**Bulldogs Win
Season's First
from Lincoln****Will Entertain
Ypsi Roosevelt
Friday Evening**

Chelsea received the opening kick-off and marched 57 yards to score in their game against Lincoln Consolidated school played on the local athletic field last Friday evening.

Don Proctor and Bob Bertke picked up most of the yardage in this, the first victory for the Bulldogs in the current season.

The TD came on a 13-yard pass play from Bud Ringe to Dave Binklin who was all alone in the corner of the end zone. Bertke attempted to run the extra point but failed.

Lincoln came back in the second quarter to tie up the ball game. Bob Reeves bucked over to cap a sustained march. Chelsea's line, headed by Walt Buerle and Bob Keezer, stopped Reeves on his try for the extra point and the score stood 6-6 at half-time.

Lincoln received the second half kick-off and on the sixth play, Jerry Krugger, fleet Lincoln right halfback, broke over tackle, cut back and was away on a 57-yard scoring jaunt. Bill Herdige rammed over for the extra point.

Chelsea came bouncing back however, and late in the third quarter drove to the one-yard line, where they were stopped.

In the fourth quarter, Dan Proctor broke off tackle, and aided by a fine block by Ted Nixon, streaked 21 yards into the end zone. Proctor added the extra point on a pitch-out.

The touchdown run was set up by a brilliant 35-yard return of a Lincoln punt by Duane Downey. Jim Hough and Duane Satterthwaite aided by throwing key blocks. Thus, the score stood tied up at 13-13 midway in the fourth quarter.

At this point Chelsea's defense stiffened, and led by linebackers Ron Satterthwaite and Gary Packard, held Lincoln and forced them to punt.

With the aid of a roughing penalty against Lincoln, Chelsea succeeded in pushing across the winning touchdown late in the fourth quarter on a 20-yard run over guard by Bob Bertke. Phil Bareis threw a key block on the Lincoln safety man to spring Bertke loose. Quarterback Bud Ringe passed to Bareis for the winning point and the score stood Chelsea 20, Lincoln 13.

Lincoln came back with a flurry of desperation passes but time ran out and the Bulldogs had their first victory tucked away.

Improved defensive play, plus better down-field blocking, was largely responsible for the victory. The ability of Chelsea's reserves in the pinch also helped greatly.

This week the Bulldogs entertain Ypsi Roosevelt. Game time is 7:30.

**Booker Named
Vice-President of
Screw Works**

Stuart R. Booker, general manager of the Chelsea plant of Federal Screw Works, has been elected executive vice-president of the company, and Layton J. Steger, who has been in charge of production planning and scheduling in the local plant is one of three new vice-presidents named, according to an announcement by W. T. Zurschmiede, executive committee chairman.

B. L. Norton, formerly vice-president and treasurer of Federal Screw Works, has been made president of the company and other officers named are R. R. Bever, vice-president in charge of sales; R. I. Stanton, vice-president in charge of manufacturing; F. J. Sullivan, re-elected secretary and controller; and W. T. Steger, former president, who has been named board chairman.

Booker will remain at the Chelsea plant most of the time although it will be necessary for him to be in the Detroit office more frequently than in the past.

Steger will continue with his production planning and scheduling job and will also assume some of Booker's former duties.

Bever and Stanton, the other two vice-presidents named, have been with the Detroit plant.

The executive committee of the company has been enlarged to include Booker and Norton.

Stewart, Norton and Booker, officers on the former board of directors, were re-elected and others are W. T. Zurschmiede and Oscar A. Markus, of Detroit, and Robert Webster and Joe Gibson, of Nashville, Tenn.

Principal reason for the new appointments and promotions is to broaden the executive staff to more fully cover the executive duties that the company's growth and anticipated further expansion have made necessary.

At Monday's Kiwanis club meeting in the social center of the Methodist church, Donald Proctor was introduced by Anton Nielsen, club president. Donald showed slide pictures of his trip to England, Wales, France and Germany the past summer as a member of the national 4-H club championship tour-judging team.

Business at the meeting included further plans for the youngsters' Halloween party sponsored by the club, and James Hough, Rev. Thomas Toy, Anton Nielsen and Walter Leonard were appointed to the judging and publicity committee for the event.

It was voted to provide \$30 to be divided into various amounts as prizes for customers' work for the Halloween party. Classes in which prizes are to be offered have not yet been determined.

The party will begin with a parade to start promptly at 6:45 p.m. This will be followed by refreshments of cider and doughnuts around a bonfire on the school grounds and entertainment in the high school gymnasium.

