

**Cyclone Fence  
Being Erected  
on 'Project'**

Thirteen tons of steel fence posts were delivered last week to the John Hanna "mystery project" south of Chelsea and a grading crew and fence-building crew were supposed to start work this week on erection of a cyclone fence to enclose the entire area. The Page Wire Fence company is reported to be erecting the fence on contract. A number of local men are being employed on the fence-building project.

The fence posts were consigned to the "Cyclone Fence" company, Chelsea, and the truck driver who brought the load here had difficulty locating the place where he was to unload the posts. They are now stored in one of the barns still located in the area.

No official announcement has been made as to what the project is to be. The project has remained a mystery since John Hanna began buying individual farms in the 3,000-acre plot two years ago. All roads through the area were closed during the past summer on petition of Hanna and some residents of Sylvan township. Many other residents of the community protested the road-closing at two local meetings called by the Washtenaw county Board of Road Commissioners.

It is estimated that the distance around the area is approximately 20 miles. Some reports had it that the fence-building will take nearly three months.

Who is governor? It's like that old "Who's on first" story. Now more than two weeks after election when Michigan has killed its own statehood, the question is: Who is governor?

The legislature was in a dither as confusing as that surrounding the average citizen. Would they adjourn now that Michigan has killed its own statehood? Or would they adjourn now that Michigan has killed its own statehood?

With the holidays comes bad weather. And already Michigan's traffic toll is pushing to higher figures. Safety officials hold their heads and ask drivers to use care on icy roads.

Senator Vandenberg's fight to regain health has become top news in Washington. Internationalists believe the powerful voice of Michigan's senior senator is needed if victory-flashed isolationists are not to reverse the whole recent trend of American foreign policy.

Following the War, Dr. Efimenco taught at Lake Forest College. During 1945-46 he was a speaker on the National Committee on Economic Information at Washington, and also with the Chicago Council of Foreign Relations.

After coming to the University of Michigan, he was director of studies for the University's state-wide program on "The United States and World Problems," and the coordinator of the Upper Peninsula series.

**SERVICE STATION SOLD**

**THANKSGIVING DAY**

Thanksgiving dinner... turkey with all the trimmings... symbolic of that first Thanksgiving when, after a year of intense hardship, our Pilgrim Fathers rejoiced with a table of plenty. Let us pause to recall the intolerance and oppression that they fled, and resolve to practice continually, those ideals of democracy which motivated the Pilgrims' crossing and enabled them to establish a land of freedom in America.

**Grocerymen  
Will Attend  
Conference**

Grocerymen throughout Washtenaw county will have an opportunity to attend a discussion and demonstration on selling quality food products at 7:30 p.m. next Monday at Ann Arbor YMCA auditorium. Ray Hiller, president of the Washtenaw county Groceryman Association, and H. S. Osler, County Agricultural Agent, are making arrangements for the meeting.

Ray Higgins, Extension Specialist in Agricultural Economics, Michigan State College, will conduct the demonstration and the discussion.

Some of the subjects to be discussed will be "How To Meet Competition," "How To Buy Quality," "How To Refrigerate," "How To Keep Produce Fresh," "How To Build Produce Displays with Color Contrast," "How To Trim Produce," "How To Advertise," and "How To Sell."

Mr. Higgins has held similar meetings with grocerymen in a number of Michigan cities last year. Some of them arranged a series of several meetings during the season. If there is sufficient interest in Washtenaw county next Monday evening, such a series will be arranged for this winter and spring, according to Mr. Osler and Mr. Hiller.

All Washtenaw county grocerymen are urged to attend Monday evening. Ladies are also invited.

He was married to Emma J. Thibaut in Detroit on Nov. 25, 1914, and they came to Chelsea to make their home on Oct. 13, 1916. He went to work for the Screw company on Oct. 30, 1916 and was employed there continuously until he became ill last year.

**Grade PTA Votes To  
Contribute Toward  
Basketball Uniforms**

At Wednesday's meeting of the Elementary PTA it was voted to contribute \$50 toward the fund for the purchase of basketball uniforms for Junior-High school boys. Plans were discussed for the PTA Christmas meeting which is to be held Dec. 20. School children, under the direction of Arthur Redner, are to present a musical program at the meeting.

Mrs. Lucile Kelly lead a discussion on the recent school visits of various groups in the community in observance of American Education Week. She reported that girls from the Homemaking classes served one luncheon and served refreshments three different days to groups who visited the school. The Elementary PTA provided the refreshments. The report stated.

Mrs. Marjorie Gregory, chairman of the PTA milk program, reported on the project at Wednesday's meeting.

Following a suggestion made at the meeting, it was announced that a committee is to be appointed to begin work immediately on a campaign to work for another election on a school building program. The election is being planned for January 1951.

**Expect To Have  
Details Completed  
for January Vote**

Chelsea Agricultural School Board of Education is now studying three plans for 14-room elementary schools of simpler construction than the plan submitted to electors in the district during the past year. It is hoped to have a plan ready to submit to the electors some time in January so that if the issue is approved construction of the new school could be started in the spring.

