More public benefits vs. state socialism

That's the top issue of 1950 for both national and state political campaigns, according to battle lines now being formed at Lansing and Washington.

The 1950 special session of the Michigan legislature confirmed the trend on a state-wide basis. Gov. G. W. K. Williams struck a note of the liberal crusader when he assailed Republican legislators for "ignoring" the needs of the people. The legislature turned down his proposed \$12,000,000 program. Instead government spending was cut approximately \$15,000,000.

It is the political thesis of Governor Williams that the Republican party in Michigan is dominated by "special interests," referring obviously to manufacturers and businessmen. In an address before the Michigan CIO convention in Grand Rapids, Williams assailed the legislature for its "do-nothing record." Because legislators refused to pass a stiff tax on corporation profits, Williams concludes that the GOP is subservient to "big business" and hence is committed to more consumer taxes.

This stand of the governor—more public benefits to be financed by business—finds an echo in recent utterances of President Harry Truman. The President wound up a whistle-stop speaking tour, promising to continue his fight for middle income housing, federal aid to education, federal health insurance and an improved farm law.

The cost of all these new public benefits would run into many billions of dollars, all at a time when Federal treasury deficits are mounting. The Republican stand, as expressed by Senator Taft of Ohio, is that the Truman program is straight socialism.

Taft says the Republicans are also interested in promoting security, health and housing of the people.

While more public benefits become the Democratic offering, national and state Republicans will condemn the Truman-Williams program as being financially irresponsible, destroying our American freedoms, and otherwise opening the door wide to a "hand-out state."

The governor made a dramatic, eleven-hour appearance before the Legislature on the eve of its recess Saturday, May 20. He appealed to legislators not to reduce government grants to schools, hospitals, the aged and infirm, and other worthy causes.

The Republicans' reaction was prompt: "There is no question in our mind," they said, "that if there are dire happenings, it will be because of administrative failures or attempts to make political capital out of discredited planning to avoid huge (Continued on page nine)

Communism Poses Threat to Liberty of World, Says DeVine

Offers Five-Point Program To Combat Growing Menace

Edmund DeVine, Ann Arbor attorney, gave a very fine address at the Memorial Day exercises in the High School gymnasium Tuesday morning. Repeating the lines, "In Flanders Fields the poppies grow, between the crosses, row on row," from the poem which Katherine Merkle had recited a moment before, he began his talk by stating that since World War II, such crosses now mark graves of American soldiers dead in many countries all over the world. He mentioned a number of countries by name and reminded his audience also of the heroic dead who were lowered into the sea for their final rest in places. He said the "militant godlessness" of Communism now threatens what these soldiers gave their lives for—freedom for all peoples all over the world.

He said Communism now is entrenched in approximately half of the world and that even when the United States its influence may be seen as the economy of the nation is threatened through Communist agitation in management-labor relations. He described Communists as "fanatics who would stop at nothing to gain their ends—the overthrow by force if necessary, of the free government of the United States."

He suggested a five-point program of action for combating Communism, listing the points as follows:

(1) Keep morally strong in the fight against atheistic forces.

(2) Attempt to eradicate the seeds of oppression and inequality which are "sore spots" where Communists' false promises of a Utopia gain a foothold.

(3) Remember not only our rights but our duties as American citizens. (He stressed the importance of voting on all fundamental issues and for worthy candidates.)

(4) Insist that representatives of national and local governments wipe out the seeds of Communism in government centers.

(5) See that the country is militarily strong to resist aggression against the United States.

He concluded by saying that the entire world looks to the United States as the one country capable of resisting oppression and Communism. If the program of combating Communism is honestly carried out, DeVine said, those now lying beneath the crosses, "row on row" can sleep in peace knowing their sacrifice was not in vain.

DeVine is a member of the Naval Reserve and served on an aircraft carrier as combat intelligence officer in World War II. He was formerly with the FBI and at present is an instructor in the Law school at the University of Michigan. He was introduced by John P. Kousch, local attorney, who presided during the Memorial Day program at the gymnasium.

The program was carried out as announced last week with selection by the High School band opening and closing the exercises. Rev. O. W. Morrow and Rev. W. H. Skentelbury took part; Lincoln's Gettysburg Address and the poem

Recreational Fund Total Half Reached

The Chelsea Recreation Council held a regular meeting Wednesday, May 24, at the High school at which time announcement was made of contributions totaling \$624.64 to date. A minimum of \$1160 is being sought to carry out the council's summer recreation program in Chelsea.

