

Gov. Williams, who has been waiting since Jan. 5 for administration bills in the legislature, perhaps has made his move. Aides reported nothing had been done on the financial problem or the mental hospital situation. "Soon we (Democrats) will start dumping in our own bills," they said.

Suddenly the long-awaited four percent corporations tax bill came out of the brush. It was introduced by Rep. Walter N. Hill of Muskegon; yes, he is a Democrat.

However some bi-partisan legislation has been introduced. A fair employment practices bill has come in and the proposed amendment for annual sessions will be on the ballot April 2. The administration favors both of these moves.

But the governor now is wrapped up in long range civil defense. He is sharply interested in the St. Lawrence river seaway. The governor might be forced in case of all-out war to use Labrador and South American iron ore. Without a seaway this supply would be unavailable to Michigan except at great expense.

Destruction of the Sault locks would cut the state's vital industries off from their raw materials. The Mesabi range still is producing—but complete war might exhaust this reservoir. Any of these things could cause industry to move east.

A civil defense production council has met and agreed on a survey of existing facilities in Michigan for war and defense contracts. Also it recommends a Michigan office in Washington to keep state manufacturers informed of defense needs. The sum of \$58,000 will be needed to complete this fiscal year program.

The governor told the council he would work on the plan on his next Washington trip.

He promised also to investigate possible federal funds for the proposed Mackinac bridge. A plan has been submitted by the Michigan Bridge Authority which is considered feasible financially and structurally. Another report will be made in May.

Abolition of the Michigan Unemployment Compensation Commission has been recommended by its own commission chairman, Tom Downs. Says the agency should be put under one head; that "the four-man commission occupies itself with too much administrative details and ignores policy-making." The charges were put by the agency under more direct control of the governor.

In addition to the question of annual sessions (instead of one regular session) the governor is calling special sessions. Michigan voters will decide on two other amendments at election time. These would provide a \$500 death benefit to heirs of servicemen killed in the Korean war and \$3,000 pay raises for the six state supreme court judges.

Sen. Charles R. Feenstra (R-Grand Rapids) has sponsored a bill making it a misdemeanor to hire a migrant worker who has not a health certificate stating the laborer is free from tuberculosis.

Barring total war, there will be gasoline apathy next summer, according to oil company heads. They predict ration-free fuel of the same octane as now being marketed.

Meanwhile the state highway department now spread all over Lansing looks to an increased gasoline tax to boost dwindling road repair funds.

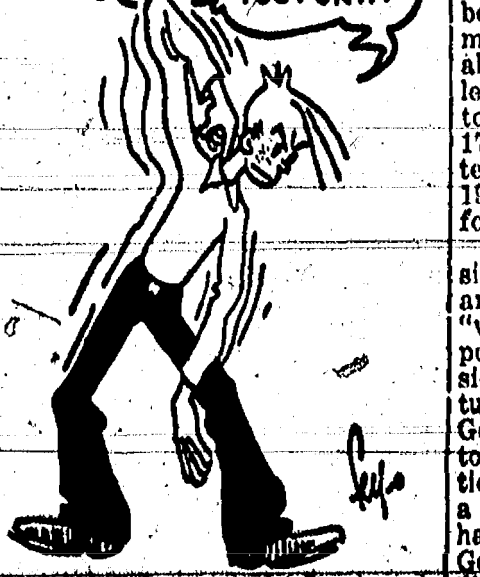

Purchase of 2,471 acres suitable for blocking in two wildlife project areas and expanding 10 established state game areas has state conservation approval. Total cost will be \$74,874.

Sen. Arthur H. Vandenberg's announcement that he will resume his duties in Washington soon again brings up the question of his 1952 retirement. Gov. Williams remains silent on his possible career.

First Plans Presented for New School

Two representatives of the architectural firm of Louis C. King, Scott and Associates, Inc., were present at Monday's Board of Education meeting with preliminary plans for the new elementary school to be built here.

The architects' main purpose in attending the meeting was to receive the Board's go-ahead signal on the detailed planning on the proposed school building plan as previously outlined. This detailed planning will require about a month, Board members were told. After approval by the Board at that time the plans will be turned over to building contractors so they may prepare bids to be submitted.

The date for opening of the bids will be announced as soon as it can definitely be set, school officials said.

School officials have asked architects to plan for 14 classrooms, office space, a combination health clinic and teachers' room, two smaller rooms, one for storage and one for library books, an individual rest room for kindergartners, two boys' rest rooms and two girls' rest rooms, a kitchen and a boiler room. The building, as planned at this time will be "L" shaped and arranged for possible future expansion.

