State-Wide Tid Bits

Sharpened political axes were hacking away even before Gov. Williams completed his address to the 50th session of Michigan's legislature.

Some people considered the speech itself a rather keen weapon. The governor dealt, he said, with only the most pressing problems, including "prosperity" in 1954 for Michigan citizens. Other needs, among them education, would be called to the lawmakers' attention in subsequent addresses.

Immediate objections were voiced by Republicans to the governor's implying credit for the balanced budget. They recalled that he permitted the business receipts tax, which brought in the required revenue to attain financial balance, to become law. But he did so without signing the bill and with plain spoken misgivings.

Major fields and proposals in the governor's address:

Agriculture: A \$500,000 marketing program; better promotion of Michigan products.

Industry: Increase unemployment insurance to 60 per cent of prevailing average wage (\$2.30 per week) plus \$1 per week for each child; lengthen payment period from 20 to 28 weeks. Increase workmen's compensation and disability insurance payments. Set minimum wage at \$1 per hour.

Small Business: Legislation to permit the formation of a privately financed company to supply venture capital and aid to small enterprises.

Tourist Industry: Set aside income from mineral, oil and gravel deposits on state land to help support parks. Improvement of conservation programs.

San Lawrence Waterway: Michigan needs it; urge Congress to provide it.

Old battles can be renewed over the governor's remarks about the highway program. He charged, as he did months ago, that the highway commission has not made use of all federal money it had available.

On that occasion Highway Commissioner Ziegler produced letters from Washington and numerous auditors to show that Michigan had allocated all such funds.

Ziegler was more than mildly irritated with the governor's remarks. Labeling the charge "political chicanery," Ziegler indicated Williams knew he was misrepresenting the facts.

One million dollars a day is required to operate the state of Michigan during the coming year, according to the budget message of Gov. Williams.

Study of this proposal is the key problem of lawmakers during the session which opened Jan. 18. Estimated amount outlined by the governor is \$365,641,568.

"No deficit financing is needed," predicts the governor, "unless unforeseen situations arise." This is one point agreed upon by the leaders of both parties. It is extremely unlikely that the appropriation measures passed by legislators will show deficit. Neither side would relish the blame for planning a deficit.

Last year's budget message proposed expenditures of \$345,401,700. The legislature worked this sum down to \$338,639,002 before giving approval. The new proposal is eight per cent higher. (About \$27 million more than was requested in the previous message.)

About 40 per cent of this increase is required by law under the sales tax diversion amendment and will be allocated as increase aid to local school districts.

Other major factors responsible for increased appropriation recommendations include: higher college enrollments; additional beds in mental hospitals; inescapable improvements in our correctional system; and additional efforts in respect to tuberculosis, said Governor Williams.

"Four functions account for \$25.1 million, or 85 per cent of the increase in the General Budget: Education—69%; Mental Hygiene—10%; Corrections—8%; Public Health—6%."

Tradition and color have developed as part of convoking ceremonies for Michigan's legislature. First session is usually brief, in (Continued on page four)

Girl Scout Leaders
Training Course
Will Be Offered Again

A Girl Scout leader training course will be conducted here again this year, according to an announcement by the Chelsea Girl Scout Association. A similar course given here last winter has proved its worth as preparation for an approximate 40 per cent increase in Girl Scout membership during the past year.

Anticipated further increases in membership point to the necessity for more adult leaders and anyone who can devote some time to the work and is willing to volunteer her services may contact the Girl Scout Association president, Mrs. Lewis Barnhart, and be prepared to attend the leadership training course.

The course will be taught by Mrs. Francis Smyser, who also conducted last year's course. Sessions will begin Feb. 1 and will be held each Monday evening for four successive weeks.

Team Loses
Dundee GameAll-Senior Group
Proves Value of
Athletic Experience

Chelsea High school's basketball team suffered its first defeat of the season when they lost to undefeated Dundee by a score of 60-51 last Friday evening.

Dundee Coach Vince Sigman started an experienced all-senior five against Chelsea coach John Magiera's all-veteran, predominately junior five (four juniors and one senior), and proved that experience is still very important in most athletic contests, but especially so on the high school level.

Dundee's control of both backboards and right-man-for-man defense, which made Chelsea work hard for all of its baskets, was the difference in the ball game.

The Bulldogs, with Bob White, Bob Bertke, and Neil Buehler contributing scores, took a 10-9 lead at the end of the first quarter.

Bruce Hoffman opened the scoring in the second period with a set shot from the corner, to give the Bulldogs a 12-9 lead. Then Bob Lowe, the 6'2" Dundee center, scored six points, on a field goal and four free throws, to give Dundee the lead they never relinquished.

