Holstein Cow Bears
Fourth Set of Twins

"Pill," a grade Holstein cow owned by Mr. and Mrs. Gordon Van Riper, is believed to be eligible to claim a record number of offspring in her seventh and one-half years of life. Given the Van Ripers as a wedding gift by Mr. Van Riper's parents, Mr. and Mrs. Everett Van Riper, the cow's first calf was a steer. Her next calf was a heifer and then she had four sets of twins, the latest being twin heifers born last year. The other three sets of twins were steers. Of the ten offspring, the Van Ripers still have in their herd, her second calf (a heifer), a steer from two years ago and the twin steers born last year. In addition to the newest set of twins, the cow is now giving approximately 42 pounds of milk at each milking. Her record for 251 days of last year was 380.3 pounds of butterfat and 10,220 pounds of milk.

Fair Board
Takes Option
on Property

The Chelsea Community Fair is to be held on the grounds at the corner of Manchester road and old US-12, where the carnival was held last year, according to a decision reached by fair board of directors Tuesday evening. John Glick, president of the fair board, and Lloyd Heydlauff, jointly took up the option on the fair site so the fair could be held there this year. E. B. Sorensen was formerly owner of the plot. The fair board is being granted the privilege of purchasing the site at the amount of \$100,000. The board is also being granted the privilege of leasing the site to the fair board. The board is also being granted the privilege of leasing the site to the fair board.

All exhibits are to be housed in tents this year and so that officials may determine how many tents to provide prospective exhibitors are urged to fill out entry blanks and hand them in as soon as possible. Buses will be in Chelsea have supplies of entry blanks on hand. The free fair opens just four weeks from yesterday and there is still much preliminary work to be done. It will help chairman of the various departments if entries are listed as soon as possible, whether the entries are livestock, flowers, antiques, organizational, school or other exhibits. At least one group and some Extension groups have already begun plans for their exhibits and have appointed committees to be in charge of them.

The aim of the fair board is to make this year's four-day event "bigger and better than ever" and cooperation on the part of prospective exhibitors will help greatly in realizing this aim, officials said yesterday.

The big parade planned under the chairmanship of Walter Harp is to be held Saturday, the concluding day of the fair. Schools, organizations of all kinds and individual groups are urged to enter floats in the parade. Substantial prizes are to be offered for the best floats.

Dates for the fair are Oct. 4, 5, 6 and 7.

Fire Destroys Car
After Collision with
Haul-Away Truck

At about 1 a.m. Thursday, a car driven by a sailor on his way back to Great Lakes, Ill., was destroyed by fire after it was involved in a collision with a loaded haul-away truck about two miles east of Chelsea. The sailor, Roby Collins, USNCT, and his bride of three weeks, Jeanne, their belongings which included clothes, dishes and other housekeeping equipment packed in the car.

The wife, Marjorie, even lost her shoes which she had slipped off while riding along. The Chelsea Fire department was called to put out the fire.

As reported by sheriff's deputies, both vehicles were traveling west, the truck colliding with the rear of the automobile. Driver of the truck was Eryn F. Black of Joliet, Ill., according to sheriff's deputies. It was foggy at the time of the accident, according to the report. Collins and his wife were taken to St. Joseph's Mercy hospital, Ann Arbor, for examination and treatment of bruises.

Mr. and Mrs. George Wheelock and sons of Ypsilanti were Sunday callers at the home of Mr. and Mrs. Garnett Wolz.

The latest accident allegedly occurred while it was raining about midnight Thursday. Joseph Nickodien of Birmingham was the driver of the car which hit the rear of a large "semi" type truck.

Nickodien's wife and Agatha Albright of Plymouth were bruised. They were taken to St. Joseph's Mercy hospital, Ann Arbor, for treatment, it was reported.

Police Officer
Urges Caution
as School Opens

"Don't let school bells sound the death knell for your child!"

This grim warning was issued recently by Police Officer George Doe, spokesman for the State Safety Commission's September program of traffic safety education, as millions of youngsters trooped to classrooms throughout the country many for the first time.

"For the beginner," Officer Doe said, "this may be his first tussle with reality—with the dangers of the street, and the problems that he must face for himself without Mother's personal guidance. For that reason, the danger to the very young is extreme at this time of year."

This emphasis on child safety—the necessity for thorough safety education by both educators and parents and the driver's responsibility for child safety—is part of the State Safety Commission's program this month.

Another important part of the program, Doe said, will be devoted to acquainting the public with the record of young drivers as a group, and how this record can be improved.

"Traffic safety education," Doe said, "is not a thing that we can arbitrarily end with the student's fourth, eighth, or twelfth year of formal education. Adult—so called 'mature'—drivers themselves have much to learn about traffic safety, so the process is obviously a never-ending one. Instruction early in a child's life, however, will do much to make things safer for him, and in 10 or 20 years when he is leaving age, for all of us."

Two Cassidy Lake
Youths Walk Away

Two Cassidy Lake inmates who walked away from the camp Tuesday night, Aug. 29, had not been apprehended yesterday, so far as known by local police who were given descriptions of both.

The two are James O. Williams, sentenced in Ingham county Dec. 30, 1948, to 1½ to five years for car theft, and Reuben J. Mueller, 28, sentenced March 1, 1949, at Iron Mountain on a breaking and entering charge. They were 21 and 23 years old, respectively.

