Cost Cutting Soil

Management Keeps Farm Profits High

CHICAGO—Farmers can keep 1949 net income high even if prices soften further, by using soil management methods that cut production costs of crops per unit, declared the Middle West Soil Improvement Committee, in a statement issued here.

"While economists expect 1949 to be a good farm year," says the statement, "they stress the need for getting farm business in shape to meet competitive conditions."

"In competitive selling, the farmer who makes the most is the one who produces for the least. The way to get lower cost crop production is to make each acre produce as many bushels as possible. Then you can make money whether prices are high or low. Good soil management is the key."

"Good management pays best when it builds up all factors that contribute to soil fertility. You need the help of plant food. Fertilizer is a good buy in terms of farm produce. Besides plant food, you need to build good tilth and structure. You need good drainage and ventilation. Your soils need plenty of organic matter."

"Vital to any soil management program is a rotation that regularly includes deep-rooted legumes such as alfalfa or sweet clover. Well-fertilized legumes and grasses build up the soil's organic matter supply, add to the nitrogen content and improve structure and tilth."

Liquid Wax

Don't apply liquid wax by pouring it on the cloth you intend to use. Pour out the wax into a dish or pan first. Never pour the leftover wax back into the can, for contamination may cause the wax to spoil.

Water Projects Pay Off

Crops valued at \$225,235,236—highest on record—were produced in 1947 on 18 federal reclamation projects in the Pacific Northwest, according to the bureau of reclamation. The previous high was set in 1946, when farmers grossed \$210,337,163.

CARD OF THANKS

It is impossible for us to adequately express the deep appreciation we feel for the many expressions of sympathy and help which we have received from friends and organizations during the sickness and loss of our dear one.

Rev. W. H. Skentelbury, Mr. and Mrs. J. Philip Skentelbury, Miss Ruth Skentelbury.

MISSION CLUB

St. Paul's Mission club met Thursday afternoon, May 12, at the home of Mrs. Mary Faust. Nine members and three guests attended the meeting. Among the latter was Mrs. F. H. Kraft, of St. Louis, Mo., who is spending some time in Chelsea with her son-in-law and daughter, Rev. and Mrs. P. H. Grabowski.

The devotional service was presented by Mrs. J. N. Strieter and was concluded with prayer by Mrs. Kraft.

A short program of readings was given as follows: "May" by Mrs. A. Vail; "The Housewife" by Mrs. Fred Seitz; and Edgar Guest's "Those Old Snapshots," by Mrs. Strieter.

Mrs. Strieter, secretary of the club, reported that Easter cards had been sent to older members and shut-ins.

ST. PAUL'S WOMEN'S GUILD

The postponed May meeting of the Women's Guild of St. Paul's church was held Friday afternoon, May 13, at the church hall. There were 41 members and two guests present.

Mrs. William Luick, the devotion leader for the meeting conducted the opening devotional service which included appropriate Scripture readings, hymns, poems and prayer pertaining to Mothers' Day.

The program topic, "The Christian Home," was presented by Mrs. Norman Schmidt and Mrs. LeRoy Satterthwaite. The program period was closed with a reading by Mrs. Albert Ashland.

During the business meeting Mrs. Harold Widmayer gave an interesting report of the spring conference of the Ann Arbor Region of the Women's Guild which was held April 27, in Dexter.

Receipt of the gift of a wooden candle holder from Germany was announced at the meeting by the president of the Guild, Mrs. Lorenz Wenk. The candleholder, made of beautifully polished light and dark natural woods in the shape of a cross, was sent to the Guild by a woodworker in Lorch, Wuertemberg, in appreciation for a relief package sent to his family by the Guild last year. A letter which accompanied the gift was read at the meeting by Mrs. Louis Eppler.

Members of the Guild voted to purchase two electric roasters for use in the church kitchen and to pay for the replacement of the present water heater which has become defective.

At the close of the meeting refreshments were served in the dining room by the month's committee, Mrs. Roy Bertke, Mrs. Paul Barbour and Mrs. Wilbert Breitenwischer.

It was announced that the June meeting is to be an evening meeting.

Miss D. DeMara, Don Houle Wed in Ypsilanti Ceremony

St. John's Catholic church in Ypsilanti was the scene of the wedding Saturday, of Miss Dorothy DeMara, of Ypsilanti, and Donald Houle, of Chelsea. The marriage was solemnized at 10 o'clock in the morning by Father Larkin, pastor of St. John's parish, in the presence of about 100 guests. A number of Chelsea relatives and friends were among those attending.

