Some Rural Schools Will Begin Classes Tuesday Morning

School begins for Chelsea students next Thursday, Sept. 7. All pupils are to report at 8:30 a.m., including high school and elementary grades in Chelsea and the three rural schools of the Chelsea Agricultural Schools district—St. Mary's, St. Joseph's and St. Michael's. Other rural schools in the Chelsea area will open Sept. 5, according to Julius Haab, superintendent of the Washtenaw County schools. He said yesterday he had received no information to the contrary in regard to any of the Chelsea area rural schools. All schools in this area have teachers and are ready to open on the day after Labor Day, he said.

Chelsea Agricultural Schools teachers will attend meetings on Tuesday and Wednesday preceding the Thursday opening of school. New pupils in Chelsea High school not previously enrolled have been registering at the school yesterday and today.

County School Bus Conclude Training Course Meetings

The last of four sessions of the school bus drivers' training course in this area was held at Dexter High school from 8 until 12 a.m. Tuesday. Nineteen bus drivers participated in the training program, which is designated a continuing education service of the department of business and industry of Michigan State college. Certificates of achievement were awarded to those who completed the full 16-hour course. Chelsea school bus drivers received the certificates are Russell Alstaetter and Frank Reed.

Leslie Silvernale of Michigan State college was the instructor of the school bus drivers' education program.

The first of the four sessions was held at Chelsea High school Aug. 8. Aug. 15 the group met at Frittsfield and Aug. 22 at Manchester. The program was sponsored jointly by Michigan State college, the State Department of Public Instruction and the Washtenaw County Board of Education.

It was announced that the club will second prize at the County 4-H show with its exhibit on room arrangement.

Election of officers resulted as follows: Mrs. Will Reno, chairman; Mrs. Ben Breitenwischer, vice-chairman; Mrs. Herman Schabbe, secretary-treasurer; Mrs. Frank Winter, community chairman; Mrs. Charles Kruger, leader; Mrs. Henry Niehaus and Mrs. Alfred Kuhl, alternate leaders; Mrs. William Stark and Mrs. Mae Grossman, recreation leaders; Mrs. Arthur Kuhl and Mrs. Oscar Stabler, flower committee, and Mrs. Alton Gray, news reporter.

The next meeting will be held Oct. 5 at the home of Mrs. Oscar Stabler. The lesson is to be on the topic, "When We Grow Older."

Walter Fry was re-elected president and Mrs. Donald Weed was named secretary-treasurer. Mrs. Mr. and Mrs. Clarence Gieske of Norwell will entertain the group for the 1951 reunion according to present plans.

Farmington Couple Injured in Crash Near Kalmbach Rd.

About 9 o'clock Monday evening a Farmington couple suffered serious injuries in a car-truck crash on US-12 west of Kalmbach road. The man and his wife, both about 47 years old, were identified as Mr. and Mrs. Rudolph Leidig. The accident was said to have occurred just after the truck loaded with steel, had pulled out of a restaurant driveway and was headed east in the right-hand lane of the three-lane highway. The car, reportedly driven by Leidig, was traveling east, collided with the rear of the truck, smashing the entire front end of the car.

50-Mile Limit Asked for on US-12 Section

Scio township's supervisor, Albert Trinkle, and other members of the township board, drew up a resolution which was passed at a special session Tuesday, requesting the State Highway department to set a 50-mile speed limit on the six-mile stretch of US-12, located in that township. Trinkle said one copy of the resolution would be sent to State Highway Commissioner Charles M. Ziegler and another to Commissioner Donald S. Leonard of the State Police. The township board's action, Trinkle said, was the result of a meeting called last week by W. M. Stickland, AAA club representative, at which time it was suggested such a resolution might carry weight with state officials.

A July 20 request from another Washtenaw county group for a speed zone on US-12, extending from the Ann Arbor city limits to the Jackson county line, was turned down by the State Highway department. Sheriff John L. Osborn said yesterday. The group which made the request, Osborn said, included representatives of the sheriff's department, state police, Ann Arbor police, county road commission and the AAA club. This group meets once a month to study traffic safety problems.

Sheriff Osborn quoted figures studied by the group which, he stated, definitely shows a need for some sort of traffic control, at least as far west from Ann Arbor as the Jackson road area. From Jan. 1 to Aug. 16, this year, according to these figures, there were 64 accidents on US-12 from Maple road west to the Jackson county line. Of these, 49 occurred on the six-mile, so-called "death stretch," from Maple road to Parker road. The 49 included 30 involving property damage, 14 involving personal injury and five involving fatalities. The 14 personal injury accidents resulted in 43 persons being injured.

