

Both major parties eye the Michigan recount anxiously. The 18,000 invalid ballots they expect to find are causing quakes the length of the state. Kelly asks for a "fair, gentlemanly and proper" recount. Williams displays the usual confidence. Other party leaders don't.

Says the Michigan highway department: "Eighty per cent of the accidents are caused due to the human element, and how can the state or its agencies control that?" In the hospital at the time suffering auto crash injuries were State Highway Commissioner Charles Ziegler and Elmer Hanna, an administrative aide. (Ed. Note: Injured near Chelsea on US-12 recently).

College presidents look grim over future enrollments. Head of one of the state's largest says next year he expects no draft-eligible students... a return to all-coed campus—or virtually so.

Some inactive reservists are being called ahead of the active. In a wire to Gov. Williams, Frank Pace, secretary of the army, explains it as an attempt to keep active units intact for possible future use.

In Washington plans are underfoot to extend Michigan's national guard summer training to three weeks. Local commanders fear fewer turnouts for camp, since many might not be able to leave civilian jobs that long.

But the dogs are safe. There are no plans to draft any more for the K-9 corps. Down, Fido!

Fort Custer has been turned down for the proposed summer camp. But air force officials surprised the governor and the entire state by putting two other Michigan locations among the final 25 sites from which the selection will be made. Named were: Waterloo recreation area near Chelsea, and Kensington recreation area, near Brighton.

Tourist promoters are rampaging for more state money to advertise Michigan's vacation business. The state is third in vacation visitors, 13th in amount of appropriation. They are asking \$225,000. Last year they received \$225,000.

Michigan's polio rate is sixth in the nation with 1,702 cases—27 per 100,000 population. Iowa leads with a rate of 47.

The state department of health has made what is considered a smart move by applying for a patent on a new antibiotic—a development on the order of penicillin and streptomycin. "Public money financed the research," says Dr. Albert Heustis, commissioner. "Why shouldn't financial benefits come back to the people of Michigan?"

The health department may lose 50 employees if \$168,000 in federal funds is not supplemented by additional appropriations. The state results from a federal policy of cutting non-defense expenditures.

Three more pilot blood typing programs aimed at living blood banks are scheduled for Birmingham, Ypsilanti and Alma. Out of this may come an over-all plan to type the entire state.

Michigan hospital service complains that competition from private insurance companies is ruining the Blue Cross hospitalization plan. Says Charles L. Platts, Detroit Association of Insurance Agents: "MHS is charging insurance companies with making policies too attractive for Blue Cross to compete."

For 10 years the CIO has wooed men of the Great Lakes fleet. Joseph (Big Joe) Curran, president of the CIO's national maritime union says, "We flopped." Pay \$225 monthly plus lodging and food and good food. They don't need help!

## Outlook Is Bright for CHS Basketball Championship Year

### Squad Opens Season Tomorrow Night Against Manchester

By DWIGHT GADD

The 1950-51 Bulldog squad takes to the court tomorrow night at Manchester in their season opener and prospects are brighter than ever for a banner year.

As freshmen, the nucleus of this year's team played together on the reserve squad, then moved to varsity as sophomores and rang up a 12 won, 6 lost record, scoring 68.7 points per game against their opponents' 55.5 (31.4 points per game).

Last season, as Juniors, they improved their season record to 13-5, scoring 69.5 points while holding their opponents to 56.0 points, for better averages both ways—raising their own game average to 38.6 points and dropping that of the opposition slightly to 31.1.

In last year's five defeats, only one was decisive. Milan's 48-30 pasting, while the other four were lost by a total of 14 points, or less.

three and one-half points per game, and when basketball games are close the winning team isn't always the best team.

As was so apparent last year in many games, the Bulldogs failed their namesakes by exhibiting a marked reluctance to mix-it, or scrap, when their opponents played that style of ball and the game got a little rugged. It is hoped that someone will provide that extra competitive spark this year and put some fire in this team when the going does get a little rough.

While this fight ingredient is unknown, the squad has nearly everything else required for success. It has height, fair speed, good team play, fine coaching, and a high scoring potential.

