

● The St. Lawrence Seaway project, long a controversial subject, now is being shunted around in Washington. Says Norman W. Foy of Republic Steel Corp., "The seaway is needed as a lifeline between iron ores in Labrador and the blast furnaces of the Great Lakes area."

● Gov. Williams has now evinced interest in the Michigan mining industry. It is still cheaper to use Michigan ore and so he is organizing a Michigan ore research while negotiating in Washington for a seaway to the mid-west. Research in the state is being pushed. The state mining industry, he says, must not be periled.

● The Michigan state legislature adopted resolutions in 1938, 1939, 1941 and 1947 favoring the St. Lawrence seaway. Decision rests with Congress, legislators point out.

● Michigan can look for the establishment of a crime commission or an equivalent organization. Gov. Williams is meeting with lawyers from all over the state seeking the answer to Michigan's increasing crime rate. Look for the announcement soon.

● There will be a showdown soon on state taxes. The three per cent used car sales tax, a 1 1/2 cent gasoline tax increase and a weight tax have been approved by the senate. Will the governor sign the bills even after they pass the house? Gov. Williams says he opposes consumer taxes, favors a corporation tax.

Price Chart Preparation To Be Shown

A meeting of interest to all retailers in the community is being held in Ann Arbor Monday evening, March 19, beginning at 7:30 p.m. Otis Cook, managing director of the Michigan Retail Association, and Lucille Knight, price specialist in the Office of Price Stabilization, as well as other specialists from the University's School of Business Administration, will explain how to prepare price charts as required by the Federal Regulation of the Office of Price Stabilization. They will also be prepared to answer any questions put to them by retailers who attend. The date for filing the charts required by the regulation is only ten days away, and Monday's meeting is the only one being held in the country for the purpose of explaining their preparation.

The meeting is to be held at the School of Business Administration corner of Monroe and Tappan, Ann Arbor, in the auditorium to the left of the main entrance.

The meeting is sponsored by the Ann Arbor Chamber of Commerce, the Ypsilanti Board of Commerce and the University School of Business Administration.

Kiwanians Told of Plans Made for Civil Defense

Col. P. S. Holmes, president of the Chelsea Kiwanis club, found it impossible to be present at Monday's regular district meeting because of an attack of the flu. He said yesterday he regretted his enforced absence not only because he disliked missing the meeting but because it marred his record of perfect attendance. Kiwanis Vice-President Charles Lancaster presided at Monday's meeting.

Donald Alber, Chelsea's civil defense director, was the evening's speaker. He outlined the work of civil defense committees to date and emphasized that preparedness and caution were vitally necessary to the civil defense program here.

Three visitors from the Chamber of Commerce were present to meet with Kiwanians in regard to current joint interests of the two organizations.

In line with the club's plans to have local talent take part in Kiwanis meetings to a greater extent, Lowell Davidson was in charge of the evening's entertainment period at last week's meeting on March 8.

He put on a very amusing question and stunt program which provided for various penalties and privileges. It was much enjoyed by the Kiwanians present.

Fred Gentner Recovering from Auto Accident

Fred Gentner is confined to his home as the result of injuries he suffered in an automobile collision at M-22 and US-12 last Friday evening. He suffered a head injury and a dislocated right arm.

The accident occurred about 8:30 Friday evening as Gentner was on his way home from work. The other car involved was being driven by a man whose name was given as Harry M. Berkley.

Both men were taken to St. Joseph's Mercy hospital, Ann Arbor, after the collision but were later released.

The Gentners' daughter and her husband, Mr. and Mrs. Norman Klingler, of Jackson, called here because of the accident, remained to spend the weekend.

Bulldog Cage Squad Ends Fine Season

Eliminated from Regional Tourney by 'Off' Night

By DWIGHT GADD
Riding high on the crest of their 18-game winning streak, Chelsea entered last week's Regional tournament in Ypsilanti as prime favorites, only to see their hopes smashed to bits as they came up with their "coldest" half of the season and bowed to Detroit St. Andrew, 63-41, after leading the highly-regarded Flyers 28-27 at the half.

