Easy credit and installment buying are proving to be pitfalls into public welfare relief. It is one of the principle causes financial trouble which bring people onto Michigan welfare rolls.

Howard DeSpelder, welfare director for Montcalm county, gave this interesting bit of information recently to newspaper editors of Montcalm county at Lakeview. It illustrates the many complications of modern living whereby sales promotion facilities go into debt greater than their income. Since installment payments on these heavy debts leave nothing for living expenses, the families then apply for relief at the expense of the taxpayers.

The Montcalm welfare director blamed merchants for the unusual situation, and he appealed to retailers not to sell people things they could not pay for. Tightening of credit and installment buying privileges would result in less welfare cost, according to the Montcalm welfare director.

The cost of relief in this county in 1941 was \$12,371. Eight years later (1949) welfare costs rose to \$43,322. Since the year 1941 was one of general prosperity, city and farm residences alike good times, the question naturally arises as to why welfare costs have mounted so substantially, more than 400 per cent in the eight-year interim.

The rising cost of welfare in Michigan prompted an investigation by a committee of the Michigan state legislature in 1949. Colin L. Smith, Republican of Big Rapids, was chairman of the special senate committee.

The committee recommended that the entire welfare system should be drastically revised and that restrictions should be placed on county welfare departments in the interest of efficiency and economy.

In his call for the 1950 Special Session, Governor G. Mennen Williams recommended that the Legislature impose penalties on (Continued on page ten)

JAMES D. McMANUS

### James D. McManus Dies Suddenly Saturday Morning

James D. McManus, local photographer and proprietor of the McManus Studio here since May, 1918, died very suddenly Saturday morning in the office of a local physician, where he had gone to consult the physician. Mr. McManus had been the proprietor of the McManus Studio since 1918 when he came here from Morley. He had been a photographer in Morley for a number of years and prior to that time had done portrait painting in Belvidere.

Born at Fairbrook, Ontario May 8, 1876, he moved to Michigan with his parents when he was an infant. The family home was at Morley, where he attended the public schools. He later attended the Adventist College at Battle Creek. He was the eldest of a family of six children born to James and Agnes Bain McManus.

He was married in Morley, December 22, 1904, to Estelle Glover, who survives him. Also surviving are a son, Huron G. McManus of Detroit; a daughter, Mrs. Harold Lantis, of Stockbridge; three sons, Frank, Shaw and Mrs. Myrtle Dennis, of Belvidere; and Mrs. Becker of Morley; three grandchildren, Mrs. Bruce Guldord of Poughkeepsie, Wash., and Patricia Lantis of Stockbridge, and one great-grandchild, Janet Guldord, of Poughkeepsie.

Mr. McManus was a former member of the Chelsea Village Council and was consul of the Modern Woodmen of America at the time of his death.

Funeral services were held at 2 o'clock Tuesday afternoon at the Miller Funeral Home and burial took place in Oak Grove cemetery. Officiating were Rev. W. H. Skonieczny, pastor of the Congregational church, and Rev. M. W. Brueckner, pastor of Zion Lutheran church, Rogers Corners, a long-time friend of Mr. McManus.

Fire Chief Thomas Young was held a meeting of the Southeastern Michigan Fire Chiefs Association Sunday, he and Mrs. Young will attend the Michigan State Fire Chiefs convention from Monday through Wednesday. Mr. and Mrs. Young plan to spend one day at Chicago, and expect to return home Friday.

## Work Commences on High School Repairs

Work is to be started immediately on the project of reinforcing the foundation of the east end of the High school building, school officials announced yesterday. The project, estimated to cost approximately \$12,800 was decided upon as being a step which will prove to be the best interests of the entire district.

For some time past the settling of this project of the building has been cause for concern to school officials, parents and other interested persons in the community. In the spring of 1949 the fire marshal refused approval for use of the building last fall unless a firm of registered architects or engineers would place on file in the fire marshal's office, an affidavit stating that the structure was safe. This affidavit was secured by the Board after a number of engineers and large scale building contractors had examined the building and carried on extensive investigations, the term of the affidavit being contingent upon periodic check-ups.

In one of the routine check-ups this spring it was discovered that there had been some movement of the wall during the past year and the firm of architects was reluctant to remain on record as vouching for the safety of the building.