Both men were last seen at the camp at 7:30 p.m.

Mrs. F. M. Broesamle is leaving Willow Run by plane today for Washington, D. C., where she will be the guest of her son, Commander K. M. Broesamle, and his family for two weeks.

Special Assessment
Asked for One Year
To Build Reserve

Electors in the Chelsea Agricultural schools district are reminded that the election on the proposal for a 5-mill tax levy for one year is to be held next Tuesday, Sept. 12, in the high school gymnasium. The levy, as proposed, would be for the purpose of building a fund of \$30,000 to be put into a school building and site fund. The election will be held from 2 until 8 p.m.

Two issues are to be submitted—first, raising the millage to 5 mills for one year and, second, raising money for a building and site fund.

On the first issue (raising millage) the qualifications for electors are: (1) must be at least 21 years of age; (2) must be a citizen of the United States; (3) must be a resident of Michigan for six months and of the Chelsea Agricultural schools district at least 30 days.

To vote on the second issue (raising the money) electors must have the above qualifications and, in addition, must own property in the district, individually or jointly. The proposal was decided upon after a number of electors had suggested building a fund for school expansion to cut down on the amount of any future bond issues for school building and site purposes. A building and site fund levy in 1945-46-47, before consolidation took place, provided \$19,500 which is still in the fund. The addition of the amount realized from a 5-mill levy this year would bring the total to \$49,500. The building and site fund cannot be used for any other purpose and must remain in the designated fund until used for the purpose intended, that of a school building and site program.

October Benefits
To Be Increased
for Social Security

All persons receiving federal Social Security benefits were notified last week that beginning with their October checks their monthly insurance benefits will be substantially increased. The increase varies with the amount of present benefits, those now receiving the lowest amounts of monthly benefits receiving the highest percentage of increase.

The changes in the Social Security program, as passed by Congress, went into effect Sept. 1, 1950, following the signing of the bill by President Truman.

According to the official notices of the increase in benefits, those receiving Social Security benefits may now earn as much as \$50 a month in covered employment, instead of the present \$14.99 without loss of their benefit payments. Persons 75 years of age or over may earn any amount without affecting their insurance benefits. Those receiving notices of Social Security increases were advised that the increases will come automatically and that no inquiries should be made at their local Social Security offices.

Fire Dept. Called
Twice Last Week

The Chelsea Fire department answered two calls during the past week.

Wednesday, Aug. 30, at 1:15 p.m., firemen were called to the Walter Beutler residence on Freer road when gasoline being used to wash car parts in the family garage exploded. Beutler suffered slight burns but had the fire extinguished before firemen arrived.

The second call answered was at 1 a.m. Thursday, when a car burned up on US-12, two miles east of Chelsea, following a collision.

Council Asks Bids

At the Village Council meeting held Tuesday evening, it was decided to advertise for bids for a storm sewer which would afford proper drainage for the south end of Taylor street and for Maywood, Pierce and Grant streets. Bids are to be opened at the next Council meeting.

At present the area is served by an old four-inch tile storm sewer on Taylor street, which is inadequate.

THE NEW SOCIAL SECURITY BILL, which has finally been passed by the congress will cover approximately 1,700,000 agricultural workers not heretofore covered by the social security act. These are broken down into 850,000 agricultural workers, 200,000 which have borderline agricultural employment and 650,000 regularly employed on farms.

In all about 10,000,000 additional persons are covered by the act and benefits to the insured are boosted from 70 to 100 per cent under the expanded bill. The house finally approved the compromise bill by a vote of 374 to 1, the lone dissenter being Congressman John W. Byrnes, Republican of Wisconsin.

The senate is still debating the defense production bill following a letter by President Truman to Vice-President Alben Barkley saying that the house version is emasculated to make administration difficult. Approximately two months after the invasion of Korea by the North Korean Communists, the congress has failed to agree on any single emergency measure including conscription, taxes, or even the regular appropriations bill carrying the budgeted military appropriation for the defense establishment for the fiscal year.

The congress was planning its program to adjourn by Labor day, although observers here insisted that it would be September 15 before the program could get through, and then likely it will only recess to be called back either by the vice-president or the speaker.

As a result of Republican criticism of military appropriations and the administration foreign policy in Korea and the Far East, Sen. Milard Tydings, chairman of the senate armed services committee, gave the senate a breakdown on the 48-billion-dollar appropriation for defense beginning July 1, 1949, through fiscal 1950 as follows: \$1,850,000,000 for pay, food and clothing and similar items for the armed services; \$12,780,000,000 for

maintenance and operation of equipment, such as aircraft, battle ships, submarines etc.; \$8,530,000,000 for major procurement of new weapons such as planes, ships, arms, etc.; \$2,250,000,000 for research and development; \$1,800,000,000 for the national guard and reserves; \$1,300,000,000 for administration and classified projects; \$700,000,000 for retired pay of officers and men; \$400,000,000 for military public works and \$390,000,000 for mobilization.

Senator Tydings said this country had sent almost half a billion dollars to Korea in military and economic aid since the end of World War II up to the outbreak of the Korean war. He broke down this aid as \$141,000,000 in surplus military equipment; \$301,000,000 in army government relief; \$53,700,000 in ECA shipments. Senator Tydings' breakdown was in answer to the charge by Sen. Joseph McCarthy (R., Wis.) that only \$200 in signal wire had gone to South Korea in that time.

