## BLACK & WHITE VS. COLOR TV

Despite Licensing of Color Telecasts There Will Always Be Black and White Television

Here are the answers to questions the public has been asking about the recent Federal Communications Commission Ruling on CBS color television:

Q. What does the FCC ruling really mean?  
A. Simply that the FCC has authorized telecasting in color by the CBS system. The door is still wide open for other color systems, should they prove more desirable.

Q. What will happen to present black and white telecasting?  
A. Nothing. The FCC ruling provides for dual standards, both black and white and CBS color. The same excellent programs in black and white will continue to be telecast as before.

Q. What kind of programs will we get in color?  
A. Only experimental programs for a long time to come. Without an audience, no sponsor is going to foot the bill for a big name program. Forty million people are enjoying black and white television today. Only with the big audience like that can sponsors afford to pay for the excellent programs now being telecast in black and white.

Q. Will I be able to get CBS color if I purchase a black and white set today?  
A. Yes. With an "adapter" you will be able to receive color programs in black and white. With a "converter" you will receive them in color.

Q. When will I be able to purchase a color television set?  
A. Not for a long time. We don't know of a single manufacturer of the nationally known brands of television receivers who is planning to make them.

Q. Should I wait to buy a CBS color set?  
A. Even if you could purchase a CBS color set tomorrow, it would be inadvisable to do so for several reasons:

- (1) Should the mechanical CBS color system be later supplanted by a compatible electronic color system, your CBS color set would become immediately obsolete. This is a definite possibility.
- (2) You would be limited in size to a 10-inch picture.
- (3) A CBS color set will probably cost double that of a black and white set of comparable size. It will be years before sufficient worthwhile network shows will be telecast in color to justify this additional expenditure.

Q. Why are manufacturers of nationally known brands opposed to making CBS sets?

- A. For several reasons:
- (1) Manufacturers are absolutely convinced that the incompatible CBS system is utterly impractical and not in the public interest.
  - (2) The unsightly whirling disc which must be placed in front of the CBS receiver is a definite handicap to styling and appearance.
  - (3) The public wants big and still bigger pictures. The CBS system, as a practical matter, is limited to a 10-inch direct view picture.
  - (4) Manufacturers want color television. It means a vast new market for them. But they want a practical compatible electronic system that will not impose unnecessary expense upon present set owners.

Q. Should I purchase a black and white TV set now?  
A. By all means... for these reasons:

- (1) By purchasing a black and white TV set now, you will be holding your investment to a minimum... just about half of what you would have to put into a comparable color set.
- (2) You will be getting your money's worth and more through the millions of dollars which today are being spent for black and white programs.
- (3) When sufficient worthwhile programs are telecast in color sometime in the future, that's the time to make the additional investment required to convert your set to color. Your total investment should be no more than if you had purchased a color set in the first place.
- (4) You avoid the risk of obsolescence. Regardless of what system is ultimately employed, a mechanical incompatible CBS system or a compatible electronic system, you will be able to convert to either.

## CONGRESS Is The Last Bulwark Of LIBERTY

Meader knows this better than the average person because of his experience as counsel for The Senate War Investigating Committee.

As Counsel for that Committee, Meader deserves the major share of the credit for the committee's exposures of poor performance on war contracts, of over-payments, of graft, corruption, carelessness, and stupidity in war procurement, by the bureaucrats appointed by the President.

**IN THE LAST EIGHTEEN YEARS THE POWER OF CONGRESS HAS BEEN DECLINING WHILE THE POWERS OF THE EXECUTIVE BRANCH HAVE BEEN INCREASING!**

If elected Meader will endeavor to reverse this trend and give these powers back to the peoples' representatives, the Congress of the United States, as the founders of our Republic intended, and where they must ever remain if liberty is to endure.

It is imperative therefore that we elect a man to Congress who believes in a Republican, Representative Form of Government instead of Government by Bureaucracy.