The Bulldogs took the lead right after the starting whistle, maintaining a four-point lead throughout most of the first period and increased it to an 18-12 advantage at the period's end. Their scoring was well balanced as Crocker and Knickerbocker had 5 each, Tobin 4, and Betts and Lehman 2 each.

In the second stanza St. Andrew took the scoring edge, outscoring the Bulldogs 15 to 10, and closed the gap to 28-27 at the half. Up to this point it was a very close, evenly-matched game as the score would indicate, and appeared as if it would remain so to the end, for it was a contest between two fine, well-drilled quintets until Chelsea went cold in the second half while St. Andrew blew hot.

That heart-breaking second half can be summed up in just one sentence. Chelsea took 41 shots and hit on only four, while St. Andrew hit 17 out of 35. It was just one of those nights when the basketball seemed to have a cover on it for the Bulldogs.

Of course, there's always the "if" possibility as some consolation. The Bulldogs had been hitting around 35 per cent of their shots in most games; so if they could only have been average they would have stayed close to the Flyers even though their average was near 50 per cent. The Flyers showed that they also could have had nights, as they did in the final against St. Johns, so if they could have had it against Chelsea it would have been the same story in reverse. Yes, that word "if" is such a big little thing.

However, despite that discouraging night, the Bulldogs had a great year, ending up with an 18-1 record, and adding three trophies to the school showcase. Coach John Magiera and the team can hold their heads high, as their record will be a tough one to beat in years to come.

Next week we'll have a summary of the season and player's scoring for the year.

Permit Needed Before Setting Fire to Rural Fields

Spring fire hazard conditions already exist in the southern third of the state and burning permits are needed, the conservation department cautions.

Permits will be issued at the discretion of local conservation officers. Permits also can be obtained from township fire departments. The department's forest fire service asks public co-operation in keeping spring grass and forest fire damage down and in eliminating needless, expensive fire runs. A person who starts a brush or grass fire or any other type of open fire when the ground is not covered with snow, except for domestic purposes, without a permit, is subject to a maximum fine of \$100 and/or 90 days in jail. The burner also is liable for extra charges for damages should the fire spread to another person's property.

Fire permits in this vicinity may be procured from Conservation Officer Don Boyer, whose telephone number is 7701, or from Fire Chief Ted Balmer who may be reached day or night by calling 5181.

Both officials emphasize that no permit is necessary within the village limits unless a city lot be burned over or unless a large brush fire is to be started. Pump cans are available from either of the two officers if they are needed. Boyer pointed out that careless burning of grass and brush destroys large numbers of ground nesting birds and small game animals each year and extreme care should be exercised in starting any fire.

Fire Department Re-Elects Entire Slate of Officers

Election of officers of the Chelsea Fire department was held at the regular meeting in the fire hall Monday evening. All officers were re-elected as follows: Ted Balmer, chief; Kenneth Schans, assistant chief; William O'Dell, captain; George Atkinson, 1st lieutenant; Howard Wais, 2nd lieutenant; James Gakem, secretary-treasurer. The positions of chief and assistant chief are subject to approval by the Chelsea Village Council at its next meeting.

Sgt. Louis Birch Back in Action After Injury

Mr. and Mrs. William Birch have received a letter from their son, Sgt. Louis Birch, written March 5, in which he told them he was back in action in Korea after recovering from leg wounds. He did not say when he had received the wounds but stated he had been ambushed. He evidently was not hospitalized but was cared for at a rest camp near the front. This is the second narrow escape he has had in his six months of service in Korea. Some time ago he wrote his miraculous escape from death. Two officers were killed and a third wounded. The three officers and Sgt. Birch were all in the same foxhole at the time. His March 5 letter was written in a foxhole near the Han River where his outfit has been since action.

