

## ATTENDANCE RECORDS BROKEN AT FAIR

A lot of temperamental toes in the Michigan tourist industry were stepped upon collectively by staff report No. 23 on reorganization of state government.

The report, as drafted by the Citizens Research Council of Michigan (successor to the Miller-Detroit governmental bureau), was submitted to Rep. Robert M. Montgomery, chairman of the state joint legislative committee.

Recommendations include: Require the four regional tourist associations to match state aid dollar for dollar up to \$100,000 a year (\$25,000 each). Then decrease this amount until no state funds are granted.

Permit the governor to appoint five members to the Michigan Tourist Council without present requirement that they be nominated by the four regional associations. The four association secretaries would be deprived of their right as ex-officio members.

The state director of "tourist development and promotion" would serve as secretary of the Tourist Council and also of the Soo Locks Centennial celebration commission. The council now has its own full-time director, while the commission is planning to appoint one in the near future.

The report challenges the principle that it is good business for the state of Michigan to subsidize in part at least, the cost of advertising Michigan as a tourist state. A quote: "During the 1947-48 biennium The State of Michigan contributed 35 per cent of all the funds spent on tourist promotion and publicity."

Actually, Michigan has lagged behind other competitors in the amount of money being spent for tourist promotion. Tourist leaders believe more money should be spent, not less. The big rub apparently is this: Who is going to provide the money? The State of Michigan 35 per cent, or the tourist industry 100 per cent?

Speculation as to aspirations of G. Mennen Williams to the vice-presidential nomination in 1952 virtually has halted.

But one observer brings up an interesting possibility. If Williams is re-elected governor in 1952 and if Williams were to defeat Sen. Homer Ferguson (or whichever Republican runs for the Senate chair) in 1954 he would perhaps be the brightest star on the presidential horizon.

German Youth  
Making New Home  
with John Webers

Eric Kell, formerly of Bayreuth, Bavaria, in Germany, is making his home here with Mr. and Mrs. John Webers of Madison street. He came here with the Webers when they returned two weeks ago from a visit with Mr. Webers' relatives in Bayreuth and vicinity. His mother and a younger sister are still in Germany. His father lost his life in 1944 while serving with the German army in France during the war. His family are old friends of the Webers family.

Kell, who is 21 years old, has already enrolled in evening high school classes in Ann Arbor in order that he may quickly learn the English language. He is eager to find work. In Germany he worked as an apprentice engraver for three years and for six months prior to his departure for the United States, as a full-fledged engraver.

Asked about his impressions of America, he mentioned the modern conveniences in the homes he has visited. He especially notices the fine kitchens and household equipment and says housework is made "very light" for women here as compared to Germany.

Donald Fogg Resigns  
as Local Cubmaster

Next Thursday, Oct. 18, has been set as the date for the next Cub Scout Pack meeting to be held at the High School. A potluck supper will be held at 6:30 p.m. Donald Fogg, Charles Cameron and Walter Schrader, Jr., are in charge of the program.

A Pack Committee meeting was held Thursday, Sept. 27, at the Lorenz Wenk home. At that time Cubmaster Donald Fogg submitted a letter of resignation explaining that he and his family are moving soon to make their home in California.

No one has yet been appointed to fill the vacancy caused by his resignation.

Saturday Showers  
Break 'Fair' Weather

Summer-like weather prevailed for the first three days of the Chelsea Community Fair with temperatures in the high 50's. Saturday, however, it rained most of the day. The programs had all been held in the outdoor arena, but the Saturday afternoon Fair officials decided to clear out the large automobile tent so the evening program could be held under cover. More than 1,000 people were present Saturday evening in spite of the inclement weather.

Political Science  
Prof. To Address  
Lecture Group

DR. MARSHALL M. KNAPPEN

Dr. Marshall M. Knappen, professor of Political Science at the University of Michigan since Sept. 1948, will be the speaker at next Monday's lecture in the Chelsea Public Library.

Dr. Knappen's main interest is current American foreign policy. He has been working on a book, "Surveying that whole field, and is prepared to speak on any phase of this subject. His special interests are in Continental Europe, particularly Germany and in the British Empire. The title of his lecture here is "The European Situation."

Dr. Knappen received the A.B. degree from the College of Wooster in 1921, and a Bachelor's degree from Oxford University in 1923; A.M. from Oxford University in 1927; and his Ph.D. degree from Cornell University.

From 1942 to 1946 Dr. Knappen was in service. For a year he was chief of military affairs section, Office of Military Government for Germany, with a rank of lieutenant colonel. In 1947 he published a book about our reorientation work in Germany under the title "Land-Gall Is Peace." He has also written books in the field of English history.

The lecture begins at 8 p.m.

Salvation  
Army Drive  
Begins Mon.

Mrs. Herbert Sanborn has announced that the 1951 fund-raising campaign for the Salvation Army will begin in Chelsea next Monday, Oct. 15. Mrs. Sanborn and Mrs. Charles Lancaster are co-chairmen of the Chelsea campaign.

Mrs. Harry Goff, Salvation Army representative from the division headquarters in Detroit, is arranging for similar campaigns in numerous counties throughout the state in this annual effort to secure financial support for the Salvation Army's state program.

The Salvation Army solicitation for funds is not new in Chelsea. It was carried on successfully last year. No quota is set for the community, the success of the drive depending on free-will contributions from individuals, organizations, business and industry.

Captains or chairmen in charge of the various districts into which Chelsea has been divided for the campaign include Mrs. James Almond, Mrs. John Fischer and Mrs. Thelma Whitaker. Mrs. Ron Hutzel will contact organizations. Mrs. Lloyd Alban and Mrs. Alfred Lipman are in charge of contacting persons in the business district and Mrs. Stanley Beal will see to placing canisters in all stores.

Funds raised in the campaign are to be used for the many services the Salvation Army performs for individuals "whoever they are and wherever they come from," according to Mrs. Sanborn. She enumerated some of the outstanding services to include the following:

A maternity home and hospital for unmarried mothers known as the Booth Memorial Hospital, Detroit. This is designed to provide shelter, care and direction for the young girl, often in her early teens, who has been betrayed or has made the first mistake.

Edwin Denby children's home, Detroit, is dedicated to the care of little girls and boys, orphans, or from broken families. They aim to have it a real home in every sense of the word.