On the 12-mile stretch from Parker road west to the Jackson county line, Osborn said, 15 accidents in the same period were divided as follows: 8 property damage, 6 personal injury, one fatal. The six personal injury accidents involved 26 persons.

According to Osborn, a recent suggestion to widen the pavement of the four-lane highway leading out of Ann Arbor would not solve the problem. He said engineers tentatively have told him that even a four-lane highway (unless it is divided in the center) does not cut down accidents unless speed controls are enforced.

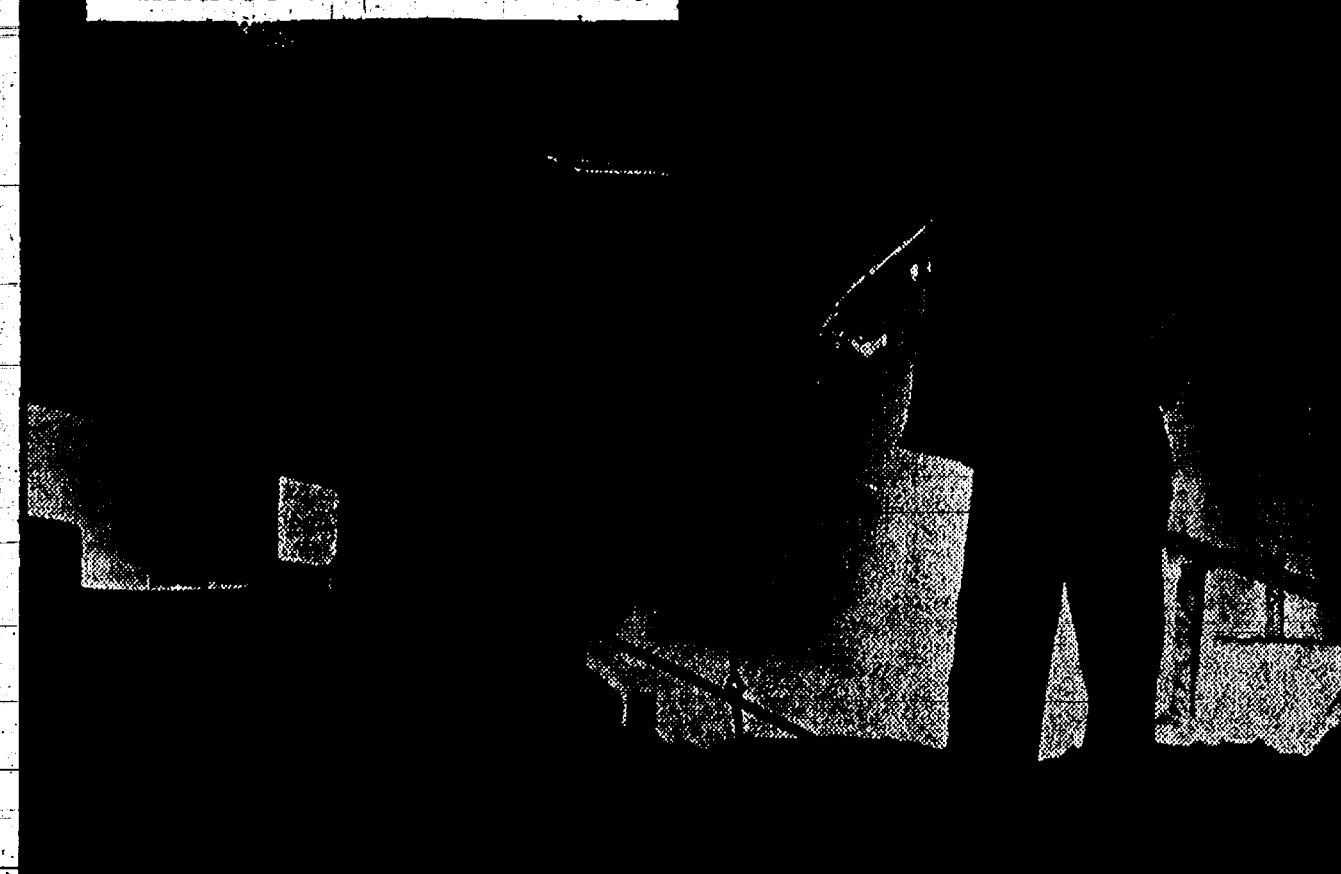

Cub Scout Meetings Will Be Resumed First Week in Sept.

The Cub Scout Pack Committee held a meeting Monday evening, Aug. 28, at the home of Mr. and Mrs. Edmund Kayser. A Pack meeting was planned for Sept. 29 and will include a winter roast at the Kayser home.

