Fairgrounds Purchased by Ann Arbor

Terms Reached in Long-Pending Deal for 42-Acre Tract

Ownership of the former Washenaw county fairgrounds by the city of Ann Arbor became official when City Attorney William A. Laird paid the \$127,000 purchase price to the Washenaw County Fair Society Thursday. Sale of the fairgrounds has been pending for many months.

Following payment of \$30,000 to the Ann Arbor Driving Club for its interest in the 42-acre property and a \$7,000 mortgage and other expenses, approximately \$30,000 remains to be held in escrow by a board of five trustees.

The board, representing city and agricultural interests, will hold the money for use in future erection of buildings and improvement of the property as recommended by a joint city-rural development committee.

Agricultural interests of the county were assured a fair share of use of the property when proposals presented by a Fairgrounds Agricultural Committee were approved by the Ann Arbor City Council Tuesday, March 30.

Walter Wolfgang of Chelsea, is a member of the Agricultural Committee whose recommendations were presented to the Council in the letter, printed below. It explains in detail the recommended uses of the property.

Hon. Wm. E. Brown, Jr., Mayor City Hall.

At the conclusion of our meeting with you on March 9, 1954, you requested us, as the Agricultural Committee, to submit to you a statement of the needs and desires of the rural groups with respect to the fairgrounds development.

The rural groups propose, first of all, that \$50,000 of the trust funds deposited in the sale of the fairgrounds be used to main-

tain in trust the erecting of activities building designed to serve, among other possible uses, as a banquet and assembly hall for large groups. It is understood that this building would be utilized by both rural and urban groups.

The agricultural organizations of Washtenaw county sponsor a substantial number of programs each year including the annual 4-H exhibits of farm animals and youth projects as well as horticultural displays and frequent showings of purebred livestock. The variety and nature of these exhibits requires, as a practical matter, facilities particularly adapted to their requirements.

With this idea in mind, we have thought it necessary for the rural interest to have at least two buildings on the fairgrounds devoted primarily to agricultural activities. Such buildings would be available, of course, for use by Ann Arbor organizations desiring to stage dog or horse shows or for other uses to which the buildings may be adaptable.

The financial resources of the farm groups being limited, we would like to suggest that the city of Ann Arbor convey approximately six (6) acres of land in the southwest part of the fairgrounds to an organization, yet to be created, which would represent the farm groups.

Polio Vaccine Test Plans Interrupted

Health Department Waits for Assurance Vaccine Is Safe

The Michigan State Medical Society has issued a statement saying it would not recommend use of a new polio vaccine in Michigan until it is assured the vaccine is safe.

Dr. Albert E. Heustis, state health commissioner, has reportedly said he would not allow the new so-called Salk vaccine to be used here, as scheduled, unless it is certified to be safe by responsible authorities including the National Institute of Health, a division of the U. S. Public Health Service.

Washtenaw county children are among approximately 8,000 Michigan children who had been scheduled to receive the Salk vaccine in a grand scale test this spring. The test, as planned, would have given the vaccine to a certain number of children in a given group and the remainder would be given injections of a harmless, ineffective substance.

Only the National Foundation for Infantile Paralysis, sponsor of the test, would know which children had been immunized. In this way, effectiveness of the new vaccine was to be measured in comparison with the non-immunized groups.

Dr. Otto Engkele, director of the Washtenaw county Health Department, said he is asking the Washtenaw county Medical Society to reconsider its endorsement of the Salk polio vaccine test program here.

The Medical Society is expected to act on Dr. Engkele's request at a meeting scheduled for this evening.

Dr. Engkele's request followed refusal of the Michigan State Medical Society to endorse the test program unless assurance of the vaccine's safety was received. "At the time the Washtenaw Medical Society gave its endorsement, we had been assured that the vaccine was absolutely safe and that adequate measures were being taken to certify the safety of each and every batch," Dr. Engkele said yesterday.

Continuing, he stated, "These new developments cast a different light on the matter and I am sure our local society will want to reconsider its endorsement with those developments in mind."

