CHS Baseball Team Wins Three More

Meet Flat Rock Friday Afternoon in Return Game

After the heart-breaking loss of the critical Flat Rock game, Chelsea's Bulldogs again hit the win column by defeating St. John's of Jackson, 7-0.

B. Hoffman was on the mound for Chelsea, pitching wonderful ball. He struck out three, scattered four hits, and issued two walks. In the big third inning, Chelsea had two walks, two hits (R. Barais and Buehler) aided by four errors by St. John's.

The Bulldogs got off to a good start by scoring eight runs in the first inning and pressed on to the victory from there with two more tallies in the fifth-inning and one in the seventh.

Chelsea's fine young pitcher, Phil Barais, who pitched a no-hit game against Milan on April 23, almost equalled this feat against Roosevelt, only to have it spoiled by Doug Fasing when two were out in the sixth inning. The next batter also singled for the only other hit by the opposition.

Barais struck out 15 men and walked only four while his teammates gave him good support by going errorless for the first time this season.

Birthday Party at Methodist Home Honors 12 Ladies

Among the residents of the Methodist Home who are being honored at the monthly birthday party at the home today, is Mrs. Lena Lake Forrest, who observed her 88th birthday May 1. The date was also the 50th anniversary of her connection with the Massachusetts Mutual Life Insurance company and in observance of the occasion Wrayburn Benton, vice-president in the home office at Springfield, Mass., presented her with a plaque and a handsome bronze desk clock. The presentation was made at a luncheon given in Mrs. Forrest's honor at the Fort Shelby hotel in Detroit.

Mrs. Forrest was, for many years, insurance underwriter for her company in this area, specializing in annuities and endowments. She was also a pioneer in the organization of business and professional Women's Clubs, having been the first president of the Detroit club, also president of both the Michigan and National Federation of Business and Professional Women's Clubs.

Along with an orchid and other flowers, which she shared with other members of the "M" for Mutual, encircled by ten gold stars for 50 years of service.

Anne Campbell, Detroit poet, wrote a special poem in Mrs. Forrest's honor when she visited the home several weeks ago.

Others whose birthdays are being honored are Mrs. Linda Head, Mrs. Mary McKillop, Mrs. Florence Sowers, Mrs. Cora Dixon, Mrs. Minnie Norman, Mrs. Martha McNeill, Mrs. Ida Hempstead, and Misses Carrie Bentley, Kittle Burhans, Leora Ellis and Mrs. Nellie Bennett, who is a former matron of the Home.

Mrs. Martha McNeill, who is one of those honored today, is the mother-in-law of Rev. LeRoy I. Lord, a former superintendent of the Home.

Flowers Needed To Decorate Graves of Soldier-Dead

Graves of soldier-dead in Oak Grove cemetery will be bare this year of the traditional bouquets placed on them during the Memorial Day exercises unless people of the community are willing to cooperate with the women's patriotic organizations by donating flowers or by advising the women where they may obtain wild flowers.

The bouquets are customarily arranged at Chelsea High school the evening before Memorial Day and Mrs. Edward Walker, president of the Woman's Relief Corps, and Mrs. Harold Blair have volunteered to act as a pick-up committee for those who might have flowers to contribute and have no way to get them to the school.

Mrs. Walker and Mrs. Blair have offered to pick up the flowers Thursday night and all day Friday. Either of the ladies may be contacted if pick-up is desired.

The need for flowers for decoration of the soldiers' graves is really desperate, Mrs. Walker said. Early spring flowers are usually through the late-blooming varieties are not yet ready.

Some of the women who, in former years, gathered large quantities of wild flowers, such as the blue bonnets which are plentiful in this vicinity, cannot do the work this year because of illness. It is therefore, doubly important that people of the community come forward and help in this gesture of special honor to those who served in all wars and who are the object of the memorial service on Memorial Day.

The traditional reading at Memorial Day exercises of General Logan's orders regarding the decoration of the graves of soldier-dead would be out of place, to say the least, if there should be no flowers contributed for the purpose.

