### Bulldogs Score Win Over U. High Cubs; Meet Saline Friday

**George Heydlauff Scores All Chelsea's Total of 26 Points**

Following closely on the heels of the other victorious invaders in Wolverineland last Saturday, Chelsea blasted the younger members of the pack, the University High Cubs, 26-14, under the lights at Wines Field, with George Heydlauff again pacing the attack.

In fact, of the 40 points scored in the game, Heydlauff accounted for 25 of them as he notched the four Chelsea touchdowns, kicked the two successful extra points, and was spilled for a U. High safety after the Bulldogs had stopped a Cub drive on their own five. Not a bad night's work!

The Bulldogs showed that they were ready to make a night of it as they took the opening kickoff and roared downfield 72 yards in ten plays, with Heydlauff taking Lehman's pass on the left flat at the four and racing over for the score. Heydlauff's kick for the point after was good, but the Bulldogs were detected off-side and he missed his second try from the seven.

After an exchange of punts, U. High made their first serious threat of the game, midway in the second quarter. A 39-yard Lichty-to-Johnson pass put the ball on the Chelsea 14, and only a fine tackle from behind by that man Heydlauff kept the play from going all the way. The Bulldogs stopped this drive on their own five, but on the first play from scrimmage Heydlauff was caught in the end zone for the safety and the Cubs' first two points, making the score Chelsea 6, U. High 2.

U. High took the opening kickoff in the second half, but failed to gain and were forced to punt. On the second play from scrimmage, on the Chelsea 26, Heydlauff ripped between right tackle and end, cut back, and raced 74 yards, untouched, to put Chelsea up 12-2. The Cubs' line broke through to block the try for the point after.

George Gill, who has served as chairman of the Washtenaw County Board of Road Commissioners for a number of years, will retire from the end of this year. Raymond Koch of Ann Arbor was elected a member of the board at the supervisors' session at Ann Arbor last Wednesday. The Board of Supervisors later adopted the following resolution:

"Whereas, it is deemed to be fitting and proper that we offer recognition for the faithful public service of, and do honor to George Gill, who will retire from the office of public office Dec. 31, 1950; and whereas, George Gill, having served a term as Superior township treasurer, was elected supervisor of Superior township in 1912 and served through 1916; was again elected supervisor of Superior township in 1923 and served through 1929; April 14, 1931, was appointed to the Board of County Road Commissioners and has served in that capacity continuously since; now, therefore, "Be it resolved, that we the members of the Board of Supervisors of Washtenaw County do hereby extend to George Gill our most sincere expression of appreciation and congratulations for his many years of sincere, honest and faithful service to the people of his township and county."

### Mrs. W. Wolfgang Named to Social Welfare Board

Mrs. Walter Wolfgang of Chelsea was appointed by the Board of Supervisors Wednesday as a member of the Social Welfare Commission. She takes office Nov. 1.

### Scholarship Will Honor B. French

Joint action by Local 437, UAW-CIO, and Central Fibre Products, established a labor relations scholarship at the University of Michigan to the memory of Burton Arnold French, a former company foreman.

Half of the \$300 scholarship was given by Local 437, from vending machine receipts, and half was given by the management of Central Fibre Products company.

Announcement of the Burton Arnold French scholarship was made by the Regents of the University following their meeting Sept. 30, on the second anniversary of his death. French died Sept. 30, 1948.

### Supervisors Approve Record Budget for '51

The Board of Supervisors Tuesday morning adopted the 1951 county budget of \$1,293,581 for salaries and general expenses for the coming year. "The budget does not include the \$60,000 which had previously been decided on as the amount to spend for repairs to the Courthouse. When the budget was first submitted Monday morning it was discovered that the \$60,000 was overlooked in making up the budget schedule and action on adoption was postponed until Tuesday. However, Tuesday the budget was adopted as submitted with the \$60,000 for the Courthouse improvements not included.

The 1951 budget is \$92,825 higher than the 1950 one. Part of the increase is caused by the higher cost of operating

THESE CHANGING TIMES—Changes wrought in the half century since 1900 in the appearance of Chelsea, are especially noticeable in the pictures above, showing the southeast corner of Main and Orchard streets "then" and "now." The upper picture shows the former Baptist church and the sheds behind it where parishioners tied their horses while they attended services. The church was organized here in April, 1868, and was completed for dedication on Feb. 3, 1870. More than 100 members belonged to the church in the early 1900's. Older residents will remember such names as Chase, Baldwin, Laird, Sawyer, Everett, and others as staunch members of the congregation. The church building was sold and torn down in 1923, after membership had dwindled. The gas station shown below, was built on the corner some time later, and the O. B. McLaughlin house was built on the spot formerly occupied by the horse and buggy shed.

### Blood Donor Clinic Here on October 25

"The supply of life-saving plasma in Washtenaw county is dangerously low," Dr. Clark stated. Plasma and plasma fractions are used regularly in our hospitals to save the lives of people undergoing surgery, those hurt in accidents or fires, and those being treated for certain illnesses. There is no longer enough to meet the needs, to say nothing of a possible emergency.

Plans for a community blood plasma procurement center are now made by the Washtenaw chapter of the American Red Cross and the Washtenaw County Medical Society. These centers are to accept donations of blood which will be processed into plasma and fractions and returned to this community for the exclusive use of our citizens. There will be no charge for these products but the patient will be expected to pay for any professional services incidental to their use. Each donor will be given a pocket card carrying his blood group and RH type.