Guests at the meeting included Marilyn Honbaum, the Kiwanis club's float queen in the Community Fair parade; I. O. Shepherd, and Alfred Gross of Dexter; Erwin Klager of Ann Arbor; V. E. Hull, of Adrian; Fred S. Shively of Springfield, Ont.; Rev. Bergman of Manchester; and Luther M. Kusterer.

Rev. D. Kinds, pastor of the Chelsea Methodist church, a former member of the Iyon Mountain Kiwanis club, became a member of the Chelsea club Monday.

William Rich, an engineer at Chrysler Proving Ground, transferred his membership from the Lansing club to Chelsea.

PARKING METERS—Nickels and pennies may become even more scarce than usual in Chelsea now that parking meters have been installed and are ready for operation. To Dr. Parker Sharrard goes the honor of depositing the first coin in the local meters Monday morning. Village President Anton Nielsen happened along at just that moment to observe the operation, as shown in the picture above. Meters are located on Main street from Jackson to Orchard streets, and to the alleys on South, Park, East and West Middle streets. In accordance with an agreement with the installing company, the service will call for no initial outlay of cash by the village as they are to be paid for by sharing the proceeds on a 50-50 basis until the purchase price is paid. Village police officers will start enforcement of parking regulations beginning Monday morning, Oct. 19, according to their statement.

**Ceremony Marks Beginning
of Courthouse Construction**

Ground-breaking ceremonies on the southeast corner of the Courthouse lawn in Ann Arbor Friday afternoon marked the official beginning of the construction of a new courthouse.

The first shovel of earth was turned by Thurlow Sanford of Milan, in his capacity as chairman of the Board of Supervisors. He used a bronze painted shovel.

Sanford spoke briefly and John G. Sterling, Dexter township supervisor, offered prayer. Text of Sanford's talk and Sterling's prayer are to be included in the items which will be placed in the cornerstone of the new building. Cornerstone laying ceremonies are expected to take place in February or March of 1954.

In his talk, Sanford stated that untold efforts have been put forth since 1935 toward the goal of constructing a new courthouse, and that he is confident the new building will serve the needs of the county for many years to come.

County Clerk Lucella M. Smith was named to act as chairman of a committee in charge of arrangements for the cornerstone laying ceremony and for dedication of the new building when it is completed. County department heads and the chairman of the Board of Supervisors are to be members of the arrangements committee.

Authority was also given the building committee to open the cornerstone of the present building and take charge of the contents for safekeeping until they are re-sealed into the new cornerstone.

Present at the ground-breaking ceremony Friday were members of the Board of Supervisors, county officials, and contractor representatives.

William R. Kelley, East Ann Arbor supervisor, as chairman of the post-war building committee of the Board of Supervisors, introduced those who took part in the ceremony.

At 4:15 p.m. Thursday, the Chelsea Fire department was called to the east of the building on West Middle street formerly occupied by Air Hydraulics, Inc., and now used for storage purposes by Argus Cameras, Inc. Rubbish accumulated under a concrete loading dock had become ignited in some unexplained manner. The dock and building remained undamaged.

Saturday afternoon, at 2:55, the fire department was called to assist the Dexter department when a large barn and strawstack on the Fred Knickerbocker farm, on Gross road, burned. The fire had gained such headway by the time firemen were called that it was impossible to save the building. Firemen concentrated their efforts on preventing other farm buildings from being burned. The barn was full of hay.

Thursday night, shortly after midnight, Chelsea firemen made a run to 19024 Pleasant Lake road in the Manchester area, to help Manchester firemen. A large barn on the place, a garage, grainary and hog shed, together with 1,700 bushels of grain and an automobile, were completely destroyed.

**School Bond Issue
Will Be Submitted
to Vote on Oct. 29****Urgent Need Seen
for Additional
Grade Facilities**

A \$198,000 bond issue and proposed tax rate limitation will be submitted for approval to electors of the Chelsea Agricultural Schools school district Oct. 29. It was decided at a meeting of the School Board Tuesday evening. The bond issue, if approved, will provide funds for immediate construction of an eight-room elementary school on an 8.96-acre site known as the Holmes property on McKinley road.

A three-month option has been secured on the site.

At the same time electors will be asked to approve a limitation on the total amount of taxes which may be assessed against all property in the district by three-tenths of one per cent (0.3%) of the assessed valuation, as equalized, for a period of 20 years, from 1964 to 1978.

Both propositions must be approved if the issue is to carry.

