To get the most for your money, remember that expert chemists can detect no difference between pure sugar extracted from beets and pure sugar extracted from cane.

Leading Home Economists freely state that any supposed difference in pure sugars is simply a *figment of the mind*. That's why cook books call for just "sugar." That's why it's smart to buy the sugar that gives you the most for your money! Buy—

Additional gifts were brought to this meeting for the church kindergarten and it was voted to dress two dolls and make a waste basket for use in the kindergarten room. It was also voted to purchase a book each month for a different department of the church school in an effort to build up the church library.

For refreshments the hostess served apple pie, cheese and coffee. Dinner guests Thursday evening at the home of Rev. and Mrs. Orville W. The next meeting is the Christmas party and will be held at the home of Mr. and Mrs. Walter Riemenschneider.

ENJOY VACATION TRIP

Mr. and Mrs. Jay Weinberg returned Monday afternoon from a three-weeks' vacation trip during which they enjoyed a tour in Mexico. Their tour took them to points of interest in all sections of the country, with the exception of the extreme eastern part. They were in Acapulco at the time the S.S. Corsair went down in the harbor. At Acapulco, also, they met a couple from Jackson, Dr. and Mrs. Lyons, who had come from California on the Corsair after visiting the Richard Braundts in Pasadena, Calif. Mrs. Braundt is the former Dorothy Dancer of Chelsea, daughter of Mr. and Mrs. Herman Dancer.

Cards were enjoyed during the evening, with Ruth Liebeck receiving high score on bridge. Mrs. John O'Hara and John Liebeck won high prizes in euchre, while Mrs. John Cook and Arthur Weber were awarded consolation prizes, and Mrs. Vincent Burg received the traveling prize.

A lunch was served after the games by Mrs. Joseph Steele, assisted by Mrs. Arthur Weber of Ann Arbor, and Mrs. George Steele.

Mr. and Mrs. Weber were the recipients of an anniversary gift from the group.

The webers were formerly Chelsea residents.

D. Gentner Improving from Effects of Polio

Mrs. Floyd Gentner and son Ronald, were in Mt. Clemens on Sunday for one of their regular visits to another son, Duane, who is a patient at the Sigma Gamma hospital school there. Duane, who was stricken with polio last summer,

is still a bed patient at the hospital but is taken to the hospital pool three times a week for certain exercises and treatment. He told his mother Sunday that he can now walk, with assistance, all the way across the pool and half-way back again. He is carried to and from the pool on a stretcher, however, because he is not yet ready to make the effort to walk without the support of the water in the pool.

Duane is taking some of his high school studies at the hospital school.

Hudson invades lower-price field

WITH FAMOUS "STEP-DOWN" DESIGN

ANNOUNCING THE NEW Hudson Pacemaker

ON DISPLAY FOR THE FIRST TIME TODAY!

See this engineering triumph... a trim-size, new car with the sensational advantages of Hudson's years-ahead "step-down" design...

A streamlined beauty with a colorful new interior featuring gorgeous wool fabrics combined with plastic Dura-fab trim...

A neat-as-can-be automobile with more room than any other car at any price, except another Hudson; yet a car that costs you less to buy... less to drive!

HUDSON'S NEW PACEMAKER is here today!... On display today!... You can see it today!

For the first time in motor-car history, you can have compactness and lower price with big-car comfort and riding qualities. For here is an agile car with more inside room than in any other car at any price, except another Hudson.

It's a trim, tidy car with a lower center of gravity than any other make—and because of this you get a smoother road-bugging ride than is possible in even the costliest cars built the old-fashioned way.

Here, Hudson's "step-down" design gives you not only all the room, comfort, safety and amazing roadability, but also all the low-built beauty, the long, free-flowing lines that can come only with the "step-down" way of building motor cars. Every body line is naturally beautiful, even to the graceful curves of the Full-View windshield.

This is Hudson's new Pacemaker... priced for millions of new-car buyers!

