

Michigan is getting closer to a fair employment practices law. Although Democratic efforts failed in the last regular session, Rep. Louis Crampton (R-Lapeer) now has submitted an FEPC bill which apparently transcends partisan politics.

The state-national civil defense program has not bogged down but there is dissent between Lansing and Washington. Millard Caldwell, federal civil defense administrator, urges the state legislature to create a "basic civil defense structure."

Brig. Gen. Lester J. Maitland, head of the state's program, says federal efforts are wallowing in bureaucracy. Caldwell hopes to get \$250,000,000 in federal funds to match state appropriations.

The American Meat Institute of Food Distribution says "aggressive retailers are advertising more special prices than 30 days ago," and that this competition will be more effective in keeping food prices down than the legal controls ordered by Washington.

In the larger cities buyer resistance to meat prices has packing houses in a tizzy. Officials have been meeting to decide what to do about their bulging cold rooms. They could drop prices.

Michigan's automobile industry is making no predictions. Word around Detroit is "we should be able to do very well until June or July. Nobody knows after that."

Politics already! Will Fred M. Alger, Jr., run for governor in 1952. He hints as much. He probably would have opposed Williams in the last election but he waited too long to get into the primary waiting for higher GOP word.

Only one thing seems to be certain. Gen. Dwight Eisenhower is popular today with the voters. He tried to win Michigan in the remainder of the Midwest.

Leap year is more than a joke to the government. Due in 1952, the 366-day year will cost taxpayers an extra \$187,000 for the additional day's pay to federal employees, according to Michigan's Senator Ferguson.

Easter Seal Sale Enters Final Week

The Easter Seal literally lends a helping hand to crippled children. Paul F. Niehaus, president of the Washtenaw county chapter of the Michigan Society for Crippled Children and Adults, Inc., declared today as the 18th annual Easter Seal campaign went into its last days.

"It is not only a symbol of help and hope to thousands upon thousands of handicapped children," he said, "but it makes possible raising millions of dollars throughout the United States for the clinics, the treatments, the schools and other services which are needed to take his place in our American life."

Mr. Niehaus' statement urged residents of the community to participate in the 1951 campaign which ends Easter Sunday.

The 1951 Easter Seal, which pictures a little girl on crutches reaching up to grasp a helping hand extended from above, symbolizes the work of the local society and the National Society for Crippled Children of which it is an affiliate. Mr. Niehaus said: "The help offered by the societies includes such important services as medical, educational, rehabilitation, employment and recreational services to the handicapped."

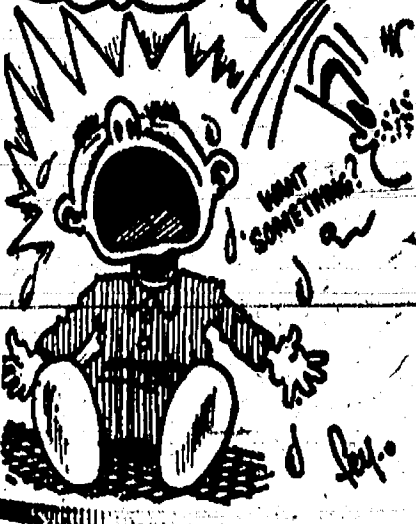

Mr. Niehaus pointed out that there are 8,000,000 crippled children in the United States today, of which a number are in this country.

During the 1951 national campaign, Easter Seals have been sent into some 26,600,000 American homes, he said.

"We hope every Seal sent out in (Continued on page 12)"

High School Cage Season 'Best Ever'

Outstanding Team Adds Three Trophies to School Collection

By DWIGHT GADD
Chelsea High's Bulldogs, despite not going as far as was hoped in tournament play, rang up the greatest year that the local high school has ever had, and their records will be a mark for all succeeding teams to shoot at in years to come.

In Dave Crocker, leading scorer and handy-Andy on defense, Chelsea produced one of the finest scholastic ball players ever to come from this section of the state, and his scoring records should stand for years for his type doesn't appear on the sports horizon very often. Supporting Crocker in the scoring were Stan Knickerbocker and Marty Tobin. Both played consistent ball and in the double figures in scoring more often than not. Rounding out the usual starting five were two steady, dependable, unspectacular boys, Jerry Lehman and Ted Betts.

