Friends of Library Told To Preserve Historical Records

Monday evening an organization meeting of the "Friends of the Library" was held at the Chelsea Public Library.

The meeting was opened by Mrs. R. W. Wagner, vice-president of the Library Board, who introduced the evening speaker, Robert B. Brown, of Ann Arbor.

Brown is curator of rare and printed books at the William L. Clements Library at the University of Michigan. Collecting of rare books and historical material are special interests of his and for this reason his ideas on how and what to collect as additions to the local library were accepted as authoritative by his listeners.

Some suggestions he made of items that would be very good material for a library such as Chelsea's are as follows: materials of all kinds such as letters, maps, early books, old diaries, musty rolls of the Civil War, old Bibles, particularly those containing genealogies of families, etc.

Bulldog Baseball Team Wins from Dexter in Opener then Loses to Ypsi Roosevelt High

Travel to Milan Friday Afternoon for League Game
By DWIGHT GADD

The Chelsea Bulldogs opened their 1949 baseball season on a victory note last Thursday as they whipped their Dexter rivals, 7-6, at the local athletic field.

Marty Tobin, fine young right-hander, held Dexter to three hits and only one of them contributed to the scoring of all five Dexter runs in the sixth inning. Five Chelsea errors in that big Dexter fifth helped the Deadnoughts cause considerably.

Chelsea jumped to an early lead as Stan Knickerbocker walked in the first inning and was singled home by Dave Slane. In the second they added three more as Ted McGee doubled, Bob Vogel walked, and Marty Tobin singled to drive in McGee and Vogel, and Knickerbocker singled to score. Tobin.

Another brace of runs was gained in the fourth when Tobin walked, Heydlauff singled, Stofer walked, and Slane drove in Tobin and Heydlauff with his second hit of the game. The Bulldogs added their final run in the fifth as Heydlauff singled, look second when Vogel was hit with a pitch, reached third with the aid of an infield out and came home on Tobin's long fly to center.

With a seven-run lead, the Bulldogs relaxed in the sixth and let Dexter sneak over their five runs, but they recovered in time to protect their lead.

The Chelsea Bulldogs proved excellent hosts to Ypsi. Roosevelt's Roughriders last Tuesday as they bowed to the visitors, 2-1, for their first loss of the season.

Roosevelt got their first hit in the second inning as they bunched three of their six hits, and then, after Chelsea tied it up in the fourth, added the winning run in the sixth on two hits and a very costly two-base error by Marty Tobin on a throw to first.

Chelsea's only run came on a lousy triple by Dave Slane and a dropped third strike on Ted McGee. When the play was made at first on McGee, Slane beat the return throw to score standing up.

The Bulldogs were very accommodating in helping Ypsi to win as they went down in the strike-out route twelve times, and half of these were on very high pitches. The team began pressing in the sixth and they were swinging at almost anything. All six outs in the last two innings came on strike-outs. It just wasn't the Bulldogs' day in the hitting department.

Friday the team travels to Milan for their second league game of the year, and next Tuesday they will play host to Lincoln here at home. It is hoped the boys can find their hitting eyes by that time.

Chloride for Gravel Road Application Is Now Available

"In the spring the thoughts of rural gravel road dwellers not too lightly turn toward the dust"—or by other appropriate paraphrasing, County Road Commission Manager, Kenneth Hallenbeck's attention was called this week to the rapidly approaching season when residents will want the road-past their home treated with a dust layer.

Two such residents to present their check for the necessary amount, and with instructions for its placement.

Manufacturers of the chloride have assured the road commission that there would be no increase in price this year and as property owners in the past have paid for only the material, the cost will be the same as last year, \$3.00 per 100 feet of road, approximately 16 feet wide.

A recent ruling by the Attorney General stated that county road commissions cannot extend credit to anyone such as for the payment of chloride dust layers, according to Mr. Hallenbeck, which has forced his office to require payments in advance for all such work.

Payments may be mailed directly to the County Road Commission office in Ann Arbor together with detailed instructions as to where the chloride is desired to be spread, or payment may be made to the County Road Commission District Foreman after four o'clock each afternoon except Saturday and Sunday at the yard on West Middle street in Chelsea.

