MIRROR

Taxes levied and spent by the State of Michigan, cities and counties, are rather insignificant when compared with the 2,600,000 paid by Michigan taxpayers to the federal government each year. With a State population of more than six million, this figure amounts to about \$4,000 for every person in Michigan.

But immediate hope for reducing this huge tax burden can be found in the Hoover Commission task force reports now being issued from Washington at the rate of two or three a week. These reports analyze the operation of each federal bureau, expose waste and, more important, make recommendations for eliminating it. If these recommendations are followed, an estimated \$2,000,000,000 a year may be saved.

Another new tax idea has been suggested by Representative William Romano (D. Van Dyke). He wants to place a ten per cent tax on the gross of professional football, hockey and baseball tickets. He estimates that this tax would amount to approximately \$1 million a year for the state. Such a tax now collected on boxing and wrestling tickets.

Serving lunch to Michigan school children is a big business. In the first four months of the school year, 12,641,260 meals were served in 1,698 schools in 766 participating school districts. Total cost for this year is about \$4,000,000.

DR. MISCHA TITIEV

Lecture Course Will Present Dr. Titiev

"Racial Problems in America" will be the title of the illustrated lecture that will be given by Dr. Mischa Titiev, Associate Professor of Anthropology at the University of Michigan, on the address members of the lecture course Monday, March 28, 8 p.m., in the Municipal building.

This will be a return engagement as Dr. Titiev spoke on "Racial Problems in America" before the group in December of 1947.

One Great Hour on Air

Plans have been made for an unprecedented Christian demonstration next Saturday evening.

More than 76,000 churches, representing every major denomination, have united (Protestant, Anglican and Eastern Orthodox churches) for this "One Great Hour" being broadcast over all of the major radio networks.

The program will dramatize life examples of the many types of work done through the churches in Europe and Asia. It will feature great names, great drama, and great music. It will show fifty million listeners how contributions are needed now over the overseas work.

On Sunday offerings will be given for this. This will be a Christian answer to Communist propaganda at Christianity and will show what happens when Christians unite.

Dexter Kroger Store Robbed Saturday Night

Erwin Nothnagel, former manager of the Kroger store in Chelsea and now manager of the Dexter Kroger store, was the victim of a hold-up as he was closing the store Saturday night.

Turned back into the store at the point of a gun as he was leaving by the back door, as was his wife, Nothnagel was bound and left in the washroom of the store after the bandit had taken the cash-counter of the safe, said to be \$3,140. The door was locked on the outside by the robber.

Nothnagel managed to free himself an hour later and attracted attention by blinking the lights of the store on and off.

Mr. Nothnagel and his family are continued to reside in Chelsea and he has been employed in the store.

Work Has Started on Plant Addition to Chelsea Spring

Workmen for R. C. Mahon and Company of Detroit, are now engaged in putting up the steel structural work for the new addition to the Chelsea Spring Company's plant. Mrs. Whitmer Honored by WRC for 25 Years Service

Mrs. Nellie Whitmer, Color Bearer No. 2 of the Women's Relief Corps for the past 25 years, was presented with a recognition pin by the Corps president, Mrs. Alice Moore, at Monday's meeting in the Home Ec. room at the High school. The meeting, which was the regular one of the month, was turned into a special social evening in honor of Mrs. Whitmer who has been a Corps member for 35 years. She has resigned her office as color bearer because of poor health.

Mrs. Lyle Christwell, secretary of the Corps, read a short history of Mrs. Whitmer's many years of work as a member before the presentation of the pin was made. She also was presented with a corsage.

Mrs. Whitmer responded with thanks for the recognition given her and then presented Mrs. Joseph Dreyer with a recognition pin which had been in her possession for many years. She said she wished Mrs. Dreyer to have the pin as a token of recognition for her six years' service as secretary of the Corps.

Dainty refreshments were served by the month's committee, Mrs. Dreyer, Mrs. Florence Walker and Mrs. Ruth Walz.

During the business session donations were voted to the Grand Army, Hospitalization, Memorial and Scholarship funds of the WRC; also a donation of \$10 to the Resuscitator Fund and \$5 to the Red Cross.