The bride wore a Mandarin-style gown of white slipper satin and the full-hooped skirt extended into a long train. The long sleeves ended in a pointed outline at the wrists. A seed-pearl tiara held her finger-tips well in place and she carried a white rosary, a gift from the bridegroom. Her bridal bouquet was of white roses.

Miss Marian DeMara of Cheboygan, was her sister's maid of honor and Mrs. Jack Charbonneau of Ludington, another sister, and Miss Mabel Vieau of Ypsilanti, were the bridesmaids. Their gowns were all made alike, except for color. The maid of honor was in light blue while the bridesmaids both wore yellow. Their Mandarin-style gowns were patterned after the bride's except that theirs had no trains and the sleeves were short. They wore mitts to match their gowns and large picture hats. All three carried yellow roses.

Raymond Houle was best man, while Robert Houle, Robert Tobin, Richard O'Hara, and Edwin Paul, all of Chelsea, were the ushers.

Following the ceremony a wedding breakfast was served, and at two o'clock in the afternoon a reception for about 100 relatives and friends was held.

The rehearsal dinner was given Friday evening at the home of Mr. and Mrs. Alton Allsage, in Ypsilanti.

Pre-nuptial affairs given for the bride included a recent shower at the home of Mrs. Ted Bazley, in Ypsilanti.

Following a week's honeymoon trip the couple will be at home at 311 West Cross street, Ypsilanti.

For traveling the bride wore a brown and white striped suit with white accessories.

Mr. Houle, whose parents are Mr. and Mrs. Peter Houle of Escanaba, is employed at the Chelsea Products company here.

The bride, employed as a postal clerk in the Ypsilanti post office, is a daughter of Mr. and Mrs. Eugene DeMara, of Cheboygan.

Brooks Banquet

(Continued from page one)

Campbell, O. L. Hoffman, Andrew Hewes, Martin Wackenhut, B. Parker, George Smith, J. P. Foster and A. Winans. Those on the reception committee were J. A. Palmer, John Cummings, J. R. Harrington, William Van Riper, C. T. A. Cumum, Ransom Armstrong, H. Lighthall, Ed. Hammond, Wm. Campbell, C. W. Maroney, Fred Roedel, William Bacon, G. Webster, W. Schenk, E. L. Nugus, and J. Gribach, A. R. Congdon, Edward Chandler. Floor managers were J. A. Palmer, Andrew Hewes, A. E. Wins and A. R. Congdon.

Reading of these names of men prominent in the life of the community a half-century ago proved to be of great interest to those present. Only four on the list are still living. They are H. H. Fenn, Ed. Chandler, Ed. Hammond, and William Campbell.

Mr. Brooks responded with appropriate thanks for the gifts and for the good wishes and congratulations. He then told briefly of some of his early experiences as a member of the department when firefighters relied on bucket brigades work to put out fires. The alarm in those days, he said, was given by ringing the Town Hall bell.

A group of seven young men from the Cassidy Lake Technical school, in charge of Maurice Hoffman, entertained with orchestra numbers, and one of the group sang two solos, "There's a Gold Mine In The Sky," and "Galloway Bay."

Dale McIntyre, the principal speaker, talked of his experiences with Bud Guest of WJR, on their "Let's Get Around" program. The program consisted of "on the spot" broadcasts and his recounting of interesting behind-the-scenes incidents of these broadcasts, was much enjoyed by those who heard him. He included in his talk congratulations to Mr. Brooks and to the community and expressed pleasure over the fact that such a large group of men turned out to do honor to one of the community's citizens.

Special guests present at the banquet were Fire Chief Ben Zahn, of Ann Arbor, and three former firemen of the Chelsea department, Ed. Chandler, Ed. Gentner and Rha. Alexander. They were introduced by Mr. Keusch. Also present were a number of Dexter firemen and two of Mr. Brooks' sons, Dr. Glenn Brooks, of Rochester, and Harold Brooks, of Chelsea.

The banquet was arranged by members of the Chelsea Fire department to honor Mr. Brooks who retired recently after having been a member of the department for 50 years. He was chief of the department for 44 years and declined re-appointment this year, saying that he felt 50 years service should entitle him to retirement. Thomas Young was appointed to take his place as chief.

MICHIGAN MIRROR

(Continued from page one)

CIO had dominated the Democratic state convention. It was openly charged that the CIO was telling Governor Williams what to do.

Michigan's bi-partisan government, so called at least, was brought about by the switching of approximately one-half million voters from the Kim Sigler banner—all in two years' time.

Although Republican leaders feel that the election of a Democratic governor was a by-product of a protest vote against the Republican

governor-nominee, Governor Williams has accepted the verdict as a mandate for social causes he advocated.