Sen. Herbert H. Lehman (D., New York) told a senate subcommittee that 35 per cent of oleo manufactured in the U.S. was produced by seven firms and there was danger that Lever-Bros. "will eventually exercise a monopoly." Charles W. Holman, secretary of the national milk producers federation, told the group there is a "dog-eat-dog" fight among oleo manufacturers and after the fight is concluded the companies left in control would increase prices.

Indications are that if the senate passes the house bill to force Postmaster General Donaldson to return to a twice-a-day mail service in residential areas, the President will veto the bill. There was an excellent chance the bill might die in a senate pigeonhole.

A 10,000-word report has been filed by the senate's special crime investigating committee by its chairman Sen. Estes Kefauver of Tennessee. It says organized criminals not only have a strong grip on gambling and related illegal activities but also are moving fast into legitimate business fields.

REPUBLICAN CANDIDATE FOR CONGRESS

REPUBLICAN PRIMARIES
12 SEPTEMBER 1950

He Deserves Your Active Support!
BARNES-FOR-CONGRESS COMMITTEE

(POLITICAL ADVERTISEMENT)

HAROLD L. WARD REPUBLICAN FOR CONGRESS

HIS POLICY:

DEFENSE. A strong national defense is necessary to the security of our country and to free nations everywhere. Our fighting forces must be substantial in numbers and armed with weapons unexcelled by potential enemies. But while there should be no skimping on military provisions for security, there must be watch-dog thoroughness in seeing that the defense dollar buys a full dollar's worth of goods.

SUBVERSIVES. There must be more careful scrutiny by federal and state authorities of the activity of questionable individuals and groups. Persons and organizations—both Communist and Fascist—who would destroy our Constitutional form of free government, must be identified and their activities exposed. The glare of publicity and effective application of existing statutes will adequately deal with the far more dangerous expedient of cancelling the freedom of all for the sake of a few.

BIPARTISANSHIP. For more efficient legislative work and executive direction in these quick-action days of decision, bipartisanship is necessary, not only on foreign policy, but also on major domestic issues which affect the country as a whole, as, for example, in matters concerning defense and executive branch reorganization. Bipartisan cooperation will allow for a consistent national economic policy, a national defense plan with definite direction, and elimination of waste of all-important time, effort and money in government.

TAXATION. Just as men are drafted, excessive profits must be drafted. If individuals are to pay increased taxes, business and industry must expect to pay their share of the costs of protecting our democratic way of life. Our government must be

operated on a pay-as-you-go basis. With the present great drain for security measures, there must be made a tremendously unselfish effort by every Congressman to eliminate provincial, pork-barrel demands upon federal funds.

UNITED NATIONS. We must continue to give the United Nations our support and cooperation to make it a better functioning body, inasmuch as in it rests our best hope for eventual world peace.

FOREIGN POLICY. Foremost in the need for ending of our democratic allies. They are now, and must remain, a bulwark against the Communist tide in eastern Europe. Secondly, we must provide the small countries of the world with technical know-how so they may, in their standard of living, be a second line of defense against Communism. Furthermore, only if there is a more nearly balanced world economy, and only if standards of living are more nearly uniform, can we hope to

have eventual world understanding and peace.

FARM ECONOMY. A simple and sensible farm program is needed, with flexible price supports that would provide the farmer with an income on a par with that of the non-farmer. Such price supports are the farmers' equivalent of the laborers' minimum wage, social security and collective bargaining agreements. Our conservation program should be intensified, and broadened—our need an economy of abundance, and must stop destroying food to create a scarcity. Food surpluses can be absorbed and our world economy balanced through reduction of trade barriers and through increased consumption abroad as we assist other nations with our technology. Scientific research can bring to light new uses for farm products.

U.S. ECONOMICS. Curb must be placed on speculation which is merely adding to our already high cost of living. Also, there is a need for Congressional Committee probes of unusually big price boosts and "rigged markets," which have cut deeply into the purchasing power of the dollar. The small businessman should be given protection against unfair competition. Below-cost-selling should be prohibited. Competition should be encouraged, and our present fluctuating policy brought to an end. If harmony is to exist between labor and management, the present Taft-Hartley Act should be amended. The laborer is entitled to a return from the lower per unit cost through the annual improvement factor in production. As to employment practices, the employer should be free to hire those best qualified for a position, but he should not be free to use discriminatory tactics in his selection.

Ward is a Businessman and Farmer who believes we need Common Sense and Honesty in Government.

From where I sit... by Joe Marsh

Squint's Drumming
For Fair Play!

Squint Miller's mighty proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Jane Schlosser Becomes Bride of Raymond Schairer

At 8 o'clock Saturday evening in the Methodist church, Jane Schlosser became the bride of Raymond J. Schairer. The candlelight ceremony was performed by Rev. David Bryce. Anne Lambertson of Detroit sang "I Love Thee" before the ceremony and during the rites she sang "The Lord's Prayer." Mrs. P. M. Broesamle was the organist.

The bride's sister, Lois Ann Schlosser, of Ann Arbor, was maid of honor, dressed for the occasion in orchid satin fashioned with a fitted bodice, Peter Pan collar and bouffant skirt. She carried yellow daisy bunches.