### New Schedule Announced for Swim Program

The Recreation Council announces that for the remainder of the program there will be swimming on Monday, Wednesday and Friday afternoons from 1 to 4:30. This is being done to enable the children to benefit from the excellent swimming instruction made available by the Red Cross. Jack Menthe will be present Monday and Friday afternoon for this purpose.

Swimmers are being split into two groups—the beginners and the intermediates. Beginners will be taught to swim and the swimmers will be given instruction in swimming and life-saving. Red Cross badges will be given to those passing the various tests.

In the past the group has numbered more than 100 children, and according to Mr. Menthe, this turnout far exceeds the attendance in the other towns of the district. The Council hopes that even more will take advantage of the opportunity to learn to swim.

### S. Knickerbocker Gets Arm Mangled in Farm Accident

Stanley Knickerbocker will spend his 18th birthday tomorrow as a patient in St. Joseph's Mercy hospital, Ann Arbor, where he was taken after suffering injuries to his right arm when it became caught in the conveyor on a hay baler last week Wednesday. Both bones in the forearm were broken and an operation to set the bones was scheduled for yesterday. The accident occurred on the Irvan Weiss farm on Freer road.

Mr. and Mrs. Gerald Titus of Traverse City visited this week at the home of Mr. and Mrs. Frank Reed.

Members of the Board of Education were then faced with the necessity of making a decision in regard to possible solution of the problem so the school would be available for occupancy in the fall. Building contractors and experts from the engineering department of the University of Michigan were consulted by the Board of Education and, as a result of their investigations and recommendations, referred the Board to the C. A. Johnson & Son company, a Detroit firm specializing in this type of building reinforcement work. Representatives of the U. of M. engineers, reached the conclusion that the building must be retained in its present position by means of underpinning. By drilling next to the foundations, it was determined that these underpinnings will have to be seven feet deeper than the present foundation in some places in order to reach a firm footing level.

Most of the east wall will have to be reinforced in this manner as well as approximately one-quarter of the north and south walls at the east end of the building. Portions of the masonry on the north wall must also be replaced.

When the work of underpinning is completed, the U. of M. engineers stated, they will place the required letter on file in the fire marshal's office, declaring the building to be safe. The U. of M. engineers who co-operated in examining the foundations, and making recommendations for the reinforcements are Gerard Kerkhoff and William S. House, associate professors of civil engineering at the University. House is said to be one of the foremost building foundation experts in the country.

The High school building was constructed about 40 years ago. The part of the building that would be condemned for use if the reinforcement work was not done includes four classrooms, the shop, basement facilities and boys' rest rooms. In addition there would be no access to the study hall and certain other parts of the building.

Investigation last year showed that the northeast corner of the building had settled to a depth of 8 1/2 inches while the southeast corner had sagged almost two inches; also, that the northeast walls lean outward about two inches to the northeast end of the building.

The Board has been studying the problem for some time and has now decided to proceed immediately with the reinforcement project as recommended by the experts who had been consulted.

The work of the work which is to be completed before school reopens in September.

### New Ruling Made on Kindergarten Age

The entrance age for kindergarten children has been changed again this year, according to information released this week. The Board of Education of the Chelsea school system has ruled that children must now be five years old on or before December 1. Last year the date was a month earlier, or November 1.

The ruling is made necessary because of the state aid law which does not permit collection of state aid money for children who have not reached their fifth birthday on or before December 1.

## Scenes at Pierce Park Dedication

SCENES AT PIERCE PARK last Thursday, as seen above, were all taken when the park was officially dedicated after two years of preparation on the part of the sponsoring group, the Chelsea Chamber of Commerce. In the top picture are some of the members of the C. of C. who played an active part in the development of the park site, and their guests. From left, are: Howard Flintoff, C. of C. president; Norbert Merkel, David Mohrlock, H. T. Moore, George J. Burke, Jr., Ann Arbor attorney, who was the dedication speaker; Dr. L. J. Paul, Lloyd Heydlauff, C. of C. president at the time the park site was acquired; Ferd Merkel, Harry Prudden, nephew of the late Miss Alma Pierce, who was the donor of the park site; Roland Spaulding, J. N. Strider, Carl Mayer, Walter Harper, chairman of the park committee in the C. of C., and Harold Spaulding. Second from the top is a picture of the first softball game, played by boys of 14 or under, on the new diamond laid out at the north edge of the park. The third picture was taken while George J. Burke, Jr., was making his dedication address, and the bottom one shows A. D. Mayer and Lloyd Heydlauff dipping out ice cream for the cones which were distributed free to all comers that night. Several boys are intently watching the process and waiting their turns to receive one of the cones, but the unidentified youngster in the lower right-hand corner was intent at the moment in what seems to be an effort to get at a mosquito bite in a very hard-to-reach spot on his back.

