Judging Team
Is in England****Two County Youths
Members of National
Championship Team**

Two Washtenaw County 4-H Dairy Club members, Robert Meyer, son of Mr. and Mrs. Fred Meyer, of Ypsilanti, and Donald Proctor, son of Mr. and Mrs. Kenneth Proctor, of Chelsea, left Monday, June 29, to take part in the Royal Livestock Show in London, according to Frank Gendron, 4-H Club agent.

Robert and Donald are among the four 4-H Dairy club members in Michigan who received National honors last October by winning the National Dairy Judging Contest at Waterloo, Ia., and are the National Dairy Judging Champions in the United States. They will now compete in the Royal Livestock Judging Contest in London, England.

The team will remain overseas for approximately one month and will visit the following countries and cities:

London, Blackpool, Preston, Oxford, Warwick, and Stratford-upon-Avon, England; Edinburgh, Scotland; Jersey, Isle of Guernsey, Isle of Man, Paris, France; Mayence, Germany; Cologne, Germany; Amsterdam, Holland; Antwerp, and Brussels, Belgium.

Many other sights will be visited on sightseeing tours. One of the outings—a steamer ride down the River from Mayence to Cologne.

The team will fly over from New York and return by Belgium Airlines.

Washtenaw County was asked to raise \$600.00 toward the total cost of the trip. A total of \$635.52 was received from organizations in Washtenaw county and those organizations who donated to the fund were:

Chelsea Artificial Breeders Association, Lincoln Artificial Breeders Association, Manichester Artificial Breeders Association, Jersey Farm Bureau, Willis local of Michigan Milk Producers Association, Salem Local of Michigan Milk Producers Association, Washtenaw County Dairy Herd Improvement Association, Washtenaw County Farm Bureau, Wayne-

Washtenaw Farm Implement Dealers, Ypsilanti Kiwanis Club, Stony Creek Grange, Washtenaw County Jersey Cattle Club, Chelsea 4-H Tractor Club, Cavanaugh Lake Grange, Pittsfield Grange, North Sharon Extension Club, Ypsilanti Farm Bureau, Ypsilanti Board of Commerce, Scio Grange, Webster Grange No. 1111, Chelsea Chamber of Commerce, Chelsea Kiwanis Club, Ann Arbor Kiwanis Club, Lapham Corners Extension Club, Chelsea 4-H Club, Sylvan Livestock 4-H Club.

The two boys are the first two members from a single county to be on a state judging team during the same year in Michigan, and it is believed that this also is true for the U. S.

Over the years Washtenaw County tops this list of members on State 4-H Dairy judging teams with a total of 11, the next highest is two counties tied with seven each.

Mr. and Mrs. Carl Fletcher, of Asheville, N. C., spent from Monday until Tuesday here as guests of Mr. and Mrs. Elba Gage. They had also spent some time at the home of Mr. and Mrs. Donald Barden, at South Haven.

Outstanding results like these over the years have resulted in the top reputation now enjoyed by Michigan's department.

General purpose of the Department of Health is to encourage and develop health through local agencies at county or city levels. About 600 people make up the state staff. Their efforts are coordinated with 47 county and 11 city departments operating on a full time basis. Only 13 counties do not have health departments.

Federal aid has been available this year when a national economy program called for drastic reductions. State and local governments providing \$180,000 each and minor reductions in service are planned to make up for the \$327,000 that will not be forthcoming from Washington this year.

Dr. Albert E. Heustis, a young, personable looking man, has been named commissioner since 1948. His job calls for skilled administration. He must work with state officials, with members of organized medicine, with his department personnel and with local departments.

Much credit for the efficiency of the department is given by him and others to the absence of politics in its administration. Since its inception, the agency has usually had a free hand, unhampered by political expediency. This has permitted employment of career type people of high professional standards.

Appointed by the governor, confirmed by the legislature, the commissioner works with an advisory board, the State Council of Health. Members of this body are also appointed by the governor. Although the commissioner need consult the council only if he considers it necessary to public safety to cancel public meetings, to take over a lo-

**Body Discovered
in Ditch on US-12
Near Fletcher Road**

The body of a man, believed to have been dead for more than 24 hours, was found in the ditch beside US-12, 800 feet west of Fletcher road, Tuesday. Police Chief George Doe, receiving the report at 2 p.m. Jim Schulze, 14-year-old son of Mr. and Mrs. Lester Schulze, 11745 US-12, had discovered the body.