Council Resolution Provides for Sewer Charge Collection

A board of special assessors to levy assessments on sidewalk and curbing projects in the village was appointed at the Village Council meeting Monday evening. Claude Spiegelberg is chairman of the board and others named to act with him are Joseph C. Dreyer and Harry Froden.

As no objections to the curbing projects on Chandler and Elm streets were offered at Monday's meeting for the purpose, the projects will be carried out according to plan. On Chandler street the south side of the street will be curbed, while on Elm street both sides will be done this year.

P. Flynn, of P. Flynn and Co., of Detroit, was present at the meeting to discuss the street-facing program for the coming season. He plans to go over the streets soon with members of the street commission to study the situation and discuss the work to be done.

A resolution in regard to delinquent sewer services charges was passed at this meeting. All such charges remaining delinquent as of April 21, 1949, are to be certified to the village assessor. These charges are to be assessed against the premises served and are to be collected with the village taxes, according to provisions of the resolution.

High School Chorus Plans Presentation of Famous Musical

The swashbuckling days of grand ladies and elegant men are coming to the stage of the Chelsea High school the evening of Friday, April 20, at 8:15, when the high school chorus presents "The Gondoliers."

To the setting of romantic Venice and a plot of intrigue and entertainment, Gilbert and Sullivan, the famous English combination of wit and song, have added a musical score of lasting interest.

Those students taking leading roles include the following: Ellen Jane Geddes, Mary Jane Jarvis, Rowena Lentz, Marjorie Proctor, Mae Slane, Joyce Umstead, Eris Mae Wauous, Victor Gauthier, Donald McGee, Donald O'Dell, David Slane, Ted Slane, and Robert Taylor.

Further announcement will be made soon of this coming event.

Safety Check Now Entering Third Week

Michigan moved into the third week of its "Brake and Light Check" program designed to reduce traffic accidents by taking steps to require all unsafe and illegal safety equipment on vehicles to be placed in safe working condition, according to Chelsea police officers who stated that they are still finding frequent cases of dangerously unsafe equipment found on vehicles of traffic violators.

The last two weeks showed four vehicles with unsafe brakes, four vehicles with one headlight out and six vehicles with no tail light.

According to police officers, the great majority of motorists who are safe drivers are expressing themselves as being enthusiastic about the program because they maintain their vehicles in safe condition and are anxious that the law enforcement agencies take vigorous steps to require all traffic violators to have their unsafe equipment repaired.

Chelsea police called upon all motorists to support the efforts of their department to cut traffic accidents. They pointed to the alarming fact that in the last four months 115 more people have been killed compared to the same period of the previous year. This is a 27 per cent increase. If this increase continues there will be more than 400 Michigan traffic dead in the next 12 months.

Assurance Given that New Bridge on M-92 Will Materialize

Since Feb. 15, when State Highway Commissioner Charlton M. Ziegler visited Chelsea and was taken on a tour of the roads north of town, Village President M. W. McClure has kept in touch with him in regard to possible improvement of North Main street and the North Main street bridge.

Last week President McClure received a letter from Commissioner Ziegler which contains the following self-explanatory paragraph: "The situation with regard to the bridge is coming along satisfactorily and we are trying to hit for about Oct. 1 to let the contract for the construction of same. We expect that the bridge will be moved upstream to provide a reasonable curve for the highway, said highway then to proceed westerly on the present road and turn north at the gas station."

Ralph Dibble, of the highway engineering department, to be in Chelsea in the near future, Mr. Ziegler said, to study the situation here and decide on the exact location for the proposed new bridge. The question of the location of the bridge must first be settled before definite highway plans for North Main street can be completed, he said.

Churches Filled to Capacity for Annual Easter Services; New Members Are Accepted

Special Music by Choral Groups Is Highlight of Season

Chelsea churches were filled to capacity for the Easter services last Sunday. The services during the previous week were also exceptionally well attended.

The Protestant Union services during the entire Lenten period drew record attendances and local pastors commended the spirit of fellowship between the several congregations.

