**Successful
Grid Season
Ends for CHS****Manchester Game
Cancelled Firday
Because of Snow**

Due to the prevailing weather conditions, the annual Chelsea-Manchester game was canceled last Friday evening.

However, the Chelsea ball club wound up a highly successful season, winning five games, tying one, and losing two tough ones. Chelsea had eight experienced lettermen from last season, with two boys who didn't come out for the team until their junior and senior years. Consequently, they were inexperienced, though they might have been excellent players under different circumstances.

Chelsea took the opening Dexter game, 13-0, and showed great promise for the "51" season. In the next game U. High took the small end of a 13-6 score and the Bulldogs were coming up. Then came Saline with Chelsea rolling on to victory, 12-0.

The Bulldogs were hot and were playing inspired football when they edged out Dexter, 12-10, in a game that was a near compromise. GOP added a rider putting the question to a vote of the people. Democrats refused the overture and the issue died.

Another record-breaking army of bow and arrow hunters is expected this year. Sales of archery licenses as of Nov. 1, totaled 6,600, as against 5,400 by the same date last year. Reports of small game licenses showed 124,779 sold compared to 122,542 at the same time last year.

It may be Dec. 15 before all of the 150,000 signatures of the anti-gasoline petition tax-referendum petitions are checked. No more talk of a grand jury investigation into lobby methods of the Good Roads Federation, which supported the gas tax boost.

University of Michigan and Michigan State College have 5,415 students in reserve officer training this year—1,448 at U. of M. and 3,967 at MSC. Freshman and sophomore military training is compulsory at M.S.C.

When asked if he thought pro-Eisenhower Republicans could stop Taft, Sen. Blair Moody said, "I don't think so. The senator is a very determined man."

W. F. Doyle, chairman of the little Hoover commission, recently defended the state legislature.

First and second award banners were won by the "Saline" and Milan Methodist Youth Fellowship groups, respectively, for the largest contributions of food supplies brought to the Methodist Home during the annual MYF Harvest Festival of the Ann Arbor District.

Rev. Robert Serle of Dundee, headed this fall's ingathering of fresh and canned fruits and vegetables for the home. Approximately \$1,700 worth of home and commercially canned goods and fresh fruits and vegetables were contributed at the festival which was held Saturday, Nov. 3.

Home members reportedly look forward to this event. In addition to bringing the contributions, members of the group spend the day here, bringing their own lunch to eat in the assembly room and later giving a program of skits and music.

Rain Monday and Tuesday of this week, with temperatures in the 70's, washed away last week's record snowfall in this area.

**Oldest Native-Born
Village Resident
Dies Saturday**

Miss Lizzie Cornelia Maroney, 86, believed to have been the oldest native-born resident of the village, died at the Colonial Manor Convalescent Home late Saturday evening. She had been a patient there since May 24, 1950.

Born Oct. 14, 1865, at 313 Railroad street, Miss Maroney had lived in the same house her entire lifetime. Her parents were Daniel W. Maroney, who was born in Ireland in 1831, and the former Cordelia Emerick, born in Cayuga County, N. Y., in 1834. They came to Chelsea the day they were married, Feb. 7, 1897, and later built the house on the railroad street which became the family homestead.

Miss Maroney was a telegraph operator and ticket clerk for the Michigan Central Railroad for many years prior to her retirement in October, 1935. At that time she had been employed by the company for 45 years, the last 24 years of which were spent at the Ann Arbor office. She began her work in the Chelsea office in June, 1890, and worked for varying periods at Lawton, Toledo and Mackinaw City before being transferred to Ann Arbor.

She was a member of the railroad's Pioneer Association and the American Railroad Ticket Agents Association. She was a life member of Olive Chapter No. 108, Order of Eastern Star, and had formerly been organist at the Chelsea Congregational church for many years.

Only survivors of Miss Maroney are a niece and a nephew, Mrs. Herbert Loeffler and Paul Maroney, and one grandniece and two grand-nephews. Her two brothers, Clarence W. and James A., and two sisters, Ella May and Nellie C. Maroney, preceded her in death.