### Mrs. T. Quigley, Two Others Injured Saturday in Auto Accident on Manchester Road

Mrs. Marie Quigley, wife of Ted Quigley, her brother-in-law, Lyle Johnson of Dundee, and her sister, Mrs. Johnson, all were taken to St. Joseph's Mercy hospital, Ann Arbor, following an automobile accident on M-22 just south of old US-12, late Saturday afternoon.

Mrs. Quigley was found to have suffered a broken leg and multiple bruises. Johnson had a fractured collarbone and his wife, Gwendolyn suffered from shock. The Johnsons' eight-month-old son, David, was unhurt. Two other children in the car, Mickey and Sandra Quigley, 12 and nine years old, respectively, were treated for cuts and bruises at the office of a local physician.

As reported by sheriff's deputies, the accident occurred when the right rear fender of a pick-up truck driven by Howard Bergman scraped the left front fender of the Quigley car as the truck was passing the car. Mrs. Quigley, who was driving, lost control of the car and it traveled along the shoulder of the road for 300 feet, sideswiped a tree and rolled over twice.

### Mrs. T. Quigley, Two Others Injured Saturday in Auto Accident on Manchester Road

believed the steering gear failed as he was going around a curve causing the car to leave the highway and roll over.

Passengers in the car were a young girl, Elsie May Smith, of 1160 Huxar, Detroit, and Mrs. Lillian Spurr of 6233 Huxar, Detroit. The Smith girl was being brought to the office of a Chelsea physician after being accidentally struck by a baseball bat during a ball game. All the occupants of the car were members of a party of picnickers at the Mike Daley farm.

Mrs. Spurr was treated at the physician's office for cuts about the face. The others were uninjured in the accident.

Mr. and Mrs. Paul Seitz, who, with their sons, are making their home with the former's mother, Mrs. Fred Seitz, accompanied her to Dexter Monday to attend funeral services for John Mast.

## Pearson, Widmayer Elected to School Board in Heavy Vote

### Large Crowd Attends Dedication Program in Park

George J. Burke, Jr., Ann Arbor attorney, gave the dedication talk at the dedication of Pierce Park last Thursday evening, lauded Chelsea's Chamber of Commerce for its efforts in providing a public park for the community. He commended Chamber of Commerce committees and members for the progress they had made without support of public funds and stressed the value of such community enterprise on the part of a local organization.

A good crowd was on hand for the dedication program which was opened with band music by the Chelsea High school band members. Howard Flintoff, president of the Chamber of Commerce, introduced Mr. Burke.

Fifteen gallons of ice cream, furnished by the Chamber of Commerce, was used for the occasion. Cones given away free during the evening. Hans Grossman received the television set given away as part of the dedication festivities.

A softball game for boys under 14 years of age was won by the team from the east-side of town, the final score being 7-5.

The Chelsea UAW-CIO Local 487 continued their winning ways as they connected for 17 hits to swamp the Williamston Merchants 10-3. Marty Tobin pitched all the way for Chelsea and did a good job, as he kept nine Williamston hits well scattered, for his first win of the season. Tobin struck out ten and walked three in curbing the Merchants.

Jim Gaken belted out two doubles and a single and Dan Ewald had four singles to lead the strong-hitting attack. The locals had to hit to win since they didn't receive any aid from Gus Anderson, the Williamston pitcher. He struck out 12 and only walked one. Chelsea batted that one walk with six hits in the second inning to jump into the lead with six runs. They bunched four more hits for three runs in the eighth. Dan Ewald stole home to tally one of these.

The next game is Sunday afternoon at 2:30.

### New Board Faces Task of Providing Adequate Buildings

There were 304 votes cast in Monday's balloting to elect two members of the Chelsea Agricultural School's Board of Education for three-year terms. William D. Pearson, a sticker candidate, polled the highest number of votes of the three men and one woman who were running for the offices. He received 193 votes. Harold Widmayer, also a sticker, having received 130 votes. Mrs. Ruth S. Walker, with 119 votes to her credit, and Dr. Parker E. Sharrard with 111 votes, were the other two candidates.