A vote for Meader is a vote to preserve and strengthen the powers and functions of Congress against further encroachments by the executive branch.

The constitutional plan of checks and balances of power between the Executive, Legislative and Judicial branches of government is in jeopardy. The present administration is drunk with power and seeks to run everything without interference on the part of either Congress or the Courts. How far can we go in this direction without complete loss of liberty?

# THE PEOPLE'S TASK FORCE

**HARRY F. KELLY**  
For Governor

When a man performs the many public services Harry F. Kelly has performed with such credit to the state and credit to the nation as to place the country forever in his debt, he should be given such peerages and rewards as are given to outstanding leaders in other countries of the world. In our country the best we do is to express an appreciation by lip service, or if a crisis arises, we ask for his return to leadership and put him back in public service.

In World War I Harry F. Kelly was severely wounded in action, received French Croix de Guerre for bravery. In World War II he served as governor, established the nation's number one program for veterans; inaugurated the nation's first free blood plasma program for civilians. He is particularly recognized as a leader in the fight against Communism and Socialism.

**WILLIAM C. VANDENBERG**  
for Lieutenant Governor

Now serving his third term in the state senate, Senator Vandenberg is chairman of the State Affairs Committee. He declares: "When I become Lieutenant Governor my policy will be as it has always been—to advocate and stand for efficiency and economy in state government."

**FRED M. ALGER, Jr.**  
for Secretary of State

Now serving his second term as Secretary of State. A proved leader who knows his job. His experience will help build a strong team to streamline government, reduce costs and give you more for your money. Alger served four and a half years in the Navy during World War II, reaching the rank of commander.

**FRANK G. MILLARD**  
for Attorney General

Veteran of two world wars. In active law practice in Flint since 1916. Has a thirty-year record of continuous service as a Republican, from precinct worker to County Chairman for three terms. An active leader of Young Republicans and Republican War veterans. A man whose experience will add strength to your team in Lansing.

**D. HALE BRAKE**  
for State Treasurer

Has served with distinction as State Treasurer since January 1, 1943. A proved leader in the field of finance. Because of his outstanding record of service the people of Michigan have retained him in office. He is one of the best informed men in state affairs, and will prove a valuable member of the team.

**JOHN B. MARTIN, Jr.**  
for Auditor General

A young man of unusual caliber who has made a notable record as State Senator, from Kent County. World War II veteran. After the war, he served on the staff of the United States Prosecutor of Axis War Criminals at Nuremberg. He is a leader who knows the problems of our state and nation.

**GEORGE N. HIGGINS**  
for State Senator, Oakland & Washtenaw Counties

George N. Higgins of Farmdale, Senator from the twelfth district, comprising the counties of Oakland and Washtenaw, was born in Montreal, Canada, August 24, 1900; and acquired his education in Pontiac, Michigan, grade school and the Sault Ste. Marie high school. Mr. Higgins is engaged in the automobile and banking business. He has also served his city and county as city commissioner, county supervisor, and trustee of the Oakland County Sanitarium. He is a member of the Masons, the Odd Fellows and the Elks. He was elected to the House of Representatives on the Republican ticket in 1938, 1940 and 1942. He was elected to the Senate in 1944, and November 2, 1949.

"The New Deal—Fair Deal and its regulations have brought about a condition where the small businessman can no longer grow and expand. The New Deal—Fair Deal gives lip service to small business, but its acts have been harmful to small business. I believe in defense. If elected, I will vote and work for a defense entails more than mere check writing. We don't need any more Canal Projects wasting 135,000,000 dollars worth of precious man-hours and material or any inter-American Highway Projects devoting \$42,000,000 to a starry-eyed boomtown when we are fighting for our lives. My every effort, if elected to Congress, will be directed toward bringing about a more intelligent foreign policy, a preparedness program that will keep us prepared, sensible and businesslike use of our hard-earned tax dollars, a hard-headed Washington's butrimming of Washington's bureau to a point where the bureau serve the people—not dictate to them."

