Grid Team
Ends Season
as Runner-up
Play Manchester
Friday in Annual
Rivalry Contest

By DWIGHT GADD
On a very nasty, damp, cold gridiron last Friday night in Ypsilanti the Bulldogs ground out a 20-12 win over Roosevelt to clinch their runner-up spot in Huron league competition for the 1950 season.

The game was closer than was expected. Coach Art Walker of Roosevelt stated that his team played the best game of their last year and Chelsea definitely didn't have the spark and drive of earlier games when they were still mathematically in contention for the loop crown. Although weather was far from perfect for sharp ball handling—or for the comfort of spectators.

Chelsea took the opening kickoff and drove straight downfield 64 yards on 11 plays with fullback Ted Slane ripping over center for the final yard to score. Heydlauff booted a perfect point-after and with the first quarter less than half over Chelsea led 7-0.

The Bulldogs struck for their second score early in the second quarter. Stan Knickerbocker took a Roosevelt punt on the middle stripe and raced to the Roughriders' 33 before being spilled. Slane rounded left end to the 26, Heydlauff sneaked to the 20, but then Heydlauff lost five yards as Roosevelt broke through to spill him on an attempted run. Heydlauff second down and 15 on the Roosevelt 25, Lehman faked nicely then passed to Heydlauff near the sidelines at the 15 and with the aid of a fine block by McClear, he scampered untouched to score.

Funeral To Be
Saturday for
Geo. English

George Thomas English, a resident of this community for most of his lifetime, died Wednesday afternoon at the Colonial Manor Convalescent Home where he had been a patient since July. He had been ill since June.

Mr. English was a member of the Congregational church, a member of Olive Lodge No. 156, F&M, and a life member since Nov. 5, 1946. He and Mrs. English were both members of Olive Chapter, No. 108, Order of Eastern Star since March 24, 1909, and were made life members May 19, 1944. Both have been continuous members of Lafayette Grange for 67 years and have also been members of Pomona Grange and the State and National Grange.

Born March 21, 1864, at Hartwick Seminary, Hartwick, Otsego county, N. Y., Mr. English was a son of Rev. J. D. English, a Presbyterian minister. His mother was Adeline Miller English.

He came to Detroit in December, 1881, and entered business college, becoming an expert bookkeeper and accountant. Deciding to make farming his life work, he came to Lima township in June, 1882, and on Nov. 22, 1883, was married to Frances A. Cooley. The wedding took place at the Lima Center road home of Mrs. English's parents, Mr. and Mrs. John E. Cooley, with Rev. Thomas Holmes of the Congregational church officiating.

They quietly observed their 67th wedding anniversary at their home on Nov. 22, 1949.

They first made their home on the Cooley farm for four years and then lived on a branch country farm for eight years. They returned here to buy the Charles Davis farm, now the Pelemier farm, on the Chelsea-Manchester road, where they lived for 24 years. They moved to their present home on South Main street in 1920. After moving to town Mr. English bought and operated the Hardscrabble Fruit Farm, north of Chelsea, and when he sold that he bought a plot of land on US-12, west of the Manchester road, where he raised garden crops until recent years.

Survivors are Mrs. English and a number of nieces and nephews. Funeral services will be held at the Staffan Funeral Home at 2 o'clock Saturday afternoon. Burial will take place in Oak Grove cemetery.

Friends may call at the residence until 11 o'clock Saturday morning.

J. P. Cook returned home Sunday after being a patient the past week at Mercy hospital, Jackson.

HALLOWEEN PARTY—When this picture was taken on Halloween night at the Chelsea Agricultural School playground the goblins and witches were mingling with children and the "young at heart" as Kiwanians passed out cider and doughnuts beside the roaring bonfire. Following a parade through downtown streets and the treats, as many as could crowd in, enjoyed a special program in the gymnasium, where winners were announced in costume and float divisions.

The past matrons had honored her with a formation of the letter "E" and then formed an arch of honor through which she passed. In her honor, also, the selection, "My Task," was sung by the guest soloist, Mrs. John Oesterle. Mrs. Oesterle also sang "In The Garden" at the beginning of the installation ceremonies and "An Evening Prayer" as the closing selection.

A boutonniere was also presented to Harvey Knickerbocker, the worthy patron.

Mrs. Helen Leggett was taken into the Past Matrons' club in a short ceremony in which the past matrons formed a "Golden Horseshoe" with chains fashioned of gold paper. Mrs. Janis Van Riper, (Continued on page ten)

Local Electric Power
Supply Is Reinforced

Chelsea's power supply was strongly reinforced when Consumers Power Company's new Sylvan substation was placed in service this week.

