Saline 10, Bell Oak 2.
Chelsea 9, Williamston 7.
Webberville 15, Lansing 1.

Williamston—The Chelsea Independents noted the Williamston Bills, 9-7, to make it a three-way tie for second place in the Erie County Baseball league. It took three Chelsea hurlers, and six hits by George Heydlauff to give the Independents a hard fought win. Williamston jumped to a 4-1 lead, but Chelsea came back and pounded Doug Brandenburg to cover in the sixth.

Williamston 312 001 000-7 5 4
Bassore, Tobin (1), Crocker (3) and Miller;
Brandenburg, Dunkel (6) and Dunkel, Blumm (6).

Webberville—The Webberville Merchants kept pace with Chelsea and Williamston, by taking advantage of Lansing pitcher Herschel Heck's wildness to score an easy, 15-1 win over the Laborites. Neil West pitched hitless ball until the sixth, when his brother Roy relieved him. Still no hits for Lansing until the top of the ninth, George Marckel and Ron Porter singled to give the Laborites the only run.

Lansing 400 000 001-1 2 6
Webberville 430 120 14x-15 10 2
Hookaid Porter;
N. West, R. West (6) and Hug-enot.

Saline—Al Hoefft pitched his Saline team to a 10-2 win over cellar-dwelling Bell Oak, and kept Saline on the verge of a playoff berth. Saline is only half a game off the pace of the three teams tied for second, and with an important game with the Chelsea Independents coming up next Sunday, could easily slip into the top brackets.

County Agr. Agent Gives Tips Toward Stretching Pasture

Tips to farmers on getting the most out of their pastures came this week from County Agricultural Agent R. J. Johnson. Johnson said that the season of the year when you need to be cautious about too close grazing. It's bad for the grass, hard on the soil and actually lowers the total production of milk and meat from the pasture.

Rotational grazing has proven a valuable practice in increasing the production of pastures, he said. An electric fence is a "natural" for working out a pasture rotation plan, without much additional labor, too.

Rotation grazing—that's changing the animals from one part of the pasture to another, giving each part a chance to recover before being grazed again—will force the livestock to eat the grass evenly in a fenced off part of the pasture rather than just in spots.

It also provides livestock with more fresh, green grass—which is high in feed value. It will pay to let alfalfa pasture rest during August and September to make up enough energy to make quicker recovery and earlier growth the following spring.

Michigan Extension Service specialists have found that the length of time alfalfa will remain in a legume-grass mixture depends largely on how closely it is grazed. It may kill out the first year if it is grazed shorter than 6 to 8 inches. Otherwise it should last as long as 3 years.

If you use an electric fence for horses or cattle, one wire about two-thirds the height of the animal is enough. If hogs or other small animals are grazed in the same enclosure another lower wire should be added about 3 or 4 inches above the ground.

The main thing to check when buying an electric fence controller is that it has an Underwriter's Laboratory label. Keep weeds under the wire cut so they won't short out the fence.

An impolite but effective introduction of the animals to the wire may be made by hanging some ears of corn on it.

Prod. Machining Building Addition to Local Plant

Willard Pearson, owner of Production Machining company, said yesterday that an addition to the plant, expected to be completed this week, will increase the floor space by approximately 50 per cent. The addition is at the east end of the present building on North Main street.

Pearson gave increasing business as the reason for the need for more space to make room for additional machinery.

Seven men are now employed in the shop and several more are to be added when the new machinery is installed.

The shop is now doing some ordinance work for the Federal government.

Bahnmler Family Reunion Held at Huron River Park

The annual Bahnmler reunion was held Sunday, July 29, at Dexter-Huron Park with approximately fifty members of the family present from Manchester, Grass Lake and Chelsea and vicinity and from Dearborn. Among those from Chelsea were Mr. and Mrs. Albert Hinderer, Mrs. Louise Hinderer, Mr. and Mrs. Elmer Weinberg and the Jay Weinbergs.

End Fluoride Tooth Clinic Tomorrow

**Total of 72 Children
Receive Series of
Special Treatments**

The fluoride dental treatment program for children, which has been in progress here since July 24, will be concluded tomorrow.

A total of 72 children will have had the treatment administered. Only two of the children who were registered failed to appear for the treatment.

The equipment for administering the treatment for this type of tooth decay prevention was set up in the Agriculture room at the High school. Robert Morrow, a junior dental student in the University of Michigan, gave all the treatments here. He was assisted by a relay of workers recruited from among the mothers of children taking the treatments.

The first part of the program called for cleaning each child's teeth. About five children an hour was the average for this part of the work. The cleaning was followed by three separate applications of the fluoride.

The Michigan State Dental Society, the Michigan State Board of Dentistry and the Michigan Department of Health cooperate to make possible these programs of tooth decay prevention.

