School Board Consulting with Experts

School Building Authorities Asked To Make Survey

The Chelsea Agricultural Schools Board of Education, in its planning for additional school facilities here, has arranged for an engineer from a contracting company, an architect from the University of Michigan, and an educator from the State Department of Public Instruction to make a survey of the community and available sites.

Three of the men who will act in this capacity are Henry DeKoning as the construction representative; Fritz Lehmann of the University of Michigan School of Architecture and Design.

Recommendations of this group will be used as a guide in coming to a decision regarding the facilities really needed here. The Board has been considering the problem of additional school facilities to provide for the increasing number of elementary school children and had tentatively agreed that an eight-room school in the northeast section of the district would be the solution. Such a program, they estimated, would call for a bond issue of approximately \$198,000 to cover the cost of construction and site.

After the School Board meeting Tuesday evening it was reported that no agreement was reached at the meeting held on Wednesday of last week with Henry Merkel in regard to obtaining options on part of his property as a site for a proposed new school. In the meantime, the Board announced, they are continuing to investigate and consider other possible sites.

Local Merchants To Attend Retailer Round-Table Series

At the Chamber of Commerce meeting Tuesday evening it was voted to go on record as being in favor of businessmen of the community helping the Chelsea Community Fair Board financially by means of voluntary contributions and also to promote the Fair by offering Fair Day specials on Thursday, Friday and Saturday of Fair week.

Howard Sommer of the Michigan State Board of Control for Vocational Education, was the guest speaker at the meeting. As a result of his talk it was decided that a retailers' round-table program will be instituted here to be carried on for the coming year.

The round-table meetings will be open to any retailer in the community and will be held the first Wednesday of each month. The first meeting is scheduled for Oct. 7 at 7:30 p.m. with the meeting place tentatively decided to be the third floor of the Municipal building.

Mr. and Mrs. Joseph Fischer have moved from Ann Arbor to Fenton where Mr. Fischer is art teacher in the Fenton Public school system. He is a former teacher in the Chelsea schools.

Bulldog Gridders Open Season Here Friday Evening

Chelsea High school's Bulldogs will open their football season Friday night against Dexter with one of their biggest squads in years. Coach Al Conklin has six returning lettermen from the 1952 team who will be certain of starting berths from the squad of 42 players. Such veterans as Don Proctor and Bob Borkko co-captains will be at the halfback posts. Dave Elkins at fullback, Walt Buearle at tackle, Phil Bares at end and Duane Satterthwaite at center. Bertke has been shifted from end to Conklin.

Others certain to see action are Curtis Ted Nixon, Roland Satterthwaite and Jim Hough, Tackles Bob Keizer, Lloyd Grau, and Gary Tomack. Center Don Mahar, Ends Tom Eisola and Harold Stott, Halfbacks Jim McLaughlin and Duane Downer, and Quarterbacks Bob Ringe and Ralph Owings.

The Bulldogs will have plenty of weight to throw around but Conklin is primarily concerned with increasing the club's speed 'afoot.

SCHOOL TO CLOSE FRIDAY NEXT WEEK FOR FAIR

School will be closed all day Friday, Sept. 25, to permit pupils to attend the Community Fair.

St. Paul's Church Plans Annual Mission Festival

St. Paul's church has completed plans for the annual Mission Festival which is to be held Sunday with Rev. and Mrs. Emil Menzel, missionary workers from India, as the guest speakers.

The Menzels are now on furlough and are living in one of the cottages provided at Lancaster, Pa., for the use of missionaries while in this country.

Rev. Menzel has been in educational work for the Evangelical and Reformed Church in Ralpur, India, for the past six years and for the past six years has been principal of St. Paul's High school there.

For approximately one-half of each year he lectures at the teachers' college at Madras. He will be giving a series of lectures at Eden Theological Seminary, Webster Groves, Mo., before returning to India.

Mrs. Menzel has been in supervisory work at a girls' boarding school during their residence in India.

There will be two services at St. Paul's church Sunday. The morning service will begin at 10:45 a.m. and Rev. Menzel will deliver the sermon. Mrs. Menzel will speak during the Sunday school hour which begins at 9:30 a.m.

The evening service, at 7:30 p.m., will be held in the church hall and Rev. and Mrs. Menzel will show pictures of their work in India. All members and friends of St. Paul's church are invited to attend the services.