Outside construction will be brick veneer.

There will be no basement. Directional glass block will light all rooms from two sides. The kindergarten room is to have separate grade entrances leading directly to the doors and a separate play space is planned especially for kindergarten use. All other rooms will open on inside corridors.

The amount of money made available by approval of the \$258,000 bond issue will not allow for a special all-purpose room but the plan provides for a movable partition between two classrooms adjacent to the kitchen. With the partition opened up the space would answer the purpose for the present. Tables and chairs would be used by pupils in these rooms instead of the usual fixed desks.

The bond sale is being advertised and bids will be opened at a public meeting at the High school on March 14. Approval of the bond issue by the Municipal Finance Commission of the State of Michigan was granted this week.

Hallenbeck Resigns Road Commission Post for Park Development Position

News of the resignation of Kenneth L. Hallenbeck as superintendent-manager of the Washtenaw County Road Commission, announced after a Road Commission dinner meeting last Wednesday, was received by local road workers with mixed feelings. Wilbert Breitenwischer, Chelsea yard foreman, said, "He spoke for the entire Chelsea crew when he said that the announcement brought a feeling of deep regret that the pleasant association of many years was to end and also, a feeling that congratulations were due Hallenbeck because of the opportunity that has come to him in the form of the post he has accepted as director of the Huron-Clinton Metropolitan Authority. Breitenwischer has been employed by the Road Commission since March 4, 1921, just about two months less than Hallenbeck's record on the county on Jan. 17, 1921. Before becoming superintendent-manager on January 1, 1935, he was chief office clerk for the Commission.

Speaking of his decision to resign, Hallenbeck told The Standard yesterday that while he was "very reluctantly" giving up his position with the Road Commission, which he felt that the Huron-Clinton authority which he "could not afford to pass up." The offer of the position was made to Hallenbeck about a month ago, he said. The position has been open since the death of George W. McCordie, engineer-director, last October.

HAIL THE CHAMPIONS—Climaxing an undefeated season in which they won 16 consecutive games, the Chelsea High Bulldogs defeated Milan Saturday night in Yost Field House, Ann Arbor, 42-30, to annex Chelsea's first Huron League crown. Members of the "Victory Squad" from left to right are (front row) Coach

John Magiera, Stanley Knickerbocker, Jerry Lehman, Dave Crocker, Marty Tobin, Ted Betts and Manager Victor Gauthier; (back row) Don O'Dell, Dick Merkel, Ted Slane, Buddy Johnson, George Heydlauff and Stanton Walker. 'Army' Story Is Denied by Chrysler Co.

Announcement by the Chrysler Corporation two weeks ago that the Sylvan township "mystery project" was to be used as a proving ground for their cars and passenger trucks has failed to stop rumors about the 3800-acre tract of land and its ultimate use.

Yesterday there was wide circulation of a story purporting to have originated with "reliable sources" that "Chrysler is turning the area over to the Army this week."

Leading support to this rumor, residents of the community reported that Army trucks and jeeps have been seen entering the project area and that some people were told that "one of the big tanks will be here in a day or two."

Spokesmen for Chrysler in their public relations office would say only that Chrysler has for some time been working with the Army in developing and testing military vehicles and will go on doing so, but that the information saying the proving ground area was to be turned over to the Army was "nothing but rumor" and "not worthy of the dignity of a denial."

The reaction of many people in the Chelsea area to the proving ground announcement was that it seemed a little queer that it should have been kept secret for so long if that is all there is to it.

Meningitis Attack Proves Fatal to Mary Ann Hafner

Mary Ann Hafner, who was stricken with meningitis last Saturday morning, died at 10 o'clock Wednesday morning at University Hospital, Ann Arbor.

A sophomore at Chelsea High school, she had attended classes last Thursday but remained home Friday because she was not feeling well. She was taken to the hospital Saturday morning after becoming unconscious and never rallied.

Funeral arrangements are being made by the Miller Funeral Home. Services have been tentatively set for 10 a.m. Saturday at St. Mary's church, with Father Lee Laige officiating. Burial is expected to be in Mt. Olivet cemetery. Friends may call at the residence, 661 West Midway street.

Mary Ann was born in Sylvan township, Aug. 3, 1934, a daughter of William and Mary Honeck Hafner. Her father died suddenly May 9, 1950.

