## Michigan MIRROR

Tuition fees and other charges paid by students at the University of Michigan and Michigan State college have doubled in recent years. Whereas students paid 20 per cent of the U. of M. operating cost in 1929, students today pay double that amount—40 per cent, said Dr. Alexander G. Ruthven, president of the University of Michigan, in a conference with Governor G. Mennen Williams at Lansing, Mich., last week.

Dr. Ruthven pointed out that Michigan colleges are now competing with other agencies for state aid in a way which did not exist a few years ago. The result is that state legislatures have been increasingly reluctant to appropriate funds for colleges in amounts needed to finance higher education adequately. If college fees are increased further, only privileged groups will have advantages of higher education, the two college presidents warned.

One of the best things to hit the Michigan conservation movement in many years is the state park work program performed by inmates from Michigan prisons. A ski run and winter sports improvements are being completed at the Porcupine Mountain State Park near Ontonagon. Construction work is also being pushed at the Tahquamenon State Park in the Upper Peninsula. Two state recreation areas are being benefited by work programs: Pontiac Lake area and Waterloo recreational area, both in southern Michigan.

Kim Sigler, still carefree and an aviation enthusiast, is not a possible candidate for republican nomination for governor in 1950. Interviewed recently by reporters, Sigler replied to a question as to whether he would run for public office? "I'm 55, having a good time and free to take any law case I want or fly my plane where I want, when I want," Sigler recommended that republicans make an issue of the CIO "control" of the state democratic party.

Michigan farmers have completed in recent weeks the largest harvest of corn, oats and barley—all feed grains—on record in the state. The farm crop was 26 per cent above 1948 and 21 per cent higher than the previous record crop in 1942. October harvesting weather was nearly perfect.

It will cost you 12 and one-half per cent more to travel on eastern railroads as a result of a rate increase granted by the Interstate Commerce Commission. This increase has been necessary because of higher wages and other operating costs, it is explained.

The Michigan 1949 apple crop is 72 per cent above average with an estimated production of 11,735,000 bushels. All fruit production was 46 per cent above a 10-year average.

Louis M. Nims, Commissioner of the State Department of Revenue, announces that state revenue collection for October, 1949, brought an increase of \$1,982,015.07 over October, 1948. The retail sales tax increase was over \$300,000. The utilities tax brought an increase of \$600,000. The total tax collected by the department for the current fiscal year shows an increase of \$302,220.19 over the same period in 1948.

"Forced saving plan"—such is the verdict of C. E. Wilson, president of General Motors Corporation, with reference to company-paid pensions won by CIO from Ford Motor company, U. S. Steel Corporation, and other big business concerns. Wilson calls for a "voluntary bargaining method" and favors adequate federal pensions operated on a sound basis.

State department heads have requested legislative appropriations for 1950 nearly \$100,000,000 above amount appropriated for the current fiscal year ending June 30, 1950. Comment by Governor G. Mennen Williams: "We will unquestionably need new revenues to operate at present levels." Robert F. Steadman, State Comptroller, has been asked to wield a sharp axe on budget requests for more money.

More self-reliance by farm people to solve their own health problems on a local community basis was recommended by panel speakers at the third Michigan Rural Health Conference, sponsored by the Michigan State Medical Society. Authorities agreed that "there is too much reliance placed on the federal government" to remedy rural health conditions.

Reflecting the jittery thinking of many citizens about atomic warfare was a recent news report that salt mines beneath Detroit offered an ideal refuge for munition plants; a recent article in Colliers that Detroit was the number one target for atomic bomb attack if and when war developed with Russia. What next?

Mrs. Ida Wood is confined to bed with a fractured hip which she sustained in a fall at her home on Wednesday of last week.

## Cage Squad Opens Season with Victory

### Team Will Travel to Vandercook Lake Tomorrow Night

By DWIGHT GADD  
Chelsea's Bulldogs opened their 1949-50 "hardwood" schedule Tuesday night with an easy 50-24 rout of Manchester's Flying Dutchmen, here at the local "doghouse."

It was no contest right from the opening whistle as the Bulldogs jumped to a 9-2 lead in the first quarter, despite the fact that they were having first-nighter trouble trying to get a systematized attack rolling. Just as in the season's ending football game, Manchester had but spirit alone to throw at the Bulldogs, and it proved at best an active, but dull, weapon.

