No War, Despite Continued Talk, Great Preparations

By ROGER W. BABSON. 1. Total volume of business for 1949 will be less than that of 1948. There surely will be many soft spots.

General Business. 2. Most industries will show smaller net profits. This means that in many cases dividends will be less in 1949.

Commodity Prices. 5. Some rationing or priorities may be attempted in 1949. The public will make demands for price controls in the case of certain products.

New Year - QUOTES

"What an era is every New Year's Day it well considered! Another stage in our journey, a shifting of the scene without interrupting the continuity of the place... the winding up of our watch that it may tell us the time tomorrow; a fresh page in our Book of Existence, in which much may be written."—Caroline Fox.

"No one ever regarded the first of January with indifference. It is the nativity of our common Adam."—Charles Lamb.

"Every man naturally persuades himself that he can keep his resolutions, nor is he convinced of his inability but by length of time and frequency of experiment. They whom frequent failures have made desperate, cease to form resolutions, and they who are become cunning, do not tell them."—Samuel Johnson.

"There is too much said at New Year's about turning over a new leaf. Are the old leaves all so badly written that we must hasten to forget them? Is the blank whiteness of the untouched page more pleasant to the eye or more fortifying to the will than those closely written, underlined, untidy, but familiar pages which make up the story of one's life?"—Bliss Perry.

Jewish New Year Is Solemn Rite

Jewish people observe the New Year at a different date and with more religious solemnity than is associated with the Christian New Year.

Rosh Hashana, the name of Jewish New Year's day, may occur anytime between September 5 and October 5. It is one of the highest of Orthodox holy days and opens a period of penitence, prayer and charity which lasts until Yom Kippur, ten days later. Yom Kippur means Day of Atonement.

Traditionally, Yom Kippur was set apart as a day of atonement by Moses and elaborate ceremonies solemnized its observance until the offering of sacrifices was abandoned after the destruction of the Temple in Jerusalem in 70 A. D.

In modern times, no other Jewish fast day or festival is as generally and religiously observed. Services in the synagogues begin in the evening of the preceding day and are continuous until sunset on the day itself. The souls of the dead are included in the community of those pardoned on the Day of Atonement, and it is customary for children to have public mention made of their deceased parents and to make charitable gifts on behalf of their souls.

There is, reportedly, a Book of Life wherein the name of every living creature is written. This Book is sealed annually on Yom Kippur. This is the reason for the customary Jewish New Year greeting, "May you be inscribed for a happy New Year."

Common Sunfish
The common sunfish, or pumpkinseed, seldom reaches a size exceeding six to eight inches. However, its general popularity with people of all ages more than makes up for any deficiency in size. It has been termed the "small boy's fish" but is angled for by adults as well. The common sunfish is a compact little fish and beautifully colored. There is perhaps no other species of freshwater fish that presents more variety of colors and markings than do the sunfishes, so much so that a general description is practically impossible.

We hail it with the spirit of sincere good fellowship.

New Year's Gift of Broken Dishes

Most Americans would be perplexed to find a pile of broken crockery on their doorstep New Year's morning. However, it's a time-honored Danish custom to save every dish which comes to grief during the year and hurl it all against the front doors of friends and neighbors on New Year's Eve.

The tossers are supposed to toss and run, but not too fast. Before they get away, the householder is supposed to open the door and invite them in for coffee and doughnuts.

A pile of broken crockery around any Danish threshold on New Year's morning attests the popularity of the householder and is a compliment to his wife's ability to make delicious coffee and tasty doughnuts.

Gift
"A New Year's gift to the world," said the Frost.
"Rich lace curtains which nothing cost."
—C. G. Leland

A. D. Era Started By Charles III

The notation A.D. (from the Latin Anno Domini—in the year of our Lord) was started by Charles III, of Germany, who fixed it to the years of his reign in 878.

The Christian era begins on January 1st in the middle of the 4th year of the 194th Olympiad, the 753d year of the building of Rome, and in 4714 of the Julian period. The era, and its system of dating the years preceding the birth of Christ and dedicating the succeeding years to His greater Glory, was invented about 532 by a monk, Dionysius Exiguus—sometimes called Denys le Petit.

Introduced in Italy during the sixth century, the system was not extensively employed until its use was prescribed for bishops by the Council of Chelsea (Middlesex, England) in 816 and made its debut in world affairs under the sponsorship of Charles III.

PUBLIC INVITED TO EVALUATE SAFETY PATROL

Are safety patrol boys courteous? Do they perform any real service to this community? The general public is invited to

Standard Oil Co.

