A state corporation profits tax of 4 per cent, proposed by Gov. Williams to raise \$60,000,000 annually in additional revenues, would cost corporations only \$86,000 more per year in taxes than they pay now.

An interesting point is made by Robert Steadman, controller, Department of Administration.

As payment of taxes to the State of Michigan is allowed as a deduction in paying federal income taxes, corporations would pay 24 per cent to the state instead of 28 per cent to the federal government, Steadman contends. Uncle Sam's loss would be Michigan's gain.

One year ago Governor Williams proposed a 4 per cent tax on state corporation profits. This tax was aimed to raise approximately \$60,000,000 in new revenue.

The Governor recommended to the legislature appropriations to \$400 million in revenues, general and special. Against the estimated shortage of 61 million dollars, Williams proposed a tax on corporation profits to raise \$60,000,000.

The legislature appropriated 278 million dollars, cutting 12 million from the total of appropriations as recommended by Governor Williams.

Controller Steadman observes that the present fiscal year, ending July 1, 1950, is 2 or 3 per cent in excess of estimates made in January, 1949. This will amount to another \$5 million dollars but it will leave Michigan short by more than \$40,000,000.

Steadman explains that this year's share is figured on three bases. One-third of the share is based on the percentage wages paid in Michigan as compared with all wages paid by the corporation; one-third by property in Michigan in relation to total property owned; and one-third by the share in Michigan in comparison with other states.

Controller Steadman explains that such a tax is essentially like a tax employed already in 32 other states of the Union which cost for 611 million a year. For example, New York state increased its corporation profits tax from 1 1/2 per cent to 2 1/2 per cent, an increase of 100 per cent, to produce 40 million dollars in additional revenue for state government and state aid to local governments.

The corporation in distress that is earning as much as 6 per cent on its investment in Michigan will pay less tax under the Williams corporation profits tax plan than under the existing system of corporate franchise taxation.

Some people say that corporations cannot afford to pay the tax. But our statistical indicators over the last 10 or 20 years indicate especially during the last 2 years, are fully able to pay.

"I will give you an example of a corporation which is complaining about the 500 and some million dollars it pays the United States government in taxes each year. That corporation pays to the federal fund of the State of Michigan (Continued on page ten)

PTA Founders' Day Observed Locally

The Elementary PTA observed Founders' month with a dinner in the High School gymnasium on Monday, Feb. 16.

The dinner was served 1,000. One hundred and five parents and children were present. The after-dinner program included group singing by the children.

It was announced that the Elementary PTA will meet jointly with the High School PTA for a March meeting. The date is to be announced later.

Bulldogs Romp over Lincoln in Show of Offensive Strength

Varsity Pours in 12 Points During Five-Minute Period

By DWIGHT GADD

Flashing their best offensive show of the season, Chelsea all but ran the Railsplitters of Lincoln High right out of the local gymnasium last Friday night as they routed the last-placers, 58-35, to gain a firmer grip on second place in the league standings.

It was no contest from start to finish as the Bulldogs' fast break, ball-handling, and accurate shooting enabled them to lead, 15-6, at the quarter, and 32-12, at the half.

In the third quarter Lincoln raised its output to 10 points but the Bulldogs were banging 14 through the hoop to stretch their lead to 44 points, 46-22.

At this point Coach Magiera mercifully pulled his regulars and against the Chelsea reserves Lincoln scored nine points in a little more than five minutes, while holding the Bulldogs scoreless, making the score read 46-31 at the automatic.

At this point, with less than three minutes to go, Magiera again turned his first-string Bulldogs loose, and the scorched the meek with 12 points in as "hot" a point production spree as has been seen here or anywhere in many a moon. It was almost a five points a minute average and if a team were to "hit" like that for a whole game they would score more than 150 points per contest, something which is very rare, and we might say, next to impossible.

During this red-hot period Lincoln did manage to notch two points to make the final stand at 58-35.

Old "Poker-face" little Bobby Vogel, "southpawed" his way to scoring honors for the night with 23 points on 11 baskets and a free throw, while Dave Crocker and Stan Knickerbocker also had a good night with 14 and 12 points, respectively.

Visitors were guard Gary Cullin with 10 points. A scoring oddity came in that final burst by Chelsea, for it was done by just two players, Crocker getting seven and Vogel five.

Chelsea was very sharp last Friday, but it must be said in all fairness, that Lincoln was so out-manned and out-gunned that it made the Bulldogs look even better than just sharp. However, if they had played a game like that against Milan they undoubtedly would be in first place now.

And, against their other two conquerors this season, Vandercook Lake and Hudson, it would have been nearly as bad a rout as this was.

For the third week in a row the "Bulldogs" won a thriller as they beat the Lincoln "Matchsplitters."

Chelsea ABA Will Hold Annual Meeting at Lima Center Hall

The annual meeting of the Chelsea ABA is scheduled for Friday, Feb. 24, at the Lafayette Grange hall, Lima Center. A. C. Baltzer, manager of the state organization, will be present. He will illustrate his talk with colored pictures which he took on his trip into Europe last summer.

Everyone interested in hearing the program of the Chelsea ABA unit is urged to attend says Clifford Bradbury, inseminator-manager. The meeting is not confined to members of the association. All farmers in the community and their wives, as well as wives of members, are especially invited to be present, according to Chelsea ABA spokesmen.

There will be an election of directors and a report of the past year's activities.

Connie Steinback and Judy Davison each played a piano solo in the Junior High division at the annual district solo and ensemble contest held in Ypsilanti. Both received second division ratings, which is considered very well for their first entry in this contest.