In winning 18 and losing 1, Chelsea scored 1,053 points for a fine 55.7 average, while allowing their opposition only 699 points for a 36.8 average. Game scores were as follows:

	Opp.	Chelsea
Manchester	37	61
Hartland	37	74
Dexter	32	62
Belleville	27	50
Lincoln	32	53
North Adams	40	59
Parma	30	45
Manchester	28	49
Dexter	34	60
Roosevelt	37	84
U. High	56	60
Fiat Rock	55	62
Saline	18	45
Lincoln	32	52
Dundee	28	66
Milan	30	42
Michigan Center	22	32
Hanover-Horton	58	61
St. Andrew	63	41
Total	699	1053

The individual scoring ended up with Crocker far in the lead with 402 points, followed by Knickerbocker with 229, Tobin with 189, Lehman with 94, and Betts with 60. Their approximate averages were 21.2 for Crocker, 12.1 for Knickerbocker, 10.0 for Tobin, 5.0 for Lehman, and 3.2 for Betts. In the substitutes' scoring, Heydlauff had 30, Schrader 24, Johnson 15, Slane 9, Merkel 5, O'Dell 1, and Walker 0.

All of the regulars had their good and bad nights. Dave's best was his 39 points in the Roosevelt game, when the team hit for 84, with both scores setting new Chelsea and league records. His low was 9 points on two occasions. Stan's best was 23 points against Dundee and his "rock" night came against Michigan Center with 2. Tobin's big night was the Belleville game when he hit 19 and his low was 4 on two occasions. Lehman's best was 12 and came when the team needed them against U. High, while Betts' high was 9 and also came when needed against Hanover-Horton. Both boys had experienced nights when they couldn't score at all, however.

In the seven league games, the team rolled up 411 points for a 58.7 average while their opponents (Continued on page five)

Plans Complete for Parents' Night Annual Event

The complete program for Parents' Night at the Chelsea public school will be announced next week, committee spokesmen said yesterday. This annual event is to be held at 7:15 p.m. Open house will be held in the high school and grade school and two high school classes will be in session during the open house period. Elementary children will not have classes.

High school and elementary faculty representatives as well as members of the student council and PTA groups are combining efforts to make the evening a success.

A program of band music and vocal selections will be given by band members and high school and grade school choruses.

Recreation Council Organizing for Year

The Chelsea Recreation Council met Monday evening in the high school to begin plans for the summer's program. Willard Guest, chairman of the council the past year, advised council members that he will not be able to carry on as chairman this year.

A nominating committee was appointed and is to submit names of candidates for the various offices at the April 6 meeting. Mac Packard, Mrs. Albert Johnson and Mrs. Parker Harrard.

Representatives of the Club Study Club and the Woman's Club were present and suggested an enlarged swimming program for the coming season.

Will Open Bids on Resurfacing Portion of US-12

Bids are to be opened in Lansing tomorrow for the job of resurfacing sections of US-12 between Ann Arbor and Jackson. The two sections to be done at this time include the stretch of approximately 7 1/2 miles from the Fletcher road-Old US-12 intersection, east of Chelsea, to the Washtenaw-Jackson county line at the west. Also included in the work to be done this year is a stretch of a little more than 7 miles beginning at Jackson and joining the 6-mile stretch done last year on the Jackson county portion of the highway.

The improvement program of the State Highway Department calls for the eventual surfacing of the entire stretch of US-12 with a bituminous covering such as was applied on the six-mile stretch in Jackson county last year and is to be applied on the two stretches to be done this year.

H. Flintoft To Head C. of C. Another Year

Nicholas Kelley, Jr., secretary of the Chrysler Corporation, and other Chrysler executives who were expected to be present at Tuesday's Chamber of Commerce meeting were unable to be here because of the serious illness of the former's wife. Kelley telephoned M. W. McClure and explained why he would be unable to come and promised to be here for the next meeting.

Roscoe O. Bonisteel, Ann Arbor attorney and a regent of the University of Michigan, was the speaker at Tuesday's meeting in St. Paul's hall. Speaking before the members and guests he gave an interesting and enlightening description of the operation of the Board of Regents, of which he is a member, one of the most important groups of the many responsible for the welfare of the entire University. He explained that the Board of Regents is composed of eight members, all of whom serve without pay. Bonisteel is a 1912 graduate of the University and has practiced law in Ann Arbor since that time except while he was in the service during World War I. During his talk here he reminisced about his early days as a lawyer when he appeared for Chelsea clients in cases tried in the Sylvan Town Hall.

