

## Suggests New Distribution of Gas Tax

Hendley Says High Tax Would Not Solve Road Problem

James C. Hendley, vice-chairman of the Board of County Road Commissioners of Washtenaw county, was the speaker at the Sylvan Farm Bureau meeting last Friday evening. The meeting was held in the Lafayette Grange hall at Lima Center and was preceded by a pot-luck supper at 7:30. Approximately 40 persons were present.

In his talk, Hendley explained to Farm Bureau members that legislation for a higher gasoline tax, which has been advocated by the Farm Bureau, would not result in providing more money than at present for roads in Washtenaw and other counties with heavy automobile traffic.

If the higher tax bill is passed, he said, all counties will receive a certain percentage of the revenue and the remainder will go into the general fund to be used wherever it is most needed. Thus, counties with light automobile traffic sometimes get a larger share of the money when officials deem the money is needed there.

Hendley suggested that legislation providing for redistribution of the gas tax monies would be the solution for obtaining more funds for the upkeep of individual counties' roads.

During a question and answer period Hendley was asked about the \$40,000 turned over to the Washtenaw County Road Commission by John Hanna, purchaser of the Sylvan "mystery project" after roads in the area were closed.

Sylvan township people generally seem to have believed that the \$40,000 was to be used for Sylvan township road improvement but Hendley said that no stipulation was made as to what the roads money was to be used for. The money was put into the Road Commission's general fund, he said.

Reuben Lesser, Carl Heller and Doris Whitaker are members of the Sylvan Farm Bureau committee, appointed some time ago to "watch out for the interests of the township" in the matter of the sum given by Hanna for road improvement.

Their suggestion that the money be used for improvement of the Chelsea-Manchester road reflects the opinion of the majority of Sylvan Farm Bureau members. Asked about the Manchester road being done on Manchester road by the Chelsea-Manchester road commission, Hendley said that it would take approximately two years to complete the road because of lack of funds and because of the huge amount of work involved. The road, he said, is clay subgrade with no drainage. This has to be dug out and a new base put in. The surface dirt and then left to settle for at least a year before it can be black-topped.

## N. Efimenko Lecture Series Date Changed

NICHOLAS M. EFIMENKO

The date of the appearance on the Chelsea Public Library Lecture Course of Nicholas Marbury Efimenko has been changed, according to information released by library officials this week. His appearance here was originally scheduled for Nov. 22 when he was to have spoken on the topic "Currents in the Middle East."

His appearance here is now set for Nov. 29, at 8:30 p.m., and the subject of his talk will be "Conflict in the Far East," and will center on present conditions in Korea and Tibet.

**Swiss Student Tells Kiwanians of War-Time Life**

John Gyr, a graduate student at the University of Michigan, was the guest speaker at the Kiwanis club meeting Monday evening. The meeting was held in the social center of the Methodist church.

A native of Switzerland, Gyr lived in Holland until the Nazi invasion early in World War II when he was put into a concentration camp, remaining there until liberated by American forces at the close of the war. Later, when the military government was formed in Germany, he acted as an interpreter for the American Army until coming to the United States to complete the required work for his doctor's degree in sociology.

His talk before the Kiwanis club was mainly on his experiences while working with the American Military Government. Kiwanians who heard him said the talk was enlightening as to conditions encountered by American personnel in Germany at that time. A highlight of his explanation of the reactions of the German people to post-war conditions was his description of the attitude of various groups following President Roosevelt's proclamation of German "group guilt" for the war. The proclamation, Gyr said, caused considerable resentment among anti-Nazi groups and particularly among church groups.

**Home Destroyed**

The government-owned house on McClure road, occupied by Arthur Parks, director of the Waterloo area, was destroyed by fire about noon Saturday. The Chelsea Fire department was called at 11:25 a.m. to assist the Cassidy Lake department, but there was nothing to be done as the fire had gained too much headway by that time.

Mr. and Mrs. Parks were away from home on a hunting trip.

## Visitors Find 'Crowded Conditions' at School

Chelsea citizens recently visited their schools during normal school activities and were surprised and shocked by what they saw, according to reports of their opinions as expressed during discussions later.