Immunization Clinic Here Next Week

Immunization clinics to protect children against smallpox, diphtheria, and tetanus, sponsored by the Washtenaw County Medical Society were announced today by Dr. Marvin Pollard, president of the County Medical Society. The first clinic will be held at Dexter School Monday, March 19, followed on Wednesday, March 21, when the group will visit Chelsea. The program will continue through March with the last clinic scheduled for children in the Ann Arbor public schools. No charge will be made for services given children in these clinics. The serum and vaccine to be used have been secured from the Michigan Department of Health. Physicians who are members of the County Medical Society will contribute their services as a part of the Society's program to eliminate these diseases.

The Washtenaw County Health Department will provide nurses and other auxiliary personnel.

Dr. Pollard reported that approximately 6,000 children should be served in clinics this year, if the record of the clinics sponsored by the County Medical Society for the past 10 years is to be maintained. All children from infancy through high school age are eligible for the immunization, Dr. Pollard added.

The schedule for the clinics in this area is as follows: Monday, March 19, Dexter; Tuesday, March 20, Rochester; and Wednesday, March 21, Chelsea.

Plan Classes for Expectant Mothers Again This Year

On Thursday, March 29 another series of classes for expectant mothers will be organized at 8 p.m. Meetings will be held as usual in the social center at the Methodist church. Any expectant mother, referred by her physician, is welcome to attend.

There will be seven sessions on successive Thursdays covering the following subjects: "How Your Baby Grows Before Birth," "Hygiene of Pregnancy," "Feeding the Family," "Layette and Supplies," "Home from the Hospital," "Bathing and Dressing Your Baby," and "The Early Development of Your Baby and his Place in the Family."

The course will include movies, discussion, and demonstrations.

The course is offered by the Washtenaw County Health Department in cooperation with physicians in Chelsea and Ann Arbor. Miss Belle McKinney, Public Health Nurse, will be the instructor.

Mrs. James Daniels, of 304 Washington, is in charge of registration. Anyone interested may drop a card to her or telephone her at 2-4001 or may reach Miss McKinney at the County Health Department, Ann Arbor, 2-5581.

About 7:15 a.m. Sunday the Chelsea Fire department was called to the Mill Lake Camp where a fire had broken out. The fire was caused by a defective oil stove.

Outside lights at the Chelsea public school and high school will soon be turned on and off automatically, thus eliminating the necessity for custodians to make special trips to the building. At last week's meeting the school board authorized the installation of time clocks to regulate the lights.

BEWARE THE TRAP

Donald Alber, chairman of a joint committee of Kiwanis and Chamber of Commerce members, announced yesterday that the two organizations are sponsoring a basketball banquet in honor of Chelsea's basketball team. He said the committee's plans are to make the banquet a community affair as an answer to requests from various sources.

Present indications are that the banquet will be held April 19 in the High School gymnasium and that mothers of the senior class students will prepare the dinner. He stressed the fact that the two organizations are sponsoring the affair on a non-profit basis. Tickets will be sold and any profit which might result will be turned over to the senior class, he said. He expects plans for the ticket sale to be completed during the coming week.

Working with Alber on the joint Kiwanis-Chamber of Commerce committee are Howard Flintoff, Harold Hopper and Waldo Kusterer, of the Chamber of Commerce, and Charles Cameron, H. T. Moore, Dr. P. E. Sharrard and Waldemar Grossman of the Kiwanis club.

Waterloo Group Presenting Own Passion Play

Oberammergau in the mountains of Bavaria in southern Germany is getting some competition from a group of 30 young people in Waterloo who have begun a series of six presentations of a Passion play written by George Pluck, one of their group. The first presentation was given at the Federated church at Grass Lake Tuesday evening.

Last night's performance was given at the Millville church. Palm Sunday evening the group appears in Munich; Wednesday and Friday evening of next week the play appears at the U. B. church in Waterloo village and Easter Sunday an evening performance is to be given at Salem Grove Methodist church. Spokesmen for the group said they would be glad to appear at other churches in the community. There is no admission charge at any of the performances.