The amount of money received for the summer program will determine the amount of planned activity which can be provided. A. A. Guest, in charge of contacting organizations and industries in the community, is personally calling on representatives of industries and attending organization meetings when possible in an effort to raise the full amount needed for a successful and complete summer recreation program.

At Wednesday's meeting Ned Stults was named supervisor of men's and boys' activities for the summer and Mrs. Elizabeth Harvey, third grade teacher, was named women's and girls' supervisor.

Contributions announced at the meeting included \$250 from Central Fibre Products; \$100 each from Chelsea Products and Elementary PTA; \$50 from High School PTA; \$25 each from Chelsea Child Study Club, Woman's Club of Chelsea, and Rebekah Lodge; and \$10 from the morning group of Philathea Circle of the Methodist church. A balance of \$39.64 in the fund of the 1949 Recreation Council brought the total to the \$624.64 figure.

Letters in favor of the summer recreation program and requesting village support, are being sent to the village council by interested persons in the community and by individuals on the Recreation Council as well as by representatives of local organizations, a Recreation Council spokesman said.

Mystery Area Roads Closed by County

Hanna's Offer of \$40,000 To Improve Other Roads Taken

Pritchard, Deckert, Burtis, Heim and Warthley roads in John Hanna's "mystery project" area are no longer public roads, K. L. Hallenbeck, superintendent-manager for the Washtenaw County Road Commission said yesterday. Closing of these five roads was unanimously approved at last Friday's regular meeting of road commissioners in Ann Arbor.

Provision has been made for access to the Merkel school building, on Heim road which is part of the Chelsea Agricultural School district, Hallenbeck stated. At present the school is closed.

The board's action Friday concludes almost a year of studying transcripts of testimony, for and against closing these roads, taken at two public meetings in this community.

When Hanna's first request for closing the roads was received he said his plans were to build a new road through the area. After conferences on the matter with the Road Commission it was suggested that improvement of existing nearby roads would be preferable to building an entirely new road and consequently Hanna offered \$40,000 toward such improvement, providing the five roads in question should be closed. This offer was still in force and the check for the amount is to be turned over to the Washtenaw County Road Commission as soon as all legal phases of the road closing have been completed. Hallenbeck said no strings are attached as to the roads on which the money is to be spent.

No barricades had yet been erected yesterday by representatives of Hanna, although it was reported this was to be done as soon as the roads should be declared closed.

Joyce Lentz, with Joyce and Charles Wilcox and Verne Hodges, of Dansville, spent the Memorial Day week-end in Indianapolis and on Tuesday attended the speedway races.

Mr. and Mrs. William Peters and daughters spent the week-end in Pigeon, visiting Mr. Peters' cousin, Otto Schulze, and family, and also visiting with Mrs. Maria Schulze of Uelen, Germany, who is a summer guest at the Schulze home.

FRIENDS IN NEED: Walter Eschelbach, at right, who lives on Jerusalem road, looks wistfully across the field on his farm as 16 neighbors and friends appeared Tuesday, May 23, to plow for him in preparation for planting his corn crop. Eschelbach has been incapacitated since he crushed a foot three weeks ago in a tractor accident while plowing an oat field, so his neighbors arranged to give him some much-needed help. In the photo above, the photographer has caught six tractors in a group as they were busing around the field in their job of turning the soil. Shown on their tractors are, from left to right, E. J. Van Riper, Reuben Lesser, Gordon Van Riper, Irwin Lounsbury, Warren Spaulding, and Robn

Miller. Others who came with their tractors and plows included Reuben Lesser, Jr., Larry Chapman, George Steele, Elmer Lindow, Don Keener, Norman Marquari, Lee Arthur Bollinger, Stanley Beal, George Erke, and Harley Hatt. This small army of workers proceeded to plow, disc and drag 26 acres of land in three fields, and planted 11 acres of corn before they left Tuesday evening. The remainder of the corn was planted later in the week. The noon-time meal for the workers was prepared by Mrs. Eschelbach and her daughter Kathleen, assisted by Mrs. Don Keener and Mrs. Julius Eschele. Other women in the neighborhood also aided in providing food for the army of workers. —Photo by Sylvia Foto Service

Sylvan Center School Holds 23rd Reunion

The twenty-third reunion of former teachers, pupils and residents of the Sylvan Center school district was held at the school on Sunday, May 28, with approximately fifty persons present from Chelsea, Ypsilanti, Ann Arbor, Jackson, Rosebush, Pontiac, Farmington, Dexter and Albion.

A pot-luck dinner was served at 1:30 and was followed by a business session in charge of the president, Nelson West, of Ypsilanti. In addition to the routine business there was considerable discussion on the possibility of purchasing a piano for the school with funds in the reunion treasury. Schuyler Foster, Fred Haffey and Fred Geitner were named as a committee to confer with the Board of Education on the matter.