Prison work is carried on quietly. Behind bars the prison department functions among those who are shut away from society. The program is beamed toward conditioning men and women for the day when they may be released.

C. L. Slocum, Jr.  
Son Are Injured  
as Auto Hits Tree

Carmel L. Slocum, Jr., and his eight-year-old son, Michael, received painful injuries when the car Slocum was driving crashed into a tree when he reported to asleep momentarily. The accident occurred about 4:30 a.m. Friday near the Slocum home at Cavanaugh Lake.

According to sheriff's department records, Slocum received left knee and chest injuries and his son suffered chin lacerations, a broken jaw and loosened teeth.

Sunday evening, about 8:30, cars driven by Delbert Riser, of Grass Lake, and Loris Lewis, of New York City, were involved in an accident on US-12 at Fletcher road.

Sheriff's department reports state that Riser had turned onto the highway from Fletcher road and was headed east when the other car ran into it from the rear. Lewis and two passengers in the car, Walter Miller, of New York, and Bernard Ackerman, of Detroit, are soldiers. All three were treated at St. Joseph's Mercy hospital, Ann Arbor, for cuts and bruises. James Kosinski of Chelsea, riding in the Riser car, was also treated at the hospital for cuts and bruises.

Bulldog Grid  
Team Wins  
from Dundee

Chelsea's Bulldogs were victorious for the fourth consecutive game when they edged out Dundee, 13-12, last Friday night on the local athletic field. Dundee scored in the second and third quarters, leading before the Bulldogs came back during the last two periods to win, 13-12.

In the first quarter Chelsea recovered a fumble on Dundee's 45 and marched to the 24, where it was second and nine. Knickerbocker then smashed through center and went all the way, but the play was called back because of a backfield-in-motion penalty. Thus the Bulldogs missed the first scoring opportunity of the evening on a bad break.

The second quarter found Chelsea kicking with their backs up against the wall. A short 15-yard punt was returned to the 31, then with third down, Goetz, ran 37 yards for a touchdown. The try for the extra point was blocked and Dundee led at the half, 6-0.

To open the third quarter, Chelsea kicked off and Dundee returned the ball to the 23. Two plays later Lewis ran 58 yards for pay dirt. Again the try for extra point was blocked and Dundee led early in the third quarter, 12-0.

Chelsea returned Dundee's kick-off to the Dundee 38-yard line, and marched to the 9-yard line, where it was first down and goal to go. On second down, Richard Bareis went the remaining six yards for a TD. His try for the extra point was blocked and Dundee still led at the end of the third quarter, 12-6.

In the fourth quarter, the Bulldogs returned a punt to their own 30. They moved to the Dundee 13-yard line with a running attack led by Bareis and a passing attack led by McClellan. On the 13-yard line it was fourth down and five yards to go when McClellan tossed a pass to Dick Merkel who went over for Chelsea's second tally. The try for the extra point was run by Bareis who cracked through center and went over.

Chelsea built its own lead in the dying moments of the game by a slim one-point margin, 13-12.

For Dundee the offense was sparked by Goetz and Lewis, while Lewis and French were outstanding on defense. Chelsea's attack was led by Bareis and McClellan, while Bareis, Eder and George Sweeney were outstanding on defense.

Chelsea's next game will be at Flat Rock, Friday, Oct. 12 at 7:30.

Mrs. Stephen Slane  
Quits as Head of PTA

Mrs. Stephen Slane has tendered her resignation as president of the High School PTA, Oct. 6, after spending the past week in a meeting of the executive board held at the home of Charles Cameron Tuesday evening.

Mrs. Slane, in a letter to the board, gave increased family obligations as one of the reasons for her decision to resign her post.

In addition, she said she had been advised by her physician that she must curtail some of her activities to conserve her health.

Mrs. Donovan Sweeney accepted the nomination as a candidate for the office to be vacated by Mrs. Slane and an election will be held at the Oct. 22 PTA meeting. That meeting will be preceded by a potluck dinner at 6:30 p.m. in the High School.

## CRACK IN THE KREMLIN WALL

Rod & Gun Club  
Speaks Against  
Rifle Hunting Here

The Chelsea Rod and Gun club at its meeting Tuesday evening went on record as being opposed to the hunting of deer with rifles in Washtenaw county in agreement with the Michigan United Conservation club, and prohibiting the use of rifles in hunting deer on owned or leased land of the Rod and Gun club.

Fifty-five members and two guests were present. George Whitaker, who owns land adjoining the Chelsea Rod and Gun club, attended the meeting as a negotiator, to be advised as to what was to be made of the club's land.

Committees reported that the club's annual jamboree last month was very successful.

Members enjoyed a lunch served by the committee after the business session adjourned.

The meeting was held at the Legion home at Cavanaugh Lake.

Dr. Purdom  
Addresses  
Kiwanis Club

Dr. T. Luther Purdom, director of the Bureau of Appointments at the University of Michigan, was the speaker at the Ladies' Night meeting of the Kiwanis club Monday evening. The main theme of his talk might be summed up to form the admonition: "Parents, give your time to your children."

He implied that the so-called juvenile delinquency of today is caused by parents being too busy with too many other things to give the necessary time to the proper upbringing of their children. He said it is a real job to raise children to become good citizens. He cited a number of instances showing the bad effect on some children whose parents were "too busy" to give them any of their time.

Dr. Purdom, in his introductory remarks, told Kiwanians that he is planning to make his home in this community "when I retire." He recently purchased the farm on Sylvan road, formerly occupied for many years by Gottlieb Sager, and plans to make his home there some time in the future.

School teachers of the Chelsea Agricultural school, as well as School Board members and their wives or husbands, were guests of the Kiwanis club at the meeting held in the social center of the Methodist church.

Approximately 100 members and guests were present.

Pierce Park Float  
Wins First Prize in  
Saturday's Parade

The Community Fair parade Saturday was delayed because of the rain and it was approximately 2:15 when it got underway at the starting point at the public school.

Included in the line-up were a dozen floats entered by organizations, factories, garages and the schools.

Prizewinning floats were the following: first, Chelsea Chamber of Commerce, with a replica of Pierce Park; second, the sophomore class of Chelsea High school who showed "Alice in Wonderland"; third, the American Legion Auxiliary's display of a hospital bed and wheel chair under the title, "Community Service"; and fourth, the seventh grade of Chelsea Public school with "Old School."