Mrs. Blanche Barkley presented a gift of \$5 to the Corps in memory of her mother, Mrs. Ida Damon, who was a member of the Corps until her death. The gift was presented at this time because Mrs. Damon's birthday occurs this month.

Mrs. W. G. Price was appointed Americanization chairman, a newly created committee post, and Mrs. Minnie Scripser was named to act

on the auditing committee.

The regular social meeting of the WRC was held Thursday, March 17, at the home of Mrs. Florence Walker, when 21 members were present to enjoy an evening of games, followed by refreshments served by the hostess.

Teachers of County Meet in Ann Arbor

Teachers of Washtenaw county attended the annual County Teachers' Institute at the Rackham building in Ann Arbor last Friday. The institute was planned by a committee of teachers working with Julius W. Haab, County Superintendent of Schools, and was held in conjunction with the University of Michigan School of Education's convocation exercises.

The group heard Dr. James P. Adams, University Provost, deliver an address, "Enduring Affirmations," heard exceptionally able Guy Hill of Michigan State College give an inspiring talk "And Gladly Teach."

The afternoon session was addressed by Dr. William Blatz of the University of Toronto, "Learning from Children."

At the business session of the Washtenaw County Teachers' District of the Michigan Education Association, several local teachers were honored. Mrs. Elizabeth Gadd was elected vice-chairman of the Classroom Teachers. Among the delegates to the regional council were Miss Esther Schell and Miss Hildegard Fontana, with Miss Virginia Bailey and Mrs. Gladys Gadd as alternates. Delegates to the Classroom Teachers' Area were Mrs. Lucille Kelly and Mrs. Dorothy Schanz Russell, with Mrs. Norine Whipple as alternate. Re-elected were President Randall Coates of Saline and Vice-President teachers Everhart of Willow Run, and Treasurer Julius W. Haab.

Local K of C's Hold St. Patrick's Day Dinner Last Thurs.

Ninety-two persons, including Knights of Columbus members and their families and guests, attended the K. of C. St. Patrick's Day dinner held at the K. of C. Hall Thursday evening.

The ham dinner was prepared and served by ladies of St. Mary's Altar Society. Table decorations carried out the St. Patrick's Day color scheme.

Ed. Tobin acted as toastmaster during the after-dinner program which opened with an address of welcome by Father Leo Laiga and an address on the topic "St. Patrick" by Father Charles T. Walsh, of Dexter.

This was followed by a vocal solo "When Irish Eyes Are Smiling" by Mary Jane Edor, with Mrs. Vincent Burg as piano accompanist.

Leo Kester, grand knight of the Ann Arbor Council, gave a brief talk and introduced the out-of-town people present from Ann Arbor, by Mary Jane Edor, with Mrs. Vincent Burg as piano accompanist.

Miss Pat Murphy sang "I'll Take You Home Again, Kathleen," accompanied by Mrs. Burg, and then Brother Patrick Cain from Boysville, the new boys' school near Macon, sponsored by the K. of C., gave a most interesting talk about the life and work at the school.

Mr. and Mrs. Vincent Burg sang a vocal duet, "Ireland, I love You, Achulua Machree," and this was followed by community singing led by Mr. Burg to conclude the program. Mrs. J. L. O'Hara was the piano accompanist for the group singing.

Richard O'Hara was chairman of the committee which made arrangements for the dinner.

Immunization Clinic Here Next Thurs.

County-Wide Series Sponsored by Wash. Medical Association

Plans for county-wide diphtheria and smallpox immunization clinics were announced this week by Dr. Frederick B. Williamson, president of the Washtenaw County Medical Society which is sponsoring the clinics.

Dr. Williamson noted in his announcement that "This is the eighth annual series sponsored by the Society. This service is contributed free to the children of this county in an effort to guarantee that epidemics of either diphtheria or smallpox will be prevented."

The first of the clinics is scheduled at Foster school at Willow Run on Monday, March 28, at 9:00 a.m. Children in the Chelsea schools will be immunized in a clinic to be held Thursday morning, March 31, at 9 o'clock.

Last year 6,224 children received protective treatments for either diphtheria or smallpox or both in the program. In addition, many infants, pre-school and school-age children were given these treatments in the offices of their private physicians. "If the parents will continue to cooperate as they have in past years," said Dr. Williamson, "our objective of a county relatively free of smallpox and diphtheria will be maintained."