Peak of Wheat Harvest Reached over Week-End

Wheat yields in this vicinity are averaging in the neighborhood of 30 bushels per acre this year according to reported estimates.

Last year's average was said to be about 45 bushels.

However, average prices paid this year are about ten cents higher than last year and wheat has been of fairly good quality.

One local buyer reported handling eight carloads of the grain last Thursday, while another firm handled 14,000 bushels Monday.

It is thought that the peak of the harvest this year was reached over the week-end.

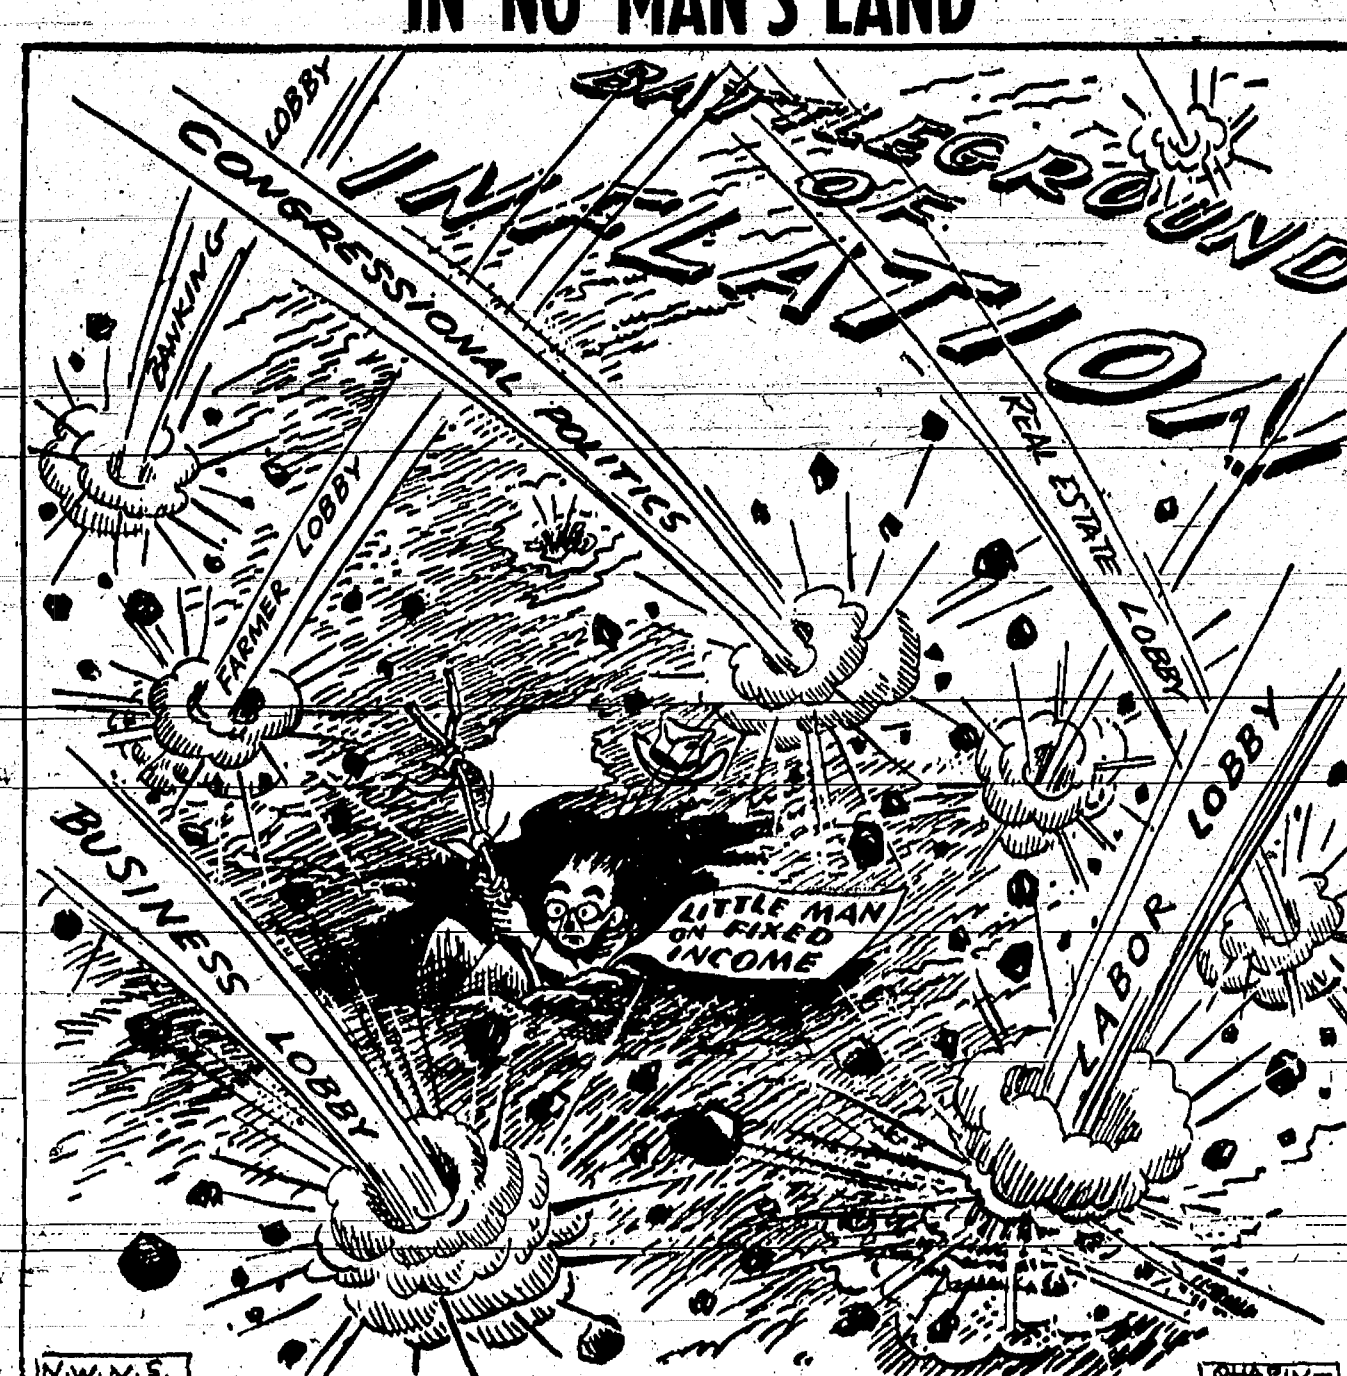

Three Chelsea Youths Join Navy in July

Library Story Hour Series Ends with Good Attendance

The series of story hours for children at the Chelsea Public Library was concluded on Wednesday of last week. An average of 60 children attended the five weekly sessions. Miss Dorothy Beach was "the story lady."

A much-enjoyed feature of the story hour program was the presentation of puppet shows on two of the afternoons. Two shows were given each time. Judy Wagner was in charge of the puppet theatre and was assisted by Susan Grossman.

Barbara Eaton Is Attending Classes at Mexico City College

Mexico City (Special to The Chelsea Standard)—Barbara Eaton, daughter of Mr. and Mrs. E. W. Eaton of Chelsea is in Mexico City this summer where she is attending graduate school at Mexico City College, the only institution of higher learning in Latin America with the same credit system as universities in the United States.

Barbara says that one of the advantages of studying at the college is that of being in the cosmopolitan and international environment of the country's capital city.

Many of the students live in Mexican homes where they not only become proficient in Spanish but also are able to observe first-hand the life and customs of the country.

The exchange rate of 8.65 pesos for \$1 makes it possible for students with small incomes to take in jai alai games, bull-fights, and other entertainments typical of the country. Aztec ruins, old Spanish palaces and popular beach resorts are all within easy reach of the student, both geographically and financially.