Red Cross Drive for '50 Opens Mar. 1

Chelsea's Quota Set at \$1,250 as Plans Told for Campaign

Mrs. John Fischer, 1950 chairman of the annual Red Cross drive for funds in Chelsea, has announced that plans for the campaign, which opens on March 1, are almost completed.

Mrs. Fischer said she plans to use the block system of canvassing which has proved so successful here in past years. Captains for the four sections into which the town has been divided are Mrs. Armin Schneider, Mrs. John Fischer, Mrs. Paul Elsie and Mrs. John Chaplin.

Mrs. Fischer has been assured by Beatrice Fowler, of the Junior Red Cross, that posters, placards and Red Cross banners will be looked after by the Junior Red Cross.

The quota for the county outside Ann Arbor and Ypsilanti, has been increased by \$1,000 this year. Apportioning this increase between the several communities in the county, Chelsea's quota has been placed at \$1,250.

Mrs. Fischer believes it can be accomplished if cooperation of contributors, block solicitors and section captains compares with that of former years.

Ideally, Mrs. Fischer stated, contributors will plan to have their donations ready so that block solicitors will not need to make second calls. Those who cooperate with this plan will help greatly in bringing the campaign to a swift, successful conclusion.

Fire Dept. Entertains at Dinner Party

On Thursday, Feb. 16, a social evening was sponsored by the Chelsea fire department for active and inactive members of the department, with their wives, and a number of special guests and members of the Village Council. Members of the department are hoping to make the affair a success.

The dinner was served by members of the Women's Guild of the church. The program included prayer by Rev. P. H. Grabowski and community singing led by Paul F. Niehaus, with Mrs. Niehaus at the piano. There were games for the various age groups, and a neekie contest for fathers and sons.

In the games for boys up to eight years of age, all contestants received lollipops as prizes. In the neekie contest Olen Hart and his son, Olen, Jr., won first place, while Dean Guenther won in the teen-age group and Norman Schmidt scored highest in a quiz contest for fathers in the group.

Two comedy films were shown as the concluding feature of the evening's program.

The program committee for the banquet included Rev. Grabowski, Roy Berke and Paul F. Niehaus, with the latter acting as master of ceremonies.

Honored as the oldest father present was Fred Seitz. Arthur Paul was the youngest father attending, and Ernest Guenther had the most sons present. Four of his six sons were at the banquet.

Mary Christwell returned to her duties at Grace hospital, Detroit, Tuesday evening after spending four days here with her mother, Mrs. Lyle Christwell.

World Prayer Service Will Be Held Friday

Women of the community are being reminded that the annual World Day of Prayer service will take place tomorrow afternoon, Feb. 24, at 2 o'clock. The service, sponsored by the United Council of Church Women throughout the United States and by women's groups throughout the world, was arranged locally by a committee of women from the Protestant churches of Chelsea.

Mrs. Lyman Walker, of the Methodist church, is acting as chairman of the committee. As announced last week, women of the surrounding community, as well as those of the three Protestant churches in Chelsea, are invited to attend the service. The service will be held in the Methodist church.

Mrs. A. E. Hollidge, of the Methodist Home, will preside at Friday's service, and a foreign student from the University of Michigan is to be the guest speaker. He is Leonard Bissember, whose home is in British Guiana, South America. Carrying out the interdenominational theme of the World Day of Prayer, Mr. Bissember is a Presbyterian. He has an Indian background, his parents having come originally from India. Mr. Bissember is highly recommended as a speaker and has participated in services held on the World Day of Prayer in other communities the past two or three years.

Scheduled as soloist for the occasion is Mrs. A. A. Palmer of the Methodist church, and Mrs. Minnie Broesamle is to be the organist.

The local service will be one of more than 10,000 such interdenominational, inter-racial services to be held in the United States that day. Ninety countries throughout the world will also carry out the program in 60 different languages.

Single Ticket Named for Village Ballot

At the People's party caucus held in the Municipal building Monday evening, the following candidates were named for the village election to be held March 13:

M. W. McClure, president; David Strieter, treasurer; Joseph Dreyer, Charles Williams and Anton Nielsen, trustees, for two-year terms;

Ed. Keusch, assessor; James Daniels and Miriam Hale, library board members for three-year terms.

Marjorie Fischer, library board member for one-year term (to fill vacancy).

Party committee members for next year are Alfred Mayer, Charles Williams and George Atkinson.

The Independent party caucus was held the same evening but adjourned without naming any candidates.

High School PTA Will Meet Monday

The High school PTA will meet at 8 p.m., Monday, Feb. 27, in the Home Economics room. Mrs. Stephen Slane, publicity chairman for the group states "We sincerely hope for a greater attendance than the 16 parents present at the last meeting. That is an extremely small per cent of our potential strength to support any plan for improving our school or community."

There are several important matters to be decided at this meeting so it is urgently requested that all parents make an attempt to be present.

A musical program will be offered by the small, newly-formed orchestra, for entertainment. Members of this orchestra are all young folks of the school and community and a large crowd will give them much encouragement.

Gravel Part of M-92 Will Be Re-Surfaced

Re-surfacing of the gravel portion of M-92, located between Territorial and Wernker roads in Lyndon and Sylvan townships, is on the list of projects to be carried out by the State Highway department by the Flint contracting firm of E. P. Brady and company. The work involves about 2,000 yards of road re-surfacing with what is described by road officials as a mixture of clay, calcium chloride, binder and gravel, to form a less dusty surfacing material called stabilized gravel.

The re-surfacing is routine maintenance and is similar to work done on that portion of M-92 two years ago.