Business and professional people visited the school on Thursday, Nov. 2; five days later came a group representing labor and management. Farmers were invited Nov. 9 and ladies on Nov. 13. This was an attempt to observe National Education Week by helping the general public to understand the school's problem a little better.

Groups learned that band practice on the gym floor and sound movies on the gym stage at the same time, and separated only by a velvet curtain, were standard practice; that the science laboratory is scheduled so full of large classes, art, chorus, junior high history, etc., that some science classes are held in laboratory privileges; that some grade classes are so full of children that no real teaching, in the sense of individual help, can be given; that unless additional and reasonable space for library facilities can be found by 1954 the school will be dropped from the North Central accredited list.

Cut-up classrooms, over-crowded enrollments, dingy basements were observed and commented upon, as well as a deplorable boiler condition. Sick-room, nurse and doctor space, teachers' rooms are all entirely lacking, the visitors noted.

For afternoon groups, an after-school "coffee" provided by the Elementary PTA and served by Home Economics girls, and for morning groups a luncheon prepared by the Homemaking girls, were provided.

During the discussion period, around the tables, several interesting sidelights were emphasized. Visitors declared themselves pleasantly surprised at what is being accomplished with limited facilities. Some groups recommended that half-day sessions begin at once, as much of the strain of present inadequacies is being absorbed by the staff, as when high

school teachers divide classes and give up needed free periods. Visitors also recommended immediate purchase of a site, and immediate submission of a bond issue to citizens to provide for a building to contain whatever facilities are necessary.

The formation and value of citizens' committee was discussed, as was the part that could be played by already existing organizations.

While conditions in Chelsea are typical of a national situation, the solution is purely in local hands. The state can do nothing.

One group demonstrated that good school facilities raise property values; that new people consider schools before they buy or build.

**Five Local Youths Answer Call of Selective Service**

Chelsea area draftees who are included in the November quota of 69 men who are to report at Ann Arbor at 8:30 a.m. tomorrow morning, Nov. 17, are: Donald Eder, son of John Eder, Jr., 756 Taylor street; Donald Barth, son of Mr. and Mrs. Arthur Barth, 881 Fletcher road; Donald Koch, son of Mr. and Mrs. Fred Koch, 1217 Fletcher road; Robert Moore, 1270 Fletcher road, whose parents are Mr. and Mrs. Everett Moore; and Richard Schulze, son of Mr. and Mrs. Lester C. Schulze, 234 Washington street.

The men will report at the Ann Arbor bus station and will board buses there for the trip to the Detroit induction center.

**First Aid Course Postponed for Deer**

The civil defense program first aid sessions for auxiliary fire and police workers have been discontinued for the two weeks of the deer hunting season. Sessions will be resumed on Nov. 23, at 7:30 p.m., sharp, according to Thomas Young, Chelsea fire chief.

## Amateurs Vie for Awards in Contest

Thirty-six acts were entered in the Kiwanis-sponsored Amateur Show at the High School gymnasium last Saturday evening. Waldemar Grossman acted as master of ceremonies. Paul F. Niehaus, originally scheduled to act in that capacity, was detained and could not be present until later in the evening.

First prize of \$25 was won by Buddy Johnson of Chelsea, for his vocal selection. Second prize went to Sharon Ann Mullaly of Hudson, for her song and tap dance act, and third prize was awarded Larry Richardson, accordion soloist from Parma. Second prize was \$15 while third prize was \$10. Charles S. Cameron and Charles Lancaster presented the prizes on behalf of the Kiwanis club.

Those who participated in the contest were from Jackson, Hudson, Dexter, Gregory, Parma, Ann Arbor and Chelsea.

**St. Mary's Fair Opens Two-Day Stand Tuesday**

A new fire exit recently added to the north end of St. Mary's school and an enlarged and remodeled basement assembly room are two of the projects for which proceeds of St. Mary's Fair are to be used. Willard Guest, general chairman of the fair, said yesterday. Duane Rowe is co-chairman.

The enlarged basement assembly room provides extra space for supper served there and will add greatly to the space used during the two-day fair which opens Tuesday with a dinner served by ladies of the Altar Society. The fair, itself, is sponsored by the Knights of Columbus.