Our clinic will be held Wednesday, Oct. 25, in the Congregational church, on Middle street, from 12 noon to 2 p.m., and from 4 p.m. to 6 p.m. Mrs. John Keusch is in charge of all local arrangements. She has named Mrs. Eugene Fisher to assist her as recruitment chairman, Mrs. A. A. Palmer as publicity chairman, and Mrs. Walter Mohrlock as volunteer services chairman.

Blood donors are urged to register as soon as possible in order that a schedule may be set up and unnecessary waiting at the clinic eliminated. Appointment cards will be mailed as soon as registrations are completed. You may register by calling Mrs. Fisher, phone 5671, or Mrs. George Baxter, phone 2-1101.

William Guest stated at the meeting of Chelsea's civil defense group, that our local Aerle of agencies has a list of 25 people in our community who would be available as blood donors.

Chelsea is asked to have 100 donors on hand Oct. 25. Therefore Mrs. Keusch urges you to make your appointment now. Call Mrs. Fisher or Mrs. Baxter.

### Four Young Men Enter Armed Services in Recent Quota

Among the group of inductees who left Ann Arbor Friday morning to enter the service were the following from Chelsea and vicinity:

Gerald W. Gauthier, 23, son of Mr. and Mrs. Fred Gauthier; Joseph Geer, 22, whose parents are Mr. and Mrs. William Geer; Richard Schanz, 22, son of Mr. and Mrs. Earl Schanz, and Fremont Boyer, who has made his home the past seven years with his sister, Mrs. Mac Packard, and family. His mother is Mrs. Ruby Boyer of Mulliken.

During the last two weeks before their departure, three of the young men were honored with parties given by friends and relatives. The fourth, Gerald Gauthier, had requested that no party be given for him.

Mrs. Mac Packard and Mrs. Gale Gilson entertained at a family gathering for Fremont Boyer and the Geers entertained at a neighborhood party at their home the Sunday evening before the boys' departure, in honor of Joseph Geer.

Mr. and Mrs. Dale Collins entertained for Richard Schanz and his parents invited friends and relatives in for an evening party, also.

many other attractions. Each float is also entitled to sponsor a queen in the contest for selecting the Fair queen, to be crowned at the program Saturday night. The parade is to start promptly at 2 p.m., so people will have time to get out to the fairgrounds for the horse-pulling contests and demonstrations which are scheduled to begin at 2:30.

Parade entrants are to meet at the school grounds at 1:30, Harper said.

The Chelsea High school band and the Waterloo band will march in the parade and several bands from other communities have indicated they are planning to be here.

By yesterday afternoon the parade committee's list of entrants included the village trucks, fire equipment, farm implements, antique cars, new model cars, and floats and other entries by the following: Boy Scouts, Chamber of Commerce, FOE (with drill teams from Lansing and Jackson), Kiwanis club, Freer and Jewett Stone schools, VFW Post, VFW Auxiliary, the senior class, eighth grade, FFA, Balmer's, Kleen-Maid, bakery, Frigid Products, Merkle Gumbles, Chelsea Mfg. Corp., Finkbeiner Lumber, Chelsea Hardware, Weinberg Dairy (sound truck), and Chelsea Milling (calliope). Village and Fair officials will head the parade.

Colored moving pictures will be taken during the parade. The movies will later be shown before various organizations in the community.

### George Burke Dies of Heart Attack Tues.

George Burke, well known Ann Arbor attorney and prominent in many state and national affairs, died of a heart attack about 1:30 Tuesday afternoon while taking a nap in his office in the Ann Arbor Trust building. He became internationally known as judge in the war crimes trials in Nuremberg, Germany, following World War II.

He was a former member and chairman of the Civil Service Commission; was legal counsel for the OIA during the war; was attorney-in-charge of the University of Michigan, the Ann Arbor Trust Co., Ann Arbor Bank and various other institutions and private interests. He was chairman of the board of directors of Argus, Inc., a member of the board of directors of the Detroit Edison Co., and president of the Citizens' Mutual Insurance Co. of Howell. From 1911 to 1916 he served as prosecuting attorney for Washtenaw county.

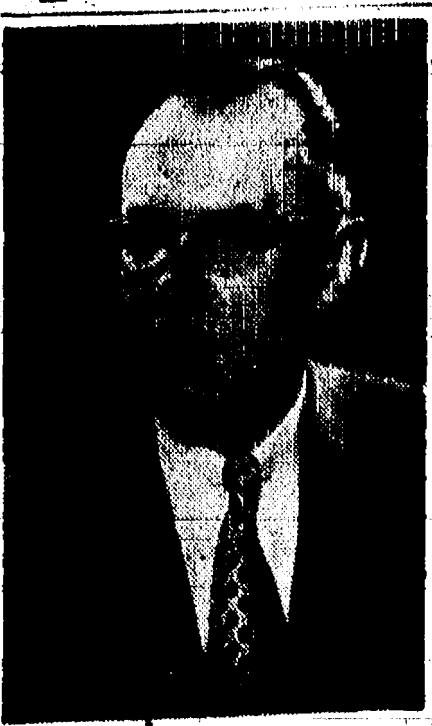

Mr. Burke held the respect of all people who knew him and, as attorney for John Hanna, purchaser of the larger tract of Sylvan township land known as "the mystery project," was probably the greatest factor in overcoming the opposition of many area residents to the closing of roads in the project. Appearing at the road-closing hearing in the Sylvan Town Hall last December, he answered those who questioned his assurances that the project would benefit the community by saying, "People usually take my word and that is what you will have to do."

