State-Wide Tid-Bits

Supporters of a proposed half-billion dollar bond issue to build new highways in Michigan are singing the blues.

The current Highway Department scandal has just about shattered all hope for approval of the \$500 million bond issue this year. Maybe forever.

Sen. Joseph P. Cloon (R-Wakefield) and four other senators, including a Democrat, sponsored Constitutional Amendment resolution in January to place the bond issue question on the ballot in the Nov. 2 election.

The resolution appeared to have a good chance to get through the houses. Preliminary plans were launched to finance a campaign for the resolution if it got on the ballot.

Everyone seemed confident the voters would approve the bond issue which was to be retired from gasoline tax revenues.

Then it happened. On the Highway Department's Grand Repeal right-of-way division were no longer rumors.

At first supporters of the Cloon resolution told everyone the Western Michigan affair would "blow over."

The Senate Taxation Committee held a public hearing on the proposal. Everyone agreed Michigan highway system could become the nation's finest for \$500 million.

After the hearing, several Taxation Committee members said they were ready to report out the Cloon proposal immediately.

But a couple of days later, the Western Michigan scandal got worse. Instead of being a "blow over," as everyone hoped it would be, war-panies were issued against two former right-of-way buyers.

As the investigation grew, chances for approval of the Cloon proposal of the bond issue's supporters still hope it may get on the ballot. But others, including several sponsors of the resolution, admit privately that it probably will die. One Senator put it this way: "I'm afraid the voters would be reluctant to give the Department \$500 million after reading in the newspapers about all of these alleged irregularities."

"The highway scandal couldn't have come at a worse time."

The size of Michigan's State Police force may be increased by at least 50 troopers by the Legislature. That's the hope of a member of the House Ways and Means Committee who asked that his name not be used.

State Police Commissioner Joseph A. Childs has asked for about 100 new men while Gov. G. Mennen Williams recommended increasing the size of the force by at least 100.

An increase of 50 men would raise the size of State Police to about 750. Most of the new men would be used to patrol highways.

Michigan's new medium security prison probably will be built at Ionia despite a recent recommendation six other possible sites. The Legislature must decide whether it will be a 600, 800 or 1,200 inmate institution and also (Continued on page 10)

Lutheran Women Hold District Meet at Zion Church

The Tri-River Group of the Michigan District of the Women's Missionary Federation of the American Lutheran Church, met at Zion Lutheran Church, Rogers Corners, for a clinic session, a newly inaugurated type of meeting that proved popular with the members of women's societies of the group which includes churches at Ann Arbor, Dearborn, Blisfield, Bridgewater, Dundee, Ida, Riga, Monroe, Palmyra, Summerfield, Wayne and Ypsilanti.

The meeting was held Tuesday and included a morning general session and afternoon group meetings.

The morning session was opened with a devotional service conducted by Rev. M. W. Brueckner of Zion church.

Present to participate in the clinic sessions were Mrs. Paul Kaupfer of Ann Arbor, president of the Tri-River group; Mrs. Harry Wahl, of Dearborn, Ohio, Michigan District thanksgiving chairman; Mrs. Floyd Essinger, of Lincoln Park, Michigan, District president; and Mrs. Honor Henke, of Dearborn, general chairman of the National Women's Missionary Federation convention, scheduled for Oct. 26-29, at Grand Rapids.

Mrs. Kaupfer presided at the all-day meeting here and the other state and group officers and the guest speakers. Mrs. Wilburt Koester, president of the Ladies Aid Society of Zion Lutheran church, welcomed the guests as they arrived for the meeting.

The eight departments of the Tri-River group held separate clinic meetings during the afternoon to discuss matters of special interest to each. Each department chairman then responded with a report to the reassembled session. Mrs. W. Brueckner is chairman of the New Guinea Commissary department of the Tri-River group.

Women of the local church served a luncheon at noon to the 140 women present.

Flames Hit W. Steinaway Farm Home

Furniture Almost Complete Loss in Early Morning Fire

Fire of undetermined origin severely damaged the W. Steinaway farm home at 2751 McKinley road Tuesday morning. The fire started in a sewing room on the second floor and was discovered by night-working members of the family who were asleep and were awakened by the terrific heat from the burning walls.

The Chelsea Fire Department responded when the alarm was called in at 8:45 a.m. and Fire Chief Ted Balmer and five firefighters arrived at the scene, called for the Chelsea Lake department. The fully-manned truck arrived a short time later.

Chief Balmer also had the fire department operator call additional Chelsea firemen. When Chelsea Spring plant officials learned of the blaze after Melvin Lesser, volunteer fireman employed there, was called, they sent out the plant's six-man maintenance crew, trained as firefighters, together with fire-extinguishing equipment.

