tries were exhibited and the evening programs were apparently much enjoyed.

As football news blots up page one and a frosty tang fills the air, Michigan residents are brought abruptly back to reality by being reminded that now is the time to get those overseas Christmas packages off to that G.I. son or boyfriend.

It is a Fall reminiscent of those lonely ones spent by millions of wives and relatives during World War II, with hundreds of Michigan men being recalled to service each month.

And optimistic though the front may look, defense (and offense) plans are going ahead in the state. A simple, ironclad priority system has been imposed on industry. A "DO" rating will give military contracts let by armed forces or the atomic energy commission the right-of-way in any plant.

But war production is expensive. Michiganites now are getting a taste of another income tax boost. A man-making \$40 per week will pay some \$5 a week, as against \$4.10 before the increase.

But this withholding tax jump also is seen by some as another test of the inflationary whirl. The impact will not be great, economists agree, but it will cut down spending to some degree, especially in the lower brackets.

Announcing that pay scales for state employees are 20 per cent lower than comparable scales for city and county employees in Michigan, Gov. Williams has asked a boost in civil service rates. The present situation "inevitably breeds discontent and dissatisfaction," the governor said.

FOE Aux. Will Sponsor Benefit Dance

The Chelsea FOE Auxiliary, together with FOE groups all over the country, is making the raising of funds for the Damon Runyon Cancer Fund its main project for the month of October.

The Damon Runyon Fund was started by radio's Walter Winchell shortly after Runyon's death from cancer just a few days before Christmas in 1946. Main theme of the Runyon Fund is that all contributions must go into the fund. Not a cent of money has been spent for "overhead" of any kind since the fund was started almost four years ago. Fund officials point out.

With the cooperation of persons who advise the American Cancer society in the distribution of funds to be used for research, fellowships in cancer research study, etc., Damon Runyon Fund officials allocate the money where they feel sure it will be of the greatest use in the fight against cancer.

Headed the national organization known as the Damon Runyon Fund, are: Dan Parker, the sports writer; Leonard Lyons, a newspaper columnist; and Walter Winchell, its founder.

Local Solicitation Planned To Benefit Salvation Army

Seeking financial support for its state program, a Salvation Army representative from the divisional headquarters in Detroit, Mrs. Harry Goff, will be conducting fund-raising campaigns in numerous counties throughout the State of Michigan.

This solicitation is to help finance the state program of the Salvation Army, including a maternity home and hospital for unmarried mothers, known as The Booth Memorial Hospital, Detroit; Edwin Denby Children's Home, Detroit, dedicated to the care of little girls and boys who are orphans or come from broken homes; Prison work; behind bars.

The Salvation Army prison department functions among those who are shut away from society. The program also includes operation of the Harbor Light Mission, a center of operations for conducting a spiritual and physical rehabilitation program for the male delinquent of society; and the Evangeline Residence which, under the supervision of the Salvation Army, provides a "home away from home" for approximately 275 young girls who now are in their first employment away from the small towns and communities of our state.

Mrs. H. D. Lange is local committee chairman for the fund-raising campaign, to be carried on in Chelsea from Oct. 16 through 23. Assisting her on the committee are Mrs. P. C. Maroney and Mrs. J. W. Hale.

The town is to be divided into zones and canvassers will visit every home in the community. Mrs. Lange stresses the fact that no contribution is considered too small—all may have a share in the work the Salvation Army is doing, whether they are able to make a large contribution or a very modest one.

Using the Bible

Lesson for October 15: Psalms 19: 7-11; Acts 8: 26-35

Memory Selection: Psalms 119: 11

THE BIBLE has one grand peculiarity that distinguishes it from all other books—it is a revelation of God to men. In the 15th Psalm we find a comparison between natural law and spiritual law. The will of God preserves a uniformity throughout the universe. So does the law of God for the soul, seeks man's highest good. Thus the Bible not only reveals God's will to men; it also shows that through obedience to that will man can attain unto the highest life.

The Bible is mighty in evangelizing man. Philip, the deacon, brought a great awakening to the people of Samaria by preaching of the things that would be and by being included in the Bible as the New Testament. Afterward, on the way to Gaza, Philip brought the Ethiopian eunuch to faith in Christ by his interpretation of a passage from Isaiah.