All officers were unanimously re-elected as follows: Nelson West, of Ypsilanti, president; Harvey West, of Albion, vice-president; Miss Minnie Alyn, secretary, and Fred Geitner, treasurer.

It was voted to send a plant to Mrs. Helen Schatz who was instrumental in getting the reunion started and served as its secretary for many years. Mrs. Schatz is ill and could not be present at Sunday's reunion.

Mrs. Mabel West was named program chairman of next year's reunion and Mrs. Viola Knoll is to assist her. Mrs. Helen Armstrong and Hazel Haffey are to be on the table committee next year.

Schuyler Foster, a former teacher, welcomed the group after the program period had been opened with the singing of "America" by the assembly and William Haffey, of Jackson, offered prayer.

A skit, "Pulling Sadie's Tooth," was given, with Harrison West taking the part of a dentist. Others taking part were Linda and Judy Welch and Loreta and Deloris Schmitz.

Carol West, daughter of the Nelson West of Ypsilanti, sang a solo and the final number was "The Old Farmers' Band." Taking part as members of the band, appropriately costumed, were Miss Minnie Alyn, Mrs. Ola Helsing, Mr. and Mrs. George Knoll and Harrison West, with Fred Sager as violinist and Mrs. George Haffey as pianist.

Local Police Urge Repairs for Autos

"For want of a nail the shoe was lost; for want of a shoe the horse was lost; for want of a horse the rider was lost," said Ben Franklin's shrewd observation on the cost of neglect was cited by the Michigan State Safety Commission in pointing up its May Program of Traffic Accident Prevention.

"Neglect, in this day and age," police said, "can have far more sinister implications than Franklin ever imagined. Neglecting the maintenance of your car — as we all know — can put it out of commission at a time when we need it most. Sometimes though, it is even worse when your car continues to run in such condition. This makes driving like sitting on a smouldering powder keg."

According to police, there are still a fair number of motorists who have not figured this out because in spite of the fact that the department has been checking brakes on violator's cars for three weeks, cars are still being found with dangerously unsafe brakes. (Of the 10 cars checked thus far three were found to have bad brakes.)

Pointing out that periodic inspections are a purely individual responsibility, the State Safety Commission has joined with the National Safety Council this month in reminding drivers that: "Your car is as safe as 'you' make it."

Feedlot Lambs
Many serious ailments of feedlot lambs could be prevented if all shippers would give lambs proper resting periods on long trips to feedlots along with nutritious feed at each unloading point.

CARD OF THANKS
I wish in this way to express my thanks and appreciation to my friends and neighbors for their calls and for the cards and other remembrances sent to me while I was at the hospital and since my return home. Special thanks to the VFW Auxiliary for the card and to St. Mary's Altar Society for the lovely plant.

Mrs. Frank Schmitz.

CARD OF THANKS
We wish to express our sincere thanks and appreciation to our friends, relatives and neighbors for their many acts of kindness and thoughtfulness, and for the floral and memorial gifts also all those who participated in the service, and the ladies of the Congregational church for their helpfulness.

The Family of
Mrs. Lydia Riemenschneider.

THANK YOU
We are very grateful to the men who put in our corn crop for us at the work "bee" last week, and also to those who finished putting in the oats two weeks ago. We wish in this way to express our sincere thanks and appreciation to them and to the women who brought in food for dinner and those who helped prepare and served the dinner.

Mr. and Mrs. Walter Eschebach.

What Is Lava?
Geologists call the molten rock material within the earth "magma," a Greek word which may be translated as "dough." However, when this "dough" is ejected from the earth's interior by volcanic action, it is spoken of as "lava."

The Adler Planetarium and Astronomical Museum, owned and operated by the Chicago Park District, housed the first planetarium instrument to be brought to America. The building is the only one of its kind, and dates back to 1890.

EDITORIALS

As this school year comes to a close everyone will begin the annual chore of cleaning out lockers. It's surprising what can be found. Maybe the fountain pen that just couldn't be found last fall, or that English theme needed for a notebook. Practically every night someone is digging through the maze of papers trying to find

Cramming for Exams...

something. If the lockers were kept neat, things like this wouldn't happen.

Untidy lockers are also bad for books. If you shove your books in, as many do, the covers may be torn off.

During the year if lockers are untidy it is just perfect for that menace—fire. With the locker door closed, it gets hot in the locker. When papers are down in the bottom they may start smoldering and a lot of damage might be caused.