Board of Education Calls Meeting Again To Discuss Problems

Polio Funds Total Exceeds Last Year; May Reach \$1,200

Mrs. Walter Mohrlock is still receiving contributions for the March of Dimes fund which has now reached \$1,185.48. Total contribution of the Chelsea Public school, according to the final tabulation, is \$186. Of this amount \$100 was contributed by the grades from the kindergarten through the sixth grade and the remainder by grades seven through twelve.

On Monday, Mrs. Mohrlock received a contribution of \$15 which was raised in a manner unique in the present local drive. The money was collected at a party given for old and new friends at the Lima Center Grange hall Saturday evening by Mr. and Mrs. Henry Orbring, Sr., and Mr. and Mrs. Fred Gentner, and represented a free-will offering for the polio fund.

Mrs. Mohrlock, chairman of the March of Dimes fund here, believes Chelsea's total amount raised in the drive this year will top all communities of comparable size in Washtenaw county. She is still hoping that late contributions will bring the total to the \$1,200 mark.

The amount raised here in last year's March of Dimes drive was \$680.35.

Seek Opinion Regarding Park Expense

At the regular Village Council meeting held Monday evening, Feb. 20, it was voted that an advisory ballot should be submitted at the regular village election on March 13, on the question of raising funds for the Pierce Memorial park development project.

Requests to the council for funds for the park project in the past could not be granted, officials stated, because there were no funds on the purchase. The advisory ballot was decided upon as a means to discover the wishes of the people in the village in regard to raising money for the park development program by levying a property tax equivalent to a one-half mill levy.

At Monday's meeting, also, permission was granted to Consors Power company to build a sub-station on Wilkinson street at the intersection of the old Borand line property. The sub-station is to be an outdoor installation enclosed with cyclone fence. No building is to be erected. The sub-station at this point, it is said, will improve electrical service in Chelsea and in the industries served directly by the company.

The Washtenaw county Alumni association of Michigan State college met at the Michigan Union in Ann Arbor Tuesday, Feb. 21 for a dinner meeting. George Gurrie and Charles Hall from MSC spoke. Paul F. Niehaus of Chelsea led group singing. Those from Chelsea who attended the meeting were Mr. and Mrs. M. W. McClure and daughter Jean; Mr. and Mrs. H. T. Moore, Mr. and Mrs. Anton Nielsen, Mr. and Mrs. D. A. Riker, Dr. and Mrs. P. E. Sharrard, and Mr. and Mrs. P. F. Niehaus.

Dr. and Mrs. Clare Holt of Detroit, were Sunday guests of Mr. and Mrs. Ralph Klingler. In the afternoon the Klinglers and their guests went to the Klingler farm where they inspected the "20th century" barn the Klingler brothers completed in the past year.

The public is urged to attend tonight's meeting. School officials state that they feel that views and ideas expressed at these meetings will help them in their efforts to plan a school building program which will prove satisfactory to a majority of the people in the community.

Monday's Meet So Poorly Attended No Decision Reached

Only about 35 people attended the public meeting called by the Board of Education and held in the study hall at the High school Monday evening for the express purpose of affording people an opportunity to air their views on the school needs for the community. The meeting was conducted as previously planned, with those in attendance dividing into small discussion groups after the general opening assembly during which the school problem, as it appears to date, was explained.

The subject on which all discussion groups were in accord was that there is no question whatever about the need for additional buildings to provide facilities for the school system here. The question on which complete agreement could not be reached at Monday's meeting was whether an elementary or a high school building should be the one provided at this time.

Leaders of the discussion groups met with members of the Board of Education after the meeting and it was decided to call another public meeting for further discussion, to be held in the study hall at the High school tonight, (Thursday) at 8 o'clock.

Figures prepared in leaflet form by the Board of Education, giving tax schedules for bond issues of varying amounts, were distributed to those who attended Monday's meeting. Taking the figure of \$276,000 (arrived at as the cost of the elementary school as previously planned, minus visual aids room, library, shower and conference rooms, etc.), the table of figures gave the tax rate for Sylvan township as \$3.64 per \$1,000 of assessed valuation for the first three years of a 12-year plan of bond retirement. This amount would decrease to \$4.57 by the end of the 12-year period.

A high school building, based on figures showing the cost of high school building programs in school systems of Michigan similar in size to Chelsea's, would require a bond issue of approximately \$550,000. On a 16-year plan of bond retirement, the table shows, Sylvan township taxpayers would pay \$14.35 per \$1,000 of assessed valuation for three years, decreasing gradually to \$6.73 per \$1,000 by the end of the period.

The amount of tax differs in each of the seven townships in the Chelsea Agricultural school district. In Lima township the rate for the \$550,000 bond issue for a high school would be \$12.60 per \$1,000 for three years, decreasing to \$5.98 per \$1,000 at the end of the 16-year period. On the other hand, Dexter township's figures per \$1,000 would be higher than those of Sylvan township on the same bond issue.

Rev. Orville W. Morrow, Pastor
10 a.m.—Worship service.
Throughout America, Sunday, Feb. 26, is "Layman's Sunday." This observance is Church-wide and every layman is urged to be in a pew in the church. First, to support his Church in its nationwide mission; and secondly, to give personal backing to the laymen on the program.
The pastor will conduct the devotions for the congregation and deliver a concrete appeal.
The laymen speakers are: Gerald Carr and Charles Cameron. Music will be furnished by the regular choir.
The service is the first step toward the "Week of Dedication." 11:10 a.m.—Church school.
Parents' class, Senior class, and Adult class.
7:00 p.m.—Youth Fellowship.
We hope our people will take time to support the Lenten service Wednesday evening, March 1, at 7:30.—Sunday School.
The church night supper will be held tonight at 6:30. The speaker is Rev. Vern A. Panzer.

