

Baseball, war and politics crammed front pages in Michigan this week. There'll be another world series next year, but no second chance in Korea.

Now it can be told. This year saw the biggest primary turnout (900,000 voters) since 1940. What would happen to baseball if spectator participation reflected such apathy?

But the coming election will get its share of news space in the next month. Both sides are lining up for a slugfest, with the GOP recognizing the heavy Democratic turnout as a call to arms. Both major parties are treading lightly. An error now might reveal a chink in political armor for the opposition to hammer.

When the new state legislature convenes Jan. 1, it will again take time for them to get acquainted. There will be 42 changes.

Sure sign that fall has arrived is the return of children to school—and a lessening of the now annual polio epidemic. Experts report a "better year" in combating the crippling disease.

Housewives are getting a surprise now that their meat-eating ways are back. While they served cold cuts and potato salad this summer, roasts, chops and even poultry jumped a few cents in price. And eggs are going up even faster despite the fact that the U. S. Grade A egg production in August was the highest on record for the month.

But sugar may go down, of course in the industry state. U. S., European and Cuban crops were highest on record this year. Many a housewife may find herself sweeping around that 50-pound sack in the basement.

Farmers also are coming into the state spotlight over the oleo referendum this fall. The fight for ready-colored oleomargarine has raged for a year now. Both dairy and margarine interests are confident of victory—both are beating the bushes in these last weeks before the people decide the issue for them.

Since the Korean war has taken a turn for the better, the news that half of the Michigan men called for pre-induction examinations have been rejected is not so disheartening. Of 13,884 examined, 9,502 were rejected.

Relief for those inducted—draftees and recruits can forget their bills. While in the service not even income tax evasion can be prosecuted and the serviceman's family cannot be evicted for nonpayment of rent without a special court order.

But if the serviceman gets to Korea he may miss out on his beer ration—at least if the Temperance League of America has its way. This group recommends giving the combat boys fruit juice and soft drinks instead.

While more profit taxes are boomed in Washington, the echo can be heard in Michigan. State Controller Robert F. Steadman says the state had a \$45,078,724 operating deficit during the fiscal year ending June 30. He says that only by new taxes can the state overcome this deficit position.

But Michiganers are saving their money. At least, but five per cent last year, making a total of more than five billion dollars as of last December.

War officials have come to Michigan's industry now. Ford and Cadillac have announced they now have war contracts—first large contracts to be let in the state.

Hand-in-glove with war contracts goes the labor problem. The U. S. Labor department is urging employers to consider physically handicapped workers. Perhaps

Long-Time Affair Improvement Starts on Manchester Road

The Chelsea-Manchester road grade from Pleasant Lake road north to Grass Lake road is being raised approximately one and one-half feet with the application of a sand and gravel cushion in preparation for future blacktopping.

The old, narrow center lane of blacktopping is being torn up and crushed so it will not interfere with the future blacktopping program.

Kenneth L. Hollenbeck, superintendent-manager of the Washtenaw County Road Commission, said yesterday that the improvement program is bound to be a long-time affair because it is being done by the regular county maintenance crews whenever they can be spared from routine maintenance work elsewhere.

No construction money has been provided for the job, Hollenbeck said. The present method, while it eventually provides a widened, blacktop-surfaced road, will continue to be a "road under construction" project for some time to come because of the lack of funds and a much smaller road crew than was maintained in the county in bygone years, according to Hollenbeck.

Mr. and Mrs. Edwin Schenk of Saline and Delbert Schenk of Grand Rapids were Sunday visitors at the home of Mr. and Mrs. H. D. Littell.

Milan Victorious as Grid Machine Stalls at Crucial Periods

Bulldogs Defeated, 12-0, Despite Better Statistical Rating

By DWIGHT GADD

Poor quarterbacking and an inability to come through in the clutch spelled the difference of defeat over victory last Friday night as Milan's Big Red football team defeated the Bulldogs at the local athletic field.

The game started as if it were to be another Big Red massacre. Chelsea received the opening kickoff, but after running up three first downs, Slane fumbled and Milan recovered on their own 30.