Every infant should be protected for whooping cough, tetanus, smallpox and diphtheria in the first year of life," said Dr. Engleke, Director of the Washtenaw County Health department. Studies conducted by the Health department in cooperation with the practicing physicians have indicated that this early immunization is accomplished in a high percentage of Washtenaw county children. Many families and physicians have worked out a schedule for renewing these protective treatments every two or three years or as often as necessary through child health associations.

"This is the ideal way to control these diseases," said Dr. Engleke. "In a clinic program we can only hope to renew protection against smallpox and diphtheria on a group basis, a physician-patient relationship through child health associations, and a child's education, appraisal and renewal of protective treatments for other diseases as well," Dr. Engleke added.

John Glick and Mrs. R. W. Wagner were appointed to act as nominating committee for the coming election of officers and this was followed by a round-table discussion on the matter of comic books. The consensus of opinion arrived at was that these books should be censored.

Supl. Albert Johnson spoke to the group on school and possible plans for solving them. Refreshments were served at the close of the meeting by Mrs. Olen Hart and Mrs. C. Patrick.

Two Ladies Pinned Inside Their Auto Following Crash

Mrs. George Hailey and Mrs. Myrtle Alchele were painfully injured about 6 o'clock Thursday evening in a truck-and-car collision on US-12 at Pierce road just across from Foster's Tavern.

Mrs. Alchele, whose home is in Ypsilanti, has been spending some time at the Hailey home and had accompanied Mrs. Hailey to Ann Arbor. They were returning home in the Hailey car, driven by Mrs. Hailey, when the accident occurred.

It was reported that Mrs. Hailey was making a right turn off of US-12 when the car was struck from behind by a truck driven by Carroll House of Battle Creek, causing it to roll over and pin the women inside. Mrs. Hailey was severely bruised and suffered shock. Mrs. Alchele was severely cut about the ear and also suffered bruises. The women were taken to Joseph's Mercy hospital, Ann Arbor, for examination and treatment and then were returned to the Hailey home.

Plans were made for the annual Penny Carnival at the regular monthly meeting of the Elementary P.T.A. on Wednesday evening March 16, in the Home Ec. room of the High school. The carnival is planned for April 22 and additional features discussed at Wednesday's meeting to be added this year are a vaudeville-side show, a parcel post booth and a fortune teller.

Joyce Crawford and Linda Bradburn, members of the speech class of the High school, gave declamations as the evening's entertainment feature. Miss Crawford's offering was "Bobbie Shaftoe," while Miss Bradburn's was called "After Twenty Years."

John Glick and Mrs. R. W. Wagner were appointed to act as nominating committee for the coming election of officers and this was followed by a round-table discussion on the matter of comic books. The consensus of opinion arrived at was that these books should be censored.

Supl. Albert Johnson spoke to the group on school and possible plans for solving them. Refreshments were served at the close of the meeting by Mrs. Olen Hart and Mrs. C. Patrick.

"We're not quitting until this job is done"

Operation Underground

It was about 10 A. M. on a dull, grey morning when the huge steam shovel accidentally hooked onto an underground telephone cable.

Tom, a Michigan Bell applier, and Ed, his helper, were among the telephone men who arrived on the scene within minutes. The situation was bad. Out of 200 pairs of vital telephone wires inside the cable, 135 were broken. And, to make matters worse, a steady rain had started, threatening to flood the hole where the break occurred.

The first job was to make temporary repairs on the most important wires so that calls could go through. Working swiftly, Tom and Ed completed their part of this job by 2 P. M.

