Some people go years without much attention to health. Others may need the Doctor on hand to start the day—every day. Between these two extremes are great numbers of thinking people caring for their health in an orderly manner.

They see their Doctor at regular intervals for guidance. They take the medicine he prescribes according to direction. They report unusual symptoms promptly. All these are common sense precautions and intelligent steps in health care, as is the practice of bringing your Doctor's prescriptions to this fine pharmacy.

ANNOUNCEMENT

We of the Washtenaw Farmers Oil Company are very happy to announce the appointment of Mr. Jeddie Staley as our manager. Mr. Staley will succeed Mr. W. P. Brown who has been our manager for the past eleven years. Mr. Brown will now devote his entire time to the managerial duties of the Ypsilanti Farm Bureau.

We fully expect that by the addition of Mr. Staley to our staff we will be able to better serve our many hundreds of customers throughout Washtenaw County in both the rural and urban areas.

To all of our patrons, we are very deeply appreciative of the cooperation and patronage you have given us over the last twenty years. Without these two very important factors our cooperative oil company would not have been able to grow and expand our services.

We confidently look to the future with the thought that we will be able to serve you more efficiently than we have in the past. With this thought in mind we have just recently purchased a three-acre tract of land at the corner of US-23 and Morgan Road and have moved our bulk plant to this location, installed new handling equipment and have more than doubled our handling capacity.

Don't let
a used car's price tag
Blind you!

Remember! It's where you buy that counts. Check the price, of course. But check the dealer, too!

An unusually "good deal" on a used car is not necessarily a good value. But we Ford Dealers can put rock bottom price tags on A-1 used cars because we don't depend upon used car profits to stay in business. We sell used cars mainly as a service to our customers who trade them for new cars. Naturally, we must keep these used cars moving to make room for the constant stream of trade-ins we get.

We know it pays to play square with you. We want your good will... your service business. And, some day, we want to sell you a new car or another used car. So our good reputation rides with the used cars we sell. When you can trust the dealer, you can trust the used car, too.