Mrs. Hutzel and Mrs. Anna Dvorak, her co-chairman in charge of the VFW Auxiliary Poppy Day project quote the VFW slogan, "The dead pay the bill, the living pay the bill."

The poppies not only honor the dead, according to poppy committees of the local Legion and VFW Auxiliaries, but their preparation provides work for disabled and needy veterans and the contributions received provide the funds for welfare work among veterans and their families.

Women Volunteer Workers Needed for Blood Clinic

Red Cross Blood Program chairman, together with chairman of Ypsilanti, Ann Arbor, Milan, Saline, Dearborn, Manchester and Dexter are urging women in their respective communities to volunteer their services for the Red Cross county blood bank project at the Kaiser-Frazer plant the second week in June.

Each of the communities is being asked to arrange for ten women to give a day's work while the county Red Cross mobile unit is at the plant for the blood donor clinic.

The ten workers include one hostess, four registrars, six nurses' aides and three registered nurses. The Chelsea group is to work on Wednesday, June 10.

Mrs. Holmes said yesterday that the blood program is such an important one that it would seem women of the community should feel it not only an obligation but a privilege to have a part in the work. She said it would help greatly in making plans for the clinic if women of Chelsea who can arrange to volunteer for the day's work would call her and tell her so.

Mrs. Holmes also suggested that women of the community who might not be able to work at the clinic volunteer as baby sitters for the day so qualified helpers could participate in the program without the expense of hiring someone to look after their children.

The clinic begins at 8:30 a.m. and closes at 3 p.m. Blood procured at the plant remains for K-F workers and the remainder is labeled "for defense." Mrs. Holmes said this includes the gamma globulin used to combat polio in the entire country.

Chelsea had its full quota of workers at last year's Kaiser-Frazer blood donor clinic and was commended by county Red Cross officials.

Poppy Day Announced for Saturday

American Legion VFW Auxiliaries Will Handle Sale

Poppy Day will be held in Chelsea Saturday, May 23, and representatives of Herbert J. McKune Unit No. 31, American Legion Auxiliary, and Veterans of Foreign Wars Auxiliary No. 4076, will be on the downtown streets with their respective types of poppies and the canisters into which passersby may drop their contributions.

They will be at their assigned places at 9 a.m. and relays of workers will report for duty throughout the day.

Mrs. Clara Hutzel is Poppy Day chairman for the VFW Auxiliary and Mrs. Grant Schooley and Mrs. Elmer Mayer are the Legion Auxiliary Poppy Day committees.

Mrs. Clotzel Frayer, president of the Legion Auxiliary said yesterday, "When the people of Chelsea pick up their poppies on Poppy Day, next Saturday, they will be paying personal tribute to those who have died for the United States in three wars." She joined Mrs. Schooley and Mrs. Mayer in urging everyone to wear a poppy Saturday.

"Originally the poppy, a wild flower which grew between the crosses, row on row in battle cemeteries in France and Belgium, was the memorial flower for the dead of World War I," Mrs. Frayer explained. "The poppy now also honors the dead of World War II as well as being a symbol of the heroic sacrifices of those who lost their lives on the battlefields of Korea," Mrs. Frayer stated.

Mrs. Hutzel and Mrs. Anna Dvorak, her co-chairman in charge of the VFW Auxiliary Poppy Day project quote the VFW slogan, "The dead pay the bill, the living pay the bill."

The poppies not only honor the dead, according to poppy committees of the local Legion and VFW Auxiliaries, but their preparation provides work for disabled and needy veterans and the contributions received provide the funds for welfare work among veterans and their families.

Honor Students Win Scholarships

OTTO RIEGGER

Otto Riegger, valedictorian of the class of 1953 at Chelsea High school, and Donna Hinderer, salutatorian of the class, have been awarded Regents-Alumni scholarships at the University of Michigan and were officially notified of the awards this week.

Their names also appear on the Regents-Alumni Honor Awards list which includes 736 graduating seniors in Michigan high schools. Regents-Alumni scholarships have been granted to 488 of the honor award winners, according to an announcement made yesterday by Erich A. Walter, dean of students and chairman of the Committee on University Scholarships.

