Citizenship Awards Given 12 Students

Certificates Given for First Time by Kiwanis Club

Citizenship awards were made at Monday night's Kiwanis club meeting to 12 students of Chelsea Junior and Senior High schools chosen to receive the honor.

The awards were presented, on behalf of the club, by Paul F. Niehaus who first gave a description of the citizenship requirements taken into consideration in making the awards.

Basel Shell, chairman of the Kiwanis club's boys and girls committee, commended the Student Council of Chelsea High school and its president, Otto Riegger, for their cooperation in selecting the citizenship award winners.

Those who received awards are: Nancy Mayer and Frederick Wank of the seventh grade; Lynda Mayer and George Staffan, eighth grade; Sharon Dancer and Nancy Atkinson, ninth grade; Bruce Hoffman and Philip Barais, tenth grade; Duane Satterthwaite and Doris Welsberg, eleventh grade; and John Kummel and Norma Jean Dull, twelfth grade.

All but the latter two had received their certificates denoting their awards at a school honors assembly.

The meeting Monday was held in the social center of the Methodist church.

It has been decided to send one Chelsea boy to camp for three weeks this summer instead of sending two boys for one week each, as originally planned. It was the opinion of members that less home-aid would be derived from the shorter camp periods, neither boy receiving sufficient benefit from so short a period.

Dr. P. E. Sharrard announced that co-chairmen of the Kiwanis rummage sale project will meet at his home for a general chairman's meeting tonight.

It was also announced that a community-wide pick-up of rummage sale items will follow the June 15 club meeting.

Roaring Fire Burns Apartment in Business Section

Fire of undetermined origin, discovered by neighbors at 11:45 a.m. yesterday, burned out the inside of an apartment at 111 1/2 South Main street.

The three-room apartment on the second floor, which is in the center of the building over Kusterer's Food Market, was rented by Mrs. Grace Lake. Owner of the building is Dr. M. L. Sibbald.

Mrs. Lake was not at home when the fire was discovered.

Smoke, billowing from the skylight in the apartment, was visible from a distance and a large crowd of spectators quickly congregated in the downtown area.

Estimates of the amount of damage were not immediately available.

Pupils To Report Friday Morning for Last Time of Year

School buses will pick up pupils at the regular time tomorrow morning but will make the return trips at 9:30 a.m. after pupils have received their promotion cards. School closes tomorrow for the summer vacation.

Bus runs followed the usual schedule the first of the week but no runs were made today. High school picnics are being held today and elementary school picnics were scheduled for yesterday.

Fire Destroys Lutz Farm Home Located on Scio Church Road

An estimated \$20,000 damage resulted when fire of undetermined origin almost completely destroyed the Walter Lutz farm home, 8820 Scio Church road, Tuesday afternoon.

The Dexter Fire department, alerted by the scene, sent a request for assistance to the Chelsea Fire department, which responded at 12:50 p.m. with both the pumper and tanker. Firemen returned to Chelsea at 4 p.m.

Volunteers with trucks and milk cans, kept the fire fighters supplied with plenty of water during the four-hour battle waged to bring the blaze under control.

The fire had reportedly gained considerable headway on the upper floor before it was discovered.

Some furniture was saved by volunteers who carried it out of the burning house, but most of the furnishings, as well as the building itself, are a total loss.

Owner of the property is Mrs. Harmina Lutz, mother of Walter Lutz.

The farm is located in the southeast corner of Lima township.

Rev. Toy Gives Highlights of Ocean Voyage to England

Wednesday, May 18, 1953

Dear Folks: In fulfillment of my promise, I am starting this brief diary of the trials, tribulations and joys of a modern traveler.

We were transported from Lansing to Jackson on Tuesday to catch the 3:10 p.m. train for New York. A few last-minute items crowded us for time and when on the train we discovered that the equipment for taking pictures was left in our son's car.

