## Harvey Proctors Honored Sunday on Their 48th Wedding Anniversary

In observance of their forty-eight wedding anniversary, Mr. and Mrs. Harvey Proctor of Manchester were honored at an afternoon gathering held at their home Sunday, and attended by 70 relatives and friends. The Proctors have been residents of the Chelsea-Manchester-Tecumseh area for the past 18 years and for four years of that time made their home on the Chelsea-Manchester road farm, now owned by John Brooks, Jr. Their present home is at 10903 Chelsea-Manchester road, near Manchester.

The Proctors were married in Plymouth, Oct. 15, 1902, at the home of Mrs. Proctor's parents, Mr. and Mrs. Edwin O. Place. Mrs. Proctor is the former Pearl Place and was born in Petoskey in 1882. Mr. Proctor's parents were Mr. and Mrs. Samuel Proctor. He was born also, in 1882, on a farm near Dearborn, now owned by the Ford estate. Henry Ford purchased the property from his grandparents.

The Proctors lived in the vicinity of Plymouth and Salem before moving to this vicinity. Of the 12 children born to them, two have died—Mrs. Harold Carley and Junior Proctor.

Present for Sunday's gathering were all the surviving members of the family, including six sons.

silent partnership dissolved after 15 years

"We always referred to our Servel gas refrigerator as our silent partner. It had given us wonderful trouble-free service ever since we bought it back in 1935."  
"But when we saw recently the 1950 Servels with such new features as the big frozen food compartment, we realized we had been missing a lot in modern conveniences. That is why we dissolved our silent partnership and replaced our '35 model with a 1950 Servel."

## Why did we do it?

(Why did we invest millions of dollars  
in a new "Car" cracker?)

Wasn't the Marathon Gasoline we were turning out "good enough"?

It was . . . then? But, frankly, it wouldn't have been, today.

For, in America, your competitors won't let any product of yours be "good enough" any longer than they can help it.

They have a healthy, selfish interest in making a product better than you do . . . a better product means more customers.

So they work hard at being better. And we work hard at being better.

Result: You, the customer, wind up with something better for your money. A better gasoline. A better automobile. A better refrigerator.

Oil Progress Week seems like a good time to remember that this idea of trying to do a better job than the other fellow is responsible for most of the good things we enjoy. It will be responsible for most of the good things our children will enjoy.

We ought to be pretty jealous of this made-in-America idea, don't you think?

It wouldn't be smart business to trade in your car for a poorer one—and we wouldn't last long doing business that way.

Trading our Voluntary, free American way of doing things, for the Compulsory, dictatorial, tax-eating way of Socialism, isn't good business, either. And the America we know wouldn't last very long if we made that trade.

**Public Library Ends Successful Reading Program**  
A successful summer-reading program ended with the presentation of starred booklets to the readers by their respective school teachers.

Twenty-seven hopefuls entered the summer activity and 25 finished with some credit to themselves. Reading less than five books were: Ritchie Wood, Sister Wagner, Carole Barr, Evelyn Moore, Arletha Roderick; while those who read more than five, but less than ten books, are Viola Buku, Jerry Clark, Nila Jane Kurtz, Judy Wagner, Ronnie Clark, Walter Braden. Those who read more than ten, but less than 15, are Betty Pierce, Lois Pierce, Susan Braund. Those who hit the bullseye by reading 15 or more books during the summer are Connie Steinbach, George Staffan, Danny Mayer, Barrie Fisher, Barbara Jean Borker, Donna Oesterle, Nancy Mayer, Patsy Wylston, Ellen Keusch, Donna Wood.

In view of the extended and successful recreation program this summer, the Library board feels that this amount of participation in a reading program is really excellent, and that it indicates a truly serious intent on the part of the entrants.

## Club and Social Activities

## CHCT CLUB

The October meeting of the CHCT club was held Monday evening at the home of Mrs. Iva Frey at Manchester, with Miss Mildred Gieske as assisting hostess.

At the meeting it was announced that the club had purchased a gavel and presented it to the MEA district president, Mrs. Hazel Blass, at the district meeting in Ypsilanti Sept. 20.

Mr. B. Sorenson showed colored slide pictures of scenes taken during his trip through the west and this was followed by refreshments served by the hostesses.

At the close of the meeting refreshments were served by Mrs. Chaplin and Mrs. Smith.

## CHAT 'N' SEAU

Mrs. Fred Mensing of Ventura, California, was a guest at Tuesday's meeting of the Chat 'N' Seau, held at the home of Mrs. Faye Palmer. Mrs. Otto Luick was the assisting hostess. Twenty-two members were present.