The school election was held in the High School gymnasium from 2 until 5 p.m. This marks the first time that school officials have been elected here in this manner. Always before, the school board members were elected at an annual school meeting held on the evening of the second Monday in July. Average attendance at these meetings during the past few years has been less than a hundred and observers point out that the election by ballot, as conducted this year, is evidently better liked by people in the district if the number of votes cast can be taken as an indication of electors' preference.

After the election the Board met and organized, electing the following officers: Russell McLaughlin and Harold Widmayer, re-elected president and secretary, and William G. Kolb, treasurer. The fifth member on the board is Earl Beeman.

At the meeting it was reiterated that the major problem facing the School Board is building facilities to provide a full-time educational program for the constantly increasing number of children in the district. According to this year's school census figures, there are now in the district half as many children under five years of age as there are in the entire age groups from five through 19 years. There are almost 800 children in the latter group and approximately 400 under five who, Board members say, will have to be provided for. With the indefinite building situation because of the present war scare, no one can predict what conditions will be, even in the immediate future, but Board members agree that something must be done in the very near future in regard to added school facilities here.

The Board decided to hold its regular meetings in the study hall at the High school, also any special meetings which may be called. The larger meeting room will permit interested persons to attend the meetings. Regular School Board meetings are held the first Monday of each month. The August meeting, however, will be held Tuesday, Aug. 8. A special meeting of the Board, to further discuss the school problems, was scheduled for last night.

### Fire Dept. Called to Whitaker Farm for Truck Blaze

About 10:40 a.m., Thursday the Chelsea Fire department was called to the Dorris Whitaker farm on old US-12, west of Chelsea, where a fire truck belonging to Virgil Pabst was on fire. Pabst, who was working at the Whitaker farm, had parked the truck near the barn. Several hours later, Whitaker's son, Edson noticed smoke coming from the parked vehicle and notified Pabst and Whitaker and they towed it out to the road, away from the farm buildings.

The fire, believed to have been caused by a short circuit in the wiring system, caused severe damage to the truck.

### Koengeter Family Reunion at Saline

About 50 members of the Koengeter family were present for their annual reunion Sunday, July 9. The gathering was held this year at Saline Park. Mr. and Mrs. Norman Buss and Mr. and Mrs. Waldemar Buss of Ann Arbor, and Mr. and Mrs. Harold Eschbach were on the committee in charge of arrangements for the reunion. Among those who attended were relatives from Chelsea, Dexter, Ann Arbor, Lansing, and Tipton, Ind.

Games and contests followed the usual pot-luck dinner. Committee members who are to arrange for next year's reunion, are Mr. and Mrs. Edwin Koengeter, Mr. and Mrs. Roland Koengeter, and Mrs. Edwin Koengeter, all of Ann Arbor, and Mr. and Mrs. Karl Koengeter.

Mr. and Mrs. Ted Faust, Sr., of Triest, and Mr. and Mrs. Fred Faust, of Sacramento, Calif., ended Monday at the home of Mrs. Mary Faust.

## Audubon Society Schedules Field Trip for July 23

The second field trip of the newly organized Washtenaw Audubon society was conducted Sunday morning with 30 members and their friends attending, according to Girvin Dunstan, president of the chapter. The group traveled by car to the Strang farm on Cherry Hill road near Dixboro, stopping on the way at the Whitaker and Gooding gravel pits, where William Lunk, University of Michigan graduate student, pointed out the nests of bank and rough-winged swallows. At the Strang farm, the Audubon group was met by John George, University graduate student and author of several books on wildlife. George has spent four summers on this farm collecting detailed information on the effect of farming on Michigan birds. A tour of the farm included observation of nesting sites of Henslow's Grasshopper, Savannah, Vesper, and Field Sparrows. At present John George is taking a colored film of the activities of a raccoon family on the farm.

The Washtenaw Audubon society now has 76 members and is eager to have other interested persons join. For further information call Mrs. Marion Eich, 2023 Day street, Ann Arbor. The next trip is tentatively scheduled for July 23.

## Another Toy Balloon Found Near Here

Robert Shanahan of Lyndon township reported this week that he found a toy balloon in the hayfield at his home Monday of last week similar to the one picked up by 11-year-old Stephen Toth on the Toth farm on Sylvan road the previous Monday. The balloon was attached to a card stating that it had been released at the Norwegian Lutheran Children's home, Chicago June 25, as an entry in a balloon contest and requested the finder to mail the attached card to the sender whose name and address was already on it.