The new developments Dr. Engkele referred to are the refusal of the Michigan State Medical Society to recommend the vaccine and the nationwide concern which followed a news broadcast by Walter Winchell Sunday evening in which he stated that live polio virus had been found in seven out of ten batches of the Salk vaccine, tested by the Public Health Service.

Dr. Jonas E. Salk, formerly of the University of Michigan, and now with the University of Pittsburgh, has declared that the vaccine is constantly tested for safety during the manufacturing process and that the system of testing is so thorough that there is no danger of live virus remaining in the finished product.

Dr. Salk has reportedly inoculated his own children as well as 5,000 others with vaccine prepared in his own laboratory. An additional 3,000 have been inoculated with commercially prepared vaccine.

Firms making the vaccine on non-profit basis for the tests have been asked saying that the triple method of testing the vaccine guarantees its safety.

Pvt. Norman O'Connor left Sunday for Fort Bliss, Tex., after spending a 21-day furlough here. Mrs. O'Connor and daughter, Peggy, will remain at the home of her parents, Mr. and Mrs. John Schneider.

REV. HANS LEITNER

Rev. Hans Leitner Joins Faculty of Oregon College

Rev. Hans Leitner, pastor of the Methodist churches at Salem Grove and North Lake, is to join the faculty of Cascade College, Portland, Ore. according to an announcement made this week.

In addition to his position at the college, Rev. Leitner has been appointed to the pastorate of one of the Portland Methodist churches. Final details of the necessary arrangements for the change will be completed when Dr. Pike, president of Cascade College, arrives here by plane the day before Easter. Dr. Pike will also attend the Easter service at Salem Grove church.

Rev. Leitner, an associate professor at Spring Arbor College, has been teaching full-time college courses in philosophy, ethics, problems of mission, Bible, New Testament, Greek and German during the time he has served as pastor of the two local churches.

He succeeded Rev. Vern Panzer here after Rev. Panzer was transferred to Iowa in September, 1952, and the Leitner family moved into the Salem Grove parsonage Nov. 4, 1952.

During Rev. Leitner's pastorate here, the Salem Grove church celebrated its 100th anniversary.

Rev. Leitner is a former missionary worker in Africa, and was pastor of a German Methodist church in Berlin before World War II. Drafted into the German army and later captured, he spent three years as a chaplain in prison camps in England, returning there after his release as a substitute speaker for Martin Niemoller, famous German pastor.

The Leitner family will not leave Salem Grove until June 17, following the annual Detroit Conference of the Methodist Church to be held in Dearborn June 9-13. At that time a new pastor will be assigned to the local church.

Two of the Leitners' sons will be graduating in June. Wolfgang, the oldest of the six children, is from Greenville College in Illinois; and Joe from Spring Arbor High school.

Their daughter, Lydia, now Mrs. Wilfred Bruns, will remain in Michigan. She and her husband moved to Jackson during the past week.

Grass Fires Plague Local Firemen

Saturday, April 3, the Chelsea Fire department was called to the Charles Lancaster property, 234 Washington street because of a grass fire. The call was received at 5:25 p.m.

At 6:50 p.m. the department made a run to the home of Lyle Walz, 8011 Clear Lake road, which proved to be a false alarm, and Monday afternoon at 1:10, a grass fire in Pierce cemetery resulted in another call.

At 4:01 p.m. Monday firemen were called out again because of a grass fire near the Bliss-Elevator at Four Mile.

Sylvan, Lima Both Reject Proposed Zoning Ordinances

Sylvan Township To Apply Chloride Road Dust Layer

Roads in Sylvan township will receive applications of chloride dust layer this summer to be paid for by the township, following action at the annual township meeting in Sylvan Town Hall Monday afternoon. A delegation of rural residents at the meeting presented a request for the dust layer program and an appropriation of \$1,500 was included in the township's budget which was later approved in its entirety.

For several years past rural residents who wished to have the dust layer applied by county road crews paid for the applications on the basis of number of feet they wished treated.

Another new appropriation included in the budget this year is an item of \$140 for upkeep assistance to four township cemeteries. The appropriation is allowable by law as a help to small township cemeteries temporarily in need of financial assistance.