Chief Doe, investigating the report, noticed tire tracks at the point where the body was lying and the possibility that the body was thrown from a car was being investigated.

In a pocket of the dead man's clothing was a wallet containing one dollar and a social security card bearing the name, Martin J. Dado.

Coroner Edwin C. Ganzhorn, Prosecutor Edmond DeVine and Harold Swoverland, chief of the identification bureau of the Sheriff's department, were called to the scene and the body was removed to Ann Arbor for a post mortem examination to determine the cause of death.

Doe was advised Wednesday afternoon that the examination revealed that the victim's pelvis and both of his legs were broken and that he had bled internally. It is believed he was about 60 years old.

**Accident Calls
Keep Local
Police Busy**

A series of minor automobile accidents occurred in this vicinity over the weekend, the first occurring Friday forenoon on Hank-

ard road when Delores Joseph lost control of the car she was driving and hit a tree at the side of the road. The car was damaged and the driver and a passenger, Gladys Alsop, of Patterson Lake, suffered bruises. Miss Joseph complained of left side and leg injuries and Miss Alsop suffered bruises of the head and both legs.

Saturday, Mrs. Harold Case, of Cedar Lake camp, driving a stake truck, slipped for the signal light at West Middle and Main street. The truck rolled backwards and hit a car behind it, damaging the front headlight. The car was driven by Willoughby G. Cook, 163 Orchard street.

Sunday, police received a report that a car had gone through the fence, across a wheat field and into an onion marsh on the farm operated by Robert Burgett at Waldo and Manchester roads. Three men had been observed in the car but when officers arrived the men were gone. Later, Everett Mullen and Buck Brown, of Peckins road, told police they had been riding in the car but did not identify the driver only as a soldier from Indiana. They said they did not know his name.

The car is being held here.

At 9 p.m. Sunday, cars driven by Terry M. Francis, of Chicago, Ind., and Barbara G. Dea, of Frankfort, Ind., side-swiped each other in the center of US-12 at Lima Center road. Mrs. Leon Smith, of Shelburn, Ind., riding in the Francis car, reportedly suffered back injuries.

Monday, cars driven by Genevieve Wheeler, of Congdon street, and Arthur F. Widmayer, of Dearborn, collided on Main street, near Schiller's Market, as Miss Wheeler started to drive away from the curb. Both cars were slightly damaged.

Wednesday, at 7:20 a.m., Mrs. Helen Yukich and her sister, Mrs. Gladys Bumpus, of near Stock bridge, were riding on the new bridge, when their car went out of control at North Territorial road and M-92 and struck a tree. Mrs. Yukich was driving, according to reports of the accident. The front fender of the car, owned by Mrs. Bertha Campbell, mother of the two women, was damaged.

Mrs. Yukich received cuts about the mouth and right knee injuries, and Mrs. Bumpus suffered a cut on the forehead.

Both were taken to St. Joseph's Mercy hospital for treatment.

**Reception Honors
Rev. Mrs. S. D. Kinde**

The League room at the Methodist church was decorated with summer flowers for the reception held during the regular Sunday morning coffee hour at 11:15 a.m. for the new minister and his wife, Rev. and Mrs. S. D. Kinde. Rev. Kinde had conducted his first service here as pastor of the church.

Receiving the guests with Rev. and Mrs. Kinde were Dr. and Mrs. J. V. Fisher. Dr. Fisher was a delegate to the Methodist Conference at Albion at which Rev. Kinde was appointed to serve the local church.

Mrs. Warren Daniels, newly-appointed chairman of the pastoral relations committee and Mrs. Lyman Walker, president of the WSCS of the local church, poured coffee at the reception. Mrs. Gary AFB, home of the Air Force's liaison and helicopter pilot training programs.

**Sgt. Schrader
Is Awarded
Silver Star****High Military Honor
Given for Heroism
in Korean Action**

With the 2nd Infantry Div. in Korea—Army M/Sgt. William D. Schrader, son of Mr. and Mrs. Walter Schrader, 1350 Williston street, Chelsea, Mich., was recently awarded the nation's third highest combat award, the Silver Star, for gallantry in action in Korea.

Master Sergeant Schrader, a member of Company G of the 2nd Infantry Division's 9th Regiment, was part of a force attacking a heavily-fortified enemy position. One firmly entrenched machine gun seriously hampered the movement of the UN unit.

