

Sen. Blair Moody Will Speak Here

Senator Blair Moody, a long time friend of Donald Bacon, president of the Central Fibre Products company, will speak at the company's annual employee-management dinner here Saturday. The dinner will be held at the Congregational church.

Preceding the dinner, open house will be held at the Fibre plant offices and everyone in the community is invited to meet the senator. Also invited to attend the dinner are Dr. and Mrs. Alexander Ruthven of Dexter, and Dr. and Mrs. Harry Nelson of Detroit. Dr. Ruthven was president of the University of Michigan at the time the Central Fibre company management and employees established the Burton French scholarship in memory of the former employee of the local plant.

CHS Alumni Vote To Hold Banquet Again Next Year

The 56th alumni banquet of the Alumni Association of Chelsea High School was held Saturday evening. The dinner was served in the social center of the Methodist church by women of the church. There were 106 alumni and guests present.

Rev. David Bryce, pastor of the Methodist church, gave the opening invocation.

During the business session which followed the dinner, there was some lively discussion on the issue of whether or not to continue the banquets on a yearly basis. The decision reached was that a dinner and dance will be held next year on the second Saturday after commencement.

250 Local People Attend Open House at Methodist Home

Approximately 250 people were present Sunday for the open house at the Chelsea Methodist Home. The organ recital which included a variety of songs, was well received and applauded by all who heard it. The organist was Mrs. Albert Allinger of the Northwest Baptist church on Grand River avenue, Detroit.

Guests and members of the Home family were served ice cream and home-made cookies in the assembly room. Presiding at the refreshment table were Mrs. M. J. Betz, wife of the superintendent of the Home, and Mrs. Elsie Hill-Bott, the matron. Assisting as hostesses were Mrs. Minnie Fisher, Mrs. Mary Nairn, Miss Ethel Morrow and others of the Home family.

Centering the table was an unusual arrangement which attracted considerable attention. A large colorful green, and containing dry ice which caused the water to bubble continuously.

After the refreshments were served the guests were shown through the new duplex, retired ministers' home, and were free to visit the entire Home building as well as the grounds.

In the last week's issue of The Standard in which an invitation was extended to attend the open house, a paragraph requesting "organizations to contribute to the program..." was by error inserted into the open house story, when instead it was a request for contributions to the summer recreation program. The error is deeply regretted by The Standard office as the invitation of officials at the Home had no connection with a request for contributions.

Mr. and Mrs. Fred Hook have received word that their son, Pfc. Norman C. Hook, has been transferred from Heidelberg to Munich, Germany.

Local Representatives Chosen for Annual Girls', Boys' State Events

Donna Hinderer has been chosen to attend Girls' State and Jack Hummel and Edward Hafner were selected to attend Boys' State as Chelsea's 1952 representatives to these Legion Post and Auxiliary sponsored projects. All three were juniors at Chelsea High school the past year.

Donna is the representative of Herbert J. McKune Unit No. 31, American Legion Auxiliary. Jack Hummel is the American Legion Post's selection, and Edward Hafner is being sponsored by the Chelsea Kiwanis club.

Girls' State begins June 17 and continues through June 25. It is held on the U. of M. campus, Ann Arbor, and the girls will be quartered in Alice Lloyd hall.

Legion Auxiliary descriptions of Girls' State call the project "a practical application of Americanism and good citizenship" and "a non-partisan inculcation in the youth of America a love of God and Country." The session has been lengthened a day this year and is now an eight-day program.

Girls will govern themselves and elect "city and state" officials. Before the session is concluded two of the girls will be chosen to represent Michigan at Girls' Nation in Washington.

The local Legion Auxiliary committee responsible for choosing Chelsea's delegate to Girls' State included Mr. William Weber, Mrs. Alvin Umstead and Mrs. William Kolb. The Auxiliary had voted that this year's Girls' State representative should be chosen from among the daughters of Auxiliary members.

Donna's parents are Mr. and Mrs. Wilbur Hinderer. She is to give a report at the Auxiliary's September meeting.