Gone from last year's varsity squad are Bob Vogel, Corky Dreyer, Dave Myers, Bob Toney and Arden Musbach, but Vogel is the only one missing from last year's starting quintet. His scoring loss will be felt but the material should be better over-all this year, with seven lettermen returning.

Leading this year's team is Capt. Marty Tobin, 6'0", calm and efficient, and a fine team player, passer and ball handler. He played both guard and forward last year but will be at forward this season. A better-than-average shot, he sometimes is reluctant to do so, preferring to feed it to a teammate. This is his third varsity season.

At center—6'2" Dave Crocker, last year consistently high scorer, will display his fine work again this season. A fine faker, good board man, and tricky shot, Dave has won two letters, and could become a Chelsea "great" this year.

Teaming with Tobin at the other forward post will be Stan E. Becker, at 5'11", the team's fast boy who calls really "acoot," and with a great competitive spirit and good scoring eye. His speed is valuable on both offense and defense. He has won two letters.

As yet, the guard positions are up for grabs. The other four lettermen are George Heydauff, 5'8"; Ted Slane, 6'0"; Don Schrader, 5'8"; and Buddy Johnson, 6'0". Heydauff has won two letters while Schrader has won one. Heydauff was on the starting five a year ago and is a good ball handler, passer and team man but a low scorer. Buddy Johnson saw considerable duty last year, mostly at guard, and has nice height and a fair scoring eye. Don Schrader and Ted Slane are both competent boys but their play last year was somewhat the "play in the china cupboard" type as they carry over football tactics.

## License Plates Placed on Sale Tomorrow

A. D. Mayer, Chelsea branch manager for the state license bureau, has announced that 1951 license plates for all vehicles will go on sale here tomorrow, Dec. 1.

## Western Michigan Coach To Speak at Football Banquet

Thomas Slaughter, of Western Michigan College, Kalamazoo, will address the Kiwanis club at the annual football dinner on Dec. 4. Slaughter, who came to Western Michigan College from South Haven, is said to be an outstanding coach and very capable in handling boys in his charge. He replaced Buck Reed as the freshman football coach at Western Michigan. Coach Louthen, the present football coach at Chelsea High school, was Slaughter's assistant for two years.

## Farm Group Convention Meets Here

The National Farmers' Guild convention will be held in Chelsea next Tuesday and Wednesday, Dec. 6 and 7. The two-day session will take place in the Knights of Columbus hall and will open at 10:30 a.m. Tuesday with appointment of the various committees.

Tuesday evening at 8 o'clock the meeting will be open to the public and all interested persons in the community are invited to attend. Kenneth Weber, of Brighton, national Farmers' Guild president, will give his annual address. He is expected to deal with various farm problems and topics of special interest to all farmers.

Following President Weber's address there is to be a square dance with music furnished by Fred Gentner and Mr. and Mrs. Henry Orbring.

The meeting and the dance will follow at both open to the public. Free of charge, and local Guild members are urging everyone interested to attend.

Approximately 100 delegates are expected to be present, mainly from Michigan, Ohio, Indiana, Illinois and Wisconsin.

## Four Granges Hold Joint Installation

Four Granges from this area combined their installation services and held a joint service on Tuesday evening, Nov. 21, at Salem Grove church. Installing officers were Mr. and Mrs. Clarence Buss, of Pleasant Lake Grange, assisted by Mr. and Mrs. Lawrence Wheeler, of Webster Grange. Mrs. Vern Panzer was the piano accompanist and Rev. Panzer was the soloist. He sang the hymn, "Abide With Me."

All officers of the four participating granges were installed. Masters of the four granges and the granges they represent are: Franklin Van Valkenburg, Cavanaugh Lake; Roy Kalmbach, North State; Louis Grossman, Layette; and Clarence Buss, Pleasant Lake.

Following the installation service, Clarence Buss gave the National Grange report, assisted by Mrs. Buss.

This was followed by a bountiful lunch served under the direction of Mrs. T. G. Hiemenschneider acting as chairman of the committee for Cavanaugh Lake Grange, the host grange for the meeting.