Located on Wilkinson street just south of Chandler street, the new substation will relieve the older Chelsea substation at Main and Van Buren streets of all load except that of the Federal Screw plant and the village light and water department.

The Sylvan substation will take over the industrial load in North Chelsea and also the rural area to the north along Wexner and Goodband roads, northwest along Stockbridge road as far as Boyce road, west to Waterloo and the Cavanaugh Lake, Crooked Lake, Sugar Loaf Lake and Clear Lake areas, southwest along Old US-12, south along the Manchester road as far as Wale road, and east along the Dexter-Chelsea road to Fletcher road.

"With the new substation in service," said H. H. Koelb, division manager of Consumers Power company, "every customer in this area will have stronger facilities behind his electric service. This is true not only of the village and of the Federal Screw Works, but also of the company's many rural customers in the areas around Chelsea. The new substation puts us in position to handle the continued growth of electric use that we anticipate in the Chelsea area."

The new substation will be served by means of a 46,000-volt transmission line from the Blackstone substation in Jackson, by way of Grass Lake. There is an

alternate source of power via a 36,000-volt transmission line from the Blackstone substation by way of Stockbridge. An automatic switch has been installed so that in case of failure of one line, the Chelsea and Sylvan substation loads will be automatically transferred to the second line, thereby providing continuous and reliable electric service to both substations.

The new Sylvan substation has two circuits, each composed of three-phase conductors and a grounded neutral, operating with 8,820 volts between phase conductors, and 4,800 volts between each phase conductor and the neutral. Each circuit is protected at the substation by a switch that automatically opens and closes when trouble occurs on any part of the circuit. If the trouble is of a momentary nature, the switch will

World Community Day Held Friday

World Community Day, held at the Methodist church last Friday, was combined with the regular meeting of the WSCS. One hundred women attended the luncheon and program held in the social center of the church. The World Community Day service was sponsored by the Congregational, St. Paul's and Methodist churches and committees from the three churches made all arrangements for the day's observance.

The program theme was "Love Your Neighbor," and included a series of questions and answers, read by various members of the group, and a vocal solo by Mrs. A. A. Palmer. Mrs. Walter Harper was in charge of the program. There was an ingathering of knitted articles and other clothing for overseas relief work as well as an offering which is to be used for the same purpose.

Auto-Truck
Crash Tues.
Kills Youth

Henry Heath MacGuffey, 22-year-old Albion College student, was instantly killed about 8:45 Tuesday night when his car was pinned against a utility pole on US-12 just west of Mercywood Sanitarium. His home was at 22621 Law avenue, Dearborn.

Virginia Rose, 19, of Grosse Pointe, who was riding with him, was taken to St. Joseph's Mercy hospital, Ann Arbor, having reportedly suffered a cerebral concussion and scalp lacerations.

Taking advantage of the commotion caused by the accident, a bystander's car and used it in an attempted escape from the sanitarium. The car belonged to John Welch of Chicago, a thinware salesman, who had stopped to offer assistance to the accident victims. Sheriff's officers pursued the car to Jackson where State Police took up the chase catching the patient and retrieving the car.

MacGuffey's death is the ninth traffic fatality this year on the so-called "death stretch" of US-12 west of Ann Arbor. It is the 18th fatality in the entire county, this one stretch of highway thus accounting for half the traffic fatalities in Washtenaw county.

MacGuffey and Miss Rose, also an Albion student, were returning to Albion from Grosse Pointe and Dearborn, where they had gone to obtain parental approval of their plans to be married soon, according to the sheriff's deputies' report.

As reported to sheriff's officers, MacGuffey's car skidded on the wet pavement into the eastbound traffic lane of the highway, where it collided with a semi-type trailer truck loaded with crankshafts for Detroit delivery.

Before the truck could be brought to a stop both vehicles ended up against a utility pole with the car pinned between the truck and the pole.

The truck driver, Clinton D. Bohannon, of St. Joseph, was released after making a statement to the prosecutor, sheriff's deputies reported.

Board May
Open-Savage
School Again

Albert C. Johnson, superintendent of the Chelsea Agricultural schools, has been authorized by the Board of Education to investigate the possibility of opening the Savage school to accommodate pupils from the overcrowded third and fifth grades of the Chelsea school. This action followed a thorough discussion of possible solutions to the problem at Monday's regular board meeting after a committee of teachers had appeared before the board requesting relief for conditions in the two grades.

There are 41 children in the third grade and 46 in the fifth grade. Teachers said the problem of discipline alone in such a large group crowded into the grade rooms was so great that they felt they could not do justice to the main job of teaching.