Mr. Burke was 84 years old. (Continued on page five)

His return plane trip will be via Nice and Lisbon to New York, where he is expected to arrive Oct. 29.

In the June, 1950 issue of the Institute of Metals publication in London, in which announcement was made of the fall meetings of the Bournemouth Institute of Metals, Mr. Schumacher was listed as the 1950 autumn lecturer. The publication also featured biographical data on Mr. Schumacher stating that he was born in Chelsea May 10, 1896, and was educated at the University of Michigan. ## Christmas Packages for Servicemen Should Be Mailed in Next 30 Days

Postmaster Carl J. Mayer this week announced that Christmas packages for overseas servicemen must be mailed between Oct. 15 and Nov. 15 to assure delivery in time for the holiday. Packages destined for Japan, Korea and the islands of the Pacific should be mailed no later than Nov. 1, he said, while packages for Navy and Marine Corps personnel in most remote areas should be mailed on Oct. 15.

Christmas mailing dates for servicemen's families and to civilians employed overseas who receive their mail through A.P.O.'s in care of postmasters at New York, San Francisco, New Orleans or Seattle and Fleet P.O.'s at New York or San Francisco. Weight regulations are the same as for regular parcel post except that a maximum weight of 50 pounds has been set on packages going through A.P.O.'s 124 and 125 in care of the postmaster at New York.

Matches and lighter fluids are prohibited in packages. Cigarettes and other tobacco products are also prohibited in packages going to Austria, England, France, Germany, Italy and Trieste. Before packing boxes it would be wise to check with postal officials as to places where cigarettes and tobacco may be included in Christmas packages.

Postmaster Mayer said all packages for overseas mailing should be packed in metal, wood, solid fiberboard or strong, double-faced corrugated fiberboard boxes. Heavy paper wrapping of fiberboard boxes helps to strengthen the package, Mayer said. The boxes should be tied with strong cord before and after wrapping with paper. It has been found best to tie the boxes with four separate cords—two lengthwise and two crosswise. They should be securely knotted at all meeting points.

It is advisable to put the addresses directly on the package or wrapping paper rather than on labels glued to the package. It has been found that labels fall off when exposed to moisture. The addresses should be typewritten or legibly written or printed in ink. They should include the name (with full first name) rank, serial number, branch of service, organization and APO number and the postoffice through which the package is to be routed. The name and address of the sender must also appear on the package as well as that of the addressee should be packed inside of the package also, in case the package is broken en route or the outer address becomes obliterated. Boxes must be tightly packed to prevent rattling or loosening of contents, using sufficient cushioning material for the purpose. Unless the boxes are completely packed and tightly filled they are likely to be crushed in transit.

**Govt. Publication  
on Civilian Defense  
Becomes Best Seller**

The Federal government is carrying on a thriving book-selling business, the Government Printing office announced recently, as it found another best-seller on its hands—the second within a month. Orders started pouring in to the Superintendent of Documents in Washington for the National Security Resources Board's newest publication entitled "United States Civil Defense," which sells for 25 cents. Over 5,000 were sold the first day of an initial printing of 60,000 copies of the book, which is described as the most comprehensive publication issued to date by the Federal government on civilian defense.

The government's other best-seller called "The Effects of Atomic Weapons" was released last month and is now in its fourth printing. Over 40,000 copies have been sold at \$1.25 each of this book issued by the Atomic Energy Commission which describes what may be expected when an atomic bomb explodes.

**To Study Russian**

Thomas K. Walworth, special agent in the Army Counter-Intelligence service, has been transferred from the Kansas City office to Monterey, Calif., where he is to attend the Army language school to study Russian. He and his family moved Tuesday from their home at the Sunflower, Kansas Ordnance Works, where they had been living while he was at the Kansas City office. He commuted from Sunflower. Mr. and Mrs. Kent Walworth visited their son and his family in Kansas before they left for California.

Fred Wood returned home Monday afternoon after spending the week with relatives in Detroit. People who have a part to play should never enter politics. Can it be said that baby-sitters are folks that take hush-money?

**Earle Schumacher**

(Continued from page one)

At the University he served as research assistant to the head of the department of physical chemistry and the London publication states that it was during that time that he laid the foundation for his subsequent interest in physical problems. He joined the Western Electric company during World War I interrupting his advanced training studies to do so. Since 1925, when the company became the Bell Telephone Laboratories, Mr. Schumacher has been instrumental in bringing about the vast expansion of the laboratory's metallurgical department. As chief metallurgist, he has directed the activities of the department's group of scientists studying the increasing metallurgical problems peculiar to the communications industry. The group, under his direction, carries out development work which leads to large-scale manufacture of the various metallic materials used in the entire Bell System.

According to the London publication, Mr. Schumacher has served on many committees of the American Institute of Mining and Metallurgical Engineers and been chairman of its Institute of Metals Division in 1945. He is now a director of the society. He is also a member of the American Society of Testing Materials and the American Foundrymen's Society. During 1949 he served as a member of the seven-man panel on metallurgy of the U. S. government's Research and Development board. He was elected a member of the Institute of Metals in 1943. Last February he delivered the annual lecture before the Division of the American Institute of Mining and Metallurgical Engineers.