ROS COE O. BONISTEEL

Election of officers was held during the business session and Howard Flintoft was re-elected president. Roland Spaulding was named vice-president; Waldo Kusterer, treasurer; Clarke Parker, secretary; and Walter Harper, director for three years.

High School Band Wins Third Place in Music Contest

Under the direction of Robert Pfeuffer, the Chelsea High school band participated in the South-eastern Michigan Band Festival which was held in Ypsilanti Saturday, March 17, and brought back with them a third place rating. Among the numbers played by the band were "His Honor March," "Carnival of Roses," and "The Victorious."

Library Board Names Officers for New Year

The Library Board for 1951-52 has chosen the following officers: president, Mabel W. Fox; vice-president, Mrs. John Fletcher; secretary, Mrs. John Hale; treasurer, James Daniels.

Committees for the coming year have the following chairman: Book committee, Mrs. Fischer; Publicity, Mrs. Hale; Supervisory, Mrs. Daniels; Extension, James Daniels; Maintenance, Armin Schneider. All members of the board serve on committees, as their time and interest permit, hence only interested persons are named. A special projects committee is still to be appointed.

Mr. and Mrs. Ernest Aberle and sons, Lloyd and Duane, left Tuesday to make their home in Arlington, Washington. Their son, Norman, and his family, are moving to Cotnam, Calif., and will accompany them as far as Washington.

Easter Bestows Its Blessings and Beauty

George Atkinson Named To Fill Council Vacancy

Village President Anton Nielsen appointed George Atkinson as a member of the village council at Monday night's council meeting. Atkinson takes the place vacated by Nielsen when he became president. His appointment is for one year.

At Monday's meeting the Chelsea Methodist Home was granted permission to connect an 8-inch pipeline to the Village mains for fire protection at the Home. The work is to be done under village supervision but the Home will assume all expense. The Home is now supplied with water for all other purposes by a four-inch pipeline which is insufficient for the proposed sprinkler system which will afford more complete fire protection. The eight-inch main will be used only in case of fire, it was pointed out, the regular supply of water remaining as it is at present.

Award School Bond Issue to Toledo Firm

Chelsea's \$258,000 school bond issue was awarded to Stronach, Harris & Co., Inc., of Toledo, who submitted the lowest bid on interest rate. The firm's interest rate on the issue for the term from 1952 to 1958 is 1.74 per cent. Bonds callable after the first four years. The winning bid was one of five submitted at the meeting in the High School Wednesday, March 14. School officials were told that the low interest rate is possible because of the excellent tax history and good valuation here which rates this community as one of the best in the state.

Other firms who submitted bids and the rate of interest they offered are: First of Michigan, 1.79 per cent; Halsey, Stewart & Co., Inc., Chicago, 1.84 per cent; McDonald, Moore & Co., Detroit, 1.89 per cent; S. E. Livingston & Co., Detroit, 2.01 per cent.

Mrs. Roy Grindall Dies Last Week at Sharon Home

Mrs. Roy W. Grindall, wife of the pastor of the Chelsea Baptist church, died Wednesday afternoon at her home in Sharon township. She was 55 years old, having been born October 12, 1895, in Indiana.

Funeral services were held at the C. K. Wetherby funeral chapel in Jackson, at 11 a.m. Saturday followed by burial in Roseland Memorial Garden, Jackson.

Survivors of Mrs. Grindall are her husband; a son, Emerson Grindall, of Charlotte; two daughters, Mrs. Evelyn Southwell, of Parma, and Patricia Grindall, at home; two sisters, Mrs. Edna Dowe, of Jackson, and Mrs. Inez Zantow, of Michigan Center; and six grandchildren.