If no new facilities are provided in time for the opening of school next fall, school board spokesmen said yesterday, half-day sessions will have to be instituted here.

In an effort to relieve conditions in the badly overcrowded third and fourth grades, the Savage rural school is being reopened next month to provide school space for about 25 students from these two grades, school officials announced.

Savage school, north of Chelsea, is being cleaned and painted in preparation for re-opening on Dec. 4 to accommodate approximately 25 overflow pupils from the third and fourth grades in the Chelsea Public school. Pupils who will be transported by bus to the Savage rural school are those now being taught by Mrs. Isabel Eisele She will be the teacher at Savage school.

The two classes will have all-day sessions.

for Cage Title  
This Year**

BY DWIGHT GADD

Basketball practice, officially opened last Thursday for the Bulldogs, and with most of last year's line team back again the prospects are bright and hopes are high for the championship tag to fly over their "doghouse."

Head Coach John Magiera at present is working with a squad of 16 men, seven of whom won varsity letters last year. Lettermen are Marty Tobin, Dave Crocker, Stan Knickerbocker, Buddy Johnson, George Heydlauff, Don Schrader and Ted Slane. The rest of the squad is made up of Jerry Lehman, Ted Betts, Don O'Dell, Dick Melkel (at present still incapacitated with his broken leg incurred in football but being planned on for this year), Don Pearson, Dave Hoffman, Stan Walker, George Winchester, and David Berke. The varsity will carry 11 or 12 men during the year.

The season begins one week from tomorrow, Friday, Dec. 1, at the home of our old friends to the south, Manchester, so plan to accompany the team and help the Bulldogs get the season started right.

And so, we give honorable mention to Donald Forner and Caroline Hoffman. Well, second graders, we will be looking for the names of the subtraction kings and queen very shortly.

**Cankerworms**  
Cankerworms, or inchworms as they are often called from their inching-along method of locomotion, are great defoliators of all deciduous trees. In many sections of the country they will be in outbreak form this year. In others they may be just reaching the peak of tapering off.

**Sugar Plantations**  
Louisiana's sugar plantations, after a battle against mosaic and other diseases that began a quarter of a century ago, are now better than ever and improving year by year.

**MOST OF ALL WE GIVE THANKS FOR OUR FREEDOM**

Bumper crops, bustling factories, more jobs, and new homes... all these are cause for sincere thanksgiving on this purely American holiday. But above all, we give thanks for our greatest wealth of all. We give thanks for the freedom we enjoy... freedom of speech and religion as well as freedom from fear and want. To do as we will, to live as we want, here lies our true wealth.

Now we are faced with a threat to our freedom. To protect ourselves we are creating new defenses. But security costs money. Help your country by buying U. S. Savings Bonds regularly. And help yourself, too, with this regular savings plan.

**GLICK'S**

**For Power with Economy...it's High Compression!**  
**FOR HIGH COMPRESSION... IT'S THE "ROCKET"!**

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems like everybody claims "high-compression"—but nobody explains it. The phrase simply means squeezing the gasoline into a smaller space before exploding it. This gets more power out of the same amount of fuel. But the engine must be designed for high-compression all the way through to assure smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression—from the crankshaft out. And the lowest-priced "Rocket" Engine car is Oldsmobile's "88." Makes good sense to try it soon—doesn't it?

## "I REMEMBER" BY THE OLD-TIMERS

From Valle B. Kirkham of Colorado Springs, Colo.: I remember my first pair of red-topped boots with the brass tips around the front of the toes. Also, the boot jack with which we removed the boots and the sheep tallow with which we greased our boots at night to prevent them from becoming hard and dry.

THEN

NOW

From Mrs. Mary Stewart of Chicago: Here's another addition to our list of old-fashioned remedies: I remember when people really believed that a hair of the dog that bit you should be laid on the wound to prevent rabies. And also when they believed dog fat was a cure for consumption. Let's hear from some other old-timers who remember such old-time remedies.

## SURPRISE PARTY

Saturday evening a neighborhood surprise party was given for Mr. and Mrs. Sylvester Weber at the Weber home, with approximately 45 persons present.

The party was also in honor of Mr. Weber's birthday. He was presented with a birthday gift from the group and Mrs. Weber was given a house gift. A nicely decorated birthday cake was also served.

The evening's entertainment was home movies shown by Emerson Breitenwischer, of Ann Arbor.

Euchre was the evening's diversion with Mrs. Norman Hinderer receiving the traveling prize. Other prizes were won by Mrs. Loren Hinderer, Henry Orbring, Joyce Eismann and Erwin Haab.

## SYLVAN EXTENSION GROUP

Many interesting views were given on the Thanksgiving theme in answer to roll call at the monthly meeting of Sylvan Extension group last Thursday afternoon. Fourteen members were present at the meeting which was held at the home of Mrs. Leon Sanderson.

Mrs. Anna K. Brown, Home Demonstration agent for Washtenaw county, was a guest at the meeting and presented the lesson on styling clothes in a very interesting and instructive manner.