Although the London publication credits his research work at the University of Michigan with influencing his interest in physical metal work, the life work of his father, Henry Schumacher, a chemist, undoubtedly has had some effect also on the younger Schumacher's interest in metals. Henry Schumacher has been no ordinary blacksmith but has (and still does on occasion) designed and made fine wrought iron articles such as andirons, candlesticks, bookends, tables, etc. He also forged the small gate leading into Oak Grove cemetery. He will be 82 years old the 25th of this month. He spends his winters in Florida. This year, on returning from the south, he

went to Minneapolis and has just returned to Chelsea after spending the summer there with his daughters, Dorothy and Doris. Earle Schumacher's mother, the former Louise Wacker, died when he was 13 years old and he and his sisters later lived with their grandmother, Mrs. Jacob Schumacher. His father also made his home there with them. He now makes his headquarters at the McKune House when he is in Chelsea. Earle Schumacher is a frequent visitor here at the homes of his relatives and those of his late wife, the former Ruth Widmayer. Their only son, Dr. Earle E. Schumacher, Jr., is with the Ford hospital in Detroit.

**CARD OF THANKS**

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts, for the cards and flowers. We especially thank Father Lee Laigo.

Mrs. Stella Tarnacki and Family.

Some people are in debt because they spend what their friends think they make.

**MR. and MRS. FRED GENTNER**
**Open House Will Honor Fred Gentners on 50th Anniversary**

Mr. and Mrs. Fred Gentner will be honored at an open house for friends and relatives, to be held at their home, 3451 Watrous road, from two until 5 o'clock Sunday afternoon, Oct. 8, in celebration of their golden wedding anniversary. Their only daughter, Mrs. Norman Klingler, of Jackson, will be the hostess at the reception.

Mr. and Mrs. Gentner were married in the Congregational parsonage in Ann Arbor Oct. 11, 1900. For five years after their marriage they lived on the farm on Sager road, owned by Mr. Gentner's grandmother, Mrs. Elsie Congdon, and then built their present home where they have since resided.

Both Mr. and Mrs. Gentner were born in Lima township. Mr. Gentner's parents were Christian and Mary Congdon Gentner, nee Settlers in the township, while

Mrs. Gentner, the former Amy Gilbert, is a daughter of the late Fred and Elizabeth Brown Gilbert.

The Gentners are members of the Congregational church and both are active members of various lodges and clubs in the community.

**CALLED TO ACTIVE DUTY**

For the past two and one-half years he has been working in the Ypsilanti State hospital and has been granted military leave from his position for a scheduled 41-months tour of duty. Mrs. Eaton and their three small children will go to Kenosha, Wis., to live with her parents, Mr. and Mrs. Walter Stripe. They plan to leave for Kenosha Tuesday.

**County Home Ec.****Board Elects Officers**

The Washtenaw County Home Economics executive board held its final meeting of the 1950 year Monday. The meeting was held at the courthouse in Ann Arbor.

Mrs. Kathleen Hatt, who has served on the board for the maximum four years, is retiring as junior district representative and Mrs. Walter Wolfgang of Chelsea was elected junior district representative of District IV. She was also elected secretary of the executive board.

Other officers elected for 1951 are: Mrs. Alvin Marsh of Delhi, re-elected chairman; Mrs. Kenneth Van Buren of Ann Arbor, vice-chairman; Mrs. Oswald Ehni of Ann Arbor, treasurer; Mrs. Clinton Torrey of Milan, recreation chairman; and Mrs. Lester Wright of Ypsilanti, news reporter.

It was announced that the Home Economics Extension Women's Achievement day is to take place Oct. 25. This is the first time the event has taken place in the fall of the year. It was formerly held in the spring. The program will be held in Pottersville auditorium at Ann Arbor High school and luncheon will be served in the First Methodist church and the Baptist church, both near the school.

The speaker at the Achievement day program will be Dr. John DeTar of Milan, picked some time ago as one of the ten leading doctors in Michigan. Topic of his talk is to be "Socialized Medicine—Do We Want It?" The morning and afternoon programs may be attended by anyone who is interested.

**FOOTBALL**

(Continued from page one)

U. High drove to their first touchdown on the following kickoff, aided greatly by an unnecessary roughness penalty on Chelsea which gave them a first down on the Chelsea one. Bill Twining hit through center for the score but his try for the conversion was blocked by Slane.

Heydlauff again put the game out of one-touchdown-reach as he made his second long touchdown run of the game by knifing over right end and racing 54 yards behind beautiful blocking. U. High's defensive left end, Scott Crisler, was taken far out the way and two line downfield blocks by Slane and Proctor left him free to run without a hand being laid on him. This time his conversion was good and Chelsea led, 19-8.

U. High unleashed their aerial attack again on the following kickoff and drove 75 yards in eight plays, with Johnston driving over for the final five yards. Twining's kick was wide to the right and left the score 19-14.

And, again it was Heydlauff who broke the Cubs' hearts and hopes as on the first play from scrimmage on the Chelsea 30, he ripped over that same end spot as on the previous two long drives, turned on the speed and outran the Cub secondary for 70 yards and his fourth and last score. Again, his kick was good to make the final read, 26-14.

U. High filled the air with passes in the last two minutes but could get no further than the Chelsea 35 as the game ended. It evidently was a very bitter pill for U. High to swallow for team officials were very anti-social and uncivil when approached after the game. For two "country" schools to come to the "city" and treat their representatives such as they were treated Saturday was galling beyond belief. Very sweet for the "little" outsiders who "came, saw, and conquered."

Tomorrow night the Bulldogs engage the Saline Hornets here at home under the lights at 8 o'clock. Saline and Lincoln played to a 13-13 deadlock last Friday so the odds favor the Bulldogs in this one.

See you at game time!