The Bible is a great testimony to Christ. Matthew evidently wrote chiefly for Jewish readers. He desired to show them that Jesus came in fulfillment of prophecy. Many things in the life and ministry of Jesus he connected with the predictions of the prophets. Thus does Matthew prove that Jesus came as the long-promised Messiah.

So may we read the great Book as our guide to daily living and the record of God's gift to men in Christ. Jesus invited men, as they thought in the Scriptures to find eternal life.

Who Runs America? the Congress? the President? OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

- General Federation of Women's Clubs American Legion National Association of Small Business Men United States Chamber of Commerce National Association of Retail Grocers National Retail Dry Goods Association American Bar Association
American Farm Bureau Federation National Grange Veterans of Foreign Wars National Conference of Catholic Charities American Protestant Hospital Association

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

THE VOLUNTARY WAY IS THE AMERICAN WAY! Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that You and Your Neighbor Run America! The exhibition to be given by the world's championship team, owned by Fowler Brothers of Reading, scheduled for Saturday afternoon, did not materialize. Although the team still holds the record, it was defeated in a contest Friday at Grand Rapids by the team owned by Harold Van Huesen of Bronson, which took third place in the professional contests here Saturday afternoon.

Saturday night's attractions were the queen-judging; presentation-of-corsages to a number of ladies and a band concert by the Waterloo band, all preceding the main event—the awarding of free gifts donated by the merchants of the community.

Paul J. Niehaus won the steer that was given away at the close of the program.

Those who received corsages Saturday night were: Mrs. Donald Alber of Dexter; Mrs. Jerald Paterson of Ypsilanti; Mrs. Arwin Strijer of Ann Arbor, and Mrs. Paul Kalmbach of Chelsea, all 1950 brides; Mrs. Arthur Kuhl, the "lady from Jerusalem," and three mothers of seven or more children, Mrs. Margaret Heseleschwerdt, Mrs. J. V. Burg and Mrs. Louise Trinkle.

The parade Saturday afternoon

was acclaimed as the biggest and best ever held in Chelsea. First prize in floats went to the VFW Auxiliary, theme of the flower-decked float being "Honor The Dead By Helping The Living."

Jewett Stone school took second prize with its covered wagon drawn by four horses. Pupils were proud of the fact that financial outlay for the float was just 14 cents for bolts. Everything else was loaned by neighbors in the district.

Third prize went to the FFA with a cow featured as queen, the float-bearing the legend, "An Udder Victory," and "It's In The Bag For Chelsea."

The Kiwanis float, "Youth Activities," placed fourth and honorable mention went to the Chamber of Commerce ("Keys to the City"), eighth grade (Snow-white and Seven Dwarfs), Freer school (old-fashioned school and yard), and Ted Balmer's Brake Service (safety theme).

George Mayer won first prize in the bicycle brigade, Dorothy Gullett, second, and Charles Carpenter, third.

Judges of floats and bicycles were Mrs. Marie Scheurer, Mrs. Frank Reck and Donald Weed, all of Manchester.

The American Way

BEER
AMERICA'S BEVERAGE OF MODERATION

In Michigan, farming is a Number 1 activity especially during this time of the year. And to ease that tired feeling after a hard day in the fields "The American Way" is to enjoy a glass of cold, refreshing, Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, too, belongs . . . to our own American heritage of personal freedom. *Beer Belongs . . . Enjoy It*

HOSTESSES AT SHOWER
Mrs. Reuben Lesser and her daughter, Virginia, were co-hostesses at a family shower given Saturday, Sept. 30, at the Lesser home for the pleasure of Elizabeth Adams of Ypsilanti. Miss Adams and her daughter, a nephew of the Lesser Lessers and a son of the Ezra Lessers of Dexter, plan to be married Oct. 14.

Among the 50 guests present were relatives from Ann Arbor, Dexter, Saline, Croswell and Chelsea and vicinity. Also present were Mrs. Henry Adams and daughter, Ann, of Croswell, mother and sister of the bride-to-be.

Games were enjoyed, the prizes awarded being given by the winners to the guest of honor. She also was the recipient of many beautiful gifts.

Mrs. William Beach and Mrs. Reuben Lindemann of Dexter received the door prizes.