In this quarter Bruce Hoffman's 11 points, on five field goals and a free throw, kept Chelsea within striking distance of Dundee, but Bob Lowe overshadowed Bruce in this period with his four field goals and five out of five free throws to give Dundee a 31-25 half-time lead.

In the third period Dundee outscored Chelsea, 13-9, to take a 44 to 34 lead at the three-quarter mark.

Dundee maintained a 10-point lead throughout most of the fourth period. Chelsea outscored Dundee 17-16 in this quarter, to cut the lead to six points at the end of the game. The final score read Dundee 60, Chelsea 51.

Chelsea made 20 out of 49 field goal attempts for a 40.8 per cent average, and 11 out of 22 free throw attempts. Dundee hit 18 out of 42 field goal shots for a 42.9 per cent average, and 24 out of 36 free throw attempts.

High-point men for Chelsea were Bruce Hoffman, 19 points; Bob White, 12, and Neil Buehler, 11.

This defeat dropped Chelsea to second place in the Huron League standings.

The Chelsea Bulldogs also had their six-game win streak snapped by the undefeated Dundee reserves, by a score of 46-32. Donald Mahar, with 11 points, and Fred Hoffman with 10, paced the Chelsea Bulldogs.

On Friday, Jan. 22, the Chelsea teams will play host to Milan. The reserve game starts at 6:45 p.m.

Fire Department

At 8:45 a.m. a run was made to the John Sexton home on US-12 east of Dancer road. Flames coming through the registers from an overheated furnace when firemen arrived, were quickly brought under control. There was some smoke damage.

The second call of the day was at 8:10 p.m. to the home of Mrs. Mary Kniss, 185 Dewey street, where the motor on a furnace blower was burning.

Mr. and Mrs. Paul Pierce, Mr. and Mrs. Charles Wortley and Mrs. David Mohrlock were in Detroit Sunday to visit Mrs. Henry Mohrlock who is staying at the home of her daughter, Mrs. Lawrence Hovey, and family.

3rd Armored Division, Fort Knox, Ky.—Pvt. Frederick A. Weber, 22, son of Mr. and Mrs. William Weber, 221 Congdon street, Chelsea, has completed eight weeks of Army basic combat training conducted by the 3rd Armored Division at Fort Knox. He spent a 10-day furlough at his home and left for Camp Aberdeen, Md., where he reported Jan. 13 for additional specialized training.

He is to make a complete study of the village lighting situation and present his report at the February Chamber of Commerce meeting.

Approximately 30 members and guests were present for the dinner meeting held in the Congregational church dining room.

Clinton 'Oil Boom' Appears To Be Fading

The "oil boom" at Clinton which brought representatives of as many as 10 oil companies as far as the Chelsea area in their efforts to secure mineral rights on farm property, now seems to be ending in disappointment.

The only oil found in the entire area, to date, is in the first well on the Charles Curtis farm near Clinton, where oil was struck last month.

Other wells drilled in the area have all proved dry but oil men have said this is no indication there is no more oil in the area. They claim the oil pool could be in another direction than the south, northeast and southwest sections where the dry wells have been drilled.

Road Commission
Sets Aside \$40,000
as 'Match Money'

The Washtenaw county Road Commission opened the way for preliminary preparations for the so-called township "match money" program for 1954 when at Friday's meeting of the board \$40,000 was set aside for the purpose.

The sum will be divided between the townships of the county in amounts to be agreed upon in conferences between the township boards and the Road Commission.

Each township agrees to match the share allocated to it, dollar for dollar out of township funds, for road work to be done.

Actually, townships have often appropriated more than the actual matching amount so that road improvement work under this plan has amounted to a total of from \$100,000 to \$140,000 annually.

In order to take advantage of lower bids which are believed possible if contracts can be let early in the year, township boards are being contacted this month to arrange meetings with the Road Commission in February.

According to the plan this year, arrangements will be made to meet with six township boards each week. At this rate all conferences will be concluded in time to advertise for bids for all the work at one time.

The invitations to the township boards to go to the Ann Arbor office for the conferences were planned to take the place of the time-consuming and somewhat unsatisfactory method of touring the roads with the Road Commission manager, which was the custom in past years.

Anti-Rabies Dog Vaccination
Clinics Scheduled Next Week

Next Thursday, Jan. 28, from 7 until 9:30 p.m., the annual anti-rabies vaccination clinic will be held in Sylvan Town Hall.

In Lyndon township the clinic will take place Friday, Jan. 29, from 7 until 8:30 p.m. in the Lyndon Town Hall.