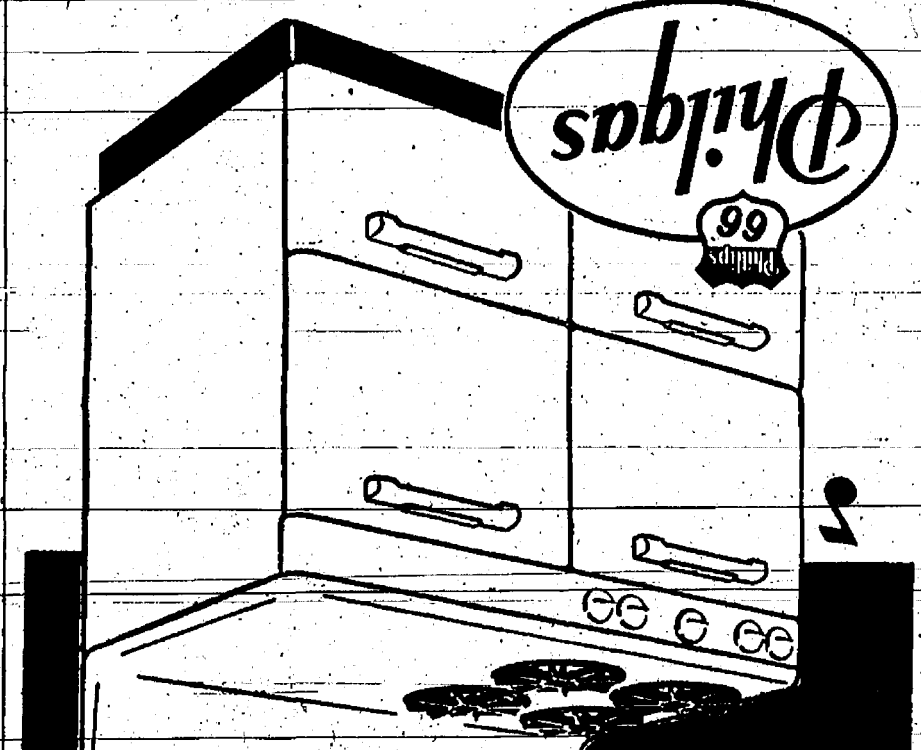

But then more trouble developed. Water from a nearby open-type service on the remaining wires in the problem now was to restore them to go down.

The problem now was to restore them to go down.

The problem now was to restore them to go down.

Red Cross Officials Advise Veterans of Extension of Filing Deadline on 'Bonus'

EDITOR'S NOTE: This is the second in a series of articles on services for veterans appearing in the Chelsea Standard. These articles have been prepared by the Home Service section of the Washington Chapter of the American Red Cross for the purpose of keeping veterans advised of the rights, privileges, benefits, and services to which they may be entitled. For further information regarding any of the services or benefits mentioned in the articles please write or visit the Red Cross Chapter office at 211 Nichols Arcade, phone Ann Arbor 2-5545, or the branch office, 202 West Michigan avenue, phone Ypsilanti 505.

As this article is being written the Adjutant General of the State of Michigan has announced that the deadline for applying for Michigan Veterans' Military Pay has been extended to March 19, 1951. Veterans who have not yet applied for this benefit now have an additional two years in which to make application.

Today's questions are the first in a series on the subject of "service incurred or service aggravated disabilities."

Q. I suffered a knee injury while in the service and filed a claim at the Separation Center at Fort Sheridan when I was discharged. I have heard nothing about my claim since then. I have heard that Red Cross Home Service can help me. What service is available?

A. If you will contact Red Cross Home Service a trained worker will discuss this problem with you. You will be fully advised on how to make inquiry regarding your claim, and how to develop the necessary evidence to support your claim. If you desire Red Cross assistance both in developing evidence and representing you before the Veterans' Administration, this is readily available upon your giving the Red Cross power of attorney at the Veterans' Administration.

Q. Why is power of attorney necessary to obtain Red Cross help in developing a claim with the Veterans' Administration?

A. Your file at the Veterans' Administration is confidential and under no conditions can information be divulged to anyone other than yourself unless you authorize the Veterans' Administration to do so. The power of attorney simply authorizes the Veterans' Administration to make information available to the Red Cross so that they may properly advise you in developing your claim. The Red Cross Field Director stationed in the Regional Office of the Veterans' Administration is an expert on the development of claims. With your power of attorney, he can make a detailed study of your claim and then advise the Chapter Home Service worker on how it may best be developed. The Chapter worker then works directly with you in following out these recommendations. The Field Director will also

represent you when your claim is presented to the board for adjudication. The power of attorney has no effect on your personal, family or business affairs. It is simply an authorization to represent you before the Veterans' Administration.

Q. Is a fee charged for this service?

A. A private attorney is by law permitted to charge a fee not to exceed \$10.00 for such service, but no fee is ever charged for Red Cross services. The funds to carry on the Red Cross program of services to veterans are all raised at the time of the annual fund drive.