Barbara Bertke won first prize and Delores Schmitz, second prize.

Mr. and Mrs. James Daniels rode along in their old model Buick, and Ted Butler headed the line-up of old-model cars from out of town. The old-style cars were the objects of much interest among those who watched the parade.

The Chelsea Fire Department equipment, Cassidy Lake fire truck and Chelsea Agricultural school buses and driver-training car were all in the parade, as well as new cars and an impressive array of farm machinery, horses and Shetland ponies.

Judges for floats, bicycles and pony riders were Mrs. Marie Scheurer, Mrs. Frank M. Rock and Donald C. Weed, all of Manchester.

Queen of the 1951 Community Fair, named Saturday night, was Judy Hough, CHS junior class member. Her court included Eileen Hanker, representing the Kiwanis club; Judy Murphy, Senior class; Norma Dull, VFW Auxiliary; Doris Haist, Sophomore class; Katherine Merkel, Chamber of Commerce. Each received a corsage and the queen was crowned by Village President Anton Nielsen. Judges were Mrs. Astron Keyes and Ray Hutzel of Ann Arbor, and Mrs. Elora Schable of Dexter.

Corsages were also presented Saturday night to Mrs. Keyes and Mrs. Schable, and to Mrs. Clarence Trinkle, the mother with the most children; Martha Wenk and Mrs. Gertrude Clark, whose birthdays were Sunday, and Marlene Schneider, whose birthday was Oct. 8.

The live young steer given away by the Chamber of Commerce was awarded to George E. Icceman.

The tug-of-war Friday night was won by the Farmers' team, captained by C. Powers. Frederick Irwin was captain of the losing Businessmen's team.

Paul F. Niehaus was chairman of entertainment and acted as master of ceremonies for the evening programs. Programs were carried out each evening as announced in advance. All programs were well-received.

**SUNDAY SERMON**  
By REV. ROBERT H. HARPER  
The Larger Fellowship of Christ

Acts 11: 27-30; 13: 1-2; 22-23; 28-31; II Corinthians 9: 1-5.  
Memory Selection: Luke 9:50

IN THE COURSE of time, the disciples were brought to realize that the fellowship that is so necessary in the local congregation is also necessary to Christians from all quarters. The apostles, chiefly Jews, thought the gospel should be confined to their race. By degrees they saw that Christ came to be a Savior unto all men.

A Christian church had been forming in Antioch, and, after Agabus had predicted a wide famine, the Christians of Antioch decided to send relief by the hands of Barnabas and Paul to the distressed Christians in Jerusalem.

Afterward a cause of contention came concerning circumcision; some of the Jewish Christians maintaining that Gentile converts should be circumcized and others claiming that they should not. When the matter came before the Jerusalem church, the decision was to require of converts only that they abstain from meat that had been offered to idols, and from things strangled, and from fornication. This was a difficult question decided, and the way cleared for the larger course of Christianity in the world.

In Corinthians II we find Paul writing concerning the ministering to the saints. He urged giving in true stewardship to provide relief for the poor among the saints of Jerusalem.

**BEACON LIGHT EXT. CLUB**  
Mrs. Allen Alber entertained members of the Beacon Light Extension club at her home Monday evening for a regular meeting. Mrs. Edna Feldkamp and Mrs. John Barkley presented the evening's lesson on lamp modernization. The group decided to make lap robes again this year as an extra project.

Mrs. Alber served refreshments at the close of the meeting. It was announced that the next meeting is to be held at the home of Mrs. Raymond Alber, the date to be set later.

**BIRTHDAY**  
Friday afternoon, Oct. 5, Mrs. W. B. Zogelman entertained ten friends of her son, Mike, at a party celebrating his fifth birthday. Also present were Mrs. Glenn Britten of Jackson, and Mike's grandmother, Mrs. Walter Trinkle. Mike received many nice gifts.

## MICHIGAN MIRROR

(Continued from page one)

Remember, Williams was touted to go down in ignominious defeat in 1950. He was expected to be snowed under in 1946. Republicans may be convinced he'll never be re-elected again. (No Democratic governor yet has succeeded himself twice as Michigan governor) but the GOP is doing a bit of whistling in the dark.

The on-again-off-again variable of the state—the draft—has popped up again. State draft quota for November was jumped from 2,417 to 2,787 to "cover last minute emergencies." The nature of the "emergencies" was not disclosed. Childless husbands now are subject to call.

While some states are having trouble spending all the federal aid money for wildlife project being funneled in through a formula based on area of the state and number of licensees, Michigan will get only 88 cents per licensed hunter. Nevada, large in area and low in population, gets \$18.07 per licensed hunter but can't put up the required matching funds.

Dingell-Johnson receipts derived from tax on fishing tackle take care of fishery projects. Some \$2,900,000 was realized last year.

A change in routine: Elmer N. Young, 46, is reported to have quit a \$114 a week job with Wayne county government because he refused to admit that his war record entitled him to special consideration. Says Young: "If I have to wave a flag and pose as a war hero to hold a job, citizenship has lost all value."

Looks as though Michigan will get its new state office building. National production authority has agreed to release 350 tons of steel. Another application must be made by Jan. 1 for the next quarter. If it requires as many telephone calls and loss of expensive time to high paid officials it will be cheaper to do without the new building.

The state administrative board has approved spending \$116,254 for repairs of access roads to 20 state institutions.

Awards for construction in August fell off 13 per cent from July in Michigan.

The "Little Hoover commission" studying reorganization of state government is dubious about the little legislature's legality. The little legislature may be called in to authorize expenditure of limited sums for urgent needs when the full legislature is not in session, and has been doing so for years. A constitutional amendment may be necessary to legalize the body's status.

The commission also has rejected a proposal that the highway commissioner and state director of agriculture be appointed by the governor. The commission will investigate duplication of jobs in the latter department.

Michigan State College's fall enrollment is 9.4 per cent less than last year but still 1,000 more students than expected. This is the nation-wide trend.

Potato production this year is expected to be down about 20 per cent—nearly the amount of last year's surplus. Corn probably will show a moderate price weakness during the harvest and near-record production of soybeans is predicted to depress prices.