She attended St. Mary's school until the entered Chelsea High school last year.

Survivors are her mother; five brothers, Charles, Leonard, Lawrence, Leo and Dennis, all of Chelsea; five sisters, Mrs. Genevieve Brown of Dexter; Josephine of Coldwater, Norma; Barbara Lou; and Gloria, at home; and a number of aunts and uncles.

The Chelsea Fire department made a run to the Luney Marshall residence on West Middle street shortly after noon Sunday when the garage caught fire and was slightly damaged. The fire department report listed burning rubbish as the cause of the fire.

Donald Alber Named Civil Defense Head

DONALD ALBER

Donald Alber is Chelsea's new civil defense director, having been appointed by Village President M. W. McClure to replace Willard Guest who resigned. Guest, who was appointed to the post last July, said he was forced to curtail all outside activities for the sake of his health and because of increasing business demands.

Guest and Alber met Monday evening to discuss what action had been taken here to date and Alber said yesterday that it was his opinion Guest had done a fine job getting the civil defense set-up started in Chelsea. He said everything the state recommended has been done here—such as making various surveys, planning for evacuation of the entire town in two hours; planning emergency housing; arranging for emergency fire and public utility procedures; and listing hospital facilities.

Alber said he has recently received some new information, including posters and pamphlets on certain phases of civil defense. He plans to call a meeting soon of all committee members and make plans for future activities. One of his first objectives, he said, is to contact all organizations in the community and acquaint them with civil defense methods and plans.

Farmers Entertained by Kiwanis Club at Annual Affairs

Kiwanians had 66 guests at their annual Farmers' Night dinner meeting in the social center of the Methodist church Monday evening. Following the dinner several numbers were presented by a Hartland trio composed of Immanuel Johnson, M. M. Cartwright and W. F. Deering.

Following the musical portion of the program, Johnson showed pictures he took while on a mission in Italy aiding in establishing a new and modern paint factory in Milan which had been constructed with ERP funds. The pictures were interesting scenes of historical spots as well as of picturesque settings.

Undefeated Season Climaxed by Victory over Milan Varsity

Victorious Squad Plays Tonight in District Tourney

By DWIGHT GADD

Chelsea High's Bulldogs wrote "finis" to a grand and glorious regular season schedule last Saturday night at Yost Field House as they knocked Milan's Big Reds out of the Huron League throne room, 42-30, to end a reign of six straight years by Milan, and to take the crown for the first time for Chelsea.

It was Chelsea's sixteenth consecutive win of the year and their seventh straight in the league. And, for Milan, it was only their second defeat compared to twelve wins, and, again, if memory serves correctly, it was their worst defeat in many years.

Both teams were off form in this title contest so it wasn't quite the scoring battle that was expected. Chelsea's 42-point total was their lowest of the year and under their game average by 16 points.

Chelsea took the lead in the opening minute on Betty's tip-in, and after Milan tied it up 2-2 Crocker's lay-up shot gave the Bulldogs a lead they never relinquished. At the quarter they led 10-6 and at the half, 23-16.

While Chelsea's third quarter wasn't as big as most others this season, it was large compared to Milan's, for the Bulldogs poured in 13 to Milan's 4, for a commanding 36-20 lead at the three-quarter mark. Chelsea expanded their advantage to 40-23 midway of the final period and then attempted to stall away the remaining time.

The stall, however, wasn't too successful for Milan closed the gap and outscored the Bulldogs in the last quarter, 10-6, to make the final read, 42-30.

A wild and happy Bulldog team carried Crocker, high man again with 23 points, off the floor amid the roar of the crowd. The victory for the Bulldogs was a successful for Milan closed the gap and outscored the Bulldogs in the last quarter, 10-6, to make the final read, 42-30.

Three members were added to the membership roll Monday. There are now 56 members in the group and Mrs. Stephen Slane, the president, said this represents an increase of 30 per cent over previous membership.

Janet Widmayer and Sandra Baldwin attended the meeting as representatives of the Journalism club.

The March meeting is to be combined with Parents Night at the school.

The refreshment committee for Monday's meeting included Mrs. Harold Widmayer, Mrs. Lowell Davisson, Mrs. Russell Baldwin, Mrs. Otis Titus and Mrs. William Koib.

Jackson County League champion this season with Chelsea Center knocking out Hanover Horton last Friday night to do it, so Center can come up for the big ones.