Q. Is it possible to obtain help from Red Cross without a power of attorney?

A. Yes. Red Cross can help you in many ways in discussing and preparing evidence. It works most effectively however, when it has full information available from your file. This eliminates guess work and makes it possible to focus directly on the evidence that is missing or is inadequate. The service is also of much more value to you since you have an expert in claims personally representing you and your interests at the Veterans' Administration.

Q. What evidence is needed to properly develop claim for disability?

A. This varies from case to case and depends upon the information that is available from service clinical records. In general it is necessary to prove that the situation arose in service or was aggravated in service. If records do not show this to be the case it is often possible to support the claim with affidavit evidence from former companions, officers, correspondence, etc. Red Cross can assist you in locating the persons who can make the affidavits since there is a Red Cross Chapter in every county in the United States. It will also be necessary to establish the degree of disability. This is usually done by presenting a statement from your doctor giving a full report of his findings, or by Veterans' Administration medical examination.

EDITORIAL BLUES

Life certainly can be cruel to us poor students, can't it?

Is that what you've been thinking lately when that homework looms in the face? Well, move over, chum, and let me pull up a chair. We might as well all groan together.

A normal grueling day might begin by our getting up at the crack of dawn (anyway it feels like it to our dooping eyelids). (Yawn Yawn)

Then we start first hour, bright and early by spilling a jar of bright red paint on what we considered a masterpiece of art, drawn by our own talented selves. Second

hour goes no better by flunking a government exam.

As the day slowly drags on it's rather heart-breaking to discover we're dumb, as they come in chemistry and our English teacher won't stand for popping gum, because it doesn't look lady-like.

So by 3:35, you, I, and everyone else are practically mental wrecks. What do we have to look forward to?

Yep, that old homework is waiting for us.

However, I'll let you in on a secret, kids. When you've come to the end of your rope and you can't stare another geometry problem in the face, remember one thing and let it be a consolation: You don't have to write editorials!

SCHOOL SPIRIT

What exactly do we mean by school spirit? A school's spirit doesn't necessarily mean its actions at football and basketball games, but all the things the students do and the way they act in school.

How is our spirit at the games? Some of the seniors are wondering if the students will cheer with more enthusiasm at the games and pep meetings next year? Now, don't get the wrong impression, for all of us are steadily achieving better sportsmanship.

Is your mind always on school work? Have you, freshman; sophomores, and juniors, ever thought what studying really meant? How will you feel when you become a senior, are ready to graduate and go to college? I know I didn't stop to realize when I started high school. You probably think, "Oh, boy, I won't have to study; I can get through OK." Maybe you'd say, "I have plenty of time for that yet."

Have you saved up a little spirit for better grades? In this day and age all of us have to have a good average to get into a college or university. Oh! but you will reply that we have a hard time getting really good marks. Have you ever wondered why? If all of us would stop bothering our neighbors and showin' govt for others, start paying attention in class and let other people study in study hall, we could all get better marks, and be on the honor roll.

When you go on a field trip or to a game representing our school, do you act like a high school student should; so your school will be proud of you? Remember, other people judge our school by your actions. So be on your best behavior, and do not destroy other people's property.

How about your loyalty to our school? Don't you think that you should support your school activities? When you are a member of a club or organization, please do the work required of you, don't complain, and do give just helpful criticism. Some of the students feel left out even though they are members of the organizations. Be kind to these students and give them a chance to show what they can do instead of appointing the same group of people to committees.

Remember the "any people, new persons, and those that don't have the same advantages as you do. Just climb off your high pedestal and come down to earth.

Have we forgotten tidiness, which is included in school spirit? All of us want to be proud of our school. Let's pick up papers and throw them in the waste paper baskets. I believe our school will be a much nicer place if we don't write on the desks, walls, etc., and if we quit throwing paper wads in study hall.

You students will probably say, "Why pick on us all of the time? The teachers are a very important part of the school."

Fellow students, you are exactly right, but you must remember that the teachers are to be looked up to and respected while they set an example for us.

"Why don't the teachers treat us all fairly?" asked another student. Have you ever stopped to ask yourself, "Do I treat the teachers fairly all the time?"