Marjorie Ann Schairer of Ann Arbor, the bridegroom's sister, wore jade satin and carried bitersweet daisy bunches. Lloyd Schairer was his brother's best man and cousins, Ronald Schairer of Ann Arbor, Roger Hinderer of Grand Rapids, and Dean Schairer and Bruce Earl Peabody were the ushers.

Mrs. Schlosser wore dark green crepe for her daughter's wedding while the bridegroom's mother, Mrs. Arthur Schairer, was in teal blue. The bridegroom's grandmother, Mrs. Jacob Schairer, was in black. All three wore corsages of pink rapture roses.

At the reception for 175 guests which followed in the church dining room, Micheline De Rose poured and Esther Winters of Princeton, Ill., a cousin of the bride, cut the four-tiered wedding cake. Virginia Barth served the groom's cake and Mrs. Ray Stephenson of Ann Arbor presided at the guest book.

When they left for a short wedding trip to northern Michigan, the bride wore a dark green suit with coral accessories and a white veil. They will live in their new home on Parker road.

The bride is a first grade teacher in the Chelsea grade schools. She is a graduate of Chelsea High school and received her bachelor of science degree from Michigan State Normal college.

The bridegroom is a graduate of Dexter high school and farms with his father.

Miss Anna McCover, who died in Detroit last week and was buried in Mt. Olivet cemetery here Friday, was born in Chelsea April 1, 1866, and lived here until about 30 years ago. Her parents were Patrick and Rose Fernon McCover. She is survived by two nieces, Mary Corey of Detroit and Mrs. John Walsh of Kalamazoo, and one nephew, George Corey, of Detroit.

Services were held at St. Agnes church in Detroit at 9 a.m. Friday. Father Lee Laige officiated at the graveside services here.

Will Live on Scio Road

Mr. and Mrs. Loren G. Hinderer are shown above following their marriage Aug. 26 in Zion Lutheran church, Rogers Corners. The bride is the former Virginia Marie Wahl, daughter of Mrs. Nina Wahl and the late Clarence Wahl of Grass Lake. The bridegroom's parents are Mr. and Mrs. Albert Hinderer of Chelsea-Manchester road.

Gardner-Bates Nuptials Performed Saturday Afternoon

Evelyn Louise Gardner, daughter of Mr. and Mrs. Walter Gardner, of Francisco, and Lester G. Bates, of Grass Lake were married in St. Paul's church here Saturday afternoon at 2 o'clock. Rev. P. H. Grabowski officiated at the double-ring ceremony witnessed only by the two attendants, Judy Vermuelen of Grass Lake, and Robert Traylor of Springfield, Ill.

A reception for 100 guests was held at seven o'clock in the evening at the home of the bride's parents. Assisting at the reception were Mrs. Marie Sibley, who poured, Mrs. Marley Loveland, who cut the four-tiered square wedding cake, and Mariann Hartman and Jeanette Loveland, who served. Mrs. N. J. Shawn was in charge of the guest book.

For her wedding the bride wore a white faille street-length dress and a white heart-shaped hat faced with black velvet. A shoulder corsage of American Beauty roses completed her costume.

Miss Vermuelen wore a pink voile street-length dress and a corsage of shattered white carnations. After Sept. 6 the couple will be at home at 644 Kimbark avenue, Chicago. The bridegroom, a graduate of Jackson High school, is attending the Allied School of Mechanical Trades in Chicago, and is to graduate in December. After graduation the couple plans a trip to Florida. They spent the Labor Day week-end on a trip to northern Michigan. For going away, the bride wore a black wool gabardine suit with black and white accessories.

The bride is a graduate of Grass Lake High school and was employed the past two years at the King-Seely corporation in Ann Arbor.

Mrs. Lorenz Wenk Re-Elected President of Ladies' Guild

Thirty-six members were present for the first fall meeting of the Women's Guild of St. Paul's church, held in the church hall Friday afternoon.

Mrs. Roy Bertke, acting in the absence of Mrs. Martin Miller, was in charge of the opening of the program and Mrs. Oscar Stierle and Mrs. Charles Lancaster were program leaders. The topic for the worship service and program was "The Thread of Sacrifice." This was a continuation of the year's program on the general topic "Sacrifice of the Kingdom." Readers who assisted in the program were Mrs. Herbert Paul, Mrs. Eugene Fisher, Mrs. Alfred Lindauer, Miss Cora Feldkamp and Mrs. Julius Eisele.

During the business session Mrs. Lorenz Wenk was re-elected president of the Guild. Others elected to office were: Mrs. Herbert Paul, vice president, and Mrs. Alfred Lindauer, treasurer. The new officers will take over their duties in January.

The Guild voted to support a young married couple's program to be carried out in the local church this year, and Mrs. Herbert Paul, Mrs. Eugene Fisher, Mrs. Oscar Lindauer and Mrs. Roy Bertke were appointed to act on a committee to be in charge of the project.

The Regional Workshop meeting was announced. It is to be held in Lansing Sept. 27. Also announced was the date of the annual Mission Festival of St. Paul's church which was given as Sunday, Sept. 24.

At the close of the meeting, refreshments were served in the dining room by the month's committee, Mrs. Charles Meesner, Mrs. Herbert Paul and Mrs. John Oesterle.

