CHS Baseball Team Annexes Undisputed Huron League Title

Defeat Milan 1-0 To Climax Highly Successful Season

By DWIGHT GADD

On the fine right arm of Marty Tobin, the Bulldogs clinched a perfect league season last Friday as they downed Milan, 1-0, in a nice high-school pitcher's battle as anyone could dream up in fiction or fact.

The game was marred by some incidents, however, which were regrettable. Milan's field was in terrible shape, like the proverbial pasture, as none of the bases were tied down, home plate was split and sticking skyward, there were four inch ditches and holes in the infield, and there was no pitcher's mound, just a slab of wood in a hole. Chelsea coaching staff put up such a complaint about the conditions that they at least got all five corners of home plate down to earth, but it was still a poor set-up for a championship game.

Later, hot-tempered Dick McCleery, Milan's ace southpaw, not only put on a fine pitching performance but also pulled a poor sportsmanship act in the fourth inning as he apparently went for Chelsea catcher Stan Knickerbocker with both sets of spikes in what seemed to be a deliberate attempt to maim rather than score.

As to the game itself there was little action, for both Tobin and McCleery were in fine form. Marty fanned 13, walked two, and hit one, while allowing but one hit, and McCleery struck out 11, walked two, and allowed two hits, and very obliging kicked in with a very helpful error in the seventh which set up Chelsea's lone, winning run.

After six scoreless innings Chelsea got the needed run on a base error and a home run by baseballer George Heydlauff laid down a bunt to open the inning, had it beat-out at first, and scored as McCleery's throw cleared first base.

Mrs. Donald Fogg Installed as Head of Grade PTA

The final meeting of the Elementary PTA for the present school year was held at the school Wednesday evening, May 16. Approximately 40 members and guests were present.

Mrs. Donald Fogg, E. M. Beach, Mrs. P. E. Sharrard, and Mrs. Claude Biles were installed by Mrs. G. L. Staffan as the 1951-52 president, vice-president, secretary and treasurer, respectively.

Among the annual reports given at the meeting was that of the U.S. Savings stamp program chairman, Mrs. Alfred Lippert. She reported that 732 children had purchased \$1,292.50 worth of the stamps.

Mrs. J. Raymond Seitz announced her resignation as leader of the PTA-sponsored Brownies. Mrs. David Strieter, who has been assisting her, is resigning, also. There are now 30 girls in the Brownies organization here, their report stated.

The PTA voted a contribution of \$100 for the summer recreation program.

The speaker for the evening was Dr. Byron O. Hughes, of the U. of M. School of Education who spoke on the topic, "Why Does Play and Education of Children?"

Rev. Henry W. Lenz, former pastor of Salem Grove church, now retired and living in Detroit, preached the service at the church Sunday morning. Rev. Lenz was a guest, during his stay in Chelsea, at the home of Mr. and Mrs. Lloyd Heydlauff and called on old friends and former parishioners in the community. He was also a guest-speaker at the Kiwanis club meeting Monday evening.

WIDENED MEMORIAL DAY HORIZONS

Police Will Crack Down on Jalopies

"There may be some dispute as to the origin of the word 'jalopy' but as far as the vehicles themselves are concerned, their end is near," Chief Dye issued that statement today as a warning to drivers and owners of unsafe cars.

Chelsea's police have been instructed to issue tickets on all cars that do not measure up to maximum safety standards.

Cars with only one headlight, or with burned out, or obscured rear lights, will be one of the principal targets in the campaign. Drivers who operate cars with bad brakes or other obviously dangerous conditions also will find themselves in trouble, the chief said.

The strict enforcement policy going into effect in support of Chelsea's May safety program, which is being sponsored by the State Safety Commission in cooperation with the National Safety Council.

"A person who knowingly drives an unsafe car hardly qualifies as a responsible driver," Chief Dye emphasized. "Nor does an unsafe vehicle give him the confidence he needs to cope with current driving conditions. It's a simple case of both the driver and his car becoming extra hazards to safety, and we're going to do our best to eliminate those hazards."