## A Hymn Is Born

BY CLINT BONNER

## The Star Spangled Banner

Arrest of drunken British soldiers led to writing of National Anthem

There were no linotype machines. As the printer set each piece of type by hand he started humming the melody of an old English drinking song, which was called "Anacreon in Heaven" and it seemed to just fit the poem he was setting.

On the day before Baltimore's lawyer Francis Scott Key had gone out in Chesapeake Bay in the cartel ship "Minden" with a letter to the British admiral asking the release of American citizen Dr. William Beanes. The Maryland physician was being detained for being instrumental in the arrest of a bunch of drunk English soldiers. Though lawyer Key was treated courteously, his mission was ill-timed. The British were about to bombard Baltimore. So they told lawyer Key he could have his doctor friend but he would have to wait until they bombed the daylight out of Key's home town.

All night long Francis Scott Key watched what

Oh, say, can you see, by the dawn's early light,  
What so broadly we billied at the twilight's last gleaming?

Where broad stripes and bright stars, thro' the perilous fight,  
O'er the ramparts we watched, were so gallantly

And the rockets' red glare, the bombs bursting in air,  
Gave proof through the night that our flag was still there.

Oh, say, does that Star-Spangled Banner yet wave  
O'er the land of the free, and the home of the brave.

Of the shore, dimly seen thro' the mists of the deep,  
Where the foe's haughty host in dread silence reposes,

What is that which the breeze, o'er the towering steep,  
As it fitfully blows, half conceals, half discloses?

Now it catches the gleam of the morning's first beam,  
In full glory reflected now shines on the stream—  
'Tis the Star-Spangled Banner; oh, long may it wave  
O'er the land of the free, and the home of the brave.

he thought was the destruction of Baltimore and Fort M'Henry. But the first thing he saw when dawn broke through the mist that morning of Aug. 15, 1814, was the huge American flag still defiantly floating over the fort two miles away. In a burst of inspiration he took the letter from his pocket, turned it over and started writing. Released and rowed ashore, Key edited his poem, wrote over it "The Defense of Fort M'Henry" and hurried to the printer. That afternoon it was circulated on hand-bills all over town. Under the title the printer had set a line suggesting the tune "Anacreon in Heaven" and that night it was sung on the stage of the Holiday Street Theater. Vocalists say it's the hardest tune in the book to sing but for 117 years nobody was able to sing away with changing it and, in 1851, Congress officially claimed as the National Anthem of the United States.

And where is that band, who so valiantly sang,  
That the waves of war and the battle's confusion,  
A home and a country, should leave us no more?  
Their blood has washed out their foul footsteps' pollution.  
No refuge save the healing and glow  
From the terror of flight or the gloom of the grave;  
And the Star-Spangled Banner in triumph doth wave  
O'er the land of the free, and the home of the brave.

Oh, thus be it ever when freemen shall stand  
Between their loved homes and the war's desolation;  
Blest with vict'ry and peace, may the Heaven-revoked  
land  
Praise the Power that hath made and preserved us a nation!

Then conquer we must, when our cause is just,  
And this be our motto: "In God is our trust."  
And the Star-Spangled Banner in triumph shall wave  
O'er the land of the free, and the home of the brave.

PTZ

for worms in sheep

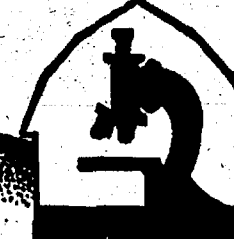

It takes a special worming job in the fall to make sure your flock doesn't carry a load of worms through the winter.

Treat each sheep individually during this fall worm clean-up. Use PTZ, the Dr. Hess phenothiazine product—phenothiazine at its best.

Use either PTZ Pellets or PTZ Powder (the Powder is given in a drench). Use PTZ exactly as directed on the package. Get your PTZ now.

## Club and Social Activities

#### '20-30' CLUB

The "20-30" club of Salem Grove community, with nine members and five children present, met Monday evening at the Ford Walters home.

The evening's entertainment was euchre and high prizes were awarded to Mrs. Austin Artz and Norman Hinderer. Mrs. Irene Hartman and Austin Artz were awarded consolation prizes and Norman Hinderer received the traveling award.

#### WOMAN'S CLUB

Members of the Woman's Club of Chelsea, at their meeting at the home of Mrs. Charles Meserve Tuesday evening, enjoyed a program on "Rituals in the Home" as presented by Mrs. P. G. Schaible.

Development of the theme brought to light the many little things that make family life interesting.

The club again failed to decide on a project for the year and tabled the matter until a more thorough study of the various proposals can be made.

Twenty-three members and one guest attended the meeting. Refreshments were served by Mrs. Leon Fox and Mrs. Paul Maroney.

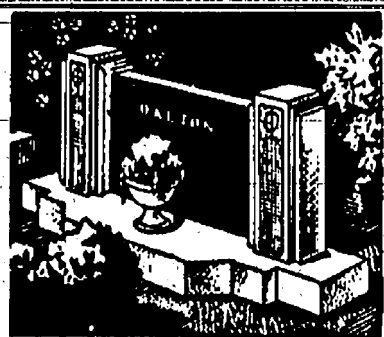

#### ENGAGEMENT ANNOUNCED

The engagement of Naida Olson, of Lexington, formerly of Chelsea, was announced Sunday, Oct. 7, at a dinner given at the home of Miss Olson in Lexington, Mich., in observance of her birthday, Oct. 7, and the Oct. 6 birthday of her cousin, Carole Speer.

The engagement of Miss Olson to Nape-Taton of Lexington, was announced by her mother, Mrs. Lucille Olson, of Chelsea. The wedding is to take place in the Chelsea Congregational church on Saturday, Nov. 3.

The bride-to-be is employed by the Detroit Edison company in Lexington, and Mr. Taton is with the Dalzell Construction company, also of Lexington.

Those who attended the dinner included Mrs. Lucille Olson, Mr. and Mrs. Russell Olson and family and Mr. and Mrs. Paul Speer and family of Waterloo; also, the grandmother of the bride-to-be, Mrs. Claire Speer, of Waterloo. There were also guests from Port Huron and Lexington.

#### BETA SIGMA PHI

Zeta Beta chapter held a regular meeting during the past week at the home of Mrs. Fern Alber. The guest speaker for the evening, Mr. Richard, from an Ann Arbor beauty salon, presented the topic for the meeting, "Her Crowning Glory," and led the group in a very informative round-table discussion.