Center plays control-type ball, are aggressive, and own a 13-3 mark for the season. Dick Dean, Dick Maguire and Hal Hicks pace the Centerites. In Hanover-Horton the meet has another high-scoring combo—just a little under Chelsea's. Two forwards, John Perry and Al McClure, have paced H-H to a 15-2 record this year. Hanover-Horton had won 15 in a row until last Friday's defeat by Center, and that win gave Center a string of 11 straight as they start the tournament trail. Chelsea should take it all in stride at Center but they will have two tough games to win on the playing floor, not in the dressing room reading their press clippings.

Last night Hanover played Napoleon and tonight Chelsea meets Michigan Center at 9. It should be a whole of a good game.

See you at game time!

If they succeed tonight the Bulldogs will meet the winner of last night's game on Saturday night at 9.

Anton Nielsen Will Head People's Slate

Warren Daniels, who was named at the Feb. 19 caucus as the People's party candidate for president of the village withdrew last week and Anton Nielsen was named to run for the office, party committee chairman, A. D. Mayer announced yesterday.

Lowell Davisson, named as a candidate for councilman, also withdrew and Raymond Canine has been appointed in his place.

The election this year will be held in the Sylvan Town Hall, village officials here announced. Ordinarily village elections are held in the Municipal building. Fire engines must be moved out of the building to make room for the election booths and the election board members and it was deemed advisable this year to hold the election in the Town Hall. Thus, the fire equipment need not be moved.

The election is to be held Monday, March 12.

Rev. P. H. Grabowski Will Be Speaker at Union Lenten Service

Rev. W. H. Skotland was the speaker at last week's Union Lenten service held in the Methodist church. Last night's scheduled speaker at the service at St. Paul's church was Rev. David Bryce, of the Methodist church.

Next Wednesday, March 7, the weekly service will be held at the Methodist church with Rev. P. H. Grabowski as speaker.

HIS SECRET IS OUT—John Hanna, the Detroit realtor who purchased the 3,800 acres of farm land in Sylvan township for the Chrysler Corp. proving ground is shown above as he was speaking to members of the Chelsea Chamber of Commerce last week. Hanna had accepted the invitation to attend as a guest before the secret which he had kept for four years had been disclosed. Speaking of the Chrysler Corp., Hanna said, "They are good people to work for." Shown with Hanna from left to right in the above photo are Dave Mohlock, Howard Filtoft, Keel Keengster and Emanuel Bohnmiller.

THIS WEEK IN Washington

THE DEPARTMENT OF DEFENSE announced during this past week that defense spending has jumped to \$5 billion per month. That means only one thing, that there will be in the near future another order from the national production authority further restricting the list of essential civilian goods and further cutting allocation of materials for non-essentials.

This military spending figure jumped from about \$2 billion a month back in November and December, so when the orders get into production it will take quite a bite out of the materials supply. And when the producers go to filling these military orders under a priority rating, there just won't be enough left over for the non-essential commodities now being produced for civilian consumption.

There are many folks who believe that because the retail stores are filled with all the gadgets and household appliances and stocks seem plentiful, this talk of scarcities is phoney talk. These folks are kidding no one but themselves. For right now, as was pointed out above, is the lag between placing of defense orders and getting the tanks and planes and guns and ships in the works. The military, for instance, expects new medium tanks to be coming off the assembly lines about June. Heavier tanks later in the year. And so this lag is the last thing of manufacturers before the high clamp-down comes. Many sources of materials have already disappeared, insofar as civilian goods are concerned.

There have been many complaints from small business firms for these get hurt first, for many small unessential items manufactured by small firms have been hit first. Industry advisory committees on both the allocation and pricing fronts, however, working with controls agencies are seeking to correct some faults in the distribution of materials.

It appears that Price Administrator Michael DiSalle is going to stake his reputation to sink or swim on the issue of meat. Many

representatives of the meat industry are coming down here to Washington to tell him and others it is impossible for him to control either the price or the amount of meat and that he is just building up black markets. Mr. DiSalle, however, doesn't believe them. He has issued a livestock order, covering beef, pork and lambs. This order (1) prohibits any one who has not been in business from Jan. 1, 1950, up to Feb. 9, 1951, from engaging in the business of slaughtering; (2) forces all current slaughterers to register with the OPS; and (3) prohibits these slaughterers from killing more than a certain quota, based on their business during the past year.