## Funeral Services To Be Held Friday for John Reule

Funeral services for John Reule are to be held at 2 p.m. Friday at the Miller Funeral Home. Rev. P. H. Grabowski is to officiate and burial will follow in Oak Grove cemetery. Friends may call at the funeral home until the time of the service. Mr. Reule died Monday afternoon at his residence, 418 Wilkinson street. He had been ill for six months. He was a truck farmer in this community for more than 50 years.

Born in Simmersfeld, Wuertemberg, Germany, April 1, 1869, he was a son of Johannes and Anna Reule. He was married in Chelsea in March, 1894, to Christiana Frey. She died Feb. 8, 1943.

## Library Friends Review First Six Months' Work

A well-attended meeting of the "Friends of the Chelsea Library" was held Monday, Nov. 27, in the library rooms in the Municipal building. This was the first meeting of the organization since its formation at a preliminary meeting at the Chelsea library on Nov. 14.

Mrs. John Hale led the meeting by giving interesting facts about the library, who started it, where it began to operate, the small number of books on its first shelf, how the village and the townships, together with aid from the state, have furthered the project until today with a budget of a little less than \$4,000. The library is giving excellent service to the village and surrounding area. It now has more than 6,000 volumes and is open to the public every week day from 2 until 5 p.m.; also on Wednesdays and Saturdays from 7 until 9 p.m.; on Mondays from 11 a.m. to 5 p.m.; and on Thursdays from 10 a.m. to 5 p.m.

A spirited discussion arose when Mrs. Hale told how the books for the library are selected by the book committee. It developed that they have many aids to determine what books should be purchased, but the most important one is the wish of the patron, the person who borrows books from the library. If a book is called for, that weighs heavily in favor of its being purchased and put on the shelves.

The librarian, Mrs. George Walcott, told about the progress of the library, installation of a record cabinet for holding phonograph records which the library loans out to patrons in the same manner that books are loaned. Installation of a cabinet to hold books which have been given to the library as memorials; providing a suitable bookcase for the marking of memorial volumes; and purchase of \$300 of government bonds to serve as a nucleus of a library fund for future use.

All funds of the Friends are deposited in the library treasury and are disbursed by the library board as allocated by the Friends.

The Friends are constituted to receive gifts and bequests for the benefit of the library and to hold, conserve and invest available funds as designated by the donor or testator.

A daughter, Mildred, and two sons, Maurice and Stanley, preceded her in death.

## Old Man Winter 'Pours It On' with Snow, Frigid Gales

Chelsea, together with most of the eastern half of the United States, has experienced severe winter weather during the past week. Rain, freezing as fast as it fell, Thursday night, has made driving extremely hazardous ever since that time. High winds and more snow on Saturday blocked many side roads and crews were kept busy rescuing motorists who got stuck in drifts.

Village streets were cleared for driving within a day or two and, in general, were not as slippery as the highways and country roads.

A special Air Force inspection board including General Carl Spaatz, former chief of staff, was scheduled to visit the Waterloo area on Tuesday of this week but the inspection tour was called off because of the heavy snow and icy road conditions. Inspection of the Waterloo area as a possible Air Academy site had been scheduled for some time.

In spite of the hazardous driving conditions of the past week, local police reported no serious traffic accidents.

## Al. Mshar's Father Dies Sunday at Ann Arbor Home

Nicholas Mshar, of 509 West Liberty street, Ann Arbor, father of Alex Mshar, of Chelsea, died Sunday after suffering a heart attack while shoveling snow in front of his home. He was taken to St. Joseph's Mercy hospital but was pronounced dead on arrival.

Funeral services for Mr. Mshar were held at 10 a.m. yesterday at the Staffan-Hildinger Funeral Home in Ann Arbor, followed by burial in Oak Grove cemetery here. Rev. David Bryce, pastor of the Chelsea Methodist church, officiated.

Mr. Mshar was born in Russia Nov. 6, 1889. When he was 16 years old he worked his way to the United States on a cattle boat. For many years he was employed as a presser in the cleaning industry and at the time of his death was so employed with the Gold Bond cleaners of Ann Arbor.