Dairy Testing Association Being Formed

A new Dairy Herd Improvement Association has been organized in Washtenaw County according to G. S. Osler, County Agricultural Agent. At the organizational meeting last week the following officers and directors were elected: President, Walter Wolfgang, Chelsea; Vice-President, Ernest

WALTER WOLFGANG

Girbach, Saline; Secretary-Treasurer, Floyd Fowler, Chelsea. The other three directors are M. W. Wisely of Webster township; Gordon Van Riper of Lima township and Ralph Wheeler of Webster township. Terry Roscoe is employed as a tester. He will visit each member once a month, weighing and taking samples of milk from each cow in the herd. These samples are tested for butterfat content. These results together with the market value of milk products and cost of feed consumed by the individual cow is compared and entered in a herd book which is the property of the herd owner.

In this way the income from each cow, over feed costs can be determined and the herd owner can determine the poor producing cows and also the best cows in the herd from which he can select his heifer calves for replacement.

This testing program with artificial breeding should do much to improve the efficiency of the dairy herd members in this association, according to Mr. Osler. The members enrolled in addition to the above mentioned directors include Everett Van Riper, Vincent Ives of Chelsea; William Denham, Don Baldus, Frank Koselka of Dexter; Horace Whitney, Gladys Dexter, Elmer Vasek, Harold Gruber, The County Farm and Kennedy Farms of Ann Arbor; Sam Ball of South Lyon; DePonio Farms of Plymouth; Gregory Beckinger of Manchester; Ira Pfeifle and Thomas Beckington of Saline and Thomas Farms of Clinton.

Mr. Osler reports that there is room for a few more members. Any one interested should get in touch with him at the Extension Office or one of the directors mentioned above.

James Munro Honored by State Highway Dept.

James J. Munro, of Ann Arbor, a former Chelsea resident, was one of 44 Highway Department employees who received certificates of service at the annual banquet held in Grand Rapids last week Wednesday as part of the Michigan Highway Conference. The certificate was given in recognition of Munro's 20 years of service with the State Highway Department as a physical testing engineer at the department's laboratory at the University of Michigan. Highway Commissioner Charles M. Ziegler presented the certificate.

Munro has been chief of the aggregate section at the Highway Department laboratory since 1941. He began work in the department as a laboratory assistant.

Waterloo Group Presenting Passion Play Through Area

The Passion Play being presented by the Waterloo young people was given in the Methodist church here Tuesday evening, Wednesday it was given at the Waterloo U. B. church and will be given there again tomorrow night (Friday). Tonight it will be given at the Greenwood U. B. church in Jackson, and Sunday the play will be given at Salem Grove church.

The first appearance was at a Grass Lake church March 12 and the second showing was at the Millville church March 13. Palm Sunday 400 people saw the play at the Munich Methodist church and the offering amounted to \$100. George Pluck, who wrote the play, said that the offering had originally been intended to defray the expenses of putting on the play, such as cost of the costumes, etc. Since the offerings have amounted to more than at first expected, it has been decided to use whatever remains after expenses are paid to do some necessary repairs at the Waterloo church where the group has practiced three nights weekly since Christmas.

A woman's group at Stockbridge is arranging to have the play put on at the High School gymnasium after Easter and the Unadilla Presbyterian church has invited the Waterloo players to put on the play there on April 8.

The undertaking was begun as a local project for presentation at the Waterloo church and the play's popularity and demand for its showing has been a pleasant surprise to all who take part in it. Seven members of the cast have grown beards to enable them to more realistically play their parts in the drama. George and Muriel Pluck are directing the production.

Red Cross Fund Still Under Quota

Mrs. John Fischer, chairman of the 1951 Red Cross campaign in Chelsea reported yesterday that approximately \$900 of Chelsea's \$1,350 quota has already been contributed. She said there are still many workers to be heard from and many promised contributions are still to be received. Mrs. Fischer believes Chelsea will over-subscribe its quota again this year. Last year's quota was \$1,250 and final tabulation showed a total of \$1,650 was contributed.

Increased Delivery of Gas Will Not Affect Supply Here

Following news reports Monday morning that the Michigan Consolidated Gas company had signed a contract providing for an increase in delivery of natural gas to the company, the Chelsea office received inquiries about the possibility of additional conversions to gas for heating.

M. W. McClure, manager of the local office, said effects of the increased quantities of gas might not be felt here until 1952 as increased supplies under the contract, await the completion of a new pipeline from Louisiana to northern Indiana. Construction of this pipeline will not be completed for more than a year, company officials have estimated.