Mrs. Margaret Hindelang and daughter Bertilla, returned to their home in Mishawaka, Ind., on Wednesday, after spending some time here at the home of Mr. and Mrs. Sylvester Weber. They had been called here by the illness and death of Mrs. Hindelang's sister, Mrs. Rose Winkner.

Trudy Day of Ann Arbor was a Sunday guest of Doris Vickers at her home here.

## 154 Delegates From Michigan Attend Education Meet

Michigan had 154 delegates at the N.E.A. meetings in St. Louis, Mo., last week, among them being Lucille Cooper and Mabel W. Fox of Chelsea.

Sixty-nine departments, commissions and committees held simultaneous sessions afternoons, while general business sessions met mornings and evenings to formulate the platform, policies and objectives of the organization. Leading figures in the educational world addressed delegates on such topics as educational uses of mass media, education for living in our world, activities of UNESCO legislation, public relations techniques, citizenship, professional standards, professional ethics, educational policies, defense of democracy, school finance, moral and spiritual values, grading systems, child behavior problems, safety education, teacher load, audio-visual instruction, education of gifted children, etc.

Most of the delegates attended largely at their own expense in the interest of better serving their own communities.

Toth-Martin Vows  
Spoken in Detroit  
on Monday, June 26

Mr. and Mrs. Eugene Martin  
are now living at the farm home  
of Mrs. Martin's mother, Mrs.  
George Toth, on Sylvan road, fol-  
lowing their return from their  
wedding trip. They were married  
in Detroit at 10 a.m. Monday, June  
26. Mrs. Martin is the former  
Mary Ann Toth. Mr. Martin,  
whose parents were the late Mr.  
and Mrs. George Martin, had made  
his home with his grandmother,  
Mrs. Leticia Smith, at Sylvan Cen-  
ter.

For her wedding the bride wore  
a yellow organdy street-length  
dress and a shoulder-length veil  
attached to a white headband. Her  
accessories were white and in-  
cluded a corsage of white roses  
and a necklace of pearls, a gift  
from the bridegroom.

Frank Toth and Mrs. Kathleen  
Hatt, brother and sister of the  
bride, were the couple's atten-  
dants. Mrs. Hatt wearing for the  
occasion a aqua organdy dress  
and matching headband and a  
corsage of yellow roses.

On their wedding trip, Mr. and  
Mrs. Martin went by boat to Ni-  
agara Falls and then toured New  
York state.

On Sunday they were honored  
at a dinner given at the home of  
Mr. and Mrs. Vincent Burg with  
Mrs. Kathleen Hatt as assisting  
hostess. Mrs. Burg also enter-  
tained at a shower for the bride  
Tuesday evening.

A pre-nuptial shower was given  
June 22 by Mrs. George Welch  
and Mrs. Raymond Schmitz at the  
Welch home.

**Bride-To-Be Honored**  
Guest at Shower

Agnes Czaplak, whose marriage  
to Douglas Mullen, Jr., of Toronto,  
is to be an event of Sept. 2, was  
honored with a miscellaneous  
shower planned for her pleasure  
by four aunts, Mrs. Elizabeth Kuz-  
mar, Mrs. Agnes Marks, and Mrs.  
Barbara Witek, of Flint, and Mrs.  
Mary Leszek, of Detroit. The  
shower, held Saturday evening at  
the Czaplak home on Rank road,  
was attended by 125 neighbors and  
friends.

Entertainment included a variety  
of appropriate games.

Refreshments were served by  
the hostesses from a beautifully  
decorated table centered with a  
20-inch doll dressed as a bride.  
White ribbon streamers with fresh  
flowers intertwined extended over  
the table from a large wedding  
bell suspended above.

Also present for the occasion  
were the prospective bridegroom's  
parents, Mr. and Mrs. Douglas  
Mullen, Sr., his brother, Melville,  
and two sisters, Marilyn and Flo-  
rence, all of Toronto. The brother  
and one sister, Florence, remained  
to spend the summer at the Czaplak  
home.

**NORTH SYLVAN GRANGE**  
There was a good attendance at  
the meeting of North Sylvan  
Grange held Tuesday evening, July  
4, at the home of Mr. and Mrs.  
Vincent Ives.

Independence Day readings and  
a general discussion made up the  
evening's program.

The hostess served refreshments  
at the close of the evening.

A pot-luck supper at 7:30 p.m.  
is planned for the next meeting  
which will be held Aug. 1 at the  
home of Mrs. Minnie Brossamie.