The four Sylvan cemeteries are Mt. Calvary, northwest of Chelsea, Salem Grove and Maple Grove, west of Chelsea, and Vermont cemetery on Chelsea-Manchester road at Jerusalem road.

Reason given for the financial need is the fact that interest on perpetual care funds, with present high prices of upkeep, is not sufficient to cover the cost as originally intended.

Total amount of the budget, as approved, is \$15,563.95. This includes the following items: \$3,895 for roads, bridges and repairs; \$1,000 for library; \$1,800 for supervisor's salary; \$720 for clerk's salary; \$1,000 for elections; \$500 for printing; \$35 for American Legion decoration of graves; \$50 for Community Fair; \$250 for parks; \$180 for treasurer's supplies and postage; \$400 for board meetings; \$1,200 for fire truck and repairs; \$1,500 for chloride treatment of roads; and \$140 for aid to cemeteries.

Civil Defense Unit Votes To Increase Local Membership

W. J. Grossman, captain of the Chelsea Civil Defense Unit, presided at the meeting held in the Municipal building Tuesday, March 30. There was an exceptionally good attendance, according to reports of the gathering.

It was proposed to accept additional members to increase the unit membership to approximately 20 men.

Because of a misunderstanding, arm bands for the members were not received for distribution at this meeting but are expected to be here for the next regularly scheduled meeting, April 27.

Training manuals, especially prepared for Auxiliary Police units by the Office of Civil Defense, were distributed at Tuesday's meeting and all members of the local unit were asked to study them.

The manuals outline the work of local groups such as the Chelsea unit so they may cooperate fully with all local law enforcement agencies.

CROCUSES IN BLOOM

Crocuses are in bloom in many local yards and gardens and are especially large and colorful on the lawn at the home of Mrs. "Tom" on "D" north Main street.

Vote Is Extremely Light in Spite of Controversial Issue

Sylvan township's proposed zoning ordinance, approved by the Sylvan Township Board Aug. 3, 1953, was defeated in Tuesday's referendum by a vote of 194 "No" and 109 "Yes."

By precincts, the vote was as follows: Precinct I, 11 "No"; 60 "Yes." Precinct II, 84 "No"; 49 "Yes."

The total vote cast on the zoning question amounts to approximately 14 per cent of registered voters in Sylvan township.

Approximate registration in the township at present is 2200.

Lima Board Given OK To Buy Grange Hall

Lima township voters failed to approve the township zoning ordinance at the election held Monday, April 5, by a decisive vote of 66 "no" and 33 "yes."

The ordinance had been approved by the Lima Township Board on Aug. 23, 1953.

Monday's referendum followed presentation of a petition requesting that the question be submitted to electors of the township.

The annual township meeting was held Monday afternoon to conduct routine business and to act on the matter of acquiring the Grange Hall at Lima Center for township use.

Lima Township Board was authorized to purchase the building for use as a town hall and community building and was also given authority to make alterations to fit it for a good community building.

Ohio Oil Drilling Crew Ceases Work in Lyndon Area

Crews working for the Marathon Oil company of Ohio, concluded approximately six weeks of test well drilling in the area north and west of Chelsea when they pulled up stakes on the Spencer Boyce farm Tuesday morning.

They had started drilling on the Boyce farm late Sunday night after moving their equipment in Saturday afternoon.

During the past weeks test holes from 500 to 1,000 feet in depth have been drilled on farms owned by George Goodwin, Howard Boyce, Ed Cooper, Austin Balmer, Bridget Guinan estate, Leigh Beaman, Orson Beaman and Spencer Boyce.

Drilling was also done on two state-owned locations near Mill Lake and near Cassidy Lake.

Some residents of the area were told that a "big rig" will be coming in later and the recent drilling was supposedly in preparation for the larger outfit.

Similar test holes have been drilled south and east of Chelsea for Sun Oil company.

At present the outfit is on the Henry Niehaus farm where a depth of well over 1,000 feet had been reached Tuesday.

