Famed Educator Addresses Father-Daughter Group

Sister Ann Joachim, O.P., was introduced as guest speaker at the annual Father-Daughter breakfast at St. Mary's church Sunday, March 21, by Miss Betty Riegler, prefect of the Young Ladies Sodality.
In her speech, Sister Ann Joachim stressed the paramount role that religion plays in education. "Our nation is built on it, and to deny it in theory or practice is to be un-American," she urged fathers and daughters to take their places in all legitimate organizations, intellectual or social, political or economic, athletic or civic, and to be Christians personally carrying Christ by prayer and work into the fields of education, government, farms and business, labor unions and other organizations.

She also emphasized the need of a higher education for all, but particularly for young women. "When you educate a man you educate an individual, but when you educate a woman you educate a family," she said.
BORN IN GERMANY
Sister Ann Joachim was born in Cologne, Germany. Her family emigrated to America when she was a small child. Having had to work to support herself and her mother, she attended night school at Eastern High school in Detroit two nights a week because it was not permissible to pursue her courses at this time, she signed up for added courses at Catholic Central High school in order to complete her high school education more quickly.

In 1920 she enrolled as a freshman at the Detroit College of Law, still clinging to evening sessions. She was the only girl among 200 students. In 1923, along with her 21st birthday, voting became a reality; she became a notary public, received her first law degree; and her name was registered the same year with the Michigan State Bar.

CEASELESS PROGRESS
In 1924 she received her LL.M. from the University of Detroit. Then, followed successively, the Bachelor of Arts from Siena Heights College, Adrian, and the Master of Arts from Loyola University, Chicago.
After two years of European study she obtained a doctorate in philosophy in 1936 from the International Catholic University in Fribourg, Switzerland.

Sister Ann Joachim was admitted to the practice of law before the Supreme Court of the United States, May 25, 1936.
Returning to Adrian to rejoin the faculty of Siena Heights College, she became professor of social science and chairman of the department, a position which she has held from 1936 to the present.
From time to time Sister Ann has appeared as a lecturer before university and literary groups in the United States and Canada. Not only is she an active member of several professional and scholarly societies, but she has also participated in the annual proceedings of Kappa Beta chapter of the American Bar Association, the American Historical Science Association and the American Catholic Sociological Association. Since 1945 Sister Ann has been secretary-general for the Association of the Great Colleges of Michigan.

In 1950 Gov. G. Mennen Williams named her as one of the Michigan educators to select study abroad on Fulbright scholarships.

Lloyd, president of the Chelsea FFA chapter, has had many honors during his four years in vocational agriculture and FFA work. James Hendley Named To Head Road Association

James Hendley, chairman of the Washtenaw county Road Commission, was named president of the County Road Association of Michigan at the annual State Highway conference in Grand Rapids last week.

Approximately 1,000 people were present for the four-day session which began Monday and was concluded Thursday.
The annual conference is sponsored by the University of Michigan, the State Highway department, the County Road Association and the Michigan Municipal League. Road Commissioners of almost every county in the state were represented at the meeting.

Washtenaw county Road Commission members in addition to Hendley, include Raymond Koch, Ernest Altmeyer, Melvin Dickman and Manager Howard G. Minier.
Sectional meetings on all phases of road work were held and Minier said he was especially interested in the safety equipment demonstrations and is hoping to be able to install some of the new devices here.

Minier also mentioned the new "stressed" concrete bridges which were discussed at some of the sessions. Still in the experimental stage, he said, he believes there is definite promise in the method which would permit the concrete beams to be poured inside during the winter and installed when weather permits. Minier said the practice would speed up the building of bridges to a great extent.

Junior Class Will Present 'Our Town'

Performances
To Be Given Friday,
Saturday Evenings

The Junior class of Chelsea High school will present its play, entitled "Our Town," by Thornton Wilder, on March 26 at 7:15 p.m. and March 27 at 8:00 p.m., under the direction of Miss Donna Jeanne Speerman. Some of the characters portrayed in the play are as follows:

The stage manager, played by Harold Stott, is a man who knows the town extremely well, for he has lived there all his life. Throughout the play he narrates it, interrupting now and then to call attention to a matter of importance.
George Gibbs, played by Larry Chapman, wants to go to Agricultural college but he falls in love with Emily and marries her. Emily Webb, played by Nerissa Klingler, is a girl about 16 years old. She is inclined to think herself to be very pretty and thus she gives the impression that she is conceited but actually she isn't.

Doc Gibbs, played by Ralph Owens, is the town doctor, a man who has exuberant energy and who will never take a vacation.
Mrs. Webb, played by Joan McKel, is an energetic woman who has raised two children and cooked three meals a day without taking a vacation.
Mrs. Gibbs, a plump, pleasant woman is played by Connie Steinbach. She has a good sense of humor.