Though badly wounded, Schrader boldly rushed the gun emplacement and destroyed it with hand grenades. Then he led a friendly group forward to move the remaining Communists off the position.

Schrader has been in the Army since his enlistment in July, 1948. He re-enlisted in 1951, while stationed in Germany.

He was home on furlough from February until May, 1952, and has been in Korea since July, 1952.

During his year in Korea he was first awarded the Purple Heart and then an Oak Leaf cluster.

In a letter, written June 14 to his parents, Master Sergeant Schrader said he expected to leave for the United States the following week but did not mention that he had been awarded the Silver Star award.

Sgt. Schrader telephoned his parents Sunday evening from Japan. He said he had been on a plane that started out for the United States but turned back because of heavy storms over the Pacific. He said he believes he will reach home the middle of this month.

**Janet Widmayer
Attending State
4-H Club Week**

Janet Widmayer, daughter of Mr. and Mrs. Harold Widmayer, is one of a group of thirteen boys and girls from Washtenaw county who are attending Michigan 4-H Club Week at Michigan State College this week. Club Week began Monday.

The boys and girls are selected to attend Club Week on the basis of outstanding work in their projects. Those attending from Washtenaw County will be accompanied by Frank Gendron, 4-H Club agent.

They will have four days of tours, inspirational speeches, recreation and educational programs. Nevada Pearson, acting state 4-H Club leader at MSC, promises a well-rounded program of activities. The boys and girls rise at 6:30 in the morning and the time is filled until bedtime—about 10:30 p.m. They are quartered in Shaw Hall, and many activities are centered in the college auditorium.

While many of the activities include programs for both boys and girls, there are events which they attend separately. Girls have sessions on home economics to learn of opportunities in that field while the boys visit MSC's plant greenhouses and barns. Both groups will have an opportunity to tour the state capitol, the automobile plants and other places of interest.

Evening programs include singing, a 4-H Club Week dress review and other activities including a candlelighting ceremony and devotions.

Other 4-H club members from Washtenaw county among the 1200 who are attending from the Lower Peninsula are: Mary Lou Sanderson, Virginia Kapp, George Schierle and Robert Groeb, of Ann Arbor.

Ardea Meyer and Jack Ward, Ypsilanti; Robert F. Bellville; Frieda Braun; Milan; David McCalla, Whitmore Lake; Phyllis Bruninger and William Stoffer, Dexter; and Robert Middleton, Plymouth.

Wednesday, at 7:20 a.m., Mrs. Helen Yukich and her sister, Mrs. Gladys Bumpus, of near Stock bridge, were riding on the new bridge, when their car went out of control at North Territorial road and M-92 and struck a tree. Mrs. Yukich was driving, according to reports of the accident. The front fender of the car, owned by Mrs. Bertha Campbell, mother of the two women, was damaged.

Mrs. Yukich received cuts about the mouth and right knee injuries, and Mrs. Bumpus suffered a cut on the forehead.

Both were taken to St. Joseph's Mercy hospital for treatment.

**School Election To Be
In Grade Building**

It was announced after the Chelsea Agricultural school board meeting Monday evening that the annual school election will be held in the all-purpose room at the elementary school. Elections formerly took place in the gymnasium at Chelsea High school.

The election is to take place July 13, from 2 until 5 p.m. Terms of Harold Widmayer and William Pearson expire this year. Elections have been certified for Howard Flintoft, Dorr Whitaker and Harold Widmayer as candidates.

It was pointed out that it is not necessary to own property to be eligible to vote for candidates for school board members.

HEAVE HO—Kiwanis club members know how it feels to be exhausted from moving since Monday evening when members devoted their time after the regular meeting to moving the discard articles into Sylvan Town Hall in preparation for their annual rummage sale which will be held Friday and Saturday of next week. Those lending their strength (?) to moving in a piano, are, from left, Paul Mann, "Doc" P. El Sharrard, Don Alber, Lowell Davisson, and Max Sweet, while David McLaughlin, son of Mr. and Mrs. Russell McLaughlin, limbers his fingers on the keys.

**Beauties of English Country
Are Described by Rev. Toy**

Monday, June 15, 1953.

Dear Friends:

This is the evening of the first day's ride in a luxury coach, sight-seeing through England on our way to Scotland and the International Council of Congregational Churches. We have traveled 200 miles today and stopped to see things of interest along the way.

The coach carries 41 passengers, and is as comfortable as possible. The conductor has an amplifying system to speak to the passengers about things of interest. This method of travel costs just 60 percent of travel by train.