Donna Hinderer, left, has been chosen by the American Legion Auxiliary to represent Chelsea at Girls' State on the U. of M. campus in Ann Arbor. Edward Hafner, center, and Jack Hummel, right, are attending Boys' State, on the Michigan State campus, under sponsorship of the Kiwanis Club of Chelsea and the American Legion Post, respectively.

Mr. Wilbur Hinderer. She is to give a report at the Auxiliary's September meeting.

Donna is the youngest son of Mr. and Mrs. George Hafner, and Jack Hummel's parents are Mr. and Mrs. John Hummel. The boys will be at Boys' State on the Michigan State College campus from Thursday, June 19, until Friday, June 27.

An entire state of "city, county and state" officers of the Wolverine Boys' State will be elected.

Recreation Program Set for Monday

Additional Funds Are Still Needed To Meet Budget

The recreation program and schedule of activities for the year were planned at the meeting of the Chelsea Recreation Council Thursday evening. The meeting was held in the Agriculture room at Chelsea High school.

Because of the rather late start in beginning to plan for the year's activities, it was pointed out at the meeting that it is very important that contributions be sent in as soon as possible. Letters were sent out last week to all former contributors and to every organization in the community, soliciting financial support. Council members are following these up with personal contacts this week and were to report results of their efforts at a meeting last night.

Activities this year will be arranged so certain age groups will participate with youngsters of their own age.

Putting greens are to be provided and it was suggested that used putters might be contributed by persons of the community. Other items needed are horseshoes and stakes and golf balls.

John Magiera and Frank Reed will be the bus drivers during the eight-week period the recreation activities will be in progress. School buses and the school playground and equipment were made available for the summer by recent action of the Board of Education of the Chelsea Agricultural Schools.

Mrs. Shell, who taught in Comstock and last year in Grass Lake, is a Brownie leader in Chelsea, and is the wife of the local Elementary School Principal, Basil Shell. John Magiera, better known as Chelsea's highly successful basketball coach of the past several years, has been a recreation director in Jackson and at Great Lakes, Ill. in previous years. A complete schedule of activities planned for the first week is printed on page five in this issue of The Standard.

VFW Buys YWCA Property for Youth Summer Camp

Charles Wagner of Dearborn, vice-chairman of the Veterans of Foreign Wars Department of Michigan camp committee, announced yesterday that Camp Norcom, the former YWCA camp on Steinhilber road, east of Chelsea, has been purchased for a children's camp.

VFW Post and Auxiliary members from this area and from distant points are spending weekends at working bees to ready the camp for opening on June 28.

The sale of the camp was negotiated by Charles A. Belanger of the H. M. Selden company, real estate brokers, of Detroit.

The 51-acre campsite is located some distance back from the road on Nordman Lake. A main building, used for entertainments and programs, for serving meals and other general purposes, and six cottages for living quarters, comprise the camp accommodations.

Plans have been made to have two four-week camp periods this summer. The first period, which begins June 28, will be for boys, while girls will be there for the second period.

Children need not be related to VFW Post members in order to be eligible to attend the camp, but all arrangements to attend must be made through the organizations.

Wagner acted as chairman of the camp committee which arranged for the acquisition of this new camp that replaces the one formerly operated at Union Lake, near Pontiac.

The Michigan VFW has a similar camp at Bill's Lake, near Newaygo, for children in that part of the state.

Others on the camp committee with Wagner, who is a past VFW department commander, are Mrs. Augusta White of Ann Arbor, past department president of the VFW Ladies' Auxiliary, George Rock of Milford, Arthur Gregg, a past department commander, and Rolla Roberts, both of Dearborn, and Albert Knox of Detroit.

All were present for a meeting at the camp last Saturday when final details of the sale were discussed. Also at the meeting were George Dyer of Grand Rapids, general chairman of the department's camp committee, Joseph Attwood, camp committee secretary, from Lansing, and Lloyd Akvel and G. Baret, both of Kalamazoo, all members of the department committee and VFW Department Commander Ernest Frey of Battle Creek, Senior Vice-Commander Jasper Kohn of Ferndale, and Department Judge Advocate John Hembree, of Dearborn.