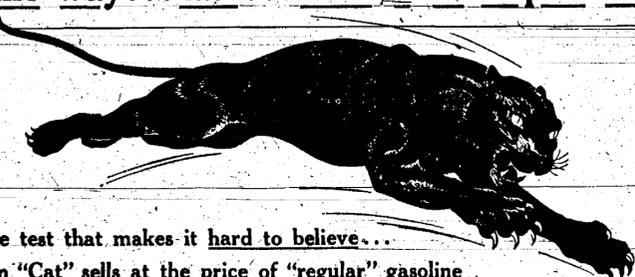

Refreshments were served by the two hostesses after the bride-to-be had opened her gifts.

NORTH SYLVAN GRANGE
North Sylvan Grange held a chicken supper Tuesday, Oct. 3, at the home of Mr. and Mrs. Irven Weiss in honor of Harry Knickerbocker, who has given up farming and is leaving soon on a trip.

who's busier than Janie?

Janie seems to have a full schedule . . . but an automatic gas water heater is far busier. It's on the job every minute night and day keeping the family supplied with instant hot water, and saving gas, saving time, saving work.

Now is the time to replace your old hand-lighted water heater with a gas automatic that will save you all those basement trips to light the heater every time you want hot water.

A new automatic gas water heater will save you gas three ways. It doesn't forget to turn off the gas when the tank is full of hot water. Its insulated tank keeps the water hot longer. And there are no lime-encrusted coils to retard heating.

For a small down payment, a new automatic gas water heater will be delivered and installed by your dealer, plumber or the Gas Company. Remember, an automatic GAS water heater costs less to buy, less to install, less to operate.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflow Drive and with it goes HIGHER COMPRESSION and with it goes SUPER power in three engines.

Biographies

Arline Haist was born Sept. 5, 1935, in Chelsea. Before attending Chelsea High school she went to Jerusalem school. She belonged to chorus four years and her favorite class is Art. Speaking of

favorites, in food it's chicken for Arlene; in sports, football; recreation, movies; and her favorite song, "Mona Lisa." Her pet peeve is unfriendly people. When asked if there should be a new school, she simply stated that she didn't know. If she suddenly found she had a thousand dollars she said, "I would put it in the bank." She has worked in a local ice cream parlor, and after graduation she wants a good position in an office.

Donald Blair Plyerson was born in Royalton, Ky., Sept. 9, 1928. Before coming to Chelsea High, he attended school in Royalton, Ky., and Collins Plain, Mich. Donnie has many favorites, among which are: food, meat; sport, basketball; recreation, hunting; class, shop; and song, "Wheels." He doesn't seem to like "wheels" or trucks. During his high school years he participated in Hi-Y, basketball, football, chorus, band and track. Outside all of these extra curricular activities, he has had jobs at the mill, grocery store, Camp Farband, farm and bowling alley. Donnie thinks that Chelsea needs a new school because the old one is falling apart. If he suddenly found a thousand dollars he would faint. After graduation Don plans to join the Service. He is quite the cosmopolitan for he has traveled to New York, New Jersey, Brooklyn, Manhattan, The Bronx and Queens town. He has seen the George Washington bridge, Niagara Falls, Empire State building, Brooklyn bridge, Coney Island, and the Atlantic ocean.

On the whole, Donnie has had a very active high school career.

Dairy Improvement Association Being Formed in County

A new Dairy Herd Improvement association is in the process of being organized in Washtenaw county, according to County Agricultural Agent H. S. Osler. Norman Marquart has just returned from a training course at State college and has begun work with new members of the association. Twenty-eight herds make up a complete organization.

The new organization is not completely filled as yet and any dairy farmer interested in having his herd enrolled can do so by getting in touch with Mr. Osler, courthouse, Ann Arbor.

Mr. Osler points out the advantages of the association which include a ledger account on each individual cow in the herd. The tester tests for butterfat and keeps a record of the cow's production and feed cost. These records are valuable in promoting the sale of dairy cows. It provides a reliable means for culling the herd. It makes it possible for the farmer to use his feed for the cows that pay the most money for it. Dairy herd improvement association work and artificial breeding are two very important factors in promoting efficiency in milk production, according to County Agent Osler.