Rev. O. W. Morrow, pastor of the Methodist church, said that he felt a number of factors are to be credited with the fine success of the Lenten and Easter services here, mentioning specifically the proclamation of the village president in regard to Good Friday, as published in The Standard last week. He said the fine musical service given Wednesday evening by the Community Choir under the direction of Bertam Gable also helped toward the success of services in all churches, being composed, as it is, of members of all four churches in the village working together harmoniously on a community project.

St. Mary's church held the Good Friday service from 2 until 3 o'clock in the afternoon, while the Union service at the Methodist church began at 1:30.

All four churches held special services or programs Thursday evening and these included Communion and reception of new members at both the Methodist and Congregational churches. At the Methodist church 135 received Communion, 22 persons joined the church, and nine others joined the preparatory membership division. One hundred and fifty persons received Communion at the Congregational church and 21 new members were accepted, including the four members of this year's catechism class.

Thursday evening's service at St. Paul's church was in charge of the young people and the picture "The Crucifixion" was shown.

Reception of 12 new members in addition to the 11 members of the confirmation class took place at St. Paul's church during the Easter morning service. At this service, also, 234 persons received Communion.

The sunrise service held at 6:15 Sunday morning at the Methodist

church was followed by an Easter breakfast with men of the church in charge. The speaker at the service was Mrs. Viola M. Gray of West Des Moines, Iowa, and young people of the church presided and took part.

The church was filled for both Masses at St. Mary's church Easter Sunday and about 450 persons received Holy Communion.

Special Easter music was presented by the choirs of all the churches during their respective services and in the Easter resurrection story emphasized in the pastors' sermons. Altars were beautifully decorated with Easter lilies, many of them placed there in memory of departed relatives.

While the weather could not be called ideal for the day, there was no rain or snow during the morning to interfere with church attendance. In the afternoon there was light rain and even snow flurries. However, the snow which had covered the ground Friday night and Saturday had all disappeared.