Kiwanis Club Will Sponsor Local Kids Day Project

M. E. Waterworth, of Ann Arbor, was a Kiwanis club guest Monday evening and extended the thanks of the Ann Arbor club for the Chelsea club's contributions to the success of the Michigan District convention.

Other guests were E. T. Klager of Ann Arbor, Bill Rich of Lansing, and Leon Agan of Dexter, who played singing in the absence of Mrs. P. E. Niehaus who was ill. A board meeting was announced to be held last night at the home of Donald Alber.

It was also announced that next Monday evening Chelsea Kiwanians will be hosts for their wives and the school faculty and their wives and husbands. H. T. Moore, program chairman, introduced his daughter, Maryellen, who related some of her experiences as a counselor and handicraft instructor at the Jackson Memorial camp for underprivileged children.

Malcolm Bruce asked Kiwanians to cooperate with the Chelsea Blood Bank blood donor clinic being held in the Congregational church Thursday and Friday.

Other business included naming James Hough and Charles Lancaster as co-chairmen in charge of preparing a float for the Community Fair parade. Also on the committee are William Collins, Dr. P. E. Sharrard, James Daniels, George Doe, Karl Keeneger and Lowell Davison.

Following Monday's meeting George Doe, as chairman of the Kiwanis Boys and Girls committee, announced that the local club will take part in the National Kids Day project, Sept. 26.

National Kids Day will be observed throughout the United States and Canada. In Chelsea, money will be raised by means of a peanut sale and the proceeds will be used for child and youth work in the community.

Doe, also in his capacity as Kiwanis Boys and Girls committee chairman, met in the Village Council room in the Municipal building Monday night with Judge Jay H. Payne, Harold A. Nielsen of the Washtenaw county juvenile court, and other members of the village, and other Kiwanians and citizens of the community to discuss boys and girls activities in Chelsea as a preliminary move in planning such activities.

Chelsea Spring Will Change Name

The recent merger of the Standard Steel Spring company and the Tipton-Detroit Axle company which resulted in the formation of a new company, will change the name of Chelsea Spring, effective Oct. 1.

The new company which is the outgrowth of the two former companies will be known as Rockwell Spring and Axle Company.

The local plant name will be Chelsea Spring Division, Rockwell Spring and Axle Company. The Chelsea plant is now known as Chelsea Spring, Division of Standard Steel Spring Company. Administration and personnel of the local plant will remain the same as it has been.

PLAYMATES—June was a lucky month for Doreen, age 8, and Shirley, age 12, daughters of Mr. and Mrs. Lynn Howard of Roepcke road, for two colts were born on the Howard farm this summer. Champ, the quarter horse colt, at the right, was foaled June 1, and playful Bambi, a palomino colt, was foaled June 13. As performers, Bambi stars at shaking hands (or should we say hoof shaking); and Champ's favorite trick is removing hats.

Two Cars, Truck Tangle on US-12; No Serious Injury

At 11:50 p.m. Saturday night two cars and a loaded truck were involved in an accident at Kalmbach road and US-12, one of the cars and the truck being seriously damaged and the seven people riding in the three vehicles miraculously escaping serious injury.

Driver of one of the cars was Harold Coolman of Ann Arbor, former Kiwanis lieutenant-governor of Division VI. His wife was riding with him as they were driving east.

The accident happened so quickly that none of the drivers was able to say exactly what occurred, but reconstruction from skid marks indicated that the crash resulted as one car was passing the other and met the truck head-on.

The car in the center lane, driven by Horace C. Taylor of Brighton, was reportedly passing the car driven by Coolman. It is believed Taylor's car sideswiped the truck, then spun around and smashed into Coolman's car just behind the driver's seat. The Taylor car then careened off the north side of the highway, 25 feet from the point of the accident and went down an embankment near the intersection. The left side of the car was torn off and the entire car was twisted out of shape.

Occupants of the car, in addition to the driver, were Yvonne Maas of Howell, and Kenneth and Bernice Chappell of Brighton. All four were taken to St. Joseph's Mercy hospital, Ann Arbor, where they were treated for cuts and bruises.

Coolman's car ended up on the south side of the road and was later driven away under its own power. Robert R. McDonald, of Grand Rapids, was the driver of the truck.

Although the cab of his truck was smashed as the truck, out of control after the crash, went off the south side of the road, down an embankment and into a swampy spot, crashing through the fence, driver was not seriously injured.