Where we have been staying in Cornwall is just as far from Scotland as one can be in the British Isles so we will criss-cross on our way north and see most of the country.

Today we passed through what is known as the King Arthur country, and such quaint spots as Tintagel, Launceston, with its clock tower and old stone wall of Roman vintage.

Here I visited a church of England built in 1085, A.D., and sold by order of Parliament in 1656 to one Tobey Allen, who kept his horse in the cellar. In 1664 it, burned, horse and all, and was rebuilt as a sanctuary later the same year. It has been used as a place of worship ever since, although damaged by a bomb May 4, 1942. Today it was clean and inviting. I sat in a pew and read from the book of common prayer.

I do not think I have told you that the stores are now filled with merchandise, but prices are even higher than in America, in comparison to the earnings of the people. Textiles made into wearing apparel are of good quality, are beyond the ability of the ordinary family to purchase, so they buy inferior products. Fruit is terribly expensive. Good oranges are 10 cents each and very small peaches 12 cents each. (I haven't seen too many of the latter.)

Meat is about the same price as at home in Chelsea, as is milk and butter and bread, but wages are not one-half as much as in America for the same type of work. Of course there is a big differential in housing, heat and other utilities, ours in America being much the higher.

I remarked to Mrs. Toy today that if I had to be a dog, England would be my country. They are pampered animals here and are seen everywhere on the train, in buses, in private cars and in the stores. I have seen more dogs of different breeds in women's arms and on leashes than I ever expected to see.

From Taunton we rode to Weston-Super-Mare, the Atlantic City of England's southwest coast. The promenade, piers and gardens are much more lovely than Atlantic City. Mrs. Toy remarked that it reminded her much of Santa Monica, Calif., only the promenade and

gardens, or parks, were much more extensive here.

After two hours in Weston-Super-Mare, we went about 35 miles to the bustling city of Bristol. With its docks and heavy industry Bristol made us think more of home in any place thus far. Like Plymouth and Exeter, it was ravaged by bombs. The dock areas and city shopping districts of these great old towns were almost totally destroyed. One wonders how the courage and determination to carry on could ever be.

Bristol had the finest display of decorations and flowers for the coronation we have yet seen. I took pictures of the gardens situated in the very heart of the shopping center which had beds of flowers and greenery of the Crown, etc., which one would believe impossible to design. I hope the pictures are good.

Our day of travel ended as we reached the ancient little city of Bath, population 70,000. This city received its name from the many Roman baths, with special curative powers. The entire hospital and hotel section is of Roman architecture, with huge colonades everywhere.

Here is the Royal Mineral hospital where my late mother spent four months in the year, 1937, hoping to find some help from a crippling case of arthritis. The help was not to be found and she died in 1939. However, she told me of the kindness of all the hospital staff and of the hundreds of convalescents from over the British Isles and Europe which came here to find relief.

The most modern methods of treatment are used, but the buildings look very old and run down. I had sacred remembrance as I stood in the street and just looked at the windows of the many rooms and patients looking out on us.

Another word about the beautiful flower displays. We have stayed in the middle class hotels and without exception wonderful boxes of flowers adorn each window-sill. They are in large pots and urns in the lobbies and by the entrances. They hang in cheerful baskets from each lamp post. They never have to be watered. They are out-of-doors, as the weather is never very hot and rain is plentiful.

I have worn my combination rain and topcoat every day but one at some time during the day since arriving in England. Mrs. Toy has worn a coat or raincoat over her wool suits. It is silly to come over here with summer finery such as the ladies so attractively dress in at home in America. Skirts and sweaters, suits and topcoats are the order of the day in England, if you desire comfort.

A word about the children, God bless them. There seems to be lots of them and they are a healthy lot. While rationing is still in vogue, expectant mothers receive special attention from the ministry of health. They also receive fruit vitamins, extra milk rations, etc., free. These are continued for the baby when it arrives, with regular calls at the home by the government nurses. The healthiest generation England has ever known is now growing up.

The average household budget for food will not permit fruit, fruit juices, or too much milk. Canned peaches, peaches are scarce, having to be imported from America or Australia. There are twice as expensive as at home. Considering wages at less than half of what is paid in America, what we consider a necessity is a luxury over here to (Continued on page five)

**Contract for
Street Work
Is Awarded****Council Authorizes
Power Sub-Station
for Federal Screw**

The T. P. Flynn Construction company, of Detroit, which has done street work for the village for several years past, was low bidder on the work to be done here this summer and was awarded the contract at a special meeting of the Village Council Monday evening. Work is to be started immediately, it was announced.