In the second quarter, against various combinations which Coach Magiera experimented with on the floor, Manchester almost held their own, due mostly to "leg" Leitz's seven-point spree. The Dutchmen rimmed 11 points to Chelsea's 12 and Chelsea led 21-13 as the first half ended.

The Bulldogs' starting five—John Vogel, Crocker, Knickerbocker, and Dreyer—took the floor again for the start of the second half, and they also hit for 12 points, but held Manchester to three and it gave Chelsea a firm 33-16 lead as the fourth quarter opened and the reserves again took over.

Manchester came to life for the first half of the last period as they pointed in ten points to Chelsea's four and closed the deficit to a 37-26 margin, but it was only a futile "flash in the pan" effort, for the Bulldogs' first string came back—and that ended that. Chelsea then showed the Dutchmen some real scoring as they racked up 13 points in less than four minutes, while holding the visitors scoreless, and making the final tally stand at 50-26.

Center Dave Crocker and forward Bobby Vogel paced Chelsea's attack, and led the scoring for the evening, as they each hit for 15 points. Leitz, Manchester forward, saw his seven-point second quarter production stand up to lead the visitors' attack.

It was an all-victorious night for Chelsea as the "Bulldogs" also won, 29-25. Dick Merkel led the visitors with 11 points, while Jerry Pennell netted eight for the losers.

Even though the Bulldogs had opening-night nerve trouble—they still looked the part of a team with great potential qualities. They had more fight and aggressiveness than a 50 per cent of their games last year, and while this is a definite improvement, there is still room for a lot of scrapping. Basketball is a very rough sport, and all reports to the contrary, and a championship cage team has to have a love-of-combat quality as well as skill, speed, height and experience.

Tomorrow night the Bulldogs travel to Vandercook Lake for the second game of the season against a team which they whipped twice last year. Monday night, Dec. 5, the Bulldogs will play hosts to Dexter here at home, in a game originally scheduled for Tuesday, Dec. 6. The University of Michigan football bus for all local area teams falls on Tuesday so the date was moved to allow both schools to enjoy the U. of M.'s hospitality.

For both nights—see you at game time!

## Representatives of George H. Stofor Gideons Speak at Local Churches

Representatives of the Gideons, an organization which is responsible for the Gideons Bibles placed in hotel rooms, tourist homes, etc., and is now extending its work in an effort to provide New Testaments to all high school children who care to accept them, visited two of the Protestant churches in Chelsea Sunday and spoke during the morning services. Burt Knapp, of Blissfield, spoke at the congregational church, and C. Neuman, of Lenawee county, was at St. Paul's.

They explained the workings of their organization and, after the services, accepted contributions for the continuance of the work. Approximately \$10 was donated by congregational church members, \$47 by St. Paul's and about \$8 by members of St. John's church, in Francisco, where both men attended the afternoon service. Mr. Knapp spoke at the Francisco church.

O. W. Morrow, pastor of the Methodist church, said arrangements could not be made in time for the Gideons to visit his church at this time and a representative is expected to appear there later.

## Hearing on Road Closing To Be Delayed

### Scheduled Hearing To Be One Week Later on Dec. 9

The Washtenaw County Road Commission's hearing on petitions to close certain roads in Sylvan township, scheduled for Friday, Dec. 2, is to be adjourned for one week and will take place next Friday, Dec. 9, at 2 p.m., in the Sylvan Town Hall.

Kenneth L. Hallenbeck, County Road Commission superintendent, said Wednesday that due to the regulations covering notification of public hearings before the commission, a mere postponement could not be made.

Members of the commission who are able to be present will attend the session at 2 p.m. in the Sylvan Town Hall, as originally planned.

Because one of the commission members has been unexpectedly called to Nashville, Tenn., on a business trip, the other two members have agreed to ask for an immediate adjournment until 2 p.m., Friday, Dec. 9.

Supt.-Manager Hallenbeck said Tuesday that board members felt the meeting should not be held in less than a week, and thus the decision to ask for an immediate adjournment.