The legislative session of 1949 was predestined to be a statement and draw between these two conflicting viewpoints. And since Governor Williams is ready to campaign for re-election in 1950 on the Republican-made issues, the final answer obviously must come from the voters in November, 1950.

One wise-cracking newspaper reporter recently observed at the capitol: "What Williams needs in 1950 is another Kim Sigler." Williams believes he has every-

thing he needs to win. He is confident, to say the least.

Army Seeks Men from High School Graduating Classes

A program to interest high school graduates in enlisting in the U. S. Army or U. S. Air Force will get under way soon, Sgt. 1 cl. N. Roadway said here today.

"High school graduates," Sgt. Roadway explained, "are an excellent source of the high-type, intelligent young men and women the Services are looking for today."

Sgt. Roadway said that the two Services operate more than 200 technical training courses, giving the best technical training in the world. Under the new career guidance plans, great progress is being made toward placing enlistees in jobs for which they are best suited.

and in which they can progress furthest.

"The U. S. Armed Forces Institute," Sgt. Roadway said, "gives high school graduates the chance to continue their education on the college level by study during off-duty hours. Most colleges and universities grant credits for these courses."

"We encourage students to finish high school before enlisting," he said, "and to continue through college, if possible."

Sgt. Roadway also said that it was possible for qualified high school graduates to enlist directly from civilian life for Army and Air Force Officer Candidate schools. Upon successful completion of the six months' course, candidates are commissioned second lieutenants in the Reserves and placed on active duty.

The letter had been sent to the local organization by the present national president, Eleanor Stables, former senior vice-president who took over the office of president upon the death of Mrs. Saunders.

Plans were made for the Department convention which is to be held in Grand Rapids May 22-24. Ruth Walz and Alice Moore are to attend the convention as delegates of the Chelsea Corps.

Plans were also completed for making up the bouquets for Memorial Day. The WRC is in charge of the project and will be assisted by other Chelsea organizations. They again ask anyone who has flowers to donate to bring them to the High school before 4 o'clock on Sunday afternoon, May 29.

Helen Kilmer, chairman of the local fund-raising committee, gave five dollars by the Corps to be used as a hospital fund.

It was announced that during the summer, meetings of the WRC will be held in the Town Hall.

Five-Foot Shelf of Good Looks

A TOUCH on the handle — and a wide front door swings open on a prospect full of invitation.

There's a wheel that seems actually eager for the touch of your hand.

There's a broad 63-inch seat-cushion, comfortably angled, soft and inviting, and only a hand's width narrower than a full-size parlor sofa.

There are narrower corner posts hardly wider than the space between your eyes, so plenty easy to see around — and there's a broad, sweeping, full-curved windshield spreading a horizon-wide view before your eyes.

There's a gas treadle that flicks into instant life the great power of a big Fireball power plant. Under the wheel there can be a Dynaflo selector lever you set once and then forget through all normal forward driving.

*Dynaflo Drive is optional at extra cost in all Buick SUPER models. Standard equipment on all ROADMASTERS.

And wrapping it all up in one stunningly beautiful picture of top-drawer travel is modern styling in the good Buick manner — sleek lines, bright chrome, the instant identification of gleaming Ventiports.

Here's five-feet-plus of deep-seated comfort — an outlook that brings the whole landscape indoors — handsome lines that draw admiring glances anywhere — what else is needed to settle your mind on this one?

Two things, probably. A little spin with yourself behind the wheel just to take this honey's measure. A look at the price tags and a bit of mental comparisons just to prove how big a buy it is.

For both you have only to see your Buick dealer — who will be pleased to demonstrate, pleased to talk price — and pleased to take your order for surprisingly early delivery.

JOURNALISM NEEDS YOU!

Do you like reading the Hi-Light every week? The Journalism Club, as you know, is responsible for this. At present, the Journalism club is quite large, but over half of these students are seniors. What is to become of the club next year? Will it be able to carry on? These two questions are very important to the Journalism students and the whole school. Half the members of the club graduate this year. Next year the club needs many more members. The club meets once a week during activity period. The qualifications for belonging to this club are: a 'g' average in English, and the members' attendance at at least half of the meetings. Think how proud you will feel to have your articles printed. Also the members of the club have a chance to express their opinions on problems around school. These, plus many more advantages would be yours if you were a member of the Journalism club. So, why not join and obtain the advantages it contains.