Here we are with lots of film but no camera. Airmail is being sent requesting that the camera follow us airmail parcel post. I have therefore had to forego the opportunity to take a picture of the skyline of New York and the Statue of Liberty as we left both behind us.

At present we are heading eastward at a rapid clip for ocean travel. The luggage is unpacked and everything properly placed in our very comfortable stateroom. We are indeed fortunate to be in a Deck, which, of course, is the best and we have an outside port-hole view. They have furnished us a delightful luncheon which I hope I can retain. Movies and dancing are on the program for this evening.

We are beginning already to get acquainted with fellow passengers from all over our good United States and Canada. We are so happy and grateful to be permitted to start on such a wonderful trip, but we were indeed reluctant to leave our many Chelsea friends and neighbors for a long time so soon after being graciously received into the community.

Must say cheerio, until tomorrow when, if seasickness hasn't overtaken me and laid me low, I will add something about our first full day aboard the RMS "Queen Mary."

Thursday, May 14, 11 a.m.

A lovely morning after a refreshing night's sleep. Played "Bingo" last night but no luck. Several passengers absent from breakfast this morning because of seasickness, but the ship is very steady.

Kiwanis and Lions aboard are holding a joint meeting this noon. Many Rotarians here bound for their "International" at Paris.

The ship's daily paper, "Ocean News," was placed in our cabin early this morning and provided a list of passengers to each of us. There is only one other clergyman aboard. There are 1,600 passengers and 1,100 crew members—a little floating city.

Mrs. Toy and I are fast getting acquainted with people from every state in the union, everyone cordial and happy. We are making wonderful time, should arrive at Southampton Sunday evening rather than Monday as scheduled.

Thursday, 6 p.m.

Just enjoyed the movie, "Turn the Keys Softly." I was short but

ELDEN MOORE

Elden Moore, son of Mr. and Mrs. H. T. Moore, who has majored in recreation for his bachelor of science degree, will be graduated from Michigan State College Sunday, June 7. The exercises for spring term graduates will be held in Mackinac Field, on the East Lansing campus, beginning at 5 p.m. Elden expects to enter military service.

Brief Ceremonies Mark Memorial Day Observance

The Memorial Day observance was carried out here, according to schedule, the parade assembling at the Municipal building at 9:30 a.m. It was the hottest day of the year, to date, and one of the hottest Memorial days in a number of years. The temperature was listed unofficially as 90 to 91 degrees.

Chelsea High school band members wore their new uniforms of blue and gold as they preceded the marchers. Among these were members of the veterans' organizations and a number of children.

The cemetery, Rev. David Bryce opened the exercises with

Stores Will Stay Open Until 9 Friday Eve

Until further notice Chelsea stores will remain open Friday evenings until 9 p.m. for the convenience of patrons.

It was decided by the Chelsea Chamber of Commerce to follow the trend over the county to allow shoppers the convenience of after-supper shopping hours on Friday, thus making possible longer week-ends.

Spokesmen for the Chamber of Commerce say they are trying to arrange hours for the shoppers' convenience as well as that of store employees and their families.

The invocation—and Mrs. Lyle Christwell, of the Women's League Corps, read the names of the soldier-dead buried here. Boy Scouts decorated the soldiers' graves with bouquets that had been arranged Friday night by repressed natives of women's patriotic organizations.

Committees had feared they would run short of flowers for this annual decoration of graves, but their appeal for contributions of flowers in last week's Standard brought many telephone calls, offering sufficient flowers so that a nice bouquet was possible for each grave.

Floyd Rowe gave the traditional reading of Logan's Orders, and Rev. E. Lee LaFarge pronounced the benediction. This was followed by the sounding of taps by Byron Pearson, with Karl Ikemenschel, American Legion members and their families held a pot-luck dinner at the Legion Home at Cavanaugh Lake, following the exercises.

Approximately 75 were present for the dinner and an afternoon at the lake.

Mr. and Mrs. Clifford Davis of Marion, Ind., spent Memorial Day week-end visiting their daughters and families. Mr. and Mrs. Byford Spear and Mr. and Mrs. Carner Slocum, Jr.