Barbara graduated from Chelsea High school. She attended Olivet College and graduated from the University of Michigan with a B.A. degree, before coming to Mexico.

A Spanish major, she says she is learning the language with much more rapidity than she had anticipated since what she learns in the classroom she can practice in her daily life.

Livonia Kiwanians Visit Local Club

Livonia Kiwanis club members and their wives met Monday with Chelsea Kiwanians for an inter-club dinner in the social center of the Methodist church. Donald McClellan, who attended the American Legion Wolverine Boys State as a representative of the local Kiwanis club, gave an interesting report of his experiences and then the group went to the athletic field for an inter-club softball game which the local club won.

Dr. and Mrs. Andrew Guido were in Lowell last week to attend the Show Boat performance, and spent from Tuesday until Thursday with their daughter, Mrs. William S. Doyle, and family.

Cassidy Lake Youths Flee; Taken at Niles

Three escapes from Cassidy Lake camp, James Madonia, Roy Mawhooter, and Kenneth Crawford, were to be questioned regarding a series of auto thefts which occurred here and in Ann Arbor Monday night or early Tuesday morning, according to police reports.

The trio was picked up Tuesday as they walked along the railroad track at Niles, and later were taken to Niles. Linking them with the auto thefts was the discovery of a pickup truck abandoned in Niles. The truck had been stolen in Ann Arbor, while a gray 1935 Plymouth, owned by the Chelsea Implement company, had been reported stolen here and was found abandoned on Stadium boulevard in Ann Arbor.

A third vehicle stolen the same night was a gray 1937 Ford taken from the James Robards garage on Taylor Lane.

The three Cassidy Lake youths were reported missing from the camp Monday night. A fourth Cassidy Lake youth had escaped Monday morning.