Elect a Man

With Experience

GEORGE MEADER
(Republican)
for CONGRESS

The Second District—and the Nation—need George Meader's experience and proven ability in Congress.

1. Through his years of experience as Counsel-Investigator for two major United States Senate investigating committees, Meader has seen the need for a thorough house-cleaning and for more efficient government in Washington.
 2. Meader will not be a "green" stranger, forced to use his first term or two to acquire the know-how of a Congressman. His seven years of unusually useful experience will fit him to assert an aggressive leadership in the public interest at the outset of his service.
 3. George Meader will command immediate recognition from his colleagues in Congress as an experienced and able investigator and counselor whose judgment will be of major value to top-ranking committees.
 4. Meader has seen the confusion, ineffectiveness and downright blundering of the Democratic administration in foreign and domestic policies.
 5. Meader has seen the inexcusable failure to prepare this Country's defenses against Communist-Russian aggression—a danger he personally called to the attention of the White House in 1945!
 6. Meader has seen the Democratic Administration's failure to clear Russian sympathizers out of powerful public positions.
 7. Meader has seen hard-earned tax dollars dissipated in red tape and inefficiency.
 8. Meader has seen power-hungry bureaucrats try to rule the people, instead of serving them.
 9. Meader has seen governmental Washington from the inside as only a Senate Committee Counsel-Investigator could see it. He knows what is wrong. He knows what to do about it. Elected, he will do something about it.
- Ann Arbor lawyer since 1932, married for 22 years (3 children), Meader has participated actively in community and civic affairs.
- George Meader, as candidate for Prosecutor, led the Republican ticket in Washtenaw County in 1940 and in 1942.
- George Meader was runner-up to the incumbent Congressman in the 1948 Republican primaries, securing more votes than the combined total of the two other candidates.

Helps Concentration

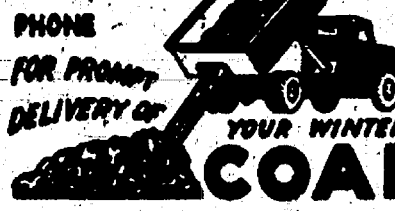

In a schoolroom, a too-intriguing color scheme will invite the attention to wander. To help focus attention, the wall against which the instructor usually stands may be painted in a warm, eye-drawing color, such as buff; and the other three walls in a cool, receding color with less visual interest.

Other reports given at the meeting included annual reports of the president, secretary and all committee chairmen; a report of the department convention at Grand Rapids, written by the two delegates, Mrs. Magdalen Weber and Mrs. Loretta Doll, and read by the latter; and a detailed resume by the rehabilitation chairman, Mrs. Roxie Maroney, of the party given July 5 for veterans at Vasilant State hospital.

Wilbur Hinderers Honored by Relatives on 25th Anniversary

Brothers and sisters and nieces and nephews of Mrs. Wilbur Hinderers from Ann Arbor, Sarnia and Manchester gathered at the Hinderers home Friday evening to help her and Mr. Hinderers celebrate their twenty-fifth wedding anniversary.

During a short program, Fred Benson, niece of the Hinderers, daughter, Marceline, sang "Because" the solo that was sung by Paul F. Niehaus at the Hinderers' wedding 25 years ago. Marceline played the piano accompaniment for Mr. Benson's solo.

An amusing rendition of the old song, "I Wish I Was Single Again" was given by a brother-in-law, Whitney Hiedel, of Manchester. Cards were the diversion for the remainder of the evening and then refreshments were served. These included a beautifully decorated silver and white anniversary cake.

Mrs. and Mrs. Hinderers were married Sept. 1, 1925, in Emanuel church in Manchester, by Rev. A. A. Schoen. They have lived in their present home on East street since their marriage.

Miss Agnes Czapl Douglas Mullen Wed in Jackson Ceremony

St. John's Catholic church in Jackson was the scene of the wedding Saturday morning of Miss Agnes Czapl, daughter of Mr. and Mrs. Joseph Czapl, and Douglas Charles Mullen, son of Mr. and Mrs. D. P. Mullen, of Toronto, Ontario. Father Norbert Wheeler officiated at the double ceremony before the altar.

The bride, given in marriage by her father, wore a gown of her own design, made of white imported Belgian lace over white slipper satin. Long, pointed sleeves and an off-shoulder-effect yoke of nylon net were features of the fitted bodice. The very full skirt extended into a long train of ruffled lace. A white lace fan adorned with white orchids and a full-length veil of French tulle completed her costume. A lace-crown-effect headpiece held her veil in place.

Agnes Miarka of Flint, was maid of honor for her cousin and the bridesmaids were Barbara White, of Flint, Betty Lou Schaffer, of Davison, Dolores Bobrowski, of Barbara Lesko, of Detroit, all cousins of the bride, and Florence and Marjorie Miller of Toronto, sisters of the bridegroom. All the attendants wore orchid gowns of marquisette over tulle featuring scalloped necklines, fitted bodices, and full, ruffled skirts. Applique flower designs trimmed the gowns. All wore headpieces matching the gowns and carried baskets of gladioli.

The maid of honor carried yellow flowers while the bridesmaids were pink.

