and the fields, and be careful with matches and smoking, there is little reason for worry about fire.

This farm fire could have been prevented if proper care had been taken.

KNOW YOUR BREED
Silver-Laced Wyandottes
By W. J. DRYDEN

The Silver-Laced Wyandotte is believed to have come from crosses of Dark Brahmas, Silver Spangled Hamburgs and a French fowl named Brends.

Standard weights are: Cock, 8 1/2 pounds; Hen, 6 1/2 pounds; Cockerels, 7 1/2 pounds; Pullets, 5 1/2 pounds.

The female is round in shape, the back gently sloping. An ideal market fowl, this type also can be bred for high egg production without sacrifice of standard requirements.

Cutting Protein Loss Will Slash Feed Cost

Dairymen can reduce the size of next winter's protein-feed bill considerably by saving a greater percentage of the protein in their home-grown forage crops, say dairy specialists of the USDA. One way to reduce the protein losses and thereby actually put more of the home-grown protein in the cows' manure next winter, is to make silage from forage crops instead of curing in the field for hay.

Manchester—A meeting was to be held at the Manchester High school Monday evening, Nov. 22, for the purpose of organizing a VFW Post here.—The Manchester Enterprise.

Buchanan—The Buchanan Business association voted at their meeting Tuesday evening that a committee of the members be named to cooperate with the American Legion and with any other organizations in Christmas decorations for the downtown section. The committee is also to fix dates which the stores will remain open nights during the holiday shopping season.—Berrien County Record.

Dexter—Harold Stevens won the distinction of being the biggest liar in the Dexter Kiwanis club at the liars' contest Tuesday evening. Mr. Stevens told of the time when he and a friend went to Texas in search of earning some money and to try to drill an oil well and selected a site on top of a sand hill. However, after they had drilled 3,000 feet a hard wind came and blew the sand off the hill. They were then left with a hole 3,000 feet high and thought they had lost their investment. They came out all right though in the end, as they cut up the hole in four-foot lengths and sold them to farmers for ready-made post holes.—The Dexter Leader.

Milan—The Michigan Medical society last week named Dr. John S. DeTar of this village as the best general practitioner in Michigan. The nomination is not only an enviable distinction for DeTar, but also a source of great pride for the community of Milan. Having been chosen as best in the state, Milan's well-liked doctor is now eligible for an even greater honor—consideration by the American Medical association, along with the best general practitioners from the other 47 states, for national recognition. Dr. DeTar came here in 1920 with the idea of remaining in Milan for two years and then going back for specialist training. By the time that the two years had passed, however, he had made his decision to stay. How much the village of Milan and the people in the surrounding vicinity have benefited by Dr. DeTar's decision to remain a "family doctor" is best illustrated by his many varied activities during the past 18 years.—The Milan Leader.

Farmers' Week Set for January 24-28 at Michigan State

Michigan's biggest winter agricultural event—Farmers' week—is set for Jan. 24-28 on the Michigan State college campus in East Lansing. Record crowds are expected again this year. Committees appointed by the dean of agriculture, E. L. Anthony, are now engaged in scheduling the week's programs. Demonstrations, feature speakers, exhibits and displays are being arranged. Many farm organizations choose Farmers' Week for meetings. The general outline of programs will follow previous years. Monday, Jan. 24, will be "Dairy Day." The annual farm building conference will also begin then. Wednesday evening is again set aside for banquets by a number of organizations.

Wolfgang Re-Elected To Head Farm Bureau

At a recent meeting of Farm Bureau patrons Walter Wolfgang was re-elected president for the next year. Other members named to offices in the organization include: Everett Van Riper, vice-president; Clifford Bradbury, secretary; Harry Knickerbocker, Harold G. Clark and George Steele. Walter Wolfgang and George Steele, as alternate, were nominated as delegates to the Farm Bureau Services, Inc., annual meeting in Lansing.

We give thanks...

For all that is ours . . . for this land of plenty in which we live . . . for our food, clothing and comfortable homes . . . our democratic way of life which gives us the right to worship in our own way to pursue happiness in our own way . . . for the joy we reap in just being able to celebrate Thanksgiving in the true old fashioned tradition—we give our grateful thanks.

MICHIGAN MIRROR

(Continued from page one)

Kelly. Again how is Michigan to finance these improvements, conceded by everyone to be badly needed?

Williams insisted that Michigan lacks a "long range" program of highway improvement, and that tourists who traveled over dusty roads "would never return to Michigan." This criticism points to a Democratic effort to wrest the state highway department from Republican control at the 1948 spring election. It also reviews the 1948 issue of whether the gasoline tax should be boosted to make possible new roads.

If the Nov. 2 majority vote for a constitutional convention meets legal tests, the door would be opened to overhauling of the state's taxation system with possibility of

a state income tax, scaled to "soak the rich." The new problems are many.

'CAPTAIN FOR ELIZABETH' by Jan Westcott tells of a life filled with romance, adventure, and daring. When Capt. Cavendish's ship rode into harbor after a two-year voyage, her sailors were clothed in silk, her sails were damask, and her topmast was covered with cloth of gold. **'ONE CLEAR CALL'** by Upton Sinclair is the ninth in the Lanny Budd series.