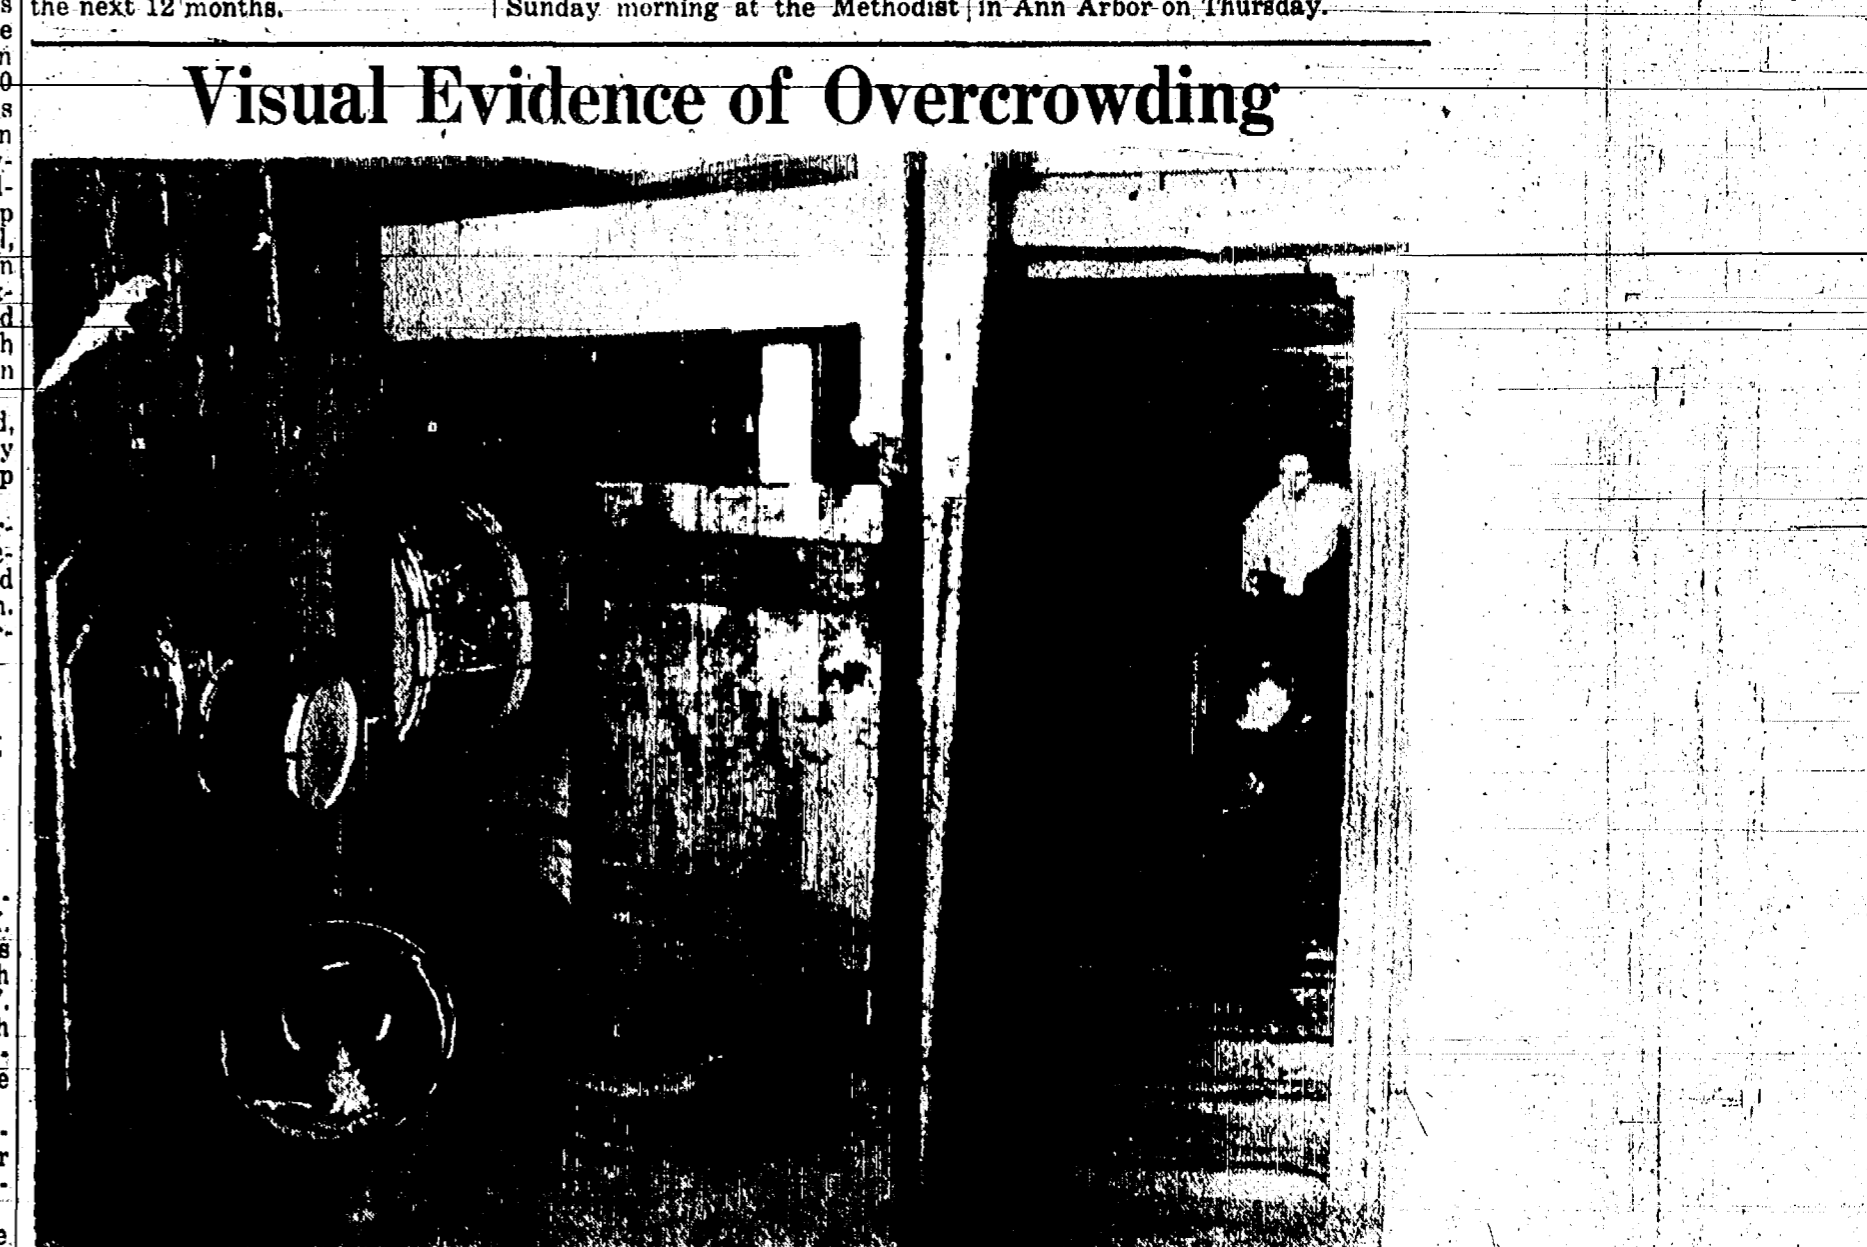

Chelsea Farmers Find Oil on Farms --from Broken Pipe

During the past week employees of the SOHIO pipe line finished closing up pits which had been dug on the farms of Wilber Hatt, Walter Eschelbach, Clarence Buss and others to catch approximately 1,000 gallons of crude oil which had covered the ground after the pipe line had sprung a leak. The leak occurred during the night two weeks ago and was not noticed until the next morning.

Notified immediately by owners of the flooded property, the company dispatched men here to take care of the situation. Pumping of oil through the line was halted until repairs could be made and the surface oil was drained into the pits where it was burned.

The glare of the burning oil could be seen for miles. Guarding against needless runs by the fire department, Fire Chief Thomas Young was notified that the fire was to be set and that it would be under control.

Mrs. D. L. Rogers, Mrs. R. W. Wagner and Mrs. G. W. Walworth attended the all-day meeting of the Michigan Library Association in Ann Arbor on Thursday.

"PITIFULLY INADEQUATE" is what the Planning Committee of the Chelsea Rural Agricultural Schools says of the storage closets for band instruments shown in the above photo. These closets are located in the grade school basement. The narrow passageway shown (above right) is the only entrance through which students must carry their large instruments to the storage place.

Another evidence of overcrowded conditions at the Chelsea Agricultural schools building is the storage space available for the band instruments of approximately forty-five pupils comprising the junior and senior bands, according to the planning committee members.

This publicity committee, with Mrs. George Barlow as chairman, is attempting to place before the public all information pertaining to the conditions in the Chelsea Agricultural district which is brought out at meetings of the School Board-appointed planning committee and its sub-committees.