This is the second year that the Regents-Alumni Honor Awards have been made. They are in the form of certificates, designed to recognize outstanding high school seniors throughout the state who have been accepted for admission to the University of Michigan.

Honor awards have no monetary value. Eligibility for an award is based upon the record made in high school; information provided by University alumni and other citizens of the community; recommendations of the high school principal and teachers; and results of the special aptitude test taken by the candidate.

Regents-Alumni Scholarships have been awarded since 1945. They carry a stipend equivalent to semester fees and are renewable for the student's undergraduate program at the University, provided that the record made by the holder warrants a continuation of the privilege.

Otto's activities in high school included sports, class plays, P.F.A. and Student Council. As valedictorian of his class he receives an annual award of The Readers Digest Association for students, who by their successful school work give promise of attaining leadership in the community. Announcement of the Regents Digest award was made yesterday by John Griffin, Chelsea High school principal. Otto's parents are Mr. and Mrs. Karl Riegger.

Donna's extra-curricular activities, taken into consideration for the scholarship award, have been in chorus, Student Council, G.A.A. and Journalism.

She will enter the University's School of Literature, Science and the Arts and will major in elementary education. She is daughter of Mr. and Mrs. Wilbur Hinderer.

Chamber of Commerce Vote Favors Parking Meters Here

After hearing reports of the committee which last month met to look into the parking meter situation in various nearby communities, the Chelsea Chamber of Commerce, at its meeting Tuesday, went on record as being in favor of installing parking meters in downtown Chelsea for a six-months' trial. A committee is to take the matter up with the Village Council.

Vote on the proposal was 16 yes; 8 no; and 6 neutral.

Ferd Merket, Reuben Lesser and Walter Harper, the committee appointed to study the reactions of people in nearby communities where parking meters are in use, stated that Milan, Brighton, Holly and Dundee were approximately 50-50 for and against parking meters at the time they were installed but after a trial, are almost 100 per cent in favor of them.

Each of the communities, the report stated, realize an average net income of \$6,000 per year from the meters. In most of the communities where parking meters are used, the income from them is earmarked for improvement projects for off-street parking.

Harry Coleman of Ypsilanti, representative of a parking meter concern, was guest speaker at the meeting which was held in the dining room of the Congregational church.

Waldo Kusterer, Howard Flintoff and John Glick were appointed to act on Chelsea-Bargain Day campaign and urge the members voted to sponsor the project during the year.

It was also voted that stores remain open until 9 p.m. the Friday nights preceding Memorial Day and July 4, both of which occur on Saturday this year.

Village Police Car Damaged Monday on Accident Call

Police Chief George Doe received injuries to his right shoulder and the right side of the police car he was driving was considerably damaged when the car was involved in a collision with a Chelsea Products truck at North Main and Buchanan streets Monday afternoon.

The accident occurred as Doe was answering a traffic accident call and started to pass the truck, driven by Robert Adams.

Adams was beginning a left turn into Buchanan street at the same time and the collision resulted.

The impact threw Adams to the right side of the truck seat. Chief Doe said he, himself, slammed on his brakes and managed to hold on to the steering wheel even though he was thrown to the right. Meanwhile, the truck, out of control, shoved the police car over the curb where it struck a parked car in the McDaniels car lot. The parked car was only slightly damaged on one of the doors.

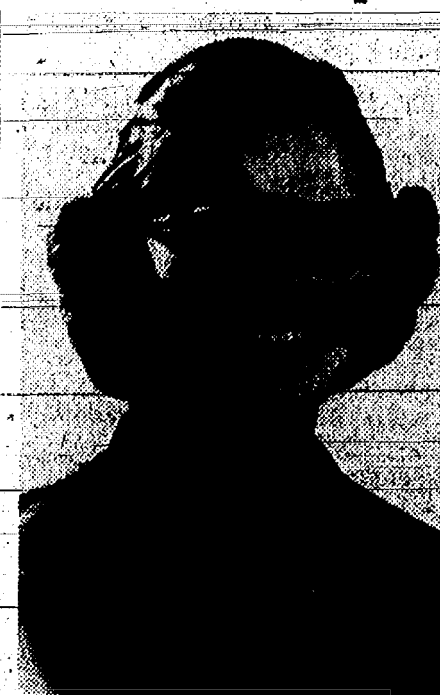

The Chelsea Products truck was damaged on the left side and Adams suffered head bruises.