Acting as chairmen of the general committees for the fair are: John L. Cook and John A. Dumouchel, tickets; Donald Alber, advertising; and Emmett Harker, treasurer.

Mrs. H. G. Pearce Dies at Florida Winter Home

Mrs. Harvey G. Pearce died Friday at Fort Myers, Fla., only a few days after she and Dr. Pearce and their daughter, Mrs. May Pearce Tandy, had arrived there from their North Lake home.

The Pearces have been spending their winters in the south for a number of years. They reached Fort Myers on the Saturday preceding Mrs. Pearce's death.

The body was brought to the Miller Funeral Home here late Monday afternoon and funeral services were held at the North Lake Methodist church at 2 o'clock Tuesday afternoon. Rev. Dalton M. Bishop, pastor of the church, officiated and was assisted by Dr. Frank Fitch, Ann Arbor district superintendent of the Methodist Church, and Dr. H. Addis Leeson of Ann Arbor, a college classmate of Dr. Pearce. A short memorial service was conducted by Mrs. Dora B. Whitney who was state president of the Women's Christian Temperance Union at

the time Mrs. Pearce was vice-president. Burial followed in North Lake cemetery.

Mrs. Pearce was the former Emma Buhl, a daughter of George and Priscilla Buhl, and was born in Newport, Michigan, Jan. 18, 1869. She was married to Dr. Pearce Oct. 25, 1893, at the Newport, Congregational Methodist church, with Dr. Pearce's father officiating. They lived successively in Carlton, Bay City, East Tawas, Pontiac, Morenci, Flint and Detroit where Dr. Pearce held pastorates before his retirement in 1938. They have made their home at Glenhaven at North Lake in the summers. They celebrated their golden wedding anniversary at Glenhaven in 1949.

Before her marriage Mrs. Pearce was a professor of English and education in the Holbrook Normal college in Tennessee.

She was a life member of the Methodist Church, a past president of the Flint district of the Women's Foreign Missionary Society and past state vice-president of the WCTU.

In addition to her husband and the daughter, Mrs. Tandy, Mrs. Pearce was survived by two other daughters, Mrs. Peter Van Gammaren of Detroit, and Mrs. Donald Clark of Livonia; a son, Rev. Edwin B. Pearce, of Lincoln Park; a sister, Mrs. Cora Kinkaid of Miami, Fla.; 11 grandchildren, three great-grandchildren, and ten nieces and nephews.

**Whooping Cough Hits Local Youngsters in Near Epidemic**

Whooping cough is increasing in the Chelsea area and is beginning to assume the proportions of a potential epidemic, according to information released yesterday by the Washtenaw county Health Department. Three more cases were verified and reported to the department on Tuesday.

The Health Department points out that even though children have received whooping cough immunization they might not be entirely immune. Health Department spokesmen recommend that parents consult their family physician to see if their child needs booster shots. If babies and young children have not yet had whooping cough immunization shots they should be started immediately, health officials advise. They say it is very hard on children under two years of age to go through a siege of whooping cough and every effort should be made to keep them from contracting it.

Cases already reported show marked whooping, health officials said yesterday. A number of cases are now under observation in the community. Some cases might be

**Kroger Store Looted Saturday Night**

Ten cases of cigarettes were stolen from the Kroger store here some time Saturday night by thieves who gained entrance by forcing open a basement door, according to police reports. Detectives from the Sheriff's department in Ann Arbor were called in to assist in the investigation.

An inventory of supplies at the store was being taken in an effort to determine if anything more was missing. According to deputies' reports, the safe had not been tampered with.

**Dads' Glow as Sons Apply Heat Despite Driving Snow Storm**

By DWIGHT GADD

Chelsea's Bulldogs put the finishing touch on a very successful season last Friday night here at home as they lambasted Manchester's Flying Dutchmen 38-6 during a driving snow storm.

It was Dad's Night at the game and the Bulldogs put on a second half show for them which we are certain must have kept them warm despite the weather. Just as in so many games this fall, the Bulldogs played uninspired ball until the intermission, then exploded in the last two stanzas.

Chelsea set up their first score early in the opening quarter as they drove to Manchester's 14, only to be stopped by a fumble, but they braced and threw the visitors back to their own one, from where they were forced to punt.