The roof and second floor of the house were completely destroyed and the first floor of the seven-room house was severely damaged by water and smoke. Furniture was almost an entire loss.

Chelsea firemen remained on the scene for approximately three hours, the equipment being required to the fire hall at 12 o'clock. They poured on an estimated 4,000 gallons of water.

Chief Balmer said his reports show that, while no definite estimate of the amount of damage caused by the fire was yet available, the loss is partially covered by insurance.

ARC Volunteer Demonstrates New Style Respiration

Yesterday, at Dexter High school, 180 students saw demonstrations of the new artificial respiration method known as the back pressure-arm lift method.

Mrs. Richard Howell, physical education teacher at the school, had requested the demonstrations, according to Red Cross records.

Red Cross volunteer Howard Fanslow, of Ypsilanti, was the demonstrator. He divided the students into three sections of 60 each and gave his demonstration before each group. He was at the school from 12:30 until 3:30 p.m.

This is one of the many Red Cross services offered in communities throughout the country, its object being to have as many people as possible prepared for emergencies.

The present national Red Cross drive for funds is in its third week and volunteers are busy contacting all homes in the community. Drive officials have suggested that it will help the solicitors, who are giving of their time, if everyone will have a completed form ready for the solicitor's use. This activity could then be completed more quickly and with less effort on the part of the volunteer workers. It was pointed out.

Mrs. John Fischer, chairman of the Chelsea drive, said no financial reports of the drive have been available as yet, but workers are busy trying to complete the calls on their list.

Chelsea's goal in the campaign has been set at \$1,700 with workers hopeful that the amount received here will top that figure.

The Washtenaw county goal is for 20,000 members and a total of \$75,500 in contributions.

Firemen Called for Three Grass Fires This Week

Tuesday afternoon, Chelsea firemen were initiated for the 1954 grass fire season when they were called out twice.

At 3:45 p.m., neighbors called in a report that an unattended rubbish burner at the Basil Shell property, 409 Madison street, had set grass alight and the fire was spreading toward nearby buildings.

Firemen had just returned from a grass fire on property of Mrs. Dorothy Hart, north of the service station at US-12 and M-92, where approximately one and one-half acres had burned over.

At 1:30 a.m. Wednesday, a call was received that a woodpile on Goodhand road was on fire near a barn housing a large quantity of lumber. Believing the location to be state property, Fire Chief Balmer checked before ordering the run. Due to a misunderstanding, he was told the property was not state-owned and he ordered the truck out. The location is in Lyndon township, near Bruin Lake.

Arriving on the scene it was discovered the land is state-owned. After pouring on approximately 2,000 gallons of water to smother the blaze, Chief Balmer notified Conservation Officer Donley Boyer who sent the Cassidy Lake Fire department to the scene to finish putting out the blaze.

An estimated 100 cords of freshly-saved wood was in the burning woodpile.

Easter Seals on Sale Today To Aid Crippled Children

The 1954 Easter Seal campaign, sponsored locally by the Chelsea Kiwanis club, gets underway today and will continue through Easter Sunday, April 18.

A feature of the so-called Easter Seal month is Crippled Children's Day to be observed nationally with an Easter Seal "Tele-parade" April 10.

Chairman of the local drive and a member of the executive board of the county chapter is Paul F. Nicholas, who is busy preparing and addressing the letters to be sent to Chelsea area residents.

The campaign is conducted by mail with seals enclosed in each letter, together with an envelope properly addressed for mailing contributions.

The seal for 1954 is designed in bright blue, white and yellow. It incorporates the white lily symbol of the Easter Seal Societies imposed on a yellow envelope which symbolizes use of Easter Seals.

91.7% of all funds received from Easter Seal contributions will remain right in Michigan to help thousands of crippled citizens through expert examinations, special education, treatment, vocational guidance and training, and many other services, including the furnishing of orthopedic aids and appliances and occupational therapy and crafts for the severely handicapped who are homebound.

Among the major projects supported by the Michigan Society and its local affiliates are the conduct of free public clinics—especially for the cerebral palsied—medical care, braces, wheel chairs, crutches, casts, walkers and other special appliances, recreational activities including special summer camps, beds for instruction for those who cannot attend school, special transportation to and from clinics, hospitals and schools, physical and occupational therapy and special education facilities and equipment, all leading toward self-supporting lives.

Mrs. Gilbert Fletcher of Ann Arbor, county chairman of the drive and vice-president of the Washtenaw county chapter of the Society, said county workers are hoping to better last year's grand total of \$8,976.42, which was an increase of more than 100 per cent over the \$3,921.62 received in 1952.