**George Burke**

(Continued from page one)

Born in Northfield township Dec. 5, 1885, he was a son of Anthony and Ellen Dealy Burke. He received his bachelor of laws degree from the University of Michigan in 1907 and began his law practice in the office of the late Martin Cavanaugh under the firm name of Cavanaugh & Burke. At the time of his death he was the senior partner in the law firm of Burke, Burke and Smith.

He was married Dec. 29, 1910, to Edna E. Britts, who survives. Also surviving are three sons, George J. Jr., R. William and Martin J., and a daughter, Mrs. Dorothy A. Coffey, all of Ann Arbor, and seven grandchildren.

Funeral services are to be held at 10 a.m. tomorrow (Friday) in St. Thomas church, Ann Arbor, with Mr. Warren Peck officiating. Mr. Burke will be at the family home, 628 Oxford road, until the time of the services. Burial will be in St. Thomas cemetery.

**GRANGE BOOSTER NIGHT**

Fifty members and friends of Lafayette, North Sylvan and Cavanaugh Lake Granges met at Salem Grove church Saturday evening for the meeting.

Albert Schweinfurth was in charge of the program which was opened with community singing, directed by Rev. Vern Panzer. A reading by Mrs. Henry Heim and several vocal selections by the male quartet followed. Members of the quartet are Rev. Panzer, T. G. Riemenschneider, Dean Schweinfurth and Henry Notten. Conversation and wildlife movies concluded the program.

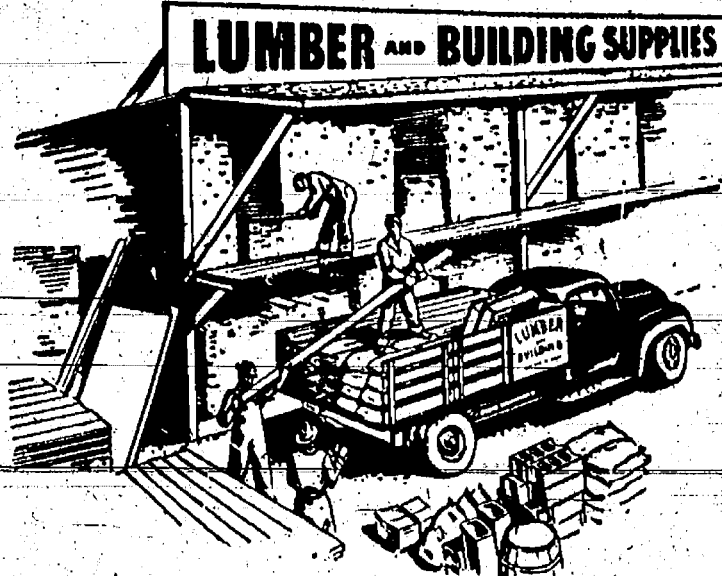

A lunch was served at the close of the meeting under the chairmanship of Mrs. T. G. Riemenschneider.

### Cub Scout Pack Committee Asks for More Den Mothers

Pack Committee members present were Mrs. Sorenson, Mr. and Mrs. Edmund Kayser, Mrs. Alura Geer, Mrs. Lloyd Keeney, Willard Pearson, Olen Hart, Lorenz Wenk and Mrs. Clinton Collyer.

Mrs. Keeney and Mrs. Elwood Keizer are new den mothers added to the group this fall. More den mothers are urgently needed for the increasing number of boys who wish to become Cub Scouts. Pack Committee spokesmen state. They ask that women who wish to offer their services for this worthwhile work will call Mrs. Clinton Collyer or Willard Pearson. Those who care to offer their help at the Fair booth this week are also asked to call Mrs. Collyer or Mr. Pearson.

The next meeting of the Pack Committee will be held Oct. 20 at the Lorenz Wenk home.

### Hearing Today on Charge of Leaving Scene of Accident

George Ousley, 28 years old, of 21000 Old US-12, is to appear in Municipal court, Ann Arbor, today to answer charges of leaving the scene of a personal injury accident. The charges are the result of an accident which occurred on West Middle street just west of Hayes street, about 9:30 Sunday evening. According to a report of Police Officer Frank Reed, Ousley backed his car out of a driveway and collided with a car driven by Ted Balmer. The force of the impact threw Balmer out of the car, causing injuries to his left arm. He was treated by a local physician. Reed's report states that Ousley didn't stop at the scene of the accident but drove away and parked the car near the Ball plant while he went to the home of an acquaintance. Arraigned Monday, his bond was set at \$200 cash or \$40 in property and his hearing set for today.

### Two Battle Creek Women Pay Fines on Disorderly Charge

About 5:45 Monday afternoon Police Officer George Doe received a call saying that two intoxicated women were in a car near a gas station and restaurant on US-12, west of Chelsea. Doe, on duty by the time called Officer Reed to investigate. Reed brought the two women to Chelsea and asked Doe, by this time also off duty, to accompany him to Ann Arbor, where the women were lodged in jail.

Arraigned in Municipal court Tuesday morning on charges of being drunk and disorderly, Margaret Matichukowski was ordered to pay \$5 fine and \$20 cost or spend 15 days in jail. The other woman, Nellie Myers, was fined \$5 and ordered to pay a \$15 fine or spend 15 days in jail. Reed reported. The two women were from Battle Creek.

### Four New Cub Scouts Taken into Troop

Four boys were taken into the Cub Scouts organization in a special ceremony conducted by Cubmaster Willard Pearson, assisted by Edmund Kayser, at the Pack meeting held Saturday evening at the Kayser home. The new Cub Scouts are Larry Lotridge, Tommy Dault, Gary Dault and Richard Scripture. Larry Lotridge's parents were present for the ceremony.