The Dec. 2 date for the hearing was set following receipt of a petition regarding closing of roads in the John Hanna "mystery project" southwest of Chelsea. This second petition asks for the closing of Heim road from Sylvan road east a fraction of a mile to meet the west end of the portion of Heim road mentioned in an earlier petition. The earlier petition was presented to the Commission by John Hanna and signed by him and his wife and a number of others. A hearing on that petition was held at the Red school on Aug. 26, and a transcription of the arguments for and against the proposal to close Heim road in the area is still being studied by road commissioners.

## Heavy Snowfall Covers Countryside on Thanksgiving

Reminiscence of the old-time Thanksgiving which inspired the poet to write the words of the poem "Over the river and through the woods," etc., was this year's record snowfall of more than six inches which began early Thanksgiving morning. Many residents who had planned to spend the day with relatives at a distance elected to stay-at-home rather than cope with the dangers of automobile travel on slippery roads. Many accidents were reported all over the state.

Road crews were called out early in the day and worked steadily with their snow plows and scrapers all day and evening to keep travel moving.

"Snow sculpture" appeared in many doorways all over town as children (and grown-ups) hunted for mittens—and earmuffs and spent the afternoon playing in the snow which packed beautifully. Old-timers remember that there was a heavy snowfall in this area on Thanksgiving Day in 1917. Ordinarily, however, such heavy snowfalls are not expected here until December.

## Franklin J. Moore Dies at Waterloo Farm Homestead

Franklin Jay Moore was born May 21, 1860 in Paudling county, Delaware, Ohio, the son of John L. and Clara Frisbie Moore.

At the age of two months he came to Michigan by covered wagon, with his parents. They settled on Waterloo township, Jackson county, where he spent the rest of his life, engaged in farming.

Thursday morning, Nov. 17, 1949, he passed away at his farm home in Waterloo at the age of 89 years, 5 months and 26 days.

Dec. 6, 1888, he was united in marriage to Paulina Stadel at Jackson. Three children were born, all of whom survive to mourn his death. They are Mrs. Florence Fausser, Grace Lake; Archie O., at home, and Verne J., of Allegan. Two granddaughters, one sister, Mrs. Edna Lechner of Detroit, and several nieces and nephews also survive.

Funeral services were held at the Stormont Funeral Home in Grass Lake, Sunday, Nov. 20, at 2 p.m., with burial following in Mt. Hope cemetery, Waterloo township.

## Warn Motorists of Stop Sign Violations

The Chelsea Police department issued a warning to motorists that they must bring their vehicles to a complete stop at all intersections where stop signs are located. Officials state that approximately 90 per cent of the drivers merely slow down at the intersections.

Police Officer George Doe has stated that Safety Patrol boys are authorized to report the license numbers of all cars which are observed failing to comply with the traffic regulation requiring a full stop.

## Local Red Cross Officials Urge Early Contribution of Gifts for Vets

Red Cross spokesmen remind the people of the community who plan to participate in providing Christmas gifts for hospitalized veterans that they may have a chance to contribute for these donations. That date was set to allow time for the gifts to be delivered to the hospital and for hospital workers to plan their distribution on Christmas Day. They say they feel sure everyone who can possibly do so will help in this worthwhile effort to ensure a happy Christmas for veterans of World War I and II and for casualties among younger draftees inducted since World War I and now hospitalized at Percy Jones.

A list of items suitable to include in gift packages contains the following suggested articles: toilet articles, an omelette, tobacco pouches, poker chips, cameras, shaving mirrors, pen and pencil sets, cigarette lighters, pen knives, bed lamps, key cases, picture frames, brush sets, handkerchiefs, clothing brushes, T-shirts, olive drab socks, scarfs, gloves, ties, shoe-shining kits.

Fruit and nuts, candy, fruit cakes, Christmas cookies, etc., are also included on the list but these perishable items should be packed separately and plainly marked as to contents. They must not be included in the regular gift packages. All gifts should be wrapped in Christmas wrappings and marked on the outside with a movable label stating contents. The gifts are to be turned in here to Mrs. Leigh Palmer, chairman of the Chelsea Red Cross unit.

Additional information in regard to these gift packages may be obtained by telephoning Mrs. Palmer.