Plans were made for a Cub Scout booth at the Community Fair the first week in October. It was announced the Cub Scout meetings will be resumed the first week in September and that each Cub Scout will be notified by his den mother as to the date and place of the meeting for his group. It was also decided at the meeting to ask Cub Scouts who have Cub Scout equipment they are willing to dispose of to contact Mrs. Clinton Collyer.

Refreshments were served at the close of the meeting by Mrs. Kayser and Mrs. Collyer. Present at Monday's meeting were Mrs. Lawrence Riemen-schneider, Mrs. Will Geer, Mrs. and Mrs. Edmund Kayser, Mrs. Clinton Collyer, Olen Hart, Willard Pearson, and Lorenz Wenk.

LABOR DAY, 1950 The Challenge of Korea Kindles the Home Fires

Labor Day, 1950—a day of resolute purpose.

America is once again at war. And the manpower supremacy of the North Koreans has made it imperative for America to unleash her mightiest weapon, production. Mighty dreadnaughts of war must be demobilized; machines, geared to turning out the goods of a nation at peace, must be converted to supply the A.I.'s in Korea with the best in weapons, food, and clothing.

Today, Labor Day, 1950, the factory whistles blow, an echo of the World War II years. The factory fires are kindled, and men, once more go forth to make missiles of death.

Today Labor dedicates itself to a resolute purpose: a decisive victory in the hope of averting another all-out test of America's industrial might and dignity.

Kindergarten Parents Asked To Attend First School Day

Mrs. Lucile Kelly, kindergarten teacher in the Chelsea public schools, has completed plans for the first day of school, Thursday, Sept. 7. She requests that parents of children who are to enroll in kindergarten this year bring their children to school at 9 a.m. that first day and remain at school with them until they are dismissed. In connection with the enrollment of kindergartners, the Elementary PTA president, Mrs. Donald Fogg, has arranged for a tea-PTA members will assist in serving the refreshments.

Mrs. Kelly, with the cooperation of the PTA president, planned the social hour to provide an opportunity for parents of kindergarten children to become acquainted with each other and with the children with whom their own youngsters will be attending classes. Being together at one time, she believes, will also facilitate dividing the children into morning and afternoon classes, according to parents' choice and convenience as far as possible. She is hoping all parents will accept the invitation to attend the social hour.

Children must be five years old on or before Dec. 1, 1950, to attend kindergarten this year. This is in accordance with the state ruling that local districts cannot receive state school money for children under that age.

Kiwanis Club Softball Team Defeats Dexter

The softball game between the Dexter Kiwanis club team and the Chelsea Kiwanians, played at the athletic field after Monday's meeting, ended by a score of 16-8 in favor of Chelsea.

At the end of the third inning Dexter was in the lead, but Chelsea forged ahead in the fourth and continued to lead throughout the remainder of the game.

High School Grid Coach Is Appointed

Raymond Louthen of Columbus, Ohio, is the new head football coach at Chelsea High school, having been appointed to that post last week-end to fill the vacancy caused by the resignation of Ned Stuits. Louthen, who attended the University of Michigan, received his bachelor of science degree from Western Michigan college at Kalamazoo. He will teach biology, junior high social studies and physical education classes, in addition to his athletic duties. The latter includes baseball coaching for which he is said to be especially qualified, since he played professional baseball in the New York Yankees system for five years. He coached the freshman football team and assisted with the varsity team at Western Michigan college. John Magiera, who is head basketball and track coach at Chelsea High school, will continue to act as assistant football coach, while Louthen will be his assistant in basketball and track.

The new coach is married and he and his wife will make their home here.

Detroit Youths Pay Fine for Assault-Battery

As an aftermath of a minor property damage automobile accident on East street about midnight Thursday, Aug. 17, two Detroit youths, vacationing at a nearby lake, waylaid Robert Schantz on Cavanaugh Lake road Tuesday night, Aug. 22, and beat him severely, it was reported by Chelsea police. Schantz suffered severe face and eye injuries and a cut lip which required several stitches. He was treated by a local physician after making his way back to town.

The Detroit youths are Carlos Trask, 18433 Hartwell, and Edgar Bicknell, of 18225 Birwood, Detroit.

A car driven by Trask was involved in a sideswiping accident with the Schantz car Aug. 17 and the incident last Tuesday was a continuation of an argument started at that time, police were told. The Schantz car was forced to the side of the road and when Schantz got out to find out what was wrong the Detroit youths, both 18 years old, set upon him, officers were informed.