The deal closed yesterday, makes the Chelsea camp available to the United States the owners of the camp property, negotiations for which have been in progress for some time.

A spot check of grocery stores in Chelsea regarding the potato situation revealed that potatoes of good quality may now be had but large quantities are not being purchased by housewives because of the high prices. Average prices per pound this week in independent stores were 13 and 14 cents.

Grocers said wholesale prices were \$11 per 100 pounds and most of the potatoes were wet when packed. By the time they dry off and allowance is made for the customary shrinkage, the actual weight remaining is usually considerably less.

Average sales were in five-pound lots as the general belief seems to be that the price must come down.

Some stores were out of potatoes entirely for a week and longer before the shipments of California potatoes arrived last week.

While the potatoes are said to be of good quality, they are not moving fast because of the prohibitive price, grocers said.

Wholesale prices shot up from \$2 to \$4 per 100 pounds when the Office of Price Stabilization removed price ceilings last Thursday.

Reasons for the potato shortage were varied, some grocers maintaining that the OPS ceiling put on potato prices last January created the shortage when potatoes found their way into black markets. Others claim the shortage was inevitable because the 1951 potato crop fell off 25 per cent after government price guarantees were removed.

Mr. and Mrs. Rudolph Schmitz and family moved Friday from Sylvan Center to a farm at 8461 Pleasant Lake road, near Ann Arbor, where they will make their home.

16 New Teachers Already Signed for Next School Year

Road Work Being Rushed for July 1 Completion Date

Approximately half of the bank run sandy gravel roadbed has now been applied on the stretch of the Chelsea-Manchester road beginning at US-12 and extending to the completed blacktop section south of Waldo road.

Washtenaw county Road Commission trucks and shovels have been augmented with a rented shovel and five rented trucks in an effort to speed the work to completion by the July 1 deadline.

It was estimated that 18,000 yards of the sandy gravel would be needed for the road base over which the black top will be applied later.

Workers are pouring on 1,000 yards a day. If favorable weather conditions continue the remaining gravel will be in place by July 1.

Howard G. Minier, Washtenaw county Road Commission manager, stated yesterday.

Other road work in the county includes the application of chloride to the roads in various townships where agreements have been made with the county Road Commission. The chloride dust-layer treatment has been completed in Lyndon township. Lima township was expected to be completed by today, and work in Sharon township was to begin.

In Sylvan township the work is being done on an individual basis by those desiring the dust-layer applying to Wilbert Bratenwischer, Chelsea yard foreman for the Road Commission, and paying for the application at the rate of \$3.00 per 100 feet. Minimum order accepted is for 300 feet.

Ask Contributions for Smith Fund To Be Made Now

Robert Foster, general treasurer of the Smith Fund, has announced that the present total has now reached the sum of \$3,211.46. This includes \$155 which was turned over by the senior class of Chelsea High school as the balance left in the class treasury at the end of the year; also, \$129.19 from the freshman, sophomore and junior classes, and \$37.25 from residents of the Methodist Home.

The American-Broach-and-Machine company employees' "sealable check" promised last week was turned over Friday to Foster. It was for \$904. The company, itself, had already made a \$500 contribution.

The Smith Fund, sponsored by the Kiwanis club and Chelsea Chamber of Commerce, was on a voluntary basis and Foster said some of the boxes are still out, although he has no way of knowing where they might be located. He requests that all boxes be turned in to him immediately and that anyone who plans to make a contribution should do so at once so that the fund may be closed and turned over to the Smith family whose tragic loss of four children and injuries of both parents, prompted its establishment.

Judge Jay H. Payne, Washtenaw county Probate and Juvenile Court judge, will speak at the Chamber of Commerce dinner-meeting in St. Mary's hall next Tuesday evening. It has been announced.