Now Mr. DiSalle, having also provided for heavy penalties for violations of these orders, is seeking to find a way to fix the price of livestock on the hoof, and it won't be long before such an order is issued. At present, live animals are not included in the price freeze, although the freeze starts at the first point after slaughtering. Congressman Harold Cooley (Dem., N.C.), chairman of the house agriculture committee, the other day said he was tired of having people blame the farmers for the high price of meat and declared farmers have no control over the price of meat.

"As long as there is a reasonably adequate supply of beef, which there will be as long as farmers are left free to produce in abundance, the price of beef and other meats will continue to reflect not what the farmer would like to get for his animals, but what the consumer thinks it is worth," Congressman Cooley said.

"And," he continued, "if the American consumers don't think the farmers' produce, let's say specifically, meat, is worth the price at which it is selling, they can bring it down overnight by refusing to buy meat at the prices quoted. Poultry, eggs, dairy products, beans, fish—all contain high quantities of protein in nutritious and palatable form."

SEC. 19. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the 20 days next preceding any election or primary election, provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided 20 days next preceding any election or primary election.

The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. Some activity has been noted the past few days in the old Conrad Kieselweird farm house on Heim road. This is one of three houses still remaining on the project and is located near the south entrance gate. Observers believe it is being readied for occupancy, possibly by a caretaker.

The other two houses remaining are the Maroney place near the Fairchild road entrance to the project, and the Worthley home-stand on Warthol road. The latter was once reported sold but has never been moved.

●The fire which drove 18 bureaus and agencies out of the rabbit warren of the state office building is all but forgotten—except by the legislature and the state employees who now are located in 60 squalid huts at Michigan State College. State offices in private buildings at Lansing now cost taxpayers \$300,000 a year rentals.

Public Library Hours Extended

Officials of the Chelsea Public Library announced today that hours have been extended to include 11:30 to 5 p.m. on Monday, Tuesday and Saturday; 2:00 until 5:00, Tuesday, Wednesday and Friday, and 7:00 to 9:00 p.m. Wednesdays and Saturdays.

According to library reports, 443 new books have been added during the past year making a total of 6,481 now on the shelves. Circulation for the last full year was 18,803 books and 814 records.

Many new children's records, which are unbreakable, have been added to the library collection recently. The fifty-eight albums of classical records, recently given the Chelsea Library by an anonymous donor, will be allowed to circulate to the general public, according to recent action taken by the library board. Circulation of the rare and fragile records will be tried at first without too rigid restrictions, other than that damage must be paid for.

The library board also announced yesterday that employees of the Federal Sewer Works have contributed a substantial sum of

money for books to be placed on the Memorial Shelf in memory of the late Miss Helen Hutzel. Printed cards, which announce the placing of books on the Memorial Shelf, and which are suitable for sending to the family of the deceased, are being planned by the board.

Mrs. Immanuel Johnson, of Fenton, Mrs. Henry Johnson, of Grass Lake, Mrs. Walter Leonard and Mrs. Kathleen Hatt were Monday evening guests of Mrs. Anton Nielson.

FOE LADIES' AUXILIARY

Six members of the Chelsea Foe Auxiliary attended a get-together of Auxiliary members at Lansing Sunday, Feb. 18 and were impressed with reports and talks heard there. Main speakers at the gathering were Devere Watson, past national Foe president, and Warren T. Manning, administrative director, both of Kansas City, Mo., and Mrs. Georgia Walker, editor of the Eagles' publication, from Milwaukee, Wis. The reports given were mainly on the work the Eagles are doing to combat polio and cancer.

Watson's talk included a description of the Eagles' work among orphans of World War veterans. He specifically mentioned a case where three children in one family had been forced to give up their school work in the belief that they were suffering from eye conditions pronounced incurable. Through the efforts of the Eagles organization their eyesight was restored and they returned to school to finish their education.

The two older children, now grown, are holding responsible positions at present, Watson said.

He said many people have formed the opinion that the Eagles organization is for pleasure only when the organization really helps, not only veterans and their families, but anyone who is deemed in need of it. He concluded by stating that a "welcoming hand" is always extended to any respectable citizen to join the Foe and share in the work it is doing.

Chelsea Foe Auxiliary members who attended the Lansing meeting are Marie Corey, Gertrude O'Dell, Clarice Keezer, Lottie Curtis, Ida Carty and Thelma Franklin.