Funeral services were held at the Staffan Funeral Home at 2:30 Tuesday afternoon with Rev. W. R. Skelton officiating. Burial was in Oak Grove cemetery.

**Chelsea Merchant
Stars in Detroit
Radio 'Thriller'**

Lloyd Heydlauff, local merchant, "made the headlines" recently on one of his routine trips to Detroit to pick up supplies. A tape recording of the incident was broadcast over a Detroit radio station at 7:15 last Friday evening.

The radio program highlights happenings in Detroit and the incident involving Heydlauff was broadcast to show Detroit police methods used in tracking down thieves.

Heydlauff became involved in the incident when a television set was stolen Thursday, Nov. 1, from his truck in the General Electric company's parking lot at Forest and Woodward. Heydlauff was inside the building at the time.

The broadcast went into detail on the way police checked through the theft from the time it was discovered until the television set was traced and recovered. A woman had seen the set being removed from the truck and took the license number of the thieves' car. The broadcast described how license plates were switched, the television set sold and part of the money used to purchase "dope" before the youthful culprits were finally apprehended.

Heydlauff said yesterday the television set is being held as police evidence pending trial of the suspects.

Meat for the dinner will be furnished by Lloyd Heydlauff who purchased the champion steer at the fair from Earl Heller. The remainder of the meal will be planned pot-luck.