Rebecca Gibbs, played by Geneva O'Dell, is George's eleven-year-old sister.

Wally Webb, played by Ronnie Satterthwaite, is Emily's younger brother.

Mr. Webb, played by Lyle Wenk, is the editor of the town paper, "The Grover's Corners Sentinel." Constable Warren, an old man, is played by Jim Hibbs.

Professor Willard from the State University is played by Bill Eisenberger. He would go on for weeks and weeks telling various statistics of Grover's Corners if he was permitted.
Joe Stoddard, who is the caretaker of the cemetery, is played by Roger Stevens.

Sam Craig, a Grover's Corners boy who left to go out west (Boston) is played by Richard Ring. Howie Nowome, played by Bill Hoppe, is the town milkman. Howie is optimistic, friendly, good-natured and easy going.
Simon Stimson, played by Lester Wahl, is the choir director of the Congregational church, but he seems that he is seldom seen. This gives the ladies of the town something to talk about.

Mrs. Soames, the town gossip, is played by Diette Hibbs. She is somewhat astonished at the fact that the choir director is always drunk, which gives her something to talk about.

"Our Town" is a story of an average small town in New Hampshire at the beginning of the 20th century. It is centered around two typical families of the town, the Webbs and the Gibbs. Many of the people in the play are characters in themselves. These characters may be seen in any small town situation which usually gives the community something to talk about.

BIRTHDAY CITATION—In a brief ceremony held in the Central Fibre plant last Thursday, Donald Bacon, president of the firm, was cited by employees in recognition of the high esteem in which they hold him. Part of the ceremony included presentation of a hand-lettered plaque, signed by all of the employees, which Mr. Bacon is holding in the above photo.

Employees Surprise Bacon with Honors on Birthday

Believed to be unique in the annals of management-union relations is the honor conferred upon Donald Bacon, president of Central Fibre Products, Inc., by members of the Central Fibre Division of UAW-CIO Local 437 at a surprise observance of his 59th birthday last Thursday when he was presented with a plaque expressing appreciation to him and signed by the 100 employees of the plant.

The self-explanatory inscription on the plaque is as follows: "To Donald Bacon: 'We your employees, take this means of expressing to you our sincere appreciation of your courtesy, your generosity and concern for our welfare and comfort, extended to us many times in the past.'"

We also wish for your future an era of success, prosperity and happiness, and trust that our pleasant relations as employer and employees may continue unbroken."

The plaque, approximately 14 x 24 inches in size, is the work of Dwight L. Gadsberry, of Cavanaugh Lake, and is lettered in color on a white background highlighted with gold.

Planned for 3:30 p.m., between shifts, to give all employees an opportunity to witness the brief ceremony, Bacon and his wife were requested to meet the employees in the shop and Homer Conley, UAW-CIO plant chairman, on behalf of the employees, presented him with the plaque and with a cocktail set and an electric smoking stand for his office, as birthday gifts.

New Grade School
Construction Work
To Start Soon

Leveling of the McKinley road site for the new elementary school has been in progress the past two weeks and with lifting of weight restrictions expected momentarily, the grading machines are expected to be transported here within a few days.

September 1 still remains as the date for expected completion of the new school.
Materials for the construction work have all been approved by the architects as well as dates for their delivery, it was announced.

A special meeting of the School Board and Village Council was held last week to discuss the installation of sewer and water systems. The village water main is to be extended to the new school with work expected to start immediately.

Immunization Clinic Scheduled for Next Thursday

Next Thursday, April 1, beginning at 9 a.m., is the date set for the diphtheria, tetanus and smallpox immunization clinic in the Chelsea school. The clinics have been held on a county-wide basis beginning March 1 and will be completed April 8.

The Washtenaw County Medical Society sponsors the project with the cooperation of the Health department and schools of the county.

Dr. Paul Barker, president of the Washtenaw County Medical Society, in announcing the clinics said that resident staff physicians from the University and St. Joseph's hospitals are joining medical practitioners in the county in donating their time. Health department and school services are tax supported as is the cost of the toxoid and vaccine supplied by the Michigan Department of Health.

There will be no charge for the immunizations and vaccinations at the clinics. All children of school age or under who have not been vaccinated in the last five years will be offered vaccinations for smallpox, diphtheria and tetanus booster shots will be given to children who have not been so immunized in the past three years.

"The success or failure of the program will depend largely upon the cooperation of parents, and their interest in signing request slips that each child will bring home from school, and their diligence in directing their children to participate in the clinics," said Dr. Barker. "Records of all immunizations are important, too," he added, "and should be carefully preserved for the use of doctors whenever their services are needed."