Three plays later, from the Milan 49, left half Jerry Shaffer scampered the 51 yards to score, untouched. He should have been touched, for left end Dick Merkel boxed the play and turned an attempted sweep inside, tying up two blockers in the process, but no linebacker—or secondary man appeared to stop the play. Shaffer gave a nice exhibition of broken field running once across the line of scrimmage. George Russell, Milan fullback, attempted to run the point after but was stopped short, to leave the score at 6-0 with the first quarter scarcely half over.

Chelsea recovered from that first score, however, and then for the first time in four years fought on even terms with the Big Reds for the remainder of the half. The Bulldogs even outplayed the Big Reds during this time, according to statistics, but they got no points for that in football.

Chelsea drove deep into Milan territory once during the half, while stopping two Milan penetrations inside their 20.

Chelsea continued their slight edge as the third quarter opened, driving to the Milan 17 before folding. This drive set up their one great opportunity to score.

Milan failed to gain and their punter, center Dick Schlegel, dropped back to his own 18 to kick.

Like a sieve that time and four Chelsea linemen raved in on him, Ken Proctor blocking the kick, then scooping up the loose leather and lugging it to the Milan 11 before being spilled. Milan was penalized for unnecessary roughness on the play, and Chelsea took over with first down and go to go on the Milan one-yard line.

With this set-up before them the Bulldogs tried an end run from the "B" and Slane was spilled in his tracks on the 8, just as he took the pitch-out. The three remaining plays then ended their back to the 4 but that ended their one big chance, and seemed to take a lot of the fight out of them.

Naturally, better play-calling on the field, or by the bench if there was any doubt as to what would be called, should have given a tie, and a possible 7-6 win.

A poor punt in the last quarter set up fullback George Russell with fullback left tackle for the final yard to cap a 25-yard drive. Dave Lentys, Milan quarter, attempted to pass for the point after, but was spilled before he could get it away, and the score stood 12-0.

Chelsea led in first downs, 11 to 9, and completed six of 13 passes, compared to Milan's three out of five. Just poor quarterbacking and a lack of punch in the clutch made this one go down on the wrong side of the won-lost ledger. However, a salute to the aquid for fighting and losing to Milan on the field, not on the travel to Ann Arbor to engage in the U-High at Wines Field under the lights at 8 o'clock. The Cubs got off on the right foot last week as they downed Lincoln, 28-0, with a strong running game. Chelsea was the only team to beat U-High last year, a 13-6 affair, which was their only defeat.

Bulldogs can even their league ledger by dumping them again this year. U-High and Milan were co-champs last year.

See you at game time!

78 To Be Inducted into Armed Services from Wash. County

Draft board officials said yesterday that 61 draftees and 17 delinquents from Washtenaw county have been ordered to leave Ann Arbor Friday morning for induction into the Armed Services.

An official list of draftees from the Chelsea area was not available at the Selective Service Board office.

High School PTA Will Sponsor Senior Girl Scouts

Mrs. Lloyd Keeny, speaking of the meeting of the High School PTA held Monday evening, said, "I said doing nothing is the most tiresome job in the world because it is impossible to quit and take a rest, which certainly doesn't apply to the room representatives and girls who worked in the kitchen at the school Monday to help make the PTA supper the success it was."

About 150 parents, teachers and students were present for the dinner.

Charles S. Cameron, high school principal, introduced the teachers and mentioned the classes they taught.

During the business session it was voted to have high school students on the executive board of the PTA to assist in planning future PTA meetings and thus enable the PTA to be of more help to the students.

A motion was also passed that the PTA sponsor the Senior Girl Scouts.

Other business included the election of Mrs. Mary Clark to the office of treasurer.

Joseph Stanley entertained with a marimba selection, accompanied on the piano by Robbie Robbins; Eldore Carlson sang and Mrs. Rayne Winslow and Mrs. Robbie Winslow sang and tap-danced.

One of the ladies also favoring the audience with a delightful impromptu song was the movie actress Betty Hutton. Mr. Robbins played the piano accompaniment for the vocal selections and the dancing.

Mrs. Keeny concluded her report of the meeting by saying, "Come and help make your PTA what you want it to be!"

The next meeting of the High School PTA will be held Oct. 23.