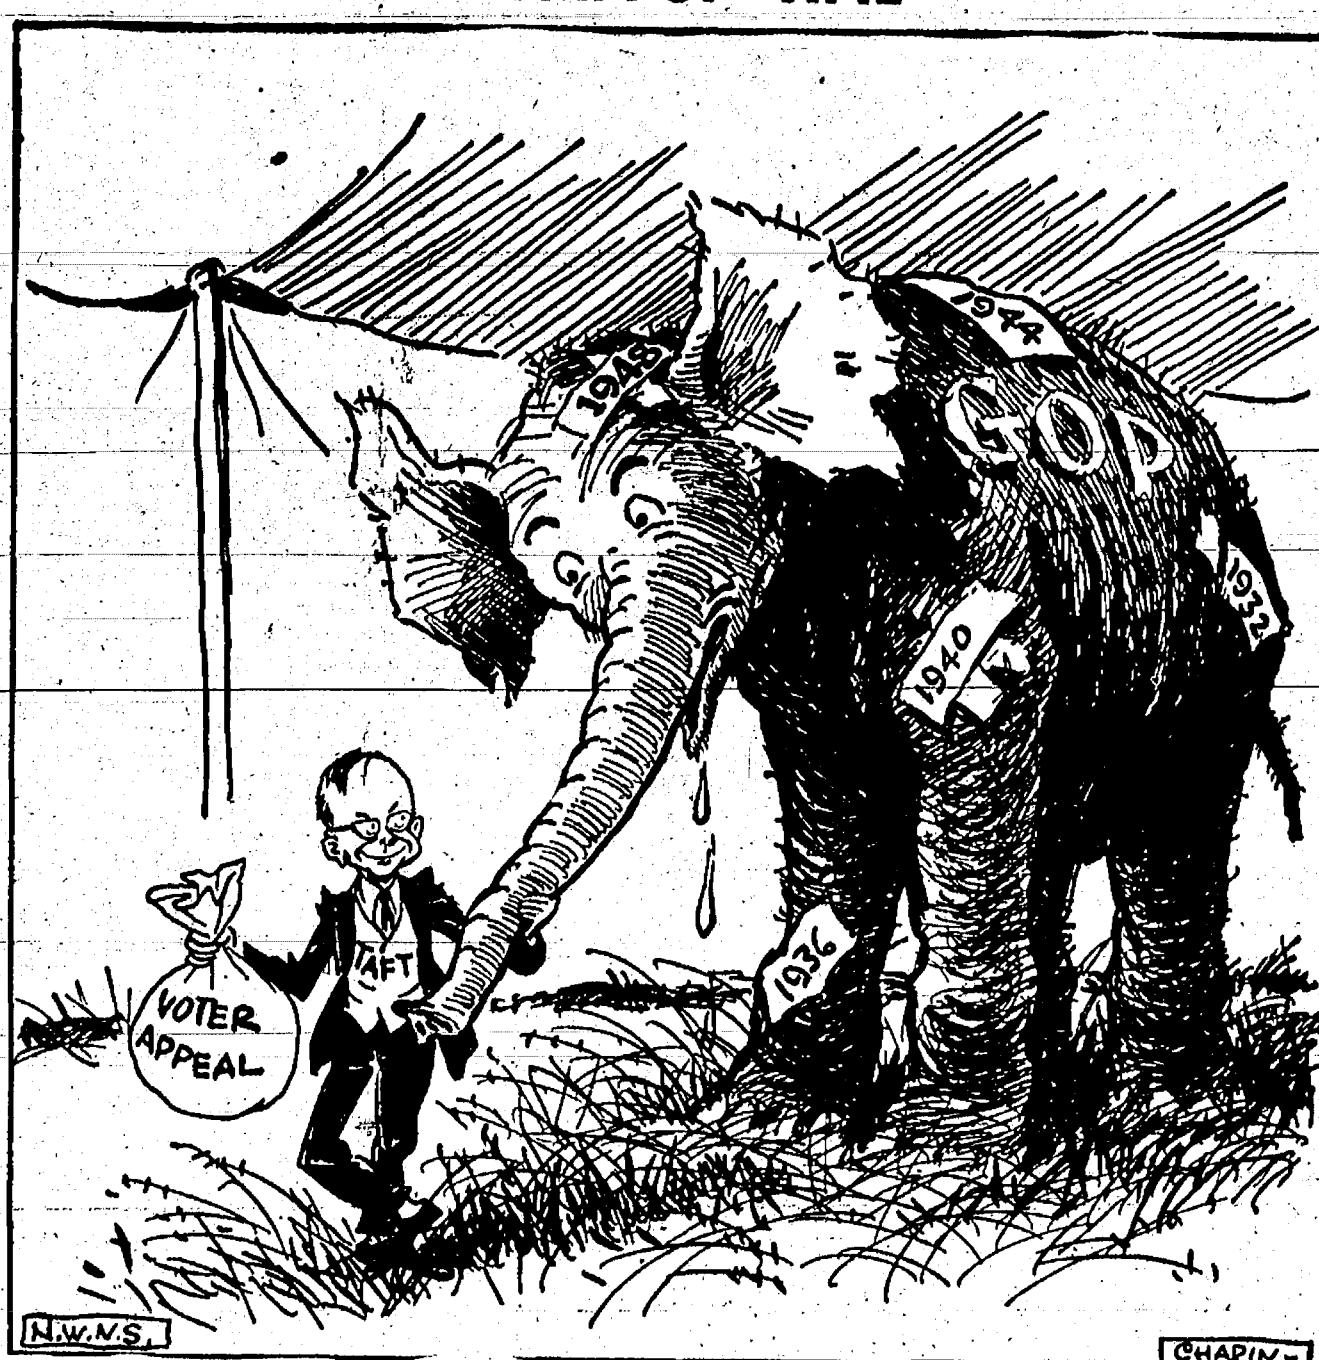

To defray expenses of the dinner and program and to get an accurate check on the number of persons who plan to be present, tickets are being sold and may be obtained at Foster's Mens Wear store, Farmers' Supply, Chelsea Implement, Merkel's Hardware store, or from the Fair Board ticket chairman, E. G. Van Riper.

Eligible to attend the dinner are members of the Chelsea Community Fair Board, all committee members and anyone who worked during the fair or helped in any way in the work of preparation for the fair or the clean-up after it was over.

Tickets must be reserved by Saturday, Nov. 25, in order to allow time for committees to contact everyone and advise them as to the dishes they are to furnish. Mrs. Arthur Kuhl is general chairman of the dinner committee.