The official slogan for the May program in Chelsea is Check Brakes-Lights. Vehicle maintenance for safety is being stressed this month in anticipation of heavy Memorial Day and vacation traffic.

Mr. and Mrs. LeRoy Satterthwaite and sons and Mr. and Mrs. Ernest Fitzmaurice were in Jackson Sunday afternoon to attend the wedding of Elaine Fitzmaurice and Paul Whitney in St. John's Evangelical and Reformed church.

'Friends of Library' Told How Local Board Does Its Work

A representative group of interested members of the "Friends of the Chelsea Public Library" held their second annual meeting in the library rooms in the Municipal building, Monday evening, May 21.

The usual routine of reports for such meetings was shortened because a comprehensive report had been mailed to members before the meeting.

An instructive talk was given by Mrs. E. W. Eaton, who has been in close touch with the library since its inception.

Mrs. Eaton mentioned that former speakers had told Chelsea Public Library, but few people knew about the way the Chelsea Library Board does its work.

Basically, there are two kinds of boards functioning in the various communities, and they might be called non-working and working boards. A non-working board can function reasonably well in larger cities where the library can afford to hire a full staff of trained workers, but in a small village such as Chelsea, a really successful library must have a working library and paid out by its treasurer as allocated by the "Friends."

OSU Vice-President Named U. of M. Chief

Ann Arbor—Dr. Harlan Hatcher, vice-president of the Ohio State University, was elected eighth president of the University of Michigan at a special meeting of the Board of Regents Monday.

The 52-year-old educator, author and civic leader will succeed Dr. Alexander G. Ruthven, whose retirement furlough begins July 1. Dr. Hatcher will take up his new duties on September 1. The Regents are asking Dr. Ruthven to remain until then.

Ending an 18-months' search, the Regents announced their choice at a press conference at the conclusion of their meeting at 11 o'clock Monday morning.

Regent J. Joseph Herbert, Mantelique, Chairman of the Board's Committee of the Whole, described President-elect Hatcher as "a leader who meets the test of Michigan's great traditions."

At his home in Columbus, Ohio, Dr. Hatcher said, "I look forward with great interest to the privilege of serving the University of Michigan in this period of responsibility."

The new head of the University is well-known in Michigan, where he has visited and lectured frequently.

Dr. Hatcher has been vice-president at Ohio State since September, 1948. Prior to that he had come up through the teaching ranks to the post of Dean of the College of Arts and Sciences.

A native of Ironton, Ohio, Dr. Hatcher prepared for college at Morehead Normal School in Kentucky. He received the A.B. degree at Ohio State in 1922, the A.M. in 1928, and the Ph.D. in 1927.

In addition, he did post-doctoral work at the University of Chicago and spent a year in Italy, France and England studying the Renaissance.

Dr. Hatcher's attainments in English and historical writings have earned him a place among the nation's top scholars. Labeled by his students as "an inspiring teacher" and by his colleagues as "a teacher and administrator with vision, a man who gets things done through cooperation and effective leadership," Dr. Hatcher has long been regarded as one of the great educational leaders in the country, and particularly by those who know him best here in the Middle West.

The University's other presidents were: Henry Philip Tappan, 1852-63; Erasmus Otis Haven, 1863-69; James Burrill Angell, 1871-1909; Harry Burns Hutchins, 1910-20; Marion LeRoy Burton, 1920-25; Clarence Cook Little, 1925-29; and Alexander Grant Ruthven, 1929-51.

Seniors Return from Lake Cruise Tired but Happy

Chelsea High school's seniors returned Tuesday afternoon from their lake trip to Mackinac Island, Chicago and Holland and then back across the state by school-buses from South Lyon and Chelsea. The buses had taken the South Lyon seniors to Holland to embark for their trip which was just beginning.

The Chelsea group reported they had very fine weather for the entire trip. The storms experienced in this part of the state Sunday did not reach Mackinac Island where they spent the day.

Their return Tuesday across the state was made in the rain which had started early that morning as they were preparing to leave the boat.

The 55 seniors who took the trip were accompanied by Miss Michelena De Rose and Mr. and Mrs. Paul Maroney.