LESTER SCHULZE
Agent

express its opinion on this matter. Address all communications to "Safety Patrol, High School, Chelsea."

The boys and their sponsors are eager to determine the attitude of the public toward the service that has been offered this fall. Because individual prizes are to be awarded for courtesy, the public is also asked to report any outstanding action which might have been observed. If a boy did something especially fine, or if you feel he deserves a commendation because of day-after-day good service, won't you please write your report of him to the sponsors? It is a difficult thing for the sponsors to evaluate the courtesy partly because of closeness to the boys, and partly because sponsors are not always at hand when the boys are on duty; therefore, public opinion will have a heavy influence on awards.

GAA PEP MEETING

The scene was the Hucksterville High school where a pep meeting was in progress. The meeting got off to a roaring start with a cheer from those peppy (?) Hucksterville cheerleaders, Dorothy Howard, Becky Hollfield and Mary Ann Schrader. Then there were a few speeches from the girls' coaches, Elberta Spark, the boys' coaches, Mr. Macbeer and Charlie McTobin (otherwise known as Mike Cameron), Mr. Magiera and Mr. Cameron, and Dave Crocker. Those included: Miss Wynne Beaklin as Miss DeRose; Louise DeFant, as Mr. Magiera; Mary Lou Tobin, as Mr. Cameron.

The scene then changed to Chelsea High with a few cheers from the cheerleaders, the usual call on the coaches for speeches, and a speech from one of the first team players, Dave Crocker. The pep meeting was ended by the student body singing the school song.

CHRISTMAS SING

Christmas was the topic for a very nice assembly on Dec. 21. The sixth grade and the high school band and chorus presented a Christmas program of music. The sixth grade sang a number of old Christmas carols. The band played songs such as "Christmas Tide," and "White Christmas." The chorus sang many Christmas songs, among them were "Mary Dorned a Baby," "Carol of the Bells," and "White Shepherds Watched Their Sheep." During "Silent Night" the curtains closed. The band played "O Come All Ye Faithful" and the audience sang. This brought the program to a close.

FOOTBALL CAPTAIN AT WESTERN

Charles Slane was elected captain of the freshman football team at Western Michigan college in Kalamazoo.

Charles graduated from Chelsea High with the Class of '46.

He entered the Army that same year. While stationed in Korea, he played considerable football with the 7th Division Ramblers.

Hi-School News...

JUNIORS

The ring salesman came back to fix any defects which might have occurred in the rings. After vacation the class will begin work on the Junior play.

Grade News...

SEVENTH GRADE

The Seventh grade Home Making girls have begun their cooking unit for the year and enjoy it very much. The class has had perfect attendance for nearly a week. The room looked very nice for the Christmas season, with the tree, other decorations, and the blackboard color drawings.

EIGHTH GRADE

The Eighth grade had their Christmas tree and exchanged their presents Wednesday afternoon, Dec. 22. The class played games and enjoyed refreshments.

Activities...

STUDENT COUNCIL

It was decided that ballroom dancing lessons will be dropped because not enough students were interested in them.

GIRLS' BASKETBALL

Before a huge crowd (about ten people) the girls played their first home game, with Dexter. The players seemed as interested and enthusiastic as the student body that supported them. (What happened to all you ardent basketball fans?)

Now, for the facts, which are very grim. Neither team was "on the ball" and the half ended with a score reading 6 to 3 in favor of Dexter. At the half the Dexter girls must have been given vitamins because they came back with vim and vigor, while the Chelsea girls stayed the same.

The game was fast and furious to the benefit of Dexter. When the final gun sounded the score read 22 to 4 in favor of Dexter.

Recognition should be given to Patty Denton, a forward of Dexter, who made 5 points. The girls just didn't seem to be "on the ball," but with more support the next game they will be back on the same fighting spirit.

HI-Y

"Brrr! Isn't this water cold? I feel like an iceberg!" This is only one of the many remarks heard last Monday night when the Hi-Y boys went swimming at the Union in Ann Arbor. The boys enjoyed themselves so much they have decided to go more often.

Hi-Y is also planning a sleigh ride sometime in January. Let's hope they have fun!

CHRISTMAS PARTY

The party started with a skit given by the speech class. This skit was entitled "Dooly and The Amateur Show." Coyne Holiday portrayed Jack Dooly; Mrs. Burnside was played by Sara Geer; Linda Bradbury played Lucy; Joyce Malott was Kitty; John Popp was Raymond Parker; Craig Nelson was Herman. The opening scene was an Amateur show which took place in the Taj-Mahal theater.