You ride securely—in Hudson's single-unit, all-welded, all steel Monobilt body-and-frame—safely within a box-section foundation frame that surrounds the passenger

compartment, even outside the rear wheels—relaxed in the roomiest seats in any automobile.

This is Hudson's new Pacemaker... with the new higher-compression Pacemaker engine, the power-packed engine that test drivers call "the smoothest, sweetest we've ever driven!"... the rugged, long-lived engine with new carburetion and fuel intake that make it a lightning-like performer with surprisingly saving ways!

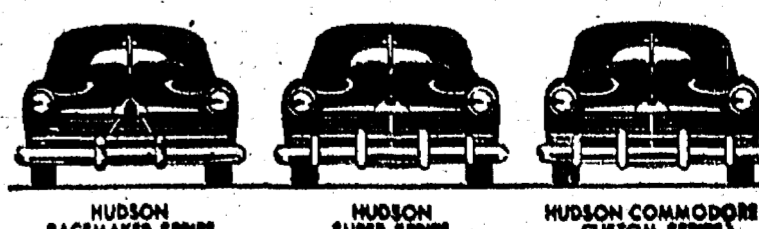

And this amazing car brings you Hudson's new Super-matic Drive (optional at extra cost)—the only automatic transmission that includes the fuel-saving advantages of overdrive and that shifts gears just as you want to shift, that doesn't creep at lights, that doesn't slip as you roll along.

There are more... many more... fresh, colorful and desirable features in this great new car... too many to mention here. Hadn't you better see it today?

THANKSGIVING
Thanksgiving is here and many of the students think it is time for a few days vacation, turkey and cranberries. In reality it is one of our first holidays. After the Pilgrims landed in 1620 and survived the first year, Gov. Bradford of Massachusetts, set aside this day as a day of giving thanks to God for the many blessings bestowed on them. It has been the custom ever since that time to set aside one day of the year for giving thanks to God. Every year since the first Thanksgiving Day we have more and more reasons to be thankful. This year is no exception, and we should take a few minutes off on this day and meditate on the meaning of the day.

DUCK! HERE IT COMES
"Oh! What a glorious morning this is," remark two young girls walking happily along to school. The trees were covered with snow and they sparkled in all their splendor. The sparkle of the trees seems to set off a spark inside of our hearts. Everyone looks forward to the snow, which comes with winter, because it gives so much fun. When snow comes into sight the air is soon filled with snowballs. It is a great surprise when you are walking slowly along to keep from slipping on the ice, to suddenly receive a terrific blow. Then you say to yourself, "What was packed in that one?"

SENIORS' REVIEW
On July 23, 1934, the stork delivered a bouncing baby girl at the home of the William Geers. After much debate she was named Sara Ellen. Sara attended the Savage school before coming to Chelsea. During her four years in high school, she has been interested in many things. She has been a member of GAA and Journalism. Sara is very interested in people; maybe that's why she has enjoyed student teaching in the grades for the past two years. Sara likes everything. When asked something she liked in particular, it was very hard for her to decide. She did say her favorites were: song, "Star Dust," food, bread and milk; sport, basketball; recreation, hiking. After graduation she plans to go to Michigan State Normal to study to become a teacher. We all wish her "good luck" with her future plans.

May 28, 1932, a catastrophe fell upon the Widmayer household. A little bundle of nothing floated down the chimney and when the Widmayers figured out what it was, they named it Gertrude. Gertrude has attended Chelsea High school for all of her four years. During this period her classmates have frozen in practically all of her classes, laughed at her witty (?) remarks, and considered her to be one of their best friends. As a costume, Gertrude prefers sweaters and skirts; chocolate cake is her favorite food and she likes the song "Temptation" (she always singing it, although some people wouldn't call it singing). Gertrude has participated in many extra curricular activities such as Journalism, basketball, chorus and track. She has held the office of vice-president in Latin club, and is now president of the Journalism class, and vice-president of GAA. Her plans after graduation are unknown to everyone, including Gertrude, but she would like to attend a business college.