#### FAREWELL DINNER

Mr. and Mrs. Henry Ahnemiller entertained at a dinner Sunday in honor of their niece and her husband, Mr. and Mrs. Donald Fogg, who, with their children, are leaving Oct. 22 to make their home in California. Those who attended the dinner were Mr. and Mrs. Donald Fogg and children, Mr. and Mrs. Philip Stoll and family, Mr. and Mrs. Kenneth Stewart and family and Mr. and Mrs. Philip Tompkins and son, of Jackson, Mr. and Mrs. Eugene Tompkins and son of Ann Arbor, Ralph Tompkins, and Mr. and Mrs. Clinton Collier and family.

#### METHODIST CHURCH WSCS

The WSCS of the Methodist church held a meeting at the church Wednesday, Oct. 3, with Mrs. David Bryce in charge of the opening devotional service. The program was presented by Mrs. Dan Ewald.

The UN flag and flags of member nations were on display during the program. After the meeting a stork shower was given in honor of Mrs. Bryce and tea was served by the afternoon group of Philanthropy Circle.

#### SALEM GROVE WSCS

The WSCS of Salem Grove Methodist church met Wednesday afternoon, Oct. 3, at the home of Mrs. Oscar Kalmbach, Mrs. Kalmbach, WSCS president, presided and Mrs. Max Hoppe was in charge of the opening devotional service.

The program, which included several readings, was arranged by Mrs. Harold Wahl. She read two articles, "The Christian Gospel of Human Rights" and "The Right to Life." Mrs. Wahl also read "The Right to Marriage Based on Choice" and Mrs. Engle Quatt concluded with the reading, "The Right to Leadership."

During the business session it was announced that the Salem Grove WSCS will give a tea Friday, Oct. 26, and will have as their guests the members of the WSCS groups of the North Lake and Mt. Hope churches.

The next regular meeting of the Salem Grove WSCS is to be held Nov. 7 at the home of Mrs. Glenn Rentschler.

#### NOW AT HOME

Mr. and Mrs. Lawrence O. Koch, who were married Saturday, Sept. 29, are now at home at 613 South Main street. Mrs. Koch is the former Dorothy Marie Heller, daughter of Mrs. Catherine Heller and the late Gottlieb Heller.

#### WOMEN'S GUILD

The Women's Guild of St. Paul's church had an attendance of approximately 40 members at the October meeting held in the church hall last Friday afternoon. Final plans were made for the bus trip to the cereal plants in Battle Creek tomorrow, Oct. 12. It was announced that there were still accommodations for a few more on the bus which leaves Chelsea at 8 a.m.

Announcement was made at the meeting of the Regional Fall Workshop to be held in St. John's church, Jackson, Oct. 25. World Community Day, observed as a union project of the Protestant churches here for the past several years, will be held in the Congregational church this year, members were told. This year's project is blankets. The observance will take place Nov. 2. As that is the regular meeting date for St. Paul's Guild, the November meeting has been postponed until the following week, Nov. 9.

The Guild voted to purchase new choir gowns for the senior choir and to contribute \$10 to the Salvation Army drive. It was also voted to contribute \$10 to the "10,000 Club," a missionary project to help support mission churches in Dearborn and Potoskey.

The program and devotional service were combined and presented by Mrs. Harold Widmayer and Mrs. Ann Swierath. The program topic was "Our Church On The Highway."

Hostesses who served refreshments at the close of the meeting were Mrs. Floyd Wutz, Mrs. Lloyd Alban and Mrs. E. J. Bahnmiller.

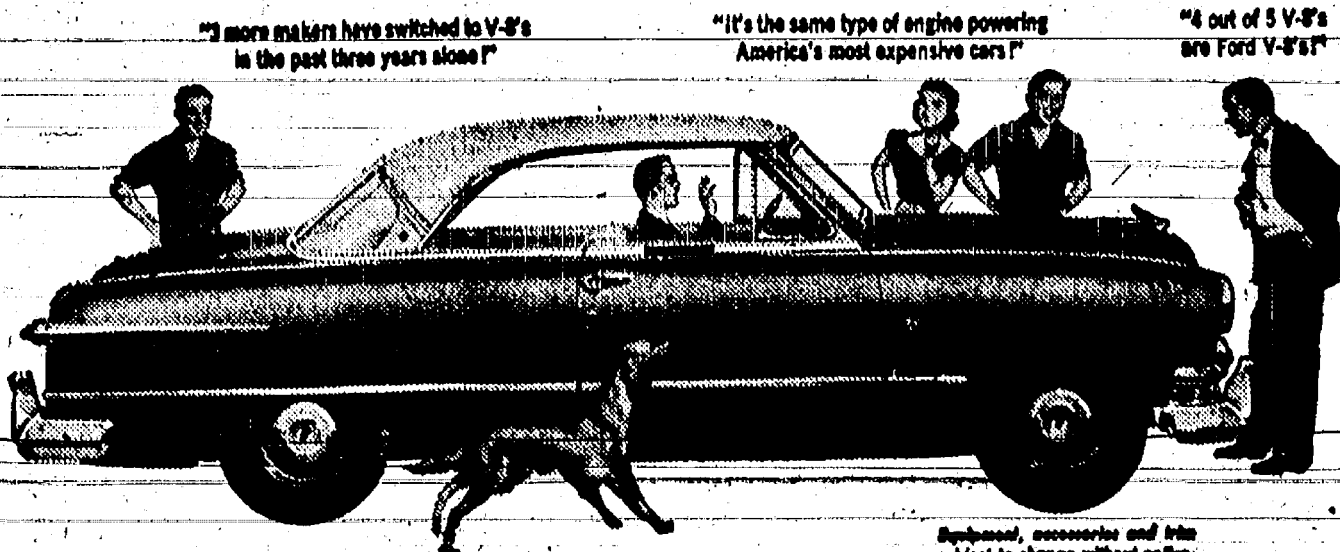

#### PARTY ENJOYS TRIP THROUGH FAR WEST

Mr. and Mrs. Gale Gilson and daughter, Doris, Mr. and Mrs. Willard Ferry and Mrs. Herbert Roy returned home Saturday, Sept. 29, from California and then the Gilsons and Ferrys went to northern Michigan for a week's archery deer-hunting, returning home last Sunday. In California the Gilsons, Ferrys and Mrs. Roy were guests of Mr. Gilson's brother and wife, Mr. and Mrs. Don Gilson, of Long Beach. They also visited Mr. and Mrs. Ted Heeschwerdt at San Marino and Mrs. Roy was an overnight guest there. The party also visited Mrs. Roy's son, Joseph, who is a patient at the Naval Hospital at San Diego, but is soon to be flown to a veterans' hospital somewhere in Michigan. Points of special interest visited by the party included the Will Rogers shrine, Bryce Canyon and Grand Canyon, and the San Juan Mission at Capistrano. Enroute home they spent one night at Oxnard, Calif., where Doris visited Mrs. William Joseph, the former Helen Weillhoff, of Chelsea.