Judge Payne, when asked what the topic of his talk was to be, explained that he plans to give a historical presentation in which he will relate how the law has concerned itself with children's affairs and how probate courts came to be given jurisdiction over them.

Years ago, Judge Payne said, no preference was shown children who found their way into court and they were treated in the same routine manner as adults. He plans to trace the stages by which, through the years, the present juvenile code was developed.

Judge Payne was recently appointed one of the vice-presidents of the National Council of Juvenile Court Judges of America at the association's meeting in Indianapolis, Ind.

Anyone interested in attending the meeting may make arrangements to do so by contacting any of the officers.

What's the big idea
of **DYNAFLOW DRIVE?**

6-passenger Super Convertible.

THERE are all sorts of "drives" and "shifts" on the market.

Some still operate entirely by hand. Some depend on shifting gears, but do this automatically. Some feed the power through oil, but use a lock-out device at cruising speeds.

But we still think that Dynaflo* is the best of all for this simple reason:

The big idea of Dynaflo Drive is to make life easy for the driver.

In traffic, you can start and stop, slow down, accelerate with complete and infinite smoothness—because no gears have to shift, ever, in Dynaflo Drive. So there's no lurch, buck or bobble. Dynaflo always feeds power with a steady, willing swoop—at 3 miles an

hour or 30—or as high as it's legal to go. On hills, you get the same sure, steady, unfaltering power-feed for the same reason. No gears ever shift.

On a long day's drive, you can ride with wonderful freedom from tension—your foot relaxed on the throttle—because you always drive through oil.

And at any speed you get a smoother ride, in part because Dynaflo Drive provides such a smooth and gentle linkage between that mighty Fireball 8 Engine and the rest of the chassis.

But this is not all. Our service records show that Dynaflo also makes life easier for your bank account. It saves wear and strain on the engine, banishes the cost of clutch repairs, saves strain on the transmission and even on the rear tires.

There are a lot of other good reasons for buying a Buick—its style, its room, its ride, its power, its thrift, its durability—and its price.

When you can get all this—plus Dynaflo Drive—why be a holdout? Come in and give Dynaflo a try today.

THE CENTRAL IDEA
The story behind "Meals on Wheels"
NEW YORK CENTRAL SYSTEM

1. **WHAT OTHER TRAVEL** can match the fun of meals on wheels? The sparklingly set table in your New York Central diner. The varied menu. The steward and waiter who seem to guess your wishes. And every tempting dish served up with a big helping of scenery on the side!

3. **STOCKING THE PANTRIES** of Central's dining car fleet is done at commissaries. In a year, we buy 620,000 pounds of prime beef, 670,000 quarts of grade A milk, 400,000 dozen nest-fresh eggs, 105,000 pounds of butter, 120,000 pounds of flour, plus fine fruit and vegetables.

4. **THAT ALL ADDS UP** to a yearly food bill of more than \$3,400,000 for New York Central. Most goes to farmers in Central's area. And that helps local merchants. So dining car service is another way your Railroad is part of every community on its lines. And that's the CENTRAL IDEA!

Michigan MIRROR

State-Wide Tid Bits

Michigan labor unions, CIO and AFL, believe they possess the key to more and more social benefits—all magically financed, without direct cost to the workingman, by a tax on profits.

Get control of the Legislature. How is this to be accomplished? It's simple, mister.

Just reapportion the Legislature, such as the map shows would be done for the State Senate, by putting legislative representation strictly on a basis of population, not population and geographical needs as at present. Petitions are being circulated to place the plan before the voters at the November election.

The Michigan CIO plan, fronted under the name of the "Michigan Committee for Representative Government," would ask Michigan voters in November to approve 33 senatorial districts for the entire state, all on a strictly population basis.

As the CIO reapportionment map shows, Wayne county (Detroit) would have 12 out of 33 senators. Oakland county would have two; Flint and Grand Rapids, as cities, would each have one. By electing social-minded legislators to the Senate from a handful of urban counties, labor could dominate the legislative chamber.