### UNITED CHARITY FUND

Every year it seems the students are asked to bring their nickels, dimes, quarters, etc. for different funds. It really is quite a load for them to carry. There are just too many funds for students to support as they would like. Too

much time and effort are spent on the repeated drives, too. When the money is sent to the headquarters of the drives, there isn't nearly as much as if we gave once, knowing that once was our entire contribution.

If all of these drives were united into one, and the whole community gave we could make our quota higher.

### KEEP IT DOWN TO A DULL ROAR

Why all the noise in study hall? Isn't Susie's new dress cute? It's such a pretty pink. These and other unimportant remarks always seem to be said every study hall. Must we put up with all this talk? After all, there actually are a few who would like to study. Actually! It isn't as if study were something bad to do. The old hen's party shouldn't meet every day. So run for the dictionary and look up the words "quiet" and "study." Then make at least some effort to keep still and try studying. You might even get better marks.

### SPOOKS!!!

Have you seen a ghost lately? Well, Mary Smith did. One night as she was almost home she saw it, behind an old deserted house. Mary could see it very clearly. The moon was very bright, shining down upon the ghost and she could hear it go "woooooo." Then she became panic-stricken, for the ghost spied her. Mary began to run as fast as she could, but the ghost seemed to be getting closer and closer, but when the ghost finally caught up with her he started to laugh.

### CORRECTION, PLEASE!

Due to the fact that report cards came out on the same day that school was closed for Teachers' Institute, and that the honor roll had to be made up very hastily, a number of errors were made for which we apologize sincerely. Sharon Dancer, grade seven, should have been on the All-A honor roll. Beth Irwin, grade seven, and Shirley Rihmaki, grade eleven, should have been included on the B-Average honor roll. Also, Joan Schneider, grade 12, should have been listed on the "B" honor roll.

### Parties . . .

Freshman-Sophomore party was held Saturday, Oct. 28. Juniors and Seniors were allowed to come in after 9 o'clock. Entertainment consisted of a skit and a group of girls singing songs. Refreshments of ice cream, pop and cookies were served. The party lasted from 8 to 11.

### JOURNALISM FEAST

What is going on in the vicinity of Jefferson street? Could it be that all those girls are rushing towards Miss Fox's house? Yes, they are! But what are those plates and pans they are carrying? Are they paying their Journalism dues with food, or is Miss Fox sick?

Of course! They are holding another pot-luck supper at 6:30 before the game. They ate so much they most couldn't make it to the game.

### Organizations . . .

#### DEMOCRACY IN ACTION

The entire Student Council plans to attend the Student Council convention on Nov. 8 in Ann Arbor.

The Journalism club's plans for their pot-luck supper at Miss Fox's home were approved.

#### HOME EC.

Home Ec. I girls are in charge of making and serving coffee to the various visiting groups during American Education Week, which is the first week in November.

#### FFA

The FFA boys purchased ten steers last week. They held their regular meeting on Monday, Oct. 30.

#### HI-Y

The Hi-Y is planning to have a float for Halloween. They are planning on starting a swimming program, however, they do not know exactly when it will begin.

#### ATHLETIC BOARD

When the Athletic Board met last Wednesday they voted to give

the Journalism club \$10 to compensate for the loss of the Saturday dance profit. Changing the game from Friday afternoon to Friday evening made it difficult to hold the Freshman-Sophomore party, which was then shifted to Saturday evening. This eliminated the Journalism party entirely.

### Assemblies . . .

#### CONCERT

On Tuesday, Oct. 25, the Devillo Concert Artists played here. Members of the group were Mr. Devillo playing his concerting grand; and his wife, playing her violin.