A. Hitchcock Dies After Long Illness

Allen L. Hitchcock, 8216 Beeman road, died early Thursday morning in Foote hospital, Jackson, where he had been a patient the past six weeks. Funeral services were held at 3 o'clock Saturday afternoon in the United Brethren church at Waterloo with Rev. H. L. Nickolson of Layton's Corner and Rev. L. R. Smith of the Waterloo church officiating. Burial followed in Mt. Hope cemetery, Waterloo. Graveside services were conducted by Excelsior Lodge No. 116, F. & A. M. of Grass Lake.

Mr. Hitchcock was born at Racquet River, N. Y., Nov. 25, 1875, a son of John and Samantha Waite Hitchcock.

He was married June 25, 1900, in Ogdensburg, N. Y., to Rosabel Edmondson. They lived in the east until 1914 when they moved to Oak Park, Ill., moving from there to the present home at Waterloo Sept. 18, 1937. Mrs. Hitchcock died Nov. 22, 1943.

Mr. Hitchcock was a former insurance broker and was in the milk-raising business at Oak Park for a year before moving the business to Waterloo.

He was a charter member of the Illinois Milk Breeders' association, a member of the U. S. Mutt and Great Lakes Milk Breeders' associations; a member of the board of directors of the Michigan Fur Breeders' association for the past six years and president of the association in 1947 and 1948.

In April, 1950, he was made a life member of the Masonic Lodge at Racquet River in ceremonies conducted by Excelsior Lodge No. 116, F. & A. M. at Grass Lake for the New York organization.

Survivors are a daughter, Mrs. Louis C. Ramp, of Waterloo; a brother, Bert A. Hitchcock, of Racquet River, N. Y., and several nieces and nephews, the latter including Wilber R. Hitchcock, associated with him in the operation of the Hitchcock Mink Ranch at the Beeman road address.

Police Urge Girls To Always Insist on Safe Drivers

"Josephine in your automobile" is going to be rarer in this town, boys.

That is, if the smart, pretty girls take a tip from Police Officer George Doe, local spokesman for the State Safety Commission's program of traffic safety this month.

"If the most popular girls in our town would insist on safe driving—refuse to date the 'hot-rodgers'—I think we'd see a lot less reckless driving on our streets by our young people," he said.

"Driver education in our schools is essential and we can be thankful our young people have the advantage of such instruction. The insistence of parents on safe, responsible driving by every member of the family is of primary importance."

"But never underestimate the power of woman! The teaching and the preaching will have more lasting effect if the girls will back it up by insisting on a safe driver in any car in which they ride."

Drivers under 25 years of age are having far more than their share of traffic accidents, according to studies made in several states. Investigation shows also that young people who have had formal driver education in high school have fewer accidents than those who have not had such instruction.

"There is no reason why our young people shouldn't be our best drivers," Officer Doe said, "if they would just show that their judgment and sense of responsibility can be equal to their driving skill. But whatever it is, we want to say it's not usually a lack of skill. But whatever it is, we want to say it's not usually a lack of skill. But whatever it is, we want to say it's not usually a lack of skill."

Insurance companies have raised their rates on cars to be driven at any time by persons under 25 years of age.

"Maybe if the girls and boys, the parents and the officials all get together, our young people can set a record for safe driving for all of us to be proud of."

New Pastor Named for Waterloo Church

Rev. Leonard R. Smith is the new pastor of the First E.U.B. church between Stockbridge and Waterloo and of the Second E.U.B. church in Waterloo. Rev. Smith has been in the ministry the past seven years. He came here Sept. 10 from Claire, where he had served the past two years. Prior to that time he had served churches in the Kentucky mountains and in Kansas.

He and his wife are both graduates of Fort Wayne Bible college. They have one son, David, three years old. They are living in the parsonage at Waterloo.

Mr. and Mrs. Waldo Ehms and children of Lansing spent Sunday with Mrs. Ehms' parents, Mr. and Mrs. John M. Heselwood.

Civilian Defense Group Tells Progress in Plans

Mrs. H. V. Malin of the Washtenaw county chapter of the American Red Cross, was present at the meeting of Chelsea's civilian defense workers in the Municipal building Wednesday of last week and spoke on the topic of the American National Red Cross program in connection with the present civilian defense activities.