Information Offered on Social Security

On January 1, 1951, about four and one-half million Americans came under the Federal Old Age and Survivors Insurance law for the first time. This large group of individuals are the self-employed persons of the nation.

In general, most people who operate businesses as owners or as partners may expect to come under the new Social Security law. This means that the sole owner or partner operating a store, shop, garage, lunch room etc., the independent contractor the artist and the writer may build up old-age and survivors insurance protection.

Not included for Social Security purposes is income from self-employment as a farm operator. Also excluded are certain professional people.

The Social Security office, North Main at Felch street, Ann Arbor, c/o Michigan State Employment Service, has informational pamphlets available for those who desire more information about Social Security.

Washtenaw County MSC Alumni Club Picnic To Be Saturday

The Michigan State College Alumni club of Washtenaw county will hold the annual family picnic Saturday, Aug. 4, from 4 until 7 p.m. at Dexter-Huron park. There are more than 500 State alumni in this county and it is hoped that those who have attended MSC for any length of time will join the picnic.

The co-chairmen, Mrs. Erle Stewart and Mrs. Fred Leeman, and their committees have arranged planned recreation for the children and entertainment for the adults.

Reservations may be made locally by calling Mrs. Richard Riemenschneider or D. A. Riker.

Oat Check Plot To Be Harvested on Reddeman Farm

Michigan State College Experiment station, through the cooperation of Clarence Reddeman of Lima township and Albert Gall of near Saline, have conducted two oat variety check plots in Washtenaw county.

Varieties planted include Clinton 59, Kent, Shelby, 5298, Eaton and Imported White Star.

The check plot on Clarence Reddeman's farm will be harvested on the afternoon of Friday, Aug. 3. A twilight meeting will be held at the farm for all interested to observe the plots and hear the comments of Dick Bell, crops specialist from Michigan State College. The meeting will begin at 7:30 p.m. Mr. Reddeman's farm is located southeast of Chelsea at 10395 E. Jerusalem, near between Steinbach and Dancer roads, approximately 10 miles west of Ann Arbor.

Lowell Show Boat Grows in Popularity with Each Year

Hospitality of the Lowell community was apparent to all who attended their "Show Boat" at traction during its highly performed, July 23 through July 28. C. H. Runciman, a former Chelsea resident who is well known here, acted as "Admiral" master of ceremonies as he has done on the occasion of each of the 17 performances of the Show Boat since its inception in 1932. In that year Mr. Runciman and two other men put their ideas together to formulate the show and the "Robert E. Lee."

The show which started in 1932 as a home talent promotion and exceeded their wildest dreams by attracting 2,000 persons, this year drew sell-out crowds each night. Saturday night 7,500 persons, including several from Chelsea, elbowed their way into the town to witness the increasingly popular top-notch entertainment.

Dinner guests last Tuesday at the home of Mr. and Mrs. Carl Beutler were Mr. and Mrs. Leon Beutler and Sandra and Carla, Mr. and Mrs. James McConville and children, Kern, Joan and Hugh, all of Chicago.

Mrs. Charles Ritter, who underwent an emergency appendectomy at St. Joseph's Mercy hospital, Ann Arbor, last week, Wednesday night, returned to her home here Monday.

THE WEEK IN Washington

THE BATTLE of price and wage controls and rollbacks continues in the congress, with the thinking of congressmen obviously tempered by the true talks in Korea and not by the necessity of keeping rolling on a mobilization program, if this nation is to survive.

The opinion here in Washington is that the Korean cease-fire will be successful. If it is, what will happen? Will farmers who took the lead in opposing government ceiling prices wish they had these ceilings? Or will the price support program be sufficient to stem a collapse in farm prices? There is at this juncture, a picture of bumper crops of corn, cotton, wheat, soy beans and livestock. Will the impact of these huge crops, plus an easing off of immediate demands, force down prices on farm commodities? Some here think it will.

Some believe that unless the government undertakes a huge export program that the farmer will be rushing to the government with his corn, cotton, wheat, rice and other grains for government loans under storage, again building up huge government holdings which in themselves tend to slow up price increases.

With rents going up 20 per cent as permitted under the new controls act with roll-backs prohibited (as this is written) and with certain ceilings knocked out on many commodities, the prediction here is that it will be necessary for another round of wage hikes, if the working folks are to keep even with the board. And with the marketing quotas knocked under the beef control program, many here predict black-market beef will flood the market.

With the controls act watered down, as now appears, certain there is much evidence here in Washington that the long range picture is for higher prices, except farm prices and higher wages.

Western senators, Republican and Democrat working together, teamed up on their colleagues to restore much of the slashes in the department of interior appropriation measure made by the house. At the same time, they gave a spanking to Senator Carl Hayden

of Arizona who attempted to defy the administration ban on new projects during the emergency, by voting down a \$12,000,000 appropriation to start eight new reclamation projects during the current fiscal year. The westerners defeated a move by Senators Douglas of Illinois and Ferguson of Michigan to cut bureau of reclamation funds by \$16,000,000 and again on a motion by Ferguson to reduce the same funds by \$10,000,000. Western senators, led by O'Mahoney of Wyoming, declared cutting these reclamation funds on projects partly completed and already under contract would not be economy in the long run.

