

Accomplishments, or lack of them, provide an excellent "hole and doughnut" argument for anyone who undertakes to criticize the recent session of the legislature.

Natural battlelines fall between Republicans, who dominate both chambers, and Democrats, who control the executive arm of the government.

The GOP says, "We did a grand job." Their opponents say, "Look at the important things you left undone!"

References to the record will be heard often between now and the fall election.

Republicans are proudest of the "labor legislation" they produced. The new unemployment compensation law gives higher weekly payments and for a longer period. Rates are raised from \$27 to \$30 per week for a single man; from \$32 to \$35 for a man with four children. This is paid over a 26-week rather than a 20-week period. Workman's compensation payments were increased \$4 per week.

This is a step in the right direction, say Democrats, but it is nowhere near the benefit level urged by the Republican President of the United States.

Balancing the budget is another GOP claim to glory. This was no small feat when it is remembered that the solons were faced with the need for an additional \$6 million when the Civil Service Commission unexpectedly increased salaries.

Figures show that during the fiscal year the state will expend \$366 million and receive \$369 million in revenue, thus allowing a \$3 million "profit" that can be used to reduce the deficit.

A fine farm program was provided this year. The legislature made one grant of \$250,000 to Michigan State College—\$150,000 for the Agricultural Experiment Station and \$100,000 for agricultural extension service.

Another \$255,000 was appropriated to MSC and will be matched by a similar amount from the federal government under the Hope-Flannigan bill; a total of \$510,000.

In addition to this money, which will be spent for research for agricultural processing and marketing, \$20,000 was allocated to the department of agriculture to promote sales of farm products.

Old people are guaranteed a minimum of \$40 a month by a law passed this year. The state agreed to increase this amount to \$50 a month by payment under the old age pension law.

Janet Widmayer Wins Scholarship at Michigan State

Janet Widmayer, daughter of Mr. and Mrs. Harold Widmayer, has been awarded an entrance scholarship at Michigan State College according to an announcement made by the college scholarship director, J. Robert Stewart.

A total of 380 such scholarships were granted to graduates of 306 high schools of Michigan.

The awards are made on the basis of scholarship, leadership and high school. Scholarships are awarded for one year but may be renewed for four years if the student maintains a satisfactory scholastic average.

Janet has been active in the Journalism and Latin clubs in high school and has served in offices of the American Legion.

In her junior year she was the recipient of the American Legion scholarship.

She has also been in 4-H club work for a period of eight years and this year won the state 4-H citizenship award.

Janet plans to major in home economics courses in college.

Local Red Cross Collections Only \$50 Short of Quota

Mrs. John Fischer, co-chairman with Mrs. Leigh Palmer of the Chelsea Red Cross unit, and chairman of the March drive for Red Cross funds, announced yesterday that the total amount contributed here from all sources is \$1,652.34, almost \$50 under the quota set for this year but approximately the amount of previous years' quotas.

Included in the final figure is a contribution from Wayne Heat Treating company, not yet received when a list of industrial contributors was compiled two weeks ago.

The county chapter of the Red Cross had set Chelsea's quota this year at \$1,700 and Mrs. Fischer said yesterday that even though the entire amount could not be obtained, she is gratified with the response of individuals as well as industry and other groups.

Committee Planning CHS Alumni Banquet

William Radomacher, president of the Chelsea High School Alumni Association, has announced that a meeting of officers and committee is being held this evening at 8 p.m. to plan the annual alumni banquet and to plan the banquet program.

Officers of the association are: Richard White, vice-president; Mrs. Charles Ritter, treasurer; and Jody Murphy, secretary.

## CHS Baseball Squad Wins League Tilt

### Dundee Falls Victim as Bruce Hoffman Strikes Out 12 Men

Chelsea's Bulldog baseball team downed Dundee 6-1 Monday to open their league season.

Coach Al Conklin's squad got another well-pitched ball game. This time it was lanky Bruce Hoffman who pitched the Bulldogs to their third straight win of the season. Bruce, who had 12 strikeouts, pitched a complete game and walked but one.

Chelsea grabbed a short one-run lead in the first as Bob White gained life on a Dundee error. Lloyd Grau followed with a single, the first of his three hits. White stopped at second. Both runners advanced as Ralph Owings laid down a perfect sacrifice. Phil Bareis fled to right field with a score after the catch.