The program took place in the following form. Joyce Umstead-Ermature sang (?) "The Man on the Flying Trapeze." Pat Murphy then sang a solo entitled, "All Around the Christmas Tree." Helen Jarvie, as Gladys, tried to play the guitar. John Popp, a rootin', tootin' cowboy sang "Oh Bury Me Not on the Lone Prairie." All these students acted just for fun and for the amusement of the faculty and student body. Pat Murphy has a sweet voice.

While the judges made their decision on the best contestant, Bob Taylor sang "White Christmas."

John Popp, as Raymond Parker, won first prize.

Ten chorus members sang "Christmas Roundelay," and "We Wish You a Merry Christmas." The whole assembly sang "O Come

All Ye Faithful," "Silent Night," "Hark the Herald Angels Sing," and "Jingle Bells."

Santa Claus came after the carols, and he said hello to all and to one special one, Mr. Chandler. Presents were then passed out, and all were wished a Merry Christmas.

THE FORTY-NINERS

The time was Jan. 1, 1931. The place was Milan, Mich. The event was the birth of Rowena Lentz. Rowena attended Milan Public school from kindergarten to fifth grade, then she moved to Chelsea and has attended Chelsea schools since.

Rowena is a cute, dark-haired, senior with green eyes. She likes to dance, especially to the record "Seems Like Old Times." Rowena is one of Chelsea High's cheerleaders, is a member of the Journalism club, and of the Chorus. Although she is busy with these activities, she also finds time for her favorite sports which are bowling and cooking. Rowena also spends some time at the movies, of which her favorite is "Tap Roots."

When asked what she liked most about Chelsea High, Rowena said "The nice people in it," but she dislikes the crowded rooms.

Rowena's plans for after graduation are not completed right now.

Another one of the many 49ers is Deloris Elsemann, better known as "Dee." This 17-year-old lass was born in Chelsea and has always lived here.

"Dee" would rather be bowling or dancing than anything else, and of course, if she could, she would be wearing slacks. Afterwards she would have a big piece of smoked ham, think about the movie "Down to Earth" and be humming "You Can't Be True, Dear," all the while knowing "Hi-Y can."

(Continued on page five)

It would take another bucket of paint to letter the full scope of our good wishes for all of our friends during this New Year.

STRONG ARMS FOR TELEPHONE POLES

Ever stop to think how much extra weight an ice storm can add to telephone wires? Cross arms on telephone poles must be strong enough to stand up under the strain. Here you see a Bell Laboratories hydraulic testing machine bending a crossarm to the breaking point. Southern pine and Douglas fir crossarms can carry nearly 2 tons weight.

ONE-UP ON NATURE

During the war Bell Laboratories scientists found a way to grow synthetic crystals better in some ways than natural quartz. A "seed" crystal is produced by evaporating chemical salts, then rotated in a chemical solution which causes deposits to build it up to many times its original size. Crystals vibrate at exact frequencies, separate the many telephone messages travelling over a long distance line.

BETTER AND BETTER

In the 72 years since the telephone was invented, there have been more than 18,000 additional inventions - an average of 260 a year - that have contributed to its development. Many recent ones are playing a part in Michigan Bell's big service improvement program in rural areas.

MICHIGAN BELL TELEPHONE COMPANY

Our \$12,000,000 postwar rural construction program means more and better rural telephone service.

Mimic for Protection
During the hatching season, wild turkeys make a hissing sound in imitation of a snake as a protection against disturbers seeking their eggs.

First Illinois Paper
Illinois' first newspaper, the Illinois Herald, was published at Kaskaskia in 1814. The second, the Illinois Immigrant, appeared at Shawneetown in 1818. Kaskaskia, once the state's leading city, was flooded over and now lies at the bottom of the Mississippi River. Shawneetown, with a population of less than 2,000, recently was moved away from the banks of the Ohio to escape periodic flooding.

Frozen Onions
Some people believe that onions are poisonous after they have been frozen. This is not true. In fact, onions which have been frozen may even be used successfully if they are thawed out slowly. But they will not keep long after being frozen, says the state of North Carolina extensionist.

24 Years Ago

Thursday, Dec. 25, 1924
Mr. and Mrs. Philip Schweinfurth, pioneer residents of Sylvan township, on Tuesday celebrated their golden wedding anniversary at Salem Grove M.E. church. Robert Foster, pioneer citizen of Chelsea and vicinity passed away at his home on Orchard street Sunday morning, at the age of 99 years, 10 months and 26 days. Mr. Foster, a native of England, came to Michigan in 1847 and lived in Davison, one and one-half miles west of where Chelsea now stands. This was two years before the first buildings were erected in what later became the village of Chelsea.