DR. FRED GRAY STEVENSON

## Film Forum To Be Given to Local Lecture Group

"Does It Matter What You Think?" will be the topic of the film forum given by Fred Gray Stevenson, consultant in Leadership Training in the Extension Service, University of Michigan, next Tuesday evening, Dec. 6, at 8 o'clock in the Chelsea Public Library. This will be the third presentation of the current season in the series of annual lectures. Pamphlets, published by the University Extension Service, such as "How To Get Democratic Action Through Parliamentary Procedures" and "Helpful Hints for Leaders and Organizers of Discussion Groups" were edited by Dr. Stevenson.

Born in Muskegon, Dr. Stevenson received degrees from the Universities of Michigan and Chicago and taught in Muskegon, Ohio, and Youngstown, Ohio. He was superintendent of schools at Dubuque, Ia., and at LaSalle, Peru Township high school, and director of the junior college there. He is also a former principal of Saginaw high school.

## Police Start Dec. Safety Campaign

The village of Chelsea has joined forces with the Michigan State Safety Commission in conducting a state-wide traffic accident prevention program during the month of December, according to Chelsea Police Officer George Doe. Hazards, and will concentrate on the greatest single holiday hazard, that of driving after drinking, they said.

The official slogan of the program will be "Drunk Drivers Lose Their Licenses." It is estimated that because more than 60,000 have lost their licenses under the mandatory provisions of the state law, this now at the rate of more than 5,000 per year.

Police stated that the month of December is the most fatal month of the year. In 1948, 10 persons were killed last December. They emphasized the fact that drunk drivers are involved in far too many accidents. A study made by the Michigan State Police showed that during the critical hours between midnight and 3 a.m., one out of every five drivers involved in fatal accidents were reported as "under the influence," four out of ten were reported as "had been drinking," and one out of two of these accidents involved one or more "drunk drivers." It showed that 40 per cent of the 20 per cent of the drivers involved in fatal accidents were reported as "had been drinking." Another study showed that the drivers, who are definitely "under the influence" of alcohol, those with as little as .15 per cent or more blood alcohol concentration are 55 times more likely to become involved in injury accidents than non-drinking drivers.

## Hallenbeck Named Head of Association

Officers of the Association of Southern Michigan Road Commissioners elected Monday at the convention held in Grand Rapids, are headed by Kenneth L. Hallenbeck, superintendent of the Washtenaw County Road Commission. Hallenbeck was formerly vice-president of the group under the retiring president, Clarence S. Johnson, of Ionia county.

Re-elected to the post of secretary-treasurer was Fred Rogers, engineer with the Livingston county Road Commission.

## Local 4-H Members Attending National Club Congress

A party of seventeen, including Washtenaw county 4-H Service club members, and their guests and Don Johnson, county 4-H club agent, left Saturday from the Kenneth Proctor farm and drove to Chicago to begin their mobile trip to Chicago to attend the National 4-H Club Congress. Members of the group from this vicinity were Dean Schweinfurth, Henry Notten, Kenneth Proctor, Jr., and Marjorie Proctor and her guest, Kathleen Eichelbach. They remained in Chicago until Tuesday.

Also in attendance at the Congress is Donna Kalmbach, winner of the Michigan state 4-H style revue who is to compete in the national style revue. She is a delegate to the Congress, left for Chicago by train on Saturday and will return to her studies at Michigan State College today or tomorrow.

Stanley Toney and Robert Breuninger who left Thursday afternoon so they would arrive in time to take part in 4-H club demonstration contests held Friday preceding opening of the International Livestock Show, returned home Tuesday night.

Stanley and Robert reported on their return from Chicago at mid-night Tuesday that they had received a "B" rating in the national demonstration contests. They were among the guests of honor at a dinner given Monday night and each also received a watch as a gift. They had an enjoyable time sight-seeing in Chicago. The boys' demonstration which won them the chance to compete in Chicago was "Feed Rations for Sheep."