Mr. Mshar was married in St. Louis, Mo. on Oct. 27, 1913, to Barbara Pruska. They lived in St. Louis for two years and then moved to Detroit where they resided until coming to Ann Arbor in 1938.

Survivors are the widow; two daughters, Miss Helen Mshar, at home, and Mrs. Jenny Parkes, of Los Angeles, Calif.; the son, Alex, of Chelsea; four brothers, Steve, of Jeannette, Pa., Andrew, of St. Louis, Mo., and two in Russia; and a sister, also in Russia.

QUEST SPEAKER AT YOUTH FOR CHRIST RALLY

Rev. R. I. Millan of Los Angeles, Calif., will be guest speaker at the first December meeting of the Dexter-Chelsea Youth for Christ. Under appointment as a missionary to Brazil, he is making a number of speaking engagements at various places enroute. A special program of musical talent will be presented and everyone is especially urged to attend this rally at the John Sterling residence, 12670 North Territorial road on Saturday, Dec. 2, at 8 p.m.

## Teachers Ask Board for 'Cost of Living' Boost in Pay Scale

### Stores To Remain Open Evenings, All Day Thursdays

Business hours for Chelsea Christmas shoppers were decided upon at the Chamber of Commerce meeting held Tuesday, Nov. 21, in St. Paul's church hall. All business places will remain open Thursday afternoon, Dec. 14, and every day (including Thursday, Dec. 21) until 9 p.m. from Monday, Dec. 18 through Saturday, Dec. 23.

At Tuesday's meeting it was also decided to hold the annual Chamber of Commerce Christmas dinner and ladies' night for members and friends, Dec. 18, at St. Paul's church hall.

Teachers' contracts were signed last April and since that time, the committee pointed out, the cost of living has increased more than five per cent and is still increasing.

Terms were discussed at some length and a tentative offer made for the committee members to take back to their organization. It is hoped that some agreement will be reached and action on the matter taken at next week's meeting of the Board of Education.

School Board officials pointed out that because of the extra expense this year caused by the necessary reinforcement of the east wall of the High school, the school district's budget has been severely taxed and ways and means to provide an increase in salary are really a problem. The members of the committee, however, felt that the sagging wall was not included when the budget was made up last summer.

A very hard-looking tramp stopped at the Canfield school on M-92 last Wednesday afternoon. He was dirty, ragged and looked as if he were much in need of clothing, food and a place to stay. He asked the teacher, Claude Deatrack, for something to eat. The teacher told him that there was no food there. Then the old fellow began to cry and told Mr. Deatrack he hoped sometime he would be as "down-and-out," as he, himself, was.

By this time some of the school children dug up a sandwich for the old fellow and he thanked them and went on his way. Mr. Deatrack thought he had seen the last of the old fellow, but when he arrived home from school later his wife met him at the door and asked him why he had hired such a character, and then Mr. Deatrack saw the old fellow seated at the table eating "like mad."

Mr. Deatrack met the situation with a "Howdy, Mister," all the while looking at him with loathing. The old man said "This is the best I've been treated all day." Mr. Deatrack muttered "It's not going to last."

By this time Mr. Deatrack noticed he had company in another room, arrived to surprise him for a Thanksgiving visit. They were his brothers Clyde and Dick Deatrack and their wives, of Paulding county, Ohio, and Port Deatrack, of Morenci.

With much laughter it was soon disclosed that the old tramp was a schoolmate of 40 years ago, Otis Weible, now of Geraldine, Montana. His wife was also with him. Upon identification, the "old tramp" was made more than welcome and the men spent most of the night reminiscing about their school days in Paulding county, Ohio.

They all had Thanksgiving dinner together at the Deatrack home and were joined during the afternoon by another old schoolmate, Ralph Keezer, who lives near by. Also callers during the afternoon were Mr. and Mrs. Wesley McClain and sons Buster and Clifford.

Mr. and Mrs. Everett Irish and daughter, Betty, of Lake Orion, were Thanksgiving guests of Mrs. Elvira Visel.

Reception Will Honor Mrs. Skentelbury

Members of the Congregational church are giving a reception in the church parlors Sunday afternoon, Dec. 3, for the pleasure of Rev. and Mrs. W. H. Skentelbury who were married Nov. 19. Everyone in the community is invited to attend.

