## Michigan MIRROR

By Gene Alleman

Overhauling of the Michigan tax structure, whereby state and local governments get money to pay for services performed, is proposed by the Michigan Public Expenditure Survey. This group is financed by state taxpayers. Its general interest is economy in government. The legislature wound up its 1949 session last week-end with the following:

The top-of-war between Governor G. Mennen Williams, advocate of a corporation tax to raise \$50 to \$60 million, and the Republican-dominated legislature, ended in a draw. Williams didn't get his tax on corporation profits, and the legislature avoided the distasteful task of imposing a new levy. Even a suggested boost in the state gasoline tax was shelved.

How much the deficit will be, after the legislature's efforts to economize have been carefully appraised, was yet to be estimated at time of adjournment. The state sales tax is already producing less than last month, as a decline in prices brings a drop in tax revenue. And the fact still remains that 67 per cent of all the money the state collects—even though it is less than heretofore—must be returned to local governments under constitutional mandates and legislative earmarking.

What do we find ourselves on May 20 night at the point where we came in—last January. The predicted deficit is on the way. Something still must be done. What is it going to be?

The Michigan Public Expenditure Survey, in current bulletin, sizes up the problem as follows:

"In his tax message, the Governor said: 'Our patch-work structure is badly in need of a general revision. It does not, however, represent such a revision at present on the ground that time is too short if we are to avoid a financial crisis.'

"Again we may ask: 'Why? Is it ever too early to start overhauling a program which admittedly is bad, and badly in need of basic revision?'

"This question of solving the complex problem of state and local finances is not new. Far from it! Within the past five years, many different plans have been suggested to give local units, as well as the state, a 'fair deal' in the matter of revenues. Among 1949 proposals are the following:

"Set up a system under which a certain percentage of the taxpayer's income is designated for taxes—all taxes. That percentage would be split up among the various governmental units.

"Substitute a straight 1.5 per cent income tax for the sales tax; cut out all diversion, and let local governments finance their own needs through excise taxes.

"Repeal the 3 per cent sales and use taxes, and substitute a 1 per cent use tax for state purposes only—leaving local units to levy their own taxes for their own expenses.

"Repeat the state sales tax; do away with state participation in local welfare costs, and state aid to schools—except as provided in the state constitution. Allow counties to levy a maximum 3 per cent sales tax for local distribution."

"Someone once said, 'You can't have your cake and eat it, too.'

Michigan taxpayers paid a total of \$2.8 billion in taxes for the 1947-48 fiscal year (ending July 1). Of this amount \$343.2 million was collected by the state; \$247.2 million by local governments; and the remainder by the federal government.

Less taxation can come only through a reduction in public services.

More public services can lead only to more taxes.

Mr. and Mrs. Elba Gage and daughter, Mary Ann, Mrs. John Stember, Mrs. Martin Steinbach and Miss Lillian Wachob, with Mr. and Mrs. Donald Barden and children, of South Haven, attended the funeral services for Henry Steinbach at Dexter on Thursday.

## Bulldogs Win from Dexter; Lose to Climax

Tobin Pitches Neat Two Hitter Friday To Win in 10 Innings

By DWIGHT GADD

Chelsea High played 500 ball last week as they lost to Climax, 7-1, at Climax on Tuesday, and then turned around and nipped Dexter in ten innings, 3-2, under the lights at Dexter on Friday night.

The least said about the game at Climax the better. Climax bunched four hits and five errors in the fifth inning which were good for five runs and the ball game. Just for good measure they added two more in the sixth on two hits and three more errors.

Chelsea got their lone run in the sixth when Knickerbocker walked and came home on Slane's single. It was just another game which was lost by errors to a great extent.

Summary R H E

Climax 7 9 2  
Batteries—Chelsea: Tobin and Slane; Climax: Dalton and Cousins.

It was another story at Dexter Friday night as Marty Tobin came through with the finest game of his pitching career to date, as he hooked up with Howard in a tight pitching duel that was tied up 2-2 at the end of the regulation seven innings. Tobin struck out 19 while walking only two men, allowed only four hits and had to pitch over eight error support again.