Dundee bounced back to tie it up in the second as they tagged Hoffman for three straight hits. Don Simonson scored on a sacrifice. Bruce evidently didn't like this treatment as he shut them out without a single hit the rest of the ball game.

The Bulldogs broke open the ball game in the fourth with their big inning of the season. Hugh Weinberg opened the inning by flying to left field. Mike Murphy singled, Glenn Weir walked, and White walked, loading the bases. Grau led off, scoring Murphy. Owings also singled, scoring Weir and Bareis. Bareis walked, loading the bases again. Duane Satterthwaite struck out but Hoffman blasted a double to left center scoring Grau and Owings. Weinberg, up for the second time in the inning, ended the rally by going down on strikes. The rally which included three walks and four hits, gave Chelsea five runs.

Hoffman kept the Vikings in check the rest of the game and the game ended in a 6-1 triumph for the Bulldogs.

Coach Conklin was well pleased with the play of some of his younger players. Sophomore Mike Murphy looked good at the plate. The Dundee pitchers found Glenn Weir hard to get out as he drew two bases on balls. Freshman Hugh Weinberg showed improvement behind the plate.

The team travels to Flat Rock Wednesday for its first game of the season away from home. The next home game is with Koozeville, next Tuesday, at 4 p.m.

NAVY RECRUITER IN ANN ARBOR TUESDAYS

Chief Chester Baro, Navy recruiter for the Washtenaw county area, has announced that he is at the Ann Arbor Post Office, basement floor, every Tuesday to receive applications for enlistments.

## John Magiera Resigns Position as Athletic Director

JOHN MAGIERA

John Magiera, whose Chelsea basketball team won a Huron League championship in 1951 and 1954, tendered his resignation as athletic director of Chelsea High school at a meeting of the School Board Tuesday evening.

Magiera, who came to the Chelsea school from Hartland in 1948, has coached various sports here during the seven years which will be concluded at the end of the present semester in June.

The past two years he has served as director of the summer recreation program and he plans to remain in Chelsea for the coming summer to act in the same capacity.

His plans for the future, he said, are to "find another teaching position."

Following the morning service members and their guests will have a pot-luck dinner in the IOOF Hall.

Proposed additions and changes for the County Jail at Ann Arbor would provide space for 200 prisoners, according to preliminary plans which were approved by the Board of Supervisors at last week's regular meeting. Present space was planned for 53 prisoners although that number is often exceeded.

Estimated cost of the proposed two-floor addition was given as \$252,000, while an additional \$4,000 was appropriated for changes in the present structure. The new addition would be a third and a fourth floor.

According to the preliminary plans, the basement would have a receiving room for prisoners; the first floor would include the filing room, offices and sheriff's living quarters; the second floor, space for 51 prisoners; the third floor for women prisoners; and the fourth floor for men prisoners.

Next step in the proposed building program, according to Donald M. Silkworth, assistant supervisor and chairman of the sheriff's committee, is to study means of raising the necessary funds.

It was believed possible, if the Board of Supervisors decides to put the issue up to a vote of the county's taxpayers, that an amount might be included for a proposed juvenile detention home for which plans are also being studied.

The Board of Supervisors, at Tuesday's meeting, also approved the tentative budget of \$1,755,615 for 1955. This is \$245,516 more than the 1954 county budget.

Final action on the 1955 budget will be taken in the fall and the figure may be considerably less after trimming down some of the requested appropriations.

Mr. Hochrein started working for the old Ann Arbor gas company in April of 1904, before he was 15 years old, doing various kinds of installing work and repair work and later became a full fledged serviceman.

When gas was introduced into the village of Chelsea in 1918, he was transferred to here to look after service work and the installation of gas mains and services into customer homes, and has been stationed in Chelsea ever since.

The nature of his work has changed over the years, but essentially he is still the service representative for the village of Chelsea.

"Bill" probably has a personal acquaintance with every customer in the town and they all know him as a friend of the Gas company. Not only has "Bill" Hochrein completed 50 years with the Michigan Consolidated Gas company, but he also has reached this goal before reaching the age of 65, which is the normal retirement age of company employees. This is most unusual and such a record has been attained by only one other employee of the company.

## Local Baptist Church Tells Building Plan

### Groundbreaking Ceremony Scheduled for Next Sunday

Groundbreaking ceremonies will take place Sunday, April 25, at 3 p.m. for the construction of a new Baptist church at 387 Wilkinson street, according to an announcement by the pastor, Rev. David A. Wood.