Floor Sealers Penetrate
Penetrating floor sealers are used frequently on floors where traffic is quite heavy. These finishes sink into the pores of the wood, leaving practically no surface film for wearing away. Worn spots are removed by wiping on more of the material. These sealers are applied with a wide brush or with a special applicator, working across the grain and then smoothing out in the direction of the grain. Buffing with an electrical floor machine or with steel wool is recommended.

MSC "Flying Classroom" Goes to Europe

Michigan State College will launch its first annual European "Flying Classroom" March 18, under direction of Prof. Carl M. Horn, head of continuing education at MSC. Horn, left, discusses plans with M. A. Waldo of Waldo Travel Agency in Lansing, technical consultant for the tour, and Dr. Paul H. Kinzel, right, director of travel service for the National Education Association. Sixty top-flight educators from every state in the nation will take part in the six-week flying field study of economic, political, social and educational conditions in 12 European countries, including 12 possible Czechoslovakia. Several thousand organizations will join hands to provide scholarships for one representative from each state, as selected by state educational committees. Horn is the nation's leading exponent of "education with wings" and has directed five regional and national "Flying Classroom" studies in the past five years.

Methodist Home To Be Represented at National Meet

With headquarters in Chicago, Dr. O. J. Carder, St. Joseph, Mo., is president of the association. Featured at the two-day meeting will be the presentation of citations to four new members of the Methodist Hall of Fame in Philanthropy, observance of the centennial of American Methodist homes for the aged, and recognition of personnel with long service records.
Nine Methodist bishops are scheduled to appear on the program, together with other nationally prominent leaders in the field of health and social service. Current problems in various phases of hospital and home work and the latest techniques in dealing helpfully with them will be discussed.

Orchard Pruning Demonstrations To Be Held in County

Two orchard pruning demonstrations and a fruit growers meeting are being scheduled for Feb. 27 and 28, according to H. S. Osier, County Agricultural agent. Karl Bailey, fruit and vegetable specialist, will be in the county these two days.

The first pruning demonstration will be held Monday afternoon at the orchard of Jacob Grant on Jackson road. The second pruning demonstration will be held Tuesday morning at 10 a.m., in the Lee Talladay orchard, Augusta township. A meeting of the fruit growers will be held Tuesday afternoon at the Austin orchard packing house, south of Saline, at 1:30 p.m.

Seasonal orchard management problems will be discussed by Mr. Bailey. A number of individual orchard growers will be visited Monday and Tuesday by Mr. Bailey and Mr. Osier, to take care of individual requests for assistance which have been received by the County Extension office.

Local Health Departments Make Plea for 'More Adequate Funds from Taxes'

"Michigan's full-time local health departments are unsoundly financed and many of them are inadequately financed," directors of the state's local health departments pointed out in their recent Lansing conference, and they urged that an attempt be made to insure adequate funds from tax sources.

In their 54 recommendations to the State Health Commissioner, the local health officers pointed out that the people of the state should know the amount spent for protective and preventive health services, and that this amount should not be grouped with others such as hospitalization of mental patients, care of crippled children and medical care of indigents so that the overall figure gives Michigan people a misleading idea of the cost of their health protection.

To protect Michigan people from communicable diseases, the health officers urged better reporting of communicable disease, a plan for disease control among migratory farm laborers and better cooperation between tuberculosis sanatoria superintendents and local health officers to insure the best use of tuberculosis facilities. In a similar field, the health officers urged doctors to make blood tests of all expectant mothers to reduce the number of cases of congenital syphilis.

Health officers recommended full cooperation between the local health departments and the local medical societies and Red Cross chapters in the Michigan blood plasma program to assure that plasma and fractions are available for prevention and treatment of illness wherever needed. They also urged broader cooperation between the local health departments and the personnel of the State Department of Agriculture and the Liquor Control Commission who make local inspections related to health matters. The health officers recommended certain changes in the consultation program of the Michigan Department of Health, and asked that regional conferences for discussing local problems be re-established on an annual basis.

These and suggestions for many other phases of health activities in the state were included in the recommendations which were presented to State Health Commissioner Albert E. Heustis at the close of the Feb. 8-10 commission's conference.

Michigan Livestock Exchange Members Hold Annual Meet

Washtenaw county members of the Michigan Livestock Exchange will hold their annual meeting on Tuesday evening, Feb. 23, in the Farm Bureau store hall at 8 p.m. There are 2,000 members in Washtenaw county. Chairman of the program committee, Robert Gilbert of Dexter, reports that an interesting program is being prepared. Dr. B. J. Kilham of the State college, will discuss livestock diseases and feeding feeders.

Quite a few livestock feeders have had losses from shipping fever in cattle and overfeeding in lambs, control of these trouble will be discussed by Dr. Kilham.

Ike Walton, manager of the Detroit office, Michigan Livestock, will discuss market trends and livestock marketing. There will also be the election of delegates to the annual meeting in March, and a special discussion period. All farmers interested in marketing livestock are urged to attend, says Mr. Gilbert. Other members of the committee arranging for this meeting include Walter Mast, Webster township; Jack Bradbury, Lima township; and Wm. Hayes, York township.

GLICK'S

George Ellenwood has been a patient at St. Joseph's Mercy hospital, Ann Arbor, since Tuesday of last week when he suffered injuries to his left hand while at work. Mr. Ellenwood is employed at the Detroit Abrasive company plant on Chelsea-Dexter road. Members of his family said it was feared he would lose two of the injured fingers.

