

The popular debate is on: Was the 1949 state legislature a "do-nothing" group?

Since the legislature is dominated by Republicans, while the executive branch of the state government is Democratic, possibilities for argument are unlimited. You'll probably hear it for months to come.

Here is the legislative record brief:

Legislative appropriations were the highest in state history, exceeding last year's by \$86 millions—about \$40 more than anticipated revenues.

Maximum benefits for old age recipients were increased 20 per cent from \$50 to \$60 a month. Also higher benefits were granted under the workmen's compensation act whereby dependency in industrial accidents is recognized for the first time in history. The ceiling on unemployment insurance benefits was also raised; penalty provisions were softened.

The Bouma-Tripp labor law was revised to encourage voluntary arbitration; to provide cooling-off periods and other methods for preventing strikes against public utilities including hospitals.

The sales and use tax acts were tightened to get better collections; compromises on penalties and interest charges, where evasion is obvious, were prohibited; the statute of limitation was removed where fraud is proved.

Limit on bonus applications of war veterans was extended two years to March 10, 1951. Veterans were given preference in public jobs; \$170,000 income of the veterans' trust fund set aside for veterans' hospitalization; local governments may grant special parking permits to disabled veterans.

The one-man grand jury law was replaced by a three-judge system with no immunity for state witnesses. Indictments must be unanimous.

A water resources commission was created to control pollution and to cooperate with local governments on flood control problems. Earmarking of license fees was terminated. Size limit on panfish was removed. Conservation commission was given additional discretionary power to control the deer herd.

Parimutuel betting and all horse racing at the state fairgrounds, Detroit, will be terminated Jan. 1, 1950. A bill to outlaw betting at all race tracks was killed in House committee, after getting through the Senate. The bill was introduced two years ago.

Liquor cannot be sold on state property, including state parks; bottle clubs are outlawed; a \$1-per-gallon tax was placed on out-of-state fortified wines, as a protection for Michigan-made wines; liquor legislation referendums limited to state elections.

Governor G. Mennen Williams, following his strategy of keeping the Republican legislature on the defensive, has served notice that a special session would be called (perhaps in the fall) to consider new tax revenues in order to avert a state treasury deficit. (Approximately two-thirds of the state revenues are returned to local governments).

In an appeal to the CIO state convention, Gov. Williams urged labor to "pump some guts" into legislators. He criticized them for "failure" to enact measures for public housing, agricultural "seal of quality," non-discrimination in employment, and more labor benefits.

Guy Jenkins, veteran correspondent of the Booth newspapers commented caustically: "Williams' fiscal program is almost identical with what has been coming out of Washington since the early days of the New Deal."

## High School Baseballers Close Season

Finish Schedule with Record of Six Won Against Seven Lost

By DWIGHT GADD

Chelsea High finished their season last week but missed the .500 mark for the season as they dropped two games while winning one for a final record of six wins against seven losses. The two defeats were to Tecumseh, 6-5, and Pinckney, 8-3, and the win was over Lincoln, 10-5.

On Tuesday, May 24, the Bulldogs traveled to Tecumseh and led in the game until the last inning when the Braves staged a three-run rally to win, 6-5.

Chelsea struck for their runs early in the game as they scored one in the first inning, one in the second, and three in the third. In the first inning Knickerbocker got on base on a fielder's choice, stole second, and came home on Slane's single. They got their second run on Musbach's single, an error, and Heydlauff's single. In the third inning Lehman led off and was hit by a pitched ball, Slane singled him to third from where he scored on a wild pitch. Crocker forced Slane at second, Vogel walked and both came home on Musbach's second single.

Tecumseh picked up single runs in the third, fourth, and sixth innings and then put on their game-winning rally in the seventh for three runs.

Batteries: Chelsea—Johnson, Tobin, Crocker and Slane; Tecumseh—Henkel, Murphy and D. Murphy.

In Wednesday's game at Pinckney, the Bulldogs fell victim for their hosts' eleventh consecutive victory of the season as they went down, 8-3.

The Bulldogs got all their runs in the second inning on three hits and an error. Musbach singled, McClellan was safe on the second baseman's error, and then Vogel singled Musbach home and took second on the throw-in to the plate. With McClellan taking third, Heydlauff singled to drive in both runs, and that ended Chelsea's scoring for the day.