For their first selection they played "The Old Refrain," by Fritz Kreisler, followed by "Humoresque," "Good Night Sweetheart," "Gypsy Love Song." Mrs. Devillo then played "Danny Boy" on the violin and accompanied herself on the piano. The piano accompaniment was a recording and she played her violin with the recording.

For their final number they played "Sextet from Lucia." Then students of Chelsea made a recording of "Shine On Harvest Moon." We all enjoyed the assembly greatly and hope the Devillo Concert Artists will return to play for us again some time.

### Grade News . . .

The eighth grade is planning to enter a float in the Halloween parade. They had planned on having a hay ride Friday night but a change in the football schedule changed their plans.

The Junior High boys played football with Milan last Wednesday and were defeated 6 to 26.

The eighth grade went on a Science field trip last Wednesday morning.

## Class News . . .

#### THE FROSH

Mr. Fischer spoke about camping at the class meeting on Oct. 26. The Freshmen plan to go camping at Mill Lake the first week in April.

#### THE SOPH

The Sophomores gave the Freshmen a party in the gym Saturday, Oct. 28. The theme centered around "Halloween." Refreshments were served.

#### SENIOR MOVIE

The Seniors gathered in the gym Wednesday to see "The Quarterback," a movie which was part of their Vocational Educational program.

The movie was about a state college football star, who, after he graduated, thought that he could make a good deal of money, simply by his name; but he found out that he was very much mistaken. The movie stressed that you can only get things by working for

them. The world owes no one a living.

## OF LIBERAL EDUCATION

This film showed how young men, physically and mentally fit, can acquire an education almost free of charge and receive a monthly salary besides. It showed some of the activities in which these young men can participate. It mentioned that the men can lead a normal college life outside of special classes in Naval Science. It explained the summer program which includes a cruise on either the Atlantic or Pacific ocean.

## TIME

The movie showed the earliest methods—men—used to tell time, such as the sun dial and water clock. The movie also showed the very first clocks down to the latest models. It was reported by the eighth grade science class to

be very much worth their while.

## CHEMISTRY

The movie "Water and Solution" was shown to the Chemistry classes.

Everyone prefers Butter to a Colored Imitation. Aside from the deceit and fraud which would result from permitting yellow oleomargarine to be sold in this state, every thinking voter wants to

## KEEP MICHIGAN PROSPEROUS

Butter is the foundation on which Michigan's two and one quarter billion dollar dairy industry is built. If the "butterleggers" undermine that foundation—the whole structure is in jeopardy.

Dairying is the state's greatest source of agricultural income and agriculture is Michigan's second largest industry.

Let us not expose that great industry to undermining by selfish out-state interests whose only concern is making more money for themselves. If we allow yellow oleomargarine to invade the butter market it invites cheap imitations of other dairy products to follow suit.

Genevieve Barlow of Cavanaugh Lake and Ypsilanti, appearing in Municipal court, Ann Arbor, Tuesday on charges of driving while under the influence of liquor, paid a fine of \$50 and \$50 costs when she was found guilty as charged.

In addition, her driver's license was revoked.

She paid the fine and costs as an alternative to spending 30 days by, Frank Reed, Chelsea police officer, who apprehended her in Chelsea Monday night.

As reported by Officer Reed, Mrs. Barlow had asked to be directed to a physician's office.

After directing her to the office of a local physician, he warned her not to drive her car and she agreed to call a taxi. She left the physician's office without waiting to see him, and evidently believing Officer Reed to be out of sight, she made a dash for her car and drove out West Middle street at a high rate of speed.

Reed pursued the car and halted her, he said.

# VOTE!

Too often people place a small value upon their vote with such statements as "What good will my one vote do?" or "I do not know enough about the issues in this campaign to vote so I'll just not bother."

The value of one vote has been proven to mean the election or defeat of a particular candidate.

Thomas Jefferson was elected President of the United States by one vote in the Electoral College.

John Quincy Adams rose to the highest seat in the land because of one vote.