Scout Court of Honor Being Held Tonight

A Boy Scout Court of Honor will be held this evening in the gymnasium at Chelsea High school, according to an announcement by Scoutmaster Edwin Dickelmann.

Advancement awards will be made to all Scouts who have earned them. All Boy Scouts and their families are being urged to attend the Court of Honor and the pot-luck dinner which will precede it at 6:30 p.m.

Fair Premium List Correction Noted

Fair officials wish to make a correction on the premium list as submitted for publication in The Standard last week.

In the Home Economics division the names of last year's judges were included by error and these people will not be the judges this year. Names of this year's judges in the Home Economics division were not yet available.

BICYCLE ACCIDENT

Frances Belle, 10-year-old daughter of Mr. and Mrs. Frank Reed, received a severe cut on the left leg below the knee when she was struck by a bicycle across the street from her home on North Street. The accident occurred about 4:15 p.m. Thursday.

Fishing Experiment Planned by State for Sugar Loaf Lake

Sugar Loaf Lake, along with several other lakes, has been proposed as the site for a test of larger size limits on bass and northern pike. The Fish Division of the Department of Conservation, through its Institute for Fisheries Research, plans to conduct an experiment to determine whether lakes will support a larger population of the predator species.

The greater number of large fish, aside from providing more sport for the anglers, should result in a reduction in the number of small pan fish. By decreasing the pan fish population those remaining have a greater food supply available and can grow at a more rapid rate. The size limits which will be in effect are, for bass, 16 inches, and for northern pike, 24 inches.

The Institute has conducted experiments with fishing regulations on Sugar Loaf Lake in previous years. From 1946 through 1950 this lake was open to year-round fishing for bluegills and sunfish. The Department conducted a continuous creel census during this period and for two years following to determine the effect of the liberalization. The data gathered during the year-round open season on Sugar Loaf Lake and five other lakes proved conclusively that the closed season on bluegills and sunfish was unnecessary.

The state legislature therefore shortened the closed season on these species in 1952. Other experiments resulted in the removal of size limits on pan fish and the discontinuance of the law which closed all lakes south of Highway M-46 to fishing from April 1 through June 26.

The test on Sugar Loaf Lake is part of a nine-lake study which will commence April 24, 1954. Three of the nine lakes will be opened to year-round fishing for bass, northern pike and walleyes and three lakes will have larger size limits on bass and pike. All size limits will be removed on the other three test lakes. The test of year-round fishing for the predator species will determine whether such a regulation will provide additional fishing for these species without depleting the residual spawning stock beyond the number needed for adequate reproduction.

The removal of the size limits will also test whether a greater harvest of the predator species is possible. Few small bass and pike are caught, but those that are caught quite often die due to injuries.

The seven years of creel census data which were collected for the previous study will be used to further evaluate the effect of the new experiments on the test lakes. The trend toward more liberal fishing regulations is widespread.

Four Sections Needed To Handle First Grade

Movable partitions have been installed in the all-purpose room at the elementary school to provide classroom space. The move was made necessary when it was found that the first grade had to be divided into four sections of 25 pupils each and the second grade required a division into three sections of 25 pupils each.

Mrs. Leon Shutes has been hired as teacher of the fourth first grade section and Mrs. Lyle Haselswordt is the teacher of the third section of the second grade.

Prizes Announced for Floats, Bicycles, Tricycles in Parade

Blood Donor Clinic Being Held Here Today, Tomorrow

Mrs. Dudley Holmes, Chelsea Blood Bank chairman, reminds Chelsea area residents of the blood program slogan, "Someone Gives—Someone Lives," in urging everyone who can possibly do so to donate blood at the blood donor clinic being held today and tomorrow (Thursday and Friday) in the Congregational church basement.

Those who have found it impractical to make appointments for giving blood, may come in at any time, Mrs. Holmes said, and they will be taken care of without undue delay.

Clinic hours today are from 10-12 a.m. and 1-4 p.m., while tomorrow the hours will be 11:30 a.m.-2 p.m. and 3-5:30 p.m.

The clinic will be operated by the Detroit unit of the American Red Cross. Local registered nurses and other volunteer workers will assist the Red Cross staff both days.