In her talk she divided the Red Cross work for civilian defense into five categories as follows: (1) training civil defense workers and the general public in first aid; (2) training in home care of the sick and injured and nurses' aide activities; (3) provision of food, clothing and temporary shelter for mass care during an immediate emergency period; (4) participation in a wartime national blood program; and (5) making available the existing Red Cross chapters, volunteers and resources for taking part in civilian defense actions.

Willard Guest, director of Chelsea's civilian defense program, presiding at Wednesday's meeting, called for reports from the various groups acting in the civilian defense program here. Reports given show that civilian defense activities are well underway in Chelsea.

George Doe, public safety director, said he had an auxiliary police force lined up and Fire Chief Thomas Young reported that recommended plans for auxiliary fire protection are shaping up and being carried out.

Homer Nixon, in charge of the public works and utility division of the program, said he has a force of men ready to begin a program of training very soon.

The medical and health division under the leadership of Miss E. H. McKinney, county health nurse, Leon Marsh and Nelson Kroider, have arranged to use the Chelsea drug store as an emergency first aid station, they said.

Martin Miller, reporting for the welfare division, said that in checking over his emergency feeding and housing data, he finds that approximately 3,000 persons could be provided with emergency housing here. His program, he pointed out, was not yet completely arranged.

Charles Kitter, working on the transportation division of the civilian defense plans, reported that his work was not yet completed.

A sixth division of the overall program was announced by Guest at Wednesday's meeting. This is a canteen division, under the leadership of Mrs. M. J. Baxter, who is to conduct organizations and church groups in setting up a program for emergency feeding of large groups.

Mrs. Malin mentioned at the meeting that a blood drive is being planned and information on the drive will be available within a few weeks. She said it has been suggested by civilian defense officials that local groups work with the Eagles' lodges in their communities as the organization has already started a canvass in a blood drive.

Youth Killed by Truck in Francisco

A four-year-old boy whose parents recently purchased a home at Francisco, was killed in front of the newly-purchased home last Thursday afternoon when he ran into the side of a passing bakery truck. The child was Thomas A. Campbell, a son of Mr. and Mrs. Robert E. Campbell, of Grass Lake. The family had not yet moved into the Francisco home which they are remodeling.

As reported by sheriff's deputies the boy stepped onto the highway from behind a parked car across the road from the Campbell home and ran into the side of the truck which was driven by Richard E. Ingham of Stockbridge. The boy died before a Grass Lake ambulance could reach the scene.

Funeral services were held Saturday afternoon in the Grass Lake Methodist church. Rev. Hertram McNally officiated and burial followed in East cemetery, Grass Lake.

In addition to his parents, the boy is survived by two older brothers, Robert and Donald; his grandparents, Mr. and Mrs. D. H. Campbell and Mr. and Mrs. Harold Clark, and a great-grandfather, W. R. Hawkins, all of Grass Lake.

THIS WEEK IN Washington

THE OLD LINE office-holders have won out in the various governmental agencies on the question of whether or not they or an entirely new agency would have charge of rationing and controls under the new law just handed President Truman by the congress.

The President had announced that it was his plan for the existing agencies of government, such as agriculture, treasury, commerce and labor, to take over the functions in their own field, which were practiced by OPA during the last war.

Mr. Truman found much opposition to his theory, however, from within the ranks of his official family on the theory it was bad politics. These leaders reasoned that any such department likely would be here after the need for controls was over and they would inherit the ill-feelings and gripes which control necessarily cause in the consuming public. The President, therefore, has announced he will create an entirely new agency to stabilize prices and wages to be known as the economic stabilization agency, headed by a director of price stabilization and with a wage stabilization board set up within the agency.

Particular opposition was voiced within the department of agriculture over the President's original plan on the theory the department which also conducts the price support program, would be conducting the price control program which would leave it open to much criticism.

In the meantime, pending set-up of the new agency, such allocations and controls as are necessary immediately will be operated by the old-time agencies under orders of the President.

President Truman likely will ignore the sentiment of the congress on the Franco loan provision of the omnibus appropriations measure. The President considers the Franco loan to Spain merely an authorization, but he does not consider himself bound to make the \$82,500,000, 600 loan, since he does not believe it would be in the best interest of

this nation's foreign policy in Europe.

