Button, button
 and the call goes through

Push buttons simplify a lot of jobs in this electric age.

Ten little push buttons now help Long Distance telephone operators handle more calls more quickly.

A customer gives the operator the out-of-town number. She swiftly presses several buttons, which correspond to the letters and numbers on a telephone dial, and the call goes straight through to the distant telephone.

That's the way it works in Detroit and a number of cities throughout the country. In many other places, including more than a dozen Michigan exchanges, telephone operators speed Long Distance calls by dialing direct to many points with regular dials.

Named "operator toll dialing," this new development is already used on 1 1/2 million Long Distance calls daily and is steadily being expanded. Every minute it saves is important right now as the nation turns to the telephone to hurry our defenses.

To help speed your Long Distance call, please give the operator the out-of-town telephone number. Telephone lines are busy with national defense

BASEBALL

(Continued from page one)

Dexter bats silent and was never in trouble as only one Dreadnaught got as far as third. He walked one batter in each of the first four innings, set them down in order in the fifth and sixth, and hit one with a pitch in the seventh, but he kept out of trouble by fanning seven and receiving good support.

Forshaw and Ormsby.

This win may have been a costly one, however, for Stan Knickerbocker, ace receiver, got a very badly split finger as he caught one of Sam's curves in the third inning and will be lost indefinitely. The kid seems plagued by hard luck as he missed most of last football season with a broken arm. He's an able receiver, good hitter, and has a fine competitive heart and we hope he won't be lost for long.

Ann Arbor Wedding Unites J. Alexander, Ronald W. Schairer

A wedding of interest to Chelsea friends of the bridegroom and his parents was that of Joyce Marie Alexander and Ronald W. Schairer which took place in Ann Arbor Saturday afternoon. The bride is the daughter of Mr. and Mrs. Theodore Alexander of 3114 South Fifth Avenue, Ann Arbor, while the bridegroom is the son of Mr. and Mrs. Elmer Schairer, of 121 Crest avenue, Ann Arbor. The Schairers were formerly residents of the Chelsea area.

The wedding was solemnized at 4 o'clock in the First Methodist church in Ann Arbor. Officiating at the ceremony were Rev. Robert Longenecker, pastor of the Ann Arbor church, and Dr. Dwight Large, the present pastor. Approximately 300 guests were present for the wedding and the reception which followed in the Green Room of the Wesley Lounge of the church.

The bride's gown, of white marquisette over tulle, featured a Queen Anne collar and was trimmed across the front of the skirt with rows of Chantilly lace caught up and held at intervals with white satin bows. The skirt extended into a long train. Her veil, of finger-tipt length, was of French-illusion and was held in place with a Juliet cap of matching lace. White hyacinths and roses encircled a layendar orchid to form the cascade bouquet she carried.

Mrs. Donald Duncanson, of Ann Arbor, the former Marilyn Schairer, sister of the bridegroom, was the maid of honor. Her gown of white frosted organza over light blue tulle was edged in matching blue and she wore a tiara of peach-colored flowers and a wrist bouquet of harmonizing carnations.

Priscilla Miley, a cousin of the bride, Sandra Koch and Mrs. Allen Stuhlmann, of Ann Arbor, and Barbara Wright, of Ypsilanti, were the bridesmaids. They wore gowns fashioned like that of the matron of honor except that the colors were spring shades of orchid, peach, yellow and green, respectively. All wore orchid colored wrist ties and harmonizing flower bouquets.

Mr. Kenneth Tharber, of Ann Arbor, acted as best man. The bride's brother, Dale Alexander, was a junior usher and Lloyd and Raymond Schairer, of US-12, cousins of the bridegroom, Donald Duncanson, his brother-in-law, and William Risky and David Lake, all of Ann Arbor, were the regular ushers.

Upon their return May 16 from a trip to Florida the young couple will be at home for the summer in an apartment at 125 Barker road, Whitmore Lake.