Melville Mullen of Toronto assisted his brother as best man, while Stanley Czapl, brother of the bride, Walter White of Flint, Raymond Schaffer of Flint, and Walter Schaffer of Davison, cousins of the bride, and Harry Southworth and Russell Buttigieg of Toronto were the ushers.

The bridegroom's mother, in a turquoise gown with white accessories and the bride's mother, in rose lace and crepe with navy accessories, wore orchid corsages.

Guests present for a 6 o'clock reception for 600 at the Czapl home on Bank road were from Canada, California, Massachusetts and Wisconsin, and from Jackson, Grass Lake, Ann Arbor, Chelsea, Flint, Detroit, Bay City, Saginaw, Royal Oak and Kalamazoo.

Conforming to the bride's table at the reception was a five-tiered, square wedding cake made in a design planned by the bride's mother to represent cathedral steps. The miniature bride ornamenting the cake was dressed in a gown and veil made of the same material as the bride's.

A breakfast for 150 guests was served at the Czapl home following the morning ceremony.

When the couple left for a wedding trip to the New England states, Canada and Niagara Falls, the bride wore a navy suit with coral accessories and an orchid corsage.

The bride is a graduate of Grass Lake High school and W. A. Foote Memorial Hospital School of Nursing at Jackson. Mr. Mullen is a graduate of De La Salle college at Toronto.

Pre-nuptial parties for the bride included a shower given by nurses at Women's hospital in Detroit, where the bride was employed; another given in Toronto by the bridegroom's mother; one given by the bride's brothers and sisters of the bride's parents; and a fourth given by the bride's aunts, Mrs. W. White, Mrs. Agnes Miarka, Mrs. Elizabeth Kuznia and Mrs. Mary Lesko.

Chelsea public school opened on
 Monday with a total enrollment of
 495. Superintendent Blecker re-
 ported that this is an increase over
 last year's total.

Roy C. Ives has been appointed
 manager of the Washtenaw Farm-
 ers Supply company feed mill on
 Jackson street. Mr. Ives is well
 acquainted with the farmers in
 this area.

Work of wrecking the house on
 the site for the new Chelsea post
 office, which started last Thursday,
 has progressed rapidly. The con-
 struction of footings for the new
 building is expected to begin in
 about a week.

Wilbur Brucker, candidate for
 the senatorial nomination on the
 Republican ticket, spoke to over
 200 people at the corner of Main
 and Middle street Tuesday. Mr.
 Brucker, bitterly attacked the New
 Deal administration.

Lucien Broesamle, 18, died
 Wednesday at the U. of M. hospi-
 tal as the result of injuries suf-
 fered when the truck in which he
 was driving was struck by a train
 at the S. Main street crossing
 Monday.

The week-end auto accidents
 near Chelsea have claimed the lives
 of two men and injured several
 others. One crash occurred on Sat-
 urday when an auto and an oil
 truck collided on a curve. Two
 local men, Paul Barbour and Leon
 Wenk, were injured. Four men,
 passengers of the auto, were also
 injured. Two Detroit men died
 when their car crashed into a tree
 on M-22 Tuesday.

Plans for the Chelsea Free
 Stock Fair are being completed.
 Glenn Barbour, in charge of the
 poultry and pet stock exhibits, an-
 nounced that over 150 coops have
 been spoken for. This year's ex-
 hibit will exceed last year's which
 was considered very good.

Army Headquarters wants a
 marching song that'll help the
 lads keep their minds off their
 aching feet. The Army has
 plenty of melodies now ... but
 most of them are too definite. They
 belong to the T. A. N. Corp.,
 the Infantry, the Engineers, or one of
 the other divisions. What the top
 brass wants is a ditty that will
 bounce and will be as universal
 as mosquito bites at a mountain
 resort. So, if you have a cal-
 lous concerto tucked away in the
 old duffel bag, pull it out, polish
 it up and send it off to the
 Army. You may happen to
 have the lost chords they're
 Sherlocking for.

In Paris, a man tried to com-
 mit suicide by swallowing his
 suspenders ... but he failed.

Anyway, the suspense must
 have been terrific. If it's fine
 entertainment you want, you
 won't fail to get it ... variety,
 novelty, techniques that are new
 and fascinating ... on tele-
 vision. Now's the time to in-
 stall TV in your home. See the
 gets today at CHELSEA AP-
 PLIANCES, 115 Park St., or

Labor Team Loses Game in Play-off

Webberville — The Webberville

Independents downed the Chelsea

Labor Local, 437, 7-3, to gain the

honor of playing the Fowlerville

Merchants next week-end for the

Tri-County Baseball League cham-
 pionship. The first game will be

played at Fowlerville next Satur-
 day night starting at 8:15. The

second and third games will be
 played at Webberville Sunday af-
 ternoon starting at 1 p.m. The

dates of the above series is the
 9th and 10th of September.

Webberville started early as
 they scored two runs in the second
 on singles by Bernard Andrews

and Dick Meyers and three walks.
 They kept the run parade going

in the third on singles by Roy
 West and Bernard Andrews and

five walks off Dave Crocker. After
 the fifth walk, Crocker gave way

for Jim Ewald, who gave up but
 two hits and one run the rest of

the way. Crocker was erratic, giv-
 ing up ten walks in the two and

one-third innings he worked.