Taken into Municipal court in Ann Arbor Thursday, Trask and Bicknell pleaded guilty to charges of assault and battery and were ordered to pay \$10 fine and \$10 costs, each.

School Buses Will Run on Schedule Followed Last Year

School buses are to be operated on the same schedule as they were last spring, School Superintendent Albert C. Johnson announced yesterday. He said the former schedule will be followed the first day, at least, unless parents are notified to the contrary. If changes are found necessary because pupils are now living in sections not adequately served by the buses, the changes will be made wherever possible, Mr. Johnson stated. But he emphasized that, for the present, last spring's schedule will be followed.

It is planned to take kindergarten children home at noon again this year as has been the custom the past three years. This plan, however, cannot be put into operation before the second week of school because it will take several days to set up a route after it is determined where all the kindergarten children live. Parents should plan to arrange their own transportation for kindergartners the first few days of school, Mr. Johnson advised.

Bus drivers this year are Ed Miller, Frank Reed, George Brettschneider, Watson Hart and Russell Alstaetter.

Birthdays Observed at Methodist Home

On Thursday the birthdays of 17 members of the Methodist Home "family" were celebrated during the dinner hour. With the exception of two who were ill and two who were away visiting at the time, all were seated at a special birthday table decorated in pink and blue. All were remembered with a gift from the Chelsea Home Friends.

Those seated at the birthday table were the Misses Nellie Culver, Martha Morris, Alice McKeever, Margaret Smith and Emma Holman, and Mrs. Mary Keland, Mrs. Annette Faltz, Mrs. Benrice Coleman, Mrs. Maude Torrey, Mrs. Jennie Bond, Mrs. Bessie Seager, Mrs. Altha Burton and Mrs. Flora Baxter.

Mrs. Barbara Robertson and Miss Cynthia Allen were the two who were ill, and Mrs. Minnie Pell and Miss Edna Bacon were those who were away.

Miss Margaret Smith was the oldest member of the group, having observed her 93rd birthday on Aug. 17.

Some Floats Being Entered in Parade in Chelsea Fair

Community Fair plans are going forward in preparation for the gala affair which is to be held here Oct. 4, 5, 6 and 7. Some organizations have already announced their intentions to enter floats in the parade, which is to be a highlight of the closing day of the fair. Prizes are to be awarded for the floats judged to be the best. Walter Harper is parade chairman.

In addition to the midway and concessions for providing entertainment, the many exhibits expected to be entered and all the usual features of former fair years here, this year's additions of a flower show and antiques exhibit are expected to prove popular.

Fair Board spokesmen said yesterday that prizes for the floats and the various other divisions of the fair will be announced early in September.

School's New Foundation Stamped OK

The east end wall of Chelsea High school now rests upon a foundation five feet in width and from five to seven feet deeper than the original foundation, and the building has been declared safe for occupancy. The foundations were inspected last Wednesday by a group of officials and engineers, including Glenroy Walker of the State fire marshal's office, C. A. Johnson and his son, of Detroit, whose workmen did the underpinning job; and Gerard Kirkhoff, assistant professor of civil engineering at the University of Michigan. Kirkhoff was one of the engineers who inspected the building last spring and advised the underpinning. At that time the state fire marshal had refused to permit the building to be used unless some reputable firm or engineer vouched for its safety. Kirkhoff told Albert C. Johnson, school superintendent, and school board members Wednesday that he is sending the required letter declaring the building to be safe to the state fire marshal's office and will send a duplicate copy for the files at the school.

The lintels and other cracked masonry on the front of the High school building have been replaced and the east ends of the north and south walls have been reinforced with underpinning. Some of those who inspected the work after it was completed said the foundations are now "strong enough to hold a six-story building."

Police Sharpened Against Chelsea Stop Sign Violators

George Doe of the Chelsea police department today announced the establishment of a police training school on the apprehension of stop sign violators.

"Each officer in the department will receive this training and will receive personal copy of a printed training manual prepared by the Safety and Traffic Division of the Michigan Association of Chiefs of Police jointly with the traffic division of the International Association of Chiefs of Police," Doe stated.

Pointing out that police training is of great importance in improving law enforcement, Doe stated, "All motorists will be pleased to learn that if they are stopped by a police officer it will be only for a specific violation of the law under a carefully prepared policy and they may expect courteous treatment."

Tax Will Be Voted on by Electors Tuesday, Sept. 12

Tonight (Thursday) at 8 o'clock a public meeting is to be held in the study hall at Chelsea High school for the purpose of discussing the proposed 5-mill levy for a building and site fund which is to be put before the electors in the Chelsea Agricultural Schools district on Sept. 12. Members of the board of education will be present to take part in the discussion and to answer any questions.