Both the bride and bridegroom are graduates of Ann Arbor High school. The bride also attended Michigan State Normal College and is now employed at the State Savings Bank. The bridegroom saw three years of service in World War II. He is employed at Payne Products, Inc., in Ann Arbor.

TV NEWSREEL

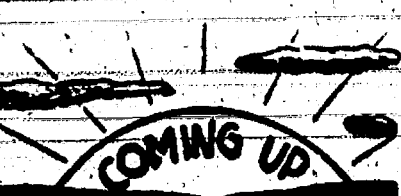

By KARL KOENIGER

There are quacks in every business. And the latest field to feel the sting of the sharpsharps is TELEVISION. A recent article in American Magazine warned us about the fly-by-night operators of some "newsies" who are setting themselves up as honest dealers with "expert" service organizations. They sell off-brand sets and make a fast buck on their so-called "expert" installation and service. And leave the buyer holding the bag, wondering what happened to his money and the television enjoyment he had been promised. Millions of dollars a year are being lost by the unsuspecting public. And that's why we again say, Don't take chances. Buy your set from a dealer you know — an established dealer with a reputation for integrity. It takes a lot of know-how, experience and skill to install a set to give you maximum enjoyment and peace of mind. We've got it — and we're here to take care of any and all of your TV problems.

Soil Renovation
Demonstration Set
for Next Monday

A pasture renovation demonstration is scheduled at the Deane Rogers farm, two miles south of Saline on the Saline-Milan road, May 14, beginning at 1:30 p.m.

The 10-acre field in the demonstration is an old run-out pasture on quite hilly land unsuitable for grain cropping. The old sod will be broken up with cultivators and the seed bed prepared for grasses and legumes.

Soil tests previously made indicate the need of lime and substantial quantities of commercial fertilizer, both of which will be applied. Several combinations of grasses and legumes will be used on different sections of this field. In case of rain on the 14th, the demonstration will be held on the following day.

The difference goes more than Skin-Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflo Drive,* that takes

all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

*Equipment, accessories, trim and models are subject to change without notice.

Limited Spear Fishing Permitted on Three Washtenaw Lakes

Conservation Officer Don Boyer has announced that Whitmore, Portage and Four Mile lakes in Washtenaw county are open to spearing with or without a light for dogfish, garfish and carp from May 1 to May 31 and again from July 15 to August 15.

Some extra large fish have been speared in these waters during the past week. Last Thursday Kermit Kline, of Dearborn, was exhibiting a 30-pound, deep water carp he had speared. The carp was 40 inches from tip to tip and 14 inches across the body.

The collegiate basketball scandals lead us to believe that no dust affects the eyes as much as gold dust.

The "man bites dog" story has now been replaced by the one about the bull that threw the salesman.

Officials Inspect Sylvan Twp. Roads

Howard Miner, superintendent-manager of the Washtenaw county Road Commission, with Supervisor Fred Broessamle and other members of the township board, was to make a tour of inspection yesterday of all roads in Sylvan township.

Speech Correction Program Will Be Continued Next Year

The speech correction program will be continued in the Chelsea schools next year under the direction of Robert Wallace who has been in charge of the work since the beginning of the present semester. Chelsea, Saline, Dexter and Manchester schools have agreed to continue the program next year on the present basis. Wallace has charge of the program in the four co-operating school systems.