Other locations in that area where drilling has taken place recently are the Hinderer Brothers, Walter Eschebach and Clarence Buss farms.

Mr. and Mrs. David Mohrlock, Mrs. John Heselshwerdt and Thomas Wortley were at Lake Odessa Tuesday to attend the funeral of their aunt, Mrs. Joseph Wortley.

DR. ARTHUR MAUCH

Realizing that the farm program carried out by the government is everyone's concern and especially the farmer, Washtenaw County Farm Bureau will hold a Farm Policy Forum, April 9 at Dexter High school, beginning at 8:00 p.m.

The agricultural program is one of interest to farmers, consumers and processors. Are farmers receiving a fair share of the consumer dollar? Should the government support agricultural products? What does the consumer think of the government supporting food prices? These and many other similar questions will come before the panel which will be on the program.

The panel will be made up of Mrs. Stanley Seashore, Ann Arbor representing consumers, Ernest Girbach, farmer and member of Michigan Milk Producers Association, and Paul Frayer, farmer and Farm Bureau representative, John Wooster, manager of Cloverleaf Dairy, Ann Arbor, and William Blaess, Blaess Elevator Co., Chelsea.

The discussion presented by the panel will be interesting and informative. Audience participation will add to the discussion.

Following the panel, Dr. Arthur Mauch, Agricultural Economist, will present his opinions on Agricultural Policy emphasizing points brought out by the panel discussion.

Dr. Mauch is one of the nation's most respected Agricultural Economists and one all interested people like to hear.