A White House statement in connection with the loan said: "Spain is not, and has not been, foreclosed from borrowing money from this government. Money will be loaned to Spain whenever mutually advantageous arrangements can be made with respect to security, terms of repayment, purposes for which the money is to be spent and other appropriate factors, and whenever such loans will serve the interests of the United States in the conduct of foreign relations."

Also the President denounced as "unwise and dangerous" another provision of the appropriations bill which requires that the executive branch, and not congress, curtail its spending by cutting off \$550,000,000 in expenditures from the \$30 billion dollar total.

Actually what the congress did represents a failure by the congress itself to exercise its proper function and proper responsibility for enacting appropriations to conduct the government's business. The mere fact that congress approved such a proposal involving an arbitrary cut of such size indicates or is equivalent to a confession that it does not trust its own appropriations committee to do a good job of budget revision.

It will be remembered that the original motion by Senators Bridges and Byrd called for an across-the-board cut of \$550,000,000. As it was finally passed, the motion was softened to give the budget bureau some leeway or some discrimination in making the cuts. Said Mr. Truman:

"This is an unwise and dangerous departure from proper budgetary practice. The congress itself should set the precise amounts of money to be spent."

"When I make a mistake, I try to correct it." Then smiling, President Harry Truman stood before more than 200 amazed members of the U. S. marine corps league in convention at the Statler hotel and made his apology for the now famous remark concerning the marines.

REV. ROBERT H. HARPER
What Is Christian Living?
Lesson for October 1: Matthew 5: 13-16, 20; Philippians 1: 27-30; 1 Thessalonians 5: 15-23; James 1: 22, 26-27.
Memory Selections: Philippians 1: 27.

THE LESSON today begins the study of "Growing in Christian Living," to be followed during the fourth quarter.

—Salt helps to preserve food. Christians are as salt. They are saving influences against moral corruption. They are also shining lights. Jesus indicates a light is to shine, not to be hidden. A Christian's light cannot be hid. His daily life influences others. He is faithful to the smallest demand of right. His righteousness exceeds that of the scribes and Pharisees.

His life is "worthy of the gospel of Christ." He is sincere and devoted to Christian ideals. He is fearless for the right. He is not afraid to stand against present evils. Surely there must be no compromise with them.

In Thessalonians 3: 15-23 things Christians must do and those they must not do are set down. They must not retaliate in being wronged. They must pray "without ceasing," that is, be always in the attitude of prayer. They must "hold fast to that which is good," and "abstain from every form of evil."

So Christians must have the religion of which James writes. Dwelling among their fellows, they must do all the good they can to those in need. And, tempted by the evils around them, they must "keep themselves unspotted from the world." With such a religion they can do what they ought to do.

Red Cross Plans Blood Donor Clinics Throughout County

Red Cross blood donor clinics will be held throughout Washtenaw county during October. It was announced this week. In Chelsea the clinic will be held at the Congregational church Oct. 25. Prospective donors may call the Red Cross.

With the announcement of a blood donor program to be held in October, first-aid classes, and courses for home nursing and nurses' aides, to be given in the near future, Red Cross volunteers throughout the county are again organizing for participation in Red Cross civil defense activities, and preparing to meet all Red Cross obligations in the advent of disaster.

First-aid classes are already being organized, according to Mrs. Charles Sink, chairman of that committee. Time and place of the classes now being planned for Ann Arbor, Chelsea and Ypsilanti, will be announced in a few days, according to the chairman, and requests for classes in other communities will be met as rapidly as possible. Moreover, authorized first-aid instructors are still needed, and any interested qualified person is asked to call the Red Cross.

Mrs. Paul 'Proud' Jr., has been appointed nursing services chairman, and Mrs. Crosby Washburn, chairman of Home Nursing. Both chairmen have attended a recent meeting devoted to nursing services at the Red Cross area headquarters in St. Louis. A training course for registered nurses who are interested in teaching home nursing will be given in Lansing from Oct. 19 to Oct. 20. Qualified volunteers may call the Red Cross for further information.

Monday, eight others from the Chelsea club went to Grand Rapids for the golf tournament. Of these three won prizes—James Daniel, Anton Nielsen and Dr. Glet Huse. The remaining five who attended were Kenneth Kuncman, Hubert Foster, John Kusch, George Winans and Charles Lancaster.

The Chelsea Kiwanians won the state softball championship by default as there were no challengers.