STUDENT COUNCIL ASSEMBLY

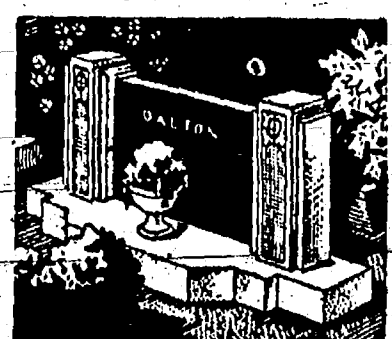

The campaign of the Junior and Sophomore candidates for Student Council offices ended Wednesday with rousing speeches given by Pat Murphy and Phyllis Kelly in behalf of their respective class candidates. Students were reminded of Ronnie Eder's and Corky Dreyer's previous and previous offices in school, and the fact that they have served well. The long line of Knicks before Stanley was brought to attention, and they too were very capable in all positions they have held. It seemed plausible from this that Stanley would be very capable in the presidency. Little was known of Kay Murphy, but we were assured that she is honest and sincere. A member of the faculty has frequently hired her for baby sitting. After the speeches the elections took place during the day.

HI-Y

The Hi-Y boys are planning to send Arden Musbach as Coyne Holiday to camp this year. The expenses will be partly paid by the organization.

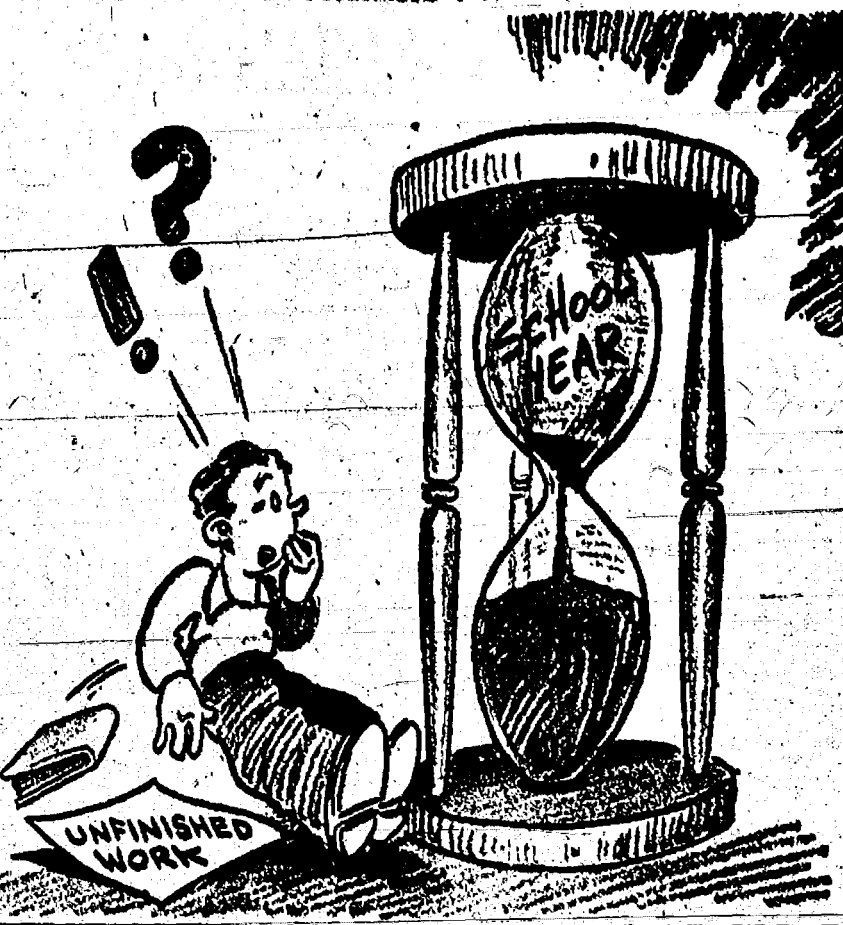

STUDENT COUNCIL

Student Council congratulated Corky Dreyer who was elected president for next year. So that the Journalism club will

49ers CRUISE

Ship Ahoy! There go the 'forty-niners on the S. S. Noronic. The time is 10 a.m., Wednesday morning, June 1, 1949. The place is Detroit.

Thus the seniors begin their cruise to Toronto and Niagara Falls. The first day they will be getting acquainted with their fellow cruisers from New Haven, Milan, Cass City, Northport, Flushing, East Lansing, Holland, Ohio, and Bendle High school of Flint. As they pass the Livingston Channel and enter Lake Erie they will be served a sumptuous dinner. On Thursday they will pass Port Colborne, go through the Welland Canal, cruise across Lake Ontario, and arrive in Toronto at 2:00 p.m. The afternoon and evening will be spent in visiting famous sites in Toronto.