The accident call to which Doe was responding at the time of the collision, was on M-62, 500 feet west of Roskepe road. As reported to sheriff's deputies, cars driven by Fred Rudolph of Toledo, and Squire Gibson of Stockbridge, collided when they were forced to stop because of a parked car in the road. Both were headed south. The parked car was hurriedly started up and drove through to the right. The license number was obtained, however, and ownership of the car is being traced.

T. Holmes Named to Executive Board of Library Friends

Central Fibre Boosts Cancer Funds with Employee Donation

DONNA HINDERER

The Board of Stewards of the Chelsea Methodist church decided at a meeting Monday evening to let the contract for remodeling the inside front of the church. The plan has been under consideration for more than a year. Funds to pay the cost of the project have been accumulating by means of contributions. It is believed the entire cost of the remodeling will be paid by the time the work is completed.

When completed, the entire front of the church will be changed. There will be a central altar and a new pulpit and lectern all in harmony with the existing architecture of the structure. The chancel rail will be divided at the center front giving direct access to the central altar.

Miss Mabel Fox, elected chairman of the Board of Stewards at Monday's meeting, said yesterday that work on the remodeling is to begin in from four to five months and will take two months to complete.

Some repair work throughout the church building is also scheduled to begin at the same time as the remodeling.

Fire Department Called as Truck Burns on US-12

At 9:20 p.m. Wednesday, the Chelsea Fire Department was called out when a truck tractor, enroute from Chicago to Pontiac, caught fire as it was traveling on US-12 just west of the Old US-12 intersection west of Chelsea.

The truck tractor had no trailer attached and thus was carrying no load.

The driver, C. L. Cunningham, of Pontiac, told firemen the cab floor was ablaze before he discovered the fire.

The entire cab, the gas tank and two tires were destroyed.

The vehicle was owned by the Auction Mart of Pontiac.

WINDSTORM INSURANCE

THE ONLY PROTECTION AGAINST WIND DAMAGE

AGAINST most of the common hazards of life we can at least exert some elementary precautions. But wind is a frightening foe. There is so little you can do to protect your property.

There are, in this country, an average of 140 destructive WINDSTORMS annually. No section of the country is immune. So you cannot be sure that YOUR buildings are on "the safe side." Even structures of wind-resistant construction, such as brick, concrete or steel, may suffer heavy damage when they are so unfortunate as to be in the path of a violent tornado.

BUT—and this is important to remember—you need not meet a tornado, or even a cyclone, to sustain sizeable damage. There are lots of little winds that can throw you for a big loss.

SO, the only really safe course—the course that will give you a feeling of serene satisfaction—is to have ADEQUATE WINDSTORM PROTECTION. THE COST? So little it is sure to prove a pleasant surprise. Especially is that true when you pause to reflect on the possible cost of not having WIND PROTECTION.

BE SAFE, and insure with us, the oldest and largest company of its kind in Michigan, and the second largest of its kind in the World.

Mrs. Stephen Slane Named to Red Cross Home Service Staff

Mrs. Stephen Slane has been appointed a representative of the Home Service department of the Washtenaw county chapter of the American Red Cross.

Her duties will be to assist anyone in the community who requires help of any kind from the Red Cross, such as locating servicemen in cases of emergency, or to inquire as to their well-being; giving information or directing persons to the place where they may obtain official information regarding G.I. insurance, G.I. benefits and eligibility for such benefits; Red Cross assistance in emergency transportation for crippled children or needy adults; and many other Red Cross services.

Mrs. Slane will be attending Red Cross Home Service meetings once each month when she will meet with representatives of all communities in the county.

At present, she said, there is a need for sewing groups who will volunteer to make the servicemen's kits which are given to each inductee when he leaves to enter military service. The materials are furnished by the Red Cross, she stated.