Gregory Man Becomes Victim of Capsized Boat on Base Lake

Charles Stapleton of Gregory, who was employed at the Chelsea Products plant here, was drowned on Wednesday of last week while fishing on Base Lake, in Webster township.

Stapleton and a companion, Dennis Usewicz of Chelsea, were thrown into the water when the boat capsized while the anchor was being pulled into the craft, a round-bottom motor boat.

According to reports of the accident, Stapleton was found in 12 feet of water approximately 70 minutes after he disappeared. Usewicz was able to cling to the overturned boat until nearby fishermen answered his calls for help.

NO FISH STORY—"The trout we caught were real beauties," Gale Gilson, above, was repeating excitedly when the photographer caught up with him last week-end. Gale was reluctant to be pictured with the trout he and Joe Roy caught without his partner who is still at Tee Lake, near Lewiston, where they pulled in this prize catch. The seven rainbow trout measured from 17 1/2 to 22 inches in length and "put up quite a battle" Gale reports.

Seven rainbow trout, of a size rarely seen or caught, were the prize catch brought home last week-end by Mr. and Mrs. Gale Gilson from a fishing trip to Tee Lake, near Lewiston. They had been fishing with Joe Roy, who has a cabin there. Joe caught four of the large trout and Gilson the other three. The seven ranged in size from 17 1/2 to 22 inches. Mr. and Mrs. Gilson, accompanied by their daughter and her

Three live elephants in an act of their own with their trainer, a wire walking act, clowns and other professional entertainment will be featured at the Chelsea Community Fair on Friday and Saturday, according to an announcement made yesterday by Paul F. Niehaus, program chairman. The grandstand entertainment will be free.

Other featured attractions include the annual tug of war between farmers of the community and Chelsea residents to be held on the opening night; a concert by the Chelsea High school band, directed by Gene Shroyer, and the public wedding, both Wednesday night. Also, the big horse pulling contest and exhibition on Thursday evening.

Mel Snyder, TV star, is to be master of ceremonies at the Friday and Saturday grandstand shows and will give his special balloon exhibition.

Announcement of prizes for floats, bicycles and tricycles in the Community Fair parade at 2 p.m. Saturday, Sept. 26, was made yesterday by George W. Niehaus, chairman of the parade committee.

Four prizes have been provided, the first award being \$25. Second prize is \$15, third prize is \$10, and fourth prize is \$5, for the floats.

Prizes for decorated bicycles are to be \$3, \$2 and \$1 for first, second and third places. Tricycles will compete for the same prize schedule as that for bicycles.

Kiddies entering decorated tricycles are to meet in front of the Tiny Town Shop on East Middle Street at 1:30 p.m. to be formed into their places in the parade. They will be dropped out of the line of march at Alber's station so they won't have too far to ride.

Everyone who plans to enter a float for the parade should call Chelsea 6851 as soon as possible so the line-up of the parade can be assigned.

The parade will form at Chelsea High school with the line of march to be East street to Middle street and then to Main street and out to the fairgrounds.

In case of rain the parade will be held up for a break in rain before starting out.

There is to be no parking on Main street after 1 p.m. and people are asked not to drive in the area of the high school after 1:30 p.m. All floats are to be in place at the school by 1:30 p.m.

The parade will be one of the big features of Saturday's activities. Bands, antique cars, new cars, farm implements, horses and many other entries are expected to make it another of the fine parades held each year on the last day of the Community Fair.

A change in this year's ruling regarding entries at the fair is that each exhibitor in the livestock division is limited to one entry in each section.

All classes of exhibits are open to everyone, according to the list of general rules and regulations. However, all entry forms, with the exception of livestock entries, must be turned in by Saturday, Sept. 19. Livestock entry forms must be in today (Sept. 17).

All entries must be made or owned by the exhibitor and all exhibits with the exception of cut flowers must be on the fairgrounds by 12 noon, Wednesday, Sept. 23. Judging will begin at 10 a.m. Thursday.

Cut flowers are to be brought in Thursday, Sept. 24, before 9 a.m. Potted plants must be in place by noon, Sept. 23.

Mrs. Arthur Grau was appointed chairman of the Flower Show this week.

It has been pointed out that any number of entries in a class may be exhibited in the Flower Show, but the one which is to compete for prizes must be designated by the exhibitor.

Removal of entries from all Fair exhibits will not be permitted until Sunday morning, Sept. 27.