Present indications are that the ban on extension of gas heat for homes here, imposed last May, will continue to be in force until such time as the expected increase in gas will also have materialized.

Kiwanis Club 27th Birthday Is Observed

Chelsea's Kiwanis club held its 27th annual birthday party and "dinner night" Monday evening in the social center of the Methodist church. A total of 124 members and guests present included about 70 visitors representing clubs from Belleville, East Ann Arbor, Ann Arbor, Brighton, Livonia, Garden City, Milan, Dearborn, South Lyon, Whitmore Lake, Willis, Ypsilanti, Jackson and Detroit.

Group singing was led by Paul F. Niehaus and pictures of the Tournament of Roses were shown. High spot of the evening's entertainment was a fine exhibition of piano playing by Walter Muetzel of Belleville.

Past Governor Dr. Clarence M. Loessel of Ypsilanti, conducted memorial services for two charter members, Henry H. Fenn, who died April 8, and George P. Staffan, who died September 12, of the past year.

The address of the evening was given by Kiwanis Governor Walter Patenge, of Lansing.

Chelsea Kiwanis President Col. P. S. Holmes was still battling the "flu" and was unable to attend the meeting. Vice-president Charles Lancaster, presided in his place and introduced the address of welcome and introducing Past Lt. Gov. Ralph C. Keyes, of Ann Arbor, as toastmaster.

The program included short talks by William E. Teglund, president of the Jackson Kiwanis club, and Adolph E. Schwable, president of the Dexter club.

Attendees were awarded prizes presented by Kiwanis Lt. Gov. Al Shook, of Belleville. Paul F. Niehaus, with 1400 consecutive meetings to his credit, tops the list of those honored. This is 27 years (Continued on page five)

K. of C. Members Hold St. Patrick's Banquet

Members of the Knights of Columbus with their wives and other guests enjoyed a St. Patrick's banquet in St. Mary's auditorium Sunday evening. Approximately 160 were present for the banquet and the program which followed.

Father Lee Laige offered the invocation and the benediction. He also gave a short talk about the Irish people. Group singing of Irish songs and several vocal selections by daughters of some of the members opened the program period.

Edmund DeVine, Ann Arbor attorney was the principal speaker. He spoke on the life of St. Patrick.

Village President Anton Nielsen and Mrs. Nielsen were guests of honor at the banquet. John Keusch was toastmaster and Alex Mahar was general chairman.

Lyndon Candidates Are All Republicans

Lyndon township's slate of officers, named at the caucus Tuesday evening, March 13, are all Republicans. In reporting the results last week it was erroneously stated they were Democrats. Candidates are: Homer Stofor, supervisor; Emma Goodwin, clerk; Calista Rose, treasurer; Spencer Boyce, highway commissioner; Max Kaimbach and Laurence Noah, justices of the peace; Roy Hadley (2 years) and Earl Lee (4 years) members of Board of Roadview; George Bauer, Duane Noah, Austin Bott and Kenneth Boyce, constables.

Monday was Hal- lenbeck's last day at the Washtenaw county office. He took up full-time duties at his Detroit of- fice on Tuesday.

Hallenbeck was with the Road Commission since January 17, 1951, and became superintendent man- ager January 1, 1950. Minier has been engineer man- ager for the Branch county Road Commission since 1945. For the present, until he is replaced in Branch county, he plans to spend Saturdays at the Coldwater office of the Branch county Road Com- mission.

A 1931 graduate of Michigan State College, he went to work for the city in Battle Creek. From 1935 to 1942 he was assistant of maintenance and construction, city engineer there in charge of Port Custer under the East- erner. Here he also did road main- tenance work and construction as well as sewer construction work. He went from Port Custer to the Branch county job which he left to take the position here.

Minier has been actively inter- ested in all kinds of civic work. He is a past president of the Cold- water Kiwanis club and said yester- day he "probably will be at- tending Kiwanis meetings in Chelsea often."

Minier's wife and their son and daughter plan to remain in Cold- water until after the close of school in June.

could make but 200 for a 37.1 av- erage. In the league the three high scorers, Crocker, Knickerbocker, and Tobin, hit for 176, 89 and 58, respectively, for averages of 25.1, 12.7, and 8.3, in order.