As work is started on a given street, that street will be closed to traffic until all the work on it is completed, according to present plans.

The Village Council is urgently requesting the cooperation of residents of the streets while they are under repair. They ask that no sprinkling of the street take place either during construction or immediately following completion of the work. The company has assured the Village Council that dust will be kept at a minimum while the work is being done. Water is harmful to the tar mixture while it is in the process of being applied.

Three bids were submitted for the street work, the lowest being Howell Construction Company, \$15,465.88, and H. L. Workman, Jackson, \$16,798.94.

In other action at Monday's meeting, Consumers Power company was granted permission to construct a power sub-station on Grant street between Lincoln and Chandler streets to replace the one now located on South Main street between two sections of the Federal Screw Works building.

The move is being made according to the announcement, to permit the Federal Screw Works to acquire the property for expansion of its plant facilities.

**Strike Settlement
at Borg-Warner
Helps Local Plant**

The labor dispute of the Borg-Warner company, pending since April 20, which had indirectly affected employment at the Chelsea Manufacturing company, was settled June 27 and the Chelsea plant will resume a full-time schedule as soon as the annual vacation period is over, according to L. M. Benkert, president of the Chelsea firm.

The normal vacation period at the local firm is from June 29 until July 11, Benkert said, but 15 employees who have been with the company less than six months will go back to work July 6.

The entire force of 50 men will be back on the job July 13 after the vacation period.

The Borg-Warner company manufactures transmissions for International Harvester. Chelsea Manufacturing's chief outlet for panel truck and travel trailers. With the transmissions held up the bodies manufactured here could not be shipped and lack of space for storage necessitated the local work stoppage.

International Harvester purchases will be on an increased schedule, Benkert said, to make up for the time lost because of the labor dispute.

International Harvester's motor truck plant at Springfield, Ohio, will resume operations July 6, and resuming operations here on that date will provide a steady supply of bodies for the stepped-up schedule.

**Harvey Lixey
Is Chairman of
Screw Works Local**

Federal Screw Works division of UAW-CIO, No. 437, elected officers Thursday, June 25, as follows: Harvey Lixey, chairman; Leo Creech, Cecil Salyers and Bob Pierce, committeemen; and June Osborne, recording secretary.

There was no opposition for the posts of chairman and recording secretary but there were six candidates for committeemen. The three losers are Malcolm Novess, Charles Brise and Toivo Rihimaki.

Blair Pearson, Mitchell Picklesimer, Walter Braden and Donald West ran for the office of vice-chairman. A run-off election was necessitated when neither Pearson or Picklesimer, the two with the greatest number of votes, received a majority of the total number of votes cast.

The run-off election, originally scheduled for Monday, was postponed until Tuesday and official results were not yet available. The vote was very close and absentee ballots were still to be counted yesterday.

Mr. and Mrs. Duane Weiss and family returned Friday from a week's vacation at Higgins Lake.

Mr. and Mrs. Eugene Shroyer and son, Steven, returned home Saturday after a three-week vacation in Dowagiac and visiting friends in Washington, D.C., and South Carolina.

**Lifesaving Course

Recreation Group**

The Chelsea Recreation Council has announced that the Red Cross swimming instruction program has started this week and will continue for the next six weeks. Jack Mantel, Red Cross swimming instructor, will be giving lessons each Wednesday and Friday at Whitmore Lake for any Recreation program participants.

Instruction will be given to the following groups: beginners, intermediate swimmers, junior life saving, and senior life saving. To participate in the Junior life saving program children must be 12 years or older, and for the senior life saving program, 16 years or older.

All those completing the various courses will receive Red Cross Life Saving Certificates.

John Magiera, Chelsea Recreation Program Director, has organized a baseball league for the senior 17 years old and under, and midsize, 12 years old and under. Stockbridge and Grass Lake are other members of the league.

Chelsea opens the league schedule by playing Grass Lake at Grass Lake Friday, July 3, at 5:30 p.m. Non-league games will be scheduled with Saline and Manchester for the Chelsea Recreation program participants.

The High school playground, under the supervision of Doris Bean, will hold a "Wheel Parade" this Friday, July 3. Plans are being made for a Doll show and a Pet show.