Following a short devotional service and business meeting, the evening was spent in sewing handicrafts.

The Halloween theme was carried out in the refreshments served by the hostesses, as well as in the decorations used throughout the house.

The afternoon's work included making card booklets and sewing

on a quilt the club is making for one of the church institutions.

An arrangement of fall fruits and vegetables and Halloween decorations centered the table where the guests were seated for luncheon after the close of the meeting.

## Elizabeth Adams, Carl Lesser Married in Ypsilanti Ceremony

In a four o'clock ceremony Saturday afternoon, Elizabeth H. Adams of Ypsilanti, became the bride of Carl J. Lesser of Dexter. The former Miss Adams is a daughter of Mr. and Mrs. Henry Adams of Crosswell, while Mr. Lesser's parents are Mr. and Mrs. Ezra Lesser, of Dexter.

Rev. H. H. Schow, pastor of the Dexter church, officiated at the ceremony in the presence of the immediate families. With Alta Sherwin at the organ, Mrs. Norwin Eliaaser of Dexter sang "The Lord's Prayer," "Because," and "O Perfect Love."

Following the ceremony a dinner for the wedding party was given at the home of the bridegroom's grandmother, Mrs. John Mast, of Dexter.

A reception for 200 guests was held at 7:30 o'clock Saturday evening at the home of the bridegroom's parents, 12651 Island Lake road, Dexter. At the reception, Mrs. Reuben Lesser of Chelsea, an aunt of the bridegroom, poured the cake cut by Mr. and Mrs. Leonard Burmeister of Ann Arbor sister of the bridegroom, while Mrs. Gilbert Barnes of Ypsilanti, had charge of the guest book.

The young couple left later for a week's trip through the eastern states and will reside after Oct. 24.

The bride is a graduate of Crosswell High school and of Geary college, Ypsilanti. She is employed as a stenographer at the Michigan Ladder company in Ypsilanti.

Mr. Lesser, who farms with his father, is a graduate of Dexter High school.

The bride's gown of white satin featured a shirred bodice finished with a lace-trimmed, marquisette yoke. Her veil was trimmed with matching lace and was held in place with a tiara of pearls. She wore a double-strand pearl necklace, a gift from the bridegroom, and carried a bouquet of white roses, a detachable orchid corsage centered her bouquet. She later pinned the corsage to the shoulder of her going-away outfit which included a navy wool dress, navy and white topper and navy accessories.

The bridegroom's cousin, Virginia Lesser, of Chelsea, was the bride's only attendant, wearing for the occasion a melon-colored satin gown, trimmed with a V-shaped yoke accented with lace insets. She wore a matching colored satin Juliet cap. Her bouquet was of pale yellow mums.

Norwin A. Lesser assisted his brother as best man and George Adams of Crosswell, the bride's brother, and Leonard Burmeister of Ann Arbor, the bridegroom's brother-in-law, were the ushers.

The bride's mother, in navy blue trimmed with white, wore a corsage of red roses while the bridegroom's mother wore a plum-colored dress and a corsage of yellow roses.

Guests present for the reception were from Arlington Heights, Ill.; Crosswell, Detroit; Lansing, Chelsea, Port Huron, Flint, Ypsilanti, Ann Arbor, Willis, Dexter and Grass Lake.

Pre-nuptial showers were given by Mrs. Gilbert Barnes of Ypsilanti, Mrs. Raymond Davis and Mrs. Emmett Taylor, also of Ypsilanti, and Mrs. Reuben Lesser and daughter, Virginia, of Chelsea.

Central Circle

Thursday evening, Oct. 12, 35 members of Central Circle, Methodist church, with their families and guests, enjoyed a beef stew supper at the church.

A short business meeting was held after the supper and it was voted to contribute \$10 toward the cost of furnace repairs and to turn over \$50 to the WSCS of the church.

Mrs. Harry Littoral presented the devotional service and the program taken from the year's study book, "Women of the Bible." She based the evening's program on the chapter pertaining to Mary of Jerusalem who gave the use of the "upper room" where Jesus and the disciples met for the last supper.

In observance of Columbus day, the group sang "America" before the meeting adjourned to meet in November with Mrs. Edwin Koobbe.

To get variations in boiling temperature in an electric range leave the oven door partly open. This trick also keeps the heating unit on and prevents possible smoking. Or you can place the broiler pan at different distances from the heating element to vary the temperature.

## Will Reside on Jerusalem Road

MR. and MRS. ED WARD E. STONE

Adaline Scripser, daughter of Mrs. Amanda Scripser and the late George Scripser, and Edward Earl Stone of Chelsea, son of Mr. and Mrs. Fred Stone, of Jackson, were united in marriage in the Methodist church at 8:15 Saturday evening with Rev. David Bryce officiating in the presence of the immediate families. Their attendants were the bridegroom's brother and his wife, Mr. and Mrs. John Stone of Dexter.