Savage school was operated for one year after reorganization of the school district of the Chelsea Agricultural Schools district, but has been closed since that time.

Miss Cora Simpson Addresses MYF

Miss Cora Simpson of the Methodist Home, a former missionary and nurse in China, was the Sunday evening speaker at the Salem Grove Methodist church. Fire Department Answers Two Calls

Fire believed to have started from an overheated refrigerator, burned so intensely that curtains and walls in the house were burned to a crisp in a short time, after which the fire died down for lack of oxygen. The fire occurred last Thursday afternoon at the Albert Zink residence on North street. According to the fire department report Mrs. Zink had left the house shortly after 12 o'clock and

the fire department was called at 1:25 when the blaze was discovered. On Sunday the fire department was called to the Joseph Ball farm home on Lima Center road when straw piled around potatoes in the basement of the house caught fire and filled the house with smoke.

Col. and Mrs. Peter Carpenter of Sugar Lout Lake, were Sunday callers at the Fred Sager home. Saturday guests were Dr. and Mrs. H. T. Fuller and son Richard, of Mt. Morris.

New Storm Sewer in Maywood Area Is Completed

The new storm sewer in the southwestern part of the village was completed at the end of last week and the crew of the Schaefer Lumber company of Manchester, who installed it, is now working at the east edge of the village. New sewer tile is being laid from Madison street at the Oak Grove cemetery gate to the lake, which crosses the Palmer farm. The tile being laid is cleaned-out and when the job is completed it is expected to correct conditions in the Madison street area where considerable surface water has always accumulated.

The new sewer in the southwest part of the village extends from Grant and Lincoln streets south to Pierce street and thence east to Taylor street. On the south end of Taylor street new tile was installed from approximately 100 feet north of the intersection of Pierce street. This is expected to carry away surface water in the Pierce-Taylor and Maywood area where garages and basements were flooded after heavy rains. An old four-inch tile on Taylor street had proved inadequate to carry off the surface water.

Salvation Army Nets Large Sum in Local Campaign

The Salvation Army's "Home Service Appeal for Funds" drive completed here last week, resulted in a final total of \$681.47, according to an announcement by the committee in charge of the solicitation here.

Mrs. Harry Goff, field representative, stated before the solicitation began, that an average figure to strive for would be approximately 20 cents per person. Since the population of Chelsea at this time is 2585, the \$681.47 contributed here put the community "over the top" by about \$150.

A spokesman for the committee said yesterday that it was indeed gratifying to find people so willing to give to this worthy cause.

The committee members, Mrs. Paul Maroney, Mrs. John Hale and Mrs. H. D. Lange, said credit for the wonderful success of the drive was due to those who cooperated in making the solicitations, as well as to those who made the contributions.

Business Group Sees School Facilities in Special Tour

Business and professional people in the community visited the Chelsea public school last Thursday afternoon as the first of four groups that were invited to make a tour of the school plant and classrooms in observance of American Education Week.

Labor-management groups were to visit the school this morning and have a lunch served to them at 11:30 by Home Economics girls. Tuesday afternoon, farm groups were taken on a tour of the school, and next Monday afternoon women of the community are to be conducted through the buildings and visit classes in session.

Charles S. Cameron, principal of Chelsea High school, announces that anyone else who wishes to go through the school is welcome to join the groups next Monday for the final tour. The groups meet in the gymnasium at 1:45 p.m. Refreshments are served, after the afternoon visits, by the Home Ec. girls.

Groups who have visited the school to date, have held interesting discussions of their observations after each visit and a resume of several discussions, which will be available next week, should prove interesting.

In loving memory of our beloved husband, father and son, who passed away six years ago today, Nov. 10, 1944.

There is a link death cannot sever. Love and Remembrance last forever.

Wife Ruth, Children Mary, Lyle and Virginia, Mother Ella Chriswell.

CARD OF THANKS
I wish in this way to thank my relatives and friends who so kindly remembered me with fruit, candy, plants and cards while I was in the hospital, also "thank you" to the American Legion Auxiliary for the use of the wheelchair since my return home, and to the Cavanaugh Lake Grange and the WSCS for the basket of fruit.

Jennie Miller.

CARD OF THANKS
I wish to thank all my friends, relatives and neighbors for the cards, gifts and flowers while I was in the hospital and since my return home.

Mrs. Wilbur Wineland.

U.S. Forest Service
During the fire season—normally from the first of June through mid-September—the 1,500 full-time field workers of the U.S. forest service are reinforced by some 5,000 seasonal employees which the forest service hires and trains each summer. These seasonal recruits serve along-side the regulars as look-outs, "smoke-jumpers," or "smoke-eaters."