Because of unstable conditions in the building field at present, school officials said, it was deemed unwise to attempt a building program and bond issue at this time; nevertheless, they felt that electors in the district might start raising some money for a future building program.

A 5-mill levy for one year, they said, would provide \$20,000 for the building and site fund. The levy would be for this year only. A building and site fund levy in 1946-46-47, before consolidation, provided \$19,500. This amount is still in the fund and the proposed \$30,000 addition from a 5-mill levy this year would bring the total amount in the fund to \$49,500. This would help materially at some future date in providing for additional school facilities.

The money in this building and site fund is earmarked for building and site purposes only and cannot be used by the board for anything else.

The election on the proposal is to be held in the High School gymnasium from 2 until 8 p.m. Tuesday, Sept. 12. There will be two issues: first, raising the millage to 5 mills for one year, and second, raising money for a building and site fund.

On the first issue (raising millage), the qualifications for electors are: (1) must be at least 21 years of age; (2) must be a citizen of the United States; (3) must be a resident of Chelsea Agricultural Schools school district at least 20 days.

To vote on the second issue (raising the money) electors must have the above qualifications and, in addition, must own property in the district, individually or jointly.

Competition Keen in State 4-H Show at East Lansing

The State 4-H Show is being held on the grounds at Michigan State college in East Lansing this week and will be concluded tomorrow. The show opened Tuesday.

Parents of some of the club members in this vicinity who accompanied them on Tuesday when they entered their exhibits reported that it is the biggest 4-H State Show they have ever seen. Stiff competition is expected in the horse and cattle division, all entries being of such high quality as well as extra large numbers. The stock is being shown in the college arena and those who returned after seeing the exhibits the first day said there was a double line of entries all around the huge enclosure.

Many from this vicinity have exhibits at the show. Among those from this area who are remaining there with their entries all or part of the week are Doris Haist, Betty, and Marjorie Bradbury, Kenneth Proctor, Nancy Van Riper, Edson Whitaker, David Wolfgang and Lloyd Grau.

Marjorie Proctor is to take part in the Dress Revue which will be held tonight.

The girls who are staying in Lansing for the show are quartered in the new Robert Shaw dormitory which is being used for the first time.

WSCS Plans First Meeting of Fall

The WSCS of the Chelsea Methodist church will hold its first meeting of the 1950-51 season next Wednesday evening at 8 o'clock. The gathering will be held in the social center of the church and Central Circle women will serve the refreshments.

All members are urged to attend this meeting at which an important question in regard to meeting dates is to be discussed. A decision is to be reached as to whether meetings of the WSCS should be held at quarterly intervals during the year as recommended by the WSCS office of the Methodist Church, or whether monthly meetings are to be the rule.

Rev. David Bryce will be the speaker at this meeting. He will present the calendar for the coming year of church service, with special emphasis on the activities of the women of the church.

Only Persons Are Listed

The following is excerpted from a sermon by Reverend Ernest H. Sommerfeld, minister of the Church of the Unity, Springfield, Mass.

WE ARE ASKED to imagine the following parable: Joe Doakes passed away and floated up to the Pearly Gates. He pounded on the gates and St. Peter appeared.

"Who are you, may I ask?"
"My name is Joe Doakes, sir."
"Where are you from?"
"I am from Updale, U.S.A."
"Why are you here?"
"I plead admittance, Mr. St. Peter."

St. Peter scanned his scroll and said, "Yes, Joe, you are on my list. Sorry I can't let you in. You stole money from others, including widows and orphans."

"Mr. St. Peter, I had the reputation of being an honorable man. What do you mean, I stole money from widows and orphans?"

"Joe, you were a member, a financial supporter and once on the Board of Directors of the Updale Do-Good Association. It advocated a municipal golf course in Updale which took money from widows and orphans in order to benefit you and a hundred other golfers."

"Mr. St. Peter, that was the Updale Do-Good Association that took that action, not my humble applicant, Joe Doakes."

St. Peter scanned his scroll again, slowly raised his head, and said, "Joe, the Updale Do-Good Association is not on my list, nor any foundation, nor any corporation, nor any trade association, nor any labor union, nor any

other organization. All I have listed here are persons, just persons."

The above quotation is a rather remarkable parable, isn't it? Just—be—aggressive else arguing with St. Peter:

"But Mr. St. Peter, I had orders from my government to put those Jews in the gas chamber."

"But Mr. St. Peter, it was the policy of the church to persecute others. I was only a humble servant of the church."

"But Mr. St. Peter, I was only one of the mob, how do you know that my rock killed the Negro?"