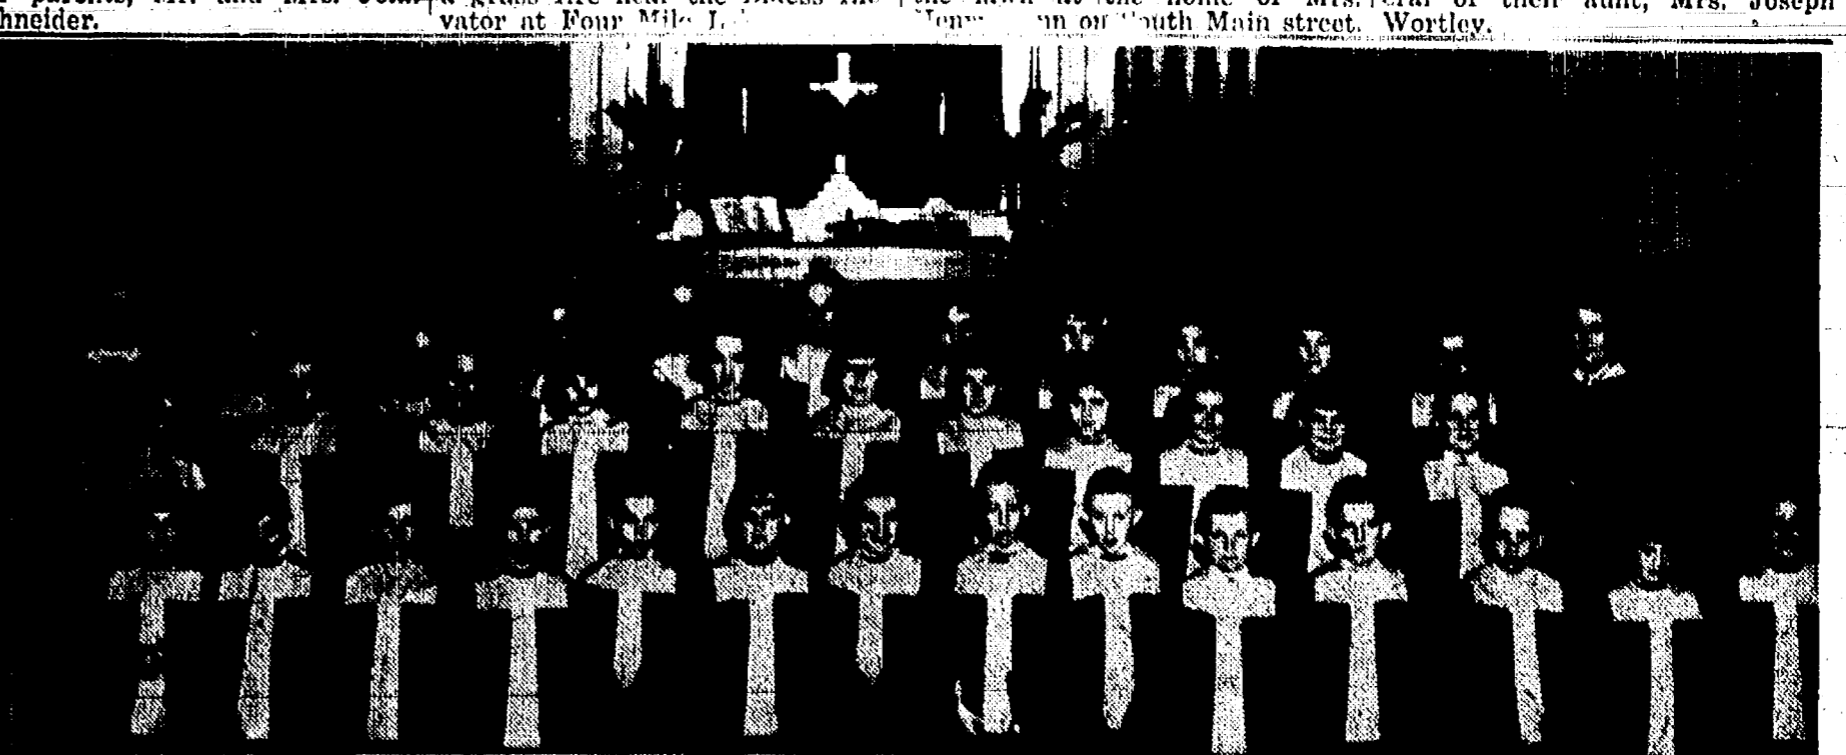

Immunization Clinic Completed in Schools

A total of 446 children were given immunization shots at the clinic held in the Chelsea Elementary school Thursday, April 1, according to records of the Washtenaw county Health Department.

Double diphtheria and tetanus immunization was administered to 378 children, while 14 were given shots for diphtheria, tetanus and whooping cough.

Smallpox vaccinations were given to 287 children.

Local doctors, registered nurses and other donated their services for the clinic.

From the
world's largest
maker,
a completely new kind of V-8

The V-8 engine has come a long way since Ford introduced its first V-8 over 22 years ago. During these years, preference for the V-8 engine has grown steadily . . . and today there are twice as many V-8's being built as there were right after World War II. This demonstration of car-buyers' preference is proof that the V-8 engine is best suited to modern motoring needs.

For 1954, Ford has stepped even farther out front with the revolutionary new Ford Y-Block V-8 . . . the most modern "eight" in any car at any price! This new deep-block, low-friction engine brings you even smoother, quieter power . . . even

longer engine life and less gas waste. And this great, overhead-valve V-8 costs less than any other "eight," . . . less than practically any other "six," too.

But the new Y-Block V-8 engine is only one of the many "Worth More" features you get in a V-8 Ford. You also get the smoother riding and easier handling of Ford's new Ball-Joint Front Suspension. You get your pick of 14 brilliant new body styles—with trend-setting interiors. And you can have power steering, power brakes, power windows, power front seat, and Fordomatic Drive as options.*

U. of M. Astronomer Tells Method of Finding Easter's Date

Ann Arbor—Highlight of April, astronomically speaking, will be the arrival of Easter on April 18, states a University of Michigan astronomer, Associate Prof. Hazel M. Losh.

According to Professor Losh, the formula for finding the fluctuating date of Easter was decreed first by the Council of Nicaea in 325 A.D.

At that time, churchmen decided that Easter would fall on the first Sunday after the 14th day of the month following March 21. This should be a day of a nearly full moon, she explained, but if the moon should be completely full Easter would be the next Sunday.