Stan Knickerbocker gathered in Dunny's punt on the 46 and rushed to the 21 before being spilled. Six plays later Heydauff cracked off right tackle for the final yard and followed it up with a successful conversion, to put Chelsea out in front, 7-0.

Both teams' offense was inept from that point on, until just before the half when Chelsea drove to the Dutchmen's 16 only to run out of time.

The weather, of course, wasn't conducive to high scoring football at any time during the evening, although the Bulldogs surmounted that, too, in the last half.

The Bulldogs took the opening kickoff on the second half and weren't even slowed seriously as they raced downfield 72 yards in six plays, Heydauff passing to Knickerbocker for the final five yards of the drive. On the try for the point after, the pass-back was wide and Heydauff ran it over around right end to put the Bulldogs led 14-0.

Chelsea struck again, after Manchester had punted following the kickoff, and this drive covered 71 yards in six plays also, with Don McClear ripping over right guard for the final 20 yards. Heydauff's kick was good and Chelsea led 21-0 as the third quarter ended.

Early in the last quarter the hard-charging Chelsea line stopped a Dutchman drive on the 35, and again in just six plays, drove the 65 yards to score, with Slane plunging the last two yards to pay dirt. Slane set this one up as he carried the ball one five of the six plays, gaining 67 of the 66 yards. Heydauff's kick was wide to leave the score, 27-0.

Manchester then drove for their only score, against the Chelsea reserves, with Ray Dunny passing to Armond Dreesh for the final 20 yards, but the attempt to run the point after was stopped and Chelsea led 27-6.

With the last quarter more than half gone Coach Louthen inserted all ten seniors in the line-up and they powered 40 yards in four plays for the final tally with Heydauff racing around left end for the last 17 yards. The kick was wide and that's the way it ended, 35-6.

Chelsea led win made Chelsea's season record a fine 7-1-1, and next week we'll have a complete review of the season.

See you next week.

## THIS WEEK IN Washington

**ELECTION NEWS**, action on the control front, and international news held the spotlight in Washington as the city settled back and readied itself for a lame-duck session of the 81st congress.

It was expected that a continuation of rent-control which expires Dec. 31, will be rushed through in the nature of a 30-day extension, and hearings are about to get under way in the senate finance committee for an excess profits tax.

On the control front, it is expected an attempt will be made to amend the defense production act, of 1950 with reference to wage and price control. According to bureau of labor statistics, prices are going up faster than wages. Under the new act, the administrator of the economic stabilization administration is tied by the provision of the law which provides there shall be no price control without wage control. In other words, Mr. Alan Valentine, the new ESA administrator could not set ceilings on commodities without setting a ceiling on wages. Organized labor is fighting this provision of the act. Attempts already are being made by the larger labor unions to open up wage contract discussions before present contracts expire on the theory that the living cost index already has passed them up.

Insofar as the farmer is concerned, whatever controls or ceiling prices are placed on farm commodities or produce, the farmer will not be hurt for he is protected under the law by the provisions that farm produce prices cannot be fixed under parity, or under the price of commodities between May 24 and June 24 of this year. This means that ceilings on farm produce cannot be much, if any, under present prices. At the same time, the outlook for farmers for the coming year indicate that his 1951 income will be possibly 10 percent higher than in 1950, even though production goods, family living and taxes will cost him more. From outbreak of the Korean war, prices received by farmers made a 10 per cent jump by mid-September. Much of the expected increase in the farm income is expected to come from

meat animals and cotton with smaller increases from other commodities.

The increased stature of the United Nations, as a result of the Korean war and reports of successful operations of many of its commission functions, such as the food & agricultural organization (FAO), now supported by 44 nations, is winning strong support for UN throughout the free world. In addition, history is being written by the North Atlantic military committee, composed of the military representatives of the member nations of the North Atlantic pact, which has been in session here. For the first time since the Crusades European nations have joined together, agreed upon a common armament and a combined army for mutual protection, under a unified command, with probably General Ike Eisenhower, as the commander in chief.

It is the second time within a few weeks, the nations of the world have turned to the United States for military leadership, for United Nations was unanimous in selecting General Douglas MacArthur as commander-in-chief of the United Nations armies in Korea.