WARM-UP TIME**Jean Schweinfurth Named as
Delegate to 4-H Congress**

Michigan's delegates to the National 4-H Club Congress in Chicago, Nov. 25 to 30, were announced this week by A. G. Kettunen, state 4-H club leader at Michigan State College.

Among the 28 delegates was Jean Schweinfurth, daughter of Mr. and Mrs. Albert Schweinfurth. Miss Schweinfurth won the award on the basis of her outstanding 4-H club program in Health.

Jean is 17 years old and is a member of the "Flying Fingers" 4-H club of which Mrs. T. G. Riemenschneider is the local leader. Jean has been in 4-H club work for eight years. She has carried food preparation, canning, clothing, and health projects.

She has been on the county Honor Roll several times and has taken part in county and district judging contests. She was a delegate to the 1951 Club Week held at Michigan State College last June.

"Being selected as a member of the Michigan delegation is one of the top achievements a 4-H club member can attain," Frank Gendron, county 4-H club agent, commented. "Jean was selected as one of less than 30 delegates from the 60,000 Michigan 4-H club members."

At Chicago, Jean will be the guest of some of the nation's top industrial and business concerns at breakfasts, dinners, luncheons, special entertainment, educational tours and at the International Livestock Exposition. All expenses are being paid for the trip.

The National Congress is sponsored by the National Committee on Boys and Girls Club Work, a foundation established by leading industrial firms and individuals to provide educational trips, scholarships and other incentive awards for 4-H club members. These awards encourage the youth to continue with 4-H club work, gaining practical knowledge while endeavoring to attain state or national recognition. Projects and selection of winners are handled through the 4-H club members.

**Terrible Mistake
Made; Tax Rate
To Be Still Lower!**

During the past week, school officials here have been advised that the tax rate for the Chelsea Agricultural Schools district will be 0.27 mill less than the 13.2 mills announced last week.

Last week's figures for operational costs and debt service on the new bond issue combined were arrived at by using the old valuation figure.

Addition to the Chelsea district of part of the former Dexter township District No. 7, has changed the valuation figure and accounts for the reduction amounting to the fraction of a mill mentioned above.

According to the new figure, operational costs will account for 8.7 mills, or 0.2 mill less than previously figured, and debt service millage will be 4.23 mills instead of 4.3 mills as announced last week.

This makes the entire school tax rate for 1951 total 12.93 mills. Last week's total figure gave the millage as 13.2.

**Youth Captured
after Brief Liberty
from Cassidy Lake**

Donald Crapau, 19, who had been at the Cassidy Lake camp of Southern Michigan Prison the past six weeks, walked away from camp about noon Monday.

The fact that there was only one headlight working on the stolen car led to his capture by Sheriff's Deputy Edgar Orling. Orling stopped the car because of the missing headlight and the routine check-up for driver's license and proof of ownership disclosed the escapee's identity. He was taken to Ann Arbor and lodged in the county jail overnight.

Harold Swenson, chief investigator for the Sheriff's department, returned him to Cassidy Lake camp Tuesday morning. Originally sentenced to Calumet for breaking and entering, Crapau was first sent to Marquette, then to Jackson and Ionia before coming to Cassidy Lake. He told sheriff's deputies he decided to leave camp because others there "picked on me."

The car he stole at Waterloo belonged to Sam Whitman and had been driven to the Dault home by his son, Bruce, who had run into the Dault home for a few minutes to leaving, leaving the keys in the car.

Crapau told officers he made his way on foot from the home of I. C. Crane, manager of the Waterloo Recreational Area, which he had broken into and ransacked in his search for food and money and where he had changed into clothing.

Swenson said Crapau was to be returned to Ionia pending possible action by Crane who is away from home on a deer-hunting trip.

**C. of C. Entertains
Highway Officials
as Bridge Completed****Group Also Sets
Store Hours for
Christmas Season**

State Highway Commissioner Charles M. Ziegler, Al Brown, district maintenance man, Benjamin Hale, state right-of-way man, James Hendley, chairman of the Washtenaw county Road Commission, Howard Minier, superintendent-manager of the county Road Commission, and Raymond Koch, newest member of the county Road Commission, were all guests at the Chamber of Commerce dinner meeting in St. Paul's church hall last week, Wednesday.