Rev. Charles Berry, pastor of Central Baptist church, Port Huron, N. H., will be the principal speaker at the groundbreaking. Rev. Berry was formerly pastor of the Baptist church at Napoleon.

Tentative plans call for construction of a cement block building, 40 x 60 feet in size, with basement room for Sunday school and social activities and a main floor auditorium.

The church property is 66 feet wide and extends 264 feet back from the road.

Services of the Chelsea Baptist church are now held in the IOOF Hall on M-22, south of Chelsea, with an average attendance of 35 people each Sunday.

Rev. Wood has served the church as pastor since 1951.

At the Sunday morning 11 o'clock service before the groundbreaking ceremony, Rev. John Stevenson of Detroit will be the guest speaker. Rev. Stevenson is a representative of the Un evangelized Field Mission.

Following the morning service members and their guests will have a pot-luck dinner in the IOOF Hall.

Approximately 275 people were present for the All-Sports banquet sponsored by the Chelsea Kiwanis club which was held Tuesday evening in the gymnasium at Chelsea High school.

Guests included Chelsea High varsity basketball boys and girls, baseball, football and track teams, cheerleaders and coaches for each of the sports.

Van Patrick, Detroit radio and TV sports announcer, was introduced as toastmaster by Donald Aiber, Kiwanis president. Interesting facts about the Detroit Tigers and new players on the team, together with sidelights on the baseball theme generally, proved entertaining to the members and guests present as he introduced guests and guest speakers.

Principal speaker, introduced by Van Patrick, was Leon Hart, former Notre Dame football star who is now with the Detroit Lions professional football club.

He related his experiences which led from high school athletics through college and into professional football and gave pointers on what he considered important in developing individual ability and team strength.

Rev. Thomas Toy of the Congregational church gave the invocation at the dinner and music was furnished by a trumpet trio which included Gene Shroyer, Chelsea High school band director, Arthur Katterjohn and James Austin of Saline, accompanied on the piano by Karen Taylor, also of Saline.

John Magiera, Alan Conklin, Jack Musser and Mrs. Greta Balstead, in their capacities as coaches of the various teams, introduced the student athletes who were guests of honor at the banquet.

Ludington Mayor To Exchange Duties with Local Village President on May 5

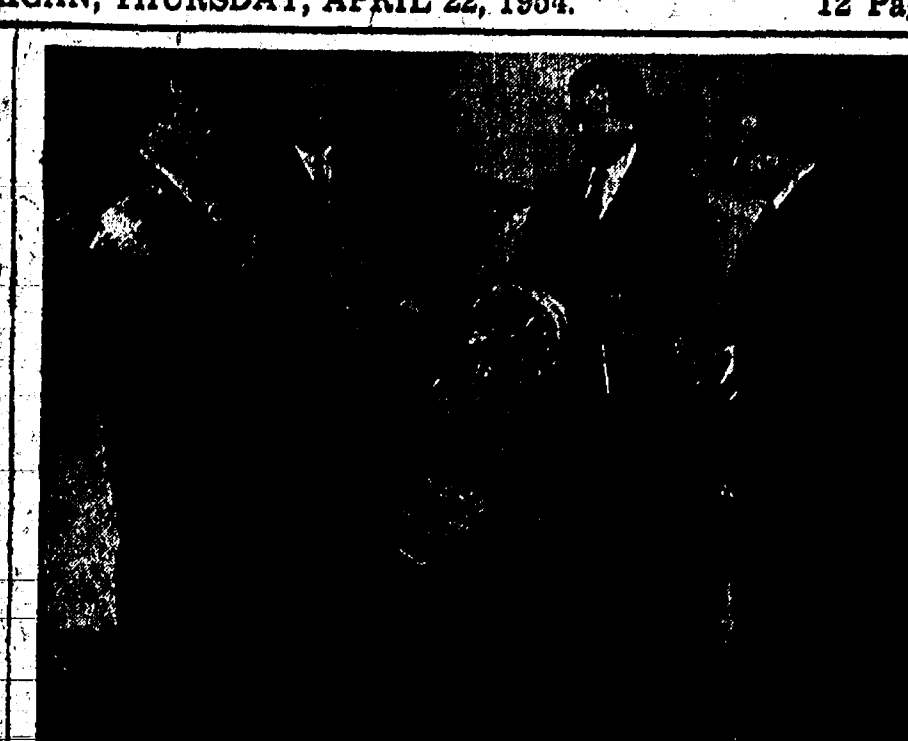

Village President Maxwell G. Sweet will serve as mayor of Ludington on May 5 while Ludington's Mayor Dan R. Rathack will take over the office of village president of Chelsea for the day as part of a state-wide exchange of mayors planned as one of the highlights of the May 2-8 observance of Michigan Week.