Senator Kerr of Oklahoma salvaged some money and power for the southwestern power administration after, the senate had voted to limit use of a \$300,000 continuing fund for that agency, by adding \$250,000 to the SPA construction fund for purchase of electricity and leasing of transmission lines.

The foreign relations committee took up the President's request for a joint resolution ending the state of war with Germany. Consideration of the proposal was delayed because nine members of the committee have been junketing in Europe and only returned July 15.

Despite the small business committees in both houses of congress and the fact that every member is elected by the votes of "consumers," Sen. Guy M. Gillette of Iowa has introduced a resolution to create a special 13-member senate committee on consumer interests. Fourteen Democrats and eight Republicans joined him on the resolution. Senator Gillette said consumers were entitled to be represented and protected as other groups are. "Yet there does not exist any effective agency in the congress through which the consumers voice can be specifically heard."

Some one suggested, however, that there are 435 members in the house and 98 members in the senate who are supposed to represent the consumers in the congress.

SUNDAY'S SERMON

REV. ROBERT H. HARPER
Christian Principles in Earning a Living
Lesson for August 5: Luke 12: 13-21; II Thessalonians 3: 7-10
Memory Selection: Luke 12: 15
JESUS teaches that Christian giving is a part of Christian living. The man who will not give will not live right. But the man who is faithful in material things will, in the day when those things fail, be received into the everlasting habitations.

The foolish farmer was one of the best of farmers and one of the worst of men. And he made three great mistakes that brought him to eternal ruin—he was a self-centered man, he thought he could feed his soul on corn, and he supposed that he had unlimited time to enjoy what he had accumulated.

The first great mistake, living for himself alone, led him to pull down his barn and build greater that he might store all his fruits and his goods for himself. In the second, thinking he could feed his soul on corn, could live the complete life with that which is food only for the body, he also fell into the third mistake of supposing that he had unlimited time to enjoy the things of sense. He would say to his soul: "Thou hast much goods laid up for many years." But God said to him: "This night thy soul shall be required of thee."

Paul reminds his readers that he had labored with his own hands when necessary, to support himself and preach the gospel. The lesson teaches that men are stewards of all they are said to possess and are required to give unto the work of the kingdom of God as He has prospered them.

Your best Canning Aid... an Automatic Gas Range

You get in a modern GAS range a flexibility of heat essential to pressure cooking that no other type of range can give you. You get INSTANT heat—you get full, intense flame INSTANTLY—you get complete turn-off INSTANTLY—no slow cooling off. You get a thousand heats at the twist of your wrist. You get precision heat controls—exact, accurate temperatures. No wonder today's Automatic GAS Range is considered the best canning aid.

MICHIGAN CONSOLIDATED GAS COMPANY

Serving 715,000 Customers in Michigan
103 North Main Street Phone 2-2511

CLEAN COOKING is another advantage of today's Automatic Gas Range. The simple, removable, PERFECTED top burners produce perfect combustion of the clean blue gas flame. No smudge, no dirt, no residue. Simmer burners permit "waterless" cooking that reduces cooking vapors and keeps walls clean.

CARD OF THANKS

I wish to thank my friends and relatives and the Ladies' Aid of Zion church for their cards, gifts and thoughtful acts of kindness during my stay at the hospital and since my return home. 3

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the many acts of kindness and meagerness of sympathy after our accident and the death of our dear mother. We especially thank Leonard and Hugh Miller, Howard Artz and Wilbur Beeman; also, Rev. B. McNally for his comforting words. 3

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for the nice cards, candy, letters, gifts, fruit and flowers during our son's stay in the hospital and since his return home. We also wish to express our appreciation to Mrs. Albert Faulkner for all her kindness and time of need. 3

THANK YOU

I wish to express my sincere thanks to all my relatives, neighbors and friends for their visits, cards, flowers and other gifts during my stay at the hospital and since returning home. These acts of kindness are greatly appreciated. 3

ARE YOU THIS MAN?

A wonderful opportunity is offered to an aggressive young man who is seeking: 3

• A sales executive career with pay in the top brackets.
• Definite opportunities for managerial responsibilities.
• Guaranteed high weekly earnings NOW.
• Permanent association with an established corporation.
• Building a clientele which will increase earnings from repeat business through many years. 3

The man to be selected must be sales minded and of high intelligence, preferably employed now. Employment will be based on vocational tests which prove natural aptitude for the position. Applicants are requested to write a brief outline—stating age, residence, education, marital status, business experience to date and income requirements. Replies will be held in confidence. 3

Mr. and Mrs. Roger Hinderer and son, Drew, of Grand Rapids, spent the week-end at Cavanaugh Lake with the former's parents, Mr. and Mrs. Otto Hinderer. Additional dinner guests on Sunday were Mr. and Mrs. Arthur Schaefer and Mr. and Mrs. Raymond Schaefer.