Pays Fine in Municipal Court

Jesse Fletcher of Stockbridge, who paid a fine of \$10 and paid costs in Municipal court in Ann Arbor Monday on a charge of being drunk and disorderly following an automobile accident on South Main street Saturday night, is to be brought into court later this week on charges of perjury and contempt of court as a result of statements he made in his arraignment, according to Frank Reed, local police officer. At the arraignment he swore he was not driving the car registered in his wife's name which was one of two involved in Saturday night's accident. He named another man as the driver. However, the man named has since proved he was not the driver of the car and the contempt and perjury charges were preferred against Fletcher.

A warrant has been issued for the arrest of the alleged driver of the other car involved. He disappeared after the accident during which the coupe he was said to be driving had turned over.

Fairgrounds Accident Costs Driver \$40

Robert Montgomery, of 18646 US-12 W, was ordered in Municipal court, Ann Arbor, Monday, to pay a fine and costs amounting to \$40 or spend ten days in jail as a result of an automobile accident on Old US-12 at the Chelsea Fairgrounds about 8:30 p.m. Saturday. The other car involved was driven by Henry Walt, 3000 South Main street, Ann Arbor.

Police Officer Frank Reed, called to investigate the accident, found that Montgomery had an expired Kentucky driver's permit but no Michigan driver's license and charged him with reckless driving and operating a motor vehicle without a driver's license.

DEATHS

Mrs. N. W. Laird
Friends of the Laird family here were notified Monday morning of the death of Mrs. Laird at the home of a daughter and her husband, Mr. and Mrs. Ray Butcher, in Ann Arbor. Mr. and Mrs. Laird had been living with the Butchers for some time. Mrs. Laird had been ill for more than a year.

The former Helen Evaline McCloy, Mrs. Laird was a daughter of Hugh and Susan McCloy. Friends here knew her as Mrs. Nellie Laird. She was born near Stockbridge in 1871 and would have been 79 years old Nov. 7.

The Lairds operated an apple orchard about two miles west of Chelsea, just off Cavanaugh Lake road, for many years. Both were active members of the Chelsea Methodist church and Mrs. Laird was a member of the Wesleyan circle of the WGS of the church. She was also a member of the Western Washtenaw Farmers' club, the North Sylvan Grange and Pomona Grange.

The funeral services were held at the Muehlig-Funeral Chapel in Ann Arbor at 1 o'clock Wednesday afternoon. Rev. David Hayes of the Chelsea Methodist church, officiated. Burial took place in Oak Lawn cemetery at Stockbridge, where graveside services were held at 2:30.

In addition to Mrs. Butcher, Mrs. Laird is survived by another daughter, Mrs. Florence Schabel, of Okemos; a sister, Mrs. Margaret Milner, of Stockbridge, and two grandsons, Richard and Donald Butcher, of Ann Arbor.

Dr. Fisher . . .

(Continued from page one)

often did more harm than good to the wounded because of their lack of skill and training and their lack of the barest fundamental knowledge of sanitation. Because of the mountainous countryside, men were brought in to the hospital as long as two days after they were wounded without having received any first-aid attention. This increased the prevalence of infection, and in many cases, all that doctors could do was keep the patients as comfortable as possible until they died.

In spite of all the hardships and handicaps caused by their lack of knowledge and training, however, Dr. Fisher said he noted many admirable qualities in the Chinese with whom he came in contact. He described them as industrious, stoical toward suffering and death and possessing great physical endurance except that they had little resistance in recovering from shock because of undernourishment.

Dr. Fisher concluded by saying that troops in Korea will encounter much the same conditions that he did in the Japanese-occupied Chinese territory, where he served. He said, however, that there is comfort in the knowledge that our troops are better protected by being served not only by American doctors, but also well-trained American first-aid personnel working with highest quality medical supplies, blood bank and hospital facilities.

Bank President . . .
(Continued from page one)

The management of the Manchester bank is under the direction of Dan J. Boutell as general manager and cashier. He is also a director of the bank. For the past one and one-half years he had been cashier of the Gaylor State Bank. For a period of three years he was a full examiner in charge of a crew of examiners with the State Banking department and for 12 years was with the Ferry State Bank. He and his wife and their two children have moved to Manchester.

Other officers of the bank are:

Frank H. Tish, first vice-president and Theodore J. Kuhl, second vice-president.