Rutherford B. Hayes was elected by one vote. His election was contested, and referred to an Electoral Commission. Again his margin of victory was one vote.

The States of California, Idaho, Oregon, Texas and Washington joined the Union by virtue of a single vote.

The Draft Act of World War II passed the House of Representatives by one vote.

## YOUR VOTE IS IMPORTANT!

Only three out of every ten persons in the United States voted in the election of November 2, 1948.

Of 94,072,000 persons over 21 years of age, most of whom could have voted, only 48,454,000 actually voted.

Failure to vote now may jeopardize our opportunity to enjoy the available privilege to pick and choose our kind of government in the future!

The President actually was elected by 16.5% of the total population by 56.1% of the registered voters.

Unfold millions over the world have lost their right to vote. Nothing is more tyrannical or dictatorial than the control by organized minority.

The GAS Refrigerator

"...we hadn't realized how much  
we had been missing"

"For years and years our silent Servel gas refrigerator had been giving us such perfect service that it never occurred to us to get a new refrigerator. We boasted to all our friends about its silence and its long life, and our enthusiasm led many other families to become Servel owners.

"Then recently we saw a 1950 Servel with all the new features and we realized what we had been missing in modern conveniences. This year's Servel has a big frozen food compartment and a 90-second quick change interior.

"That's why we decided to replace our faithful old gas refrigerator with the newest model. Of course we wouldn't think of switching makes. We're Servel fans for life."

ber of the department executive board. Mrs. Edward Walker, president of the local corps, gave the address of welcome before the convention at the morning session and at Wednesday afternoon's session, John Kusch, village attorney, acting for M. W. McClure, village president, extended a cordial welcome to the convention on behalf of the community.

Mrs. Nina Ketchum, of Williamston, a past department president and past national senior aide, responded. A large basket of gladioli from the local series of the Fraternal Order of Eagles was presented to the convention by Harold Bair, former secretary, and George Doe, past president of the series. Mr. Bair also presented a corsage of red roses to his wife, the WRC district president. Two other local organizations, the Veterans of Foreign Wars Auxiliary, and the F.O.E. Auxiliary, sent large baskets of gladioli to the convention.

The convention banquet, attended by members and friends, was served at 6:30. Wednesday evening and a campfire program was held in the auditorium of the hall at 8 o'clock. The program included a vocal solo by Mrs. J. V. Burg; a piano selection by Connie Ann Steinbach; tap dancing by Nadine and Helen Lentz; a piano selection by Mrs. P. M. Broesamle; baton twirling exhibition by Shirley Bair; a reading by Mrs. D. C. Sweeney; and the main address by Miss Mabel Fox, teacher at Chelsea High School. Rev. David Bryce of the Methodist church, gave the invocation and the benediction. All who took part in the program are Chelsea people.

During the campfire program, a large American flag was presented to the Chelsea State Bank by Mrs. Omadel Wagner, of Ironville, district patriotic instructor. I. G. Schable, president of the bank, accepted the flag with appropriate remarks. The dedication of the flag was in charge of Mrs. Prudence Bowman, of Lansing, a past department president and past national patriotic instructor. The flag salute, given by the assembly, concluded the presentation ceremony. Mrs. Winifred Coffron and Mrs. Annette Noble were initiated as new members of the local WRC during the convention. On Thursday, all business of the convention was concluded with installation of the new district officers headed by Mrs. Edith Gallop, of Ironville, as president. Chelsea women included in the list of district officers are Mrs. W. G. Price, as musician, and Mrs. Edward Walker, as number four color bearer.

**TV NEWSREEL**  
By KARL KOENIGTER  
When it came to keeping a weather-eye on the news there never was anyone to match Will Rogers. The reason was being in his room. Will was born Nov. 4, 1879. He once wrote, "If I wanted to start an insane asylum that would be 100 per cent cuckoo, I would just admit applicants that thought they knew something about Russia."