Sgt. and Mrs. Wm. Joseph left Feb. 10 for San Antonio, Tex., where Sgt. Joseph will be stationed. On their trip they stopped at Memphis, Tenn., to visit her brother, Harry Wellhoff. Also they traveled through most of the flooded area and saw many places of interest.

IN MEMORIAM In loving memory of our wife and mother, Mrs. Irene E. Goltz, who passed away one year ago today, Feb. 23, 1940. Sadly missed by husband and children.

THANK YOU We wish to take this opportunity to thank our friends, neighbors and relatives for their presence and generous contributions to the wedding anniversary and for the remembrance of Mr. Hinderser's birthday. Mr. and Mrs. George Hinderser.

THANK YOU I wish to express my thanks to all my relatives, friends and neighbors for the cards, candy and fruit sent to me while I was at the hospital and since my return home. Frank Schmitz.

CARD OF THANKS I wish in this way to express my thanks and sincere appreciation for the many kindnesses shown me and my family during my stay in the hospital, thanking those who sent cards and flowers. Mrs. Charles W. Myers and Family.

CARD OF THANKS I wish to express my sincere thanks and grateful appreciation for the many acts of kindness, comforting expressions of sympathy and beautiful flowers received from my kind friends and relatives after the passing of my beloved mother. Mabel Hoppe.

More Efficient Crop Production Is Key to High Profits, Low Costs

FARMERS hear a good deal about the need for cutting costs these days. This is important, with production expenses high and most farm prices slumping.

Where to cut is a problem. It is false economy to reduce costs by cutting down on essential items such as fertilizer, good seed, feed supplements or good heifers.

Missouri University agricultural economists advise farmers not to be "penny wise and pound foolish" in the matter of buying fertilizer. They point out that money spent on plant food is an investment that pays out in a short time. It gets more efficient crop production. And efficient crop production that yields more bushels per acre is the key to cutting costs and building profits.

The Middle West Soil Improvement Committee points out that fertilizer does its best job of boosting yields and reducing costs when it is used up with other good soil and crop management practices. The best such a program is a good rotation of crops. Among other things, are well-adapted, good quality seed crops, cultural methods, returning crop residues and barnyard manure to the soil; and keeping soil water at home by conservation practices such as cover crops, contour cultivation and strip cropping when needed.

Mrs. Lyle Chriswell was at Jackson Friday to attend funeral services for Mrs. Alice Krug. Mrs. Krug was a niece of Mrs. Ella Chriswell of Chelsea.

Kiwanis Meeting at Miami Will Be International

More than 10,000 persons are expected to attend the 35th annual convention of Kiwanis International, May 7 to 11, at Miami, Fla., officers of the Chelsea Kiwanis club were informed today.

H. T. Moore, president of the club, said that reports from the Miami Kiwanis convention headquarters indicate that preparations for the five-day meeting are fast nearing completion.

Many nationally known figures will be on hand to address delegates, representing 3,100 clubs and 200,000 members throughout the United States, Canada, Alaska, Hawaii and the Yukon territory, Moore said.

The speakers will include, among others, Secretary of Defense Louis Johnson, General Charles P. Romulo, president of the General Assembly of the United Nations, the Rev. Marshall R. Reed, bishop of the Methodist church in the Detroit area, and John Fisher, Toronto, widely known Canadian radio commentator and newspaper columnist.

J. Hugh Jackson, dean of the graduate school of business at Stanford University, Stanford, Calif., and president of Kiwanis International, will preside over the various convention sessions.

Red Cross To Give Water Safety Course

An instructor's course in water safety will be given by the Washtenaw county Red Cross beginning April 24, at the Intramural pool, in Ann Arbor. Edward Hauptmeier, field representative for the Red Cross area office in St. Louis, will be the instructor.

The course will be given from 7:30 to 10:30 p.m., Monday through Thursday, for two weeks. Men and women, at least 18 years old, who hold a current life-saving certificate, are eligible.

After the business meeting valentine games and canasta were played, followed by refreshments of ice cream and cake.

—Arlene Loeffler, reporter

All persons interested are asked to register by calling the Red Cross office in Ann Arbor, telephone Ann Arbor 2-5546. Instruction is free.

ACT NOW!

It seems that Chelsea, compared to other nearby localities, has a very poor recreation center. For the youths in Chelsea High the parents seem to think that a game and the following dance is enough, but do you realize that these games are only once a week and then a percentage of them are away?

What are the students to do on those other nights? Sure! The local movie can provide his moody evening with a moody picture. Oh, yes, we are aware that we are protected under the curfew law, but what fun is there if we can't even stop at a soda fountain afterwards? There is the game, dance and then home, which ordinarily doesn't sound bad, but let me explain: the dance is out at 11:00 and to be home at 11:00 we are to leave early. Can you really blame the students, especially the seniors whose last year in school is practically spoiled because of being treated like a baby, for feeling a bit restricted?

Most parents say that they would like to cooperate with the high school students, but "what can be done now?" you ask. A Youth Center would be the answer to a lot of problems. If one was set up

in Chelsea to provide dancing, bowling, all sorts of recreation, and a dairy-bar combined, there would be less juvenile delinquency in our community.

Yes, we realize your side of the story, too. You think it is just a passing fancy. Was our idea for a new school a passing fancy? No, but did we get it? It isn't a fancy in our mind, but you are fairly well convinced it is. Do you realize that you could easily discover this answer if Chelsea was to get a Youth Center and you would also be answering numerous students' prayers and dreams!

STUDENTS VS. COOPERATION

One very great problem has risen in Chelsea High. There is very little cooperation on the part of the students even though a function may be for their own good and enjoyment.