The reception hours are to be from 3 until 5 o'clock.

### Board Members Seeking Ways of Stretching Budget

A committee representing the Chelsea classroom teachers appeared before the Board of Education Monday evening with a request for an adjustment of salary scales to allow for the rising cost of living. Members of the committee are Miss Mabel Fox, Miss Nicholena DeRose, Mrs. Lucille Kelly and Joseph Fischer.

Teachers' contracts were signed last April and since that time, the committee pointed out, the cost of living has increased more than five per cent and is still increasing.

**FURTHER CURBS** on civilian use of scarce metals such as steel and aluminum, a revolt of business generally against enactment of an excess profits tax at the coming session of congress, anxiety over what is happening in the Far East with regard to Communist China and other nations, and conjecture over just what results of the election meant in terms of the nation's economy occupy of Washington.

There are obvious indications that the needs of defense are slowly eating into the nation's supply of steel, aluminum and other materials which go into the production of armaments and other needs of the military in building a 3,000,000-man army and a commensurate navy and air force. Result: cut-backs in the use of materials in short supply for non-essential needs or commodities. There also is every indication that the nation's production business is now in a twilight zone of uncertainty about what is going to happen to producers of non-essential commodities. This twilight zone also extends to the controls agencies already set-up, for the reason that there has as yet been no clear picture of the extent of the demands to be made by defense agencies.

Therefore these agencies are, for the most part, working in a twilight zone, and, as this is written, there is no doubt but that within the next few months, however, mandatory controls over production, prices and wages will be made rigid and that the country will face an austerity program which will be felt as keenly as was the case during World War II.

Statements by Sen. Robert A. Taft of Ohio and Senator-elect Everett Dirksen of Illinois, critical of the administration foreign policy and the announcement by Sen. Arthur Vandenberg of Michigan that his health would permit him to be on hand to do battle for the bipartisan foreign policy when the 82nd congress convenes promise a bitter struggle in the early days of that congress. The newly elected

GOP members of the congress, together with those re-elected, seem to believe they have a mandate from the people to make some changes in the nation's foreign policy. Just what tack they will follow, there is no indication, except by past performances of those who have already served. These Republicans, for the most part, have voted against the main features of this so-called bipartisan policy, or have voted to cut it or cripple these policies.

Also, observers here have pointed out that Sen. Joseph McCarthy of Wisconsin and those who supported him in his attacks on Dean Acheson, secretary of state, and alleged Communist infiltration in that department believe they have been vindicated at the polls. If that is true, and this probe continues, Washington will be an unpleasant city in which to live, for suspicion, distrust and disunity will walk the streets, will stalk the corridors of the beautiful public buildings. These observers believe the pressure will become too strong even for President Truman, so Acheson, a fighter, and one of the ablest men in Washington official life, likely will be forced to step out in the interest of the President.

President Truman's political advisers have spoken out against a special session of the congress, and, as this is written, there is likelihood that no call will be issued. Those close to Mr. Truman can see little advantage in bringing the congress in a month earlier for a lame duck session, when the next congress might undo everything done. Only threat of outright war with Red China or Russia is likely to bring the legislators back to Washington before November 27.

Big business is building up a tremendous lobby to do battle against enactment of an excess profits tax. They admit that additional taxes should be levied in the form of an increased corporation tax, but want some other form of bill to replace the old war-time profits measure.

The Stewardship of Money  
Lesson for November 26: II Corinthians 9: 6-8 Philippians 4: 10-18.  
Memory Selection: II Corinthians 9:7

ONE OF THE STRANGEST characters of whom we read in the Old Testament was Melchizedek, "King of Salem and priest of the most high God." Tithes were given him by Abraham when he returned from the pursuit of the banded kings who had despoiled Canaan. Thus early in the history of religion was the tithe recognized as that which a man should return unto God.