Let's really have some fine school spirit, students and teachers. Can't we all work together, support our school, keep it tidy and make this "institution" a place to be proud of?

Following the Junior play, "Murder in Rehearsal," the inquiring reporter heard many comments concerning its success:

Keith Bradbury: "Good play—good acting."

Jackie Hughes: "Thought Johnny Popp was good."

David Knickerbocker: "Very good—considering."

Mary Lou Tobin: "I liked Marilyn Johnson."

Betty Riegger: "Ronnie Eder did a good job."

Dave Crocker: "Great play and a great effort for the Junior class."

Joyce Hughes: "Johnny Popp acted so natural."

Dick Merkle: "Norman O'Connor was good."

Mary Ann Gage: "They all spoke loudly enough."

Sue Barlow: "I liked Johnny Popp."

ALL EXCUSES ACCEPTED

It is interesting to note some of the excuses, if that term may be used, that come to the principal's office any school day. The most interesting ones are from those mothers who (judging by the excuses) were suddenly awakened from a sound sleep and commanded to write a sensible excuse for Johnny or Suzie. Thus come these excuses from our sweet mothers who explain through sleep and haste:

"Please excuse Prunella's pain in the head; due to this she was absent."

"Just please excuse Jr. He can't help his absence."

"Please excuse Bertha from school Monday. Because of illness she wasn't all there."

"Please excuse Thomas from school. He was absent because we were checking his trap."

"Please excuse Jonathan's absence. His father took him to a sale."

"Dolly's a pain in the neck so the doctor ordered her to stay home."

"Excuse Tommy Friday. We took him to the hospital for an extermination."

"Please excuse Joe for absence—he neglected to get up in time

for the school bus. Beat him up if you like."

"Please excuse Bertram from school with a stomach ache."

"Mabel was not in school because she was sick in the hospital. (What part of the body is that?)"

"Please excuse Oswald. He got poisoned Sunday."

"Please excuse Myrtle. She had an ear Monday."

This following excuse comes from the students of Chelsea High and reads:

Dear Father: Please admit to heaven our dear mothers, teachers, and principal, who endure faithfully our many excuses, and please don't have their hair turn white too soon!

WHO KNOWS?

What new and different subjects do we need in school? How can we get the students to take more interest in the school? What can we do to keep the study halls quiet? Should "B" students be exempt from final exams? Every week the Journalism class presents a question similar to these to the

student body. However, just a few answers have been received. Some of the students present no opinion, but merely answer "yes" and "no."

Don't they appreciate the efforts of the inquiring reporter? The opinion poll is not conducted for the enjoyment of the Journalism class. If the people would write sensible answers, the student body, as well as the faculty, might be benefited. Don't you think it's worth a try?

SPEECH CONTEST

The speech contest consisted of three divisions: oratorical and dramatic declamations, and orations.

"Liberty or Death" entered by John Popp, was chosen first winner in the oratorical declamation.

"A Message to Garcia," entered by Phyllis Kelly, was chosen second in the contest.

"Bobby Shaftoe," by Joyce Crawford, was chosen first winner in the dramatic declamation. Linda Bradbury, who entered "After Twenty Years," was chosen second winner.

THE HI-LIGHT

(Continued from page four)

The first winner of the orations was Stan McClure, who entered "The Machine That Wouldn't Run." The second was entered by Marjorie Haydauff, who entered "The Need of a New School Building."

The contest was given March 15, and 16. The judges were Mrs. T. Walworth, Mrs. O. Hinderer, Rev. W. H. Skenebury, and Rev. C. W. Morrow.

FFA

The FFA made a trip to Larro Research Farms last Thursday, March 17. The trip was interesting and the boys enjoyed it very much. They also sent their representatives to the state contest at Lansing, March 23. Their representatives were Walter Zeeb, Keith Bradbury and Oscar Barels.

HOME ECONOMICS

Home Ec. I—The girls are planning to have their cotton dresses finished by spring vacation. Most

of the girls have already completed their dresses and are very pleased with the outcome.

Home Ec. II—The girls are studying desserts for dinner and they are preparing several kinds of dinner desserts. During their study of cakes, they staged a very successful cake sale. To continue their study of pastries, they are next going to study pie-making. Soon the girls will compile all the things that they have learned about the individual foods and because they still believe that one can catch their man through his stomach, they are going to be divided up into family groups and prepare their own dinners.