John Keusch, acting as toastmaster, introduced the guests. Speaking of the recent completion of the North Main street bridge, Keusch said delegations from Chelsea had been going to Lansing for more than ten years in an effort to interest state authorities in the replacement of the old narrow bridge at the north entrance to the village.

Ziegler was a guest at a Chamber of Commerce meeting two and one-half years ago while M. W. McClure was president of the village. At that time Ziegler was taken on a tour of the roads in the vicinity and recognized the need for the new bridge and the improvement of North Main street.

Keusch introduced McClure who expressed Chelsea's thanks to Ziegler and the State Highway department for the new bridge.

Ziegler, in his talk before the group, spoke of the problems of the department with its limited funds for road work. He and Hendley both commended the Chelsea Chamber of Commerce for the promotion of Pierce park and for the roadside park at the new bridge. They said highway funds of today cannot be stretched to allow for much roadside park improvement and both state and county groups are pleased to see the parks being improved here.

The evening's program was opened with entertainment provided by Carol, George and Danny Mayer.

During the business session of the meeting it was announced by park committees that a tarpaulin had been purchased to cover the merry-go-round in Pierce park for the winter.

Ziegler also announced that the baseball field at the park had been prepared for flooding to provide a skating rink this winter.

Roland Spaulding, reporting for the roadside park committee, said that work on the parksite at the new bridge has been completed for this fall and that the parking lot has been leveled and rolled and the entire site is in good condition for final touches to be added in the spring.

A committee, appointed to make recommendations regarding business hours for the Christmas season, was also formed.

**State Highway Boss
Looks to Further
Improvement of '92'**

The following self-explanatory letter was received Monday by M. W. McClure, former village president, under whose administration the project of widening North Main street and replacing the bridge was started.

Dear Mr. McClure: "Just to advise that I did thoroughly enjoy and appreciate the meeting with the Chamber of Commerce on Wednesday night, Nov. 7. It was very kind and thoughtful for you to have had this meeting."

"It wasn't an idle remark that I made at the meeting that it would be nice to see the balance of M-92 built properly northwest of Chelsea. I do hope to be able to get a project under construction from the new bridge northwesterly by late in 1952 or in 1953. I cannot make this as a promise but we will work toward the fulfillment of my hope."

With sincere thanks and best regards, I am,

Sincerely,
Charles M. Ziegler,
State Highway Commissioner.**Protestant Church

God Reveals Himself to Moses
 Lesson: Exodus 3: 1-7, 10, 13-15
 Memory Selection: Exodus 3: 15

AFTER MOSES had slain the Egyptian, who had been beating an Israelite, and was forced to flee to the land of Midian, he there found a refuge and a home with the priest of the section, and he married a daughter of the priest. While tending the flock of his father-in-law, on the back side of the desert, he was attracted by a burning bush which burned hotly but was not consumed.

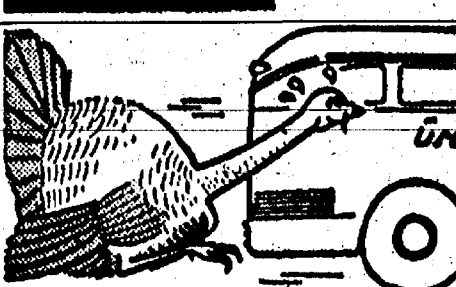

Turning aside to see why the bush burned but was not consumed, Moses heard the voice of God, speaking to him out of the midst of the flame. And God commissioned Moses to undertake the delivery of the Israelites from Egyptian bondage.

When Moses inquired who was sending him into Egypt, the Lord bade him to say that the great I AM was sending him. He bade him also to say that I AM was the God of Abraham, Isaac, and Jacob. Thus did God reveal himself as the Almighty Being who has neither length of years nor end of days, the ever-living, eternal God.