Furthermore, the CIO reapportionment plan would give Wayne county (Detroit) probably 36 representatives out of a total of 99. Under the CIO plan, no district could have less than 85 per cent nor more than 115 per cent of the ratio resulting from dividing the total population by the number of seats. Wayne gets a real break!

The AFL reapportionment plan is being fronted by the "Committee to Enforce Constitutional Reapportionment." Population is again the sole basis for arranging Senate districts. The present distribution of members of the House of Representatives, according to

population, would be continued. Reapportionment of both the House and Senate would be taken away from the Legislature and turned over to the Secretary of State.

Under the AFL plan the present "bedsheet" ballot would be continued in Wayne county whereby all Detroit representatives are elected at large. This burden on voter intelligence has led to "name" voting rather than selective judgment of candidates' merits.

The end result of the AFL plan would be pretty much the same as that of the CIO scheme: Power control over legislation by heavily populated urban centers.

Why are these reapportionment plans getting voter attention in 1952?

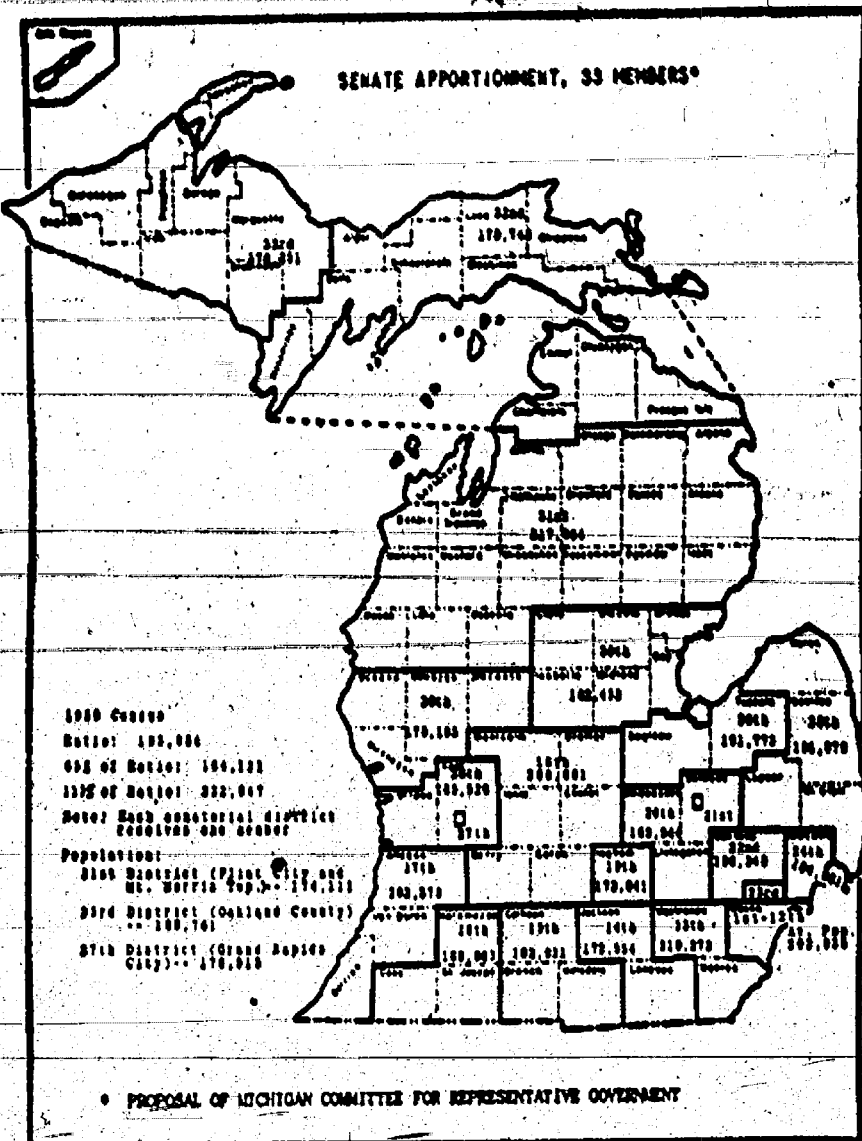

Here is some factual background information. When the present state constitution was adopted in 1908, the charter provided that in 1915 and each tenth year thereafter the legislature shall rearrange the senatorial districts and apportion anew the representatives among the counties. Thus, 1953 becomes a reapportionment year.