Pinckney drove ahead in the last of the second as they scored five runs on four hits, a walk and two errors. They added two insurance runs in the fifth and one in the sixth just for good measure.

Pinckney	8	9	1

Chelsea ended their season on a victory note Friday as they defeated Lincoln 10-5 in a game postponed by rain from April 26.

The Bulldogs jumped ahead early as they counted three runs in the first inning and then added two in the third, one in both the fourth and fifth and three in the sixth inning to stay comfortably ahead all the way.

Lincoln scored two in the fifth and three in the sixth to pull within two runs of the Bulldogs, but (Continued on page ten)

TEDDY NIXON is pictured above with Priscilla, his pet donkey, and Prince, her day-old colt. The picture was taken on Teddy's grandmother's farm, where he has kept the donkey since he bought it last February with money he earned trapping muskrats.

Eleven-year-old Teddy Nixon and his twin brothers, Alton and Alvin, six years old, have had lots of fun with their pet donkey in the past few months. On one of their trips to the farm, Teddy and the twins in the cart drawn by the pet donkey, familiarly known as Priscilla, suddenly decided she didn't intend to go a step further, and

## Jay Bird Dislikes Crew Cuts on Local Gentlemen

A fighting mad blue jay on East Middle street near the downtown section has twice taken after Jim Nutt as he was peacefully going about his legitimate business during the past week. The blue jay unexpectedly swooped down, straight for Mr. Nutt's head. The only theory advanced as to the reason for the attack was that the bird didn't care for crew hair cuts!

## Supervisors Appeal Tax Diversion

Fred Broesamle, Sylvan township supervisor, is appearing before the Washtenaw County Tax Allocation Commission in the court house in Ann Arbor this afternoon to appeal the decision of the commission to eliminate townships from a share in the 15-mill tax levy.

Given as a reason for its action in voting to eliminate townships from a share in the millage of the property tax levy, is the commission's statement that a heavy welfare load seems probable in Washtenaw county this year. The full 15-mill levy, if paid to the county, would help greatly in carrying this increased welfare load, the commission argues. The commission also reasoned that townships are receiving sales tax diversion funds from the state which are greater than amounts formerly received from property taxes to pay township expenses.

At the last Sylvan township meeting it was voted to request a township tax levy of only one-half mill, his opinion state law allows one mill. Supervisor Broesamle said Tuesday that "if it hadn't been needed, this amount would not have been asked for." Expenses planned to be paid for from this amount includes election expenses, salaries of the township clerk and supervisor, etc.

With sales tax returns it had been planned to pay Sylvan township's share of the cost of the Wexner road improvement, and make much needed improvements and repairs at the Sylvan Town Hall, Mr. Broesamle said.

Mr. Broesamle will base his appeal from the decision of the Allocation Commission on his assertion that Sylvan township needs the one-half mill levy. He said in his opinion that most of the supervisors of townships affected by the decision would also enter appeals at the meeting this afternoon.

The meeting is called for 2 o'clock.

## Independents Blast Saline in Opener as Local Softball Teams Lose First Games

By "BILL" SCHATZ

The Chelsea Independents blasted their way to an easy win over Saline Sunday, 15 to 4. Portly Guy Jamison and "Handy Andy" Policht sparked the Independents' attack with four hits each. "Slim" McElanahan, our big right-hander, dished up some fancy offerings to the Saline gunners, holding them to two hits and a shut-out going into the ninth.

With two out in the ninth the gang mopped up the play, making five errors and allowing Saline to push across four runs. McElanahan blasted one of the longest home runs recorded in the Tri-County association, sailing high over the 340-foot barrier and striking a tree 88 feet beyond this mark at about six feet above the ground, scoring two mates ahead of him.

Leon Marsh, our receiver during the past seasons, is playing first base and doing mighty well for himself on the initial sack, fielding in fine form and sparking the attack in general.

Portly Guy "Gabby" Jamison, doing the receiving, is no novice at the hot spot, as Guy has had a lot of experience wearing the mask. Bill Beeman, manager of the champion Independents, was well satisfied with their toll in this initial showing.

By I. WITNESS

Tuesday night saw the opening of the local softball league with the two Chelsea teams being beaten decisively.