## Argus Names New Plant Manager

### Local Plant Not Yet Leased to Any Other Organization

Robert E. Lewis, who was named vice-president and general manager of Argus, Inc., at a meeting on Monday of a board of directors elected at the annual stockholders' meeting, Nov. 16 and 17, released the following statement Tuesday through spokesmen for the company:

"The election of the new board of directors and officers brings to an end the period of uncertainty that has prevailed in recent months. With a well-established line of products, a skilled organization, and good financial condition, Argus is in a position to continue its growing factor in the Ann Arbor industrial community."

Mr. Lewis' statement reflects the spirit of optimism and assurance of all Argus personnel that the company is now headed in the right direction for successful operation of the plant after a period of several months of uncertainty.

Mr. Lewis is said to have extensive management and merchandising experience. He was formerly president and director of the Cleveland Wire Spring company; also, treasurer and director of the American Steel and Wire company of Cleveland, and has been associated with the Batten, Barton, Durstine and Osborn advertising agency. In 1948 he headed a U. S. government mission in charge of demobilizing factories in Germany, and immediately prior to election to the Argus post was associated with the firm of Sanderson and Porter, consulting management engineers, of New York. He plans to move to Ann Arbor with his family as soon as possible.

George J. Burke, present Ann Arbor resident and attorney, was elected president. He is senior partner in the law firm of Burke, Burke and Smith; is a member of the Michigan State Civil Service Commission; president of the Citizens' Mutual Automobile Insurance company, of Howell, and a member of the board of directors of the Detroit Edison company.

Other officers of the board who were elected Monday are Joseph L. Clemens, vice-president and treasurer; Clinton H. Harris, and Homer Hixon, vice-presidents, and Dudley Scholten, secretary.

Many Chelsea residents are employed at the Argus plant in Ann Arbor and a branch plant of the company was operated here for several months last year in the old Hoover-Bell plant. Hayes states which was completely demolished by Argus. When expected expansion of production did not materialize as had been hoped, the company found it necessary to discontinue operations here, much to Chelsea's regret. The Chelsea plant has not yet been subleased to any other firm, Argus spokesmen state.

## Dexter Fire Dept. Shares Praise with Local Crew

Saying that he felt the Chelsea Fire department, which responded so quickly to Dexter's call for help and remained to fight the blaze for more than two hours, should share the commendation, he sent to The Standard the following letter of explanatory letter and asked that it be published.

Dexter Fire Department  
Dexter, Michigan

Gentlemen: In behalf of the New York Central System I wish to commend the Dexter Fire department on their efficiency in extinguishing the fire at our freight house and elevator on Nov. 19. MRS. WALTER OTTOMAN

### Howard-Ottoman Vows Spoken at Bunker Hill Church

Gowned in ivory satin, fashioned with a full skirt and high neckline bodice finished with a small lace collar and long, fitted sleeves, the bride carried a fan-shaped bouquet of white roses centered with an orchid. Her veil was held in place with a tiara trimmed with seed pearls.

## LOOKS like a Jet Plane TRAVELS the same way

YOU see it quick-stepping along the highway—and you can't miss the parallel.

You glimpse a bold front end—sleek tapering fenders—flaring, streamlined roof lines—even to "double bubble" taillights, here is the look of "the fastest thing that flies."

Then you try one on the road, courtesy of your Buick dealer.

Adjectives flock into mind—"agile"—"nimble"—"eager."

You realize that here is action, swift and easy—action born of Fireball valve-in-head straight-eight power—action floated on soft coil springs that, for all their lightness, keep your grip on the road sure-footed and firm.

This you tell yourself, is traveling as traveling should be.

Comfortable—in the spacious manner of king-size interiors. Easy—in the lightness of controls, which can include even the magic of Dynaflo

Drive\* if you wish. Pleasurable—in the wide, wide outlook that's yours, and the inner satisfaction of having a Buick for your very own.

And we might add another thing, just by way of being practical.

It's frugal too. Frugal in a first cost that's actually less than for some sixes. Frugal in the surprising way such a sizable car gives the go-by to gas pumps.

And if you have Dynaflo, frugal even in many upkeep costs you can forget about—such as clutch troubles, transmission maintenance, even many engine servicing costs.

Why not put yourself into one of these jet-lined beauties right now? It's more easily managed than you might imagine—as you'll see by talking to your Buick dealer.