Meanwhile, Bernard Andrews
 was sailing along setting down the

Chelsea hitters with only two hits,
 a double and a single by big Jim

Gakin, the Laborite's catcher. In
 the eighth he weakened as Chel-
 sea pushed across their three runs

on a walk to George Heydlauff,
 singles by Marty Rubin and double

by Jim Miller. Walt Braden got
 a life on an infield error and Miller

came home with the third run.

The game next Saturday night
 will see Webberville's tall right-
 hander, Roy West, pitted against

Fowlerville's ace left-hander, Al
 Elliott. This should be a terrific

series as both regular season
 games between these clubs were
 hard-fought battles. Webberville

has the edge as they took Fowl-
 erville both times, 5-1 and 6-5.

REPUBLICANS of MICHIGAN....

Let's ask ourselves a fair question

.... Which of Our Candidates for Governor can defeat Williams in the November Election?

Alger is young. It will take a vote getter to win... and Alger has proved his vote getting ability. Make no mistake... Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional on extra cost on SUPRA and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Dexter — Dexter's curfew law will be used to keep very young children off the streets late at night. It has been reported that children of ten or 12 years of age have been on Dexter streets until midnight, causing noise and getting into mischief. —Dexter Leader

Rochester — Rochester High's variety band made a marvelous showing in Grand Rapids Saturday at the American Legion State convention. In a two-way performance, the band marched in the colorful and spectacular annual convention parade in the afternoon and then presented an outstanding concert that evening in downtown Grand Rapids. Directed by Ward Reid, the Rochester band was the largest in the parade and the only complete high school band in the colorful parade which lasted for over an hour. High Legion officials sent messages of congratulations for the band's fine showing. —Rochester Clarion

South Lyon — Wayne Boncutter, 16-year-old son of Mr. and Mrs. Vern Boncutter, was seriously injured Friday afternoon when he dove into shallow water at Silver Lake where he was swimming. He was taken to the office of a Northville doctor for first-aid and x-rays which disclosed a fractured neck and a broken front vertebra. Wayne was later taken to Mt. Carmel Mercy hospital in Detroit where his neck was placed in a cast which it is expected he will have to wear for six to eight months. —South Lyon Herald

Dexter — At a special meeting of the Dexter Village Council held Tuesday evening at the Dexter Fire Hall the Council officially voted to buy the Ford Mill property located at Main street and Mill Creek in the village. Development will have to come after a bond issue has been voted by the people to provide the necessary funds to pay for the improvement. However, purchase of the property at this time assumes the community that it will be available when the money is ready for its development. The price of the building is \$5,000. The Council is to be commended for foresight in this matter and the Ford Motor company showed good public spirit in offering it to the village at this low price. —Dexter Leader

Williamston — Robert Stahl, 12, son of Mr. and Mrs. Carl Stahl, 10111 Webster, was recovering nicely after having been struck by lightning during the thunder storm here early Saturday morning. The family was eating breakfast at about six o'clock Saturday morning, according to the report, when lightning struck the telephone wires, tearing the telephone off the wall and causing considerable damage to the kitchen of the house. The lightning tore a tonie down from the boy's left foot and completely riddled the shoe, scattering burning pieces of it about the room. Mrs. Stahl, who was standing in the doorway with a baby in her arms when the incident occurred, is reported to have noticed that the boy was dazed. She shook the boy violently. It was stated, which was believed to have saved his life. —Williamston Enterprise

Saline — A jury trial Friday of the condemnation proceedings instituted by the City of Saline against Herman Bredemitz for a piece of land to give access to the city water works property on which the city placed a value of \$200, resulted in a verdict of a right-of-way to the property down Main street from the city to the property and authorized the city to condemn and purchase a 50-foot strip of land on the south side and 50 feet along the west side of the property for which Bredemitz was awarded \$100. The jury ruled that the city could not purchase the land, that Bredemitz could not use it for his livestock; that the city must fence the property and place a gate at each end of the lane and control the use of the gates. —Saline Observer

This is one of the earliest killing frosts on record for this region and undoubtedly the coldest August 22nd since records have been kept. Throughout the county, corn, potatoes and tomatoes were very hard hit, as were the various truck

POLICE THROW BULL—A 220-pound bull was thrown in jail by Police of Murphyboro, Ill., after being booked on charges of disturbing the peace and resisting an officer. Apprehended while munching on the courthouse lawn, the bull was released by the Police Magistrate, who declared himself fond of the animal.

WAR'S SNORES—Unmindful of his talkative buddies, an American G.I. sleeps peacefully in a straw-filled foxhole at an advanced battalion command post in South Korea. His helmet helps to drown out the words of Pfc. Everett Elliott of Cambridge, Md., at left, and Sgt. Glenn Blinn of Ault, Ky.