Another, that his home is, "Back home from South America. Must be American territory. I don't see any Marines." He had a big heart and a sharp wit. He knew the importance of a sense of humor. As long as you can take it with a smile, you can take it.

A Tennessee landlady complained in court that her roomer was 244 weeks behind in his rent. There's a spot where a little rent control would come in handy. A new Croxley electric range would certainly come in handy for holiday cooking ahead. It's beautiful to look on and swell to cook on. Why not see it now at CHELSEA APPLIANCES, 116 Park St. You'll be pleased with the exceptional performance of this fine range. So see it now. Phone: 5063.

basketball, track, athletic board, and is '50 football captain. His happiest moment was when he passed English II.

After graduation Don plans to work a year or two before entering a trade school.

Victor Gauthier was born Oct. 18, 1932, in Iron Mountain, Michigan. He attended St. Mary's school in Chelsea before entering Chelsea High. When it comes to favorites, Victor's are: food, roller-skating; class, chorus; and song, "Nola."

Victor has a lot of work to keep him busy after school hours such as setting pins, working in the woods. In school he has participated in such activities as Hi-Y, track, and for two years

was the football manager. If asked the question, "Should Chelsea have a new school and why?" he would reply, "yes, because the population of Chelsea is growing."

Victor said that if he had a thousand dollars, he would buy something he needed with it. Victor has traveled over most of the state of Michigan. After graduation he plans to go to college.

A little bundle arrived at the Fischer home in Jackson Sept. 13, 1933. Its name was Fred. Fred has attended the Spiegelberg school before coming to Chelsea.

His favorite food—now, don't be shocked—is food! His favorite sports are baseball and track. You may hear him singing "Count Every Star" or "My Happiness" while playing ball. His hobby is sleeping. His pet peeve is girls who think they are everything.

Fred works on his father's farm. Fred's happiest moment was when he finished his second year of Latin. When asked what his most embarrassing moment was he said he couldn't mention it.

Fred believes we need a new school. If he suddenly found he had a thousand dollars he would

save it for college. After graduation, Fred is going to college to be a minister.

**CLASS OF '50**  
Mary Ann Schrader, Audrey Lake, and Phyllis Platt are all happily married.

Dan Maroney must have thought high school wasn't enough, for he now attends Olivet.

Ralph Guenther and Arden Mushbach should know what holds car seats together since they work at the Central Fibre.

Some day Sara Geer may teach kindergarten at Chelsea. Right now she is studying at the University of Michigan.

Wait Zeeb is still cutting flowers while working at the Chelsea Greenhouses.

In the future, articles written in the paper could be by either Pat Murphy or Virginia Quist since they are both majoring in journalism at the University of Michigan.

Bob Vogel is getting to be an expert grocery clerk from working at his father's store.

The girls behind the counter at Kresge's in Ann Arbor are none other than Gert Widmayer and Mary Ann Wheeler.

That plane soaring over head could be the one Johnny Popp flies. He is now with the United States Air Force.

"You're in the Army now" is the theme song for Bob Robbins. In the future, when you want your hair done, go to either Rose-lyn Ruele or Virginia Christwell.

They are attending Alexander Cosmetology in Ann Arbor.

Bonnie Alder is going to be a business man when he grows up. Now he is going to Cleary Business college in Ypsilanti.

Who is walking behind that big bag of groceries? Why, of course,

it's Corky Dreyer, who is working at the Kroger store.

If a new Kaiser falls apart, blame it on Mike Franklin. He is working at the Kaiser-Fraiser plant at Willow Run.

These sweet voices saying "Number, please," belong to Joan Hughes and Winona Franklin. The girls are working at the Michigan Bell Telephone company in Ann Arbor.

Esther Klobuchar is seeing many faces these days. She works in the McManus Studio.

Oscar Barrels is sure making the "Chicken Feed." He is working at the Black Elevator.

Brae Bycraft must have forgotten the traffic rules. Now he works at the Federal Screw.