In the ancient time the names of persons were supposed to tell something of their character. So the name of God, I AM, indicates that God is eternally existent, that his being is absolute and changeless. And we at once feel his transcendence over time and space and all the limitations of finite beings. Surely we can trust the self-revealed God; even as Moses did several thousand years ago.

A Hymn Is Born

BY CLINT BONNER

When They Ring the Golden Bells

A circus music master writes a hymn
 Elgin is a few minutes drive from Chicago and Kirkland is a few minutes west of Elgin. It was in Elgin and Kirkland that a forgotten music master and circus performer spent the last days of his 85 years. His name was Daniel A. (Dion) De Marbelles who in his better years could do anything... and had done everything.

As a youth Dion De Marbelles sailed from his native France, where he was born at Seville in 1816, to roam the Arctic on a whale ship. In 1847 he fought with the American Navy in the Mexican War. As actor, singer and musician he toured the continent. When the North and South clashed in '61 he joined the Federals and played in the Sixth Michigan Infantry band. After the war he went with James A. Bailey's circus as a musician and when Bailey went with Barnum in 1881 to form "The Greatest Show on Earth" De Marbelles organized his own show. Using his tents and other equipment in a fire in Canada the aging showman, who had been a circus performer for 40 years, was left with nothing but a few dollars and a few friends. He then turned to writing hymns and songs. One of his best known hymns is "When They Ring the Golden Bells." It was written in 1887 and has since been sung by millions of people.

There's a land beyond the river,
 That we call the sweet forever,
 And we only reach that shore by faith's decree
 One by one we'll gain the portals,
 There to dwell with the immortal,
 When they ring the golden bells for you and me.

When our days shall know their number,
 When in death we sweetly slumber,
 When the King commands the spirit to be free
 Never more to anguish labor,
 We shall reach that lovely Eden,
 When they ring the golden bells for you and me.

We shall know no sin or sorrow,
 In that haven of lowly glory,
 When our bodies shall rest beyond the silver sea
 We shall only know the blessing
 Of our Father's sweet caressing,
 When they ring the golden bells for you and me.

Don't you hear the bells now ringing,
 Don't you hear the angels singing,
 In that far-off sweet forever,
 Just beyond the shining river,
 When they ring the golden bells for you and me.

(Copyright 1887 by Dion De Marbelles)

New Telephone Directory Issued for Chelsea Area

Telephone users find something new in the new Chelsea telephone directory being distributed this past week by the Michigan Bell Telephone company.

N. J. Prakken, manager here for the company, called subscribers attention to the first page of the new directory which has been revamped so that each subscriber can write in the telephone numbers of the police and fire department for his own community.

"In the past, mistakes have been made, with customers hurrying to complete calls for help by looking at the heading on the page for the service wanted, and then calling the wrong number," Prakken said.

"If everybody does his part in listing his own fire number on the top of that page, there'll be fewer lives endangered, and less property lost," Prakken said, in an appeal to users to reduce the number of mistakes made in reporting the outbreak of fire.

The manager emphasized Michigan Bell's desire to assist fire departments in combating "very real and human mistakes when disaster strikes and panicky calls for help must be made under considerable stress."

"We hope this is a partial solution to the problem, and of real assistance when it's needed most," he said.

Mrs. Howard Holmes, of Ann Arbor, scheduled to speak at the meeting, could not be present and Mrs. M. W. WCS

With the morning group of Philthea Circle in charge, the WCS of the Methodist church met for luncheon at the church preceding the afternoon meeting of the group last Wednesday. Sixty-five members and guests were present.

Members of the Salem Grove WCS were guests at the meeting.

Mrs. Raymond Miller of Ann Arbor, the afternoon's speaker,

talked interestingly of the work being done by the missionaries in Japan. Mrs. Miller's talk was based on her observations during her recent residence in Japan while her husband was stationed there with the Air Force.

Members of her audience were impressed with her description of

the work being done in Japan, not only by American and other missionary workers, but by native Japanese missionary workers, as well. Mrs. M. J. Betz of the Methodist Home, introduced Mrs. Miller.