**Secretary of Agriculture** Charles Brannan, in an important speech this week on "Agriculture and the National Defense," urged the nation's farmers to even greater and greater production of food. Pointing to the wonderful condition of the nation's farms he said:

"We're in good shape. Our food production this year is about 38 per cent higher than the average for the years just preceding the recent war, and about the same as in our recent years of record and near-record production. Our field crop production is bigger than in any year prior to 1946. Our total supply of livestock feed for the coming year will be nearly as large, in bushels and per animal, as the record supplies of the 1949-50 season."

Our superb food production rules out any need at this time for drastic food controls. The family market basket can still be filled at prices lower than the lowest ceilings that could be put on under the defense production act."

## THANKSGIVING

### The Holiday That Calls for Flowers

Thanksgiving is the perfect setting for sending flowers. Especially if you are unable to be home with the folks for the holidays, send your remembrances in a beautiful bouquet or potted plant. Perhaps you'd like to send the traditional dozen red roses or perhaps a cluster of huge golden chrysanthemums. If you are undecided, let us assist you with your final choice. We will gladly wire flowers for your convenience or deliver locally.

## Mission Club Completes Quilt

The November meeting of the Mission Club of St. Paul's church was held Thursday afternoon at the home of Mrs. John Wahl with 14 members present. Among these was Mrs. Jacob Lehman, of Brighton.

Mrs. Louis Eppler was in charge of the opening devotional service and Thanksgiving readings were given by Mrs. Ola Hilsinger, Mrs. Adolph Duerr, Mrs. Fred Seitz, Mrs. Alvin Vail and Mrs. J. N. Strieter.

A child's quilt was completed during the afternoon and a number of card booklets and bandages were made. Plans were completed to send 700 card booklets, 150 bandages, 6 scrapbooks and 10 completely outfitted dolls to the mission stations in the Ozarks.

The hostess served a lunch at the close of the meeting.

**THANK YOU**

Because it was impossible for me to contact each of you personally before I left Chelsea, I take this means of expressing my sincere thanks and appreciation to all of you—my friends, relatives and neighbors—the Pythian Sisters, the WRC and Rev. W. H. Skentelbury—for your many acts of kindness while I was ill. My thoughts are often with you as I gratefully remember your thoughtfulness.

Mrs. Henry Annemiller, 5380 - 28th Street, St. Petersburg, Fla.

**THANK YOU**

I wish in this way to express my thanks and sincere appreciation to all those who remembered me with cards and flowers while I was at the hospital and after my return home.

**"EASY DOES IT"**

BY NEIL HALL

**HAVE SOME BUTTERED**

browned potatoes with your next meat course for a delectable treat. Cook potatoes in their jackets, then slip off skin. Melt butter in heavy skillet and place potatoes in it. Shake pan while potatoes get browned and buttered.

Your leftover lamb can be ground, seasoned and mixed with minced cooked potatoes. Shape into patties and simmer in a small amount of barbecue sauce.

Corned-beef can be baked after it has been boiled until tender.

**RECIPE OF THE WEEK**

Stuffed Spareribs (Serves 4)

2 cups mashed sweet potatoes

1 tablespoon minced onion

1 cup cooked rice

1 1/2 cups minced celery

2 tablespoons melted fat

Salt and pepper

4 pounds spareribs

Mix together potatoes, onion, rice, celery, fat and seasonings. Break spareribs through center and remove surplus fat. Spread mixture on bony side of ribs, fold in center to cover filling with other half. Place in baking dish with heavy meat side on top.

Season meat and dust with flour. Cover bottom of pan with boiling water. Cook in moderate (350° F.) oven for 1 1/2 to 2 hours or until tender.

Stick the fat with cloves and sprinkle with brown sugar before baking until brown.

Vary your chicken shortcake by serving on squares of cornbread in place of baking powder biscuits. Have plenty of chicken gravy or white sauce to go with it.

Make your favorite recipe for meat balls and brown them in a skillet. Add canned onion or mushroom soup, diluted, and simmer meat balls in this.