Who is dreaming of sitting on her future boss's lap? Naturally it's Marilyn Johnson, who is now attending business school in Ann Arbor.

Dave Meyers must feel a little jumpy these days. He's working at the Spring plant.

Jean McClure, Pat Scott, Bob Torrey, Linda Bradbury, and Bill Kosiska must get together to talk over old times, since they all go to Michigan State.

Peggy Schable must have sent her registration early, as she is now a student at the University of Michigan.

# Better Buy Buick!

**W**ANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?  
Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?  
Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones.  
Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.  
See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.  
In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors.  
And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflow Drive.\*  
It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

# Michigan Voter: PROTECT YOURSELF AND FAMILY!

# ① PROTECT YOURSELF

Against Imitation Butter

Your right to know—for sure—that there's BUTTER on the table—is threatened by a move to tamper with Michigan's long-standing imitation-BUTTER law. The present law is a GOOD law. It protects you—your family—and the family table. Especially, it also protects you when you "eat out."

Now, with a referendum vote on this subject on the ballot November 7, it's up to you. It's your job to protect yourself against imitation BUTTER—to make sure you get the real thing. Vote "NO" on Proposal 4, November 7th.

# ② PROTECT YOURSELF

Against High Milk Prices

In case Michigan's present law—prohibiting substitutes colored yellow in imitation of BUTTER—is rendered ineffective in the November general election... thousands of Dairy Farms will be driven out of business. Milk will become scarcer... higher in price... as it has in other states which now allow imitation-BUTTER to be sold colored yellow. It is no accident that milk prices in cities in those states are 1½ cents a quart higher than milk prices in states (including Michigan) which maintain a protective law against selling imitation-BUTTER colored yellow. Keep Michigan milk plentiful—reasonable in price. Vote "NO" on Proposal 4, November 7th.

# ③ PROTECT YOUR OWN

and Michigan's Prosperity

**WARNING:** The first year Canada allowed substitutes to be colored yellow in imitation of BUTTER cost Dairy Farmers there 50 MILLION DOLLARS. That can happen in Michigan... where 600,000 people depend on Dairying for their livelihood... with an investment TWICE THAT OF THE ENTIRE WORLD OPERATIONS OF THE FORD MOTOR COMPANY! Reduce Michigan's income by many millions of dollars and you depress the market for all kinds of Michigan goods... besides irreparably damaging Michigan's soil and agriculture.

For your own sake... for your family's sake... for Michigan's sake... VOTE "NO"—on Proposal 4—general election, November 7th!

These facts are published by the Dairy Action League, 415 Hollister Building, Lansing, Mich., working with consumers, labor, farm and dairy groups in behalf of keeping Michigan's present and effective law, butter-imitation law. It is financed by the 600,000 Michigan People dependent on dairying.

Costume prizes were \$5, \$2 and \$1 for first, second and third awards, respectively.

Judges were Miss Helen Vogel, Mrs. Martin Miller, Mr. Harold Widmayer, Miss Esther Schell and William Rademacher.

There was plenty of cider and doughnuts for everyone, served around the big bonfire on the school grounds and then the program was held in the High School gymnasium. This included "Vogel," the magician, and moving pictures.

With such a grand party given for the youngsters of the community, many people remarked on the fact that there was so much soaping of windows in the business district. The soaping, while probably not really harmful, has caused much inconvenience and irritation. In some instances obscene writing was scrawled on downtown windows with soap. The old saying that "kicks will be kids" doesn't excuse them for such conduct, most townspeople said. A great deal of the soaping was done Monday night, before the party, although still more appeared after the party Tuesday night.

For the most part, youngsters who called for "tricks or treats" at homes throughout the village, confined their activities to Monday night as school officials had requested.

day's gathering in the Town Hall, Gordon Van Riper, chairman of the Sylvan Farm Bureau, presided at the meeting.