Not only are classrooms overcrowded, as has been mentioned repeatedly, and grade school basement facilities inadequate and impossible to keep in a sanitary condition, but space for equipment storage for extra curricular activities is almost completely lacking. The storage closet for band instruments, situated in the grade school basement, is a glaring example of the need for more space.

Band instruments are expensive and need careful handling to prevent costly damage. Crowding them into a space such as is available at the school is not only inconvenient but often actually injurious to the instruments.

If band practice periods happen to come at the same time that grade school pupils are in the basement during recess, getting out the band instruments and returning with them through the narrow passageway to the stairs creates nerve-racking confusion.

The Chelsea school band has been doing very well under the direction of Gayle Grove. There are twenty-five pupils in the senior band and about twenty in the junior band. However, if more practice rooms were available more pupils could take advantage of individual lessons in preparation for

Maxine Rudd Gets Her Watermelon

Chelsea friends of Maxine Rudd, of North Robinson, Ohio, were startled Sunday evening to hear a message on her behalf broadcast over a Cincinnati radio station. Maxine, who is 11 years old, is seriously ill and is now paralyzed from the waist down. She expressed the wish for a blue dress and a watermelon as the gifts she most desired for Easter. When a watermelon could not be located, an appeal was broadcast over the radio through efforts of the Red Cross. As a result of the broadcast, a watermelon arrived by air and was presented to Maxine on Monday. The melon had been sent by George H. Roth, of Hollywood, Florida.