Keep all these things in mind and keep that locker neat!

S. S. South American for one of the biggest events of high school life.

In spite of the dragging of overloaded suitcases, and the confusion of unknown surroundings, "our" seniors soon were in the swing of things, and enjoying every minute of their cruise.

The four days seemed to pass quickly for there was always some activity in progress. If they were not eating or relaxing the seniors were participating in the ship's recreational program which included a get-acquainted treasure hunt; about night; slide projections; an amateur night; and nightly dancing.

Added pleasure came about when the ship's passengers were allowed to disembark. Sault Ste. Marie and Mackinaw Island with its many scenic points of interest, were visited by the eager tourists. The "locks" were also noted.

Sunday morning after church services held aboard ship, the excited, but weary group headed back to Chelsea with the expectation of telling others of their wonderful time. Some what overshadowed by the thought of the resumption of school.

FRESHMEN TAKE TRIP

On Tuesday, May 23, the Civics classes started on their trip to the Edison Institute and Greenfield Village. They arrived about 10:30 and went immediately to the Institute.

They saw many antiques. Some of these were furniture, watches, clocks, automobiles, trains, airplanes and bicycles. There were also many reproductions of old-fashioned stores.

After going through the Institute, they ate their lunches and began on a tour of Greenfield Village. This was of very great interest because they had studied about many of the things earlier in the year. A guide showed and explained to them about the buildings. They saw, among other things, the house in which Henry Ford was born, the garage in which he built his first automobile, a flour mill, general store, and many other old buildings connected with the life of Henry Ford.

The class returned to Chelsea after having a very enjoyable time.

TEMPERANCE

Temperance was discussed at a recent assembly held in the gymnasium. Rev. Jacobs presented to the students two movies as part of his program.

THE HI-LIGHT

(Continued from page eight)

The first movie was entitled "Liquid Love," and showed the effects of alcohol on an individual's brain and body. The movie contained many interesting experiments.

The second movie was "Drunk Driving." It was presented in a story form and was concerned, of course, with driving when drunk or drinking. It involved an accident in which three persons were killed and one woman disabled for life, merely because her husband took the chance of drinking while driving.

Also, charts with questions on them were passed out. These questions were to be answered by the students and the ones they were uncertain about were discussed.

The assembly came to an end as the students received a booklet entitled "Alcohol Talks," which was to be read and passed on to someone who might benefit from it.

INTERCLASS TRACK MEET

The inter-class track meet was held May 25 at the local athletic field. The seniors were victorious with 47 1/2 points, the juniors were second with 44 points, the freshmen were third with 19 points, and the sophomores were fourth with 18 1/2 points.

The meet proved to be not one battle but two. A battle for first place between the seniors and the juniors and a battle for third place between the sophomores and freshmen. The seniors won the battle for first by their superiority in the field events, scoring 25 1/2 points in these events while the

juniors scored only 14 1/2 points in the same events. The juniors won both relays, 220-yd. dash, and tied for first in the pole vault. The sophomores did not win any first places and the freshmen won the 100-yd. dash, 440-yd. dash (both won by N. Bauer) and the mile run by J. Bauer. Besides winning the field events, the seniors won the low hurdles, and the 880-yd. run.

Results were as follows:

Low Hurdles—1st, B. Robbins; 2nd, G. Wright; 3rd, F. Fischer; 4th, C. Dreyer. Time: 7.6 sec.

Medley Relay—1st, Juniors; 2nd, Seniors; 3rd, Sophomores; 4th, Freshmen. Time: 3:01.

Governor Proclaims June as Dairy Month

Governor G. Mennen Williams is shown signing the Proclamation designating June as Dairy Month in Michigan in recognition of the state's second largest and most vital industry. Last year Michigan's million cows produced more than 2 1/2 billion quarts of milk. Lewis W. Morley, state chairman of the June Dairy Month Committee, presented the governor with a tub of butter as a memento of the occasion. Those witnessing the proclamation signing are, left to right: Charles E. Stone, treasurer of Dairy Month Committee; Donald L. Murray, Dairy Extension Dept., Michigan State College; F. M. Skiver, chief of the state's Bureau of Dairying; L. M. Francke, secretary of the committee; Mr. Morley; Edwin J. Smith, Michigan Milk Dealers Assn., and Stanley Powell, Michigan Farm Bureau.

new taxes," said Speaker Victor A. Knox, Sault Ste. Marie.

● Republican legislators point out that appropriations for the new fiscal year, start July 1, 1950, and that the legislature will return to Lansing in January, 1951, for the regular session. Legislators insist that no one is going to suffer and that appropriations are adequate to meet normal needs.