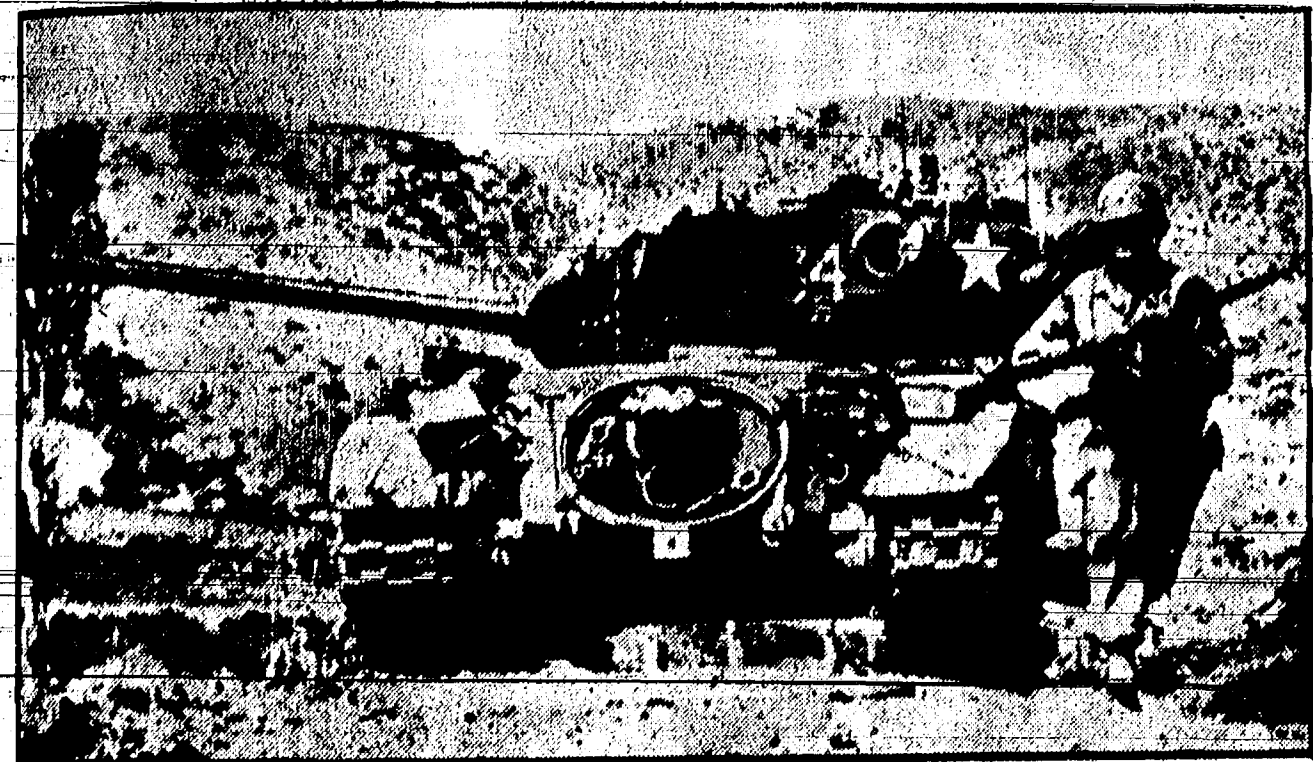

DUTY ON BORROWED TIME . . . Because doctors arrested his cancer condition, Lt. Cmdr. Edwin M. Rosenberg, Washington, D.C., has asked for sea duty and received it.

SUNDAY DRIVER IN KOREA . . . G.I., somewhere in Korea, takes time out from the shooting war for a little recreation—riding an ox.

ARMORED FOX HOLE—An American soldier dashes out from behind a protective tank during an advance in South Korea. This U. S. medium tank affords artillery fire support as well as a mobile fox hole for the G.I.'s. Some high-ranking observers, however, declare that the dreadnaught loses its effectiveness in extremely mountainous terrain, giving the North Koreans the advantage with their horse-drawn light artillery pieces.

A GENERAL INSPECTION—Lt. Gen. Walton H. Walker, commanding general of the 8th Army, salutes a small detachment of American and South Korean troops being inspected near the battlefront by Gen. J. Lawton Collins, Army chief of staff. In contrast to rigidly formal stateside inspections, the G.I.'s were all smiles as the generals praised their conduct in combat.

BASS AND LASS . . . Joan Corbett displays one of the bass that are so plentiful in Lake Mead near Las Vegas, Nev.

BETWEEN ROUNDS—U. S. Marines on the front lines in South Korea are shown taking time out between enemy assaults to catch up on badly-needed rest. Amid a weird setting of twisted trees, some chaps to relax the last enemy assault while others were grateful to sprawl out on the hard forest floor. In the true tradition of the Marines, however, all keep their weapons close at hand.

THE NOSE ON JOSE—Putting Jimmy Durante to shame, Jose Ferrer points to the nose he wears as "Cyrano De Bergerac," his new movie. Ferrer, who played the role on the Broadway stage, is now speaking throughout the country on the classic play and the theater, in general.

MOTHER'S BEST FRIEND—A specially designed non-spill plastic cup for children has been placed on the market by a Chicago firm. Its patented design has "controlled flow" to prevent gagging or choking and its non-tilt features attract mothers who know only too well that "there's many a slip 'twixt lip and cup," where the young set is concerned.

WARBLES FOR FAROUK . . . Annie Berruyer, French nightclub singer, suns herself at Deauville where she sang for Egyptian monarch at Franco-Egyptian ball.

BATS IN THE BELFRY—Four Texas girls "pitched" woo at four baseball players, "caught" their men, and "forced" them into a Ft. Worth church for a quadruple wedding, amid flowers and "bunting." While their mothers "balled," the girls took a "full count" and then "walked" down the aisle under a canopy of bats, held by team-mates of the groom. The players are now definitely "out" of circulation "at home."