Chelsea scored first as they notched two runs in the fifth inning on three singles, a long fly and a clean steal of home. Musbach led off the inning with a single and took second on a wild pitch. Heydlauff singled and Musbach took third on Howard's lead.

Tobin was in trouble in each of the last three innings but pitched himself out each time. In the eighth, the first man up singled and stole second, but Tobin bore down and struck out the next three men, the heavy end of the ninth, the first man got to second on an error, took third on an infield out, and then died there as the next two men went down swinging. Again, in the last of the tenth, a walk, and a wild pitch, but Tobin struck out the next two men and forced the last man to ground out, second to first.

## More Contributions to Resuscitator Fund

On behalf of the Crooked Lake club, Mrs. J. Vincent Burr, presented Fire Chief Thomas Young with \$36.47 toward the Resuscitator fund.

This club which originated about 30 years ago was comprised of the few families then spending their summers at the lake. Some of the families whose names can be recalled were Mainwinger, Allmendinger, Mather, Reikert, Scharder, Kraph and Burg.

Mrs. Burr consulted some of the members as to the idea of donating this long-standing fund toward the resuscitator fund and having obtained their hearty approval, offered it to the Chelsea Fire department.

In recent years since the families around the lake have increased the club has been reorganized under the present name "Crooked Lake Fish and Game Club."

Three other donations were unintentionally omitted by committee members who compiled the list. They were the donations made by UAW-CIO Local 437, the Masonic Lodge, and Harper's Garage.

He is widely sought as a speaker. Chelsea is indeed fortunate to secure his presence.

## Reunion of Sylvan School Held Sunday

The twenty-second annual reunion of the Sylvan Center school was held at the schoolhouse Sunday, May 22, beginning with a pot-luck dinner served by ladies of the district at 1:00 p.m.

Schuyler Foster presided at the meeting in his capacity as vice-president, because of the absence of the president, Oscar Kalmbach. He called on William Hailey of Jackson, who offered the opening prayer, and this was followed by the song "America," by the assembly.

Mr. Foster gave a short talk and then a group of boys from the Cassidy Lake Technical school presented vocal and instrumental numbers.

M. W. McClure, who taught the Sylvan Center school for a period of six years, read an interesting paper on her many reminiscences of her years there and mentioned the lasting friendships made in the community and the regret with which she gave up the teaching profession.

Carol West of Ypsilanti, sang several songs as the final number on the program.

Election of officers resulted as follows: Nelson West, president; Harvey West, vice-president; Minnie Allyn, secretary; and Fred Hartley, treasurer.

The table committee for next year was appointed with Bernard Hailey as chairman. She is to be assisted by Rachael West, Mabel West and Frieda Schmitz. Helen Armstrong is to be program chairman. She will be assisted by Ann Heydlauff.

About 100 persons were present for the afternoon's program and 60 attended the dinner. Those present were from Ann Arbor, Jackson, Parma, Albion, Ypsilanti, Grand Rapids, Grass Lake, Owosso, Chelsea, and Sylvan Center.

## Local Police State Results of Auto Safety Campaign

Chelsea police today announced results of the last six weeks of the accident prevention program aimed at reducing accidents due to vehicles being driven in an unsafe condition. They announced that 73 traffic violators had been stopped and that checks by them had found 11 cars with faulty brakes and 11 cars with defective lights.

State-wide figures show 94,101 violators stopped, 6,942 cars with bad brakes, 22,533 with defective lights, and 6,957 with other defects, according to records received by the Michigan State Safety Commission.

## Meth. Mother, Daughter Banquet Held

175 Guests Hear Speaker Praise Maternal Influence

Mrs. Warren Brown of Marshall, guest speaker at the Mother and Daughter banquet at the Methodist church Friday, stressed the importance of a good mother and the great influence she can have not only in the home but in the world.