Seven young men in the group have grown beards for a more realistic portrayal of their parts. Wilbur Beeman takes the main part as the Christ. He and Orson and Donald Beeman, Dick Mingee, Donald Harr, Richard Vicary and George Pluck are the seven who have grown beards.

Rehearsals for the play at Christmastime. The group has rehearsed three evenings a week since Christmas.

The play begins with a portrayal of the last supper and goes on to show the trial scene, the garden scene, the crucifixion and the resurrection.

Bonisteel To Speak at C. of C. Meeting

Roscoe O. Bonisteel, Ann Arbor attorney and a past president of the Michigan State Bar Association, is to speak at the Chamber of Commerce dinner meeting in St. Paul's church hall here next Tuesday evening, March 20. At present on the examining board of the Michigan State Bar Association is a regent of the University of Michigan.

His talk here will center on the stimulation of public interest in higher education and will include an interesting account of the general operation of the University Village. President M. W. McClure received word late Wednesday that Nicholas Kelley, Jr., Secretary of the Chrysler Corp. and two other Chrysler executives would attend Tuesday's meeting. Chrysler President, Lester L. Colburn, sent his regrets that he too could not attend at this time.

Dr. Paul Named To Be President of Rod-Gun Club

Dr. L. J. Paul was elected president of the Chelsea Rod and Gun club at the regular meeting held Tuesday evening at the Legion Home. Other new officers are Frederick Belser, first vice-president; K. J. McManis, secretary; Alvin Schiller, treasurer; Calvin Summers, J. Vincent Burg and Homer Nixon, directors. Leigh Palmer and Robert Walz tied for the office of dog warden.

Forty-two members and two guests attended the meeting.

McNeil Smith of the Whitmore Lake Rod and Gun club and chairman of District No. 11, MCCC, spoke on the problems of clubs in general. He asked that the club send two representatives to the District II meeting to be held in Monroe this month.

Red Cross Drive Shows Progress

Mrs. John Fischer, chairman of Chelsea's Red Cross drive for funds, said yesterday that she is much encouraged with results of the drive to date. While the drive officially has two more weeks to run, block work has got off to a good start this year because of favorable weather the past two weeks.

Mrs. Fischer recalled yesterday that the weather last year handicapped workers in making their house-to-house canvass.

While no report of the amount already collected can be made at this time, Mrs. Fischer said, the workers have stated that results are very promising.

Mrs. Fischer herself has contacted most of the industries in Chelsea and has been assured that all are planning to contribute amounts matching or bettering those given last year.

Last year's quota was set at \$1,250 and the total amount raised here was \$1,650. This year's quota has been set at \$1,250 and workers are hoping to do as well or better than last year in topping the amount.

Fire Department Issues Call for Auxiliary Firemen

Fire Chief Ted Balmer said yesterday, "It has been brought to my attention that people other than firemen are calling the fire department's operator after the fire whistle blows and inquiring where the fire is." He said people are not supposed to do this and have been repeatedly warned about the practice in the past but he felt the warning should be renewed. He concluded by saying, "Don't call the operator after the whistle blows. She is busy notifying firemen. Delaying her by answering your call might mean the loss of someone's home—possibly your own."

Chief Balmer also announced yesterday that the village needs auxiliary firemen to start training for civilian defense needs. In case of disaster, he said, every available man should be prepared to help and the best preparation is the course of training offered by the department. Balmer asked that anyone interested in entering an auxiliary fireman's training class here call him. He may be reached by dialing 5181 at any time during the day or evening.

News reached here Wednesday afternoon of the death of Miss Lizzie Mast in Detroit where she has made her home for a number of years. The body was brought to the Staffan Funeral Home where friends may call. Funeral arrangements were not yet completed.

Parents' Night Will Be Observed Friday, March 30

The annual observance of Parents' Night at the Chelsea public school is to be held Friday, March 30, the committee has announced. The committee includes representatives of the high school and elementary faculty, the student council and High School and Elementary PTA groups.