Poppy Sale Will Be Held Here Saturday

Mrs. Wilbur Hinderer and Mrs. Merle Barr, Sr., for Herbert J. McKune, Unit No. 31, American Legion Auxiliary, Carl Benjamin, for Veterans of Foreign Wars Post No. 4076, and Mrs. Ren Hutzel, for the VFW Auxiliary, are Poppy Sale chairmen for their respective organizations. The annual poppy sale will take place on the streets of Chelsea Saturday.

Mrs. Barr, in announcing the Legion Auxiliary project mentioned that the poppy has become the symbol of the war dead—their memorial flower. She said in part, "The poppy has become the symbol that the high ideals for which brave young men gave their lives still live and are honored. That is why we want to give everyone an opportunity to pin on these poppies as a tribute to the dead of the two World Wars and the present Korean conflict."

Mrs. Hutzel, speaking for the VFW Auxiliary, mentioned that the purchase of the poppies Saturday is not only a tribute to the soldier dead but is also a symbol of remembrance and honor for the sacrifices of all disabled and needy veterans.

Both the Legion and the VFW groups stress the fact that all proceeds of the poppy sales are especially designated for the relief and welfare of disabled veterans, their dependents or widows and orphans.

Fire Dept. Called to Harvey Farm

The Chelsea fire department was called to the Wayne Harvey farm on Cavanaugh Lake road about 4 p.m. Tuesday of last week when gas storage barrels behind a farm building caught fire. The blaze was out when the fire truck reached the scene. It was not known how the fire started.

Rev. Skentelbury Will Deliver Day's Address

Memorial Day Wednesday, May 30, will be observed in Chelsea with appropriate exercises in the High school gymnasium followed by the march to the cemetery where graves of servicemen will be decorated and taps will be sounded. The program at the school will begin at 10 a.m. Rev. W. H. Skentelbury will give the Memorial address.

Assembly for the parade to the gymnasium will take place at Main and Middle streets at 9:30 a.m. for the march to the school. Boy Scouts, Girl Scouts, and members of all service organizations and auxiliaries are urged to participate.

Service committees in charge of the Memorial Day observance urge everyone in the community to attend the program as a mark of respect and honor to the dead of all American wars.

Schools will be closed for the day.

VFW Auxiliary Sponsors Film on Dystrophy

Forty members and guests of the VFW Auxiliary attended the public meeting of the group held Monday evening in the K. of P. hall and viewed the film on muscular dystrophy, entitled "Today and Tomorrow." Mrs. William Weber was chairman of the evening's project which was planned to bring before the people of the community the activities of the Muscular Dystrophy Association.

The association was formed last June in New York City in an effort to promote interest in making research funds available to doctors who are attempting to find the cause and possible cure for the malady which is now 98 per cent fatal.

Jack Lennie of Detroit, chairman of the State Muscular Dystrophy Association, and Mrs. Travis Cash of Ann Arbor, chairman of the Washtenaw county group, both spoke at the meeting Monday evening. They brought out the fact that the disease usually manifests itself in children at about 4 or 5 years of age and progresses until death occurs, usually before the child reaches the age of 17. The disease also occurs in adults.

At present there are no clinics where muscular dystrophy patients may be treated. The reason given is that there are no funds for such clinics or for a general research program. The association is working toward securing funds for such research.

AGAINST the dramatic backdrop of the pontifical testimony of General Douglas MacArthur before a joint senate committee relative to this nation's foreign policy, which the general generally displays, a committee of the top business men of the nation, the Committee for Economic Development, has issued a statement on national policy which appears to be almost wholly at variance with that of the erstwhile Korean area commander.

The theme of General MacArthur's testimony is that this nation's major effort to stop the Russian Communists should be made in Asia, by starting an aggressive war there, and that our enemy is not necessarily Russia but Communism. And as brought out by Senator Fulbright, Communism is an idea or a belief which cannot be defeated by force of arms, but Russian Communist imperialism and its threat to engulf the free world is the enemy against which we are now fighting in Korea and mobilizing for come what may.