"But Mr. St. Peter, when I killed all of those women and children I was in the service of my country."

And always the inexorable answer: "All I have listed here are persons, just persons."

We should know that conscience, reason, knowledge, integrity, judgment and all other virtues are the distinctive and exclusive properties of individual persons. Committees and governments don't think; only individuals think. Systems do not commit crimes; only individuals commit crimes.

Majority decisions are not right merely because they are in the majority. The majorities, which nailed Jesus to the cross, gave Socrates the cup of hemlock, burned John Hus at the stake, forced Galileo to deny what his telescope told him—were they right? In these cases the individual was right; May there not be just such situations today?

Last Tuesday they visited the granite quarries of the Rock of Ages corporation at Barre, Vermont. They planned to stop in New York City and other points before returning home the end of this week.

REV. ROBERT H. HARPER

Peter, Who Became a Man of Power.
Lesson for September 3: Acts 4: 8-20.
Memory Selection: Acts 3:29.

SIMON was at the first like the shifting waves of his own Sea of Galilee. But he became as firm as the hills that rise about Galilee's shores.

In the courtyard of the high priest's palace, he thrice denied his Lord, and even with an oath. But Peter in the flash of light was followed by Peter on the Seashore. Under the three-fold questioning of Jesus, he vowed a love that was never betrayed by denial or show of wavering. From that hour he was truly Peter, the Rock.

He became a great preacher. On the day of Pentecost, he preached with such power that 3,000 persons were added to the infant church. And the lesson text tells how Peter and John, when the council forbade them to speak in the name of Jesus, said they would hearken to the voice of God rather than that of men, and declared they would continue to preach what they had seen and heard.

Peter interests men because the most of them are like Peter in their human weakness and their many falls. But let us strive to be like him in his later days when he proved true to the name Jesus gave him. As Peter became a man of power, so can we grow strong for our Lord. For, as we believe in Jesus and love him, the Lord can communicate enough of his power unto us to make us big and brave in our service for him.

Michigan Campus Undergoing Changes

Ann Arbor—The campus at the University of Michigan is undergoing some changes. Wreckers are at work tearing down the remains of Haven Hall, damaged by fire June 6. Work also is under way in demolishing Mason Hall with University Hall also on the wreckers' schedule. These two buildings are coming down to make way for the badly-needed addition to Angell Hall.

Mason Hall, built in 1841, was one of the original buildings on the campus. University Hall was completed in 1873.

Miss Virginia Wahl, Loren Hinderer Speak Nuptial Vows

Tall baskets of white gladioli and baby mums flanked by candelabras bearing lighted tapers decorated the altar at Zion Lutheran church, Rogers Corners, for the wedding of Virginia Marie Wahl and Loren Gottlieb Hinderer at 3 o'clock Saturday afternoon. Rev. M. W. Brueckner officiated at the single-ring ceremony in the presence of 150 relatives and friends.

The bride is a daughter of Mrs. Nina Wahl and the late Clarence Wahl of Grass Lake, while the bridegroom's parents are Mr. and Mrs. Albert Hinderer, of Chelsea.

Before the ceremony, Nello Corser of Unadilla sang "My Hero," and during the rites she sang "The Lord's Prayer." Mrs. M. W. Brueckner played the organ accompaniment and also played Lohengrin's Bridal Chorus.

Dressed in white water taffeta fashioned with a fitted bodice and a floor-length skirt finished with a pleated, the bride wore a fingertip length veil held in place with a tangle of seed pearls. A rhinestone choker necklace, a gift from the bridegroom, and lace mitts accented her costume. She carried a white prayer book adorned with an arrangement of stepping ivy and an orchid. She was accompanied down the aisle by her brother, Clara Wahl, who gave her in marriage.

Marjorie Ann Wahl was her sister's maid of honor while two other sisters, Mrs. Reuben Hartman and Mrs. Norman Hinderer, were the bridesmaids. All wore gowns styled like the bride's and wore headpieces to match the color of their gowns. The maid of honor was in yellow while Mrs. Hartman was in green and Mrs. Hinderer in melon rose. All three attendants carried nosegays of blue bachelor buttons and roses in shades to complement their gowns.

Sandra Owens, daughter of Mr. and Mrs. James Owens, of Michigan Center, a cousin of the bride, was flower girl wearing for the occasion a short dress of yellow nylon. She carried a basket of blue and yellow flower petals.

Assisting the bridegroom as best man was his brother, Norman Hinderer, while Ellis Pratt of Manchester and Armin Kuhl were the ushers.