#### Color Fosters Cleanliness

An Australian automobile firm, experimenting in methods of improving working conditions for their employees, painted walls and machinery a restful green, the ceiling in white. Switches, pipes and aisles were coated in blue, red, yellow and aluminum. As a result, the employees now keep this section so clean that many of them can now wear office job clothing to work. As a double-check on their experiment, the firm left one corner of the plant and its machinery unpainted. Here, the workers still wear overalls and need constant urging to keep their work areas clean.

Ford leads  
the V-8 parade

With the lowest priced V-8 of all!

Yes, Ford's V-8 is America's lowest priced V-8, priced hundreds less than most makes of Sixes. Yet it's the same type of engine you find in America's highest priced cars!

## It Wasn't So Very Long Ago

Items taken from files of The Standard of years past.

### 34 Years Ago...

Thursday, Sept. 13, 1917—

Zion Lutheran church, Rogers Corners, Rev. E. Thiem, pastor, will celebrate the 50th anniversary of the organization of the society Sunday, September 16, with three services. The anniversary was to be held in July but the tornado of June 6 so badly wrecked the edifice that it was impossible to do so. The work of rebuilding has just been completed at a cost of \$3,000. The new pipe organ will be dedicated at the anniversary service.

In September 1892, according to the "Quarter Century" column, there were several cases of typhoid fever in the western part of the village.

Among the 15 young men from this vicinity who are to leave for Camp Custer next Wednesday are: Thomas W. Wier, William Koeb, Julius J. Eisele, Oscar Bahnmiller, Elmer E. Schiller and Peter F. Young.

Hon. Charles S. Winans, who was U.S. consul at Nuernberg, Bavaria, and who has been spending his vacation with relatives here has been nominated by President Wilson for promotion in the consular service.

Rev. C. R. Osborn preached his farewell sermon at the Baptist church Sunday evening and he and Mrs. Osborn left Monday for Rochester, N. Y., where he will resume his theological studies.

### 24 Years Ago...

Thursday, Sept. 15, 1912—

After eleven years and three months service in the management of the Methodist Old People's Home, Mr. and Mrs. I. B. Brosius will terminate their service October 1. They will be succeeded by Rev. and Mrs. Balmer, formerly of Chelsea where Rev. Balmer was pastor of Methodist church. Edward Alva Ward, justice of the peace here for the past 38

years, died Thursday after several months' illness.

A clever swindler was in Chelsea Monday afternoon and got away \$37.06 richer than when he arrived by tendering a forged check for \$87.50 in payment of "for the cement plant" at a local hardware store and receiving the \$37.06 in change.

### 14 Years Ago...

Thursday, Sept. 9, 1922—

Mary Jean Winans and Donald Osterle were married Sept. 3 at the home of the officiating clergyman, Rev. P. H. Grabowski and Olea Seltz and Carl Mayer were married there Sept. 4.

Central Fibre Products company has added about 4,000 square feet of floor space to its plant by remodeling four sections of the old sawtooth building adjoining the plant.

### 4 Years Ago...

Thursday, Sept. 11, 1932—

Rev. P. H. Grabowski will celebrate his 25th anniversary as pastor of St. Paul's church at special services next Sunday morning. Helen Lashley and Robert Althouse were married Aug. 31, Richmond Ind., and then left for Chicago, where they will be married Sept. 3 at Angola, Ind.

# Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears —

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat —

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a

torque-tube to banish rear-wheel wander. Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive—that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block—but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

Equipment, accessories, trim and models are subject to change without notice.

## The Hi-Light

Edited by Students of the Chelsea High School Journalism Club.

CO-EDITORS  
Judy Murphy - Betty Bradbury

COMING UP  
The varsity football team will  
play at Flat Rock tomorrow eve-  
ning at 7:30.

The second team will play Jack-  
son St. Mary's here on Monday,  
Oct. 8.

The first meeting of the Parent-  
Teacher Council will be held Tues-  
day, Oct. 16 at 8:40 in the Home  
Economics room. Grade PTA meet-  
ing, Wednesday, Oct. 17, in the  
Home Economics room at 8:00.

Report cards will be passed out  
Oct. 17.

School will be closed Oct. 18 and  
19 for teachers to attend MEA  
meetings in Detroit.

**DEMOCRACY IN ACTION**  
The Student Council decided at  
its last meeting that there would  
be no more hayrides given by or-  
ganizations in the school.

Mr. Cameron, Mr. Johnson and  
the rest of the faculty decided it  
would be too much of a risk to hold  
hayrides. They feel there are too  
many ways for a student to get  
hurt on a hayride, such as falling  
off wagons or jumping off as some-  
do. Most teachers feel they do not  
want this responsibility and Student  
Council made it official.

**ATHLETIC BOARD ELECTS**  
Officers for the Athletic Board  
this year are as follows: presi-  
dent, Don McClear; vice-president,  
George Sweeney; secretary, Kath-  
erine Merkel; treasurer, Clara  
Lewis; and assistant treasurer,  
Shirley Rihimaki.

**GETS SUBSCRIPTIONS**  
The Journalism club is "going  
all out" this year to get as many  
mailing subscriptions to "The  
Building Blocks" as possible. They  
are trying to get all the addresses  
of the 1950 and '51 graduates.

**BAND ENROLLMENT UP**  
Pupils in grades four through  
nine, who are interested in play-  
ing a musical instrument in the  
band, have been taking aptitude  
tests.

Fifty beginning pupils are ex-  
pected to join the senior band or  
the junior band. Pupils in grades  
seven through nine will be eligible.