The Committee for Economic Development in its national policy statement recognizes the nation's commitments to place major emphasis on the European phase of this global struggle and says: "Considering that some American reverse in Korea caused people in other countries to doubt the ability of the United States to halt the spread of Communism, it requires little imagination to foresee the strength of the wave of the future psychology which would sweep the world in the event of the Soviet conquest of western Europe. The Russians would then be in an excellent position to use tactics of psychological warfare and internal subversion in a drive to neutralize or dominate many of the countries remaining outside the Soviet orbit and thus largely to isolate the United States—strategically, diplomatically, ideologically and economically."

"The many millions of Americans who have supported the European policy of the United States government since the war have done so,

not out of self-interest alone; they have recognized that the fall of western Europe would impoverish civilization. The loss of western Europe would be the loss of the fountainhead of a great part of political traditions, our philosophy, art and music. Cherished ancestral ties would be severed. Spiritual and political bonds which grow out of our common attitudes toward religion, towards the rights and responsibilities of the individual and towards the role of the state would be broken.

"We are thus committed by cultural affinity and by treaty obligation, as well as by self-interest, to share in the strengthening of the defenses of western Europe against the Soviet threat to European security."

Says the CED: "Given the flexibility of Soviet tactics, it is clearly the task of the western powers to organize a comprehensive and balanced security program which leaves no breach wide enough to invite a Soviet thrust. In view of the present military weakness of the western alliance first priority must now obviously be given to rearmament. The rearmament effort must be on a scale sufficient to create within two or three years a military force able, in the event of open war, to check an onslaught by the Red army until the full war potential of the United States and the allied free nations could be mobilized and brought to bear on the aggressor."

And the CED lays great stress on the fact that rearmament and security are not synonymous. "The contest between the Soviet Union and the west is ultimately a contest of strength, not of arms alone; strength embraces not only armed might, but in addition all those less measurable elements—such as greater productivity, efficiency, equity in the distribution of income, political and economic stability, and social responsiveness and spirit—which are the real sinews of national power. It is imperative that the Marshall plan be preserved and sustained in the rearmament period upon which we are entering."

SUNDAY'S SERMON

REV. ROBERT H. HARPER
The United Kingdom
11 Samuel 5: 1-5; 8:15; 1 Corinthians 22: 17-19
Memory Selection: Psalm 27:14

THE DAY'S LESSON is one of history, with the opportunity of drawing useful truth. The first thing to be learned is that the United Kingdom was of brief duration, having only two kings—David and Solomon. This was due to the folly of one man, Rehoboam, the son of Solomon.

Consider David's attitude toward God. While his personal life was often at variance to God's will, the purpose of David as a ruler was to honor God in the kingdom and bring his people to sincere veneration of the Lord. The democratic processes in Israel, so early in human history, are examples unto rulers and people today. The people entered into a covenant with David. He became an ancient constitutional monarch, trying to rule for the good of his people. The record states, "David executed justice and righteousness unto all his people."

Toward the end of his reign the aged king, preparing for Solomon as his successor, urged the people to support Solomon in building a temple unto God. David is an example unto all who govern today and his history should be instructive to the people of any nation, inspiring them to high ideals of government, the wise choice of rulers, and the highest loyalty to exalted standards of citizenship.

Portage Trails Scouts Will Hold Camporee at Bruin Lake

The Ann Arbor Junior Chamber of Commerce, in cooperation with the Portage Trails Council of the Boy Scouts of America, is sponsoring a spring Camporee at Bruin Lake Group Camp, May 26 and 27. It is expected that over five hundred Boy Scouts and adult leaders from Washtenaw and Livingston counties will participate in this Camporee.

This Camporee is a dress rehearsal for summer long-term camp-

ing. The Scouts will camp by

patrols. A camp Trading Post will be set up by the Junior Chamber of Commerce dispensing milk, cocoa, fruit juice, candy, and camp T-shirts. A 25c fee is required of each camper. This covers the cost of a State fee and the cost of badges and supplies. Each Scout who participates will receive a camp badge that he will be able to wear on his Scout uniform.

There will be plenty of adult supervision furnished by the Junior Chamber of Commerce and the Scout leaders. A well planned program has been arranged. The boys will be kept busy from the time

they enter the camp until they leave.