Francis Kolb, son of Mrs. Joseph Kolb, who is attending college in Detroit, is confined to the Herman Kiefer hospital in Detroit with an attack of scarlet fever. The Washtenaw Chelsea Cow Testing Association has just completed its first six months of cow testing. The Association was organized last May with 25 members, two more having joined since and several more making plans to join.

Kiddies who might not otherwise share the joys of Santa Claus on Christmas Day were assured a day of real Christmas pleasures when the Chelsea Kiwanis club voted at its meeting to be Santa to several of the local children.

The blanket of ice which has covered this section of the country for the past week had its effect on Christmas shopping and merchants were looking for an avalanche of last minute business which materialized Tuesday following the snowstorm which covered the ice.

34 Years Ago
Thursday, Dec. 24, 1914
The State Department at Washington, D.C., has notified A. E. Winans that Mrs. C. S. Winans and daughter arrived safely at their home in Nuremberg, Bavaria.

Married, Wednesday evening, December 23, at the Baptist parsonage, Miss Angie Baldwin and Peter Osterle, Rev. A. W. Fuller officiating.

The rural mail carriers from the Chelsea postoffice will make their usual trips on Christmas Day.

John F. Waltrous has rented his farm to Elmer Lehman, of Sharon. Fred Hinderer, who has worked the farm for two or three years will move to the farm which he recently purchased of John Strahler.

Married, on Monday, December 21, in Ann Arbor, Miss Bertha Winter, of Chelsea, and Edward Deaver, of Jackson.

The Sunday school of the M.E. church will hold their Christmas exercises in the church this evening; St. Mary's school had their Christmas tree last Friday; the Baptist Sunday school, instead of a tree and exercises enjoyed a banquet in the church dining room at 6:30 Tuesday afternoon and St. Paul's Sunday school held their Christmas exercises Sunday evening, with the church filled to capacity and many failing to gain admission.

The snow fall and blizzard the first of the week interfered seriously with travel on highways in this vicinity. In some localities it was necessary to abandon the highways and drive through the fields. All the trains were considerably off schedule.

Two weddings recorded in the column headed "Forty Years Ago," (1874) were those of Miss Fleda Pieling of White Oak, and John Fay of Chelsea on December 22, and Miss Luesia Notten and Philip Schweinfurth, both of Sylvan on December 23.

The North Sharon Extension Group held their meeting and Christmas party at Mrs. Max Roedel's home last Monday evening. After the business meeting a "sunshine box" for Mrs. Florence Trois was packed; also the box for our Christmas family. All took part in the "grape bag". A lunch of Christmas goodies was served by Mrs. Roedel and co-hostess, Mrs. R. Davidson.
Merle Summerland and daughter Carlene, of Bradner, Ohio, spent the week-end at the home of Mrs. Mabel McClain.

OPEN HOUSE
Mr. and Mrs. Harold Gracey held open house at their home Sunday evening for the pleasure of their daughter and her husband, Mr. and Mrs. Bud Rabley, who are home from Durham, N. C., for the Christmas vacation.
Out-of-town guests present were Marilyn Lyons of Fort Wayne, Ind., with a friend from Chicago, Mrs. Bradford Carter and Miss Anne Carter, of Grass Lake, Mrs. Fred Cook, of Delhi, Louisiana, and Mr. and Mrs. Earl Brown, of Washington, D. C., who are spending the holiday vacation at the home of Mrs. Brown's mother, Mrs. Bradford Carter, in Grass Lake.

CARD OF THANKS
We wish at this time to express our heartfelt thanks to the many neighbors and friends, also the Dexter Cooperative company, for the many acts of kindness they have shown us during and after our terrible fire; also the Dexter, Chelsea and Cassidy Lake fire departments.
Mr. and Mrs. Wilbert Trinkle, Mr. and Mrs. Harold Trinkle.
Ed. Wahl of Grass Lake, visited his mother, Mrs. Carrie Wahl, Saturday afternoon.

WELCOME '49... There's a lull in the party. Everybody waits and watches the clock. Then it arrives—1949 at last! Here's a candle for the New Year. May it be the brightest, happiest yet.