During the business session it was decided that the December meeting will be the annual Christmas party. The meeting is to be held at the home of Mrs. Robert Whitaker, "Mystery Sisters" will be revealed at the Christmas party as their names are to be enclosed in the Christmas gifts to be brought by each member.

At Thursday's meeting it was decided to tie and complete a quilt at a future meeting of the group.

## LYNDON EXTENSION GROUP

Lyndon Extension group met Thursday, Nov. 16, at the home of Mrs. John O'Connor. Mrs. George Beeman, as chairman, presided at the meeting which opened with the Lord's Prayer in unison. Sixteen members and two guests were present.

The group decided to meet at the Lyndon Town hall Nov. 30, to make Christmas gifts. It was decided to send seven dollars to the Ruth Alden Fund in Detroit for the purchase of girls' dresses for Christmas giving in the Detroit area. The group voted to begin paying dues of ten cents per member per month.

Mrs. Edmund Cooper, a member of the group who is ill, is to be remembered with a Thanksgiving basket of fruit as a gift from the Extension club, it was decided next month's meeting will be the Christmas dinner to be held at the home of Mrs. Wirt Boyce at 1 p.m., Dec. 14.

Mrs. Mary Daniels recited two poems and the birthday song was sung in honor of Mrs. Lawrence Shanahan and Rose Marie Beeman.

By KARL KOENIGER

We'd like to applaud those hard-working craftsmen who design our television cabinets. You know, they're working at a disadvantage. There are as many schools of thought about how furniture should look . . . and function . . . as there are on how to make Mulligan stew.

Everyone has a different recipe. Some people want each piece of furniture to do double duty. They want a desk that'll turn into a

bridge table, a sofa that'll turn into a bed, a bookcase that'll stand in as a linen closet. Those are the folks that give cabinet-makers grey hairs. They aren't content with a television set that's just a television set. Course, if the tubes get hot enough, you could use the instrument as an egg-fryer. That would be especially handy of a TV comedian lays one.

Yes, television sets are pieces of furniture—we either have . . . or are planning to have in our living rooms. The set we choose for ourselves must be not only technically good . . . but must fit into our modern, traditional, or period style of furnishings. For the set that will suit your specifications in every way, choose from the wide selection of makes and models now on display at CHELSEA APPLIANCES & TELEVISION Headquarters, 115 Park St. - Phone 3063.

## TURKEY TROT

The Turkey Trot, which was sponsored by the Journalism club, was held last Friday night in the gymnasium. Decorations of large turkey statuettes and Fall colors were very appropriate for this time of year.

The entertainment consisted of vocal solos by Buddy Johnson, Ruth Ann Guenther, Eileen Hankard, a duet by Buddy Johnson and Ruth Ann Guenther, and a dramatic reading by Leola Hatt. Lois Eisele acted as master of ceremonies.

Refreshments of ice cream and cake were then served. The party was a great success.

Mrs. Harold Adams and Miss Fox acted as chaperones.

## APPRECIATED SUPPER

Coach "Red" Louthan has nothing on his energetic wife, Ann, who served a dinner for this year's football players on Saturday, Nov. 11. The meal consisted of spaghetti, with ice cream and cake for dessert. All the boys have to admit that there was more food than they could eat. The boys appreciated the gesture very much.

## IT TASTED GOOD

The football boys were honored at a supper given them by their mothers, Tuesday night. They enjoyed a supper of chicken, gravy, biscuits, mashed potatoes, baked beans, cabbage salad, butter, rolls, pie, milk and coffee.

The tables were cleverly decorated with two cakes baked by Mrs. Sweeney and Mrs. Lesser. One cake resembled a football, while the other took on the theme of a football field.

The program consisted of talks by the coaches who talked of the successful football season.

## Some Hunters Even Killed Their Deer

It is believed that the hunting party consisting of Walter Gage, John Pierson and Donald Thomas was the first to get a buck in this vicinity. By 9 a.m. Wednesday of last week they had a seven-pointer, near Cassidy Lake.

Martin Miller was successful on the opening day also, at Gehrke Club camp, Hubbard Lake, near Alpena. He got a six-pointer at 8:15 a.m. At 10 a.m. on opening day, Reuben Lesser found his aim good as he brought down a nine-point, 160-pound buck at the same Gehrke Club camp. The long trip to Iron Mountain was successful for George Elkins who is spending a two-week hunt-

in grip in that vicinity with his brother Carl. Reports are back that George got a nine-point buck. George L. Staffan and brother, Frank W., of Ann Arbor, spent last week at the AA club near Vanderbilt, hunting. George, re-turged with a spike horn.

We have the Blessings of Freedom  
and Abundance to be thankful for . . .

They are part of a hard-won heritage . . . and they are our's as long as we are prepared to work for them and, if necessary, fight for them . . .

To give thanks for what we have . . . to re-affirm our faith in freedom and our determination to preserve and cherish it . . . that is the true meaning of Thanksgiving.