Harold Barth and his sisters, Dorothy and Virginia, returned Monday night from a trip through the eastern and southern states. They stopped at Scranton and Philadelphia, Pa.; Baltimore, Md.; Washington, D. C.; and Knoxville, Tenn., and returned by way of Louisville, Ky.

Club and Social Activities

HELPING HAND CLUB

The Helping Hand sewing club held a quilting bee Tuesday of last week at the home of Mrs. Winifred Coffron. Twelve members were present for a pot-luck luncheon at noon and for the afternoon's work.

PAST PRESIDENTS

Past presidents of Herbert J. McKune—Unit No. 31, American Legion Auxiliary, met Thursday afternoon, July 26, at the home of Mrs. Paul Maroney for a one o'clock dinner. Eleven members were present.

Mrs. A. L. Brock, an out-of-town member, delightfully entertained the group with an interesting account of life in Florida where she and her husband make their home during the winter.

HONOR FLORIDA VISITORS

Mrs. Veronica Ford and her daughter, Mrs. Doris Varigan, of Winter Park, Fla., who have been guests of the former's daughter and her husband, Mr. and Mrs. Dillon Wolverton, were entertained at several parties given in their home during the past week. Mrs. Wolverton entertained for her mother and sister Friday evening.

Thursday evening Mrs. Walter Kantelema and Mrs. John Fischer entertained at bridge, and Saturday Mrs. George Staffan and Mrs. Inez Bagge gave a dessert bridge party at the Staffan home for the two out-of-town guests.

Monday afternoon Mrs. Ford and Mrs. Varigan were honored at a meeting of the Dessert Bridge club held at the home of Mrs. A. L. Steger.

DEBORAH PICNIC

Fourteen adults and children were present for the Deborah Circle picnic at Clear Lake last Thursday evening.

WOMAN'S RELIEF CORPS

Seventeen members and friends attended the Woman's Relief Corps picnic at Pierce Park last Thursday evening. Following the supper, games were the diversion during the remainder of the evening.

N. LAKE EXTENSION CLUB

The North Lake Home Extension club had a birthday party last Friday evening for residents of the Washtenaw County Infirmary, at the home. There was group singing, a talk by Rev. Harvey Pierce, and a monologue by Mrs. Junior Colby, after which ice cream and a cake were served. A large birthday cake, complete with candles, was a feature of the party.

Tuesday of last week a birthday party for Mrs. Carl Beutler was held at the Beutler home. Guests were Mr. and Mrs. Albert Fink, Albert, Jr., and George, and Walter Beutler of Freer road. Also attending from Chicago were Mr. and Mrs. Leon Beutler and Sandra and Carla, Mr. and Mrs. James McConville and children, Kern, Joan and Hugh. The opening of birthday gifts and the two decorated cakes added much pleasure to the party. One of the cakes was from Mrs. McConville and Mrs. Leon Beutler and the other was from Mrs. Walter Beutler who was unable to attend.

Local Bride-To-Be Honored at Showers

Lola Ann Schlosser, whose marriage to Arlo Dunkelberger, of Bangor, Mich., will take place Friday, Aug. 17, was guest of honor at two miscellaneous showers recently. The first was a surprise shower Friday evening, July 20, when Janice Hasley and Mrs. Wayne Fairfield, the former Lola Fortman, entertained a number of Miss Schlosser's friends at Mrs. Fairfield's home on North Thayer street, Ann Arbor.

Appropriate games were played after which the honor guest presented to open her gifts. These had been arranged on a table decorated in lavender, purple and silver and centered with an umbrella in the same colors. The hostesses later served a dessert supper.

Sunday afternoon, July 22, Betty Johnson, Miss Schlosser's roommate in Ann Arbor, entertained for the parents, near Clinton. Several games were played and prizes were won by Mary Virginia Keyes, Mrs. Shirley Wark and Miss Schlosser. The latter was also presented with a corsage by the hostesses.

A pink and white umbrella adorned the gift table.

Luncheon was served to seventeen guests present from Ann Arbor, Dexter, Chelsea, Bangor and Clinton and Fremont, Ohio.

PERSONALS

Mrs. A. H. Pommerening returned Friday by "Stratocruiser" after a short visit with her son and his wife, Dr. and Mrs. Robert Pommerening, and family, in Seattle, Wash.

Sunday guests of Mr. and Mrs. Harold Bair were Mr. and Mrs. Bruce Williams, their daughter, Mrs. Jean Glenn, and her son, Dickie, all of Flint.