The three new trophies added to the showcase came as the team captured the Albion College In- vitation Tournament, the Huron League crown, and the District Tournament at Michigan Center. All in all it was a great year. Coach John Magiera proved his coaching ability as he brought the team through game after game.

Next year, however, Coach Ma- giera will have to rebuild from the bottom up, for he loses Crocker, Knickerbocker, Tobin, Leman, Betts, Heydlauff, Johnson, and Slane. In their three years togeth- er these boys won 43 games and lost but 12. In this, their last year, they had heart, scrap, scor- ing power, height and speed, and were great in victory, and in their lone defeat to Detroit St. Andrew, the eventual state champion in Class C. With a little luck they could have gone all the way, for they were a better ball club than most of those we saw in Lansing last week-end. However, they won- like champions and went down fighting like champions, and they can always be proud of their ban- ner year, the season of 1950-51.

Tree Trunk Girdling Produces Earlier Northern Spy Apple Crop

Northern Spy apple trees don't usually bear fruit until they are 12 to 18 years old. However, in tests conducted by the Michigan State College Agricultural Experiment Station, trees were made to produce sizable crops when only 9 years old. The tree trunks were girdled by removing a strip of bark one-eighth-inch wide, 12 inches above ground level. The cut was made to the depth of the wood, completely encircling the trunk. The girdling wounds were then coated with grafting compound. Trees girdled in late May of their eighth year produced fruit the ninth year. While subsequent girdling did not produce as great yields, girdled trees were far ahead of ungirdled trees by the time the latter began to produce fruit. Full information about girdling to produce apple crops more efficiently can be obtained by calling or writing your County Agricultural Agent.

Power augers increase efficiency...

Digging a hole for a telephone pole used to take a long time. Today Michigan Bell does this job more quickly and more efficiently with power-driven augers which can dig a pole hole in a couple of min- utes. This is another example of the way Michigan Bell provides more and better telephone service to farmers at a reason- able cost.

MICHIGAN MIRROR

(Continued from page one)

Michigan's state revenue department, which is now in the process of being reorganized, has been given the go-ahead by the state board of revenue. The department will be headed by a new director, who will be appointed by the board. The department will be responsible for the collection and distribution of state funds.

The state paid \$27,190 in bounties during January. Payments were made on 5,240 foxes, 52 coyotes, 17 bobcats and one wolf. Except for six coyotes, all animals bountied were taken in the upper peninsula.

Following the escape of 11 more inmates at the Boys Vocational school in Lansing, city officials waxed wrathful. Says one Lansing councilman: "The legislature should take action to confine the youngsters at the institution or get the damned thing out of here."

The "little Hoover commission" still is kicking up dust in Michigan. Latest recommendations ask for a stronger and more centralized state treasury department. This department would absorb the present revenue department, state board of excises, gasoline tax division of the secretary of state's office, municipal finance commission and part of the auditor general's office.

But state officials aren't too alarmed. Says one worker: "It sounds good in theory—but could they set up the new department and would it work?"

Another bugaboo of the legislature has breathed its last for another year or two. The possibility of a four year term for Michigan governors has been swamped by a bi-partisan vote in the house of representatives. Long sought by governors—and others—the question will rise again, be assured.

Did you know that the legislature, due to constitutional earmarking of funds, has control of only 36 per cent of the state's general fund, that more than 78 per cent of the sales tax revenue is permanently diverted to schools, cities, villages, and townships. That's why the legislature is having such a tough time trying to find a new source of revenue as inflation mounts the cost of public services and as remaining state funds are more and more restricted.

The National Institute of Mental Health has awarded \$28,917 in grants to three Michigan institutions for research on the wards: University of Michigan, Dr. Lee R. Rice, \$9,288; Wayne University, Dr. Fritz Redl and Donald Lipitt, \$4,644; Michigan State College, Dr. John H. Huseem, \$14,985.

took in \$179,000,000 in the first seven months of this fiscal year, an increase of \$31,600,000 for that period last year. January sales tax was more than \$5,000,000 over the month, reaching \$24,800,000 for the month. Ogre inflation still is with us.

What Buick engineers have done is come up with a brand-new high-style body—new in every contour and dimension

They've designed a brand-new, weight-saving frame, exclusively for this SPECIAL.