Maxine and her parents, Mr. and Mrs. James Rudd, were formerly Chelsea residents.

Ann Arbor JCC Builders' Show To Open Next Week

Work is beginning this week on the two Fairgrounds buildings which will house the seventh annual Builders' Show, scheduled to open Wednesday, April 27, under the sponsorship of the Ann Arbor Junior Chamber of Commerce.

The affair this year will be more diversified than last. In the 1948 show, 50 individual exhibitors occupied the 111 booths in the Merchants' building, while the current show is expected to attract approximately 60 individual entrants. Prospective home owners and those who plan to remodel or modernize their present dwellings will be able to inspect the displays of the latest type of wall coverings, sidings, and roofing materials. New color schemes also will be shown at several of the booths by decorating firms.

Home owners seeking information on methods of improving the landscaping of their residences will be able to get expert advice from several nursery concerns which will have representatives at the show.

Automobile dealers are planning one of the biggest exhibits in the history of the show, and they will be displayed in a separate building. It is planned to have practically all the new models of cars on display.

There will be no admission charge this year. An earlier date was selected this year at the request of the exhibitors, who felt that many home owners make their modernization plans now rather than late in the year. It is hoped by the sponsors that the show will provide the needed impetus to prospective home builders who have been hesitant about building because of high prices. They note that prices of many building supplies have leveled off since the first of the year.

Hours for the show will be 3:00 until 10:00 p.m., and the show will run from April 27 until May 1.

People who aren't afraid to roll up their sleeves seldom lose their shirts.—H. W. Newton.

What can you do with
70 MILLION DOLLARS in one year?

FOLLOW ME AND I'LL SHOW YOU.

IT TAKES PLENTY OF EQUIPMENT TO GIVE GOOD TELEPHONE SERVICE. IN 1948, MICHIGAN BELL SPENT 70 MILLION DOLLARS TO IMPROVE AND EXPAND SERVICE... \$133 A MINUTE.

GRACIOUS, THAT'S A LOT OF MONEY!

YES, IT IS. AND A CONSTRUCTION PROGRAM LIKE THAT MEANS A LOT OF JOBS AND A LOT OF MONEY SPENT RIGHT HERE IN MICHIGAN.

WHAT DID THE 70 MILLION DOLLARS BUY?

IT PAID FOR 36 NEW TELEPHONE BUILDINGS OR ADDITIONS, GOT 16 MORE UNDER WAY, PUT UP 62,000 POLES, 650,000 MILES OF WIRE. WANT ME TO GO ON?

I'VE HAD ENOUGH. WHAT DID IT MEAN IN THE WAY OF SERVICE?

IT MEANT 148,000 MORE TELEPHONES. NEARLY 8 OUT OF 10 FAMILIES IN MICHIGAN BELL TERRITORY NOW HAVE A TELEPHONE. IT MEANT FASTER AND BETTER SERVICE ON TELEPHONE CALLS.

THERE MUST HAVE BEEN A LOT MORE CALLS IN 1948

YOU BET THERE WERE. CALLS HIT A NEW HIGH OF OVER 6,000,000 A DAY. THE AVERAGE CUSTOMER USED THE TELEPHONE MORE THAN 1600 TIMES LAST YEAR.

WE COULDN'T GET ALONG VERY WELL WITHOUT THE TELEPHONE, COULD WE?

RIGHT! GOOD TELEPHONE SERVICE HELPED MAKE MICHIGAN GREAT. IF SERVICE DIDN'T KEEP PACE WITH THE PUBLIC'S DEMANDS, IT WOULD EVENTUALLY TOUCH THE POCKETBOOKS AND LIVES OF ALL MICHIGAN PEOPLE.

IS THERE MORE TO BE DONE?

INDEED THERE IS! EVERYONE STILL CAN'T GET THE KIND OF SERVICE HE WANTS, WHEN AND WHERE HE WANTS IT—EVEN THOUGH 164 MILLION DOLLARS HAVE GONE INTO SERVICE IMPROVEMENTS SINCE VJ DAY.