Michigan Week activities are sponsored by Greater Michigan, Inc., in cooperation with the Michigan Economic Development Commission and other state agencies.

Purpose of the exchange of mayors for the day, according to Mayor Rathack, is to provide an opportunity for the people in different parts of Michigan to become better acquainted with each other. Mayor Rathack said he believed this would result in better understanding and greater unity within Michigan.

Village President Sweet, at Monday's Village Council meeting, appointed Dr. Glen Haas, president pro-tem, to act as official host to greet the Ludington mayor and to accompany him on a tour of village facilities.

According to tentative plans, Ludington's Mayor Rathack will be taken on a tour of the Chelsea area.

GUEST ARTISTS—Next Thursday the Chelsea High school instrumental music department, headed by Eugene Shroyer, will be hosts to five recognized experts on brass band instruments. The five guests are members of the Chicago Symphony Ensemble. They will present a short concert and then direct a clinic to offer advice and consultation to students. Music groups from Saline, Willow Run, Stockbridge, Dexter, Grass Lake, and Manchester have been invited to participate.

## Chicago Symphony Ensemble To Give Music Clinic Here

Next Thursday, April 29, the Chelsea High school instrumental music department will be host to the Chicago Symphony Brass Ensemble, a group of five men who are classed as experts on brass band instruments.

The clinic consists of informal sessions during which students bring their instruments for consultation, instruction and personal advice from members of the Ensemble.

Saline, Willow Run, Dexter, Stockbridge, Grass Lake and Manchester school music groups have been invited to be present for the concert and clinic, according to Eugene Shroyer, Chelsea High school band director.

The Chelsea Band-Parents club is supporting the clinic program since the charge of 50 cents per person is not expected to cover the cost of the program.

Beginning at 2 p.m. the concert and clinic will be concluded by 3:30 p.m., Director Shroyer announced.

## Women's Guild Regional Meeting To Be in Albion

Thursday, April 29, the annual spring meeting of the Ann Arbor Regional Women's Guild will take place at Salem Evangelical and Reformed church in Albion, of which Rev. Walter Merzdorf is pastor.

Mrs. T. W. Menzel, Regional president, will be in charge of the all-day session which opens with registration at 9:30 a.m.

Principal speaker at the meeting is to be Dr. W. W. Whitthouse, president of Albion College. His address will be given at 11 a.m.

A feature of the afternoon program is a dramatization of Margaret Applegar's "The Last Best Hope of the Earth." It will be given under the direction of Mrs. Edward Gutsik of Lansing, who is stewardship chairman of the Ann Arbor Regional executive board.

Mrs. Willard Kohler, of Saline, is a member of the cast.

Mrs. Herbert Paul of Chelsea, will be in charge of the opening devotional service at the afternoon session.

Women of Bethel church, Freedom township, St. John's church, Rogers Corners, St. John's church, Franciscan, and St. Paul's church, here, will be attending the meeting.

St. Paul's church women who plan to go to make reservations with Miss Cora Feldkamp, Women's Guild president, before Monday, April 26.

MSC Glee Club Entertained by Kiwanis Club

At Monday evening's Kiwanis meeting, in the social center of the Methodist church, Dr. P. E. Sharrard, as program chairman, introduced the 15 Michigan State College Men's Glee Club members who were guests of the club before the concert they presented in the gymnasium at the school. The concert was sponsored by the Kiwanis club in cooperation with the Washtenaw county MSC Alumni club.

With the singers were Rob Gardner, assistant dean of men of Michigan State College and John McGoff, also of the college, and Edward Richmond, director of the group.

Other guests at Monday's meeting were Irwin Klager of Ann Arbor, Basil Smith and W. J. Grossman, also of Ann Arbor, Don Weinberg and Arlene Loeffler, Chelsea High school seniors.

Kiwanis President Donald Aiber announced that he and Dr. P. E. Sharrard and Anton Nielsen were planning to attend the divisional meeting at Howell Tuesday afternoon.