When teachers try to be especially nice to their pupils a few just seem to try to run away with the situation. At a recent assembly the students were asked a question which involved a show of hands. Very few people responded, however, even though they had the same opinion.

This certainly isn't very cooperative. When one is asked a question he should always answer as accurately as possible. Surely the people who don't cooperate wouldn't like to have other people act the same way toward them.

Let's try to cope with this situation by practicing this very old rule: "Do unto others as you would have them do unto you."

WHAT WOULD HAPPEN IF—

Everybody came to school on time?

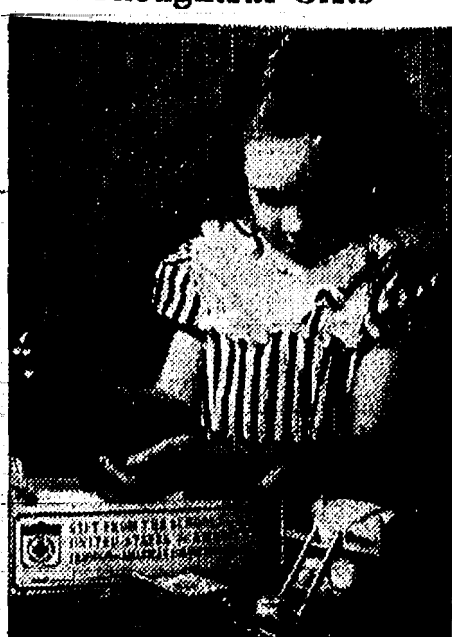

Mr. Cameron told some funny jokes?

The girls got the gym more often?

Jean wasn't going with Arden? The seniors could sell their booster plates?

The Athletic Board finished its meeting on time?

Thoughtful Gifts

This pensive Junior Red Cross member is packing one of the more than 400,000 gift boxes sent to needy children abroad last year.

THE CHORUS

The Chorus teacher got laryngitis.

Pat Scott could stop dreaming (or at least look interested) in Government class?

There wasn't a Journalism club?

The Freshman boys weren't so small?

Joe could get a date with Judy?

Joan was content with one man?

Corky didn't like Jana Lou?

There were no librarians?

Nobody went to basketball games?

Dave Crocker wasn't so tall?

Mr. Smith would dance with some of the girls?

Mr. Chandler got a butch cut?

Marilyn couldn't play forward as well as guard?

Danny Maroney gave a report in Government class?

David Myers had black hair?

George H. didn't drive the Crosley?

Arlene and Ruth didn't have friends in Manchester?

"ATTENTION DRIVERS"

The Safety Patrol boys ask cooperation, and deplore the fact that many motorists fail to observe stop signs. These signs are for the benefit of your children. Over three hundred grade school children and nearly as many more high school students cross the streets daily. These students are crossing at the time when the traffic is heaviest. Patrol boys are stationed at all of the crossings and the least they ask of motorists is to heed these signs. Patrol boys are doing their duty by assisting children across the streets safely, but the question is, "Are the motorists doing their duty, who merely slow down, when the sign says "Stop"?"

SENIOR REVIEW

Attention: On the date of July 12-13, 1949, the town of Goodrich, Michigan, a bouncing baby girl entered the Jack Bradbury family. Yes, this is the starting of the same old story—but wait! Writing about Linda, as you shall find out, is not the same old story, but very different. Linda is a very energetic girl and to keep on the good side of her, please don't talk about "the farmers" because she is a farmer's daughter from start to finish.

She is a very intelligent one (but still a farmer's daughter). Linda is in all her glory when she is sitting square dancing or eating chocolate cake. She thinks high school students are old enough to choose their own friends but their parents should approve. Also she believes students should be given daily chores to teach their responsibility. Linda portrayed an old maid aunt in the senior play "Inner Willy." She plans to attend Michigan State College after graduation.

Attention: On the date of July 12-13, 1949, the town of Goodrich, Michigan, a bouncing baby girl entered the Jack Bradbury family. Yes, this is the starting of the same old story—but wait! Writing about Linda, as you shall find out, is not the same old story, but very different. Linda is a very energetic girl and to keep on the good side of her, please don't talk about "the farmers" because she is a farmer's daughter from start to finish.

She is a very intelligent one (but still a farmer's daughter). Linda is in all her glory when she is sitting square dancing or eating chocolate cake. She thinks high school students are old enough to choose their own friends but their parents should approve. Also she believes students should be given daily chores to teach their responsibility. Linda portrayed an old maid aunt in the senior play "Inner Willy." She plans to attend Michigan State College after graduation.

BUSINESS IS GOOD!

Open Letter to an Ambitious Man:

Local representatives of UNITED FARM AGENCY, America's most effective advertiser of farms and country real estate, are busy and prosperous. If you want a business of your own, through which you may gain independence and security, you will welcome the news that there is now an opportunity for you to join the UNITED team. We are seeking a local representative in your area to list and show farms and country real estate.

Through a quarter of a century, UNITED FARM AGENCY has enjoyed steady growth. Right now, we are experiencing a growing demand for rural real estate. UNITED goes ahead through booms and depressions. In periods of economic stress, as well as during good times, thousands of families leave the large industrial cities and buy in the country. UNITED is proud of its well-earned reputation for fair dealing, dependability, and faithful service to real estate buyers and sellers throughout the country. Many of our sales today are made to families who have bought and sold through us in past years, or who are relatives and friends of former customers. This priceless heritage of good will is but one of the factors that contribute to the success of the worthy UNITED representative.