She began her talk, "Four Famous Mothers," by stating that the four pillars of a home should be love, respect, unselfishness and purity, enlarging upon these four requisites in speaking of Susannah Wesley, Madam de Sevigne, and the mothers of Roland Hayes and Harry Houdini.

She said that the stability of a democracy depends on the homes of the nation and that the stability of the home depends largely upon mothers of high quality, therefore mothers directly influence the affairs of the nation for good or ill, according to their own character and qualities.

Mrs. Brown cited the influence on Methodism which stemmed from Mrs. Wesley's upbringing of her family of 19 children, two of whom were John and Charles Wesley. She was the only teacher her children knew and has always been praised for each day spending some time privately with each of her children.

Madame Curie, famous as a team-mate of her husband in the field of science, was also described as a busy woman who nevertheless always took time to be a wonderful mother to her daughter.

The mother of Roland Hayes, the famous tenor, is credited with stabilizing him and keeping him on the right path until he became a successful concert singer, Mrs. Brown said.

She spoke last of magician Harry Houdini's mother, saying that he always had great confidence in her and that she never disappointed him. He always honored her and Mrs. Brown related the story of his purchase, from a museum, of a dress which originally had been intended for Queen Victoria before her death, and presenting it to his mother.

Thus Mrs. Brown entertained through out facts to show the influence of four famous mothers from four greatly divergent walks of life, on four separate fields: church, science, music and theatrical entertainment.

One hundred and seventy-five mothers and daughters attended the banquet which was held in the church dining room, beginning at 6:30 o'clock.

Mrs. W. R. Daniels, president of the WSCS, welcomed the guests.

Mrs. John Moore acted as toast-mistress and announced the following program: Toast to Mothers, Mrs. J. E. Fletcher; vocal duet, Cynthia Lord and Barbra Wagon, accompanied by Mrs. P. B. Brosamire; toast to daughters, Mrs. J. L. Fletcher.

Mrs. John Chaplin, president of the Philathea Evening Group, presented corsages to each one who took part in the program; also to the oldest mother present, Mrs. Josephine Smith (88), of the Methodist Home; the youngest daughter present, Diane Worden, not quite two years old, and the mother with the largest number of daughters present (4), Mrs. Mac Packard.

## Community Chorus To Present Final Concert for Season

In a farewell concert for the season, the Chelsea Community Chorus will sing a variety program of sacred music, song, and ballad Friday evening, May 27, in the High school at 8:15 p.m. The public is cordially invited to hear this presentation, which culminates a highly successful musical year for the chorus.

Early last fall the chorus was organized by Bertram Gable so that Chelsea might have the opportunity of participating either actively or passively in a new musical venture. Both the Christmas program, at which the Chorus sang "The Messiah," and the Easter program, which brought to Chelsea the "Requiem," gave local people rare moments of enjoyment.

Friday evening's program offers to all who listen, appreciation of formal sacred anthems, spring songs, and the rhythmic "Ballad for America." It is a ballad which took the country by storm upon its introduction and has held it enthused ever since.

## Washtenaw Visitors' Day at Malabar

Are you interested in good land farming? Are you interested in observing soil conservation practices carried out in a practical manner? Of course you are, whether you are a farmer, banker, businessman, or in any other walk of life.

For this very purpose the Directors of the Washtenaw County Soil Conservation District are sponsoring a trip to Malabar Farm near Mansfield, Ohio. Owner of the farm and author of "Pleasant Valley," Louis Bromfield, is a nationally known writer and speaker on conservation of our basic heritage—the land.

Through the district directors, Mr. Bromfield has extended an invitation to farmers, their wives, and all individuals of Washtenaw county to visit his farm Thursday, June 2.

Groups planning to make the trip should make their own arrangements to drive. Those without transportation or having group cars, for additional passengers should call any one of the directors or H. S. Oster, County Agricultural Agent.