Dead Eye for Dust
If you think counting grains of sand at the seashore is impossible, consider a new instrument that counts invisible particles in the air. A million billion times smaller than a grain of sand, the "aerometer" can spot particles less than a millionth of an inch in diameter. And by comparison, a grain of sand weighs roughly one million billion times more.

WHEN YOU PLAN sandwiches to go with another food, vary their flavor with proper seasonings, and they'll be more tempting.

For an apple-cheese salad, spread sandwiches with butter that has been creamed with a dash or two of nutmeg.

Sit in a bit of shredded orange or lemon rind for sandwiches that are intended to be served with a fruit and cottage cheese salad plate.

Those who like a cold glass of milk with a sandwich find that

RECIPE OF THE WEEK

Peach Bavarian
(Serves 8)

- 1 tablespoon unflavored gelatin
- 1/4 cup cold water
- 2 1/2 cups sliced peaches fresh or canned
- 2 tablespoons lemon juice
- 1/2 cup sugar
- 1 dash of salt
- 1 teaspoon grated orange peel
- 1/4 teaspoon almond extract
- 1 cup heavy cream, whipped

Soften gelatin in cold water; dissolve over hot water. Put peaches through sieve to measure 1 1/2 cups; add with remaining ingredients, except cream, to gelatin. Chill until partially set. Beat fluffy. Fold in cream. Chill in an oiled 1-quart mold. Unmold and garnish with sliced peaches and maraschino cherries, if desired.

A spoonful of honey or chocolate sauce mixed with butter for spread is refreshing. Add just a touch of prepared mustard or horseradish to give zest for sandwiches which are to be spread with cold cuts or eggs. With a chilled pear salad or a molded salad that contains other fruit as well as pears, you'll like sandwiches spread with butter that has a dash of ginger mixed in with it.

When you're serving applesauce with a soft custard sauce, team this with bread and butter sandwiches to which has been added a dash of vanilla extract and cinnamon.

French-Toasted Sandwiches
Meat, cheese, and peanut butter sandwiches are tasty French-toasted. Dip but don't soak sandwiches in an egg-milk mixture—one egg beaten with two tablespoons of milk is enough for four sandwiches. Brown slowly on both sides in a little hot fat.

Baby's First Steps
Doting parents often try to rush the walking process by holding baby's arms and guiding him. This isn't wise. Premature walking may keep tiny legs from straightening shape, and thus encourage bow-out from their originally curved legs. A heavy child should not be urged to walk until he's ready for the ordeal himself. Try simple foot exercises to develop muscles strong and firm enough to bear the weight of the body.

AWFUL THINGS

Isn't it so provoking to sit down in a seat in study hall and get a shower of paper in your lap, especially if there is gum mixed in with the paper?

The desks seem to contain everything possible from rubber bands to stale pieces of candy someone didn't want to eat. Why not take a few extra steps and put the paper where it belongs instead of in the desks? It will prevent laps full of paper, look neater and provide less ammunition for paper-wad throwers.

You can't get out of it by saying there aren't enough waste-paper baskets, either. So remember to try to put it and see the difference it makes.

FOOTBALL . . .

(Continued from page one)

On the try for the point after the pass-back was wide and Lehman, the holder, lunged for it, knocking it down but failing to hold it. Heydlauff scooped up the loose ball, raced wide to the right and drove into the end zone right at the out-of-bounds flag to score his second conversion the hard way, making the score read 14-0 where it remained until the half.

Midway of the third quarter Roosevelt made their first serious threat, and it set up their first score. The Roughriders drove from their own 20 to the Chelsea four, only to lose the ball as Williamson fumbled and Lehman recovered at that point. The Bulldogs couldn't move it this time however, and after Slane punted out on the 30 the Roughriders weren't to be denied. Five plays later John Brand went the last yard on a sneak, making the score 14-6 as the kick for the point after was wide.

Chelsea took the kick-off just as the quarter ended and the rest

evidently sparked Heydlauff for on the first play from scrimmage as the fourth quarter opened, with the Bulldogs in possession on their own 32, the "mighty mite" cracked over right guard, broke to the left through a surprised Roosevelt secondary and streaked 88 yards down the left side to pay dirt. His kick was wide, but the Bulldogs had a safe 20-6 lead.

A very fine punt by Roosevelt's Terry Clark, which went out on Chelsea's one-foot line, set up their last tally. After the Bulldogs had seemingly driven out of the hole, Heydlauff fumbled on the 23 and Roosevelt's Wallace recovered, then scored his play later on a four-yard smash over tackle. Their kick again was bad, and that's the way it ended, 20-12.

The game was marked by fumbles, dropped passes, and wide passes, but with the weather the way it was no one could be justifiably blamed.