About 80 were present Saturday including Cub Scouts and parents. Each family brought a dish to pass and, together with the apples, marshmallows, and wieners roasted at the huge bonfire and potatoes fried in the open in skillet over the coals, provided plenty to eat for all who attended.

### Attend MYF Vesper Service in Grass Lake

Eleven members of the Chelsea Methodist Youth Fellowship and the church pastor, Rev. David Hayco, were in Grass Lake Sunday evening to attend a vesper service, called a "Gallies" service, at Grass Lake Youth Fel-

lowship groups from Grass Lake, Mt. Hope, Salem Grove, Napoleon, Clinton and Manchester also participated in the novel service. Mrs. Mary Clark of Chelsea, accompanied the young people, driving her car to take some of them to the Grass Lake service and to an evening service which followed at the Napoleon Methodist church. The service at Grass Lake was

held at the lake, approximately half of the group being out on the lake in boats, and the remaining young people assembling around a bonfire on the shore. Responsive singing alternated between the group on shore and those on the water.

### Richards-Kalmbach Nuptials Performed in Pontiac Church

Mr. and Mrs. Walter A. Kalmbach, Jr., are now at home at 3438 Fulton street in Saginaw following their return from their wedding trip to northern Michigan. They were married in the First Methodist church in Pontiac at 7 o'clock Saturday evening, Sept. 23, in the presence of approximately 150 guests.

Rev. Paul B. Havens, pastor of the church, officiated at the candlelight service and the bridegroom's father was the soloist. Preceding the ceremony he sang "I Love You Truly" and "At Dawning."

Mrs. Kalmbach is a daughter of Mr. and Mrs. Karl R. Richards of 98 E. Howard street, Pontiac. She is a graduate of Michigan State college and is engaged in social work with the county welfare in Saginaw.

Mr. Kalmbach is a son of Mr. and Mrs. Walter A. Kalmbach, Sr., of Francisco. He is also a graduate of Michigan State college where he became affiliated with Phi Kappa Psi fraternity; also Beta Alpha Sigma and the Varsity club. He is associated with the Planning department of the City of Saginaw.

The bride's gown was of white lace and silk, the silk having been brought from China by her brother. Style features of the gown were a Peter Pan collar and long sleeves pointed at the wrists, an overskirt and a short train. Her veil was fingertip-length and was held in place with a headpiece of lace. A double-strand necklace of pearls, a gift from the bridegroom completed her costume and she carried a bouquet of orchids and stephanotis. For going away later, she wore a wool dressmaker suit in topaz color with brown

necessaries and a corsage of brown and green orchids.

Her only attendant, Mrs. Robert Mullison, of Alpena, wore a gown of aqua lace and a matching, colored satin cap with a shawl veil. She carried pink carnations.

Mr. Mallison was best man and Donald Hubbard and Kenneth Winter were the ushers. The men in the wedding party are fraternity brothers of the bridegroom.

A reception was held in the

church parlors following the ceremony.

Pre-nuptial showers were given for the bride by social service workers at Saginaw and by Mrs. A. Moyer of Saginaw.

Mr. and Mrs. C. Stanley Evans have moved into the downstairs apartment in the former Baylow residence recently purchased and remodeled by Mr. and Mrs. Kent Walworth.

As provided by Sec. 3, Chapter 3, Part II, P.A. 306, 1929 and Sec. 1, Chapter 3, Part II, P.A. 1939, Act 31, P.A. 1941, and Act 291, P.A. 1945.

From 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

#### ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of registration on the last day of registration prior to any election or primary election. #### REGISTRATION OF ELECTORS REQUIRED; REGISTRATION ON ELECTION DAY, IDENTIFICATION OF ELECTOR

SEC. 1. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the precinct in which he offers to vote; but the name of a qualified elector may be registered on the day of any election or primary election up to 4 P.M. of said day: PROVIDED, That he shall, under oath, state that he is a resident of such precinct, is at least 21 years of age and has resided in the State for at least 6 months and in the Township or City 20 days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself, or of some member of his family, or owing to his absence from the Township or City on public or private business, and without intent to avoid or delay his registration, he was unable to make application for registration on final days set for such registration: PROVIDED FURTHER, That he or she is accompanied and identified by a registered voter known to a member of the election board: PROVIDED FURTHER, That the Board of Supervisors of any County may by resolution duly adopted discontinue the registration of electors on primary and election days and such registrations shall not be taken in such County thereafter on primary and election days unless and until the Board of Supervisors rescinds its action in connection therewith.

The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the 20 days next preceding any election or primary election, provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided 20 days next preceding any election or primary election.

Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote. When the resident house numbers of any section of a Township, City or Village have been changed, such change shall not affect the right of such voter to cast his vote. Corresponding change in the registration records may be made by the Clerk or upon election day upon proper showing.

This Easy Way!

It's easy the Larro way. Only one mash for the first 12 weeks. Then only one change of mash and grains. No hand feeding of grains after 12 weeks. What could be easier? But best of all, this simple Larro plan has been tested and proved by thousands of poultrymen. It's the way to grow uniform pullers that have vigor, big frames and fully developed egg-laying ability at housing. Low protein growing mash does not supply all the nutrients needed by a half-grown chick, and they do mean another change of feed. If you want to save work—if you want to grow profitable layers—come in or phone for your free copy of the Larro Chick Builder folder. It can pay you well.