Directors are Walter Wolfgang, Chelsea phone 4066; L. G. Steiner, Saline phone 267 R 3; Neil Nixon, Dearborn phone 2-7454; W. G. Yarnall, phone 2483 J 1; Sam Bailo, South Lyon phone 4768.

Here is an opportunity for farmers and representatives of group organizations to learn what can be done to protect the most valuable resource in Washtenaw county.

Tour of the farm will start at 1:30 p.m. The Automobile club recommends route via Milan, Dundee, Sylvania, Maumee, US-20 to Norwalk, and Ohio 13 from Norwalk to Mansfield, or US-10 from Toledo, Ohio 120 out of Toledo to Norwalk and then Ohio 13 to Mansfield.

## Two Injured Thurs. in Auto-Bus Crash West of Chelsea

Evelyn Westfall and her brother, Arthur Westfall, both of 2510 Hayes road, were injured early Thursday evening when their car, driven by Miss Westfall, rolled into the ditch and turned over after colliding with a bus. Miss Westfall, employed in the Central Fibre plant office, and Mr. Westfall, employed at Chelsea Products, were on their way home from work when the accident occurred.

As reported by Police Officer George Doe, the Westfall car was in the center lane preparing to turn from US-120 onto old US-12 a short distance east of Foster's Tavern, when the bus skidded and rammed the rear of the car as the driver attempted to stop it. The bus, driven by Robert Iabell of Pontiac, was one of a fleet of new buses being driven through for delivery. The front of the bus was considerably damaged. The car landed bottom-side up in the ditch on the north side of the road.

Miss Westfall received cuts on the right leg below the knee, and her brother suffered several broken ribs. They were taken to St. Joseph's Mercy hospital, Ann Arbor, for treatment.

Edwin Beutler was a dinner guest Sunday at the home of Mr. and Mrs. Carl Beutler and in the evening they all visited Mr. and Mrs. Alvin Jedele and family at their home near Saline.

## Chelsea Public School Playground

REALIZING THE DANGER which results from crowded conditions on the playground of the Chelsea Public School, officials are taking every precaution possible to ease the situation. Staggered recess periods are held for different age groups, one of which is seen in the photo above, playing games.

This picture of the playground at the Chelsea school gives an idea of the crowded condition which is encountered even though alternating recess periods are being held. The prolonged period of noise and confusion makes it very difficult for pupils and teachers of High School classes in session in rooms on the south side of the building.

Publicity committee members of the Planning committee feel this to be another instance of overcrowding which should be brought to the attention of thoughtful people in the community. The only possible solution to the problem of overcrowding, they say, is to plan for added school facilities as soon as possible.

This Publicity committee is a sub-committee of the General Planning committee appointed by the Board of Education of the Chelsea Agricultural Schools district to assist in studying and in making recommendations for more adequate school facilities here.

Part of the school lawn has been fenced off to provide playground space for the smaller children.

Although the entire playground contains about 44,000 square feet it provides a space only about ten feet square for each of the approximately 500 pupils in the first six grades who use the playground.

To eliminate the dangers of overcrowded conditions on the playgrounds at noon the children who have to remain over the noon hour are now being taken by bus to the Athletic field. Here they are under supervision until their return to the school grounds. However, this plan is feasible only when the weather is suitable.

In the picture above, High School pupils may be observed in the windows of the classroom just above the playground.

Publicity committee members, in reporting activities of other sub-committees of the Planning committee, stated that a meeting held at the McLaren school Wednesday evening, May 18, sponsored by the Annexation sub-committee. Twenty-two people were present, including school directors and parents of pupils.

Edwin Beutler introduced Supt. A. C. Johnson, who explained details of the re-organization of the Chelsea district.

The meeting had been arranged by Kenneth Proctor, chairman of the Annexation sub-committee. After Mr. Johnson's talk an informal question and answer period was held, with Mr. Johnson answering questions put to him by members of the group.