ENLISTS IN NAVY

Arthur William Steinaway, son of Mr. and Mrs. Waldo Steinaway, 2751 McKinley road, who enlisted in the U.S. Navy and left here Monday, April 12, is now taking his recruit training at Great Lakes Naval Training Center, Illinois.

## Ban Maintained on Polio Vaccine Test in Washtenaw County

### New Civil Defense Organization Plan Being Put in Force

Thomas A. FitzGerald, Washtenaw county director of Civil Defense, explained at a meeting in Sylvan Town hall Monday evening how the new concept of evacuation of communities because of the H-bomb danger has changed the picture for Civil Defense in all communities.

An entire county, he said, is too cumbersome for one director to handle by himself and consequently Washtenaw county has been divided into seven zones, each of which will have a town or village at its center as a headquarters point. Lima, Lyndon, Sylvan and Dexter townships form Zone VI, with Chelsea as the central headquarters.

Each of the four townships and the village of Chelsea are to name a Civil Defense director and the five are to be ready to attend another meeting at 7:30 p.m., April 29 in the Municipal building to elect a chief director of the zone.

Later, the Auxiliary Police units will organize on the same general plan with the entire unit of Civil Defense designed to pool resources in case of emergency or a disaster of any kind, not necessarily of hostile origin only.

Restrictions Placed on Non-Resident High School Pupils

At the meeting of the Chelsea Agricultural Schools board meeting Tuesday evening, John Magiera tendered his resignation as athletic director. The resignation, to become effective at the end of the present school year, was accepted, according to an announcement released by the board yesterday morning.

Reports on progress of construction of the new elementary school as given at the meeting state that a large crew of workers have poured the foundation footings and are now laying the cement block foundation. Plumbing is also in the process of installation and includes a septic tank for sewage instead of connection to the village sewer system. The septic tank was decided upon at a meeting held last week.

At last week's meeting, also, the board passed a resolution regarding non-resident high school pupils as follows:

"That the Chelsea Agricultural Schools school district accept only the non-resident high school pupils from districts in our service area and from districts from which we have previously accepted them."

Non-resident elementary pupils have not been accepted since consolidation of the Chelsea district was effected.

It was also decided, by resolution at the April 19 meeting to discontinue the North Lake school at the end of the current year. There are 18 pupils in the school this year.

Mrs. Otto Hinderer has been designated as school census taker, according to school officials, and will do the work the last ten days in May.

Light fixtures for the new elementary school, submitted Tuesday evening by Turner's Electric Service, electrical contractor, were approved by board members.

Other 11 Counties in State Scheduled To Begin Tests

Following the Salik polio vaccine report given Monday night by Dr. William Bromme of Detroit, chairman of the 10-member executive committee of the Michigan State Medical Society, Dr. Otto K. Engleke, Washtenaw county health director, said he was "more sure than ever" that his recent action in calling off the tests was "proper for Washtenaw county."

Dr. Engleke, in re-affirming his stand in the matter of withdrawing Washtenaw county from the test made the following statement:

"The Washtenaw County Health Department has received no new information from a source which would indicate that properly certified vaccine and notice of its complete acceptance by the Michigan State Medical Society, would be available in time to permit a successful continuation of the Salik polio vaccine experiment originally scheduled to begin here April 19 in some schools and on April 26 in others."

"To the contrary, all we have been able to learn has confirmed our original opinion that this community would be better served by withholding the vaccine until a time when it might be concluded with a sufficient safety margin between the completion of the vaccinations and the closing of schools as well as the anticipated seasonal onset of infantile paralysis."

Dr. Bromme, in his TV and radio report at 11:15 p.m., Monday, said the executive committee of the State Medical Society "will not withhold approval" of the test but went on to question who would be responsible for legal, moral and ethical obligations to the children who would be given the vaccine.

Terminating the vaccine "an experimental product—not yet licensed," he said people had the right to expect information regarding its safety, its possible value or prospective danger.

In the eleven counties of Michigan where plans have been proceeding for the Salik vaccine, Dr. Bromme said it should be left to the discretion of parents and their family physician whether a child should take part. The family doctor should also be given access to the records of the tests, the report stated.

The Salik vaccine is owned by the National Foundation for Infantile Paralysis. Dr. Bromme said.

## Recreation Council Will Meet Tonight To Plan Program

Chelsea Recreation Council officers and representatives of all organizations of the community are expected to be present at a meeting to be held at 7:30 this evening (Thursday) in the Agriculture room at Chelsea High school.