Then they've added the power-packed F-263 Fireball engine—which was new in the 1950 SUPER—and just wait till you see

what that does for this nimble performer.

There's a power-to-weight ratio that spells thrill and thrift in operation—at a first cost that's just a breath away from the lowest price level.

We'd like you to see and drive this newest Buick marvel—find out for yourself what a honey it is to handle, and what a cinch it is to buy. Why not drop in and see us the very first chance you get?

The annual public immunization clinic was held at the Chelsea school auditorium March 21, beginning at 9 a.m.

This year, along with the diphtheria and smallpox immunizations there was also a tetanus (lock jaw) immunization offered. This shot will last six years with only one shot required if the person has already had a shot. If the haven't had a shot before three shots are required to give a total immunization. The last two shots will have to be taken at your physician's office at monthly intervals.

Activities...

GAA
The GAA sponsored the Sponge Dance Friday night. Refreshments of cake and ice cream were served. Entertainment was good. A "doe" line replaced the usual "stag" line.

Chaperons were Mr. and Mrs. Harvey, Mrs. Slane and Miss DeRose.

Baseball and track will start soon for the girls.

FFA NEWS
Walt Bauer and Jim Robarda went to the State FFA Convention at Lansing last Tuesday and Wednesday.

FFA held a meeting last Monday night.

JUNIOR PLAY

In observing the cast of the Junior play we find the part of the dignified principal, Mr. Garfield, portrayed by Lee Hoppe. Lee has a humorous side which he brings to a stern and dignified principal. One would never know what a drastic change this is because Lee seems to fit his part perfectly.

Mr. Garfield's secretary, Miss Davis is portrayed by Sally Leeth. There isn't much to the character of her part very well as the dignified and busy secretary. Other than secretarial duties, Sally seems to play a part as an FBI detective for Mr. Garfield.

Since every school employs teachers they should have them, too. Miss Higgins played by Beatrice Fowler is one of their employees. She plays her part very well and should consider teaching as her career.

SELECTING COTTONS
The Homemaking girls with Mrs. Martin went to the different dry goods stores Tuesday to select their materials and patterns. These girls are making cotton dresses for spring.

HOME EC. I
The girls have bought material for the dresses they are making. The kinds of cloth they are using are pique, chambray and broadcloth.

HOME EC. II
The Home Ec. II girls have been studying the "extras" for dinners. These consist of yeast rolls, salads and special desserts.

HOME EC. III
The Home Ec. III girls have been studying the unit on "Choosing and Furnishing a Home."

Movies...

The Chemistry class saw a very good movie, "Gasoline's Amazing Molecule," on gasoline manufacture. It showed how gasoline molecules are constructed and the methods of making good gasoline with less crude oil.

"Flight Log" was the second of the two movies on gasoline which the Chemistry class saw. This movie was different from the first in that it was concerned with getting gasoline with a higher octane rating for airplanes while the first was about the gasoline molecules.

The movie, "Industrial Revolution" was shown to the American History class. It told of the industrial changes from the beginning of civilization to modern times.

The annual class tournaments for the boys were held last week. Monday the Seniors played the Sophomores, and the Juniors played the Freshmen. The scores of the games were: Seniors—68, Sophomores 33; and Juniors 38, Freshmen 23. The winners of these two games were matched to see who would be the champions. Again the Seniors were tops by 91-52. As is also customary the losing teams, Sophomores and Freshmen, played with the score being 61-41 in favor of the Sophomores. Since the Seniors were the champions of the school they played the teachers on Wednesday night. This was a very exciting game. The Seniors were again victorious by 74-53 points.

DEATHS

Mrs. Oscar Ulrich

Mrs. Oscar Ulrich died about 10:45 p.m. Sunday at the Evans-Marshall Convalescent Home in Ann Arbor where she had been a patient for five days.

Born in Lyndon township January 19, 1893, she was the former Alice A. Hankerd, daughter of Matthew and Eleanor Savage Hankerd. She graduated from Chelsea High school and was married May 5, 1913, at St. Mary's church, to Oscar Ulrich. He died suddenly May 6, 1949.

Mrs. Ulrich was a member of St. Mary's church and of the Lyndon Home Extension club.