4 Years Ago...

Thursday, April 7, 1949—At a special meeting of the members of the Chelsea Fire department, Thomas Young was elected as Chief. Howard Brooks, former chief of the department, had served as a member for 50 years.

Two Chelsea families each welcomed a family of displaced Europeans for whom they will provide homes here and assist until they are able to support themselves. The Chelsea families who applied through church channels for these families to be sent here are the Pleisemeier family and Mr. and Mrs. Carroll Ordway.

Forty-seven new rooms will be added to the capacity of the Chelsea Methodist Home when the new wing now under construction is completed. This new wing will provide living quarters for approximately 145 more resident members of the Home.

14 Years Ago...

Thursday, April 8, 1939—Alvin Foote, who has been employed at Palmer Motor Sales for several years, has acquired the interest of R. F. Wank in the Mobil service station, South Main and Lincoln streets, and is now associated with Lewis Wahl in conducting the station.

Many Chelsea people lined the Michigan Central right of way on Monday night to view the Coronation Scot, new British luxury streamliner which went through here about 10:20. The train is making a tour of the East and Midwest previous to being exhibited at the New York World's Fair.

This year, for the first time, the Chelsea grade school entered the Detroit News spelling bee. The spellers were all taken from the fifth, sixth, seventh and eighth grades. The winner from Chelsea was Mary Ruth Chriswell from the seventh grade. The runner-up was Jean Schrader of the eighth grade.

24 Years Ago...

Thursday, April 4, 1929—In a special message to the legislature, Gov. Fred W. Green recommended that the Chelsea Cement Plant be disposed of by the state "providing the state can get its money out and the sale will not endanger cement price levels."

Carl A. Faltie, noted painter and art lecturer of New York and San Diego, Calif., has been spending two months at the Sylvan Estates Country Club, painting a series of snow scenes and early spring landscapes in Sylvan and Lyndon townships.

Ed Weiss is proudly displaying a novel automobile safety device which he purchased while in Germany, bringing it home when he returned here last week. The contrivance is in the form of two signal arms, one being placed on each side of the car, attached to the front corner posts of the body. The arms are electrically controlled and operated with a switch on the dash, and as the arm goes out it is automatically lighted, giving a warning signal to the driver in the rear as to which way one might wish to turn. Mr. Weiss states that the use of a safety device of this nature is mandatory in Germany.

34 Years Ago...

Thursday, April 3, 1919—The open season for careless automobile drivers is now on and the Main street crossing of the D. J. & C. Ry. has started taking its toll of those fellows. A truck was driven on the track in front of an eastbound car Sunday, despite the fact that a bell was ringing and a wigwag wagging. There was a job for the garage man and the occupants of the machine were somewhat bruised.

Adam Eppler has made arrangements to have a refrigerating machine installed in his meat market.

Want to make a quick getaway?

The nearest we can come to word-picturing for you how it feels to drive a 1953 Buick with Twin-Turbine Dynaflo* is this:

When you toe the gas treadle, you can get away like silken lightning in a silent hurry.

More specifically, you can sweep your speedometer needle from zero to a legal 30 mph in the time you normally take two breaths.

Equally important, you get this dazzling getaway with whisper quiet — and with one smooth, progressive build-up of velvety power.

The literal truth is — no other car in all the world can get away with the combined quickness, quiet and

utter smoothness of a 1953 Buick with TT Dynaflo.

It takes more than the advanced new engineering of this fully automatic transmission to produce such thrilling performance, of course.

It takes power, too.

And that's here in full measure — the highest horsepower and compression ratios, Series for Series, in Buick's fifty great years — with the world's most advanced V8 engine powering the SUPER and ROADMASTER.

There's a lot more you get in any 1953 Buick in generous and hard-to-match measure — room, comfort, ride

steadiness, visibility — and, above all, value.

But these are things you must discover for yourself — as you must the greatest Buick performance in history.

Why not drop in on us real soon? We'll be happy to put you at the wheel of a new Buick and let our points prove themselves.