On the agenda is a discussion pertaining to the possibility of instituting sustaining memberships of the Council and the matter of increasing the budget as well as acting on revisions of the by-laws of the Council.

Also to come up for action is the question regarding the use of both the elementary and high school playgrounds for the summer recreation program.

SPECIAL STATE FLAG—A special hand-made silk Michigan state flag, the first of a special commitment being manufactured for Michigan Week, is presented to Gov. G. Mennen Williams by George P. Johnson, president of the George P. Johnson Co. of Detroit. The emblem of the special flag was painted separately and applied to the cloth of the flag by hand. Ordinary flags have their designs printed directly upon the cloth. The Governor's new flag measures four by six feet and is mounted on an oak staff with a polished brass eagle, gold-corded tassels and gold fringe. The floor base is gold. These and less elaborate flags are being turned out in quantity for the May 2-8 observance.

Erwin L. Klager  
Tells Candidacy  
for Sheriff's Post

ERWIN L. KLAGER

Erwin L. Klager, a veteran of 22 years service with the Washtenaw county sheriff's department, until his resignation in 1949, today announced his candidacy for the office of sheriff on the Republican ticket.

Klager joins Thomas Fitzgerald, Jack Winnick and Harold Swoverman in the August GOP primary, seeking the post being vacated by Sheriff John L. Osborn, who is retiring at the end of his present term.

Klager's 22 years in the sheriff's department saw him rise from fee deputy to Captain in charge of the uniformed division, the rank he held at the time he resigned. Since his resignation, he has been operating the Klager Hatcherias with his brother, Lester C. Klager.

A native of Bridgewater, Klager was born there on March 2, 1899. He attended the Bridgewater public schools, Saline High school, and Cleary College in Ypsilanti for two years.

Klager was appointed a fee deputy by former Sheriff James Robinson in 1927 and was retained in that capacity by the late Jacob Andreas, who succeeded Robinson in the post as sheriff. From fee deputy Klager advanced to night turn-key at the county jail, to patrolman, detective, detective lieutenant and captain in charge of the uniformed division.

While in the sheriff's department he worked on three special grand jury investigations, one into the Barker-Karpis case and two into gambling in the county.

Klager is a member of the Ann Arbor Kiwanis club, the Elks lodge, Knights Templar, the Shrine and Zai Gaz Grotto, and is a former member of the Michigan Sheriff's Association. He is a member of St. John's Lutheran church, Bridgewater. Married, he has one daughter and lives at 622 West Liberty street, Ann Arbor.

## RETURNED FROM FLORIDA

Mr. and Mrs. Wallace Wood and family, returned from St. Petersburg, Fla., where they attended the 1954 Leaders Club convention, sponsored by the State Farm Insurance companies.

This trip carried with it considerable distinction, since it is an award bestowed by the three State Farm companies to honor those agents who have been unusually successful during the year 1953. The St. Petersburg convention was attended by approximately 2,500 persons, representing the State Farm companies' field representatives, their wives, and top officials from the companies' home office, Bloomington, Ill.

Miss Lillian Foster entertained as Easter dinner guests, her sister, Mrs. Gertrude Hammond, and Mr. and Mrs. K. Tomlinson and son, and Charles Brigham, all of Owosso.

Mrs. Peter Boehm spent from Thursday until Sunday in Saginaw as the guest of her daughter, Margaret.

## WHERE WERE YOU?

A few weeks ago about 200,000 Michigan trout fishermen were supposed to be vitally concerned—over the proposed changes in our trout fishing regulations. Such was the intensity of the alleged tumult that the Rackham Auditorium in Detroit was leased by the Department for a public hearing at which the walls were expected to bulge, jammed with voluble anglers. Sixty-eight fishermen showed up. Five or six of them had something to say, not all of which was pertinent to the problem at hand. Others were curious onlookers.

All Smoke—No Fire? Was this a typical example of lack of organized effort on the part of Michigan sportsmen to defend conservation policies with which they agreed or disagreed? Or was it evidence of sufficient faith in the Department's Fish Division to permit them to go ahead and make the changes which they deemed would improve Michigan trout fishing in future years?

Writers anticipating objections to the changes in fishing laws editorialized against the proposals, predicting widespread veto from anglers. The open meeting for discussion in Detroit got plenty of publicity. It was going to be a real "show-down" to the fishermen's chance to tell the Conservation Department how to improve trout fishing. Sixty-eight people had no trouble finding seats! It was all smoke—no fire!