SENIOR PLAY
Who's that laughing? Why it's

Mrs. DeRose, who really enjoys the funny lines and the acting in the Senior play, she's directing. Wouldn't you laugh, too, if you saw some Senior walking around with his shoes on the wrong feet, or dressed in long underwear? Perhaps you can't imagine how funny these situations are, or how long underwear fits into the plot of a play, but maybe you would just like to see the Senior class present "The Inner Willy" in the gymnasium the night of Dec. 9. You will certainly enjoy yourself.

Organizations . . .
STUDENT COUNCIL
The High school has raised \$71 of the \$72 quota for supporting a foreign school. The Student Council will attempt to get the Trans-World Airlines movie to show to grades 7-12. The plans for the sophomore

party were approved with the exception of the scavenger hunt. The Council elected four representatives for the Student Council conference in Ann Arbor in December. They are as follows: Stanton Walker, Kay Murphy, David Hoffman, and Betty Bradbury.

PARTY
Walking into the gym last Friday night, seeing all the black and orange decorations, one might have thought it was Halloween, but it was the annual sophomore-freshman party minus initiation. The evening was spent dancing and scavenger hunting in the gym. Refreshments were sandwiches, cookies and pop. Chaperones were Mr. and Mrs. Krimbacher, Mrs. Slane, and Mrs. Adams.

awing now. The girls are starting to bowl on Wednesday afternoons from 3:45 to 5:30. Mrs. Harvey is in charge of this activity.

Basketball practice started last week on Tuesday, and will be held every Tuesday and Thursday afternoon after school with Miss DeRose in charge.

A meeting was held on Tuesday, Nov. 15, to decide upon a date for the annual Sponge Dance. It will be held sometime in the early spring.

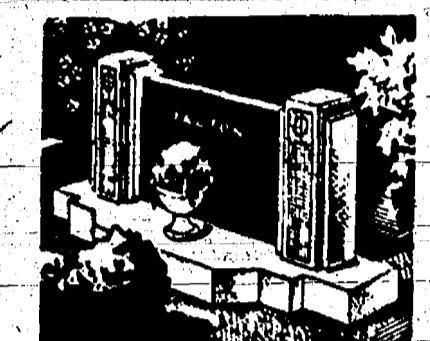

HOME EC

The seventh grade girls have just completed their aprons and potholders by having a judging contest. They are now starting a short unit entitled "Let's Not Be Sloppy Joes." This unit will probably give them some excellent ideas on good grooming.

The Home Ec. I girls have been preparing and serving lunches. For their first lunch they had several teachers as their guests and for their second lunch some of the girls' mothers came as guests.

The chorus is practicing Christmas carols which they plan to sing in a joint band and chorus Christmas program.

RED CROSS

A Red Cross meeting was held last Friday for the purpose of electing a school representative to take Audrey Lake's place. The Council elected Beatrice Fowler, with Evelyn Woods as her assistant. These girls have a lot of work to do but they are reliable and dependable and will come through with flying colors.

Their first task is the Red Cross Membership drive. Let's all pitch in and help these girls with their first task.

HI-Y

Coyne Holiday and John Popp were chosen to represent the HI-Y at the State Legislation program in Lansing.

Plans for the rifle range were vetoed by the School Board, as a HI-Y function, but could be sponsored by another organization as the Red and Gun Club.

Thanksgiving evening will be the club's first big dance, Wednesday, Nov. 23.

LET'S MAKE IT A LAW

A special committee meeting of the HI-Y was held to select a law which will be presented to the Michigan Legislature in Lansing on Dec. 9 and 10. After some remarks which were not about laws, the meeting heard many suggestions as to the best law. The final decision was "Compulsory Safety Inspection of Licensed Motor Vehicles." This will be submitted by the two representatives, Coyne Holiday and Dick Seely. The meeting was adjourned with the suggestion by Mr. Benjamin to get refreshments. For the benefit of those who are wondering, the HI-Y meetings are not all business.