STORK SHOWER

On Wednesday night of last week Mrs. Harold McDonald was honor guest at a stork shower given at Cavanaugh Lake by Mr. and Mrs. Hazel Leach. Music and cards furnished entertainment for the evening with high prizes going to Glen Britton of Jackson and

Mrs. Fred Prinzing of Chelsea and low prizes to Allen Broesamle of Grass Lake and Mrs. Leonard Peacock of Cement City. Refreshments were served to the sixty-five relatives and friends present from Jackson, Cement City, Grass Lake, Manchester and Chelsea. The honor guest received many lovely gifts.

Said interest will be payable on the first day of October, 1951, and semi-annually thereafter on the first day of April and October in each year. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially Eight Thousand Dollars (\$8,000) on the first day of April in the year 1952; Ten Thousand Dollars (\$10,000) on the first day of April in each of the years 1953 to 1955, both inclusive; Fifteen Thousand Dollars (\$15,000) on the first day of April in each of the years 1956 to 1958, both inclusive; Twenty Thousand Dollars (\$20,000) on the first day of April in each of the years 1959 to 1965, both inclusive; and Twenty-Five Thousand Dollars (\$25,000) on the first day of April in each of the years 1966 to 1968, both inclusive.

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds. Bonds numbered one (1) to twenty-eight (28), inclusive, maturing in the years 1952 to 1954, both inclusive, shall not be subject to prior redemption.

Bonds numbered twenty-nine (29) to two hundred and fifty-eight (258), inclusive, may be redeemed at the option of the School District in inverse numerical order on any interest payment date on or after April 1, 1954, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

\$20.00 on each bond called for redemption prior to April 1, 1958;
\$15.00 on each bond called for redemption on or after April 1, 1958, but prior to April 1, 1959;

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from April 1, 1951, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of \$5,180.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to F. M. Thayer, 809 Baugh Building, Lansing, Michigan, Attorney for the School District.

The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Why Water "Holds" Curls
Why does water, put on the hair when setting it, make it curl more than when it is put up dry? Hair is something like a plastic material, and it will take up moisture. The water enters into a chemical combination with the material of which the hair is made, and links together neighboring long molecules of which the hair is made. Thus, when moisture is present, it may hold the curl in position.

Report from Washington

By Congressman George Meader

Washington, D.C., Feb. 28.—Some gains toward assuring equal treatment for all defense contractors and protection for the taxpayer against excessive profits in defense production were made last week in the Senate's action on the Renegotiation Bill.

The Senate first adopted, then rejected, an amendment identical with that which I proposed when the Renegotiation Bill was before the House—to eliminate authority in the Renegotiation Board to grant exemption from renegotiation to some contractors, in the discretion of the board.

Then, by compromise, the Senate included in the version of the bill which it finally adopted two minor amendments which will minimize the danger contained in this broad exempting authority, if they survive the conference committee. These amendments are: one, that the exemption from renegotiation be granted to some contractors, in the discretion of the board.

As adopted by the House, the bill gave the Renegotiation Board authority to exempt contractors from renegotiation for excessive profits, either by class of contract or by individual contractor.

The House bill also authorized the Renegotiation Board to delegate and redelegate this discretionary exempting power. This would have permitted the exempting power to be passed down to minor officials, who might be the purchasing agents acting for the government in letting the very contract so exempted.

Each of these provisions were eliminated in the Senate's revision of the bill. It is doubtful that they would have been withdrawn had not Senator Douglas and Senator Ferguson conducted a vigorous fight for the complete elimination of broad discretionary authority originally contained in the House bill. An amendment proposed by Senator Douglas to eliminate all permissive exemptions, was adopted by the Senate by a 48 to 39 vote, then, a few minutes later, was defeated by a 42 to 41 vote on reconsideration.

Although the legislation, in my judgment, is not now as good as it should be, it is better than it would have been if the fight had not been made.

The Senate debate also illustrated again the point I have made in previous reports—the urgent need for reliable and competent fact-finding agencies for Congressional committees.

Senator George, Chairman of the Senate Finance Committee, obviously believed that if discretionary exempting authority were removed from the Renegotiation Board, the volume of work in renegotiation of war contracts would be so tremendous that the act would become unworkable.

That view is precisely contrary to the information supplied to the Senate War Investigating Committee in the testimony of those who conducted renegotiation in World War II.

The former renegotiators contended that the granting of exemptions increased, rather than lessened, the work load on renegotiation officials. They explained that contractors who were fortunate enough to have exempt-

ed contracts usually also had others which were not exempted. To prevent costs properly belonging to the exempted contract from being charged to the contract subject to renegotiation, it was necessary for renegotiation officials to examine the contractor's costs, and their allocation more minutely than if all the contractor's war business were renegotiable.