Sunday, 10 a.m.

Had a good night's rest. The weather is perfect and we will attend religious services 11 a.m. in the lounge of the first-class quarters. It will be the regular Church of England service with the Captain reading the prayers and lessons and a guest passenger minister and preacher. They always try to have a Church of England minister aboard ship.

I would like to describe this floating city, but am afraid to attempt it. Suffice to say she is 800 feet long and stands 80 ft under and 88 feet above the water line. It uses as much electricity per day as an ordinary town of 40,000 inhabitants, the fittings are wonderful.

Have just returned from attending divine worship, there were 500 present, one wonders as he looks around how many countries and states of the United States are represented. We addressed our prayers to the same God who is no respecter of race or nationality but the great and good father of all peoples.

I have thought much today of my own church and people.

We have already set our time ahead four and one-half hours so they will be worshipping about 2:30 p.m. Ship time is now 12:30.

Everyone in our church seemed to be so pleased that we could take this voyage and the people in (Continued on page ten)

Rev. Wood said it is not yet known when the church group will be in a position to begin building the new church.

The newly-acquired location for a new church was purchased from William L. Wilkerson and adjoins his property at 339 Wilkinson street.

Mr. and Mrs. Glenn Britten and daughter, Kay, of Jackson, spent the weekend with Mr. and Mrs. Wilbert Breitenwischer.

But it is being whispered in Capitol corridors that a detailed audit and strict application of the law might implicate as many as 200 school districts. Legislators hope their fears are without foundation and that the whole matter can be corrected with a minimum of embarrassment and publicity.

Tourists along highway route US-12 may notice new signs denoting "Red Arrow Memorial Highway." These signs are placed at nine points along the road's course from Detroit to the Indiana state line near New Buffalo. They indicate that the highway is dedicated to the dead of Michigan's famous 32nd army division, also known as the Red Arrow division.

This army unit consisted mainly of Michigan men and earned glory in both World Wars. The dedication was ordered by Road Commissioner Charles M. Ziegler following the request of the Red Arrow Memorial committee.

Another highway will soon be posted with memorial signs. It is US-112, which also runs from Detroit to the Indiana line near New Buffalo (but south of US-12). This road was named in honor of General Casimir Pulaski, a Polish hero of the American Revolution.

What will happen when atom bombs fall here? And if they fall? How much can we help ourselves by spending time and money now to reduce disaster later, should disaster strike?

Particularly the "if" but also the "when" of modern bomb attacks make the whole problem of Civil Defense difficult. Individual people tend to put off decisions about CD until "some other time," realizing that organized action, to be effective, must be planned long before an attack takes place. Legislators seem to react in a similar way. For the most part, they can't work up much enthusiasm for Civil Defense problems.

It is not too hard to understand their attitude. Basic feeling is that the state should not be expected to get excited about spending for Civil Defense until the federal government shows signs of backing a national program with big money and a real organization. They do not trust that Uncle Sam has shown that interest. Washington has the facts and figures.

Recent Red peace overtures will not increase chances for Civil Defense appropriations either, for the legislature, like an individual, breathes more easily when the pressure is off.

But continuation of talk at a federal level of big spending and clean cut action can be expected to have its effect on the legislature. When President Eisenhower talks about a multi-billion dollar program and Civil Defense Administrator Vol Patterson talks about drafting civilians into grossly understaffed CD ranks, state lawmakers will take much more interest.

Investigation into problems of padding of school reports so local districts can get more money from the state is being approached very gingerly, indeed, by Capitol people. It all started with the discovery that Sandusky has probably received \$145,000 more than was due it during the last two years. Examination of school figures in Lansing caused Gov. Williams to request that 20 counties be investigated.

But it is being whispered in Capitol corridors that a detailed audit and strict application of the law might implicate as many as 200 school districts. Legislators hope their fears are without foundation and that the whole matter can be corrected with a minimum of embarrassment and publicity.