Following their marriage the Ulrichs lived on farms in Lyndon and Sharon townships until 1940 when they moved to Chelsea. In 1942 they bought the Stanfield farm at 15600 Cassidy road where they made their home since. During the war Mrs. Ulrich was employed at the Federal Screw Works.

Survivors of Mrs. Ulrich are three sons, Kenneth and Paul, of Dexter, and Emmett, at home; four daughters, Mrs. Irwin Young, of Waterline township; Mrs. James Hickory, of Ann Arbor; Mrs. Donald Walters, of Manchester, and Mrs. Herschel Hoskins, of Chelsea; a brother Emmett Hankerd; and 15 grandchildren.

Funeral services were held at 10 a.m. yesterday at St. Mary's church, with Father Leo Laige officiating. Burial took place in Mt. Olivet cemetery. The rosary was recited at 8 p.m. Tuesday at the Staffan Funeral Home.

Miss Lizzie Mast

Funeral services for Miss Lizzie Mast, who died in Detroit last

Wednesday after an extended illness, were held at the Staffan Funeral Home here at 1 o'clock Saturday afternoon. Rev. William Kuhlman, superintendent of the Evangelical Orphans and Old People's Home in Detroit, officiated and was assisted by Rev. F. J. Grabowski, pastor of St. Paul's church here. Burial was in Oak Grove cemetery.

Miss Mast had been a resident of the home since May 27, 1941. At that time the institution was located on West Grand Boulevard. The new building, located at 6700 West Outer Drive, has been her home since its dedication in 1946. For several years after going to the home to live she spent several weeks each summer with friends here but for the past three years she was confined to her room most of the time because of a heart condition.

Miss Mast was born in Chelsea August 7, 1865, a daughter of John George and Louisa B. Arts Mast. The family home for many years was a 138 West Middle street in the home built by Miss Mast's parents in 1879. Prior to that the family had lived in a small house located on the spot now occupied by the Michigan Bell Telephone building.

Miss Mast had one brother, George, and a sister, Minnie. Both died a number of years ago.

For many years Miss Mast was employed in the basement department of the former Freeman store at South Main and Park street. She was a member of St. Paul's church.

Survivors are a niece, Mrs. Beulah Spaulding, of Detroit; a nephew, Harold Mast, of Pawnee; and several cousins, including Mrs. William Schiller, who lives about ten miles east of Chelsea.

Herman A. Schaible

Herman A. Schaible, of Orofino, Idaho, died in a hospital there Monday afternoon of injuries received in an automobile accident at 10 o'clock that morning. He left Chelsea for the West in the early 1900's and had been located at Orofino for about 26 years.

He was born in Lodi township June 18, 1871, a son of Fred and Maria Kaercher Schaible. He was a life member of Olive Lodge No. 166, F&AM.

The body is to arrive here Saturday morning and will be taken to the Miller Funeral Home where services are to be held at 2 o'clock Monday afternoon. Rev. P. H. Grabowski is to officiate and burial will be in Oak Grove cemetery. Masonic graveside rites will be in charge of Olive Lodge. Prayer services were held at Orofino Tuesday afternoon.

Friends may call at the Funeral Home from Saturday until the time of the services.

Survivors of Mr. Schaible are a sister, Mrs. Mary Faust, and several nieces and nephews.

Mrs. Mabel Pavey

Chelsea Rebekah Lodge members were advised yesterday of the death Tuesday of Mrs. Mabel Pavey of Jackson, a Rebekah state officer. Mrs. Pavey had visited here often and had many friends in Chelsea.

Leon Beutler and James McConville, of Chicago, spent the weekend at the home of the former's brother and his wife, Mr. and Mrs. Carl Beutler, and also visited his father, Edwin Beutler, at St. Joseph's Mercy hospital, Ann Arbor, where the latter underwent

Chelsea Soldiers
Meet on Korean Front

Mrs. Roland Wenk has received a letter from her son, Corporal Gerald Wenk, written in Korea, March 9, in which he told her that he had met S-Sgt. Louis Birch, another Chelsea boy, while on action along the Han river. The two Chelsea boys are in different outfits but Corporal Wenk had learned that Sgt. Birch's battalion was to be in combat at the same time as his outfit and was on the look-out for him.

Wenk has been in Korea for five months and Birch has been there six months. The latter had just returned to active duty after

recovering from leg wounds suffered when he was ambushed.