Following the ceremony a reception was held in the parish hall. Former classmates of the bride at Grass Lake High school served the refreshments and an aunt of the bridegroom, Mrs. Oscar Boshuier of Ann Arbor, cut the four-tiered wedding cake which had centered the bride's table.

For the wedding the bride's mother wore a toast brown dress with dark brown accessories and a corsage of tallamas roses. Mrs. Hinderer wore navy sheer print, navy accessories and a pink corsage, and the bride's grandmother, Mrs. Charles Wahl, was in black and her corsage was of white carnations.

When the couple left for a two-weeks' honeymoon, the bride's traveling costume was a wine-colored suit with which she wore black accessories and the orchid she had carried for the wedding. Upon their return they will make their home on the Selkirk Church road, farm of the bridegroom's father, where the bridegroom is employed.

The bride, employed the past three years at Consumers' Power company in Jackson, is a 1947 graduate of Grass Lake High school.

MERCY MISSION—A welcome sight over the heads of U.S. in South Korea is this helicopter, one of a fleet used to evacuate wounded to rear-line hospitals. Equipped with two special litter compartments hooked to its sides, the 'copter excels in performing mercy missions in inaccessible terrain. The 'eggbeaters' are also used in reconnaissance work.

MUD HIDES MERCY—This Department of Defense photo shows a medical corpsman of the 24th Army Medical Battalion trying to camouflage his ambulance with mud after the famous sign of mercy attached heavy fire from the ruthless enemy. High praise has been awarded the "medics" who have worked feverishly to evacuate wounded from the battlefield, knowing that those left behind will be murdered in cold blood.

CROCHETING COMPETITOR... Richard Salem, 55, Springfield, Ill., is out to beat the ladies crocheting. He entered Illinois state fair competition. He took up his hobby at 41.

THE ARMY'S NEW 'EAGER BEAVER'—Here's a brand new Army Ordnance vehicle—the "Eager Beaver." The 2½-ton truck, now in full production at Reo Motors' plant in Lansing, is built for high speed on and off the highway, and is designed to operate normally in sub-zero cold, blistering heat or with its engine completely submerged in water. Reo has been awarded contracts for approximately 8,900 of them at a cost of about \$55,000,000. In the top panel, the "Eager Beaver" is shown "cruising" in Chesapeake Bay, Maryland.

WOMEN AT WAR—Two pistol-packing South Korean girls, Chong-Sun Yin, at left, and Han-Chi Ok, beside her, are combining culinary skills with Mata Hari work on the front lines in South Korea. Both in their 20's, the girls are valuable members of "Kelly's Boys," a combined American and South Korean guerrilla force which operates behind enemy lines. After a hard day over smoking rifles, they return to headquarters and whip up hot meals for the 100 South Korean members of "Kelly's Boys."

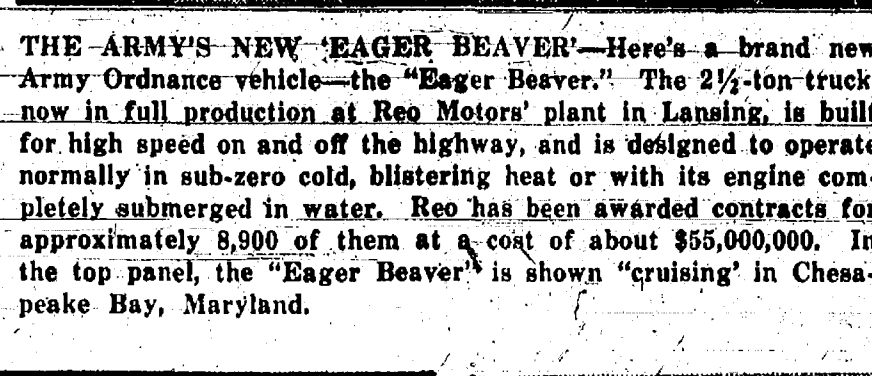

CATS CAN LAUGH—Cats in Savannah, Ga., can laugh at Yegg/cause he's not much of a menace anymore. Owned by Shirley Ann Grimes, the pooch wears a pair of sturdy crutches as a result of a fall from a second story fire escape. He gets around surprisingly well, however, and expects to send feline fur flying when his broken front legs mend.

BIBLE GRADUATE... Spook, a pooch belonging to Philip Fankoff, Denver, attended Bible school every day with his master, and when Philip graduated, Spook received a diploma too. Spook's halo is photographer's idea.

SEEKS SANCTUARY... Had Ghali, who recently aroused King Farouk's wrath by marrying the king's sister, seeks haven in U.S. as displaced person.