In the opener, Maury Hoffman's team from Cassidy Lake thumped Spaulding Chevrolet, 10-1.

The night game under the lights was between McLaughlin Motor Sales and Dexter. Unfortunately for the local fellows, they were on the short end of a 9-4 score. It seemed that Mac's boys didn't have the leg tongs necessary to hang on to the ball.

Despite the scores the teams are quite evenly matched and we believe that you fans will see some fine ball out at the local field on Tuesday nights. Next week finds Cassidy Lake vs. McLaughlin Motor Sales at 7 p.m. and under the lights. One week of practice will make the difference and we predict next week's scores will be close.

Mr. and Mrs. Donald Simpson and children of Vicksburg, and Nancy and Howard Brooks of Jackson, were week-end guests of Mr. and Mrs. Howard Brooks at their home on Lakeview. Sunday guests in addition were Mr. and Mrs. Ralph Kinner and family, of Rosedale Gardens.

SERVICEMEN OF BOTH WORLD WARS are shown in the top photo, above, carrying the colors in Chelsea's Memorial Day parade, while the High school band leads off behind high-stepping drum majorettes Phyllis Hoffman, Nellie Marie Atkinson and Maxine Whitbey.

## Plan To Hold Vacation Bible School

A Union vacation Bible school is to be held in Chelsea this year and plans are now being completed by representatives of the three participating churches, the Methodist, Congregational and St. Paul's.

This non-denominational project will include singing, games, handicraft, nature study trips and other activities similar to those carried on at summer camps. In addition, each day's session will also include Bible story instruction, periodicals for the three groups, kindergarten, primary and junior classes. All kindergarten children should be four years old or older.

The sessions will begin June 13 and continue through June 24, and will be held each day except Saturday 8:30 to 11:30 a.m. Mrs. Herbert Sanborn was named director of the vacation Bible school for this year at a meeting of representatives of the three churches held at the Methodist church Thursday evening, May 26.

Parents or other interested persons who are willing to help as teachers or teachers' assistants may contact Mrs. O. W. Morrow. Several high school girls have already been enlisted as teachers' helpers.

To help meet expenses for materials, etc., each child who attends will be asked to pay a registration fee of 25 cents.

Unless enrollment should very much exceed present expectations, the community Bible school sessions will be held at St. Paul's and the Methodist churches. Meetings of the leaders this week are being held to determine which of the departments will meet at each church.

Registration is to take place during the regular Sunday school hour at the three participating churches next Sunday, June 5. Parents may contact Mrs. Herbert Sanborn for detailed information or for arrangements for registration of their children. Her telephone number is 4021.

All children in the community between the ages of four and eleven, inclusive, are urged to register on Sunday. Parents who plan to register their children by telephone should do so immediately, Mrs. Sanborn said, so that final plans may be completed.

## Junior Baseballers Urged To Send Their Applications Now

F. W. Schiller, secretary of the Tri-County Baseball League, states in a letter to the Standard, that boys between the ages of ten and fifteen years in this community may join a summer baseball league, with games to be played on Saturday mornings.

Opposing teams will be boys of the same age from surrounding communities such as Dexter, Grass Lake, Stockbridge, Manchester, Saline, and others.

Boys of this age group who are interested are asked to fill out an application stating their name, address and age, and whether they are applying as a player or leader, and mail to F. W. Schiller, Manchester.

Prospective leaders will be contacted within the next two weeks for a meeting to be held in Chelsea, according to Mr. Schiller.

Miss Mary Lou Larson of Petoskey, and Paul Schneider, of Traverse City, spent the holiday week-end here with the latter's sister and brother, Mrs. Howard Flintoft and family, and Carl Schneider.

## Chelsea High Typing Room

Photo by Sylvan Photo Service

EACH AFTERNOON seven typewriters crowd into this small room which is about 8x10 feet. The above picture shows this small typing room at Chelsea High school where students work for extra credits while regular commercial classes are in session in the main classroom. A glass partition separates the two rooms and the teacher, Miss Michelena DeRose, thus supervises the work of the students working for extra credits while she teaches her regular classes.

Altogether, about 56 pupils, mostly juniors and seniors, take typing.

Because of the shortage of teaching and practicing room, typing is now being taught mainly in the upper grades.