She points out that the churchmen decided on this formula for both historical and practical reasons, giving pilgrims the light of the full moon for their travels. But the widely fluctuating date, from March 22 to April 25, causes much upset in present day habits and observances, she adds.

Professor Losh claims that those advocating calendar reform proposed April 8, or the second Sunday of April, as a definite holiday date. This year, she continues, the astronomical full moon occurs at 12:48 a.m., EST, on April 18. Therefore, it falls in some parts of the world on Easter and in others on the previous day.

CURE REPORTED FOUND FOR PINKEYE IN SHEEP

Two Michigan State College veterinary researchers have found a cure for pinkeye in sheep. It's chloromycetin, report Drs. W.R. Rily and R.D. Barner.

Pinkeye in sheep causes ulcers and blindness if left untreated. The chloromycetin ointment, bought on prescription from a veterinarian, costs about \$1 for enough to treat 20 sheep. The researchers, who found the cure, still are looking for the cause of sheep pinkeye.

Car Badly Damaged in Crash with Truck at Railroad Crossing

A truck-car accident on the New York Central Railroad's Main street crossing at 4 p.m. Wednesday resulted in severe damage to the front end of the car and slight damage to the rear of the truck.

As reported by sheriff's deputies, the car, driven by David Elkin of Gregory, was following the truck driven by Wendell L. Hong of Ann Arbor. Elkin reportedly did not notice that the truck slowed down to cross the tracks and he drove his car into the rear end of the vehicle.

At 10:30 a.m. Sunday, a car driven by Elizabeth A. Frow of Fenton, and a station wagon driven by John P. Mason of Detroit, were slightly damaged when they collided near the viaduct on US-12, west of Chelsea.

As reported by investigating officers, the Fenton woman lost control of her car after she struck the shoulder of the road as she swerved quickly after attempting to pass another car and noticed a car approaching in the center lane of the highway.

Her car, headed west, slightly damaged the left rear fender and bumper of the east-bound station wagon driven by John P. Mason.

The Moran car was traveling east on US-12 and Stamper's car was going north on M-92. The Stamper car allegedly stopped and then was driven onto the highway into the path of the Moran car.

In Municipal Court, Ann Arbor, Stamper was ordered to pay \$50 fine, \$50 costs and spend 10 days in jail. He is to serve an additional 30 days if the fine is not paid, according to deputies' records. He was charged with driving while under the influence of liquor.

James E. Taylor, picked up on M-92 at 5 p.m. Monday for driving while under the influence of liquor, was assessed \$75 costs and ordered to spend five days in jail, according to sheriff's deputies' reports. If the costs are not paid he must spend an additional 30 days in jail.

Taylor had lost control of his car on a hill west of Wernker road, struck a car driven by Claude Deatrick and then rolled over an embankment.

In a collision at 2 p.m. Sunday at US-12 and M-92, Mrs. Lauris Moran and Mrs. Joan Moran, of Ferndale, suffered head cuts and shock while drivers of the two cars involved, William J. Moran of Ferndale, and Edward D. Stamper of Chelsea, were uninjured.

Gen. Dwight Beach Named to Post with Eighth Army

Brigadier General Dwight E. Beach, formerly of Chelsea and son of Mrs. D. E. Beach and the late Mr. Beach, has been named to the post of Eighth Army artillery officer in Korea, according to information received here recently.

General Beach left the United States for Korea late in December, 1953, arriving there on Christmas Day.

He had been artillery officer with the 11th Airborne Division at Fort Campbell, Ky., before leaving for Korea.

His wife and three of their children, Dwight, Jr., Cynthia and Lillian, are living at San Antonio, Tex., while he is overseas. Their daughter, Ann, is enrolled at Vanderbilt University, Nashville, Tenn.

During World War II Beach was artillery officer of the task force which seized Palawan in the Philippines. Later, he became

executive officer of the 24th Division artillery during the Davao-Mindanao operation and through the movement to Japan.

This information regarding the new appointment was carried in a news item which appeared recently in the Pacific Stars and Stripes Army newspaper. The article was sent to Mr. and Mrs. J. V. Burg by their son Jerome, who is stationed in Korea.