## Fire Department Is Called to Cedar Lake

The Chelsea Fire department answered a call to the cottage of Orville Mock, at Cedar Lake, Saturday evening. The alarm was given in about 9:20 p.m. by neighbors who noticed a small blaze in

side of the house while the family was not at home. Articles of clothing were discovered to be on fire. Cause of the fire was undetermined. Like swimming, riding, writing or playing golf, happiness can be learned.—Dr. Boris Sokoloff.

### Miss Agnes Forner Married to K. Boylan in Saturday Ceremony

Miss Agnes Elizabeth Forner, daughter of Mrs. Bertilla Forner, became the bride of Keith L. Boylan in St. Mary's church here Saturday morning. Father Lee Laige officiated at the double-ring ceremony which took place at 10 o'clock. Miss Mary Jane Eder was the soloist and Mrs. George Clark was the organist.

The bride, who was given in marriage by her brother, Robert L. Forner, was groomed in white marquisette over white satin. A shoulder ruffle of lace edged the marquisette yoke and tiered ruffles of matching lace finished the skirt front from waist to hem. Her fingertip veil was held in place with a spray of seed pearls and she carried a loose bouquet of white carnations, snapdragons and stephanotis.

Miss Shirley O'Hara was the bride's only attendant. Her floor-length gown of nu-green tulle, featured a dangle collar and a lace yoke on the fitted bodice. She wore a halo hat and mits of matching tulle. Her bouquet, arranged loosely like the bride's, was of yellow carnations and white snapdragons.

James Gaken assisted the bridegroom as best man, and James Weber of Ann Arbor, a cousin of the bride, and Joseph Steele, her brother-in-law, were the ushers. Miss Patricia Mohrlock cut the wedding cake at the breakfast which followed and Mrs. J. A. Steele, the bride's sister, was in charge of the guest book at the reception which was held later at the home of the bride's mother.

When the couple left for a short wedding trip to Chicago, the bride wore a lilac gabardine suit with brown and white accessories. Her corsage was of gardenias and stephanotis.

The bride is a graduate of Chelsea High school, while the bridegroom is a graduate of Ann Arbor high school. The latter served three years in the Army and is now employed at the McDonald Ice Cream company, in Ann Arbor. The bride is also employed there.

Pre-nuptial parties in honor of the bride included a miscellaneous shower given by the Misses Shirley O'Hara and Patricia Mohrlock at the latter's home on May 6, at which many of the bride's former classmates were present; also, a dinner on May 17, given by Mrs. M. A. Alexander of Ann Arbor.

From where I sit... by Joe Marsh

Two Heads Are Better  
Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose, "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—

but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.

Florence Walker and Alura Geer reported on the women's division of the Michigan Safety Conference which they attended May 18. The conference was held in the Book-Cadillac hotel in Detroit. Among the speakers at the conference, they said, were Judge Lee Skeel, whose subject was "Selling Safety in the Communities," Loren Farrel, who spoke on "Fire Prevention," James Luskman, who extended Detroit's greetings, and Robert Richards, executive vice-president of the Safety Conference, who extended the president's greeting.

**When you gotta stop—you wanta stop!**

"It can stop on a dime," the salesman promised you, "—and leave nine cents change!"

And your Buick did—when it was new and brake linings unworn and everything factory-tight and fresh.

But brake linings wear—lights grow dim with time—tires can lose their bite and traction.

And with a whole summer's driving ahead, what better time than this to bring your Buick back to new-car peak in all those details that mean so much to safety?

Our men, trained in Buick ways, will give you brakes that stop you as Buicks should, with new brake linings that are right in size and brake drums turned to perfect round.

They can replace sealed-beam headlights to give you new-bulb brilliance—and while they're at it, check battery, voltage, wiring and headlamp aim to boot.

They'll check tires, switch them as needed, look into wheel alignment for easy steering.

In a word, they'll renew your Buick with the same care and interest they would lavish on their own—and do it at no greater cost than for just ordinary service.

So drop in. Get set for some summer fun that's up to lively Buick standard.