Funeral services were held at Zion Lutheran church, Rogers Corners, at 2:30 Saturday afternoon, followed by burial in the church cemetery. Rev. M. W. Brueckner officiated. The body lay in state at the church from 11 a.m. until the time of the services.

Schenk, built the garage on Park street now known as Mohrlock's garage. Ezra Tisch later built the Chevrolet garage on North Main street and operated it for a number of years.

In the late 1930's he and Mrs. Tisch operated a restaurant in part of the building which is now the Municipal building. Mrs. Tisch had also operated the Crescent hotel, now known as Sylvan hotel, for a number of years after the family moved to Chelsea in 1917. They moved to Kalamazoo in 1939. Their home is at 620 Cooper street.

## Our Neighbors

Manchester — The Exchange club-sponsored steer-raising project proved very satisfactory, according to committee chairman, Carl Schaeble. At the auction held in conjunction with the Community Fair, the top price paid was \$40 per hundred pounds. The champion steer belonged to Lloyd Hughes. Reserve champion steer was raised by Jerrol Schlicht, 18; third place winner was Joyce Hughes, 15; fourth place winner was Robert Curtis, 19; and fifth place, Leroy Manor, 16.

Judge of the contest was Philip Smith, agriculture teacher at Chelsea, who formerly judged fat stock at Michigan State college. — Manchester Enterprise.

Grass Lake — Long a landmark in the village, the three-story row of buildings known as "the block" was this week purchased by the Federated church of Grass Lake from Harry Shelly. The building has already been sold to the Capital City Wrecking company, which expects to begin wrecking operations within three weeks. The building will be demolished in 30 days after wrecking begins.

The church plans to make a parking lot here during the winter and to erect a building to house Sunday school rooms in the future. Tennis courts and other recreational facilities are also planned for this space. — Grass Lake News.

Dexter — The hot lunch schedule at Dexter Agricultural schools began last Monday. The meals cost 25 cents each, including milk. It is possible to serve the meals at that rate because the federal government is subsidizing part of the cost. Seven cents of the cost is paid by the federal government and the United States Department of Agriculture furnishes several items of surplus foods for the cost of transportation from Jackson which is 1 1/2 cents per pound. Foods furnished under this plan include dried fruits, butter, cheese, potatoes, canned peaches, beans and tomatoes. — Dexter Leader.

Grass Lake — A testimonial dinner Tuesday evening honored Floyd Melencamp, present president of the Farmers' Bank, who began as a clerk in the bank Oct. 8, 1900, shortly after his graduation from Grass Lake High school. At that time his pay was six dollars a week.

Two outstanding events are recalled by Mr. Melencamp in reviewing his long career. One is the bank robbery which took place in July, 1920, and the other is that the bank was reopened immediately following the state bank holiday in 1933 and that no depositor lost a penny. — Grass Lake News.

**SOIL CONSERVATION**

**BUTTER IS THE KEYSTONE OF MICHIGAN'S AGRICULTURE**

AGRICULTURE is Michigan's most VITAL INDUSTRY  
BUTTER is that industry's most VITAL PRODUCT

The welfare of every man, woman and child in Michigan depends on the state's dairy industry represented by more than 132,000 dairy farmers with an investment of 2 and 1/2 billion dollars.

One in every six families in the state is dependent for livelihood on the dairy industry. More than 600,000 derive all or part of their incomes from dairying. Income from dairy herds last year amounted to \$681,000,000.

And this vast industry depends on butter for its solid foundation. Butter is the one dairy product which is a storable, staple food—the dairy product which absorbs excess production during the flush spring season and makes it possible to have a sufficient supply of fluid milk and other dairy products during the many months of low milk production.

Without butter, the vital dairy industry would be completely out of balance—during many months of the year fluid milk would be scarce—prices would zoom and the public health would be jeopardized. Butter is of great import to every person in Michigan—it helps to keep milk production on an even keel. Farmers realize the great importance of butter for it means large dairy herds throughout the state. Dairying is the greatest soil conservation measure known to mankind.

To keep Michigan prosperous and her people healthy, dairying must be maintained—milk provides one-fourth of all of our food. There is little wonder that thinking people want to protect the butter market against imitators who would help destroy Michigan's greatest industry for the sake of profit to themselves. And those who seek to wreck this state's dairy business for the most part have no interest in Michigan except to take her money away. Michigan is prosperous and a wonderful state in which to live largely because of her excellent dairy herds and unsurpassed abundant supply of milk.

Michigan's dairy industry has grown up with the state—it can be given a mortal blow over night by letting selfish imitators destroy the KEYSTONE of the industry—THE BUTTER MARKET.

The band elected officers last Thursday as follows: President, Evelyn Woods; Vice President, Maurine Hoffman; Secretary, Raymond Steinbach; Treasurer, Cynthia Paul; Librarian, Eleanor Schmidt.

The band has been busy the past few weeks doing various things, such as preparing for the fall football game at which they have been practicing several formations which they will perform for the half-time activities.

The band is also taking part in a program Thursday evening and will march in the parade Saturday afternoon.

## CHORUS

Have you been hearing strange noises during the sixth hour? Think nothing of it. It's probably the chorus with two fingers in each mouth trying to sound melo-lowl! Chorus is working to hard to be ready for the debut in Detroit at the Teachers' Institute, Oct. 19.

The chorus has music folders now which is a big help to the librarians and chorus members.

## Movies . . .

The Home Ec. II girls had a movie about wool. The movie showed the life of the sheep from the time it was a small lamb until it was sheared.