It doesn't always have to be hash when you have leftover meat! Mix meat with onion, green pepper strips and kernel corn. Sauté, then add tomato juice and chili powder and heat through. Serve with rice.

Line a buttered casserole with cooked rice. Over this place chunks of chicken or turkey and some sautéed mushrooms. Cover with cream sauce and bake until bubbly.

More than 150 relatives and friends were present for a birthday dinner given at the Chelsea R. of C. hall Sunday, Oct. 29, in honor of Mrs. Alice Nordman, of Dexter, in celebration of her 90th birthday. Mrs. Nordman was born in Freedom township Oct. 28, 1860, a daughter of Mr. and Mrs. Peter Guinan. She has lived in this vicinity her entire lifetime and now makes her home with Mr. and Mrs. Kenneth Hanes, in Dexter. Her husband, George Nordman, died about 18 years ago.

With her for the birthday celebration were her three sons, G. E. of Romeo, Frank, of Brighton, and Paul, of Lawton, and her two daughters, Mrs. Charles Bycraft of Chelsea, and Mrs. Edward Koch of Brighton. ## Altar Society Told of Trip to Rome

St. Mary's Altar Society met Wednesday evening, Nov. 8, in the R. of C. hall with a very good attendance. Two new members were enrolled at this meeting, Mrs. Edwin Paul and Mrs. Earl Heim. Other business included completion of plans for the supper the Society will serve the first night of the fair next week, and Mrs. Carl Lentz was appointed general chairman.

Following the business session, Mrs. Glen Hass, program chairman, introduced Miss Mary O'Hara of Ann Arbor, who gave a very interesting talk on her trip to Rome.

Refreshments were served at the close of the evening, by the November committee.

Miss O'Hara, in her talk, described her pilgrimage to Rome in detail, telling incidents of the trip there and return. She said there were more than 300 people in her party. One of the highlights of the trip, she said, was a visit to the Grotto at Lourdes, in France. Her vivid description of the candlelight procession around the grotto, with hundreds of people participating, impressed her listeners. She said the prayerful atmosphere of the entire community is remarkable. Twenty-four hours a day, she continued, there is a constant murmur of prayer as pilgrims visit the grotto. At Rome, the party's audience with the Pope was public, Miss O'Hara said.

The party visited in Switzerland, Belgium, Holland and Paris, France, on the return trip, and went to Oberammergau, in southern Germany, to see the famous Passion Play held there this year for the first time since before the war.

## VFW AUXILIARY

Members of the VFW Auxiliary who attended Monday's meeting reported it to be a very interesting one, mainly because of a report of the annual Pow-Wow held in Lansing a few weeks ago. The report was given in detail by Mrs. Mary Kniss.

Highlights of the report showed that the National VFW Auxiliary gave \$60,000 to help rebuild the cancer laboratory at Bar Harbor, Me., destroyed by fire some time ago. This amount went toward the cost of rebuilding the kitchen, laboratory, and housing, as well as completing the medical library. The National Auxiliary also gave \$25,000 to Murphy hospital, Kansas City, Mo., \$20,000 to Holy Cross hospital, Chicago, \$5,000 to Children's hospital, Detroit, and \$10,000 for drugs all for fighting cancer. In addition, \$500 was given for the benefit of a baby in New York who lost both eyes because of cancer. The baby's father is fighting in Korea, the report stated.

The Pow-Wow report, Mrs. Kniss said, showed that between 3,000 and 4,000 children are in hospitals in New York City suffering from cancer.

Continuing, the report showed that the Michigan VFW Auxiliary has pledged itself to care for two foster children for a period of one year at a cost of \$180 each; also, that the Michigan Auxiliary ranks first in the United States in its legislative work.

The Chelsea Auxiliary, Mrs. Kniss concluded, was listed in the Lansing report as having paid in full its share for upkeep of the National Home at Eaton Rapids, and is one of the two Auxiliaries leading in the membership race in District VI.

## LYNDON FARM BUREAU

The Lyndon Farm Bureau met Friday, Nov. 10, at the Leonard Reith home with 20 members present. During the business meeting it was voted to send two dollars to the Washtenaw county infirmary. It was also decided that the next meeting of the Farm Bureau would be the Christmas party planned for Dec. 11. The Christmas party is to be held in Lyndon Town hall and everyone is to bring a gift.