Several Sharon Roads Will Receive New Names

At a meeting of the Washtenaw County Rural Commission held Friday, March 12 action was taken to change the names of several roads in Sharon township to avoid confusion in the area.

Action was taken following a recommendation by the unanimous vote of the people attending a public meeting which had been previously advertised.

The superintendent-manager of the Road Commissions was directed to make necessary sign changes and notify all interested parties of the following changes.

Henster road which runs along the west line of Section 31, 30 and 19 of Sharon township and is our west county line between Washtenaw county and Jackson county will be changed to Prospect Hill road to conform to the name used by Jackson county.

Ahrens road starting at west county line and running east through the center of Section 31, 32, 33, and 34 of Sharon township will be changed to Sharon Valley road, to conform to the name used by Jackson County.

Cash road on the line between Section 35 and 34 of Sharon township will be changed to Sharon Valley road.

Lanning road on the line between Section 35 Sharon township and Section 2 of Manchester township will be changed to Sharon Valley road.

Walker road or Wacker road in Section 20 Sharon township from Sharon Hollow road to Jacob will be changed to Walker road.

It was also voted by the Road Commission to request the Jackson county Road Commission to make the following road name changes.

Merriman road in Section 1 of Norvell township from the east Jackson county line to Pleasant road to conform to name used by Washtenaw county.

Hall road from the east Jackson county line east through Section 25 of Norvell township to Esauades road to conform to the name used by Washtenaw county.

North Francisco in Section 24 of Grass Lake township from the east Jackson county line to Francisco road to conform to the name used by Washtenaw county.

At the same meeting action was taken to request the Michigan State Highway Commissioner to make certain changes in road classifications in Sharon township.

Sharon Hollow road from Grass Lake road to Esauades road, and Wacker road from Sharon Hollow road to Jacob road, are to be changed from the Primary system to the Local system.

Changing from the Local system to the Primary system are Struthers road from Grass Lake road to Washburne road, Jacob road from Washburne to Esauades, and Esauades from Jacob to Sharon Hollow.

The Gill Lumber Company at 524 South Main street, Ann Arbor, founded by the Gill family in the 1890's, was purchased during the past week by seven individuals including James C. Hendley, local attorney, and Howard Holmes, president of Chelsea Milling Co.

The remaining five are Allen W. Schaffer, president of Schaffer Lumber Co., of Manchester, John C. Lindbert, manager of the Jackson yards of Schaffer Lumber Co.; Louis E. Burke, Ann Arbor attorney; Don M. Silkworth, of Ypsilanti; and Mrs. H. S. Holmes, Sr., of Ann Arbor.

The transaction involves approximately \$300,000.

The firm will continue to be known as Gill Lumber Co., although the family has not operated it since 1930. George S. Davis, principal former stockholder of the company, is remaining as manager for the present.

The company also operates a millwork establishment at the Main street address, and is the general lumber business. They employ approximately 20 men.

Present personnel and policies will be continued, Hendley said yesterday. Operation of the business was taken over by the new owners Wednesday afternoon.

March 3.

Allen W. Schaffer is president of the newly-purchased business. Others on the board of directors are John C. Lindbert, vice-president; James C. Hendley, secretary-treasurer; Louis E. Burke, chairman of the board; Howard S. Holmes and Don M. Silkworth, directors.

Hendley said that while the Gill company will continue to operate as a separate corporation, coordinated buying for the Ann Arbor firm and the two Schaffer yards is planned.

Schaffer's interest in the Ann Arbor firm will not affect personnel on operation of the Manchester and Jackson yards of the Schaffer company, Hendley explained.

Boy Scouts Accept Gift of Canoe

at Monday's Meeting

Chelsea Boy Scout Troop 25 now owns a canoe which is the gift of the senior John Hale. Announcement of the gift was enthusiastically received at Monday night's Scout meeting which was attended by parents of the boys who were present for a discussion of the summer camping program. Scoutmaster Edwin Dickelman led the discussion, while Boy Scouts worked on various projects.