164 MILLION DOLLARS! WHERE DO YOU GET THAT KIND OF MONEY?

MOSTLY FROM INVESTORS, PEOPLE LIKE YOURSELF WHO ARE WILLING TO PUT THEIR SAVINGS IN A GOOD BUSINESS WHERE THEY'LL GET AN ADEQUATE RETURN.

WELL, THERE'S ALMOST TWICE AS MUCH MONEY INVESTED IN MICHIGAN BELL NOW AS BEFORE THE WAR. BUT THE RETURN ON THAT MONEY IN 1948 WAS ONLY 3.77%—LOWEST IN 15 YEARS.

WHAT KIND OF RETURN WOULD MY MONEY GET IF IT WAS INVESTED IN MICHIGAN BELL?

NO, IT ISN'T. THE ONLY WAY MICHIGAN BELL CAN CONTINUE TO GIVE GOOD SERVICE IS TO GET HIGHER RATES THAT'LL KEEP THE BUSINESS SOUND AND PROVIDE A RETURN SUFFICIENT TO ATTRACT INVESTORS' DOLLARS.

THAT'S NOT TOO GOOD, IS IT?

MICHIGAN BELL IS CONFIDENT IT WILL BE ABLE TO KEEP ON WITH ITS IMPROVEMENT AND EXPANSION PROGRAM, KNOWING THAT ITS CUSTOMERS ARE WILLING TO PAY FOR GOOD SERVICE.

YOU MAY GET A COPY OF MICHIGAN BELL'S ANNUAL REPORT AT ANY MICHIGAN BELL BUSINESS OFFICE

Program Will Pay Tribute to All Mothers

The Chelsea FOE Aerie, together with series of the organization all over the country, is making plans to have all mothers in the community take part in the FOE-sponsored observance of Mothers' Day on Friday, May 6. A special radio program on that day, "Calling All Mothers," with Ted Malone as master of ceremonies, is to be the culmination of a month's preparation to honor all mothers, regardless of whether they are connected with the Eagles' organization or not.

The program will pay tribute to mothers and commemorate the part the Eagles played in making Mothers' Day an occasion for national observance. An Eagle, Frank E. Hering, who was a national president and editor of The Eagle Magazine, made the first known plan for a Mothers' Day before an Eagle memorial service at Indianapolis, Ind., Feb. 1904.

Mothers' Day was placed upon the Eagle calendar in 1912, two years before Congress designated such a day for national observance.

The date for the observance was sponsored by Miss Ann Jarvis of Philadelphia, who had been campaigning for a Mothers' Day. In 1907 Miss Jarvis was commemorating the death of her own mother on the second Sunday in May. It occurred to her that the day, coming as it does in the season of blue skies and blossoms, might well be set aside for an annual festival of affection for all mothers.

The Chelsea Aerie is planning no special program for Mothers' Day on Sunday, May 8; however, two important activities of the organization will take place the week before that date.

On Sunday, May 1, the Chelsea Aerie's birthday will be observed with a dinner in the Municipal building in the evening, and initiation of new members in the Town Hall, and an exhibition by a girls' drill team on a downtown street during the afternoon.

Saturday evening, April 30, the

Scout 'Hoe-Down' ...

(Continued from page one)

The two-day program will feature four themes: "Planning for Adventure" with Dr. J. P. Chandler of Ann Arbor serving as leader and J. A. Juncker, Scout Executive as advisor; "Adventure in Meetings," with Charles J. Barclay, Ann Arbor, as leader and Loren Loomis, Field Executive, as advisor; "Adventure in Hiking," with Ray Nicholson, Ann Arbor, leader and Floyd Warty, Milan, advisor; and "Adventure in Camping," led by A. W. Schrader, Cherry Hill, with Dan S. Ling, Ann Arbor, advisor.

Scout leaders should register at Scout Headquarters, 202 South Main, Ann Arbor. Assignment to quarters for the "Hoe-Down" begins at 4:00 p.m., Friday, April 22. The program will carry over until Sunday at 2:00 p.m. The total cost for adult leaders is \$3.50; for junior leaders, \$2.50. This includes six meals, overnight lodging, and training materials.