Mr. and Mrs. Richard White and daughter, Karen, of Covington, Ky., and Mrs. Wayne Patterson and children, of Alma, spent last week here with Mr. and Mrs. Bert White. Mr. Patterson came for the week-end and his family returned home with him. The Richard Whites are spending this week with Mrs. White's relatives in Clarkston.

ABOVE THE HULLABALOO

By LITTLE HULL

WE ARE almost constantly warned by experts to redouble our efforts to construct a powerful fighting machine with which to defend ourselves and the free world against Russia. Whenever the warnings taper off, the efforts slow down.

It seems almost incredible that the majority of us Americans don't even yet realize that our freedom—even our lives—may be in deadly peril. We don't yet grasp the meaning of the Marxist code. It has but one meaning—total conquest of the entire world—and incidentally the liquidation of all classes above the "gutter." Stalin may die, Molotov may die, the entire Politburo may expire, and still the work will go on. And it will continue until the world is conquered and enslaved, or until the Russian people themselves overthrow their own tyrants.

We don't believe this "rubinism." We don't see how such things can be true. So when the Kremlin relaxes the pressure in Korea, we will doubtless tell our congressmen to relax the pressure on us.

It is a fact that taxes can become so high that the will to work is lessened. But surely the incentive to live and to remain free is greater than the incentive to make money. All we have to do is to fully understand our danger, and we will work and sacrifice as never before in our history.

Even a layman can figure out, to some extent, the game the Kremlin is playing. And even a layman knows there is only one way to combat it, and that is by constructing a military force in conjunction with our allies so powerful that it would be obvious insanity for Russia to even risk a war with us. If we possessed such a force, the captive nations would soon destroy their native masters and come over to our side. Fear alone holds them now. Before long the tyrannical government of Russia would fall, and peace might reign upon this earth.

It is the only way—and worth any sacrifice! SN: Albert Notten, Jr., has returned on the USS Albany to Norfolk, Va., after a six-weeks' cruise touching ports in Holland, Denmark and Cuba.

Lack of Hospitals Some 1,200 counties in the United States, or about 40 per cent of the total, are completely without recognized hospitals.

PERSONALS

Mr. and Mrs. Harry Culp and daughters, Christine and Carolyn, of Grand Ledge, spent Sunday here with Mrs. Culp's mother, Mrs. Edwin Koebbe.

Mrs. Mary Herzog of Syracuse, N. Y., Mrs. Betty Nelson and Miss Ricka Kaimbach were Friday dinner guests of Mrs. Mabel Hoppe and Mrs. Carrie Richards. Mr. and Mrs. Lewis Haselschwerdt, Mrs. Nettie Bradbury and Mrs. LaVerne Coy spent the week-end in Lowell as guests of the former's daughter and husband, Mr. and Mrs. Glendon Boyce, and attended the presentation of the Lowell Show Boat.

All in the Game:

RUMOR SAYS Happy Chandler meant it when he said, "I'll be back," and that he plans to become Commissioner of Professional Baseball. He'd have the club owners by the throat, because he could call player strikes, levy tribute and draw a large salary. Cub Manager Frankie Frisch was chased from the field by umpires three straight days. Sugar Ray Robinson offered no title for his defeat by Ray Turpin. The White Sox pitching staff is loaded with culls. Red Sox Manager Steve O'Neill says the Indians will be dangerous to the Sox long after the Yankee threat is quashed. The IBO is bewildered by the several good bouts recently and by the upsets. Joe DiMaggio holds the major league record for hitting safely in 14 consecutive games. The last pitcher to win three world series baseball games was Harry Brecheen (St. Louis Cards, 1944). Ray Swanson holds the record for base circling—13.2 seconds to round the diamond.

NEW CHAMP... Enjoying a hearty breakfast at a London hotel, Randolph Turpin, new middleweight champ of the world, confidently assures his supporters that he can defeat Sugar Ray Robinson again, if they are rematched in the U.S.

Here's Proof: AN ACTUAL GRANDDAM—DAM—DAUGHTER CASE HISTORY

Look at the increased weight of the Larve-fed second and third generation Holsteins above. That means additional milk because animals with greater roughage capacity can produce more milk. That means the daughter in the above study should produce at least 2500 lbs. more milk than the granddam. That's why profit-wise dairymen raise their calves on Larve "Farm-tested" Calf Builder. They know it develops big, healthy milk producers.

Saline—The rains came. The rains left. The sewage remains above the ground. Last Saturday's rain once again drove home the seriousness of the sewage disposal problem in this city. Pouring down on Saline in the late afternoon, the torrent caused another often repeated flood of municipal sewers, streets and homes.

An accurate estimate of the damage is impossible but it would undoubtedly run into thousands of dollars.—Saline Observer.

Northville—The United States Senate July 21 approved Leland V. Smith as postmaster of Northville. Smith has been serving as acting postmaster for nearly two years.—Northville Record.