Mrs. Homer Stoffer gave a report of the Oct. 26 meeting of the Women's Committee of the Farm Bureau, held near Macon, and Mr. Stoffer reported on the state Farm Bureau meeting in Lansing which he attended for two days.

With Mrs. Tom Masterson as leader, a discussion was held on the question, "Do You Save Money Belonging to the Farm Bureau?"

## WOMAN'S CLUB

The Woman's club met Tuesday evening with Miss Mabel Fox. There were 19 members and one guest present. A social evening was enjoyed and games were played after which refreshments were served by Mrs. Wallace Franklin and Mrs. Leigh Palmer. Members of the club made plans to make a tour of the Chelsea public school on Monday, Nov. 27. Each member is to bring a guest.

## A Tribute Of Reverence...

Every person who has lived on this earth has earned the regard and affection of others.

The funeral service is a fitting tribute for many reasons. To ease the loss for loved ones, and to assure remembrance of the good from a life's work justifies the reverence and dignity expressed.

From where I sit... by Joe Marsh

We Ask-That  
"Fares" Play Fair

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it.

To his surprise the cabman answered right back. "Don't blame me," he said. "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!"

Judge figures the fellow was in the right, and maybe we ought to.

do a little campaigning with the public. I agree with him—that's why I'm writing this article.

From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ride—just as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).

## "I REMEMBER"

BY THE OLDTIMERS

From Valle B. Kirkham of Colorado Springs, Colo: I remember, at my grandmother's old home, the hankie, a comb for dressing hair. And the candlestick molds with which candles were made to light the homes.

From Mrs. Mary Stewart of Chicago: Here are some more old-fashioned remedies I remember: castor oil on warts, cobwebs (out of the attic or barn) for fresh cuts, sulphur and molasses for spring

tenie, slippery elm bark made into a poultice and applied warm to remove a thorn or needle from hand or foot, a cold steel knife on a bump. How many other old-time remedies can you old-timers remember? Let's hear from you!

From Mrs. A. of Bristol, Okla.: I remember when William McKinley and William Jennings Bryan were running for President, their pictures were on lamp chimneys. My father purchased what he supposed to be a picture of McKinley for our lamp chimney. The storekeeper, it seems, slipped in Bryan's without father's knowledge. When Father arrived home he placed it on the lamp, but then noticed the mistake. Bryan was quickly thrown out the door—and did Dad blow his top!

From Mrs. Ida Kittleson of Mt. Horeb, Wis.: I remember, when my grandmother used to put a yoke on her shoulders, go to the well, break the ice on the water, dip in the pail, carry it up to the kitchen, then put it on the stove to warm for her two cows and also for her own use. Such were the pioneer days.

Argentina's "Siberia"  
Patagonia, the name for Argentina's "Siberia" extending south from the pampas, means "Land of Big Feet." The name was given it by early explorers who were amazed at the size of footprints found there.

The Gallatin Plan  
In 1808 Albert Gallatin, secretary of the treasury, formulated a comprehensive plan in which he recommended the construction of a continuous turnpike to provide for travel from Massachusetts to North Carolina and another from Maine to Georgia which would unite the major seaports along the Atlantic coast. He also recommended roads across the Alleghenies between the Atlantic ocean and the great western rivers. The plan was never adopted because of sectional differences and on account of its alleged unconstitutionality.

# 200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one

this year. But we're speaking here of new owners only.

We can name many reasons for this landslide—including Fireball power—an incomparable ride—and Dynaflow Drive.\*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

\*Standard on ROADMASTER, optional on extra cost on SUPER and SPECIAL models.

## THE CHALLENGE

Rivalry between classes seemed keen at the class tournaments last Wednesday afternoon. The Freshmen and Seniors formed the white team, while the Sophomores and Juniors formed the red team.

Twice Ted Slane carried the ball over for touchdowns which made the score 13-0. It remained the same throughout the game.