Seniors are given first chance in their choice of this subject and then the eleventh and tenth graders, in that order, may choose to take the class. At present, typing is not recommended as a tenth grade subject because of lack of adequate facilities.

If enough additional room and typewriters were available school officials would prefer to require typing as a tenth grade subject, and bookkeeping in the eleventh grade, and an office practice course in the twelfth grade.

The business course would then be a good groundwork for continuation in a business college or for general office work.

Members of the Publicity committee, a sub-committee of the General Planning committee appointed by the Board of Education of the Chelsea Agricultural Schools

district, say crowded conditions in the typing room are a reflection of overcrowded conditions throughout the school. Lack of space available for expansion of the present site, they say, calls for immediate planning to provide additional space.

Increased enrollment expected in the next few years should be provided for as soon as possible, committee members state, so that all students may be accommodated for the courses they desire to take.

Typewriters in the present typing classroom are mounted on movable stands. All typing classes are held in the morning and then, in the afternoon, the seven typewriters for use in the small room are put in there, while the remaining 12 are stored at the sides of the classroom. Tables which are stored at the sides of the room during the morning typing classes are then brought out and shorthand and bookkeeping classes are taught in the afternoon.

Miss DeRose has been the teacher of commercial subjects at Chelsea High school for the past three years. She is to be the commercial teacher again next year.

**Princess Sets Style**  
A vogue for filigree spray brooches is being stimulated by Princess Elizabeth, according to leading London jewelers. They trace the style trend back to the gift of a floral spray of diamonds and rubies, notable for its filigree design, which the jewelry industry presented to the princess when she was married to Lieut. Philip Mountbatten, Duke of Edinburgh.

## The Human Race

Care Advised  
In Forage  
Seedings

A little extra care at seeding time is recommended by C. M. Harrison, Michigan State College farm crops research specialist, to help insure success of forage crops.

Small seeds of the legumes such as alfalfa, red clover, or the forage grasses should be handled differently from the cereal grains at seeding time, he says.

Plenty of lime in the soil is the first requirement. Then provision should be made for an application of adequate phosphorus and potash in commercial fertilizer before seeding at the time of seeding. All forage seedings should be made shallow. Harrison advises that there is no "best" way of seeding. Much clover seed is broadcast on top of wheat in early spring while the ground is still freezing and chawing. Alfalfa seed does not do as well when broadcast early as it does when drilled on with a drill after the ground has dried out sufficiently to allow machinery operation.

Brome grass is best seeded with alfalfa by mixing the brome with the main drill box. Three to five pounds of brome is enough where the grass seed is sown shallow.

Removal of the large hoses from the drill when fertilizer has been applied prior to seeding, allows the lighter grass seed to sift off to the side of the disks when drilling. It lands on top of the soil while most of the grain will still fall through the shoe.

Six to eight pounds of alfalfa with brome grass or a like amount of June clover seeded with two to three pounds of timothy makes a good seeding where the seed is planted shallow and slightly covered by cultipacking or dragging.

**Movement of Birds**  
It has been claimed that the Persians and Arabs compiled portions of their calendar according to the regular movement of the birds, and the only mysterious part of this natural phenomenon to them was the destination of the flyers. During the earliest years of the Christian era, writers believed that swallows hibernated in hollow trees in the winter.

**Farm Ponds**  
Use of farm ponds to supply stock water has become a common practice in areas where wells are not dependable.

Mich. Masons Elect  
Traverse City Man  
as Grand Master

HUGH J. JOHNSTON

Hugh J. Johnston, former mayor of Traverse City and its "most useful citizen in 1938," was unanimously elected and installed 99th Most Worshipful Grand Master of Michigan Masons in the Scottish Rite Cathedral at Detroit, on Wednesday, May 25.

He is Traverse City's second resident to hold the office of Grand Master. His predecessor was Herbert Montague who served as Michigan's first Mason in 1908.

Mr. Johnston, a retired Michigan Bell Telephone district superintendent, holds a long record in civic activities. As a resident of Traverse City he served as a director and president of the Chamber of Commerce.

Before moving to Traverse City, he was director of the Port Huron YMCA.

For many years Johnston acted as a Traverse City commissioner and a member of the board of county supervisors. He was also a member of the city planning commission and the county health committee.