Saline—Universal Die Casting and Manufacturing Corporation is laying off approximately 100 employees due to shortage of zinc base alloy. According to the company the layoff is expected to be temporary as the company's suppliers are cooperating in every way possible to keep a steady flow of material, even though the total amount is greatly reduced. In the meanwhile adjustments are being made to correct the situation as much as possible by transferring employees to other work.—Saline Observer.

Detroit Named Grand Master of Michigan Masons

It is said that history moves in cycles and frequently repeats. Thus the elevation of Guy C. Powell, a Detroit native, to the office of Most Worshipful Grand Master of Masons in Michigan just 125 years after the naming of Governor Lewis Cass as the State's first Grand Master and also a Detroit native by adoption causes no great surprise. Powell was elected Wednesday, May 23, during the closing sessions of the 107th Annual Communication and is the 15th Detroit native to hold the office.

Michigan's new Grand Master was born in Windsor, Ontario, Canada, May 1, 1892. In 1900 the Powells settled at Croswell, Mich., where he received his elementary and high school education. Advanced schooling was received at the University of Michigan.

During World War I he served overseas with the AEF and after serving his country he was honorably discharged in 1919.

He began his Masonic career in 1920 in Kilwinning Lodge, No. 287, and on December 29 he was raised to the Sublime Degree of a Master Mason, and in 1938 served as Worshipful Master.

He is now a member of Detroit Consistory, King Cyrus Chapter No. 133, Monroe Council No. 1, Detroit Commandery No. 1, and Moslem Temple Shrine.

★ Decoration Day ★

As the mournful notes of "Taps" sound across our nation, they echo the noble deeds others before us have performed so that we may live in freedom. It is only because of their great sacrifices that we, the living, are now enjoying the blessings of liberty. Let their heroism be the torch that lights our way. Let theirs be the example that guides us successfully on our path. Let us stop, meditate and give thanks for "These, Our Heroes."

BEFORE PEELING APPLES which are to be cooked, pour boiling water over them. The skins will come off quickly and easily. Get all the sand out of spinach by using warm water for washing.

Adding some salt to this first rinsing water, too, will help get the sand and dirt out more readily. Use a coarse grater for peeling carrots. This gets the peel off easily and quickly and helps save the vitamins and minerals buried right under the skin.

The odor of turnips while cooking can be greatly lessened if you add a teaspoonful of sugar to the water in which they're boiled. Strings can be removed from green beans if you pour boiling water over them for about five minutes after washing.

Add the juice of a lemon or a few teaspoonfuls of vinegar to vegetables which have become wilted, and let them stand in cold water before cooking.

RECIPE OF THE WEEK Apricot Bread Pudding (Serves 8) 4 slices dry bread 2 teaspoons butter 1 1/2 cups cooked apricot halves 3 eggs, beaten 1 cup milk 1/4 cup juice from apricots 1/4 cup sugar 1/2 teaspoon lemon extract Trim crusts from bread. Spread 1/4 teaspoon butter on each slice of bread and cut in quarters. Alternate layers of bread and apricots in greased 1 1/2 quart casserole with apricots as the last layer. Combine all remaining ingredients; pour over bread and apricots. Bake in a moderate (350° F.) oven for 30 minutes. Serve with plain or whipped cream.

To peel sweet potatoes without any waste, grease the skins before baking with lard. When baked, the skins slip off.

Peel fresh pineapple without difficulty by slicing it into rings first. Then take each ring and run a paring knife to remove the peel. Fried potatoes will brown easily and have that highly desired golden finish if you dust them very lightly with flour just before frying. An ideal way to do this is to shake flour from a shaker with large holes in it.

Our Neighbors

Morenci — Last week in this column we remarked that as yet the new waste cans on Main street had not received any mail, although the mail boxes had received waste paper.

No sooner had we gotten the words out of our mouth, so to speak, when it happened.

One of the business men on Main street absently dropped a letter, which he thought he was mailing, in the new green cans Monday morning.

It just happened that one of the postal clerks, collecting the mail, saw him do it and recovered the letter. — Morenci Observer.