After the shearing the wool was moved in trucks to the mill. After it had been cleaned it started the manufacturing process. All the processes were shown and the movie was very interesting.

## CHEMISTRY

The chemistry class saw a movie entitled, "The Theory of

Matter." It consisted of the showing of molecules in motion. They learned that all matter is made up of molecules and that the motion of molecules accounts for evaporation, and crystallization. The movie also showed the mixing of molecules and the formation.

The Mechanical Drawing class saw a movie entitled, "Draw the Perfect Way." The movie showed how to dimension different drawings and how important dimensions are in a good drawing.

The Biology class saw a movie entitled, "The Green Plant." It showed how the plants get carbon dioxide, water and oxygen.

The eighth grade Science class had a movie entitled, "The Weather." It showed what some of the causes of weather are and how the weather bureau predicts weather. It also showed several different instruments used in measuring the velocity of wind.

## Biographies . . .

What Senior boy was born in Chelsea Sept. 18, 1933? You may see him eating steak and French fries, or you may hear him singing "Temptation," while studying his economics. His favorite sport is football and his hobby is keeping his car in running condition. Teachers who give homework assignments seem to be his pet peeve. He has had a job delivering papers. During high school he

was a member of the band for three years, played football two years, and was a member of the Hi-Y one year. His happiest moments are in the first week of June. Why? School is out. He has never had an embarrassing moment (?). He thinks that Chelsea needs a new school because the present one is overcrowded. If he suddenly found a thousand dollars, he would first recover from the shock. Second, he would think of a million things to buy. Third, he would probably put it in the bank. He plans to attend the University of Michigan after graduation. He was in New York City for about a week last summer. He saw many different sights, but the one that interested him most was the performance at The Radio City Music Hall. He also saw Niagara Falls. If you haven't guessed him yet, here is one last clue. He is president of the Senior class. You guessed him, Duane Gentner.

In Lansing, Aug. 27, 1933, the Johnson household welcomed a new son, Buddy. He has always gone to Chelsea school and his favorite class is study hall. He belonged to Hi-Y, the Athletic Board, played basketball and baseball, and he was president of the Sophomore class. If you were to look hard enough you would probably find him playing golf or fishing and singing "Tyena, Tyena." When asked what his most embarrassing moment was he said, "When I climbed through the transom to pass in my English notebook and the janitor saw me." His happiest moment was when

he passed a chemistry final to pass the course. But think we do need a new school because, he says, "this one is too many centuries old." If he suddenly found he had a thousand dollars, he said he'd pass out cigars. After graduation Bud plans to work for a year then go to college or the Ford Trade school.

Richard L. Seeley was born in Farndale Sept. 26, 1932. Chelsea High is the only school he has attended. His favorites include food, T-bone steaks; sport, hunting; recreation, swimming and he enjoys opera music. Dick says his pet peeve is "gossipers." While in high school he has taken part in Hi-Y and chorus. Outside of his school activities Dick has had a job as a pin boy, caretaker at the Methodist Home and a "grease monkey." He definitely thinks Chelsea should have a new school, as we are badly in need of one. Dick said if he suddenly found a thousand dollars he would buy a lot and build a house (if that's possible with a thousand dollars). After graduation Dick plans to join the Armed Services.

What event took place in Chelsea Sept. 30, 1933? On that glorious day the Hatley family had a new member named Hazel. Hazel attended Sylvan Center before entering Chelsea High. She was a member of the High school chorus for three years. If you should enter one of the local business places you may hear Hazel singing, "Bonaparte's Retreat" while busily at work. Her ideal way to spend a Sunday is to enjoy a good chicken dinner and then go to a movie. Her favorite sport is basketball. When asked what she would do if she suddenly found a thousand dollars, she replied that she would buy a car. Hazel must be anxious to finish school and get a great position, because her happiest moment was becoming a senior.

PUPILS VISIT BATTLE CREEK  
Pupils and teachers of Jerusalem and Luick schools accompanied by several ladies of the two school districts, were in Battle Creek Friday, Sept. 29, and visited the Kellogg factory and the Kellogg bird sanctuary. Those who accompanied the pupils were Mrs. George Petersen, Mrs. Harold Shepard, Mrs. Everett Moore, Mrs. Reuben Fritz and Mrs. Walter Wolfgang. There were 30 women and children in the party.

A quipster claims that Barnum didn't tell the whole truth. He didn't mention that suckers sometimes are born twins.

**Better Buy Buick!**

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways - and it isn't just that boldly gleaming forefront that spreads this impression. It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. 1950 Buicks are breaking all past popularity records, as registered in sales.

So we suggest that you do some personal investigating. Find out, for example, how mas-

terful you feel, with Fireball power purring away the miles, at a polite touch of your toes on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflo Drive, which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room and comfort, and road-hugging heft combined with a light and willing response to your hand on the

wheel - and prices that start down with the stars.

Seems like almost everyone wants to own one of these Buicks - and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

Only BUICK has Dynaflo - and with it goes HIGHER-COMPRESSION and with it goes IN-HEAD POWER in three engines. (New Fireball valve-in-head power in three engines.) • NEW-PATTERN 4-263 engine in SUPER models. • NEW-PATTERN styling, with MULTI-GUARD fenders, taper-through fenders, TRAFFIC-HANDY SIZE, low over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the rails • SOFT BUICK RIDE from all-coil springs, Safety-Ride rims, low-pressure tires, ride-steady torque-tube