The will of the Republican legislators to put a halt to the even higher trend of government spending was reinforced May 18 when Auditor General Earl K. Atten compiled a 10-year table of comparative government spending in Michigan.

● Education costs, for example, soared from \$55.3 millions in 1939 to \$169.7 millions in 1949; health, \$7.7 to \$12.5 millions; mental, \$13.7 to \$32.5 millions; welfare, \$44.9 to \$94.2 millions; highways, \$54.3 to \$108.9 millions. These figures include grants of federal and state aid. Today 78 per cent of state sales tax revenues are now returned to local units — cities, counties, schools, townships.

President Truman and Governor Williams are confident that the people want more public benefits. The Republicans are equally confident that the people do not want "state socialism." Every dollar of additional government spending must inevitably be paid by the consumer in the form of higher prices, they say.

And so 1950 political battle lines are being drawn.

The people must decide at the ballot box next November.

LYNDON FARM BUREAU

The Lyndon Farm Bureau met Thursday evening, May 25 at the Spencer Boyce home.

With the president, Edward Bradley, in charge, the meeting was opened with the pledge to the flag.

The evening's discussion on the subject of roads was led by Homer Stofer, and the business session was concluded with an announcement that Mr. and Mrs. Howard Boyce were inviting the group to meet at their home for the June meeting.

The program included two whistling solos, "The Old Rugged Cross," and "In The Garden," by Mrs. Leonard Reith. The piano accompaniment was played by Mrs. Earl Lee.

Mr. Bradley gave a resume of the plans of himself and Mrs. Bradley for a trip to California and other points of interest in the near future, and on behalf of the group presented Leonard Reith presented them with a "pot of gold." He told them the gift was accompanied with the group's best wishes for an enjoyable journey.

Movies . . .

FLICKER FANS

It seems atomic energy was the subject of the day last Monday for the physics class as they sat through a movie about this topic. It certainly should have been interesting as it showed how atomic fission is a source of the sun's and

the stars' energy; it also showed how atomic fission can be controlled by man and be used as a source of power. The movie went over with a big "bang!"

On the following Thursday magnetism was the subject. It illustrated how a simple electromagnet can be made and used as a telegraph, a telephone and a motor, plus many other various articles.

PARTIES

On Friday, May 19, the Student Council sponsored their last dance of the year. Dancing and refreshments, cabaret style, were enjoyed by all.

Two movies featuring dance bands were well received by the group.

Chaperones were Miss Schell and Mr. and Mrs. Stults.

An All-High party, sponsored by the sophomore class, was held last Saturday night, May 27. There were refreshments; the entertainment consisted of a solo by Don McClellan, a number on the accordion by Evangelina Christ, Mr. Krumbacher's brother-in-law, and games.

Grade PTA Reports Savings Program 'Very Successful'

The final report of the year's activity of the Elementary PTA during the 1949-50 season was given this week by the secretary, Mrs. Mac Packard, and shows that the savings bond stamp program instituted by the organization has been a very successful one beyond any expectations of those in charge.

Mrs. Alfred Lipphart was general chairman of the committee. Others on the committee were Mrs. Alfred Mayer and Mrs. Albert Johnson. Those who assisted were Mrs. Lewis Bernath, Mrs. R. W. Wagner and Mrs. Russell McLaughlin.

According to the report, 110 children took part in the savings program, a total of \$1134 worth of ten-cent stamps having been sold at the close of the 17-week period ending May 17.

The annual report also shows that the group sponsored the Brownie scouts, now numbering 29 members, and purchased leaders' uniforms for the two leaders, Mrs. C. Seitz and Miss Jane Scholer; sponsored the winter milk program which provided milk and graham crackers for needy children from the kindergarten through the fifth grade; sponsored guest speakers for the year (Miss Ruth Schenck, Prof. Wm. C. Moore, director of the U. of M. Fresh Air Camp, and Donald C. Weaver, Waterford township school principal); sponsored the annual PTA Penny Carnival in April; exhibited a display at the Community Fair in October; explain and help clarify matters concerning the proposed new school project; purchased a record player for Riemenschneider school as a reward for its assistance with last year's

In the sixth, an error, and Tobin's only two walks of the night, loaded the bases for Dexter, with only one out, but Heydlauff held a line drive and doubled the man off third to end that threat. It is regrettable that support like this was lacking in the Dundee and Roosevelt games.

Coach Ned Stults and the team are both to be congratulated on this year's fine record. Although the team had a tendency to "blow" the big ones, their overall record is one to be proud of.