**Summer Band
Program Started
This Wednesday**

The Chelsea Schools summer band program began yesterday, Wednesday, July 1, with classes being held in the all-purpose room at the grade school building.

The program consists of private and group lessons, small ensemble groups, and full band rehearsals. One of the features of the program this year is the weekly Wednesday evening band rehearsal which is open to all members of the community in addition to the high school band students. It is from this group that several outdoor concerts are planned. Eugene Shroyer, band director for the Chelsea Public Schools, announced if anyone has at any time played in a musical group and is interested in playing this summer, rehearsals will be held every Wednesday, 7:30 p.m., in the all-purpose room at the grade school building.

Beginning classes on all band instruments will be given this summer for children from the fifth to ninth grade. Any parents who are interested in having their children begin musical training this summer and would like to have complete information on the music program may call Eugene Shroyer at 2-5042.

At 4:15 Wednesday, June 24, the Chelsea Fire department was called to the corner of Fletcher and Sager road where a car is afire.

**Fire Dept. Called
for Auto Blaze**

According to department reports the fire followed after the engine blew up, tearing the hood of the car loose.

Estimated damage was placed at \$200.

The car was owned by Chester Allen, of Gregory.

Approximately 75 guests were present from Detroit, Dearborn, Redford, Brighton, Lincoln Park, Farmington, Ann Arbor, Whitmore Lake and Chelsea, and included Mrs. Edward Brasso, 1655 Fletcher road, who was one of the attendants at the wedding. Following their marriage Mr. and Mrs. Lindow lived on a farm near Farmington until moving to the present home in 1927. They are members of St. Paul's Lutheran church, Ann Arbor.

Milan — Traffic jam, and not a horn blowing. Believe it or not, that happened on the four corners of Main Street this week. The cause? A baby robin. Poor little fledgling, unaware of the perils, hopping about. First one car stopped, then others. Changing red and green lights were ignored while strong men, gently persuaded and finally caught the feathered disturber and carried it to safety. Ten cars were halted and all the occupants, mindful of their usual haste, breathlessly followed the rescue. That is American life as lived in a village, a far cry from the slaughter and bloodshed of Korea. — Milan Leader.

be purchased on special occasion or by those in the higher bracket of pay.

The people carry on without grumbling and wonder I am sure, why we Americans should be blessed with so rich and wonderful a land. I often grieve because we accept our blessings with so little gratitude. Every citizen of our good country should thank God every day for our innumerable blessings. We gave our money and our young men in a struggle for freedom and liberty, but our city and industries, schools and churches were not destroyed by enemy action. War brought such havoc over here and still more to many that we should do all in our power to free the world from the fear of another war and to make it absolutely impossible in the future.

I greatly fear that the war's destruction to the faith in the vital things of our Christian religion, as far as to average Englishman is concerned, has been infinitely greater and more important than the destruction of material things. Something has happened to the soul of England, and formal religion is being rejected or treated with dread indifference.

We expect to journey through Monmouthshire, Wales, today and on to the old historic city of Chester on the border of England and Wales.

Most sincerely,
Thomas and Gladys Toy.

Three Sentenced for Fighting in Tavern

Fred Risner, Richard Boyer and Kenneth Myers, all of Jackson, were picked up for fighting in a tavern on Old US-12 shortly after midnight Friday and lodged in the county jail until Saturday morning when they were taken into Municipal court.

All three pleaded guilty as charged.

Boyer received the stiffest sentence of the three because he was described as the chief offender. He was assessed five days in jail and \$25 costs or 30 additional days in jail.

Risner was ordered to spend two days in jail, pay \$20 costs or spend 30 days in jail and Myers was assessed \$15 costs with the alternative of 10 days in jail.

Mrs. Robert Strause and children, Pamela and David, of Pontiac, returned home Sunday after spending a week at the home of their parents, Mr. and Mrs. Walter Schrader, Sr.

Sunday visitors at the home of Mrs. Lewis Eschelbach and daughter, Clara, were Mr. and Mrs. Albert Eschelbach, of Scio Church road, and Mr. and Mrs. Walter Rothfuss and family.

Fireworks Display Offered Again by Local Legion Post

The display of fireworks at Cavanaugh Lake on the Fourth of July last year proved to be so popular and well-received that Herbert J. McKune Post No. 81 has made plans to double the amount of fireworks this year. The display will begin at 9 p.m. and everyone in the community is welcome to go out and see it.