After the ceremony, refreshments were served in the social center of the church.

When they return from a short wedding trip, Mr. and Mrs. Stone

will be at home at 12088 Jerusalem road.

The bride was honored at two pre-nuptial showers given during the last week of September. Friday evening, Mrs. Leon Koch entertained for her and Saturday evening, Mrs. John Myers entertained for her pleasure.

Centering the table at Saturday's party was a large square cake baked by Mrs. Myers and adorned with miniature dolls she had dressed to represent a bride and bridegroom. Green-tinted coconut was arranged at either end of the cake with an "aisle" of white icing leading down the center to a miniature church toward which the "bride and groom" were headed.

The bride-to-be received many lovely gifts at both showers.

To Your OLD WAY  
of Cutting Food

—and—  
**TASTE  
THE  
DIFFERENCE!**

for  
Salads, Baking, Canning  
and  
all types of Cooking

Yes, there is a difference, and a mighty big one, too! There's a difference, not only in the way food tastes, but in the way it looks.

The Griser actually cuts food; it doesn't bruise or mangle. Not a drop of vital mineral salts or juice is wasted.

Cutters attach instantly without screws or bolts. They are cone-shaped so that food is automatically expelled; they are made of tempered steel to last a lifetime and stay sharp for years.

**Want a long run for your money?**

**Better Buy Buick!**

YOU want a new car to be tops in things like style and room and comfort and power—

—and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure.

So you ask us—how about money? What does it cost to buy a Buick—and to own one?

All right—let us ask you some questions.

Take first cost. Do you know that Buick prices start down at a level below what you'd pay for some sixes—and that every Buick, on a cents-per-pound basis, is a stand-out buy?

Take operating cost. Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine—recognized by engineers as a thrifty savor of fuel?

Do you know that owners of 1950 Buicks are writing us rave letters, saying that this year's version is the most economical Buick ever built?

Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers—and throw in an extra saving because they need no servicing, and are practically breakproof to boot?

Do you know that Dynaflo\*—in addition to keeping you fresh as a daisy on a day-long drive—caps its convenience with savings on tires, cuts down the strain on transmissions and engines—and eliminates all friction clutch repairs, because it hasn't any?

Take final cost. Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used-car lot are the ultimate proof of their long-run value?

So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer—soon—and get an order signed.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on Super and Special models.

**FOUR-WAY FOREFRONT**—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

**BARK THAT BITES**—To test various types of insulating coatings for telephone wires, Bell Laboratories maintain a dense birch forest in New Jersey. Wires strung through the forest show how different materials resist the rubbing action of tree limbs under actual outdoor conditions.

**TIME WAS** when the horse and buggy offered rural families and friends the only means of visiting back and forth. With the telephone, "visiting" without leaving the farm became possible. Now, extended area service, which permits subscribers in certain neighboring communities to call one another without a specific toll charge, is bringing telephone users on the farm even closer to their social and marketing centers. By the end of this year, over 200 Michigan Bell exchanges will have this new service.

**USEFUL... AND FUN**—A survey shows that more than half the farm families served by Michigan Bell use their telephones for reaching the doctor, dentist and veterinarian, and for ordering parts, repairs, feed and supplies. "Visiting" with friends and arranging church and social activities are high up on the list too.

School is closed today and tomorrow for the teachers to attend the M.E.A. meetings. Report cards were handed out yesterday. The Kiwanis club is sponsoring the Halloween party Tuesday evening, Oct. 31. Flatrock will play here Friday night at 8 o'clock.

A TALE OF WOE  
As report cards were handed out, many of you wondered why

you got such low marks. Perhaps you said, "but I did better than that in English!" Or history or math. Hovering in the background, your conscience seems to speak: "How could you study and watch Eddie Cantor?" Just a minute! You have a desk in your room—use it! Then come back and watch television with the family. It studied all through breakfast on that old math test! Again—your conscience pricks: "There's no reason for mixing math and orange juice. There's a time for note-taking and a time for eggs and bacon." "Oh, there's that phone ringing. It's Mary or maybe Bob!" Down go those books for an hour or two. There are things to do from top to toe: hair to set, nails to file. Oh yes, there's studying, too. With half-closed eyes and words that blur, you start the studying—too little and too late!

Now do you still wonder about those marks? If you do, I give up!