To vote on the tax rate limitation, one must be a citizen of the United States, above the age of 21 years, and have resided in the state of Michigan six months and in the school district 30 days next preceding the election.

To be eligible to vote on the bond issue there is the additional requirement that one must have property assessed for taxes within the school district or be the lawful husband or wife of a qualified voter of the district having property so assessed.

The resolution to submit the issue to electors of the district on Oct. 29, was passed unanimously at Tuesday's meeting.

The resolution preamble states that the Board of Supervisors "it is necessary and expedient to erect and furnish an additional elementary schoolhouse and acquire a site therefor."

In studies carried on the past two months, tentative plans for a new school have been examined and various sites have been investigated. A preliminary site survey was completed and a preliminary plat of the site has been filed with the county clerk.

The School Board has stated that early approval of a bond issue is vital if the children entering school next fall are to be provided classroom facilities. They cite the extra sections in all lower elementary grades in the present school as an indication of the additional facilities which are necessary.

Polls will be open from 10 a.m. until 8 p.m. on the specified election date.

This means that 3 mills or \$3 per \$1000 of valuation, as equalized, will be the amount of the tax rate which may be levied the first year or two until the reserve fund is built up. As soon as this reserve fund is built up, the tax rate will drop to \$1.50 or \$2 per \$1000 of assessed valuation, according to present indications and following the pattern of the present elementary school bond levy.

In planning an eight-classroom elementary school north of the New Vase Centre elementary school, the School Board is following the advice of experts from the state Department of Public Instruction, the School of Education and the College of Architecture and Design at the University of Michigan.

Mills Wilbur, educational consultant with the Michigan Department of Public Instruction, C. F. Lehmann, of the School of Education, and C. Theodore Larson, professor of architecture at the University of Michigan, all agreed, after separate investigations, that the present high school building should not be converted to elementary school use. Such suggestions have been made in recent weeks by some individuals in the community.

Mills Wilbur, in a letter to the Board of Education, said, "Converting the present high school building for high school purposes only as long as is absolutely necessary, it would appear that the present high school building is both structurally unsafe and a definite fire hazard. Under no circumstances should children of elementary school age be placed in a building of this kind. It would further appear that any suggestion of converting this building to be used only at a cost far in excess of the value of the building. Also, the site is much too small for either a high school or an elementary school and should be abandoned as quickly as possible. It will probably be necessary, however, to continue using this building until the bonds on the present elementary school are paid off. It would further appear that the bonding capacity of the district may be freed to finance the construction of the new high school building. Under present prices a 500-pupil secondary school would probably require an outlay of close to \$1,000,000."

Lehmann and Larson's recommendations were substantially the same, Larson concluding his letter as follows: "I should also like to recommend that you take steps to build a new high school eventually."

The northside elementary school appears to be your most urgent immediate need and I believe this should be given top priority in your school building program. A few more years of service can be squeezed out of the present high school but as soon as possible I think you should abandon this plant entirely in favor of a new high school on a new site."

Members of the School Board have indicated that plans for a building and site fund for the purpose of acquiring a site and erecting a high school building will be brought before the people of the Chelsea district at an early date, in line with the recommendations made by the three educational and architectural experts consulted.

The need for immediate provision for additional elementary facilities is shown by enrollment figures for the past four years which show an increase from 349 to 544 pupils in grades kindergarten through sixth.

Three classes have been held the past month in the all-purpose room at the elementary school. This has proved unsatisfactory, however, and one of the classes is to be moved elsewhere, probably into the kitchen.

Total school enrollment, as of Oct. 2, 1952, in kindergarten through grade 12, is exactly 900, as compared to 657 in 1949.

Increase in high school enrollment is only 48 in the four years since 1949.

Increase is greatest in the first grade where 102 pupils are enrolled. It has been pointed out that this age group will reach junior high school age in 1959 and senior high school grades in 1961. In the meantime, unless additional elementary facilities are provided, these pupils will be attending school under badly overcrowded conditions.

The fire was discovered when Mrs. Beach went to the attic for something and smelled smoke. She called her husband and when they found the blaze went to work immediately with fire extinguishers. They kept the fire from spreading until firemen arrived.

Mr. and Mrs. Beach commended the Chelsea firefighters for their prompt response and for their efficient work in keeping damage from fire and water to a minimum.

It is believed a spark from the chimney started the blaze which burned the shingles on a spot approximately six feet square. The rafters were not burned.

Water damage was confined to an upstairs clothes closet and an adjoining bedroom ceiling.