Traverse City knows him as a past president of the Rotary club, county chairman of the American Red Cross, a member of the Salvation Army advisory board, and president of the Wolverine Chapter of the Telephone Pioneers in America.

His interest in youth won him the directorship of the Traverse City youth center, the state directorship of the Crippled Children's Society, and the presidency of the Senior Citizens Council, Boy Scouts of America.

While the new Grand Master is a resident of Traverse City, and even though Traverse City Lodge, No. 222 is his mother lodge, it was, nevertheless, under sponsorship of Durand Lodge, No. 844 of Peoria, that he entered the official line of Grand Lodge.

High school included membership in the chorus, journalism, GAA, Latin club and speech club. She was the recipient of the American Legion School Award in her junior year and of the DAR Good Citizenship Award this year.

Last year she attended the American Legion Auxiliary's Girls' State at the U. of M., and Girls' Nation at Washington, D. C.

Donna Kalmbach  
Given Scholarship  
at Michigan State

Donna Kalmbach, a member of the 1949 class of graduates at Chelsea High school, has been awarded a scholarship at Michigan State College for the 1949-50 school year.

Prof. A. J. Clark, chairman of the Michigan State College scholarship committee, stated in announcing the names of 364 scholarship winners in the state, that they are awarded on the basis of an honor scholastic average and good citizenship characteristics displayed in high school. The scholarships cover total course fees at Michigan State College for one year, and may be renewed for a total of four years if a high scholastic average is maintained by the student, according to Prof. Clark.

The awards are the first to be made under a new scholarship plan accepted by Michigan State College in February. Under this plan a total of 750 scholarships will be available, as compared to 64 which were previously awarded each year.

Donna is valedictorian of the class of 1949. Her scholastic average was 4.00. Her activities in high school included membership in the chorus, journalism, GAA, Latin club and speech club. She was the recipient of the American Legion School Award in her junior year and of the DAR Good Citizenship Award this year.

Last year she attended the American Legion Auxiliary's Girls' State at the U. of M., and Girls' Nation at Washington, D. C.

**CORRECTION**  
Joyce Unstead's name should have been included in the Junior B honor roll for the fifth marking period. Apologies, Joyce; congratulations, Juniors.

**Inquiring REPORTERS**  
What is your own personal opinion of sending one or two Journalism students to Michigan State College for the two-weeks course they offer to high school students? That was the question the Journalism club wanted the students to answer. Here are the answers:

W. Franklin—"I think it is a good idea. What they learn will help not only the Journalism club but it will also help the Senior class with its yearbook."

J. Unstead—"I think it's a good idea. It's good experience."

M. Schrader—"It's a wonderful plan. It will teach them more about Journalism and prepare them for a job when they are out of school."

Joan Hughes—"A wonderful idea. I believe it's for their benefit and will certainly help them, most of all, those who want to remain in Journalism work."

D. Howard—"I think it's good experience for the students. It not only helps them in the field of Journalism, but also in their everyday English. It would be wonderful if more students could go."

A. Lake—"I think it's a good idea because of the experience it gives the students who bring back good ideas for the club to try. The ideas gained so far have greatly improved our paper but there is still room for improvement."

M. Schneider—"I think sending two students to Lansing is a very good project. The knowledge they gain at the conference not only helps the person but gives the school a better Hi-Light."

Miss DeRose—"What I know of it, it sounds like a good idea."

B. Merkel—"A wonderful idea. Very educational."

Joyce Hughes—"Sweet—I went last year and talking with students from other schools has helped us, and perhaps we helped them."

J. O'Dell—"A wonderful idea. It has helped our club to a great extent."

**BACCALAUREATE**

The first in a series of events leading to graduation will be the Baccalaureate service Sunday evening, June 5, at the Methodist church. As the clock reads 7:30 the seniors will begin the procession down the aisle.

The Reverend O. W. Morrow, W. H. Skentelbury and P. H. Grabowski will all take part in the service. Rev. Grabowski will deliver the Baccalaureate address to the graduation class of 1949.

Also taking part in the ceremony will be the High School choir singing "Break Forth Oh Beautiful Heavenly Light," by Bach. They will be accompanied by the organist of the evening, Miss Elva Wakefield.

A cordial invitation is extended to all who wish to attend.