MEASURING THE HOURS

THE clock has had the privilege of striking midnight and being the first to announce the arrival of the New Year for only about six centuries. Before that, man measured the hours in several different ways.
Primitive man measured the length of a day by the moving shadows which reflected the sun's daily course across the heavens.
The first timepiece was probably a pole and a stone—the pole to cast a shadow and the stone to mark where the shadow fell when the sun was highest.
As man became more accustomed to regulating his activities according to specific intervals of time, he devised the "water-thief" the hourglass, and finally the mechanical clock.
Even the simplest "water-thief" measured time accurately because a regular interval of time passed between the moment it was filled and the moment it became empty—and this interval could be timed by the sun.
The hourglass was better than the "water-thief" because it was cheaper, it would not freeze or spill and it did not require refilling.
Real, mechanically operated clocks were not constructed until the thirteenth century. The word "clock" has been derived from the French "cloche," which means bell, and probably owes its connection with timekeeping to the custom of ringing bells to announce the passing of the hours.

GREYHOUND

Who, me? I want lots of schedules... and prompt arrivals...
Then Greyhound's for you. There are many departures daily, timed at most convenient hours—and they will save you a lot of time, when you travel!

Everything's so high these days—I want to save money!
Lady, you'll save real money on every Greyhound trip. Fares are lower than any other form of transportation—costs much less than driving your own car.

I'm interested in getting home from school on week-ends.
Then go Greyhound! It serves hundreds of schools and colleges in all 48 states—very often stops right at campus gates, and quite near your own door at home.

I'm a salesman... I have to stop at all the little towns!
Well sir, Greyhound's going your way! Its Super-Coaches open all the big cities—stop at thousands of small towns—and communities in between.

I like to see things... meet interesting people... have a good time.
It's really more fun traveling Greyhound—you meet so many congenial people—in America's beauty spots close-up, as you can see them only by highway.

I'm way past 50—just give me comfort, relaxation.
There's real riding ease in deeply-cushioned chairs that recline to any desired angle. Greyhound drivers are world-famed for safe operation, courtesy.

"If your reply is like any of those above, you can save money, yet have a better time—on most any out-of-town trip! That's Greyhound, where you travel in sleek Super-Coaches built for long-ride, all-weather travel ease. Yes, your best travel bet is to see or phone your local Greyhound agent, next time you plan a trip anywhere in America!"

May your year be blessed by threes:
Happy Days! Fruitful Days!
Friendly Days!

Babson's Forecast

(Continued from page one)
 reached where the nation's inflated money supply will have become fully employed. Hence, emphasis may shift from efforts to stop inflation to efforts to halt deflation.
 Stock Market
 33-1949 may not be a better year stock market wise than 1948. Investors will especially get out of stocks of companies which have most of their assets in big, "vulnerable in case of war" cities, re-investing in companies whose assets are well distributed and safe from attack.
 34. The Administration will not want the Dow-Jones Industrial Average to go too high on account of the consequent effect upon labor's demands. Commodity speculation will continue to be curbed.
 35. The wisest will not try to pick any special "winners" in 1949; but will diversify broadly. Those who have too many stocks will gradually build up good reserves in cash or governments, for the big break which will come some day. Careful buyers of stocks will insist on making full payment and avoid borrowing during 1949.
 36. Safe dividend paying stocks will be in greatest demand, especially if double taxation on dividends should be eliminated.
 37. We are definitely bearish on low coupon-rate, long-term taxable bonds as money rates will gradually increase.
 38. If Congress should exempt dividends from double federal taxation, 1949 will see a further falling off in the prices of certain tax-exempt bonds.
 39. We forecast no change in the nation's monetary policy relating to credit control and interest rates during 1949.
 40. Investors will give much more attention to diversification in 1949 and will try to have their assets diversified either fairly short or staggered.
 Real Estate
 41. City real estate will continue to hold firm through 1949, due to less available rental space caused by pulling down structures to save taxes, provide parking spaces, etc. There also is a disinclination to build new city property in view of the present high costs.
 42. Suburban real estate will continue in fair demand during 1949 although there will be some shading of prices.
 43. Big commercial farm acreage will sell for less during 1949; but subsistence farms, located close to established communities, will hold up in price.
 44. General building will decrease during 1949 although the cost of building may decline a little. The quality of workmanship will improve.
 45. Both office and residential rents will be higher in 1949. Only as property owners are granted higher rentals, will there be enough houses to rent.
 46. Mortgage interest rates during 1949 will continue about the same as in 1948. Any changes will be toward increases.
 Politics
 47. The Administration will encourage legitimate new enterprises and full employment, continuing its loyalty to labor and the farmers.
 48. Vacancies in the various commissions and government corporations organized since 1932 and which have great powers will be filled by men acquainted with legitimate business but friendly to Mr. Truman.
 49. Congress will take our foreign policy out of the hands of the State Department and the Brass Hats.
 50. The Administration will be

fair both to labor and management or lose the Congressional elections of 1950 by bringing on depression.