**PROMPT ACTION
Averts Serious Fire
Damage to Home**

Timely discovery of a roof fire at the Leach Beach home on the Chelsea-Dexter road, and prompt response by the Chelsea Fire department after receiving the call, prevented serious damage to the home Saturday morning.

OVERSIZE POTATO

On Thursday of last week Ed. Chandler was displaying a potato, grown in his own garden, that was large enough to provide a meal for an average family.

The potato weighed a full pound and ten ounces.

George Heydlauff is a member of the varsity football team at Western Michigan College, Kalamazoo, for the second year. He saw considerable action on defense last year and since the new ruling went into effect regarding substitutions, he is rapidly learning offensive play and shows promise of seeing plenty of action. He is a graduate of Chelsea High school where he starred in football, basketball, and baseball for four years and was named to all-league teams.

Western Michigan will play Toledo on Saturday and George's parents, Mr. and Mrs. Lloyd Heydlauff, plan to attend the game.

NEW TRUCKS ORDERED—The Washtenaw County Road Commission has purchased seven new road trucks to replace those in use since 1940 which have each had approximately 200,000 miles. In use since 1940, the trucks were for GMC vehicles, of use. Contracts for four of the trucks were for GMC vehicles, and three for Internationals. The five-ton trucks, together with their road scraping and snow plow equipment will cost approximately \$50,000. Howard Minier, manager of the Washtenaw County Road Commission, said the replacement of the old trucks

is one step in the plans for modernization of all county road equipment. The seven trucks turned in on the purchase of the new ones, some of which are shown above, with their drivers, were purchased in 1940 to replace the old Packard trucks that had been in operation since 1920. Two of the new trucks will be working out of the Chelsea yards of the county Road Commission and will be operated by Oliver Walker and Vernon Satterthwaite, Minier said.

CHILD STUDY CLUB

Mrs. Richard Riemenschneider
opened her home for the Chelsea
Child Study club meeting Tuesday
evening when 20 members and
three Cub Scout den mothers were
present.

During the business session Mrs.
William Blaess, Mrs. Hugh Soren-
son, Mrs. John Alber and Mrs.
Nelson Kreider were named as
delegates to the state Child Study
club convention at Alma on Nov.
4, and Mrs. John Pilkington was
accepted as a new member of the
club.

The meeting was then turned
over to the Cub Scout committee,
Mrs. P. E. Sharrard and Mrs. Karl
Koenigster, who acted as leaders
in a discussion with the Cub Scout
den mothers present regarding
what the club, as sponsors of the
Cub Scouts, might do to help
them. The three den mothers who
participated are Mrs. Hazel Biles,
Mrs. Eleanor Freiligh and Mrs.
Carolyn Brooks.

Refreshments were served at the
close of the meeting by Mrs. John
Stoer and Mrs. Malcolm Bruce.

Engagement Told

Mr. and Mrs. William K. Stark
of Rogers, Conn., announced the
engagement of their daughter,
Wilma Jean, to Durwood Beatty of
East Lansing, at a family dinner
at their home Sunday.

Guests at the dinner included Mr.
Beatty's parents, Mr. and Mrs.
John Beatty, of Otter Lake, and
the Starks' son and his wife, Mr.
and Mrs. Leonard Stark, of Pitts-
field Village.

The bride-to-be is a junior at
Michigan State College and is ma-
joring in elementary education.

Mr. Beatty is a graduate student
there and is working on a master's
degree in agriculture.

The couple has not set a wedding
date.

WOMAN'S CLUB

Michael P. Church, supervisor
of special projects with the Ex-
tension Service of the University
of Michigan, speaking on the topic,
"How To Look At A Painting,"
told Woman's Club members and
their guests Tuesday evening that
there are several approaches to
looking at paintings. He said most
people see only what they are
prepared to see and fail to note
any special meaning to themselves,
especially in unfamiliar works.

He explained that people usu-
ally like what they know about and
understand and therefore should
learn facts about any picture they
plan to see before they look at it.

Most work in the world, Mr.
Church said, is repetitive but an
artist, when he has completed a
painting, can say "This is done."
I have completed something."
He mentioned the many fine re-
productions of art works in pres-
ent-day magazines and a study of
these reveals, he said, that ap-
proximately 60 per cent of all art
reproductions are of American
origin.

Movies shown by Mr. Church in-
cluded one showing the entire pro-
cess of painting a mural, by the
artist, Thomas H. Benton, and an-
other showing the art of water-
color painting.

He closed the program by show-
ing color slides of works of old
masters.