JUNIOR CLASS PLAY—Juniors were working hard in rehearsing their annual class play when the above photo was taken. Performances will be given Friday evening at 7:15, and Saturday evening at 8. The Junior class is urging all school children to attend the Friday evening presentation if possible, which has been scheduled to start early especially for their benefit so they may get home earlier.

Puppet Show Scheduled To Benefit County Infirmary

The Washtenaw County Hospital and Infirmary Auxiliary will sponsor a benefit puppet show in two performances Saturday, March 27, in Ann Arbor High School's Patten auditorium.

The programs will include "The Fox and the Rabbit," an old world folktale and "The Carnival of Insects," a ballet.

Proceeds from the ticket sales will be used toward the Auxiliary's latest project—the purchase and

installation of refrigerated drinking fountains on the first and second floors of the infirmary for the use of ambulatory residents and visitors. Mrs. John Dillon of East Huron River Drive, Ann Arbor, is chairman of the affair.

The morning performance is scheduled at 10:30 and the afternoon performance at 1:30. Tickets are available at Foster's Men's Wear store in Chelsea.

Mrs. William Kolb was to return home yesterday or today from a visit with her daughter, Shirley, at Battle Creek. Mr. Kolb and their son, Douglas, spent Sunday there.

New, roomier bodies!
New, rugged construction!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save on operating costs. New power saves you money every mile! The "Thrifmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton

models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

Parents' Night . . .(Continued from page one)
PTA members will be in charge of a booth from which questionnaires on the proposed Home and Family Living course will be distributed. A PTA membership and attendance drive will also be conducted as part of the evening's PTA activities.

The Junior-Senior High School PTA is expected to have a part in the evening's program, the occasion serving as their regular meeting for the month.

Buses will transport all rural students, grades 7 through 12, to their homes at noon, leaving the school at 11:30. Buses will not run in the evening, however, and all students will need to arrange their own transportation to the school and return.

Kiwanis Party . . .(Continued from page one)
telegram from Hot Springs, Ark., where he is vacationing.

Decorations at the banquet included a "birthday cake" arrangement across the end of the gymnasium, utilizing the rounded front of the stage trimmed to represent a huge cake with 30 candles on top. Members of the art class, with their teacher, Mrs. Jean Jones, prepared the effective decoration.

Entertainment included group singing led by Paul F. Niehaus, with Mrs. Niehaus as accompanist; a trumpet trio which included Arthur Katterjohn and Jim Austin, of Saline, and Eugene Shroyer, accompanied on the piano by Karen Taylor, of Saline; and a German Band number by David Bristol, William Geddes, Douglas Collier, Glenn Weir and Neil Fahrner.

Rev. Thomas Toy, of the Congregational church, gave the invocation and Rev. S. D. Kinde, of the Methodist church, concluded the program with a benediction. Visiting Kiwanis clubs represented at the gathering attended by more than 200 Kiwanians and their ladies as well as other guests, included Ann Arbor, East Ann Arbor, Belleville, Brighton, Dexter, Howell, Jackson, Milan, South Lyon, Whitmore Lake, Willis, Ypsilanti, Bay City, Plymouth and Strathmore-Detroit. The visiting clubs were introduced by Charles Cameron, first vice-president of the Chelsea club.

BUICK
the beautiful buy

lets you see better today

NEVER before its introduction by Buick
did you see a windshield like this on a
standard-production automobile.

It comes from the experimental "dream
cars" you may have seen pictured from time
to time—but it's on every 1954 Buick today.

As you can see, this broadly arching sweep
of glass adds new beauty and a definite look
of tomorrow to the glamorous new Buick.

Even more, this stunning new windshield
treatment gives you 19% more visibility—

because it pulls back the corners, lets you
see as a pilot sees.

But there's a lot more than "dream car"
windshields to the new-day 1954 Buicks.

For these are really new cars—with new
bodies, new interiors, new ride features,
new handling ease—and, above all, new
record-high V8 horsepower.

Come in and look them over—sit in, sample
and price one of these breath-taking new
glamor Buicks. It's the only way to know
what beautiful buys they are in every way.

From where I sit... by Joe Marsh

You Might Call it a "Gravy Train"

Was reading the other day about a Maharaja in India who has a miniature electric train all made of silver. Now, maybe that's not unusual for a prince, but this fellow had it running around on an enormous dining table in the royal palace.

The twelve cars on the train are loaded with different kinds of fruits, nuts, and beverages. And the train stops automatically in front of each plate so the person sitting there can choose what he wants.

From where I sit, the Maharaja is really going to extremes to impress his guests. Around this part of the world, hospitality certainly doesn't need all those fancy trimmings.

You don't have to spend a lot of money or go to a lot of work when folks drop in. Just offer them what you have—coffee, tea, a temperate glass of beer—and let them make their own choice. They'll feel they're getting a royal welcome!