At the Community Fair Association meeting held Tuesday evening, it was decided to issue lunch and supper passes to enter the fairgrounds without paying admission. This is to apply to workers and others who wish to eat in the lunchroom on the grounds and leave again.

Mrs. James Hough is chairman of the luncheon project.

Proceeds from the meals will be used to help defray the cost of remodeling the Red School building which was moved to the fairgrounds recently. The meals are to be served in the building. Announcement was made of decision of the Chamber of Commerce to go on record as approving contributions from merchants to help the Fair Board with the cost of the professional entertainment at the Fair.

# "Toledo War Scare" in Michigan Recalled by Wayne U. Historian

Wayne coeds from two of the counties whose boundaries were affected by Michigan's early boundary disputes inspect firearms of the Toledo War period in a display at Detroit Historical Museum. They are Jacqueline Rector of Osseo, in Hillsdale County, and Elsie Lou Smith of Benton Harbor, Berrien County.

"War with Ohio imminent!" That was the headline for the big news story in the Detroit Gazette on September 3, 1835. Michigan militiamen were marching to the Ohio border in a dispute which was to affect the fate of 18 Michigan counties.

Dr. Sidney Glazer of Wayne University's history department outlines the dramatic Michigan-Ohio "war" in his recently published book, "Michigan, from Primitive Wilderness to Industrial Commonwealth."

The dispute, Dr. Glazer points out, arose over a surveyor's mistake in running Michigan's southern boundary with Ohio six miles north of the line which Congress had intended. The boundaries of Hillsdale, Lenawee, and Monroe counties were involved.

Both states immediately claimed this "Toledo strip" and summoned militiamen to support their claims.

Detroit, Michigan's 28-year-old Governor Mason issued a call for troops from that city and the surrounding infant communities of Ypsilanti, Ann Arbor, Port Huron, Royal Oak, Kalamazoo, Monroe, Mt. Clemens, and Saginaw.

On September 6, Governor Mason marched into Toledo with a thousand men. At the same time Gov-

ernor Lucas of Ohio, having issued a call for 10,000 men, established himself at Perrysburg, six miles south.

For several weeks the armies glared at each other from opposite banks of the Maumee River. Before an actual clash occurred, however, peace commissioners sent by President Andrew Jackson arrived and stopped the dispute. They arranged a compromise was arranged, in which Ohio was awarded the entire Toledo strip. In return, Michigan gained the Upper Peninsula, then part of the Wisconsin Territory.

Little was known of the area, but it was generally considered to be a valueless tract. Not until the discovery of the peninsula's vast mineral and other resources a few years later did the young state realize that it had made one of the most profitable real estate deals in history.

Earlier than the Ohio dispute, Indiana had received a strip of land which, as shown in the map above, was practically a westward continuation of the Toledo strip. Indiana had asked even more than the area shown, and if her more extreme demand had been met, Michigan would have lost most of present-day Eagan, St. Joseph, Cass, and Berrien counties.

Only as Old as You Feel  
In Council Bluffs, Iowa, a 64-year-old woman called the police station to complain that a 10-year-old ex-suitor was making a nuisance of himself by driving back and forth past her house at night, racing his motor in front of her door and shining his headlights into her windows. In Fond du Lac, Wis., Mrs. Jennie Schussman, 79, arrested with Charles Slater, 63, on a charge of drunk and disorderly conduct, explained: "It was our last date."

**Cream Whips Main Street Traffic**  
Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't. Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when he saw the can and started lapping up the cream. Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the lichen had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them.

MICHIGAN MIRROR

(Continued from page one)

In defense of their offices the Justice association states that its members, themselves, have tried to improve the status of Justice Courts. They invite all critics, particularly the Bar Association, to join with them to accomplish the task.

Three plans are listed by the Justices for consideration.

The "Certified Justice Plan," has been defeated by several Legislatures in spite of statements by negative voters that "it's a good law." This plan would set up standards to be met by any who wish to become a Justice; provide a "certifying board" to judge applicant's qualifications. A second plan, offered by Saginaw Attorney John D. MacKenzie, would permit a Justice to handle cases where defendants plead guilty. Not guilty pleas would be handled by a new type court, presided over by an attorney paid on a per diem basis. The Justice would act as court clerk.

Justices cannot be expected to support a third plan which would abolish these courts completely. County courts would be created instead, with judges appointed by the Governor subject to the approval of groups of local attorneys.