This ended the league season for both teams and all other league outfalls. Milan ended on top, again, with Chelsea second, U. High third, Flat Rock fourth, and Dundee, Roosevelt, Lincoln and Saline following in that order. For the

Bulldogs, it seems, "always a bridesmaid, never a bride."

Tomorrow night the annual season ending rivalry game with Manchester will take place here at the local field at 8 p.m., and there is no indication that it will be the one-sided romp for the Bulldogs that it was last year. Manchester definitely is on the way up after some lean seasons, and perchance, maybe the memory of last year's drubbing will spark them very high for this. It could be a close one, but we'll stick by the Bulldogs by at least two touchdowns. See you at game time!

Diabetic Workers
About 250,000 diabetics are in the labor force in the United States, and the number is growing from year to year. Studies show that the work record of diabetics in industry is generally satisfactory as compared with non-diabetics. The increase in the number of employed diabetics reflects their gains in longevity, and also that, thanks to insulin, few diabetic children now die of the disease, but grow up to become productive members of society.

CHEVROLET TRUCKS
with Chevrolet's Hypoid Rear Axle

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength . . . with single-unit housings formed into tubular steel beams, and splined axle-to-hub connections that deliver power more evenly. Gears last longer, too . . . pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. Come see these great Chevrolet trucks today!

Summer Heat to Winter Ice in Three Days!

Chelsea residents heading for Florida to spend the winter probably encountered no nicer weather in the south than was enjoyed here during the first part of the past week, but were no doubt glad to be far away from here by Saturday when the season's first snow came. It began snowing Friday night and the ground was covered by Saturday morning. Wet, slushy snow fell at intervals throughout the day and the wind blew it in real blizzard fashion.

It was estimated that approximately three inches of snow fell during the 24-hour period.

Football fans who attended the Michigan-Illinois game at Ann Arbor needed plenty of blankets and overcoats to keep themselves warm and many came home with their clothes soaked. A number of accidents during the afternoon and evening Saturday were blamed to slippery roads and poor visibility because of the flying snowflakes.

This was another of those weeks of changeable Michigan weather when temperatures ranged from a summer 80 degrees Tuesday and Wednesday to below freezing by Saturday night.

Election day, Tuesday of this week, was mostly cloudy and rather chilly with rain falling in the afternoon and evening.

Electric Power...

mentary nature, such as lines brushing together or lightning strokes, the customers notice only a slight flicker from the switching operation. If the trouble still exists on the circuit after one switching operation, the switch automatically opens and closes again. The switch is so adjusted that if, after a set number of operations, a circuit fuse has not disconnected the troublesome part of the circuit, it will remain open until an electric serviceman can locate and correct the trouble and manually close and reset the switch. This protects lines and equipment from burning and causing long-time interruptions to electric service.

Fuses have been installed at strategic points throughout the distribution system to protect the majority of the customers of the system from interruptions of electric service due to the breaking or entangling of lines. The fuse nearest the trouble will melt first, thus disconnecting the troublesome portion from the remainder of the circuits.

Other planned circuit changes that will improve voltage conditions include the construction of a tie line about a mile west of Chelsea to reduce distribution distances to the lake areas, and the installation of additional wire in several parts of system to increase the number of routes through which electrical loads may be served.

the junior past matron, presented Mrs. Leggett with a past matron's jewel at the close of the ceremony and Franklin Gee, a past patron, presented a gift to Olive Weir as the outgoing worthy patron.

Decorations in the chapter room included handmade large paper roses and vines entwined through a white picket fence arranged across the front of the worthy matron's and patron's station. The roses were part of the decorations used at the Grand Chapter installation ceremonies in Grand Rapids last month. Potted chrysanthemums were also used in the room and these were later taken as gifts to older members of the order and to some who are ill. Those who received these plants are Mr. and Mrs. George English, Mrs. Anna Hoag, Mrs. Ida Avery, Miss Lizzie Maroney and Miss Helen Hutzel.

Mrs. Leora Noll was general chairman of the committee in charge of decorations and arrangements for the installation. Refreshments were served in the dining room where flowers and candles carried out a pink and white color scheme. Mrs. Lucht and Mrs. Weir, newly installed worthy matron and associate matron, poured.

still going to pay. The price will be a continual loss of your dollars. Inflation quietly sneaks into your home, like a thief in the night, taking away from you the hard-earned savings of your daily toll.

Which do you prefer to pay for what you want, including your freedom and your security, or to have the government take away your savings through inflated dollars?

Frankly, we can't see much difference in the end results. One way is above board; it is honest. The other is hidden; and it is dishonest.