Committees have announced that the immediate vicinity of the American Legion Home, where the display will originate, is to be sprayed to help prevent insect bites.

Dr. Katherine Greene Accepts Post with Wayne County Court

Dr. Katherine B. Greene, who has been circuit court marriage counselor for Washtenaw county since the position was created in January, 1952, has tendered her resignation to become effective August 1. She plans to accept a similar position with Wayne county, according to announcements of her resignation.

cal health department he considers functioning improperly or to set certain health regulations, Dr. Heustis says they have other important functions.

The present council consists of one health engineer, a Doctor of Osteopathy, a dentist and two MD's. In discussing general problems and policies with them, Dr. Heustis feels he has a valuable sounding board of public reaction. "I would like to meet more often with them than at present," he commented.

No discussion of Michigan's Department of Health would be complete without mention of Clifford C. Young, director from 1919 until his death in 1944. "Cy" was considered the top health administration official in the country. His organizational abilities and his warm personality welded the department into an efficiently operating unit.

When Cy Young died, Paul de Kruif, prominent medical writer had this to say: "Our state has lost the most valuable of its citizens, and the world is bereft of one of its best battlers in the fight for human life."

Our Neighbors

Standish — Nearly 400 people crowded into the Veterans Memorial Building at Standish Sunday to honor Fr. E. P. Labory on his fiftieth anniversary in the priesthood of the Catholic Church.

A check for \$2,000 was presented to Fr. Labory by Dennis O'Keefe, on behalf of the people of St. John the Baptist parish — Arenac County Independent.

Rochester — The Paint Creek Mill at Goodison which turned out flour and grit for nearly a hundred years and was abandoned, has now been torn down and completely removed from the premises by the side of Orion Road. Built about 118 years ago and abandoned nearly a quarter century ago as a mill, it had become dilapidated and was falling apart. The flume which carried water from the mill race to the power wheel long since had rotted but is still standing. — Rochester Clarion.

South Lyon — Kiwanians are working over time, completing the Annual Homecoming events to be held July 22 to 25. A tentative program has been announced which includes amateur contest run-offs on Wednesday and Thursday nights, July 24 and 25. — South Lyon Herald.

Dexter — Honoring Rev. H. H. Schowe on his 25th anniversary of Ordination into the Ministry on June 17 and also the silver wedding anniversary of Pastor Schowe and Mrs. Schowe on June 21, the congregation of St. Andrew's Evangelical and Reformed church held an open house at the parsonage on June 21. — Dexter Leader.

Frankfort — After several weeks of waiting perch fishing from the Frankfort breakwater began in earnest this week with several limit catches of 50 perch per person being reported. The fish being taken are of medium size but during most of the day they have been biting as fast as a line can be put in the water.

The only thing different about the fishing this season is the fact that the perch are being taken on wigglers rather than minnows as in the past. — Benzie County Patriot.

Pineckney — Pineckney had a mild scare recently. Some one called Bob Egeler, on duty at the jail, and said a man was hanging from the top of the flagpole on the square. He called Mrs. Anna Reason, night operator here, and looking out, she saw what appeared to be a body dangling from the top of the pole. About this time the Masons began to arrive back from Stockbridge. Clare Miller lowered the form which proved to be a cleverly constructed dummy. He left it dangling and all night cars stopped with grinding of brakes to examine it. — Pineckney Dispatch.

From where I sit... by Joe Marsh

Bad Case of the "Zitters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "malling-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 50 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off... and it just kept grinding out Chub's name on all the remain-

ing copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. They often don't know when to stop. Like those who are prejudiced against someone with an accent, perhaps... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

Karen Jeanne Chase Becomes Bride of Peter Bailor

Karen Jeanne Chase, whose marriage to Peter Joseph Bailor, of Howell, took place at 11 o'clock Saturday in St. Mary's Catholic church, was groomed for the occasion in Chantilly-type hand-cut patterned lace and nylon tulle over white satin. The ballerina-length skirt was fashioned of layers of tulle and had a peplum of lace tapering to a deep point at the back. The bodice was of shirred tulle in strapless style and lace was used for the tiny bolero with its narrow Broderie collar and long, fitted sleeves. Accordion-pleated lace, entwined with pearls, formed a half-shell headpiece which held her fingertip-length veil of French illusion. A shower of satin ribbons and stephanotis was fastened to the orchid she carried on her prayer-book.

Baskets of white gladioli and carnations and white candles adorned the altar for the double-

wedding ceremony performed by Rev. Fr. Lee Laige.