ATHLETIC BOARD

"Like girls, like boys" seemed to show truth when the bill was passed for both the girls and boys to have new basketball uniforms. The girls' uniforms have arrived and the boys' are expected in time for their first game.

The cheerleaders have ordered new uniforms, too.

The Board has decided to pay half of the expense of feeding players after the games.

DOPE ON THE DIRT DIGGERS

Last Wednesday the Chelsea chapter of the FFA sent a group

of boys to Saline where they attended a corn husking contest. Represented there were Saline, Manchester, and Chelsea. Saline took first place by a margin of 41 ears. Chelsea was in second place with the highest three boys being W. Bauer, N. Bauer, and K. Kothe.

J. Herrick represented the Chelsea FFA at Manchester last week in the matter of setting up a basketball league. There was a league set up between Chelsea, Manchester, Saline, and Clinton. There is a possibility that Napoleon, Lincoln, Milan or Tecumseh might join the league also.

The FFA chapter held their regular meeting Monday night and practiced basketball after the business was transacted. The boys decided to buy uniforms for the first team and also to set up committees for this year's program of work.

NOON PERFORMANCE

The noon hour has been planned as a recreational program for the students who eat their lunches at school this year.

On Mondays and Fridays the rural students are entitled to the exclusive use of the gym from 11:30 to 12:20. The students may play ping pong or basketball.

On Wednesdays and Tuesdays the FFA boys have the use of the gym. On Thursdays there is noon dancing for all students, urban as well as rural, from 12:20 to 1:10. Mr. Stuits is in charge of the noon program, and all students who stay in the building over noon hour are entitled to participate in this recreational program.

Movies

PROJECTION PERFECT
Mr. Stuits showed his biology classes two movies. "The Frog" showed the various stages of a frog's life: egg, tadpole, and adult. It also showed the importance of a frog such as eating insects and keeping ponds clean. "Honey Bee" was about the different stages of a honey bee: egg, pupa, larva, and adult. It showed the usefulness of a honey bee in cross-pollination and making honey.

Home Ec. saw a movie entitled "Magic in the Kitchen" about the preparation of Junket and its value as a milk dessert.

The Art and II classes saw the movie "Artisans of Florence" which showed the way art is studied in Florence at the present time. On Wednesday, Nov. 3, the American History class saw "Our Constitution," about the drawing up of the Constitution, and the inauguration of George Washington.

The movie "The Bill of Rights" was shown to the American History classes on Monday. The movie gave the background of the Bill of Rights, what it meant to the people who wrote it and what it should mean to the citizen of the United States today.

SENIOR REVIEW

On Nov. 10, 1931, in Alpena, a storm came with a bundle for Mr. and Mrs. Walter Schrader. Down the chimney it came with a bang! The minute it started crying the proud parents knew it was a baby girl. After a long debate, she was named Mary Ann.

During the years, since, Mary Ann has come a long way. She started school in a country school near her home before venturing this far away. She started school right away after moving here, and has been here since.

Mary Ann has gained many friends since coming here, and during her last year in school has been active in a number of organizations. She has taken basketball for four years, and this is also her favorite sport. Athletic Board was an important object in her high school years since she was the secretary of the organization for one year. GAA also involved Mary Ann for four years.

If you were to ask some of Mary Ann's friends about her, they might tell you such things as: her likes and dislikes as they know them. She dislikes any one who calls her "Lefty," and she doesn't think parents should pick their children's friends. Her favorites are: food, chop suey; costume, skirt and sweater; song, "That Lucky Old Sun," and movie, "Knock on Any Door."

It seems Mary Ann would like to be quoted on one of her opinions so we'll do her this favor. "Be in bed by twelve, but if you can't be, don't be." She also thinks students should earn their own money to learn its value.

ST. MARY'S School Notes

Has Johnny been absent yet in the first brief span of this school term? Or is this the year that he's going to set a perfect attendance record?