Washtenaw county officers, in addition to Mrs. Fletcher, are Mrs. L. H. Walton, president; Mrs. Vladimir Bibicoff, secretary; Mrs. Harriet O. Benz, treasurer; and Mrs. Merry Wallace, corresponding secretary. Mrs. Wallace is of Ypsilanti and the others are from Ann Arbor.

Mrs. Mae Baker Entertains Chelsea Friends in Florida

Mrs. Mae C. Baker, in a recent letter to The Chelsea Standard, said she was enjoying visits of many of her Chelsea friends at her home in Fort Lauderdale, Fla., and is happy to have them come to see her.

Mrs. Baker is the widow of Howard C. Baker who was connected with the Waterloo Project for several years before the family went to Florida to make their home in 1945. Mr. Baker died April 29, 1948.

In her letter, Mrs. Baker mentioned a surprise birthday party given March 12 in honor of Mrs. Lloyd Heydlauff, of Chelsea. The party included dinner at Pioneer House, historical eating place in Fort Lauderdale, and a birthday cake and ice cream served later at the Baker home, 529 S. W. 2nd St.

Present for the party were Mr. and Mrs. Heydlauff, who are still in Florida; Mr. and Mrs. Phil Willis, of Grass Lake, who made the trip to Florida with the Heydlauffs; Mr. and Mrs. Richard Ouellette and daughter, Michelle, the Willis' daughter and family at whose home they are visiting; the Heydlauffs' son and daughter, George and Marlene, with Wanda Eschbach and William Rademacher who flew there to spend the week-end; and Mrs. Baker's daughter, Mrs. Austin P. Gattis, and her son, Phil, of Washington, D. C.

Mrs. Gattis, the former Mary Alice Stone, returned after the party to her home in Washington after spending more than a month caring for Mrs. Baker following a foot operation she underwent Jan. 23.

Mrs. Baker said Mr. Heydlauff and Mr. Willis were enjoying fishing for (and catching) some nice dolphin and king fish.

pick a site before adjourning April 9.

Lawmakers from areas named as possible sites may fight to keep it from going but it will be for a hot cause. Key legislators have been told it will cost less to build at Tonawanda and that will be the biggest factor in reaching a decision.

It's official now. More babies were born in Michigan during 1953 than in any previous year. The State Health Department says preliminary figures show more than 181,000 babies were born.

Dan Gerber, president of Gerber Baby Foods, Inc., of Fremont, says there were fewer "first" babies born in 1953 than in 1952 but the number of second, third, fourth and fifth babies born in a family continued to increase.

The Conservation Department reports that 1,140,000 hunting licenses, an all-time high, were sold in Michigan last year. Previous high was 1,104,000 licenses sold in 1952.

The new record was set despite a drop of nearly 20,000 the number of deer licenses sold last fall.

Veteran political observers at the State Capitol were predicting a bright political future for freshman Rep. Richard G. Smith (R-Bay City).

Many of his colleagues compare him with Gov. G. Mennen Williams. "Why, he even looks like the governor from a distance," one House member said. "If he were just a little older, he would be the Republican party's best candidate to run against Williams. And he'd beat him, too!"

Smith, who is 31 years old, served in the South Pacific during World War II, received a law degree in 1950.

Like Williams, he is tall, athletic appearing, has a so-called "boyish" face, and wears bow ties.

period last year and highway fund revenue of \$35,000,000.

We estimate that on Monday, March 1, there were some 753,000 vehicles in Michigan yet to be licensed and this business together with the licensing of new vehicles can be handled without rush conditions as owners place their cars and trucks in operation.

Some extremely heavy burdens have been thrown on our branches and particularly on our Accounting and Registration Sections in Lansing. The tax on the owner of owner sales of used cars has brought the added detail of 33,302 transactions and the verification of \$1,163,224.98 in revenue.

The issuance of titles has increased by 15,900 per month, while license and title transfers are being received at a monthly increase of 11,500. With the motor vehicle population of Michigan continuing to increase from 1,697,000 in 1943 to 3,069,000 in 1954, this probable 3,200,000 in 1954, this educational program for early sales of plates should be continued and extended in the coming years.

NEW TB CASES IN STATE REMAIN ABOUT SAME THOUGH DEATH RATE DROPS

In spite of the fact that the Michigan TB death rate has dropped to the lowest point in history, the number of new cases discovered each year has remained about the same during the past two decades.

The death rate has dropped from 72.3 per 100,000 population in 1921 to approximately 9 per 100,000 in 1953. During the same period, the number of new cases reported to the state health department has remained substantially the same — approximately 6,000 per year.

The Municipal auditorium at Los Angeles, Calif., has held more than 105,000 people.

Marshall B. Canine