Buchanan—Tire slashing is a new wrinkle in crime in Buchanan at least, but it was a tire slashed loose in the Fulton and Arctic regions of Buchanan Friday night. Using a relatively small-bladed knife, probably a pocket knife, the slasher slashed the following tires: three at Vincent Mitchell home, 108 Arctic; four at Shirley Mitchell home, 311 Fulton; two at Good home, 309 Fulton.

The slasher made small holes, merely stabbing the tires, so that most of them may be mended and used.—Berrien County Record.

Frankfort—It had to happen. Sleeper state park has a camper who has brought along a television set. The camper expressed his disappointment over the poor reception to park manager Edward Griglak.

Last year about this time at Ludington state park, a trailer camper squeezed in a piano.—Benzie County Patriot.

Saline—The Saline fire department was called out three times the night of the heavy rainstorm, July 21.

Shortly after eleven o'clock Saturday night, the fire department answered a call at the Mannie Hertler farm, one and one-half miles east of Saline on US-12.

The barn, which was struck by lightning was a total loss. Included was the silo, about twelve hundred bales of hay, a wagon and seven fattening hogs. When the fire department arrived on the scene the driveway to the Hertler farm was covered with water and parts of it were washed away, causing the first truck to slide into the ditch and get stuck. A call was issued to the Pittsfield fire fighters and the second Saline truck was taken to the fire.

Not long after the first alarm, a second alarm sounded due to a fire at the Chris Finkbeiner farm, four and one-half miles west of Saline. The fire was confined to a straw stack which was hit by lightning.

At four o'clock Sunday morning, firemen responded to a second call at the Hertler farm. A local resident saw flames near the Hertler home and turned in the alarm. As it turned out, the flames were from bales of hay that were left burning since they were not dangerous.—Saline Observer.

Rochester—Policemen began issuing tickets in earnest this week

on all cars parked too long in front of parking meters on village streets.

Police Chief Sam Howlett announced that over 30 overtime parking violations were found by officers during Monday only. The number had nearly doubled for Tuesday with 60 being issued. This was more than expected, he said.—Rochester Clarion.

Saline—Harry De Wolf, an employee of the Detroit Edison Company was miraculously alive today

after having faced death when he brushed against a 4,800 volt power line while working on a transformer on W. McKay street Tuesday afternoon.

He was treated for shock and burns about the shoulder and was taken to St. Joseph's Mercy hospital, Ann Arbor, where it was reported he would be all right.—Saline Observer.

Buchanan—The city of Buchanan received approval of the Michigan Finance commission yesterday

(Wednesday) on the proposed issue of \$50,000 in water revenue bonds to finance the installation and equipment of two new wells at the recently tested location on Athletic Field, also for specified water service extension and distribution improvements.

The state had also referred the proposed bonding issue to the bonding firm of Miller, Canfield, Paddock & Stone, who have been the city's agents for bond sales in the past. It is believed that following the approval of the Michigan Finance commission, the approval of the bond firm will be automatic.—Berrien County Record.

Mich. Hatcherymen Will Find Out What's 'Hatched'

Michigan hatcherymen will learn about new developments in disease control, flock selection and management techniques as one step in raising the record breaking 98.1 livability record set for 1950, when they meet for the Flock Selection and Blood Testing School, August 13 to 17.

The school will be held at Michigan State College according to H. C. Zindel, MSC extension poultryman. Features on the program will include talks by college poultry specialists, poultrymen, hatchery operators, and department of agriculture specialists.

A check of 6,800 Michigan poultry raisers showed more than 98 percent of the chicks started were still alive at 14 days of age. The summary was taken from 1950 Michigan State Poultry Improvement Association hatchery records.

1951 Wheat Crop Price Support Set at \$2.18 per Bushel

Wheat price support at a national average of \$2.18 a bushel to farmers for the 1951 crop was announced recently by the U. S. Department of Agriculture. Last year's average was \$1.99 a bushel.

Loans and purchase agreements covering the 1951 crop will be available through the Commodity Credit Corporation in accordance with the general program provisions announced by the Department August 21, 1950. The Washington county Price Support Rate on 1951 Crop Wheat, grading No. 1, is \$2.27.

The 1951 average price support rate per bushel for U. S. Grade No. 1 Heavy of the class Hard Red Spring, and U. S. Grade No. 1 of the class Durum, Hard Red Winter, Soft Red Winter, and White wheat is \$2.19.

The price support for the 1951 crop, in accordance with applicable legislative provisions, is 90 percent of parity at the beginning of the marketing year, July 1. July 4 parity is \$2.42 a bushel. For the same date last year the wheat parity price was \$2.21 a bushel.

Producers are cautioned that approval of loans is contingent upon wheat being in good farm storage or stored in warehouses approved by the Commodity Credit Corporation.