South Lyon — A total of 574 votes were cast in Monday's special election for the purpose of financing a new elementary school unit for the Township School District of Lyon Township. Voting continued steadily throughout the day, with a last minute rush during the early evening.

The proposition for the issue of \$280,000 in bonds polled a total of 514 votes, with 555 votes in favor, and 154 against the proposition, and five ballots invalidated. — South Lyon Herald.

Scottville — Screaming brakes of a car which swerved in front of the one being driven by Mrs. Wirth Tennant and then came to a stop was the first in a series of unusual events happening to Rev. and Mrs. Wirth Tennant at about 9:15 p.m. last Wednesday at a point about three fourths of the mile west of the parish.

Rev. and Mrs. Tennant were returning from Grand Rapids, driving leisurely and watching for deer feeding along the roadway.

Immediately following the stopping of the two cars Rev. Tennant saw a gun being pointed at his head by someone who was standing just to the rear of the front seat of his car and heard a voice in the rear saying, "Get their wallets and their watches."

Simultaneously another pistol was being pushed into Mrs. Tennant's ribs from someone on the roadway on the side of the automobile.

In reconstructing the story Rev. Tennant is of the impression that three men were involved in the hold-up. — Mason County Press.

Dexter — A slim crowd attended the public meeting in Copeland Auditorium Tuesday evening to hear the architect and building attorney explain the details of the proposed school building for Dexter Agricultural Schools. The final plans for the forthcoming election on May 24th were discussed. An effort is being made to get out the vote on next Thursday. — Dexter Leader.

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs to our own American heritage of personal freedom.

Beer Belongs... Enjoy It

ALWAYS BE CAREFUL DRIVING

Here's something Special in Spaciousness

A LOT of folks like the two-door idea, because they feel that tiny tots are safer in the back seat.

But that's no reason why back-seat headroom should be dimensioned for midgets only.

So Buick engineers have done something about it, in the Buick SPECIAL 2-door Sedan pictured here.

They've kept the compactness of over-all length that's important in modern garages. But they've arched that sturdy steel top to give you he-man headroom—headroom in back as well as headroom in front—that makes a six-footer feel at home.

And they've designed a trunk that has "room for tourists."

Don't ask us how they did it. Come see for yourself.

Slip into those spacious seats—and while

you're there, find out why this compact honey is one of the hottest numbers we've seen in years.

Find out how that F-263 valve-in-head Fireball Engine pours out the power and stretches the miles per gallon.

Find out how Buick's exclusive combination of torque-tube drive and coil springs on all four wheels puts big-car steadiness and stability into this nimble performer.

Find out how Dynaflo Drive* takes the strain out of traffic driving—and brings you relaxed to the end of a long day's cross-country driving.

And above all find out how much comfort and luxury and convenience you get for the prices you see featured here. The sooner you see your Buick dealer—the better off you'll be.

Zany Zoology

THE AMOEBA—A tiny Protozoan. You've probably never met one, even in a dime store where you meet all kinds, so shy are they since humans snub them as the lowest form of animal life. You'd have an inferiority complex too, if you were classified below people.

It takes a microscope to see an Amoeba. So nobody much bothers. One can view all the low specimens one wants on TV. But even inspection by zoologists embarrasses the shy little thing, since the Amoeba is a "single cell of naked protoplasm" without a stitch on its back.

The Amoeba inhabits little drops of water. Going about naked and living in a damp place, he does well to avoid pneumonia.

Our little friend moves by thrusting out portions of himself and following through. It is as if you had to travel forward by throwing out your tummy a couple of feet and allowing the rest of yourself to snap into position behind it. Or as it you had to execute backward motivation by projecting an appropriate part of your anatomy. Try it sometime.

The Amoeba reproduces its kind by simple division—the parent splits into two smaller similar organisms which grow up and split as their papas (or maybe it was their mamas) did. Don't try this. Nothing in human ability quite equals the Amoeba's method of achieving parenthood, and you'd only break your back trying.

The Amoeba eats practically the same way he travels—by projecting portions of his body around the vittles and then moving in with the rest of his body to begin digestion. When he eats, he eats all over.