The UNITED representative receives the benefit of constant nationwide advertising in the great metropolitan newspapers, magazines, and farm publications with a total current circulation in excess of 40 million readers. Each UNITED man is advertised in UNITED's famous quarterly catalog, more than 200,000 copies of which were sent to buyers upon request last year. UNITED buyers come from all over the nation—our representatives do not have to depend on the limited sources of business available to the ordinary real estate broker. UNITED maintains city offices in the larger centers of population where prospective buyers are interviewed and referred to our local representatives.

To qualify as a UNITED representative you do not need real estate experience, but must be thoroughly honest and dependable, willing to work, learn, and follow advice and time-tested methods. UNITED gives help, advice, and instruction with a personal touch. You should be between 25 and 60 years of age, and own and drive a car. You should enjoy meeting and working with the people of your community and those from other states and cities.

Complete information will be sent on request. There is no obligation, no investment is required, and all correspondence will be held confidential. Write today!

Large Share of Red Cross Funds Spent in Rehabilitating Disaster Victims

Bringing tears to the eyes of his friends is not that the Red Cross is giving service, but the fact that the organization was responsible for a good cry in the case of Evelyn Lauder, farm wife of Ransom county, North Dakota.

A few days after a vicious tornado had wrecked every building on the farm except the house, the Lauders were visited by a Red Cross worker. The latter explained that the Red Cross was prepared to help rebuild, repair, re-stock with livestock, or replace machinery as an outright gift, if Evelyn and Everett Lauder hadn't enough resources to help themselves out of the ruins.

Mrs. Lauder looked out at the ruined barn, hen and hog houses, at the twisted stumps of once great shade trees while her husband explained that the Lauders, while grateful, really didn't need help and that they had plenty of resources with which to rebuild, repair and replace. Then Evelyn Lauder, her eyes filling with tears, said "Every year I have volunteered to collect money for the Red Cross in March. I never dreamed they would help me out of folks or that some day they would knock at our door with an offer of help."

Like many another good-hearted volunteer worker or giver, Mrs. Lauder would have been equally impressed had she studied the figures for disaster relief aid in her home state over a representative five-year period. In North Dakota alone, 12 disasters called for Red Cross rebuilding or repair of some 232 homes. In Michigan, in the same period, 288 disaster-damaged or wrecked dwellings were replaced after 26 fires, tornadoes, explosions, or other catastrophes. Thousands of dollars more were spent for emergency care, medical bills, re-training in new jobs of those whose injuries prevented them from resuming their former crafts or trades. Biggest item in the work, however, is rebuilding and repair, which accounts for more than one-fourth of every dollar budgeted for disaster relief.

The work has increased enormously in cost since Red Cross began picking up the pieces after the great Michigan forest fires of 1931. In those days, a day laborer worked for a bout 50 cents a day. Milk sold in cities for five cents per quart. Early in this century Red Cross records show the average cost of repairing a flood-damaged home at \$600 per home.

When 30,000 people evacuated homes in Missouri, Arkansas and Illinois in mid-January to escape flooding rivers, they left most of their possessions behind. Few, if any, will have flood insurance. Right now Red Cross workers are planning the rebuilding and re-

pair of homes and possessions. Hometown committees will hear the plans, will authorize aid where plans are sound and families cannot get back to normal living without help.

Another large item in restoring homes and health for those wiped out by disasters includes Red Cross payment of care for those with the broken backs and crushed limbs characteristic of the 150 tornadoes a year that sweep across the southern and plains states. In places, extensive plastic surgery is often called for on behalf of victims hideously scarred by flying glass and debris. Fire victims often need expensive and long-continuing skin grafts in addition to blood and plasma; while in floors, particularly where the aged are involved, some are always left with slowly-healed pneumonia or other chest complications. Few families, even those with comprehensive insurance, can afford such care, especially when the medical, hospital and nursing bills are piled on top of building and repair work on homes. Where the victim is the breadwinner, money enough to feed and keep the family must be supplied until orphans reach their majorities or the head of the family is again able to work. Sometimes such maintenance money is supplemental to other in-

come. Sometimes it is the only continuing help the stricken family has. In several instances in the 16-state Midwestern Red Cross area alone, such direct financial help has been going on for five, ten, or even 12 years for victims of almost forgotten disasters.

To help families caught in catastrophe; to give them outright aid after careful planning as to their futures; to make them once more useful and happy after accidents of nature have all but crushed them, the American Red Cross maintains volunteer disaster preparedness units in 3,738 local chapters; keeps a staff of disaster experts on the job to plan for unforeseeable disasters, or to mould the relief job into concrete service after disasters.

Despite the fact that this aid has been going on for nearly seven decades, the idea of help with no strings attached, still rocks some disaster victims—back on their heels. Like the young refinery worker in Wood River, Ill., whose home was almost wrecked by a tornado last May. When he received the cash order from a Red Cross worker that would enable him to choose his own contractor for repairing his home, the young man grumbled and said out that the Red Cross had just cost him \$50.

"Fellow down at the plant was kidding me," he explained. "Wanted to bet me you folks would put a rock on my paycheck or a lien on the house before you'd help us. Should have taken him up on it."

C. of C. Discusses Possible Formation of Community Chest

The regular monthly meeting of the Chelsea Chamber of Commerce was held in the dining room at St. Paul's church hall Tuesday evening, Feb. 21.

Following the dinner, discussion of various topics took place. Among these was the subject of the possible formation of a community chest in the community. President Thomas Smith appointed Ford Merkle, Walter Harper and Lloyd Heydauff to act on the nominating committee for election of officers which will take place at the March meeting.

BASKETBALL...

(Continued from page one)

37-35. Ted Betts poured in 20 points for the victors, while Lowell Smith paced the losers with 16 points. It also was the third week in a row that Chelsea had made a clean sweep of both games.