Tourists along highway route US-12 may notice new signs denoting "Red Arrow Memorial Highway." These signs are placed at nine points along the road's course from Detroit to the Indiana state line near New Buffalo. They indicate that the highway is dedicated to the dead of Michigan's famous 32nd army division, also known as the Red Arrow division.

This army unit consisted mainly of Michigan men and earned glory in both World Wars. The dedication was ordered by Road Commissioner Charles M. Ziegler following the request of the Red Arrow Memorial committee.

Another highway will soon be posted with memorial signs. It is US-112, which also runs from Detroit to the Indiana line near New Buffalo (but south of US-12). This road was named in honor of General Casimir Pulaski, a Polish hero of the American Revolution.

What will happen when atom bombs fall here? And if they fall? How much can we help ourselves by spending time and money now to reduce disaster later, should disaster strike?

Particularly the "if" but also the "when" of modern bomb attacks make the whole problem of Civil Defense difficult. Individual people tend to put off decisions about CD until "some other time," realizing that organized action, to be effective, must be planned long before an attack takes place. Legislators seem to react in a similar way. For the most part, they can't work up much enthusiasm for Civil Defense problems.

It is not too hard to understand their attitude. Basic feeling is that the state should not be expected to get excited about spending for Civil Defense until the federal government shows signs of backing a national program with big money and a real organization. They do not trust that Uncle Sam has shown that interest. Washington has the facts and figures.

Police Agencies
Emphasize Speed
as Accident Factor

With the arrival of the summer months, speed, the No. 1 public enemy on the highways, is increasing and harvest and wise motorists anxious to save their lives will keep this in mind by driving with utmost safety, according to Sgt. John Horvath, commanding officer of the Jackson post of the Michigan State Police.

"Figures just revealed show that 48 per cent of the traffic violations reported in fatal accidents were for driving too fast, the highest percentage in the history of the state," Sgt. Horvath said. "Driving too fast doesn't just mean getting everything out of the car that you can, but going too fast for conditions such as traffic, weather and visibility."

Police agencies throughout the state are now cooperating in a campaign to urge drivers to control speed, Sgt. Horvath reported.

"The law does not set a specific maximum speed limit, but it does require that cars be driven at a speed that is safe according to conditions. Sometimes this is higher and sometimes lower. A driver who is anxious to save his life will not only drive cautiously, but watch out for the other fellow who isn't. And this is the season of the year for more accidents."

Washtenaw Museum
of Local History
Opens in Ann Arbor

A permanent exhibition of local historical documents and articles of historical interest was opened to the public by Washtenaw Historical Society at Bach School, Ann Arbor, on March 27 at 8 p.m. with a brief program in the auditorium and refreshments near the exhibition room on the second floor.

Recently the Board of Education in Ann Arbor made available two unused, over-sized rooms on the second floor of Bach School (corner of West Jefferson and Sixth Streets, Ann Arbor) to permit the Society to set up what will be the first local history museum in Washtenaw County.

One of these rooms will be used for displaying furniture—much of it beautiful mahogany, walnut and cherry brought from the east by early pioneer families—pictures, mantelpieces, clocks, china, etc., on a permanent basis, as well as a changing exhibit of smaller articles such as fans, jewelry, silver, costumes, etc., all arranged to describe some former custom or development in Washtenaw history.

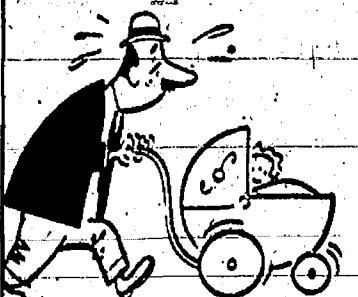

The other room will be used for storage which is greatly needed to maintain the extensive lot of historic and antique articles which have been given to the Society during its 75 years of existence.

There will now be room to receive other items, Howell Taylor, custodian of collections, states, and it is hoped that Washtenaw residents will keep this in mind when treasures are settled or attics cleaned.