GUARD WITH WOODEN RIFLE... Some of the success enjoyed by North Korean guerrillas may be the result of arms lack of the southerners. This home guard has only a wooden rifle.

SEVENTH CAESARIAN BABY... This young lady, the seventh baby born to Mrs. Margaret Thomas, Chicago, by a caesarian section, has established some kind of a record.

DIPLOMATIC FORAY... Soviet U.N. delegate demands unseating of Nationalist's China's delegate as he attacks U.S. as aggressor.

ALWAYS A BRIDESMAID?... Princess Margaret of England leaves St. Margaret's church, Westminster, after acting as chief bridesmaid at wedding of her cousin, Margaret Elphinstone.

"A" STUDENT MARRIES TEACHER... Arthur J. Williams, 18, and Mrs. Jean Lewis Bressette, 20, his English teacher, of West Springfield, Mass., were wed after classroom romance.

HOOK-SHOT ARTIST—Crutches are no handicap to this young basketball player at Camp Wawbeek, Wis., who scores two points for his team with an accurate overhead toss. Altogether some 600 crippled children attended 75 special summer camps this summer, returning home with strengthened bodies and firm imaginations.

UNEXPECTED VISITOR... South Korean peasant wonders what to do about American F-80 which came to rest in cozy muck of his rice paddy after ground fire knocked out landing gear control.

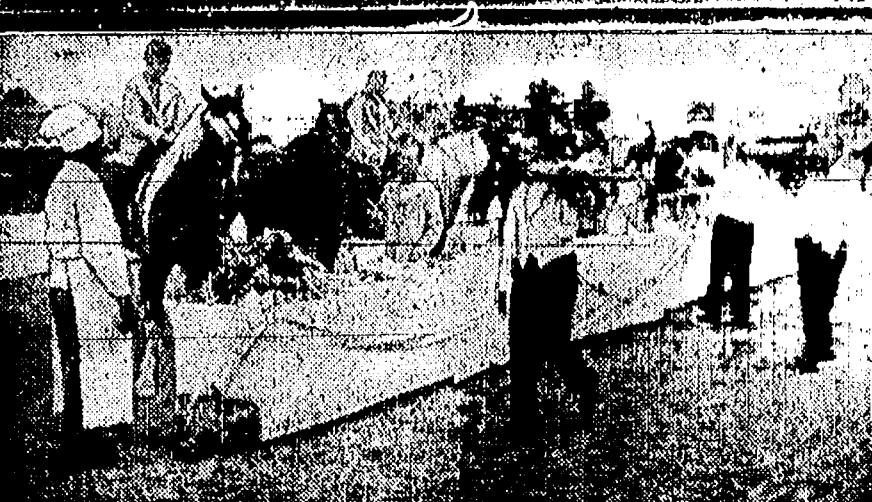

G.I. CLIP FOR YOUNG RED PRISONER... A youthful North Korean prisoner has his hair clipped in outdoor barber shop in village prison camp near a U.N. air base fighter strip in Korea.

LION AND BEAR HIPPOS MAKE SHEEP EYES—Berlin officials added several new wrinkles to the art of diplomacy when they permitted a Russian zone she-hippopotamus to visit a he-hippo in the British sector. After a polite get-acquainted period, authorities removed the bars between the two in the hopes that love might overcome the lingual barrier. It did. And now it is hoped that Soviet-owned "Olga" will present her two-and-a-half-ton British beau, "Knautschke," with a wee one.

KOREAN SATURDAY NIGHT... Cpl. Lee Wilcher, McKinney, Ky., scrubs away the Korean mud in a tub not intended for bathing.

HORSE IS KING FOR A DAY... Four-footed contestants at Randall Park, Cleveland, were honored at a buffet luncheon recently. Tables held fresh vegetables and each horse was provided with a valet (stablehand) for etiquette advice. A band provided music for the occasion.

JET GIANT OF THE SKIES—Equipped with four J-47 jet engines, as well as six 3500-horsepower piston engines, this production model B-36D promises to provide Uncle Sam's Air Force with a new knock-out punch. In this first take-off view to be released by authorities at Consolidated Vultee Aircraft Corporation in Ft. Worth, Tex., the jet engines, mounted in pairs, can be seen beneath the bomber's outer wing panels. Encased in a steel pod, the two twin jet units supply the new dreadnaught with an improved rate of climb, higher ceiling, increased speed and extra power for take-offs.

THREE'S A COWED—A five-year-old Holstein cow offered black and white proof, three black-and-white youngsters, that cows can have triplets. A veterinarian said the newly-born crowd, consisting of two bulls and a heifer, show every sign of good health. The "litter" was born on a ranch in Texas, near San Antonio.