Mrs. A. C. Johnson opened the afternoon's program period with

a devotional service based on the topic "Teach Us To Pray." During the business session, the WCS voted to sponsor the repair of the outside of the church parsonage.

The Chelsea WCS was invited to be guest of the Mt. Hope church yesterday.

This pickup pinches pennies!

There are two simple reasons why you save money when you buy an International pickup truck.

First, you get lower operating and maintenance costs. You get a pickup truck that is engineered throughout to do more work for less money.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right along with features that no other pickup truck gives you. For example—the COMFO-VISION CAB is "the roomiest, most comfortable cab on the road." The Silver Diamond engine is an outstanding development of the world's largest exclusive truck engine plant. Super-steering gives you maneuverability and ease of handling that make driving a pleasure.

But get all the facts for yourself. Come in and learn why International pickup trucks are the best truck value in pickups today.

Thursday, Oct. 30, 1947—

The body of S/Sgt. Earl C. Haffley who was killed in Germany Dec. 6, 1944, was the first of Chelsea's war dead to be returned for burial. The body will arrive here in approximately a week. Early Friday morning, Chelsea people were surprised to see a 1,600-lb. bull moose being hauled in a trailer down Main street by Walter Mohrlock. He and Mrs. Mohrlock and Mr. and Mrs. Arnold Stoger returned late Thursday from a two-weeks' hunting trip to Long Lac, Ontario. Mohrlock bagged the moose the first day out. Rev. T. W. Menzel, assistant professor of Religion at Elmhurst college, Elmhurst, Ill., the past seven years, has accepted a call to become pastor of Bethel church in Freedom township to succeed Rev. W. F. Baumann who is now pastor of St. John's church in Chicago. Oct. 26, the Chelsea FOE held its first Sunday meeting and initiation since its organization here six months ago. The gathering was held at the new home of the Order at 113 South Main street.

The SPI club, organized in 1912 at the home of Mrs. A. A. Schron, observed its 25th anniversary with an appropriate program Monday evening at the home of Miss Lillie Wackenhut who has been the club's president since its founding. Layton Steger, Kenneth and David Beach and M. C. Dunkel returned Sunday from a two-week hunting trip near Biscotasing, Ont., reporting that their party got two moose. They encountered severe snowstorms on their return home. Rev. Martin Lee Grant, of Terre Haute, Ind., has received word that his son, Walter, was captured by Franco's Fascist forces while fighting in Spain. Rev. Grant was formerly pastor of the Chelsea Congregational church.

Thursday, Nov. 3, 1927—

In the interest of better seed potatoes here, 4-H potato club in the vicinity of Chelsea will exhibit their products of the past season Saturday in Sylvan Town Hall. John Walsh, for 75 years a resident of Sylvan township, died at his home here Sunday. He was 89 years old. He is survived by three daughters and two sons. Two of the daughters, Mrs. Ed Keusch and Mrs. Anna Dvorak, are Chelsea residents. Agricultural leaders in close touch with farm conditions corroborated each other at the annual extension conference, held recently at Michigan State College, in the statement that rural economic conditions are on a definite upward trend. The Standard presented pictures showing two views of the new Ford car in this week's paper. The pictures were snapped by the manager of the Brighton Argus, a McClure Bros. publication. Ford officials were driving the car and had stopped in Brighton for lunch. The new body lines resemble the Lincoln car, according to the description. It is expected the public will be permitted to place orders and receive deliveries within a very short time.

Applications Taken for Positions with Mich. State Police

Young men interested in joining the Michigan State Police will have an opportunity for an interview with Sergeant G. H. Austin, commander of the Jackson post, in his office between 10 a.m. and 5 p.m., Tuesday, Nov. 20.

This time is being set aside especially to answer questions and help candidates fill out their application blanks," Sgt. Austin said.

"Candidates may apply for enlistment at any time, but a special recruiting effort is now being made in preparation for a State Police training school session which will open in the near future. It is an excellent opportunity for young men to join the department."