## THE CASE OF THE LOST CHORD

In the long list of equipment which Chelsea High greatly needs, a piano ranks among the top items. When a chord is struck on any of the pianos in the high school, (assuming that all of the keys work) instead of a melodious sound, a harsh, unpleasant noise is heard. "Why doesn't someone tune them?" is a question frequently asked. The answer is as simple as the question: Repairing any of the three pianos would cost just as much, if not more than purchasing a new one. But buying a new one is impossible, because too much expense is involved.

We've been told that occasionally the seniors leave a rather large sum of money to be invested in a good piano. By now there should be enough money in the pool to carry out the wish of the ex-seniors, unless possibly this money is spent for other articles more essential to the welfare of the students.

The grade school seems to contain quite a few good instruments. (High school students are so desperate that they confer the word "good" on anything that plays.) In the musical education of high school students less important than that of grade school pupils? Just one good piano for the high school would be sufficient. All realize that being moved so often doesn't help the one in the gym, but couldn't it be made stationary?

If not, what about replacing the one in the laboratory? Even a second-hand piano would do. The students feel that a piano isn't too much to ask for. After all, students shouldn't have to graduate from Chelsea High school with a deep-seated hatred for all piano music just because the school lacks a decent instrument.

## RADIO PROGRAM

The sixth grade will present a program over radio station WPAG in Ann Arbor, on Dec. 6, at 1:45 p.m. Their topic will be South Africa and they will be under the direction of Mrs. John Magiera.

## BAND

"The best things come in the smallest packages," certainly apply to Chelsea High's band. Although there are only 30 people in this organization, they formed a marching band and now they are diligently practicing for their annual "Christmas Concert" to be presented Monday, Dec. 19. As an added attraction this year the band is to accompany the chorus of a section of Christmas carols. They are considering partial sponsorship of a concert featuring the Albion college band early in the spring.

## Organizations...

## THE COMMANDING POWER

Photographers came to our high all the students. Jean McClure and Marlene Schneider were appointed to set up a schedule for the order in which the grades will be taken.

There will be an assembly Dec. 5 for grades five through twelve. A magician will be present to show the students some of his fancy tricks.

The Student Council accepted the responsibility of backing the Albion report on the same basis as the H-Y.

The FFA boys will be allowed to sell subscriptions to the magazine "Farm Quarterly."

More girls are needed to make the bowling games complete. Bowling will probably begin sometime this week.

Girls basketball practice has already started and the girls will be playing their first game soon.

## A CLASS GOES TO COURT

Eighteen students and the teacher of the commercial law class journeyed to Circuit Court in Ann Arbor, Tuesday, Nov. 22.

They attended an automobile accident case hearing. The class thought it interesting to note the manner in which the jurors were drawn. Judge Breakey excused all jurors who might be influenced on their decision by circumstances which had happened in the past. The lawyers also were able to excuse any jurors whom they wanted to, because of some reason.

After the jurors had been drawn the judge and attorney gave a brief resume of the case. The lawyer for the plaintiff questioned a witness, while lawyers for the defendant were taking down notes for cross examination.

The class thought the trip was both interesting and educational.

SPONSOR FOREIGN SCHOOL. Seventy two dollars was needed to sponsor a school for foreign children. The students in grades seven through twelve agreed to contribute a quarter each to reach this quota. The seventh grade made \$10.75, the eighth grade, \$7.75, the ninth grade \$15.75, the tenth grade \$8.75, the eleventh grade \$12.00, and the twelfth grade \$12.50. The total amounted to \$71.21 and the Student Council gave the other 79 cents to make the quota of \$72.

## Movies...

## HUNGER SIGNS

"Food comes from the soil," is what the biology class learned in a movie entitled "Hunger Signs." The soil must be good so plants and animals can live. Some signs of hunger are: corn turns yellow and tomato plant leaves turn purple because they lack calcium. Cows need calcium and phosphorus to make strong bones. Everything seems to be dependent on the soil.

## Class News...

## SENIOR DOINGS

The seniors met last week to decide where they were going on their trip. They had a few good choices and it was a tough job deciding. The decision finally fell on Mackinaw Island. The trip is to be three days long (which is very good) and is scheduled for May 28.