The law of the tithe is enlarged in the New Testament into the law of stewardship. All man has comes from God and is to be used by him as a sacred trust. Nothing he has is really his own—to be used just as he pleases. It is to be devoted to the service of God. A man must give all he can, and he should not fall below the ancient tithe. Let every Christian realize his duty with respect to the money that God entrusts to him. For Christian living is bound up with Christian giving.

Blessings come with faithful stewardship. Paul reminds the Corinthians that he who sows bountifully will reap also bountifully. And in writing the Philippians to thank them for their care of him, he states that their gifts met his needs and were a "sacrifice acceptable, well-pleasing unto God."

So can we find joy and satisfaction in giving, knowing that we share with our Lord and Master as we share with others. Jesus does not need our gifts for himself, but he needs them for his work.

CHILD PERFORMERS. Talented singers, dancers, musicians inspire your own children to learn faster, practice longer, willingly cultivate their own talents.

DRAMA for young and old—The brightest stars of the theatre now perform to millions—bring the great plays of all time to audiences who never before could see them.

THE WONDERFUL world of make-believe—Experts say every child needs it as part of his normal development. And it makes mother's life a lot easier—especially on rainy days.

ADVENTURE—American kids have "gone western" and taken their parents along. Rootin', tootin' westerns are fun for all—stimulate a healthy love of outdoor life.

LAUGHTER under your roof—the shared pleasure that binds your family closer. The greatest comedians of the entertainment world are in your living room every night on TV.

Mrs. Franklin D. Roosevelt

United States Delegate to The General Assembly of the United Nations says:

"To me television offers a magnificent opportunity to increase the education which we make available to the children of today. If parents will supervise carefully the type of show and the time spent by children watching television, they can see the best that television has to offer, which can bring much enjoyment and much that will be valuable in their education. Of course, I am a firm believer in the supervision of children's reading habits, and now that we have television, I think that the same thing should be true for television. It is a parent's duty to see to it that the children get the best in books and the best in television entertainment and education."

## Our Neighbors

Saline—Someone blasted the window in the Hoeft Gulf station on East Michigan avenue Sunday shortly after midnight with a shotgun which was evidently aimed at a clock on the wall inside, scoring a bulls-eye. The blaster then took off at high speed in an automobile, only to repeat the trick at a building at the intersection of US-23 and M-17. No clue was obtained as to the identity of the person or persons who performed the despicable stunts.—Saline Observer.

Dexter—The Board of Education of Dexter Agricultural Schools and Superintendent Kenneth Lettinger, have been visiting school buildings, studying the community's needs with reference to future building plans for the past two months and are now ready to interview architects hoping to make a selection by Dec. 1. USE GAY colorful dories for

mealtimes whenever possible. It's a drop spill, you'll have only one dolly to wash in place of a whole, large tablecloth.

If you're thinking of saving time serving a first course of fruit or vegetable juice, don't give it up readily. A small glass of the juice can be placed on the table next to the water glass, and it can be slipped while you're serving the main dish.

Use little sauce or side dishes only when you're having such foods

## RECIPE OF THE WEEK

Apple Crisp (Serves 8)

2 1/2 pounds (8 cups) sliced, tart apples

1/2 cup sugar

1 teaspoon cinnamon

1/4 teaspoon nutmeg

1/2 teaspoon grated lemon rind

1/4 teaspoon salt

1/2 cup butter

1 1/2 cup crushed cornflakes

Wash, peel and core apples. Slice 1/4-inch thick. Mix together sugar, spices, lemon rind and salt. Layer apples in greased casserole, and sprinkle each layer with sugar mixture, cornflakes and dot with butter. Repeat until all are used, leaving a larger portion of the cornflakes and butter for the very top layer. Cover and bake in a moderate (350°F.) oven for 15 minutes. Uncover and bake for about 30 minutes longer or until apples are tender and the top crisp. Serve with cream or hard sauce.

as really need them, like stewed tomatoes, vegetables in sauce, or cream-style corn.

A three way platter saves dishes and space on the table. You can place meat in center or on one side, then potatoes to the other side, and vegetables next to them or to the meat. It's a pretty way of serving.

Plan to cook and serve in the same dishes whenever possible because of the time and dishes saved, as well as the fact that you can bring them to the table at the peak of perfection.