**JOURNALISM PARTY**

An all-high party, sponsored by the Journalism club was held last Friday after the Spring Concert. A novel method for paying admission was used at this party. A few girls circulated among the crowd and pinned small orange squares of paper on those who wished to dance. One of these squares cost a person fifteen cents and was his ticket to dance.

The proceeds from this dance will be used to help send two Journalism students to Michigan State College for a two-weeks' course in Journalism.

**STUDENT COUNCIL CONCLUDES YEAR**

The Student Council held its last meeting of the year last week. Next year a new president and vice-president will take over in the place of the seniors who held these positions this year. The president and vice-president, Dave Knickerbocker and A. Taylor, respectively, this year, have done their jobs very

Toward Tomorrow...

well, and they deserve a lot of thanks and recognition.

At the meeting the usual business was taken care of. Numerous plans were voted to be paid, and also a list of rules and regulations were brought up. These are to govern the students' actions at the school picnic, and they will be brought to their attention.

Student Council gave deserved recognition to Jackie Hughes, M. Heydlauf and T. Slane for their outstanding work during the previous year.

**BUSY JOURNALISM CLUB**

The committee appointed to revise the club's constitution made its report, which was accepted. Several amendments to the constitution were accepted. Members of this committee are: M. K. Palmer, and M. J. Jarvis.

The two members of the Journalism club are planning to send to a Journalism conference held at Michigan State College this summer. The cost of sending these two representatives is \$80. The Student Council generously donated \$20, while the FFA and senior class pledged \$10, but the Journalism club must somehow manage to secure the remaining \$40. The money taken in at the dance held after the Spring Concert last Friday went towards this purpose, but the club does still not have sufficient funds. Representatives sent to this annual conference will learn many things that will improve your school paper, so any organization which can possibly afford it would be helping the school greatly if they donated to this worthy cause.

**MOVIES**

"Do Unto Animals" was the title of one of the two movies shown to the agricultural class Monday, May 23. The movie was about ways in which livestock losses may be prevented during shipment to market. The students also learned means to prevent the bruising of animals in shipping.

The other film showed the causes of electrical fires on farms and explained steps that may be taken to prevent these fires.

The seventh grade social studies class was shown a descriptive movie of Uruguay last Wednesday. The pupils learned about this country's climate, products, and education. They realized that Uruguay has very productive farm land and the country is quite advanced.

**Grade News...**

**KINDERGARTEN**  
The kindergarten picnic will be held June 7. There will be no school for them on June 8, because the school buses will be taking other classes on trips.

**SECOND GRADE**  
The second graders are studying

about the circus and are turning their rooms into circus tents by putting pictures of animals on the walls.

**THIRD GRADE**  
The third grade is visiting the Detroit zoo Friday, June 3, and is preparing for the trip by a study of the animals.

Any of the parents who would like to come visit us are invited.

**SEVENTH GRADE**  
Doris Weinberg was absent eight days and Robert Brown has been ill for more than 18 days. The seventh grade pupils miss them very much and hope that they will return to school soon.

Two seventh graders, Janet Widmayer and Cynthia Paul, have had perfect attendance all year.

**49ers**  
"Boy! Would I like to do this again!" exclaimed Delores Edick the other night. She was referring to the day and evening that had

just ended. She started the day about noon by going swimming and ended with an evening of seeing the movie, "Red River" and a few games of bowling. For refreshment, she had a supper of Swiss steak and mashed potatoes, with the song "Kentucky Waltz" being played in the background.

Her clothes would all be in her favorite color, blue. Of course, the whole evening would be ruined if someone came up behind her very

quietly and started her. About a dozen chugging out friends for us, Delores says, "No, but they should approve of them."

To help pay for the "new look" she wears, and have a little extra also, Delores works at Clear Lake in the summer.

Little progress can be made by merely attempting to repress what is evil; our great hope lies in developing what is good.—Selected.

Committeeman Charles Cameron was present for the pot-luck supper which preceded the program and the committeemen, Albert Johnson and Kenneth Runciman, arrived in time for the program.

Acting as toastmaster and reportedly doing a fine job at it, was Douglas Kolb. He called on Dick Merkel who gave a resume of past activities of the troop members and their plans for the future. Activities for the summer, he said, will be largely outdoor camping, cooking and hiking, making full use of the coming season to complete requirements for advancement.