**MORE THAN EVER!**  
Fifteen years ago the kids of Chelsea were not so lucky as now in the line of entertainment. They were lucky to have two dances or parties a semester. They probably really appreciated them and attended, also.  
In this day and age, it is very hard to get a free Friday, so a dance or party can be given. The gym is always occupied on a Friday night when there isn't a football game. The kids of Chelsea just don't realize how lucky they are and they should really appreciate their numerous entertainments. Whenever you hear a girl or boy say, "Oh, there's nothing to do around Chelsea," just remind them of the fun they have at those Friday night dances.

**WHAT, WHO AND WHY?**  
Who is Leonard's new interest in fifth-hour study hall? Why does Mary always go to see Maryellen in third-hour study hall? What great expectation happened to the Juniors? Who called Karen nine times in one day? Who rides home with George when she really wants to ride with Frank? Why does Denny always use the phrase "Throw us a fish"? What has happened to the Great chorus there used to be? What was the embarrassing situation Shirley P. faced? Who said Miss Fox doesn't have eyes in the back of her head? Why won't Lois sing alone for Mr. Kimer?

**FIRE PREVENTION**  
The students of the Chelsea Agricultural school enjoyed a movie and talk on fire prevention Wednesday morning. The talk was given by Jack Sharp from the Michigan State Fire Prevention association. He talked about ways of preventing fires and about the different fire extinguishers. The movie, "Mr. Torch" was about how everyone can start a fire by being careless. Just one mistake or being careless just once could burn down your home or kill someone.

**HUNTERS' ASSEMBLY**  
The boys had a meeting on hunting, which was conducted by Mr. Boyer, who discussed the hunting of birds and small game. One of the most important things to guard against this year is rabbit fever. Also, the boys found it interesting to learn how to handle their guns safely. Mr. Boyer also stated that it is very necessary to use the best safety practice in all hunting, because no deer, pheasant, duck, rabbit, or squirrel is worth an arm, eye or your life.

**Movies**  
"Report to Stage" usually means the showing of a movie. "Language of Drawing" was the movie shown to the Mechanical Drawing class. It explained the use of the different instruments for accuracy.  
The Biology class saw a movie entitled "Plant Growth." It showed how a seed grows into a mature plant and explained how the leaves and roots supplied the plant with food and water.  
Shop 11 saw "Welding Techniques," which showed the correct angle to hold a welder. Temperature, protective clothing, shield goggles, and the distance between the person and the welding rod were other important items pointed out.

The Bookkeeping class saw "Accounting and You," which showed the different fields open to bookkeepers and the types of business that use bookkeeping.  
The Typing class reported to the stage for "Tricks of the Trade." This movie showed how to feed the typewriter with envelopes and how to flip cards over the roller.

**Grade News**  
The fourth and fifth grade boys are having a series of football games. Bob Eders is captain for the fourth grade and Sonny Carpenter is captain of the fifth grade team.  
Sandra Quigley of the fourth grade had a birthday last Friday.  
The fifth grade has a new pupil, Garnett Allen.  
The third graders have a new spelling chart. Everyone who

## Report Card Day . . .

gets 100 on a test moves his engine to a new station. The third grade also has a new pupil, Betty Allen.  
The second graders have built a fire station. They are studying ways to prevent fires. They visited the fire station last Thursday.

**SIXTH**  
October birthdays last week included Pirley Riner's Oct. 10th, and Jim Speer's Oct. 12th.  
The class has been studying about England and Scotland. Some very interesting drawings have been placed around the room showing the Scottish people and costumes.

**Junior High News**  
**SEVENTH**  
The seventh grade dart stand at the Community Fair turned out to be very successful. They made quite a bit of money which helped the treasury. Everyone was pleased with the results.  
Saturday, Oct. 7th, the Junior High football team played Saline here, losing by a score of 19 to 2. Saturday, Oct. 14, we played Saline a return game there.  
Beth Irwin was elected Red Cross representative.

**Organizations**  
**DEMOCRACY IN ACTION!**  
The following organizations' plans were accepted: Junior High party, Oct. 13; Latin club dance, Oct. 18; Journalism dance, Oct. 28; chorus hayride, Nov. 4; GAA hayride, Oct. 21.  
The Journalism club received permission to publish a school paper.  
There will be an assembly the first of November on Alcoholism.  
**GAA**  
Miss DeRose and Lois Eisele planned to go to Manchester Oct. 17 to arrange the girls' basketball schedule for the coming year. Last year the girls were able to schedule eight games, of which they won four and lost four. The girls lost to Dexter, Manchester and U. High. They played Dexter twice, losing both games.  
This year 30 girls are out for volleyball and 50 out for archery. GAA has been making plans for its hayride which is to be held Saturday, Oct. 21.