The meeting was held at the
home of Dr. and Mrs. J. V. Fisher
and was attended by 75 club mem-
bers and guests.

Hostesses were Mrs. William
Storay, Mrs. Sallie Smith, Mrs.
Archie Wilkinson, Mrs. H. T.
Moore and Mrs. Francis Smyser.

Prescription Pharmacists

Some people go years without much attention to health. Others may need the Doctor on hand to start the day—every day. Between these two extremes are great numbers of thinking people caring for their health in an orderly manner.

They see their Doctor at regular intervals for guidance. They take the medicine he prescribes according to direction. They report unusual symptoms promptly. All these are common sense precautions and intelligent steps in health care, as is the practice of bringing your Doctor's prescriptions to this fine pharmacy.

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week. His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown: "Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a

lot of folks—one fellow even wanted to buy it!" From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts" especially about the other fellow's business. Whether it's art or music, or a simple thing like shoes, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

When you want to GO
You want DYNAFLOW
(We mean T.T. Dynaflow!)

THE GREATEST BUICK IN 50 GREAT YEARS

No doubt about it—as thousands of prideful owners will tell you.

When you press the pedal of a 1953 Buick with Dynaflow, you move.

You move with instantly responsive getaway, with great quiet, with truly infinite smoothness. You move in this special and spirited and soul-satisfying manner because you're bossing Twin-Turbine Dynaflow—where two turbines, instead of one, now turn out the magic.

We can put pictures before you to show how TT Dynaflow delivers its sensational performance and flowing-oil smoothness. And we will, if you ask.

But surely you ought to take the wheel of a 1953 Buick with this big-thrill wonder drive and let your own sensations tell you how wonderful it is. You ought to try it for getaway, for cruising, for

suave deceleration—for the sheer and restful comfort it gives you every step of the way. And, very definitely, you ought to try it for the power that goes with it...

For the highest horsepower and compression ratios, Series for Series, ever placed in a Buick—including the power of the world's newest V8 engine in every SUPER and ROADMASTER.

Why not come in and try out this terrific performance team of Buick power and TT Dynaflow? We're ready, willing and eager to show you what you've been missing—and how easy it is, price-wise, to have it. Can you drop in on us for a no-obligation sampling—this week?

Mrs. Dean R. Fritz

Ann Arbor Girl, Dean Fritz, Are Wed Saturday Evening

A wedding of interest to Chelsea friends of the bridegroom's family was solemnized at 7:30 p.m. Saturday in St. Paul's Lutheran church, Ann Arbor, when Carolyn Marie Boyer became the bride of Dean R. Fritz.

The bride is a daughter of Mr. and Mrs. Harold E. Boyer of Ann Arbor, while Mr. Fritz's parents are Mr. and Mrs. Reuben Fritz of Steinbach road.

The double-ring, candlelight ceremony was performed by Rev. Carl A. Brauer.

The bride's gown of white satin and Chantilly lace featured a front skirt panel of accordion-pleated net. The v-neckline of the fitted, long-sleeved bodice was finished with a stand-up lace collar. Her veil was of illusion and she carried a white orchid and lily.

Her sister-in-law, Mrs. James R. Boyer of Ann Arbor, was matron of honor and Elaine Fritz, the bridegroom's sister, and Shirley Boyer, of Detroit, cousin of the bride, were bridesmaids. Patricia Ann Boyer of Detroit, another cousin of the bride, and John Fritz, brother of the bridegroom, were flower girl and ringbearer, respectively.

Richard Kolander, best man, and Milo Vogel, Duane Nimke, David Knercher and Lloyd Kazmaier, ushers, are all of Ann Arbor.

The matron of honor and the bridesmaids wore gowns of net and lace over taffeta with taffeta jackets and matching headpieces. They carried bouquets of chrysanthemums.

Mrs. Boyer was in dark green net and lace over mint taffeta, while Miss Fritz and Miss Boyer wore coral tinted gowns.

At the reception which was held immediately after the ceremony in the church parlors, friends of the bride assisted. These included Mrs. Richard Pope, Mrs. John Keeney, Helen Kipfmeier, Patricia Williams, Shirley Swoyerland, Patricia Keeney and Judy Benge, all of Ann Arbor.

Both the bride and bridegroom are graduates of Ann Arbor High school. The bride is employed at the Ann Arbor Bank and the bridegroom works with his father.

The couple will live at 5121 Plymouth road, Ann Arbor.

When the couple left for a two-week trip the bride was wearing a dress of black and white check material trimmed with black velvet. Her traveling outfit included red accessories.