The new Michigan district Kiwanis governor elected at the convention is Walter Patency of Lansing, while Alex Schuch of Belleville was named lieutenant-governor of the sixth division of which Chelsea is a part.

TV NEWSREEL
By KARL KOENIGER

A long time ago, we had it straight from a TV director's mouth: "It won't be long before the big writers and the big stars see the handwriting on the wall and turn to television." Looks as if that time is now.

In looking over the big fall roster of stars and shows... we can get a pretty good idea of how the worm has turned. Even the toughest critics can't deny the fact that Jack Benny, Bob Hope, Burns and Allen, Groucho Marx, Ethel Waters, Fred Allen and many others are making their TV bids this fall. We snicker at such grudging admissions as: "Television is here... I guess. What do those guys mean? It's been here... and it's going places, getting bigger and better all the time!"

It's getting so people won't go to hotels that don't have television in each room. The latest ones are putting television all over the place. Be sure that you get a TV set in your living room... before prices rise and stocks get low. Now's the time to choose your fine 16" Westinghouse set with the rectangular screen for pleasant viewing. And remember, too, that you can depend on our expert service... and our reputation as fair dealers. Drop into CHELSEA APPLIANCES, 115 Park St. Phone 3088.

Looking for honest-to-goodness COMFORT?

Better Buy Buick!

You've probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

*Standard on Roadmaster, optional at extra cost on Super and Special models.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant surprise in the low delivered prices your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed!

"Quit shoving!" "Move...an!"

hurry up!" are expressions heard daily when entering the girls locker room at Chelsea High school. The students are eager to push their way through the crowd, continually forgetting to permit others to leave. If all students would take it upon themselves to follow a few simple rules such as the following, there would be less commotion in the hallway.

1. Always form the line at the right.
2. Do not loiter in the locker room.
3. Take wraps to hall before attempting to put them on.
4. Do not try to push the line to save time; it only tends to create commotion.

If students would follow these rules, the traffic jam would be eliminated.

COMMUNITY FAIR

Biographies...

A bundle of joy was dropped at the Vickers' home Sept. 8, 1933. They named this small bundle, Doris Ann. She has never attended any other school except Chelsea Agricultural. Her favorite food is ham; sports, bowling; recreation, listening to music and dancing; favorite class, shorthand; and song, "Third Man Theme." Doris' hobby is sewing. She was a member of GAA in her Freshman year.

Her happiest moment was when she went to Ohio with a certain person. Her most embarrassing moment was the first time she was caught talking in study hall. Doris plans to attend comptometer school in Lansing after graduation.

New Use
For Old Windmills

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but

if it wasn't for Buzz and his advice, I'd have scrapped it." From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

You can guess her plans for the future. Her most embarrassing moment was when she fell down the steps at a dance. Joanne thinks we should get a new school because this one is too crowded and run-down. If given a thousand dollars, Joanne would save some of it and spend the rest.

Autumn Jayne Proctor, better known as Jayne, was born Sept. 10, 1933, at Chelsea. She attended elementary grades at the Riemenschneider school before coming to Chelsea High. Jayne's happiest moments are when she is eating apple pie or a la mode, roller skating and the "Because" and "Third Man Theme." Her favorite classes are typing and shorthand. Jayne worked as a part-time office as a part-time during the summer and at the present on a part-time basis. She was a cheer leader in the ninth and tenth grades. She was secretary of Freshman class. Jayne believes we need a school because of the grade school children. When asked what would do if she found a thousand dollars, she answered that she would save it and spend it as she needed it. Jayne plans to work after graduation.

Heavy Frost Damages Crops as Weatherman Goes on Wild Spree

A rather heavy frost Sunday morning blackened gardens on low ground in this vicinity and then during the afternoon, causing much speculation as to the cause, it turned almost as dark as night. The peculiar color of the sky was further cause for conjecture until reports arrived of forest fires in northern Canada. Smoke from the fires drifted for thousands of miles, blotting out the daylight over Michigan, Ontario and other parts of the eastern section of the country.

Monday evening, beginning about 9:30, there was an eclipse of the moon which was clearly visible in this vicinity. Tuesday was a fine, warm sunny day, duly appreciated after the peculiarities of the previous two days.