Home Fires

Every day there are 840 home fires in the United States. There are also 34 deaths by fire every day, 79 store fires, 88 factory fires, 9 church fires, 8 school fires and 4 hospital fires. More fires occur in dwellings than in nearly all other types of buildings combined.

Easter Seal Drive
Total Exceeds \$8,000
in Washtenaw

Results of the 1953 Easter Seal campaign in Washtenaw County were announced this week by Herbert O. Benz, of Ann Arbor, treasurer of the county chapter of the Michigan Society for Crippled Children and Adults, which sponsors the drive. Total contributions exceeded \$8,000, Benz said, the highest figure ever reached in the history of the Easter Seal campaign, in this county.

The actual total was \$8,016.14, with Ann Arbor contributing \$5,088.67 and Ypsilanti, \$1,461.25. Chelsea and Dexter, the two other cities which conducted mailing campaigns, contributed \$513.98 and \$264.09, respectively.

Community fund donations were made by Manchester, \$176; Milan, \$150; and Saline, \$100. Washtenaw county schools gave a total of \$114.35, and \$121.63 was collected through the use of canisters.

Dr. Francis E. Lord, president of the county chapter of the Michigan Society for Crippled Children and Adults, expressed his appreciation for the generous response of the community, "which will enable the Society to extend its services to more individuals." Dr. Lord also said that one of the first big projects to be undertaken will be the sending of crippled children to summer camp at Wolf Lake. This camp is especially set up for handicapped children and benefits them a great deal, Dr. Lord said.

CARD OF THANKS

I wish in this way to thank all my relatives, friends, neighbors, Pythian Sisters and Past Chiefs club for the many cards, letters, boxes of candy, magazines, flowers, plants, and the many other gifts while I was in the hospital and since my return home. I appreciated everything.

Inez M. Bagge.

CARD OF THANKS

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

THE NEW
KELVINATOR

AUTOMATIC WASHER!
Gets Dirty Clothes
REALLY CLEAN
Yet is safe for your
Finest Underthings!

Here is a completely automatic washer that gets the dirtiest of work clothes and children's play clothes really clean. Yet the washing is so gentle that you can safely trust your finest underthings to its care.

This new Kelvinator has a special . . . and different . . . washing action—"Shampoo Washing" . . . "Shampooing" action that really loosens dirt in the grimeiest of clothes. Overflows rinsing. Drip-free spin-drying. See it demonstrated!

Shampoo Washing...

This special Kelvinator washing action leaves white clothes really white, because they are shampooed in a concentrated washing solution . . . washing away the most stubborn dirt and grime.

K-Centric Agitation...

K-Centric action of Kelvinator's rubber-floored agitator imitates the hand washing of clothes . . . gently flexing them to loosen ground-in dirt and rinse it away.

Overflow Rinsing...

By adding water so the tub overflows, soap suds and dirt are floated over the top of the tub . . . away from the clothes . . . not through them.

Grass Day Event
Next Wednesday
in Monroe County

Washtenaw county and area
farmers are having a chance to
ride the grassland farming profits
wagon next week at the Grass Day
in Monroe county.

Reports from Monroe county in-
dicate that everything is in fine
condition for their Grass Day on
Wednesday, June 10. The demon-
stration plot planted in the spring
of 1952 is very successful and will
be one of the features of the Grass
Day activities.

Different kinds of alfalfa with
varying amounts of fertilizer and
different methods of seeding all
show up to make this one of the
best test plots at any Grass Day
according to Michigan State Col-
lege officials.

Farmers will be interested in the
plots of birdsfoot trefoil. In addi-
tion to this interesting plot, farm-
ers on the morning tour will be
able to get first-hand information
on insect control on legumes, weed
and brush control, a discussion on
grass silage for dairy cattle and the
place for legumes in the beef
cattle business.