Where this was not done, the renegotiators pointed out, a contractor would reap tremendous profit, because increased costs in a renegotiated contract would produce a larger profit allowance, while decreased costs in the exempt contract would leave a greater margin of profit.

Thus more, not less, man-hours would be consumed, checking costs that would be needed if all of the contractor's business were renegotiable. This problem of allocation of costs was also a source of disagreements between the contractor and renegotiators, which ripened into appeals or even litigation in the Tax Court.

A fact-finding investigative arm of the Senate Finance Committee and the House Ways and Means Committee have settled this question of fact—whether the discretionary exempting authority would increase or decrease the work load on renegotiation officials.

This question should not have been the subject of disagreement and debate, since it is easily susceptible to conclusive determination. The Senators who voted to eliminate permissive exemptions made it clear that they believed this broad power in the Renegotiation Board would be an open invitation to abuse and favoritism.

Some cited the current inquiry into charges of favoritism and improper influence in the Reconstruction Finance Corporation as support for their contention that the exercise of permissive exempting authority for the benefit of a favored few is not a figment of a pessimistic imagination, but a real and dangerous possibility.

Rad-Gun Party Attended by 150 Members, Guests

The annual Ladies' Night dinner of the Chelsea Rod and Gun club, held at St. Paul's church hall Tuesday evening, was attended by 150 club members and guests. After dinner entertainment included song and guitar numbers by Millie Marshall, who recently won a contract to appear on the "Happy Hour" TV show; quartet numbers under the direction of Al Lelling, of Ann Arbor; and group singing.

To provide a humorous touch to the program, the prize for the most colorful shirt went to H. T. Moore; Joe Dreyer was presented with a rat trap to "catch the rats" in his basement so he won't have to ask Ott Lucht to furnish him one; and Martin Miller was given a harness "for his leader dog" with a flashlight on it.

While no prize had been provided, "Red Flintoff" was declared the winner of the "colorful shorts" contest.

Easter Seal Sale Is Now Underway

Plans are completed for the earliest Easter Seal Sale in 18 years. The 18th Annual Sale of Easter Seals will be held from Feb. 25 to March 25. It is always held one month prior to and ending at Easter Time and this year is the earliest Easter since 1913, when it fell on March 23.

The Easter Seal Sale, sponsored by the National Society for Crippled Children and Adults and its affiliated state societies, is appropriate for Easter, because it bears with it the thought of Hope and Resurrection to untold members of physically handicapped persons throughout the State and Nation.

"Giving money to the Easter Seal campaign is actually an investment in a productive citizen," Paul F. Niehaus, president of the Washtenaw county chapter of the Michigan Society for Crippled Children and Adults, said yesterday in announcing the opening of the 1951 campaign. Niehaus is also chairman of the local campaign which is sponsored annually by the Chelsea Kiwanis club.

Approximately \$400 was raised in the Easter seal campaign last year and the county total averages between \$3,000 and \$4,000. With the national goal this year set at \$400,000 higher than the gross return last year, contributions will need to be as generous as possible, Niehaus said.

Concluding his announcement of the opening of the 1951 Easter Seal sale, Niehaus said he believes that the support of the public, through the purchase of Easter Seals in the past, indicates that the American people endorse free voluntary giving to causes in which they believe, and where they can give as much or as little as they please. Everyone, regardless of economic status or condition in life, receives exactly the same opportunity to contribute. Without discrimination, everyone receives the same letter and Easter Seal.

There is no highly planned person-to-person solicitation, or the suggestion of definite amounts. Every one is asked to give what they feel they can afford, Niehaus emphasized.

Rademacher, Vogel Awarded Degrees at Univ. of Michigan

Our Neighbors

Manchester—About 150 were present at the PTA Founders' Day pot-luck dinner held Monday evening at the school at which time Judge Jay H. Payne was the guest speaker. He told of the work of the juvenile court and how a trained social-service worker has been added to the staff to handle juvenile cases in the court department this coming spring and in this way will prevent minor cases from coming to the juvenile court.

Judge Payne said that a survey of cases in Ann Arbor showed that most cases in that court come from the better section of the town—which is contrary to public opinion. He says that parents are many times too involved in their own problems to pay attention to the children—Manchester Enterprise.