SENIORS MEET

GOV. WILLIAMS

"Lansing!" We were there!

JUNIOR AND SENIOR

BOYS' ASSEMBLY

Sergeant Roadway of the U. S. Army spoke to the Junior and Senior boys on Monday morning last week. The boys were asked to present any questions they might have concerning the Army or Air Force. Many questions were asked and several unknown facts about joining the armed forces were made known. One point which Sergeant Roadway stressed was for the boys to finish high school and if possible, attend college before going into the armed services.

UNIVERSITY DAY

On University Day, six students from the Senior Class attended the program at Ann Arbor. The boys and girls enjoyed the trip very much. The President of the University welcomed students and following this there were conducted tours to see all parts of the campus.

CALIFORNIA BOUND

The students are very sorry to learn that they will lose one member of the faculty next year. Mrs. Martin, our homemaker teacher, decided that instead of hunting for boots and mittens during cold Michigan winters, she would move to California where winters are always warm and sunny. Mrs. Martin's husband will graduate from the University School of Law this June. After graduation Mr. and Mrs. Martin are going to San Francisco, Calif. During the past three years Mrs. Martin has made all the homemaker classes very interesting by having all the homemakers participate in style shows, luncheons, and planning informal parties. All the homemakers have enjoyed working with Mrs. Martin and will miss her very much.

From E. E. Meredith, Fairmont, W. Va.: I remember when a traveling dentist yanked out the aching teeth and no one thought of having a filling put in.

From C. E. Egan, Chicago, Ill.: I remember when every family had a cobbler outfit and did their own shoe repair work. It was my job to do the "half-soles." My wife's father operated a peg factory for making the pegs out of sugar maple.

From Mrs. Josie Butler, Pittsford, Pa.: I remember when men wore buttons on the bottom of their trousers.

From Mrs. Zaida Jones Blaine, Tuscola, Ill.: I remember when grandma carried her purse, clay pipe and smoking tobacco in the long pocket set in the wide seam of her woolen petticoat. When she went shopping at the general store, the truly gallant clerk would turn his back while grandma hunted in the petticoat pocket for her purse.

From Mrs. Celia F. Boyd, Willow Hill, Ill.: I remember when I wore a long trail that I had to hold to one side when I went in church to keep the one behind me from stepping on it. I also wore long skirts with a circular flounce on bottom with what was called brush binding, that swept the floor to save the hem from wearing out.

From Mrs. Bertha De Vries, Herma Beach, Calif.: I remember the wooden "hoppers" in which the wood-ashes were dumped during winter. In the spring, water was poured over the ashes and allowed to drip in a stone jar. This made lye, with which soft soap was made in a large black kettle over a fire in the yard. When finished, soap was stored in stone jars and used to do the family wash.

ST MARY'S School Notes

FIRST HOLY COMMUNION

On Sunday, May 27, seven boys and five girls will receive their first Holy Communion at the eight o'clock Mass. They are as follows:

Joseph Christwell, Guy Devine, Donald Forner, Caroline Hoffman, Judith Kite, Francis Laban, Nadine Lentz, David Lixey, Linda Steele, Joseph Staphish, Kathleen Tuttle, Richard Wood.

Visitors: Sister Rose Mary and Sister Mary Ann, O. P. Dominican superiors for the Archdiocese of Detroit, visited our school Thursday, May 17.

Annual May Crowning. On Sunday, May 27 the annual crowning ceremony will take place in St. Mary's church. The student body will form in procession, the girls in white wearing wreaths of green, while the boys will wear white shirts and ties.

Jeann Marie Young, Ruth Ann Staphish, Charlene Cook, Rose Ann Hanked, and Mary Lu Ghidotti dressed in pastel colored formal wear will precede the May queen, Joan Merkel, who will place the crown on the Blessed Mother. The above mentioned girls are the eighth graders who will graduate in June.

The queen, Joan Merkel, was chosen by a vote of the student body with Jean Marie Young to carry the crown.

We were not surprised that the wife wore a slogan contest. But what did amaze us was that she said anything in 25 words or less.