Marshall Borden, of Howell, with Mrs. George Clark as organ accompanist, was the soloist.

The bride was given in marriage by her uncle, Karl Koenigster. She is the foster daughter of Mrs. Rose Chase and the late Frank Emory Chase.

The bridegroom is a son of Mr. and Mrs. Meno G. Bailor, 1270 Henderson Road, Howell.

Lynn Bailor, sister of the bridegroom, was the maid of honor, while Carol Sue Burt, of Howell, and Donna Hinderer were bridesmaids and Janice Kay Koenigster, cousin of the bride, and daughter of Mr. and Mrs. Karl Koenigster, was flower-girl.

The flower girl wore a floor-length white dress fashioned of net over taffeta, with matching-mitts and a poke bonnet of white taffeta. She carried a white satin basket filled with rose petals and trimmed with a shower of ribbons in which tiny rosebuds were knotted.

The bride's attendants wore ballerina-length gowns of cotton lace with strapless bodices and bolero-style jackets. Coronets of taffeta to match the color of their gowns and colonial bouquets of carnations and daisies completed their costumes. The maid of honor wore yellow while Miss Burt was in blue and Miss Hinderer in pink.

Assisting the bridegroom as best man was his brother, Edmund Bailor. Lynn Holley, Bernard Schulties, Tim Saska and Richard Brogan, all of Howell, were the ushers.

For the wedding Mrs. Chase wore navy lace with pink accessories and the bridegroom's mother wore blue nylon net, in ballerina length, and white accessories. Both wore coronets of pink rosebuds.

Approximately 200 guests from Chicago, Eastlake, Grand Rapids, Detroit, Toledo, Grosse Pointe, Rose City, Dearborn, Ann Arbor, Howell and Grosse Ile attended the wedding and the 1 o'clock reception which was held at the home of the bridegroom's parents.

Former classmates of the bride assisted at the reception. Among these was Dorothy Speer who was in charge of the guest book.

Mrs. Mary Kniss, godmother of the bride, cut the cake.

When the couple left for a week's trip through northern Michigan, the bride was wearing the white orchid from her bouquet pinned to her suit of dusty-rose, with which she wore navy accessories. After July 4, the new Mr. and Mrs. Bailor will be at home at 1965 Eager road, Howell.

The bride is employed in the Howell office of the Michigan Bell Telephone company. She was a member of the 1953 class of Chelsea High school graduates.

The bridegroom, a 1953 graduate of Howell High school, is employed at Fisher Tool and Die Company, in Howell.

Rev. Fr. John Zaver officiated at the double-ring ceremony in the presence of members of the immediate families of the couple.

The bride's gown of white net over satin, was in ballerina length. Her veil, of fingertip length, was fastened to a tiara of seed pearls. A diamond-studded, white gold cross and gold chain necklace she wore for the ceremony, was the gift of her mother. She carried a bouquet of white carnations.

The bridegroom's sister, Mrs. Norman Brautigam, of Jackson, as the bride's only attendant, wore an identically-styled gown of white net which she wore over an under-skirt of orchid satin. White daisies and purple violets formed the headband she wore.

Albert Haller, Jr., of Manchester, cousin of the bride, was best man.

Following a wedding dinner the couple left for an eastern trip with the bride wearing a dusty-rose linen suit and white accessories. The couple will reside at 5880 Sharon Hollow road.

Police Cooperating in Two-Month Intensive Safety Campaign

Police Chief George W. Doe today announced that the village of Chelsea has joined forces with the State Safety Commission in conducting a two-month long intensive accident prevention program aimed at reducing traffic mishaps caused by excessive speed.

According to Chief Doe, almost half of the fatal accidents are traceable to speeding, in excess of the limit, driving too fast for conditions. For this reason, law enforcement agencies throughout the state are giving special attention to all types of speed violations.

In commenting on speeding as the number one killer, the Chief said, "Speed is the thing that gets you into trouble faster than you get out. When the traffic emergency develops you simply can't stop or dodge in time."

Posters are being displayed throughout the state advising motorists to "Check Your Speed." These official words of warning will serve as a continual reminder that traffic officials are determined to hold the line against the rising death curve—up 20 percent during the first four months of this year. In conclusion Chief Doe called upon all motorists to cooperate with the police. "Giving you a ticket for speeding is no fun, as any officer will tell you, but it's a lot more pleasant for him than calling an ambulance," the Chief added.