As announced, the grade school and high school will hold open house beginning at 7:15 p.m. and teachers will be in their rooms to meet parents of their pupils and confer with them on student problems. Elementary children will have classes that evening. In the high school division two classes are to be in session during the evening.

After the open house period there is to be a program in the gymnasium, given by the band and chorus groups.

Farm Bureau Group Fetes Businessmen

Sylvan Farm Bureau members entertained members of the Chelsea Chamber of Commerce and Kiwanis club at a dinner in the Congregational church Thursday evening, March 8. Attendance from the two organizations was almost 100 per cent. Farm Bureau members stated Jack Yeager, assistant executive secretary of the Michigan Farm Bureau, the evening's speaker, said he had never heard of any farm groups entertaining businessmen and complimented the local Farm Bureau on its initiative in promoting better urban-rural relationships.

As reported by Farm Bureau members, Yeager's talk centered on a comparison of farm prices and consumer prices of various commodities. Comparing present farm prices with those of three years he said that while prices of farm products now are apparently bringing more income to the farmers, the net profit is actually less than it was during the four-year period prior to 1940.

He quoted figures showing that only 23 per cent of the farmer's net income is spent for food while the remaining 77 per cent goes for clothing and other necessities, amusement.

To bring out the great difference in prices of commodities paid to the farmer as compared with the consumer prices of commodities he gave the following figures: There is only \$2.20 worth of wool (farmer's selling price) in a man's \$60 suit when wool costs for 50 to 60 cents a pound; also, there is only 2 1/2 cents' worth of wheat in a loaf of bread selling for approximately 18 cents.

Yeager said, "When price raises are granted for wages or commercial products, manufacturers immediately give that as the reason for a raise in the price of their finished products but when prices (Continued on page ten)

Chelsea's village election Monday was enlivened by the introduction of Edwin Keusch, incumbent assessor, as a sticker candidate after he had lost the nomination to Geraldine Wolverton at the village caucus. Keusch was elected to the office by a majority of almost 6 to 1, the official count being 442 for Keusch and 76 for Mrs. Wolverton.

The second number of ballots were cast for an election where only one ticket was running. Of the total of 668 ballots only 11 were void.

Pielemeiers Attend Meeting To Plan Fight on Dystrophy

Albert Pielemeier and his sister, Dorothea, were in Ann Arbor Thursday evening to attend a meeting of persons interested in promoting research on muscular dystrophy. The meeting was held at the home of Mrs. Travis R. Cash, 1628 Broadway, whose daughter, Janis, seven years old, has the disease. Action taken at the meeting resulted in founding a Washtenaw county chapter of the Muscular Dystrophy Association.

The Pielemeiers became interested in the promotion of a research program on muscular dystrophy because 7-year-old Larry Block, who lives with them, is a victim of the malady.

Within the past few months the disease has increasingly been coming to the attention of the general public through publicity about various cases throughout the country, notably the Baird family in Pennsylvania and the Godfrey boys in New York.

Recently the B'nai Brith Leo N. Levi Memorial Hospital at Hot Springs, Arkansas, announced that clinical experiments on 18 sufferers of the disease are being carried on at the hospital in an effort to discover if a certain formula in its possession will afford any relief. The formula is designed to supply to the victims systems certain substances lacking in their bodies in the hope that the muscular deterioration may be halted.

At the meeting at the Cash home last week University doctors discussed the disease which has frequently been described as a "medical mystery" and a recording of a talk given by Dr. Ade M. Milhouse of the New York City Hospital-Cornell University.

The disease is said to be more prevalent among boys and usually appears between the ages of 5 and 10 years. It is described as being transmitted by the mother who herself is not afflicted. Often several members of one family have the disease which usually proves fatal before adulthood.

There are other types of the disease occurring at a later age and these cases usually attain middle age before the disease proves fatal.