Below is a list of players and their positions at the ball game began: LE—S. Knickerbocker and J. Herrick; RE—R. Bertke and F. Sweeney; LT—J. Roberts and O. Bollinger; RT—D. O'Dell and L. Hopper; LG—K. Proctor and G. Sweeney; RG—D. Schrader and J. Bauer; C—D. Hoffman and G. Winchester; QB—J. Lehman and S. Toney; LH—G. Heydlauff and C. Eder; RH—T. Betts and T. McClellan; FB—T. This was the last football tournament in which the Seniors may participate, so perhaps, with that thought in mind, they tried harder to win that ball game.

## St. Paul's Guild To Send Christmas Gifts to Servicemen

Because of a misunderstanding it had been erroneously announced that the ingathering of thank offering boxes was to take place at Friday's meeting. The ingathering will be held, instead, at the Sunday morning church service, Nov. 19.

The December meeting of the Guild is to be the annual Christmas meeting and will be held Friday evening, Dec. 8. It was announced.

## MICHIGAN MIRROR

(Continued from page one)

Th rent control picture still is hazy. Pontiac is leading the fray with its problem before the Michigan Supreme Court. As the year draws to an end, the cudgel will be taken up in more communities throughout Michigan. Landlords and their tenants already have drawn lines in several of the larger communities.

"Operation American Citizenship." An educational program sponsored by Dr. Lee M. Thurston, state superintendent of public instruction, hopes to "multiply and improve the amount and quality of citizenship education in Michigan."

Election comment: This column adheres to a policy of being non-partisan in its interpretations of state politics. The Nov. 7 vote outcome is now on the record. On Thursday, Nov. 2, this column observed: "Governor Williams has the best chance of any Democratic nominee in more than a decade to win re-election. It will take a lot of Republican votes to effect the Democratic margin of populous Detroit and Wayne county." This was printed five days before E-Day!

Republicans strengthened their control of state government in Michigan. The state legislature and the administrative board will be dominated by GOP officials and legislators. Practically speaking, August Scholle and his CIO liberal group were defeated by Michigan voters on Nov. 7.

The ranks of the unemployed are rapidly dwindling to nothing. State labor experts foresee in the next two months the most acute labor shortage here since 1943, as Michigan eases into its arsenal role.

Building is in the grips of the worst uncertainty in years. Spontaneous wage-price programs delayed plans after the war, then went ahead recently after giving up the futile wait for lower prices. Now Korea has already upped costs 10 to 15 per cent, brought back escalator clauses and a whole new dilemma.

The wheels of the state's automaking machinery have reached a screaming pitch. Everything is right for production records; wage settlements (raises) promise labor peace, war threats promise customers. The only "if" is whether military production may demand enough materials to hurt output. By 1951, the year's production total should be over 6,000,000 units — 1,000,000 trucks.

Cupid's aim improved about 100 per cent when the Affairs Bureau started. Marriage license bureaus reported rushing business. Kent county (Grand Rapids) set a summer record. Now brighter war news forecasts a decline in weddings.

New precedent in labor-management relations is the \$33,000 judgment against the Detroit United Electrical and Radio Workers (Local 997) for violation of a "no work stoppage" contract. The supreme court said the walkout was not the spontaneous decision of each individual employee.

War production will not hurt the auto industry seriously unless the car makers can't get steel. For the rest of it, designs can be changed to reduce chrome trim, copper parts, and the like.

Michigan probably will receive upwards of \$400,000 for conservation work—the Pittman-Robinson funds derived from federal taxes on sporting arms and ammunition. Some of the money will go into two upstate wildlife research stations.

MSC experts see the next five years as the best opportunity for sustained profit in sheep raising. The sheep population now is the lowest in 86 years—some 35,000, 000 head.

## Plan Demonstration on Ditch Blasting for Friday Afternoon

Arrangements have been completed for a ditch blasting demonstration at the William Ritchie farm, Salem township, Friday afternoon, Nov. 17, at 1:30 p.m. Mr. Ritchie lives at 8291 N. Territorial road, three and one-half miles east of Pontiac road.

George Amundson and Wm. Cutler of the Agricultural Engineering department of Michigan State college will conduct this demonstration. Dynamite will be used. The demonstration will give an opportunity for those interested in comparing costs of cleaning

ditches by dynamite and drag line. Anyone interested is urged to attend.