Telephone Service ... (Continued from page one)

extend the Chelsea base-rate area to the south. Since that time, Praken said a number of customers in the affected new areas had asked for urban service under a more liberal type of rate treatment.

Specifically, the new locality-rate areas would cover the following territory:

Cavanaugh Lake—3 square miles 1 1/2 miles west of the base-rate area, including well-developed sections surrounding Cavanaugh, Cedar, and Crooked lakes.

North Lake—1 square mile 4 miles north of the base-rate area.

Waterloo—1/2 square mile 4 1/2 miles northwest of base-rate area and including the village of Waterloo where Michigan Bell is providing service to customers of a former independent company that ceased operations some time ago.

Eagles will have a dance in the Municipal building.

Martin J. Mol, state president of the FOE, has accepted an invitation to be present at the birthday dinner.

THOUGHTFULNESS

The thoughtfulness and sympathetic understanding we extend to our clients—and the efficient manner in which we meet their individual requests—help to bring them peace of mind. Thus we are able to make their hour of final parting a tender memory to be cherished in the years to follow.

FOR SWEET CULTURE'S SAKE
An artist duo of outstanding musical ability, with a program that is pleasing and well balanced, will be presented at the Chelsea High school tomorrow morning.

DeWillo is one of the world's recognized masters of the Concertina Grande, an instrument which he designed and constructed himself. The tone approaches the pipe organ and is the only instrument of its kind in the world.

of getting the senior annual ready for publication.

On Tuesday the pictures for the annual were taken. To add to the confusion, all morning the grade school students tramped through the halls of the high school enroute to the place selected for taking the pictures.

The pictures were taken of all the classes from kindergarten through the 12th grade, and all clubs and other organizations.

Other participants from Chelsea were Phyllis Kelly, Linda Bradbury and Jean McClure.

THE FORTY-NINERS

On July 28, 1931 in Ann Arbor, Mich., Mr. Elsemann may have been pictured with a pencil and pad in his hand writing down the "likes" and "dislikes" that his son Leon William, would have when he grew up.

As Leon grew older he seemed to live up to his father's anticipation and while attending only the Chelsea school, he held a paper route and has taken chorus as an extra activity.

because older boys and girls should have fairly good judgment of the time they are expected to be off the streets. He likes the idea of students earning their spending money for then they know where it comes from.

KINGPIN - that's you!

White sidewall tires, as illustrated, available at extra cost.

It happens every year, sure as spring comes. There dawns a day, warm and inviting and fragrant with freshness, when the winter cares are shed like a cloak - and you're suddenly younger than your years.

Lucky the man who has this handsome carriage as his answer to that moment.

He'll pull a knob on the dash of his ROADMASTER - and the top will swing back. He'll touch the treadle - and 150 valve-in-head horsepower will leap into life, eager as a setter scenting the start of the chase.

He'll move a lever - and smoothly, with whirling oil transmitting his engine's power, move off through tangles of traffic into the open countryside without even thinking about clutch-pedals and gearshifting or the like.

He's free to have fun - free to drink in spring's glories - free to dawdle or to dash as whim decides - and he knows his level-riding ROADMASTER will instantly, silkily answer his every bidding.

Kingpin - that's what he is!

Kingpin - that you are when you've prepared yourself with the gorgeous ROADMASTER Convertible, so eye-catching in its beauty, so completely unmatched in its ability to thrill!

You say you haven't got a ROADMASTER Convertible! With factory production mounting, that's not so difficult to correct - and it's probably less costly than you think.

Just see us - soon - and you'll waste no time getting a firm order in!

Then at the end of the fourth week, begin scattering Larro Broiler Pellets (chick-size) on top of the mash each forenoon and afternoon. Use quantities the birds will clean up in about 30 minutes.

"The Wrath and the Wind"

By Alexander Key
From its first dramatic episode this novel is an intense experience. In fast-moving scenes that react on every sense, the author brings close the feel of heat and storm and violence. It probes the mansions, the slave auctions, the gambling rooms of early Florida.