**Shop, printing shop and the Sir John Bennett's Jewelry Shop, as well as many other interesting items, including the chair in which Abraham Lincoln was killed.**

With everyone thoroughly tired but thrilled by the day's events, the group reached home at 3:30 p.m.

**MOVIES**  
The Future Farmers of America added more to their knowledge of farming last week as a result of two interesting movies.

One movie entitled "Guardians of Plenty," showed some of the many insects that are responsible for destruction of the farmer's crops. It gave microscopic pictures of them and also some of the sounds by which they may be identified. The movie went farther by showing some of the chemical developments and insecticides being made to prevent and destroy these insects.

The other movie, "Farm Power," showed many of the farm implements in operation on harvest crops. Tractors, hay choppers, hay bales, manure loaders, post-hole diggers, and other types of farm machinery were shown in action.

**SENIOR DOINGS**  
The Seniors are chartering a bus to take them to Detroit for their cruise and will use the school bus in returning.

**SEVENTH GRADE**  
Seventh graders, for the first time in their experience, take two hour exams at the end of the year. They are learning the poem "Johnny Appleseed" for the last six weeks of school.

**Waterloo School**  
Waterloo school closed on Friday, May 20, with a picnic at Clear Lake. There were 50 parents and children present and all enjoyed the basket dinner and wicker feast. After the dinner games were played.

During the last session of school on May 19, prizes were awarded as follows: Perfect attendance for the year—Doris Rothman, Llewellyn Lehman and Warren Leisinger. Doris Rothman has the record of being neither tardy nor absent during the past three years.

Brian Leisinger, Robert Rentzschler, Ruth Walz, Mary Ann Klink, Leah Jane Wahl, and David Harvey received awards for being absent only one or two days.

Good penmanship awards went to the following: first prizes, David Harvey, Mildred Carty, Paul Bradley; second prizes, Doris Rothman, Judy Woolley, Laverne Walz; third prizes, Eugene Ramp, Yvonne LeVan and Ronald Fairbrother.

**WE'RE NEARING THE END**  
Exams have already begun for some, but for most students they do not begin for more than a week. Yet most students can find time to fool around in study halls—throw paper wads, talk, and read comic books.

The night before exams these same people will be "cramping" until way past midnight. Let's settle down and try doing a little reviewing before the last nights. "Never put off until tomorrow what can be done today!"

**MEMORIES**  
Let us take a look backwards to the fall of 1948. Many things have changed, people have come and gone. We can even remember when:

Dick Seeley was in the Army. Mary Palmer was riding around in a red convertible. Kenny Proctor decided to follow a certain "Reule".

Bob Barlow wasn't making regular trips to Saline. Harvey Koselka discovered that quiet Murphy girl. Donna Noah didn't drive her parents' car to school. Bill Lyons and Becky Holifield were still living here. Joanne Schneider just started to get her Bill(s).

Chelsea was frequented by sailors every other week-end. Marjorie kept one "Robbin(s)" from going south. Ronnie Eder used to drive "Tillie" to school. Rose Ann Zeeb thought biology tests were easy. Elden and Paul decided that variety is the spice of life. J. Neil Lantis started the policy of "love thy neighbor." Walt Zeeb tried to grow a mustache.

Joan Hughes used to walk to school instead of riding in a Ford. Doris Vickers bowled 138. There weren't four sparklers in the Senior class. Gladys Hafner got to school on time.

**THEY'RE OFF**  
Members of the Civics classes and their chaperones, Mr. Cameron, Mrs. Weir, Mrs. Peabody and Mrs. Slocum, visited the Edison Institute and Greenfield Village Thursday, May 19.

Leaving here by school bus at 8:30 a.m., the expedition arrived at the Institute at 10:00 and spent the morning visiting the museum. Here they saw the development of transportation by trains, ships and automobiles, as well as the old-fashioned shops with their original wares and displays of dishes and furniture.

At 11:45 the party ate their pot-luck dinner and then toured Greenfield Village, seeing the Edison workshop, old machine shops, the general store, the Wright Cycle