Home Ec. III—The girls are continuing the study of the "Marriage Unit" and they are now studying and discussing the engagement period.

Eighth Grade—The girls are now completing their food work with the preparation of luncheon. In preparation for this they have been studying table setting, service and manners. As a class project, a very attractive bulletin board was completed for "Table Manners Unit."

LATIN

As a step in furthering its education the Latin class will be listening to records in Latin telling stories of ancient Roman times.

Right now they are studying the "Capture of Troy."

CHORUS

The Chorus has been working very hard recent weeks for the Parents' Night program. They will sing three numbers: "Alleluia! Christ is Risen," "Old Abram Brown," and "Set Down, Servant." The Special Madrigal Group will sing two numbers: "My Bonnie

Lass" and "Oh, Dear! What Can the Matter Be?"

The Chorus has been discussing awards to be given at the end of the year, but as yet have not decided how the members will be rewarded for their work.

THE FORTY-NINERS

As I gaze into my crystal ball, I see the figure of a high school girl, adorned in a skirt and sweater and sitting at a table. Before her is a big plate of spaghetti and meat balls; the record "I've Got a Crush on You Sweetie" is spinning round and round on the "vic." She is very fond of football, and a recreation called "Maxwell." (Is there any connection between the two?)

Gazing deeper into the crystal ball, I see that this girl is Audrey Bernice Taylor. She was born in Pittsburg, Pa., on Feb. 13, 1931. Comparing the schools she attended there and one in Ann Arbor to Chelsea, Audrey has this to say: "The work is harder and more subjects are required in the other schools."

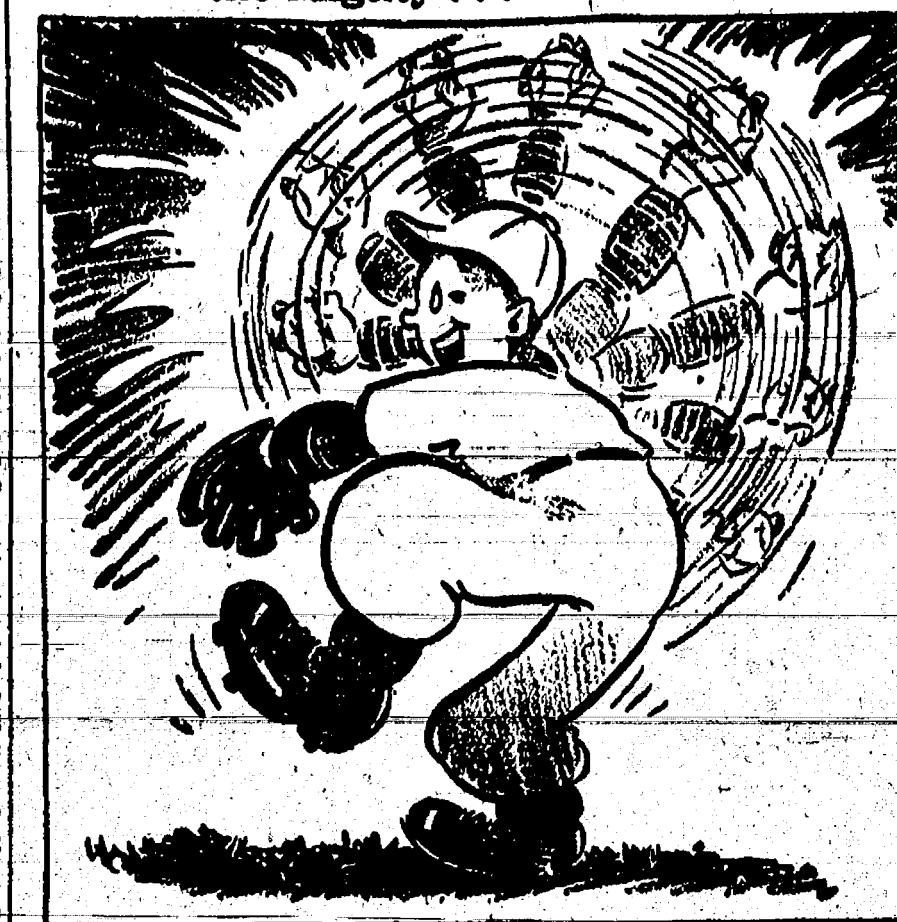

While attending Chelsea High, she has been a member of Chorus, Journalism, and vice-president of Student Council. Being very talented in the field, Audrey is the art editor for the Senior Annual.