Early reports indicate that al-
ready more than 100 pieces of
grassland machinery will be on ex-
hibit. This includes more than a
dozen forage harvesters, an equal
number of field balers, along with
best crushers, bale loaders, forage
wagons, and many different kinds
of mowers and rakes. In the after-
noon visitors will have an oppor-
tunity of seeing the latest model
machines in operation on an ex-
cellent field of alfalfa.

A lunch will be served on the
grounds at noon.
Marshall Knapp, host farmer,
who lives one mile north and one
mile east of Ida on Dunbar road,
states that his neighbors who head
up the various committees, all re-
port that they will be ready for
the last state-promoted Grass Day
to be held in this area of Michigan.

Farmers from Michigan
and Ohio will start to arrive about
9:30 a.m. and the program will
continue until mid-afternoon.

Sunday afternoon and supper
guests of Mrs. P. M. Broesamie
were Mrs. F. D. Mumby and daugh-
ter, Vyda, of Marshall.

Mr. and Mrs. Robert Eaton and
family, of Lansing, spent the week-
end here with the former's par-
ents, Mr. and Mrs. E. W. Eaton.

LeRoy Mackey, of Lake Geneva,
Wis., spent Wednesday afternoon
at the home of Edwin Butler.
Thursday afternoon visitors were
Mrs. Alvin Jedele and children, of
near Saline.

CHEERLEADING

For the whole season these girls have credit: Karen Chase, Doris Maist, Nancy Van Riper, Helen Eiseman, Jean Young, Anne Koselka and Audrey Haab.

Karen, the captain, arranged with Mrs. Frank, the advisor, to attend a cheerleading clinic in Ann Arbor. The girls also saw the football game between Michigan and Cornell.

The cheerleaders have put on pep meetings for most of the football and basketball games. They put on a drive to get at least two bus loads of students to the Milan game and succeeded in doing so.

This year, there has been more support and the boys did quite well in all sports, but if there is even more support next year the team will do much better.

BAND PRESENTS CONCERT

Last Wednesday evening at 7:15, the band presented a 45-minute program of eight selections in front of the Municipal building.

The opening number was a march, "The Stars and Stripes Forever." This was followed by "Russian Chorus" and "Overture to The Barber of Seville."

The band will appear this summer in a regularly scheduled series of concerts. The time for these will be announced later.

MRS. YOST HONORED

AT GOING-AWAY PARTY

The fifth-hour Homemaker, Mrs. Yost, was at a going-away party on May 26. Refreshments of ice cream and cup cakes were served. The class presented Mrs. Yost with a set of sheets and pillow cases for her new apartment.

Mrs. Yost has been a teacher at Chelsea High for two years and is now moving to Ann Arbor to teach at University High. Mrs. Yost previously taught at Ionia.

Organizations...

JOURNALISM CLUB

The Journalism club had 46 members this year. Club officers were Linda White, president; Jeanette Bertke, vice-president; Laddona Altstaetter, secretary; and Shirley Weir, treasurer. Co-editors were Donna Fowler and Nancy LaPrell. The club advisor is Miss Fox.

Besides preparing the Hi-Light every week, the club also put out 11 issues of The Bulldog Barks. Although it started out to be a four-page paper, there were six six-page issues and two eight-page issues.

Several students attended Journalism Day at Michigan State College in the fall. Other representatives went to the University of Michigan Journalism Day in May. Club activities included two pot-luck suppers at Miss Fox's home.

There was a picnic at Clear Lake. There was also a Journalism-sponsored dance.

Newly elected co-presidents for next year are Martha McMannis, Jean Young and Kathleen Widmayer. They will take a short course at Michigan State College this summer.

CHORUS

The Senior High chorus was divided into two sections meeting the fifth and sixth hours every day throughout the year. The sections were combined for a rehearsal before every concert.

Public appearances of the chorus were the Christmas program at the school, a Christmas program at the Methodist Home, Parents' Night, Good Friday community church service, spring concert, Bac-

calureate, Class Night and Commencement.