The seniors are vigorously working on all phases of putting on their play, "The Inner Willy," to be given Dec. 9.

## TENTH GRADE

The sophomores held a class meeting last week to discuss the possibilities of having a sleigh ride early this winter. There was no decision.

## JUNIOR HIGH NEWS

## EIGHTH GRADE

Doris Weinberg, Judy Davisson and Janet Widmayer have had birthdays in November.

The eighth and seventh grades are thinking of having a skating party this month.

The English class has been having Unit tests. The eighth grade class has seen quite a few movies for history and science.

Many of the eighth graders handed in their book reports early which were due Nov. 28. They also have a memory gem due then.

## SEVENTH GRADE

Connie Ann Steinbach was absent the Wednesday afternoon before and Monday after Thanksgiving. She went deer hunting with her parents.

Janice Welch played the birthday game. The Junior High school party which was scheduled for Dec. 2, was approved by Student Council. It was decided to have an all-high party for those who cannot get transportation to the game. The seventh and eighth grade students will be expected to leave at ten o'clock unless they have parental

permission in writing, to stay longer. High school students will depart at eleven.

## SIXTH GRADE

Sharon Dancer had a birthday Tuesday.

Some of the sixth graders are practicing with the grade school chorus for a Christmas program over the radio on Dec. 12.

The movie "What Happens to a Letter When It Goes Through the Post Office," was shown to them.

## SECOND GRADE

The second grade made turkey last week for Thanksgiving decorations. Nyla Kurtz celebrated her seventh birthday last Sunday.

## FIRST GRADE

Jean Fletcher had a birthday last Friday.

## SENIOR REVIEW

Perhaps "Bobby" is a common name, but on Nov. 25, 1931, it seemed to fit the new blue-eyed, black-haired addition to the Vogel

family. Bob has grown up in Chelsea and is finishing his last year of school here.

Baseball, being Bob's favorite sport, he has been nicknamed "Lou" after Lou Gehrig, the late first baseman for the Yankees. This accounts for his favorite movie being "Pride of the Yankees." His chief desire after school is to try to maintain a position in the big leagues. If he is unsuccessful in this ambition he plans to attend

the Albion college with his brother, Doug.

Bob is an "all-around athlete" and was selected football captain for '49. He has participated in football, baseball and basketball throughout high school. He belonged to the Latin club and was president of his Freshman class. Bob's favorite food is chicken, and any song and costume that is sensible is OK by him. A few (Continued on page eight)

and make his fondest dreams come true!

Give your youngster the thrill of being a farmer "like Dad." Set him up with toy John Deere Farm Implements that look real... actually work.

He'll get a big thrill out of the plow that can be raised or lowered for transporting or plowing, and the husky, rubber-tired wagon that will haul big loads of "play-grain" to his soap-box barn. He'll spend hours with the toy manure spreader, with its lever-controlled revolving beater that actually spreads sawdust or other light material.

Of course, the sturdy toy John Deere Tractor, with a steering wheel he can turn, will be one of his most prized possessions all through childhood.

After the business session Mrs. Charles Cameron very interestingly presented a very interesting book, "The House That Jacob Built," by Frank Gould. The book is a description of the building of "Uncle Timothy's" house in one of the New England states early in the 1800's. The builder did not follow architects' specifications but built to accommodate the family that was to grow up in the house.

Refreshments were served at the close of the program period by Mrs. M. J. Baxter and Mrs. J. V. Fisher.

The next meeting of the club will be the annual Christmas party and will be held at the home of Mrs. Leigh Palmer Tuesday, Dec. 13. At that time boxes for shut-ins of the community will be packed and a Christmas program will be given.

### ST. MARY'S SAFETY PATROL

Your children can go to and from school in safety each day of the week. St. Mary's has 17 alert and eager Safety Patrol boys, who stand guard at busy intersections morning, noon and night.

These boys have been briefed carefully and understand their duties well. The other children in turn have been taught that the Safety Patrol's word is law at all corners, that they must not cross until the signal is given.

Each day four members of St. Mary's school Safety Patrol unit are on duty at four different intersections. Despite traffic on the busy streets nearby, 101 pupils from St. Mary's cross safely several times daily under the watchful eyes of the patrol boys.