**"20-30" CLUB**  
The "20-30" club of Salem Grove  
community held a picnic Sunday  
at Grass Lake county park with  
23 members and children present.

Mr. and Mrs. Herbert Howell  
and children left Monday for their  
home at Decatur, after spending a  
month here at the home of Mrs.  
Fred Seitz.

**Notice to the Electors**

I wish here to make known my gratitude and ap-  
preciation for your expression of confidence in the re-  
cent election. I feel that every effort I have made  
toward that end has been more than justly rewarded.  
I have ventured into this thing mainly because of a  
belief that the majority of the electors have been with-  
out representation on our Board of Education and con-  
sequently have not received the consideration to which  
they are entitled as taxpayers in the school district. I  
will make a sincere effort toward this end, that the will  
of the people be done in this school district and to the  
proper discharge of my obligations, so far as I am  
capable.

I believe that a well-informed electorate is still the  
most powerful existing force toward establishing a just  
and efficient public administration. For this reason I  
urge that everyone attend our School Board meetings,  
which will be as always before, open to the public. Each  
of us is vitally concerned and should demonstrate that  
interest by attending these meetings. I am told that  
it is the policy of the School Board to publish notice of  
meeting dates. If this is not done I, myself will en-  
deavor to keep you informed through this newspaper  
or by other means as are necessary. I will withhold no  
information that you should have. The Board of Ed-  
ucation must have no secrets pertaining to public af-  
fairs. From the "mutterings of the multitude" it can  
be deduced that because of misguidance and mis-infor-  
mation, that we in this school district are confronted  
with obstacles which are most unusual. I also think  
them not too large to be overcome by intelligent co-  
operation and honest effort. Let's all of us get ALL  
the facts.

From where I sit . . . by Joe Marsh

**There it Was—  
Right in The Middle!**Easy Roberts mowed his lawn  
early last Saturday. Then he sat  
on the porch, and watched Handy  
Peterson cutting his grass.The Roberts' property and the  
Peterson's border each other—  
with no hedge or fence between  
them. So, when Easy notices Handy  
had left about a four-foot strip  
unmowed along the boundary, he  
walks over and asks why."That's your land," says Handy.  
"Mine ends here. See, it lines up  
with that oak tree across the  
road!" Easy didn't think so, so  
they went up and down looking forthe surveyor's marker. Where did  
they find it? Right in the middle  
of their "no man's land!"Well, they both grin and take  
turns finishing the job and then re-  
treat to Easy's for a friendly glass  
of beer together. From where I sit,  
a little searching around for the  
truth of the matter often shows  
that the other fellow is as much  
right as you are—at which point  
the whole thing doesn't seem as  
important anyway.

**Plat Law Governs Subdividing**

Owners of acreage intending to sell small parcels for home sites or other uses should acquaint themselves with the law, according to Kenneth L. Hallenbeck and George D. Hurrell, members of the County Planning Commission's Subdivision Advisory Committee.

The Plat Law of 1929, section 2, as amended in 1949, states that "The word 'subdivide' when used in this act, shall mean the partitioning or dividing of a lot, tract or parcel of land into five or more lots, plates, sites or other divisions of land for the purpose, whether immediate or future, of sale or occupancy for residential purposes or development." Provided, however, That this definition of the word 'subdivide' shall not include a bona fide dividing, partitioning or platting of agricultural lands into lots, tracts or parcels of ten acres or more for agricultural operation or development purposes."

Furthermore, section 2a of this act states that "Any person who shall hereafter subdivide any land shall make and record a plat thereof in accordance with the provisions of this act."

In other words, no person is allowed to subdivide a tract of land and sell more than four parcels for residential purposes or development without making and recording a plat.

This amendment tends to lessen the number of small parcels sold by "metes and bounds" descriptions. Next, it is an effort to encourage subdividers to provide more and adequate services to new residential developments.

Anyone wishing further information on this matter or assistance in land subdivision, may call at the County Planning Commission's offices, 415 West Washington street, Ann Arbor.

The state primary school fund so far this year is richer by \$3,076,361.71—first half of the Michigan Bell Telephone Company's 1949 state property taxes of \$6,152,723.42, which by law goes to the schools. A check for the amount, which exceeds the first half of 1949's taxes by nearly a half-million dollars, was turned over by the company on June 30 to Louis M. Nims, chairman of the state tax commission in Lansing. Another check, representing the second half of the taxes, will be sent to the Department of Revenue later this year. Michigan Bell continues to be the largest single contributor to the fund in the state.