If he has lost any time from school because of illness or a cold, that was a perfectly legitimate reason for staying home. If he had to be taken down town on a shopping excursion, that's too bad. The first absence is, of course, necessary; the latter must be marked "unnecessary."

Every class has a specified amount of material to cover in each week, each month, each quarter.

ter of the school year. When Johnny loses that day, he very likely misses a fundamental explanation or drill in at least one major subject—religion, English, arithmetic or geography.

Regardless of how many times Sister returns to that topic, he will still have lost that primary explanation, which is frequently the most important one. Being absent for several days could mean a lower mark in one or more subjects.

It isn't fair either to Johnny or to the teacher to keep him away from classes more often than is necessary. He cannot be expected

to learn the work in less than the allotted time, nor can she possibly drill him on all the material he has missed through absence.

On the other hand, if Johnny has had a perfect record to date, try to keep it that way. The children with the best scholastic records are usually those who never lose a day's work.

Williamston Says
'Yes' on Plans for
New Grade School

Williamston voted on Nov. 8, by a sizeable majority, to build a new elementary school at an estimated cost of \$285,000, the cost to be financed over a period of 13 years.

The assessed valuation of the Williamston School District is quoted to be \$3,000,000.

Harry Fitzgerald, chairman of a PTA-Citizens committee, speaking at a pre-election meeting in the Williamston High School gymnasium, told of the efforts of his committee to inform all people in the district of the need for a new school. Summing up his talk he stressed the point that "there was only one issue to be decided—Are we going to have a new school?" He emphasized that if electors in the community were to lose sight of that question—the need for a school—and quarrel over secondary and relatively unimportant matters such as location of the new school, then the issue might be lost and the community would not get a new school for years.

The issue, as voted upon and approved at the Nov. 8 election, calls for a \$285,000 bond issue. The term of retirement approved was 20 years, with the tax levy rate set at 14 mills. However, the plan is to retire the bonds in a 13-year period, with a starting levy of 9 mills (or \$9 per \$1,000 of assessed valuation) according to a story of the election results printed in the Williamston Enterprise, local Williamston paper.

Kreiders Welcomed
into New Home

Mr. and Mrs. Nelson Kreider, who have moved into the Robert Lantis house on Chandler street, which they recently purchased, were honored Saturday evening with an "open house" reception arranged by friends, Mr. and Mrs. Hugh Sorensen. The Sorensens had invited about 20 Chelsea friends to call at the Kreiders' home during the evening. Refreshments were served by the Sorensens.

Mr. and Mrs. Kreider, who came here from Ann Arbor, are old friends of the Sorensens. Mr. Kreider is employed as an engineer at Chelsea Products. The Kreiders have two children, a son, Jimmie, who is in the second grade at the public school, and a daughter, Christine, two years old. Mr. and Mrs. Douglas Newkirk and family who had been living in the Lantis house are now residing in the Vogel house on South street.

proposed departments of work for the women in the United Church. Separate sessions of the two groups were held prior to the assembly.

Featured speakers before the Congregational Christian women were Rev. Ray Gibbons, director of the Council for Social Action; Miss Merle Easton, director of curriculum for the Division of Christian Education; Dr. David McKelth, Jr., executive vice-president of the American Board of Missions; and Dr. Albert D. Stauffer, minister and executive secretary of the Missions Council. The Quadrennial meeting of the Women's Guild of the Evangelical

and Reformed Church heard reports from the national president, Mrs. E. Roy Corman, Pittsburgh, Pa., and other national officers and chairmen. Miss Frances Katsky of Strasburg, Ohio, treasurer of the Guild, reported that the 350,000 women of the church had contributed more than \$1,000,000 to the church's program in the last four years.

Mrs. P. G. Schable, who is president of the Ann Arbor Region of the Women's Guild of the Evangelical and Reformed Church, was the only person from Chelsea who attended the Cleveland meetings; however, a number of representatives of Congregational Christian churches and Evangelical and Reformed churches from many nearby points were present.