**Dexter Livestock  
Auction Markets**

Dexter Livestock Auction prices  
Monday, Oct. 8, were as follows:

Hogs—8-14 weeks old weaning  
pigs, \$7.00-\$18.00 each; top hogs,  
\$21.00-\$25.00 per cwt.; hogs,  
10.00-\$13.50 per cwt.; roughs,  
\$17.00-\$18.25.

Cattle—veal calves, medium to  
good, \$37.00-\$42.00 per cwt.; dea-  
con calves, 100-120 lbs., \$33.00-  
\$37.00 per cwt.; deacon calves, 80-  
100 lbs., \$25.00-\$30.00 per cwt.;  
commercial cows, \$25.00-\$27.50 per  
cwt.; utility cows, \$23.50-\$25.00  
per cwt.; cows, canners, and cut-  
ters, \$18.00-\$23.00 per cwt.; heavy  
stock steers, plain to good, \$25.00-  
\$32.00 per cwt.; light feeder steers,  
\$25.00-\$35.00 per cwt.; stocker  
bulls, \$24.00-\$27.75 per cwt.; fat  
cattle, \$20.00-\$25.00 per cwt.

Sheep—Aged breeding ewes,  
\$16.00-\$23.00 each; lambs, \$23.50-  
\$31.00 per cwt.

**Now You Know**  
Leather soles adapt themselves  
to the shape of your feet because  
they are made of cattle hides, which  
retain the resiliency it had on the  
animal's back.

**For senior band this year.**  
By this method it is hoped that  
in future years the membership  
of the band will be nearly doubled.

**SENIOR GRADE**  
The seniors completed their  
magazine sale Oct. 1 with David  
Berk's team winning the high  
sales record.

Senior play try-outs were held  
Thursday and Monday after school.  
The cast will be announced some-  
time this week.

**GRADES 9 THROUGH 12**  
All three grades spent last week  
buried engaged in making the  
Community Fair a great success.

**SEVENTH GRADE**  
Recent birthdays in the seventh  
grade were Louis Waldo, Sept. 28;  
Charles Gilligan, Sept. 29; Shirley  
Coleman, Oct. 1; Audrey Musolf,  
Oct. 6; Pearl Risher, Oct. 10.

**EIGHTH GRADE**  
The eighth grade lead a base-  
ball-throwing-booth-at-the-fair.  
They were very successful.

**MOVIES SHOWN**  
The economics class saw a movie  
on how to make the most of land.  
It was entitled "Hidden Treas-  
ures."

"Sewing and Handling" was seen  
by the girls in Home Ec. II.

The Civics class saw a movie on  
the commerce of the United States,  
entitled "United States Commerce  
and Its Citizens."

"Drawing with Pencil" was seen  
by Art class Wednesday, Oct. 3.

Office practice saw a movie on  
"Advanced Typing."

**CHORUS**  
Something new has been or-  
ganized in Chelsea High. It is a  
Junior High chorus. The presi-  
dent is Nancy Atkinson; vice-  
president, Arlene Paxton; secre-  
tary, Linda Mayer, and treasurer,  
Becky Miller.

Senior chorus officers are: presi-  
dent, Sandra Baldwin; vice-presi-  
dent, Joanne Hoffman, and treasurer,  
Doris Haist.

**MUSIC NEWS**  
George Peters of Ann Arbor,  
band director, conducted his  
second class during the past week.

New members of the band were  
Joan Weinkauf and Daniel Ellen-  
wood.

**VISITOR**  
David Barefield, a first-grader  
of Lincoln, Neb., attended school  
here during the week. His par-  
ents were with the Chelsea Fair.

**Early Garden**  
Early plants for the garden can  
be produced by planting an in-door  
seed box now.

**Good Medicine**  
A leading Indiana poinsettia  
grower finds that Terra-Lite ver-  
miculite is an excellent medium for  
propagating his plants. At trans-  
planting time, he mixes it in the  
potting soil, assuring the plant of  
longer, healthier life.

## Report from Washington

By Congressman George Meader

Washington, D. C. — For the privilege of learning what he must do to get enough steel pipe for the drilling of a household water supply well, the taxpayer now receives a gratuitous education in the history, use and construction of wells.

The information is gratuitous in the sense that it is uncalled for, but definitely not in any sense of being unpaid for. It constitutes another example of the type of needless expenditure of federal tax money for so-called information activities, which I have criticized.

It demonstrates the workings of the bureaucratic mind—the desire to justify an expensive information staff by using any excuse for pouring out unnecessary information.

With a resulting increase in the cost of operating an emergency organization and a useless burdening of the citizen who is seeking only a concise answer to his question.

To explain a new order which permits farmers, home owners or well drillers to self-certify their need for up to two tons of steel pipe for an individual well, the National Products Authority's Office of Public Information has produced an information sheet. The front of this sheet contains the necessary information in simple, understandable form.

The back of the sheet is devoted to 10 paragraphs of "background information." Even though it may be classified as interesting information, the necessity for its inclusion is questionable.

Controlled Materials Plan, order escapes me. And even though the information may have been copied from an encyclopedia and attributed to the NPA, someone on the tax payroll did the "research," preparation and production of this material.

This "background information" follows:

"Background information: Most small cities and industrial plants not located on rivers draw their water from wells. For instance, about 90 per cent of all Texas cities depend on wells for municipal water.

"Houston, with a population of about 600,000, is the largest city in the United States which relies on wells for its water. Artesian wells supply 250,000,000 gallons of water a day to the city.

"The main construction material used for well casings is steel piping from two to 30 inches in diameter.

"Under some ground conditions concrete pipe, glazed tile or cast iron pipe can be used for wells. But the tensile strength, weight or porosity of these materials disqualifies them as general substitutes for steel pipe.

"The passing of the old oaken bucket days may be a boon to farm wives but it means more demand for steel, NPA commented.

"Bucket-type wells were dug wells lined with brick or stone. Now the labor cost of digging such large diameter wells would be prohibitive. Besides, the electrification of rural sections makes such wells unnecessary as the electric pump or gas pump permits use of the more sanitary drilled well which can tap a deeper source. Windmill pumps also are used on drilled wells in states like New Mexico, Colorado, Oklahoma and Texas.

"New irrigation projects started within the last 10 years have opened up another source of demand for steel well-piping in addition to replacements required for older projects.