Applicants must be between 21 and 30 years of age, inclusive, physically fit and have a high school education or its equivalent. Married men as well as single are accepted.

The purpose of this campaign is to fill present vacancies and to provide a basis for an employment register in the future.

The State Police is regarded as a career service and offers subsistence in addition to salary, civil service employment security, paid vacations, sick leave and a pension. In addition, the State Civil Service Commission is meeting this month to decide upon a salary increase. State Police work is not only interesting, but promotions are based on merit.

Candidates will find it advantageous to call at the post, Sergeant Austin said, but if this is not possible they can also obtain information and application blanks by writing to the State Civil Service Commission or the Michigan State Police in Lansing.

LAFF OF THE WEEK

"I love a man who smokes a pipe—because after all, what else would he do with it?"

Safety Campaign Urges Extra Care in Winter Driving

H. H. Bliss, a pedestrian struck by an automobile as he helped his woman companion alight from a street car, died of his injuries in Roosevelt hospital. It happened in New York City, and, commonplace as it sounds now, Mr. Bliss there by made history. He was the first recorded traffic victim in the United States. He was killed in September, 1899.

Another victim of traffic will be distinguished before the end of this year, according to Chief George Doe of the Chelsea police department. This person will be the one-millionth American killed in this country since the automobile came into use.

It has taken about 50 years to pile up the first million traffic deaths, but at the present rate it will take only 30 years for the second million. They say the second million is easier. Certainly it may be faster, with more cars, more drivers and more mileage every year.

"But we can't spare that second million, not even one individual, to a preventable death. Anyone who has lost a loved one in a traffic accident will agree with safety authorities that traffic deaths can be prevented, if we will all drive and walk with care."

The admonition, "Don't You be one in a million," is used by the National Safety Council in a campaign to postpone that millionth death as long as possible. Another thought should make every driver stop and think: "Will You be the driver who causes that millionth death?"

The Michigan State Safety Commission is coupling cautions to drivers with special reminders to pedestrians this month, as the theme of a state-wide continuing traffic safety program, part of a nation-wide effort to save lives and prevent injury and loss in traffic.

"More hours of darkness at times of peak traffic increase traffic dangers to pedestrians," Chief Doe said. "Each year in November, pedestrian casualties are at or near their peak."

"When you're on foot, take special care in cross streets with the signals, and always at the marked crosswalks, not in the middle of the block."

"Remember, it is much harder for drivers to see you because of your dark winter clothing, and by the lessened visibility these short days, when early darkness or stormy weather makes driving and seeing more difficult."

against criticism that it is to blame for "high cost" of state government. He says, "The fault clearly lies with well-meaning citizens who are willing to sacrifice the welfare in accomplishing the dubious purposes of organizations in which they hold primary interest."

In short: pressure groups.
• A Michigan Girls Town, first of its kind in the country, is being discussed. Hitch is in financing the project. Present plan for the home, to be located near Gaylord, is to raise money by subscription to a publication.

• Meanwhile the marked rise in escape attempts and walkaways at Ionia reformatory has state corrections officials worried. Jump in escapes has been from nine in 1949 to 15 in 1950 and 24 this year. Warden Garrett Heys blames the trouble on not enough guards.

• The upper floors of the fire ravaged state office building have been cleaned out preparatory remodeling. Work is expected to start on the building by Dec. 1. Steel allotment has been secured.

• Conservation officials will ask the legislature next year for authority to charge admission to state parks and to lease state lands for private use.
• A new birth record may be set in 1951. Since April, births have been running 13 per cent above those of last year. Federal security agency says the Korean war is the cause.

• The 1952 model automobiles are beginning to roll off the assembly lines. No major changes, for the most part.

• With the help of veterans organizations, Brig. Gen. Lester J. Maitland, soon expects to have a corps of 15,000 airplane spotters. The Soviet's second atomic explosion also spurred interest in civilian defense. Interest has been suffering hot weather apathy.

• You cannot travel more than six miles in any direction in Michigan without coming to a body of water. There are 11,087 lakes in the state. Three counties have more than 300 lakes.