Manchester—The Christian Education Press of Philadelphia released on Feb. 15, the new book of prayers, edited by Karl H. A. Rest. The title of the publication is: "Prayer Book, For the Family Circle and for Personal Devotions."

Rev. Karl H. A. Rest is pastor of the Emanuel Evangelical and Reformed church. Manchester Enterprise.

Dexter—The University of Michigan has been given Gordon Hall of the surrounding 70 acres, just northwest of Dexter by Mrs. Katherine Dexter McCormick, of Chicago, President Alexander G. Ruthven has announced.

In addition, Mrs. McCormick has included in her gift funds to rehabilitate and remodel Gordon Hall, which was constructed as the home of her grandfather, the late Judge Samuel William Dexter, a former Regent of the University.

The property is located at the intersection of the Dexter-Piney Road and the Island Lake Road just beyond the New York Central System tracks. President Ruthven said the interior of Gordon Hall would be remodeled into four apartments. However, he emphasized that the exterior of the main section of the house would be preserved in keeping with its place as one of Washtenaw County's historical spots.

And so, Dexter people now are assured that there will be some activity at the Dexter House. Most Dexter people hoped it would become more than an apartment house but on the other hand Dexter people will be glad to have space for four families and will welcome four more families to the community as it has always extended a friendly hand to all families who wish to come and live in our community—Dexter Leader.

Dexter—A neat and clean little office is being prepared at what used to be the pump house in the Dexter Park at the corner of G and Main streets.

The pump was moved out some months ago as it has not been used for many years now. The building has been cleaned up and some carpenter work is being done to prepare it for use.

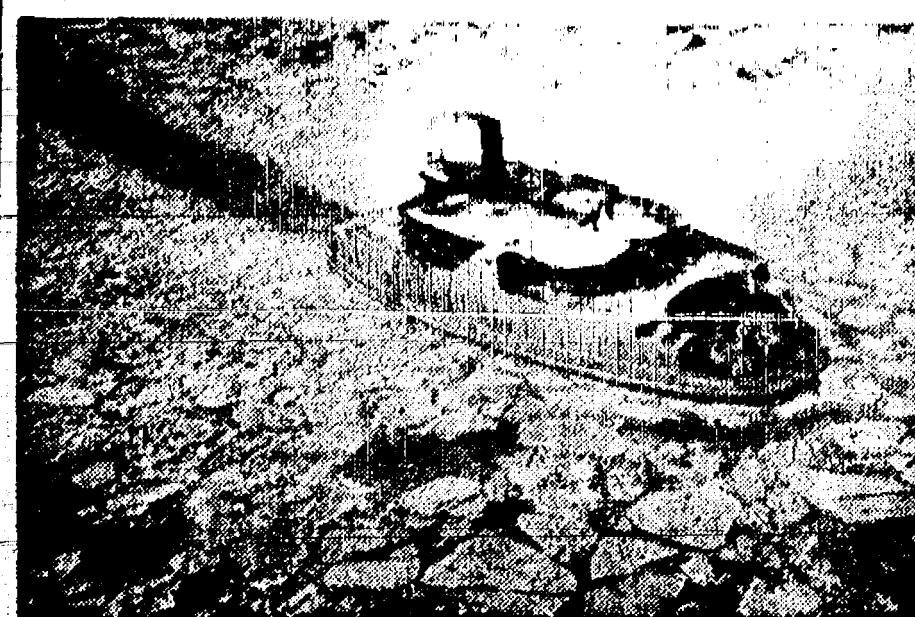

It will soon become an office for Dexter police and street commissioner, which will be easily accessible, a good place in which to perform the duties of the office and located in pleasant surroundings as the park is in good condition since being landscaped during the last two years—Dexter Leader.

Grass Lake—Nearly 300 farmers and Booster Club members greeted Governor G. Mennen Williams Thursday night at the annual Farmers' Night held in the Grass Lake High School gymnasium.

The governor in his speech pointed out that the basic rights and freedoms established in the Constitution of the U.S. are not guaranteed to citizens. "Each generation must ceaselessly fight to maintain those freedoms," he stated. Frank Painter acted as toastmaster for the evening and introduced the Governor, pointing out that a Democrat he was entering the "Hon's den."

Following his speech the Governor spent half an hour shaking hands and chatting—Grass Lake News.

Color Blindness

Color blindness is a relatively unimportant factor in highway accidents. Inability to distinguish red from green is the most common form of color blindness, but stop lights have sufficient yellow in the red and sufficient blue in the green to prevent confusion.