The clinics are sponsored by the Washtenaw county Veterinary Medical Association and the County Health Department. They will be held in various locations throughout the county this week and next week. The first of the clinics was scheduled for Tuesday, Jan. 19, from 4 until 8 p.m. in the Armory at Ann Arbor.

At Dexter in the Fire station the clinics will be held from 2 until 5 p.m. Saturday, Jan. 23, and at Manchester there will be a clinic Wednesday, Jan. 27, from 4 until 8:30 p.m. in the town hall.

The county veterinarians and health authorities have stated that this jointly-sponsored program of rabies prevention has practically eliminated mad dogs in Washtenaw county. The county's first mad dog report since the anti-rabies clinics were started in 1948 was received Jan. 9, 1954, according to County Health Department reports.

The dog, a Springer Spaniel, was the pet of George Schindler of Ann Arbor, RFD 3. It was believed the dog was bitten by a rabid dog brought into the county during the hunting season.

Another mad dog report, the second in five rabies-free years in the county, was reported this week. The dog, a black and white pointer, was reported against the disease, but had received the shot more than a year ago. Annual vaccinations are recommended.

The dog, a spaniel, is owned by Glenn Morard of East Joy road, east of Ann Arbor.

The county Health Department requires dog owners to have their dogs vaccinated before Feb. 28—a compulsory license can be purchased. This applies to all dogs except those in commercial kennels. Dog licenses must be secured by March 1.

The clinic fee for anti-rabies vaccination is \$1.50.

Sgt. Earl J. Buku, who had been listed as missing in action since Dec. 15, 1950, has now been pronounced dead, according to word received by his father, John Buku.

Sgt. Buku was declared missing following a "heavy fighting" near Sangyang-ni, North Korea, early in December, 1950, and nothing had been heard from him since.

He had re-enlisted in the army after completing a three-year enlistment in July, 1950, and was home on a 60-day furlough.

On completion of his furlough he was sent to Korea, and had served there approximately three months when he was reported missing in action.

Born, June 15, 1930, he was a son of John Buku and the late Marian Gentner Buku. His mother died Jan. 21, 1952.

Sgt. Buku's sister, Viola, was killed in an automobile accident Dec. 5, 1953.

Survivors, in addition to his father, are two brothers, David and Edmund Buku; a half-brother, James Gaken; his maternal grandmother, Mrs. Edmund Gentner; the paternal grandfather, John Buku, Sr., of Manchester; and a number of aunts, uncles and cousins.

Volunteers Will Man
Mile-of-Dimes Board
Friday, Saturday

Friday and Saturday, Jan. 22 and 23, the "Mile-of-Dimes" board on which contributions for the 1954 polio fund may be placed, will be in its usual place at the Chelsea State Bank. Women of the community have volunteered to be in charge of the board the two days under the direction of Mrs. Hugh Sorensen, campaign chairman.

Dime cards for March of Dimes contributions to the 1954 campaign for polio funds, mailed to all homes in the community the first week in January, are now being returned and show contributions are slightly under last year's total for the same period.

According to a report from Mrs. Sorensen, the first week's contributions, as computed Friday, Jan. 8, amounted to only \$38.00 as compared to last year's \$137.50. The second week, ending Jan. 15, showed an increase of approximately \$38 over last year's second week. The amount received for the week ending Jan. 15, 1954, is \$140.90, while the 1953 amount was \$104.30.

Total receipts from the dime cards, to date, are \$226.90, while last year's total for the two weeks was \$241.80.

Mrs. Sorensen looked for increased returns on the dime cards this week since announcement that the cards may have left at Chelsea State Bank. No postage is necessary when the filled cards are left at the bank. Those that are mailed in the usual way, however, must have stamps affixed.

Next Thursday, Jan. 28, the Mothers' March will be featured as a highlight of the campaign. Members of the Chelsea Child Study club, under the chairmanship of Mrs. E. J. Sutter, will visit each home in the community where a porch light is lit, signifying that the occupants desire to make a contribution.

Last year the Mothers' March accounted for contributions of approximately \$800. The club hopes to better that total this year.

Because of the increased need for funds to finance tests for the new polio vaccine perfected by Dr. Jonas Salk, in addition to the amount needed for polio cases, Mrs. Sorensen and all chairman of the county are trying to raise additional money in all phases of the 1954 campaign.

Last year \$3,900 was raised in the Chelsea March of Dimes campaign.

formal. A little like opening day of school after summer vacation. Legal requirements of the legislature's start are conformed to, organization gets underway. Its "house" in order, the governor is "called in" for his address. This speech bears the same relationship to state government as the United States President's "State of the Nation" address does to federal government.