The aims of the newly-founded Washtenaw county chapter of the Association subscribe to the aims of the overall organization which are listed as follows:

1. To form several hundred community associations, to coordinate their voluntary efforts—welcoming the help of all public and private agencies—civil organizations—service clubs—and fraternities which assist the handicapped.

2. To foster new and intensive research into all phases of muscular dystrophy.

3. To organize community and regional treatment facilities for the care of progressive muscular dystrophy.

4. To make the general public aware of this grave medical mystery.

Mr. and Mrs. Charles Bahnmiller and daughter Diane Kay, of Dearborn, and Mr. and Mrs. Harry Prudden of Ann Arbor, spent Sunday here with Mrs. Clarence Bahnmiller.

Red Cross Acts To Speed Up Their Civil Defense Plans

The Washtenaw county Red Cross will begin immediately to expand and speed up its program for civil defense throughout the county, according to Cecil O. Creal, chairman of the board of directors.

Mr. Creal's announcement was made following a meeting of Red Cross officials and key volunteer chairmen with Miss Irene Puhman, Red Cross representative from St. Louis. The meeting was one of the first of its kind to be held in Michigan, which has been chosen as a Red Cross civil defense pilot project.

A number of Red Cross committees will be affected by the stepped up program. Four units of the disaster committee—food, clothing, shelter and registration—will be subject to increased recruitment under the national Red Cross blueprint for civil defense work.

One of the first measures in this accelerated program, he said, will be a mass care training course to be given in Ann Arbor April 2. It will deal with problems of feeding and sheltering of large numbers of persons. The course will also be open to Livingston, Lenawee and Monroe counties.

Some first aid and home nursing courses are now being given. Two hours of instruction, however, will be added to the course in home nursing to cover types of wounds and burns incurred in military attacks.

A shelter survey has already been made throughout the county and certain groups have been organized to staff the temporary shelters.

In Chelsea, the Red Cross chapter has been set up under the chairmanship of Mrs. M. J. Baxter.

Shelters in Chelsea include: North Lake Methodist church; Salem Grove Methodist church; Odd Fellows Hall; Masonic Temple; Lafayette Grange Hall; Chelsea Public School; Congregational church; St. Mary's church; Methodist church and St. Paul's church.

Representatives from all county branches will be appointed to the Red Cross county disaster committee in the near future, Mr. Creal said, and these representatives will serve as liaison officers between the various towns and the Red Cross.

PTA Will Discuss Plans for Carnival

Everyone is welcome to attend the Elementary PTA meeting next Wednesday evening, March 21, whether they are members or not. A special program has been planned and includes a pantomime skit. The meeting, to be held in the Home Ec. room at the High school, will begin at 8 p.m. A pantomime skit is to be the entertainment feature.

All committees are to be present at this meeting with their monthly reports.

Plans for the PTA Penny Carnival are to be discussed. The PTA Penny Carnival is described as the only means the group has for raising money for the benefit of the children in the elementary grades.

Altar Society Given Report on Convention

At St. Mary's Altar Society meeting Wednesday evening, March 7, at St. Mary's school hall, Mrs. John Alber, as delegate, and Mrs. Willard Guest, as alternate delegate, gave reports on the convention of the National Council of Catholic Women which they attended. There were 1,600 women at the convention held in Detroit Feb. 27, they reported.

The situation and by-laws of the organization were revised and then a model rural council meeting was held as a mythical parish where all the committees gave their reports.

There were discussions and talks on various subjects including the Mass, adolescents, family life, motion pictures and relief work.

Cardinal Edmund Mooney gave the concluding talk of the convention and stressed the necessity for good literature, especially for teen-age children and also, that all activities should center around home and family life.

Several ladies from St. Mary's parish attended the meeting of the Southwestern Deanery of the Archdiocese of Detroit, held at Ann Arbor March 4—report of the meeting was given the Altar Society by Mrs. Joseph Labon. She said that all Catholic women's groups were asked to co-operate in the "Decency Crusade" which seeks to rid book counters of indecent literature. At the Deanery meeting a report of the new and used clothing drive was given and it was stated that more clothing is still needed.