Flying Eagle patrol opened the meeting and then worked on "Cervid neckerchief slides and made tent pegs.

Games were in charge of Owl patrol boys who introduced some of their evening's work.

Flaming Arrow patrol members worked on tents and were also in charge of the closing ceremony.

Goal of the troop this year is 100 per cent attendance at camp for the seven-day period.

A Green Bar meeting is scheduled to be held at 7:30 this evening at the home of Scoutmaster Dickelman.

The two-dollar bill used to have a bad reputation, but today it is the only one that will pay for the dollar's worth of anything.

From where I sit... by Joe Marsh

Easy Does It—Again!

Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.

Without a word, he headed straight for the coat counter, picked out a shabby old tweed jacket, and paid for it. "Easy" told me a little later that buying his jacket back was getting to be a regular habit.

"That's been my favorite smoking-jacket for years," he said. "And my wife talks me into giving it away regularly. Then I get to thinking how much I like

it and hurry down to buy that jacket back. This is the third time I've done it!"

From where I sit, everyone's entitled to his own likes—whether it's a sports jacket, a baseball team, or the beverage he likes for dinner. For example, the wife likes coffee along with Saturday night spaghetti while I like a glass of beer. We never try to "sell" each other on our personal preferences.

DEATHS

Mrs. Leo Prendergast

Mrs. Leo J. Prendergast, of 5935 West Ellsworth road, Lodi township, died Wednesday of last week in St. Joseph's Mercy hospital, Ann Arbor. She had been ill for six months.

She was the daughter of William and Mary Young Wheeler and was born in Chelsea April 6, 1895.

Mrs. Prendergast graduated from nurses' training at St. Joseph's Mercy hospital and was a past president of St. Joseph's Mercy Hospital Nurses Alumnae. She was a member of St. Thomas Catholic church, Ann Arbor, treasurer of the Bibles School Board in Lodi township, and a member of the Lodi Extension club.

Survivors of Mrs. Prendergast are her husband to whom she was married May 6, 1929; a sister, Sister Roseta of the Dominican Order, of Albion; four brothers, William F. and Justin E. Wheeler, of Chelsea, Richard of Albion; and Thomas of Lodi township. A number of nieces and nephews also survive.

Funeral services were held at 10 a.m. Saturday at St. Thomas church and burial was in Mt. Olivet cemetery here.

Fairgrounds...

(Continued from page one)

sent all rural groups in the county. This land would include the western building, known as the 4-H Club building, which is substantially sound, which rural interests believe would after rehabilitation, and suitable exterior improvement, house many farm programs.

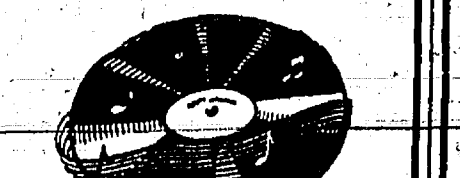

The 4-H Club building is not however, of proper size to meet all of the specialized requirements of farm displays. Another building, approximately 110 by 120 feet, is needed to house and show the major farm exhibits. There are no buildings on the Fairgrounds which would be satisfactory for this purpose. We suggest that there be turned over to the county farm organization after the \$50,000 has been left with trustees for the activities building, the balance remaining in the trust fund. This fund of approximately \$35,000-\$40,000, would be employed, together with private funds, to construct a building of the kind mentioned. The estimated cost of this building would far exceed the amount of \$35,000—additional funds to be raised by rural interests.

We believe that it should be possible for the rural groups to work closely with the city in planning and landscaping its portion of the Fairgrounds to insure harmony with the developments planned by the city. Perhaps the city will also consider turning over one or more of the old existing buildings to the rural groups for demolishing and recovery of usable lumber for our project.

It is our feeling, after many discussions with farmers throughout the county, that the program we have suggested would result in the coordinated development and use of the Fairgrounds for the benefit of rural and urban residents.

We would like to thank you personally, if we may, for the friendly interest and understanding you have consistently shown in our meetings together.

Respectfully submitted,
Frank McCalla, member.
Walter Wolfgang, member.
Clarence King, member.