Special chairs are crowded into the House of Representatives chamber so that Senators, members of the Supreme Court in their official robes and other high officials can be present to hear the governor speak his opinions on what laws and appropriations should be made.

In following sessions, the legislature is expected to consider subjects set forth in the governor's message and propose measures to deal with the problems he outlined.

Before the session begins certain key dates are agreed upon, and Mrs. Henry Zeitz.

These include the closing date, final date for submitting bills and a day by which committees but recommend action on all bills under its jurisdiction or permit them to "die."

Closing date of this session is set for April 9.

Legislators have until Feb. 16 to introduce bills. After that date whatever business is submitted will go through the legislative machinery.

There was talk at one point that this would be a short session. But now predictions are that 1,000 bills will be submitted. This is more than can be properly considered in the time allotted.

Free Booklet on Bicycle Safety To Be Distributed

The National Police Traffic Safety Institute has announced the publication of a new bicycle safety booklet, "The Thrill of Balance." Chief of Police George Doe received word from the Institute today that the booklet would soon be available locally to all children in the elementary grades of Chelsea.

The issuance of this multi-colored, cartoon-style instruction booklet marks the second safety booklet to be published by the National Police Traffic Safety Institute. The first, "The Thrill of Power," has been heralded by all who have seen and read it as a progressive step in educating young drivers in the proper methods of handling a car, the chief said.

"The Thrill of Balance" is the same type of booklet but it deals exclusively with bicycle safety. According to Chief Doe, it has been published to make the youth of America aware of the consequences of careless bicycle riding, and to bring to their consciousness the importance of bicycling safety to preserve life, limb and property.

Chief Doe said, "Every year many youngsters ride their bicycles to injury and sometimes death. The National Police Traffic Safety Institute, of which I am a member, hopes to avert these tragedies by making available 'The Thrill of Balance' booklet which teaches youngsters the do's and don'ts of bicycle riding. I hope that every youngster in this area will read 'The Thrill of Balance' when it becomes available in this community, and follow closely all of the good advice contained in this interesting booklet."

The booklets will be distributed through arrangements with school authorities.

Their names are Raymond Doering, Barbara Lixey, Thomas McLanahan, James Patterson, Penelope Murphy, Diana Wahl, Drinda West, and Audrey Wengren. After a little more effort others may soon join these in their accomplishment.

Central to Spend \$115 Million To Keep Tracks in Tiptop Shape

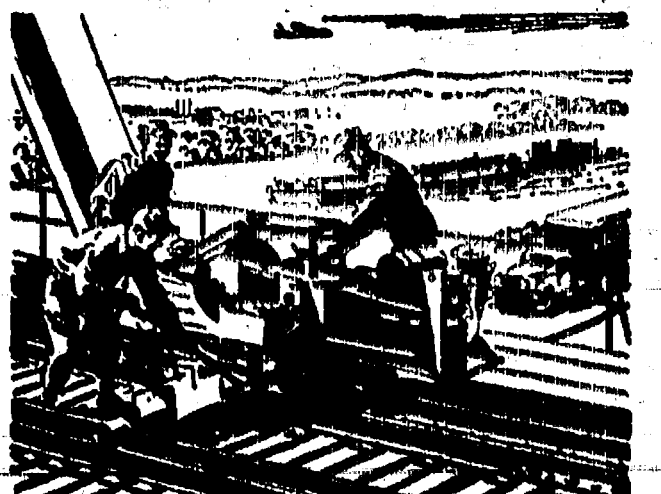

1 NEW RAIL BY THE MILE, more than 76,000 tons of it, will go down along the famous Water Level Route in 1954. And that's just one item in New York Central's program for improving its all-weather steel highway. A program that will total over \$115,000,000 this year!

2 MACHINES MAKE DOLLARS DO MORE. This one picks up, cleans and replaces rock ballast under a mile of track in less than an hour. It saves days of old-time handwork. And it assures you a clean, well-drained, easy-riding roadbed when you ship or travel by New York Central.

3 MACHINES MAKE BETTER JOBS, TOO. Pulling out worn ties was once a slow, back-breaking job. Today, two men with this power puller can pluck out an eight-foot, 200-pound tie in seconds. This year, Central is investing \$2,000,000 in such efficient machines that make work easier.

4 YET YOU PAY NO TAXES on all this, as you must for tax-supported airways, waterways, and highways used by big, inter-city trucks. Only your Railroad builds, maintains, and pays taxes on its roadway. Yes, top transportation that pays its own way is the CENTRAL IDEA!