It was announced that the next Deanery meeting is to be held in Blissfield in June, and that a retreat is being held April 13, 14 and 15 in Detroit.

Following the reports at Wednesday's Altar Society meeting a period of questions and answers pertaining to the Bible was led by the Society's discussion leader, Mrs. Philip McGibney.

The next meeting of the Altar Society will be held April 4. At that time all members are to bring an article of children's clothing.

MAYFLOWER CHAPTER
Mrs. John Hale presented the devotional service and program at the Mayflower Chapter meeting held in the Congregational church Friday afternoon. The study topic for the meeting was on the church and school.

Twenty-four members were present. Refreshments were served at the close of the meeting by Mrs. Clara Hutzel's group.

The meeting of the club two weeks ago was a dinner meeting at the home of Mrs. Alice DeHeer. Games were the evening's entertainment.

Mrs. W. R. Geddes left Friday for Florida, having been called there because of the illness of her aunt.

such loyalty is exceptional

Few products enjoy such unquestioned and long standing loyalty as Servel families exhibit for their silent gas refrigerators.

Year after year they have benefited by perfect performance—silent, trouble-free service.

Today these Servels bought 15 years or more ago are still rendering tireless vigilance over food supplies—assuring freshness and purity.

Naturally however these faithful old friends do not possess the latest Servel features such as the big frozen food compartment and 90 second quick change interior.

That is why so many long standing Servel owners are now replacing their earlier gas refrigerators with the latest models.

THE CENTRAL IDEA
Things you'd like to know about your Railroad

A lift with your School Taxes

NEW YORK CENTRAL

A LOCOMOTIVE BELL sounds a lot like a school bell. And that's as it should be. Because your railroads are steady supporters of your school system. For instance, in Michigan last year, New York Central paid taxes totaling almost \$2,000,000, the major portion going to schools!

RAILROAD DOLLARS helped build and keep up many a fine district school. Helped pay many a teacher's salary. Helped to buy laboratory supplies or playground equipment. Helped many a youngster finish his training at state university or agricultural college.

ONLY RAILROADS in the transportation field give you this kind of a lift with school taxes, because only railroads are self-supporting. They build their own right of way... their own stations... yards. And remember... school taxes are only part of the taxes they pay on their property.

SO NEXT TIME you watch all the solemn youngsters and their proud parents at Graduation... or the next time Tax Day rolls around... remember your Railroad! Paying taxes is one more way New York Central is helping part of your community. And that's the CENTRAL IDEA!

Salem Grove WSCS Completes Plans for Annual Supper

The WSCS of Salem Grove Methodist church, with most of the members present, met Wednesday, March 7, at the home of Mrs. Clarence Lehman. In the absence of the president, Mrs. Oscar Kalmbach, the vice-president, Mrs. Engle Quatt presided.

Mrs. Dillman Wahl was in charge of the devotions which opened with the hymn "This Is My Father's World," and an appropriate Scripture reading.

Mrs. Quatt presented the lesson for the day on the topic, "Chant To The Living."

Because of the extremely bad weather at the time of the February meeting the attendance was so small that the program was not given so the program prepared by Mrs. Glenn Rentschler for that meeting was presented at last week's meeting. The program was in the form of a short playlet "Health of the Indians." Those who took part were Mrs. Harold Wahl, Mrs. T. G. Riemschneider and Mrs. Leonard Loveland.

The program period closed with the song "Blessed Be The Tie That Binds."

During the business session, Mrs. Dillman Wahl, Mrs. Leonard Loveland and Mrs. Engle Quatt were appointed to act on a nominating committee to present names of candidates for officers for the coming year.

Plans were completed for the annual supper to be held the end of next month and it was announced that the next regular meeting of the WSCS will be held Tuesday, April 3. The date was moved for-

ward a day because of the Extension Women's spring party which will take place on the regular meeting date. The April meeting is to be held at the home of Mrs. Leonard Loveland.