Any veteran who has not received his National Service Life Insurance dividend check, and whose acknowledgment card has not been returned by the Veterans' Administration, or any veteran who has not been notified by the Veterans' Administration that his National Service Life Insurance dividend check should be delayed, should write immediately to: E. This action is necessary because some 50,000 checks and 10,000 acknowledgment cards have been returned to Veterans Administration because of insufficient addresses.

**65 Persons Attend School Reunion**

Sixty-five present and former teachers, pupils, parents and residents of the district were present Sunday for the sixth annual Savage School reunion. Guests came from Detroit, Farmington, Dexter, Ann Arbor and Chelsea. Mrs. Edna Long Gazley of Farmington received a gift for having come the longest distance.

Schuyler Foster, 82, and Sharon Bellinger, three daughters-in-law, and Mrs. Paul Bollinger, received gifts as the oldest and youngest guests present.

New officers elected for the coming year are: Harry Long of Detroit, president; Floyd Rowe, vice president; Ray Franklin, secretary-treasurer.

Mrs. Paul Bollinger is to be in charge of the program and William and Albert Klink and Thomas Franklin were named as the table committee for next year's reunion to be held the second Sunday in July at the school.

**Cedar Lake Camp Ends Second Week Of Scout Activity**

Some 75 girls rounded out the second one-week session at Cedar Lake Girl Scout camp last Saturday night with a rip-roaring, dress-as-you-like square dance. Tom Sawyer and Huck Finn made their appearance, complete with fishing poles and bare feet, doing their doe-doe-doe alongside a tee-shirted Dead-End Kid. Cowboys and Indians added a faintly Western atmosphere to the party. The Dead-End Kid was reported by reliable sources to be Catherine Mester of Chelsea.

At waterfront, Chelsea damper Marilyn Kay Honbaum passed her tied 100 intermediate swimmer's test.

Another camper from Chelsea, Janna Lou Weinberg, was called "invaluable aid" on Greenwood's four-mile overnight hike and cook-out by counselor Rustacia Mackinnaw. Janna Lou was at Cedar Lake for the first camping session also.

Chelsea girl Sharon Dancer represented Oak Ridge on the camp council, the planning body for Camp Cedar Lake.

Other Chelsea girls to attend the camp this session were Fayette Whitaker and Nancy R. Atkinson.

**FIRST WEEK ACTIVITY**

A campfire farewell ceremony, July 1, marked the close of the first week of activities at Cedar Lake Girl Scout camp. The week was highlighted by a water carnival, a hayride, numerous cook-outs, and "Backwards Day," the day when the campers took over the duties of the staff. These and most of the other camp activities were planned by the camp council, a group of campers elected to represent their respective units. Janna Lou Weinberg, a Chelsea girl, represented Greenwood, the unit set aside for Scouts with more than one year of camp life behind them.

Doris Weinberg, also at Cedar Lake camp this first season, lived in Greenwood, too.

welfare chiselers. This recommendation was also made by the special senate committee, and one of the 1950 legislative enactments calls for severe penalties on any welfare official who aids and abets the welfare chiseler. This act imposes the responsibility to keep the welfare official informed if there is any change in his family income. Heretofore a family could continue to receive welfare aid after the breadwinner obtained employment and the practical need for aid had ceased.

Four other bills were adopted by the legislature although Attorney General Stephen J. Roth held that the bills were not germane to the Governor's Special Session call. These bills would require approval by the State Administrative Board before the Social Welfare Commission could pay more than 50 percent of any county's relief cost. The measure also prohibited county welfare boards from granting welfare until after an investigation had been made of the applicant's employment, marital and general economic status.

gram involved \$100,000,000 in the fiscal year just ended. The Social Welfare Commission asked for \$114 million for the new fiscal year (starting July 1, 1950).

W. J. Maxey, state social welfare director, reports that "considerably more than half" of all welfare costs relate to illness or unemployment of the applicant.

• During World War II industry would hire workers who were more than 70 years old. Also women who are involved in aid to dependent children cases were hired by industry during the war and also were the first to be fired when the labor market became competitive.

Maxey hopes that the Federal Old Age Insurance system, now being liberalized by Congress, and

the growing pension plans of industry will combine to reduce welfare costs.