She believes that students should earn their own spending money, as it will help them later when they are on their own. "Practicing what she preaches," Audrey has been a "soda jerk," figuratively, of course.

The crystal ball is beginning to cloud, the figure of the girl is fading. This must be all for now.

The time is 50 years from now. The place is an attic. Some old folks are rummaging among

Moves of the Mighty ...

trunks, pictures, etc., when they come across a picture of a boy wearing a bathing suit. Beside him is a big plate of ham, a portable radio, and a baseball. Of course, anyone knowing this lad would know that the radio was tuned in to Glenn Miller, who was playing "A String of Pearls." He was also probably thinking of his favorite movie, "Road House," and his hobby, "women."

On the back of the picture was a lot of writing which went something like this: pet peeve—people who are continually late. Hi-Y, football, baseball, basketball, and chorus, were the activities he joined. He was treasurer and captain of Hi-Y. Remember this was in the days when the "new look" was longer skirts, which he disliked immensely. Although he didn't think Chelsea should have a curfew, he thought parents should help us choose our friends and that high school students should both earn their spending money and be granted an allowance. He thought daily chores developed character.

Below all this are a few things such as: he was born in Ann Arbor, May 20, 1932. He attended Pumpkin College school before attending Chelsea High. His name is Robert Stoffer.

Well, it's getting late, so we will have to put out the light on another member of the Class of '49.

Grade News ...

FIRST GRADE—Four pupils, Douglas LeMasters, Richard Trent, Danny Barton, and Larry Hamilton have moved to Williamston where they will attend school.

SECOND GRADE—The second grade members are working on a Dutch table unit to display for Parents' Night. The unit will be in the form of a Dutch village.

The spelling ivy, in which an additional leaf is added when a pupil receives an "A" in spelling, will be completed this week.

Beverly Hyde has moved to Williamston where she will attend school.

Garland Marshall has had per-weeks. Congratulations!

A St. Patrick's Day party was given last Thursday for which Mrs. Packard furnished the nice refreshments.

SEVENTH GRADE—The seventh grade program committee for Parents' Night has chosen the characters for the play. They are as follows: J. Widmayer, as Henrietta; C. Paul, as the maid; D. Umstead as Don Jose; R. Bertke, as Mix; D. Schneider, as narrator; M. Roberts, as the first tourist; J. Davidson, as the second tourist; D. Satterthwaite, as cousin Jack; and the guide, B. Hollifield.

The Science class is going to produce four experiments, and is going to have 6 to 12 questions asked on Parents' Night.

EIGHTH GRADE—For Parents' Night we are going to play the baseball game in mathematics.

In Home Ec. the girls are going to make cookies the day before and serve them to the parents that evening.

Karen Chase is our new Student Council representative.

Hi-School News ...

NINTH GRADE—The freshmen have started working on the panel discussions for their home rooms. As yet, no great progress has been taken in presenting them.

TENTH GRADE—A group of sophomores put on a panel discussion in both sophomore home rooms. The subject discussed was "What Kind of Leaders Do We Want?"

The people who led the discussion were Joan Schneider, Ted Slane, Mary Lois Weinkauf, and Kay Murphy.

If Birds Quit Laying Although a positive diagnosis of Newcastle disease can be made only by laboratory tests, there is plenty of reason to suspect this malady if egg production in a flock dips sharply—nearly to zero. A veterinary bulletin points out that a drastic drop in egg production, whether due to Newcastle disease or some other type of trouble, should be a warning for poultrymen to get a prompt diagnosis and start corrective measures at once. If the trouble is actually Newcastle disease, respiratory and nervous symptoms usually will be evident.

Breakable Target

A paper target with a printed bullseye is the best-known rifle target, but most people like to see something happen when they hit a target—have it move or break.

Breakable targets can be readily made by sawing a piece of 2" x 2" lumber into 2-inch lengths.