The chorus numbered 80 voices, and since it met two separate hours they elected two sets of officers. Eileen Harker and Nancy LaPrell served as presidents of the group. Richard Barols, as treasurer, was the other officer representing the senior class. Audrey Welch and Barbara Oesterle served as librarians, while Connie Steinbach was the accompanist.

Assemblies...

The University of Michigan Air Force ROTC band presented an assembly at 1:45 on May 20 in the gymnasium for the student body.

The band opened the program with a salute to the four branches of military service, playing the "The Air Corps Song," the Navy's "The Anchors Aweigh," the Marine Hymn, and the Army's "Field Artillery March."

Later on in the program a trombone quartet played two selections, a chorale and minrel show. A pleasant surprise occurred when Cadet Sergeant John Dudd asked the former conductor, Gene Shroyer, to lead the band in a number called "The Thunder March."

It was interesting to note that Mr. Shroyer was the first conductor and one of the organizers of the band at the University of Michigan. This is the second year the band has been in existence.

The band closed the assembly with the two all-time favorites, John Philip Sousa's "Semper Paratus" and "The Stars and Stripes Forever."

Proceeds from the assembly went to the fund for new high school band uniforms.

GIVE YOUR HAY this thatched roof protection

Here's the "roof" cut loose and lifted from an Allis-Chalmers rolled bale. Like the curving sheets of a Quonset hut, these curved outer layers of hay protect the layers beneath from rain and snow.

That's why rolled bales give you new insurance against rain-damaged hay, and why some western cattlemen leave the bales right out on the range for winter feeding.

Whether your hay needs this winter-long protection on the range or only temporary safety from summer showers, you will profit from using rolled bales.

Mr. and Mrs. Robert Winans and daughters, Sandra and Bonnie, of Dundee, were week-end visitors at the home of Mr. and Mrs. Elmer Winans.

Serious Accidents Averted Here Over Holiday Week-End

Police Chief George Doe said yesterday that the Memorial Day week-end was very quiet here with very few accidents and none of them serious. Chief Doe said reports given him by Washtenaw county sheriff's officers reflected the same quiet conditions throughout the county for the holiday week-end.

Wednesday, May 27, at 7:50 p.m., while the Chelsea High school band was giving a concert in front of the Municipal building, with East Middle street closed to through traffic, a car operated by Frederick Roberts, 18580 Bush road, was driven backwards for almost a block and then collided with a parked car owned by Ida Crawford of Grass Lake. The collision occurred near the East street intersection. Robert's car was driven recklessly and assessed fine and costs of \$28.00 when he appeared in justice court Thursday morning.

At 11 a.m. Friday, cars driven by Floyd J. Allshouse, Chelsea rural mail carrier, and Charles Dickinson of Lincoln Park, were involved in a collision at US-12 and Freer road.

As reported by sheriff's deputies, Allshouse was crossing the highway, headed south, and the Dickinson car was traveling east on US-12. Allshouse received shoulder injuries as the result of the crash. Dickinson also sustained shoulder injuries and Mrs. F. J. Keter, of Battle Creek, riding in the Dickinson car, reportedly suffered forehead, right leg and chest injuries. Dickinson and Mrs. Keter were taken to St. Joseph's Mercy hospital and Allshouse was treated by a local physician.

On Memorial Day, at 5 p.m., a car driven by John F. Vintimiglia, 8426 Habington avenue, Detroit, rolled over into the ditch after he lost control of it on M-92 near North Territorial road. None of the four people in the car was injured.

Cars driven by Colin MacLeod, of Buffalo, N. Y., and George Kearbey of Detroit, collided on M-12 just west of M-92 at 2:10 p.m. Monday, June 1, when MacLeod reportedly started to cross the highway after pulling out of the Brooks' store driveway.

The front end of the Kearbey car, east-bound on US-12, hit the left side of the MacLeod car.

Valerie Ann Kearbey, three and one-half year old daughter of George Kearbey, was treated in a local physician's office for head bruises.