Tomorrow night at the local gymnasium, Dundee's Vikings will play the Bulldogs in a very poor record by upsetting the Bulldogs in the regular season finale for both clubs, but Chelsea should win quite handily for Dundee's league record for the season is only 1-5, just the opposite of the Bulldogs. The highlight of the game will undoubtedly be the battle between two of the best centers around here this season, Dundee's Jack Goodrich, and Chelsea's Dave Crocker. Dundee did upset Milan by one point before the regular season started but were beaten badly in their meeting in league play and have beaten only Lincoln since the Milan upset. Because this is the last home appearance for this year's excellent Bulldog quintet, a full house is expected. Game time is the usual 7 p.m. for the reserves, with the varsity following immediately after.

gap—a total of \$50,000 a year in taxes.

"It is paying to the general fund of Michigan \$1 for every \$10,000 that it pays to the United States government. Yet, about half of its total number of wage earning employees are in Michigan.

"That corporation, after paying all taxes, federal, state and local, earned in 1948, 440 million dollars. The current reports are that the estimated net income after all taxes in 1949 was 640 million," said Steadman.

When the state legislature convenes at Lansing March 15 for the special session on state finances, the state corporation profits tax will again be pushed by Governor Williams as an effective solution of the financial problem.

According to Steadman, 32 other states in the Union now have such a corporation revenues tax. The Williams plan would hit large corporations, not small corporations. The tax would divert approximately 24 million a year from the federal income tax revenues to the State Treasury, based upon an anticipation of 60 million new revenue per year. Corporations are fully able to pay this tax.

These arguments, as summarized, represent the case of Governor Williams for the state corporation profits tax. They are presented to readers of this column in the spirit of factual information as vouched for by Controller Steadman.

Next week the "Michigan Mirror" will present arguments against the state corporation profits tax as presented recently to newspaper editors by John L. Lovett, general manager, Michigan Manufacturers' Association.

Poultry Flock Survey Begun for County

A poultry survey program is getting underway in Washtenaw county according to Harold S. Oaler, County Agricultural agent.

A number of years ago a careful check was made of tuberculosis infection in poultry flocks in Washtenaw county. Dr. Jacoby, of the Federal Bureau of Animal Industry, started the work under the direction of Dr. Beck who supervised the work in Michigan.

Several other veterinarians continued this work. Later on a study was made of poultry flocks on farms from which TB was found in hogs.

Washtenaw cattle are practically free from TB, but it still is found to a limited extent in poultry flocks and swine herds, according to Mr. Oaler.

At the present time another check on TB infection in poultry flocks is being made in Freedom township. Dr. Mary Malloy, a graduate veterinarian of Michigan State college, is doing this work under the direction of Dr. Beck of the Bureau of Animal Industry, Lansing. Dr. Malloy has already done similar work in Ionia and Gratiot counties. She reported that 41 per cent of the hen flocks were found to have TB infection and 22 per cent of the pullet flocks. At one time TB in poultry was quite common in Washtenaw flocks, according to Mr. Oaler, but in recent years the infection has been greatly reduced. Preliminary tests already made indicate low infection.

This would indicate good flock management practices and the practice of keeping pullet flocks rather than keeping over-year-old hens. Dr. Malloy reports that it may take several months to test all of the flocks in Freedom township. Dr. Malloy has been a practicing veterinarian in Shiawassee county. She has also worked on the Bang's disease program in Michigan for two years. She also was employed in meat inspection work in Detroit.

One Injured Monday in Three-Way Crash Near Deckert Road

A three-car accident on US-12 just west of Deckert road, Monday afternoon, caused severe damage to two cars and some damage to a truck which was the third vehicle involved. One man received cuts about the face and was treated at St. Joseph's Mercy hospital, Ann Arbor.

As reported by sheriff's deputies, the accident occurred when a car driven by Norman H. Fouty of Cavanaugh Lake road, traveling east on US-12, started across the highway, hit a truck driven by Bernard Leo Walsh of Jackson, then bounced away and struck a car following the truck which was driven by Dr. Russell L. Finch of Jackson. Fouty was the man who received face injuries and both his car and the Jackson doctor's were damaged.

As a result of the accident, Fouty paid a \$25 fine and \$10 costs in Municipal court in Ann Arbor, Tuesday morning, on a charge of reckless driving, sheriff's deputies reported.

DEATHS

Mrs. John Mester

Funeral services for Mrs. John Mester, who died at her home early Sunday morning, were held at the residence, 1001 Joslyn lake road, at 1:30 p.m., Tuesday, Feb. 22. LIMA CENTER EXT. CLUB

Mrs. Lionel Vickers was the hostess for a regular monthly all-day meeting of the Lima Center Extension club held at her home Wednesday, Feb. 15. Eighteen members and one guest were present and all reported enjoying a lovely pot-luck dinner at noon.

The lesson for the day, "Time Saving Methods in Cleaning," was demonstrated by the leaders, Mrs. Floyd Fowler and Mrs. William Bahnmiller.

The year's community project was decided upon and is to be gifts-of-toys and clothing made by members for needy children.

Mrs. Vincent Ives was elected to act as the group's representative at district extension parties.

Next month's meeting is to be an afternoon meeting at the home of Mrs. Floyd Fowler, the date to be announced later.

"WEST OF THE HILL" Gladys Hasty Carroll's fine, vigorous novel of Maine, a century ago. It is the story of a chestnut-haired girl named Molly and the stalwart young farmer, Brad Hartwell, who brings her home as his bride. Shy and innocent as a young fawn, Molly at first fears her settled and suspicious neighbors. But, learning with a quick intelligence and a loving heart, she soon finds her place among them.
