### Construction Underway at Meth. Home

Hope New Chapel May Be Dedicated on Easter Sunday

Extensive improvements and additions are now under construc-tion at the Methodist Home and include a chapel, a retired min-isters' cottage, a 15-foot addition to the kitchen and basement, two extra fire escape stair wells, and a sprinkler system in the two oldest sections of the home. The newer portions of the building are of fireproof construction but the two original buildings are of fire resistant construction and the sprinkler system will provide ad

ditional fire protection. An eight-inch water main is being constructed from the village system and involves going under the railroad tracks. At the time the newest addition

was built two years ago, all fire laws were complied with. However, since that time, several disastrous fires have occurred in hospitals and institutions and state fire laws have added requirements which made it necessary to add another fire stair well to the newlyconstructed building.

The second fire escape stair well is being put into the kitchen and

earned a flat wage of \$50 for three doors to reach it.

Center school, then \$25 per-month of the Home, said this week that for nine months. She taught at he is hopeful the chapel may be Laren school. Her highest monthly be 150 persons. From its earliest beginnings Thanksgiving has been family occasion, the gathering of those we love, a yearly meeting to give thanks to Him who has given

Perfect Facilities, Dignity, And Gracious Beauty

Marilyn Jayne, baby daughter of Mr. and Mrs. Walter Bauer, and Barbara Jean, daughter of Mr. and Mrs. George Bauer, Jr., were baptized Sunday at St. Paul Evangelical and Reformed church with Rev. P. H. Grabowski officiating. Sponsors for Marilyn Jayne were her grandparents, Mr. and Mrs. Kenneth Proctor, while those of Barbara Jean were Mr. and Mrs. Lee Hadley. of Ann and Mrs. Lee Hadley, of Ann Arbor, and Mr. and Mrs. Fred Hinderer

After the service, a dinner for 32 guests was served at the home of Mr. and Mrs. George Bauer, Jr. In the afternoon, 28 additional guests joined the group for a birthday party in honor of George Bauer, Sr. on his 86 birthday.

The evening group of the Philathea Circle of the Methodist church met Thursday, Nov. 15, at the home of Mrs. Albert Johnsen. Plans were completed for a family dinner party to be held December 20, at 6:30 p.m. at the church.

The opening devotional service at Thursday's meeting centered on the Thanksgiving theme and was presented by Mrs. Russell Bernath. Mrs. Alfred Weinmann presented the program in the form of a talk on-children's books and stressed the need for care in their selection as gifts for one's own children or others.

Refreshments were served by Mrs. Johnsen and Mrs. Charles

SYLVAN EXTENSION CLUB Seventeen members and one guest attended the Sylvan Extension club meeting at the home of Mrs.—Oscar Kalmbach on US-12, Thursday, Mrs. George Steele became a member of the club by transferring from the South Syl-

The lesson pertaining to lamps was presented in very interesting fashion by the leaders, Mrs. Kalmbach and Mrs. T. G. Riemenschneider, according to a report of

the meeting.
Roll call, in charge of Mrs\_Roy\_ Miller, on the topic "Christmas-Gifts or Decorations," brought a number of fine suggestions from members. Several gift articles were also displayed.

Mrs. Albert Schweinfurth, chair nan of the group, presided during the business session during which it was decided that the quilt made during the past year as a community project, is to be presented to the Chelsea Health Council for

giving where it is needed.

It was also decided that the next neeting will be a Christmas party

## WD TRACTION BOOSTER

Gives You More Work Power

When you set the hydraulic lever on the WD Tractor, you can add as much as a thousand pounds of weight on the rear tractor wheels.

As the drawbar load increases, the hydraulic system uses the weight of the implement plus the weight of the soil to bear down on the wheels. Location of the implement behind the tractor gives it leverage, which multiples implement weight at the tractor axle.

It's entirely automatic. The tractor selects the amount of weight needed. And it's all a part of the

complete WD hydraulic system—no extra equipment. Stop in and let us show you how the WD will do drawbar jobs which ordinarily require a much heavier tractor.

For us, Thanksgiving Day is more than a commemoration of the occasion on which the Pilgrims gathered before an abundant feast to celebrate the establishment of their firm footing in America.

For us, Thanksgiving Day has become an occasion for pausing to count the blessings that have come to the peoples of America year by year. This national holiday arrives annually as a milestone in the journey of progress launched by our fore-

## Hand-operated mechanical fruit dumper developed for growers and packers

Profits of fruit growers and packers have always suffered from "bruising." Ordinarily, fruit is injured while being dumped from field crates onto receiving belts. The Agricultural Experiment Station at Michigan State College, along with the United States Department of Agriculture. has developed a mechanical device which helps workers dump fruit carefully and easily. reducing both damage and labor. Rigid tests show that this mechanical dumper helps control the flow of fruit, has a capacity of several hundred bushels per hour, and is thoroughly dependable. Growers and packers of apples, peaches, pears and onions may call, write or visit their County Agricultural Agent for further

New life for telephone equipment

The young lady is not administering a blood transfusion—she is using a newly developed device for replacing carbon granules in telephone transmitters. This is just one of hundreds of ways the Bell Telephone System gives new life to equipment that has been in use. Telephone instruments, switching equipment, even telephone booths-they are all checked constantly, repaired or salvaged. Economy measures of this sort mean efficient telephone service at low cost.