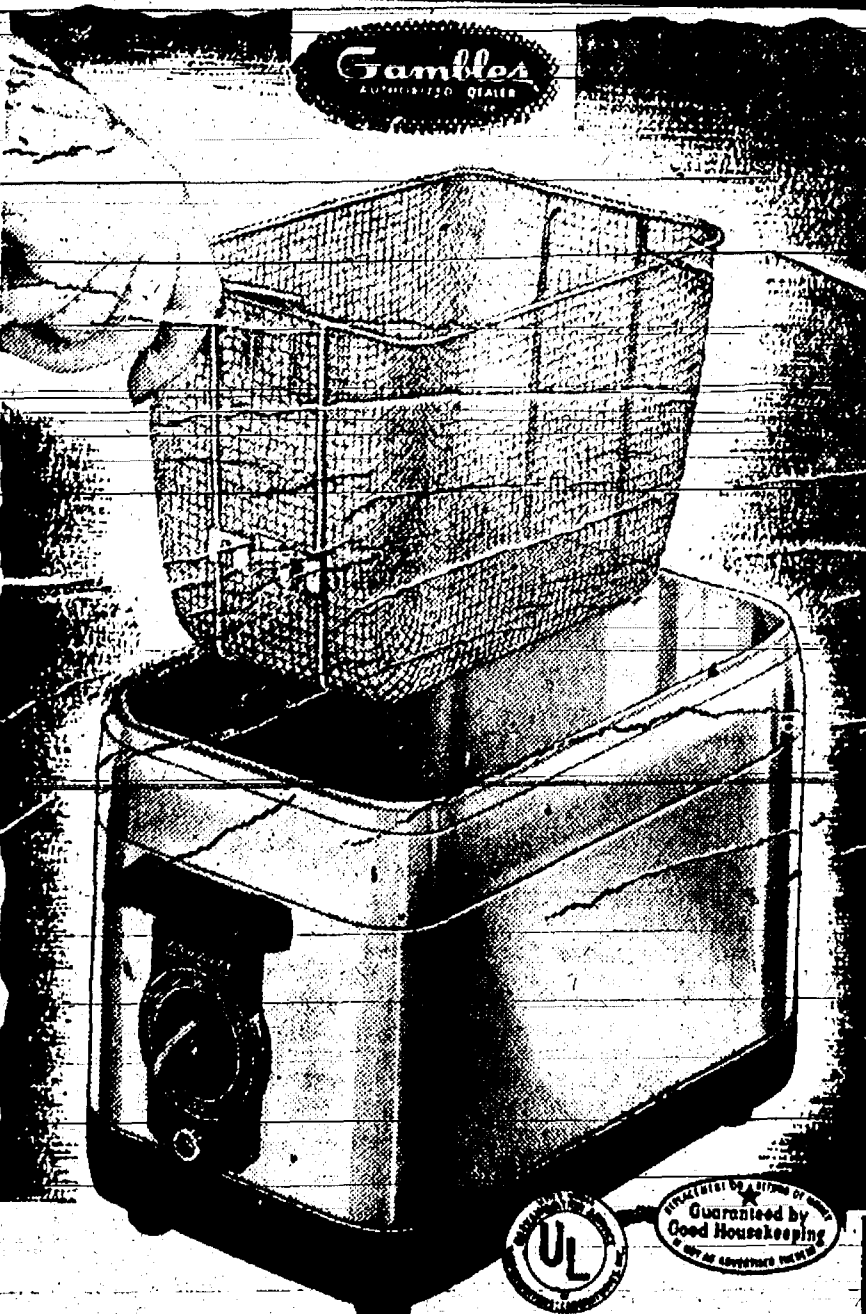

This year 155 children in the four schools are participating, 35 of these being in the Chelsea school. Expenses of the program are reimbursed 85 per cent by the state, the remainder being provided among the four participating schools.

LECTURE SERIES CANCELLATION

The Chelsea Library Board regrets exceedingly the inconvenience and disappointment to its patrons caused by the last-minute cancellation of the recent lecture by Dr. William Haber on "Security and Freedom." The speaker reported a severe case of laryngitis.

It is impossible to schedule Dr. Haber for an appearance later this season. Because of his pre-eminence in his field, a substitution seems inadvisable.

While no definite arrangements have been made, it is hoped that Dr. Haber may be persuaded to appear here next season so that lecture patrons will not feel penalized by the unavoidable change-of-plans.