The next morning at 9:00 a.m. the ship will arrive at Port Weller from which buses will transport the students to Niagara Falls where a full day of sight-seeing will take place. After this they will be taken by bus to Port Colborne where they will again board the ship.

The last evening on board ship will be spent in dancing and entertainment featuring the Amateur Night show.

Tired and weary-but-filled with the ecstasy of the trip, the seniors will arrive in Detroit at 9:00 a.m., Saturday, June 4, 1949. From there the school bus will bring them home ending their four wonderful days.

FAR AWAY PLACES
The West Indies was the stop of seventh graders in their travel through the visual aid program. The numerous seventh grade members found out about the customs, and how the people of the islands lived, worked, their houses, etc. These islands are very interesting with their historical and transportation facilities.

The movie "The Bridge" was shown to the seventh graders also. This movie helped the students understand the difficulties of the South American people. Showing how the ancient Indian tribe of Peru lived and on down to the people of today, the movie depicted the housing difficulties and living conditions. The main reason the country has not progressed as rapidly as we have is for the transportation difficulties.

ADVENTURE INTO THE UNKNOWN
Last Monday morning, with the school bus loaded to capacity, the biology classes started toward Ann Arbor. Upon entering the city

joins the museum. There they saw many lizards and two bears. These were a little more interesting to them as they were alive, but safely behind bars.

As time waits for no one, the students returned to the bus for their journey home.

Grade News ...

SIXTH GRADE

Sixth Grade Day will be held May 18. Three schools have been invited. Mrs. Magiera went away last Friday afternoon and Mrs. Steinhach substituted for her. Norissa Klingler is the new head monitor.

The class drew a picture of Ruth Ann Osterle in art last week, and they enjoyed it.

SEVENTH GRADE

Duane Satterthwaite won his birthday game Thursday, May 12. The class hopes he had a happy birthday.

The seventh grade has planned to go to Royal Oak to the Detroit Zoo June 6. The class will be transported by school bus. Fred Stoll, Duane Lantis, Judy Davidson and D. Fowler supplied bouquets last week.

EIGHTH GRADE

The class picnic at the end of the year will be held at Bartlett's at Pleasant Lake on June 9. Eighth Grade Day was successful. There were 27 visitors present. Last Thursday morning the eighth grade boys beat the seventh grade boys in softball, 8-1. Roy Fetich pitched a two-hitter.

SENIOR DOINGS

The '49ers will practice for Baccalaureate exercises Tuesday, May 31, and for Commencement exercises on Monday, June 6.

The seniors will march in accordance to height to "Pomp and Circumstance" on Commencement night.

NOTICE to Business Men:

It has come to our attention that, in certain Michigan Bell exchanges, advertising is being sold which is to appear on a "false cover" for telephone directories.

In that connection, we would like to call attention to the following provision of our tariff on file with the Michigan Public Service Commission:

"Directories regularly furnished to customers are the property of the Telephone Company and are loaned to customers; they are to be returned to the Telephone Company on request. No binder, holder or auxiliary cover of an advertising nature, except such as may be provided by or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company."

In order to render good telephone service, it is necessary that we retain full control over our directories, which are an essential part of telephone service. We consider the above tariff to be a statement of a sound and necessary business policy and one which must be enforced.

Legal action has been taken to enjoin two persons who have sold advertising on and distributed such "false covers" for telephone directories.

The Lantis family will maintain their residence here where Mr. Lantis will continue his trucking business. Mrs. Lantis has been in Napoleon since she and Mr. Lantis took over the business.

Improvement Made on M-92

—Photo by Sylvan Foto Service

The above picture gives an idea of the depth of the fill on Werkner road at the intersection of that road and M-92. Wilbert Breitenwischer, Chelsea yard foreman for the County Road Commission, estimated the depth of the fill at this point to be about ten feet. It is about 30 feet wide and 200 feet in length.

Gravely dirt for the fill was obtained from the adjoining Umstead, Kiss and Caunt farms. When asked about the amount of dirt it took for the fill, Mr. Breitenwischer hesitated to make an estimate saying however, that the amount probably would be in the neighborhood of 8,000 cubic yards. "That," he said, "is a lot of dirt."

Work of removing the hills on the three farms mentioned and using the dirt for fill-ins, was done by the County Road Commission under the direction of Superintendent Manager K. L. Hallenbeck's office in Ann Arbor.

Dirt removed from these hills has lowered them to such an extent that an unobstructed view of M-92 is possible both ways from the curve which was long considered a dangerous one. Another fill has also been made just west of the intersection on M-92. While this fill is about 800 feet long, it is much more shallow than the one pictured, the depth being about half that of the one shown above.