Every now and then, add variety to serving, by preparing the plates in the kitchen. Arrange the plates right near the range where you can serve them easily, set them on a tray and bring the dinner, all served, to the table at one time.

It was torture being with her trying to be nice as per Jim's request, and yet at the same time maintain his equilibrium. Judy didn't help. She didn't exact flirt but on the other hand she

An alarming thought flashed across Jerry's mind. Suppose she felt toward him as he felt toward her? Suppose Fate was handing her a rotten deal, too? Suppose

she had believed, sincerely, that she loved Jim, but now that she had met Jerry—well, it might be one of those things, you know. In this case, Jerry decided, she would look to him for deliverance. Whatever happened he would have to assume the responsibility.

Jerry could only think of one way of being masterful. It was an old gag, but it usually worked. He must profess interest in another man. Who? Julia Walters, of course.

## MICHIGAN MIRROR

(Continued from page one)

One of the gubernatorial campaign issues in Michigan was the increase in Michigan Bell Telephone Company rates, granted last June by the Public Service Commission in a two-to-one vote. Gov. Williams pledged appointment of a commissioner in 1951 who would vote against higher telephone rates. Outcome of the Williams-Kelly recount may have an important bearing on another rate increase, soon to be requested by Michigan Bell as a result of new pay boosts for employees.

## ★ WORLD NEWS IN PICTURES ★

**THAT'S THE TICKET**—When Mr. and Mrs. Sidney Babishkin of Long Beach, New York, heard that a local hospital was giving away a \$20,000 "Dream House," they bought a ticket in their daughter June's name. It's easy to see from the lot's smile here that her ticket won.

**"NOW YA SEE THIS THING HERE?"**—Surrounded by a group of interested British infantrymen, Pte. Alva Cole of Travers City, Mich., takes his carbine apart as he explains its mechanism to the newly arrived UN reinforcements at a staging area near the front lines in Korea. By their distinctive headgear and insignia it is plain to see that this group is from one of the Scottish regiments, famed as "the ladies from hell," a name given to the be-kilted warriors by their enemies in two world wars.

**PRIZE FOR RED CHINESE?**... This is an air view of Shigatse, Tibet, second largest Tibetan city. Chinese Communist radio at Peking has announced that China's army has marched into Tibet "to free millions of Tibetans from imperialistic oppression." The mountain-plateau land of Tibet covers 475,000 square miles. It broke away from China's domination in the 1911 revolution.

**BALMY DREAMS**... Cpl. Pat Murphy, Coral Gables, Fla., makes like he was home again in Florida.

**MIRACLE CASE**... Dr. Preston Haynes and Dr. Leroy McDowell, Washington, D.C., discuss case of a woman who apparently died during childbirth and was then revived 10 minutes later by Dr. Haynes.

**MSC MEMORIAL CHAPEL**—Michigan State College began construction in October on a \$170,000 all-faith memorial chapel, honoring approximately 500 Spartan alumni killed in all wars in which the U.S. has been engaged. The structure, financed by contributions of MSC alumni all over the world, is expected to be completed in the early spring of 1951. The chapel will be located directly across the Red Cedar river from Shaw hall and will seat more than 200 people. It will be open at all times for use by students, alumni, faculty and visitors.

From where I sit... by Joe Marsh

I Have A  
"Close Squeak!"

Spent last Saturday morning wandering all over the house. Wherever I went—upstairs or down—I kept hearing a "squeak." Couldn't find out where it was coming from until noon-time when the missus came home from her weekly shopping.

"Listen," I says to her, "hear that squeak?" I started walking real quiet-like across the kitchen and there it went—again! "Joe Marsh," she laughs, "that is nothing but your suspender clips rubbing back and forth when you walk!" And darned if it wasn't!

From where I sit, I'd been let-

ting a little thing become a serious problem. Like some little difference of opinion or taste will start off a great big argument. I may prefer a temperate glass of beer with my dinner—while the missus likes tea—but we figure that no two people have exactly the same likes and dislikes. So, why get all "het up" about it?

The moral is, check your suspenders—and check your temper when it comes to little things.

Joe Marsh