"To show the interrelation of wells and irrigation, NPA said that in four counties of Southern California there are more than 20,000 irrigation wells; in another four counties of the Texas Panhandle there are 12,000 such wells.

"The average farm of home well runs between 50 and 200 feet deep, NPA estimated, and requires between 500 and 700 pounds of steel casing. Wells in desert areas, however, may go 1,000 feet deep to reach water.

"Water wells also are indispensable

to the drilling of oil wells in arid sections. NPA explained that mud is used to plaster the drill hole to prevent caving, to float drilling debris to the surface and to lower the drilling bits temperature."

Carried to its logical conclusion—and NPA's Office of Public Information may be doing just that—this "background information" process could produce some interesting—and costly—studies.

An order covering the allocation of steel for farm machinery could be the springboard for a treatise on the history and practices of agriculture. This might begin with a profound sequel to the fact that cities draw water from wells, as, for example: "Farming is the tillage of the soil for the production of foods and fibers. It is practiced rather generally in the United States, outside of cities."

And a metals allocation procedure for the automotive industry could be discussed thus: "The automobile is a four-wheeled conveyance activated by a gasoline motor, commonly used for the transportation of persons, but also, when constructed with a truck body, useful for the moving of inert materials."

Not only would these exhaustive explorations of the more elusive bits of important knowledge provide the taxpayer with a wide range of valuable information, they of course also would permit him to share the expense of adding more and more information specialists to the government's public information staff now numbers 941.

Improving Basic Metals: The stainless steels provide the most spectacular modern example of improving the durability of a metal in this case iron—by the addition of the alloying elements chromium and nickel which are frequently supplemented by such other elements as molybdenum, columbium, titanium, silicon, copper and tungsten which are added for specific purposes. It is not uncommon for these alloys to demonstrate resistance to corrosion as much as 100,000 times that of ordinary iron.

THE CENTRAL IDEA

Lightening Your Tax Load

NEW YORK CENTRAL SYSTEM

Things you'd like to know about your Railroad

1. LIKE YOUR HOME, plant or store, railroad property pays local taxes. In your own state—Michigan—New York Central paid taxes totaling more than \$1,900,000 last year. And that sum was in addition to the \$39,000,000 lift Central gave you with your Federal tax load!

2. CENTRAL HELPS local taxpayers foot the bill for some very important things. Fire departments that guard property and help keep down insurance rates. Schools for your youngsters. Police protection that makes the American hometown one of the world's safest places to live.

3. IT'S MONEY that Central's taxes also help pay for airports, canals, and extra heavy, extra costly highways. For it's these tax-subsidized facilities that let airlines, barges, heavy trucks and intercity buses compete with your self-supporting Railroad... at the expense of all taxpayers!

4. BUT ANY WAY they are used, railroad tax dollars mean that much less for you and your neighbors to pay on tax day. Paying taxes is one more way in which New York Central forms a living part of every community along its 11,000 miles. And that's the CENTRAL IDEA!

"If nobody claims you by Tuesday night, Eloise—you're MINE!... do you hear? ... MINE?"

## DEATHS

## Mrs. Nellie N. Bush

Mrs. Nellie Noyes Bush died Wednesday at a sanatorium in Battle Creek where she had been a patient the past eight years. She was the widow of Dr. Sumner G. Bush, a practicing physician here for more than 40 years prior to his retirement several years before his death on July 26, 1941.

The former Nellie Octavia Noyes, she was a daughter of Michael and Frances Noyes and was born in Chelsea, July 8, 1879. She was married to Dr. Bush in 1908.

Mrs. Bush is survived by a sister, Mrs. Ralph Holmes, of Battle Creek.

Burial is to take place here in Oak Grove cemetery Friday afternoon. A prayer service will be held at the grave at 8:30 p.m.

## Ed. Miller, Jr., Joins Ann Arbor Police

Edmund K. Miller, Jr., has been appointed to the uniformed division of the Ann Arbor Police department. The appointment was made Monday, Oct. 8.

The newly-named police officer was a member of the U. S. Coast Guard from Sept. 1942 until April, 1946, when he received his honorable discharge. He has been employed for some time at the Chelsea Manufacturing Corp.

## Disorderly Conduct

William E. Boyle of Detroit, who gave his occupation as engineer, was released on a \$20 bond to appear for sentencing in Municipal Court, Ann Arbor, next Saturday on charges of assault and battery and disorderly conduct. He was picked up on South street in Chelsea about 12:40 a.m., Wednesday, Oct. 3, by Police Officer Frank Reed, who had been called to the scene. Officer Reed sustained a broken little finger on his left hand and a cracked rib while taking the 28-year-old man into custody.

## Arrive from Germany

Elizabeth Boehm Menge, wife of Norval George Menge, of Roe road, and her two young children, Angie and George Boehm, arrived here from Germany last Thursday and will make their home on the Menge farm. They were admitted to the United States under the Displaced Persons Act as expellees. Expellees are described as refugees from post-war totalitarianism and were uprooted by the Communists and forced to flee their homes. They are of German extraction.

Mr. and Mrs. Howard Gage of Carson City, spent from Wednesday until Saturday at the home of Mr. and Mrs. Elba Gage.

## Nickel in Electronics

Television is using large quantities of rolled nickel, with indications that the amount will continue to increase. Pure nickel is being used for the cathodes of the camera and picture tubes of television equipment due to its ability to retain its strength and stiffness at high temperatures (1650° F.) and also because it serves as an excellent base for the oxide coating which gives off the electrons.

## Cars Damaged

Cars driven by Frank Ellols, of Grass Lake, and James George, Jr., of Ann Arbor, were damaged Saturday afternoon when they collided on Wilkinson street at West Middle street. According to police reports the collision occurred when Ellols attempted to drive around the George car after it had stopped for the stop sign. Ellols reported he did not see the stop sign.

Harbor Light Mission. At this center of operations is conducted a spiritual and physical rehabilitation program for the male derelicts of society who come not just from the large, but the small communities of our nation and have as a result of drink and drugs arrived at the lowest level of society.

Evangeline residence, under the supervision of the Salvation Army, provides a "home away from home" for approximately 275 young girls who now are in their first employment away from the small towns and communities of the

state. It is a decent, safe place for the girl to stay, who from an economic standpoint, is in the low income bracket.