Since the beginning of the century Michigan has changed from a rural and agricultural state to an urban and industrial state. Population growth has been 168.2 per cent since 1900. The 1950 census shows that Wayne, Oakland and Genesee counties and the city of Saginaw had one half of the 6,371,766 people residing in the state.

It is quite apparent that if both the house and senate were to be organized on a strict population basis, these urban centers could theoretically attain a near majority control over state legislation. From the viewpoint of the CIO and AFL labor union leaders, who seek constantly to improve the welfare of their dues-paying members, such control is most desirable.

The governor's office is already sympathetic to the cause of the workingman; Governor Williams constantly pleads the merits of financing public benefits by a tax on corporation profits. If the legislature would be responsive to popular needs, the combination would be perfect, so the argument goes.

It should not be a surprise to the reader of this column, in view of the above facts and the writer's

REAPPORTIONMENT DIAGRAM—How the Michigan CIO would get control of the State Senate at Lansing under a reapportionment amendment to the constitution is shown by the above map of Michigan. A handful of urban counties, by electing a majority of senators, would dominate the chamber. The CIO plan is sponsored by the "Michigan Committee for Representative Government."

own interpretations, to add that leaders of Michigan business, industry, professions and agriculture are alarmed about the AFL and CIO ballot plans.

These leaders obviously do not want to see control of the legislature go to big cities.

Under the inspiration of the Michigan Industrial Conference, a group representing business, industry and agriculture, a third reapportionment plan has been advanced. Sponsors operate under the name of the "Michigan Committee for a Balanced Legislature." They are also circulating petitions to amend the constitution.

A "balanced" legislature, under the third plan, would be attained by apportioning the House of Representatives on a population basis, as at present, with what is known as the "minority" clause retained and clarified.

Senate seats would be increased from 32 to 34. House seats would be increased from 100 to not more than 110. In Detroit where 21 representatives are now elected at large, the supervisors would create districts, whereby not less than two nor more than three representatives would be chosen by voters in the district. Result: More intelligent and selective voting by smaller ballots. "Captive minorities" would elect representatives of their own party instead of being snowed under by the preponderant strength of one major party.

The "balanced" reapportionment plan would not upset the present geographical division of members of the Senate, as contrasted to the AFL and CIO plans.

It would adopt the federal principle of representation at Washington whereby the House reflects needs of population, while the Senate preserves needs of individual states regardless of their size. If the three committees are successful in getting their plans on the November ballot, Michigan voters will have a choice of three ways whereby reapportionment of the legislature may be effected in 1953.

The voters' decision will be far-reaching.

Baseball Team Loses First Game

Chelsea's baseball team suffered their first loss of the season last Sunday at the hands of the league-leading Williamston team, 7-3. Marty Tobin, who was relieved in the eighth inning by Don Alber, was the losing pitcher, although six of the seven runs that were scored off him were unearned. There were six errors committed in the Chelsea infield.

Williamston scored three runs in the second inning, one in the third, one in the fifth, one in the sixth, and one in the eighth. Chelsea scored all of their runs in the bottom half of the fifth inning. Arden Musbach and Don McClellan both got on base on errors. Musbach scored when McClellan stole second, and McClellan scored on George Heydlauff's single to left field. After Heydlauff stole second Stanley Knickerbocker hit to the second baseman who let the ball go through his legs. This scored Heydlauff from second base.

The star of the game was Oscar Duncel who had three hits in as many times at bat and who also came in to pitch for Williamston after their starting pitcher was put out of the game by the umpire for arguing.

Next Sunday Chelsea will take on Saline at the local athletic field. Game time is 2:30.