Prediction: On the basis of this lack of interest—or let's say lack of condemnation on the part of the public, it is the belief of this writer that the Conservation Commission may logically proceed with their planning. When the trout season opens in 1933 certain streams will be restricted to—(1) The use of single hooks with natural bait, or artificial flies; (2) Reduction of creel limit to 8 trout daily; (3) Increase in size limit of trout to 8 or 10 inches on some but not all trout streams; (4) Elimination of natural spawn from any fish for chumming and bait.

The new regulations will not apply to streams where there are spring and fall runs of steelhead trout.

Any proposed regulations against night fishing on trout streams will probably be dropped.

These are personal predictions. Check 'em a year from now and look for a lot of long-range planning for better fishing in Michigan Outdoors!

**New Chevrolet Trucks...**

**do more work per day... more work per dollar!**

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, now stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thrifty" 235" engine, the "Loadmaster" 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

## Frequent Oil Changes Protect Engine...

When was that last oil change? Last month? Last week? Actually should be every 1,000 miles. Constant grind of driving "breaks down" oil's efficiency causing excess engine wear. Let us drain the crankcase and refill it with fresh, clean Good Gulf oil... and change the oil filter too. So, play safe! Drive in today and say, "Check the oil!"

## BOY AND GIRL ASSEMBLIES

The boy and girl assemblies were held April 13. Doris Haist presided over the girls' assembly with Judy Doe recording. The chairman of the boys' assembly was David Atkinson, with Fred Hoffman recording.

Some of the suggestions for improvements were to have monitors to keep students off the grass; to enlarge locker space; also prevent noon driving.

The chairman reported on what problems had been corrected since the last assembly of this sort.

Doris Haist appointed a committee of B. Irwin, M. Munden, N. Ackman, B. Leggett, and S. Dancer, with J. Gilbert as chairman, to clean up and repair the girls' locker room in the basement.

**A DOUBLE SCOTCH**  
An assembly was given Wednesday April 21, in the high school gym featuring Kay Graham, a petite lassie from Aberdeen, and a Scottish highland dancing champion who has appeared with the famous Sadler Well Ballet, and in many London musical shows.

Also featured was Jay Morris, a braw laddie frae Glasgow and a comedian of note who has toured the world in many musical shows.

The show had dancing, sparkling singing, and clean comedy and pleasing personalities.

**Grade News...**  
**KINDERGARTEN**  
Mrs. Irving's kindergarten has recently purchased some new tropical fish for their tank. Three of the new fish are called "Neons" because they shine in the dark.

They have completed small yarn dolls for their mothers to pin on their coats.

In Mrs. Kelly's section the glass cover of the goldfish bowl

accidentally fell into the bowl, broke, and killed the fish known as black mollies. The fish will be replaced and it is hoped that no more such accidents will happen.

**SECOND GRADE**  
A number of children in Mrs. Smith's second grade had birthdays in March. They are Robert Downie, Cheryl Lehman, Oron Wireman, Naomi Fitch, and Noah Fitch. They were all eight years old.

Mrs. Haselwerdt's second grade reading group I, entertained the class last Friday with a dramatization of a story from their readers called "A Pie for Billy Goat." Those taking part were Carol Mayer, David Winans, Alida Mearl, Jerry Hageman, Linda Blass, Jerry Stephens, and Victor Parks.

Mrs. Elise's second grade has been drawing pictures of parrots and bowls of flowers.

**THIRD GRADE**  
Miss Taormina's third grade misses Gregory Lusk who is absent because of measles. Harold De Mint has returned after being absent with a broken collar-bone.

Mary Alban and Anna Jefferson went to the hospital to have their tonsils removed.

Everyone was glad to welcome spring vacation.

**FOURTH GRADE**  
Mrs. Crandell's group completed their model of Washington, D. C. for Parents' Night. In social studies they have started a unit on the New South.

In arithmetic they are reviewing fractions; in English they are striving for neatness in writing, and writing endings for the stories started earlier.

**SIXTH GRADE**  
Mr. Clark's section has been studying poems and letters in language and is going to write a letter to Dianne Gary who has been sick.

They have completed a bulletin board on ocean life with fish and other water plants and animals.

An Ivory Inspection Patrol has been started using Ivory, yellow and red stickers. Ivory stickers stand for a very clean appearance, yellow not too clean and red room for improvement.

Mr. Clark's room combined with Mr. Murdoch's room for the Parents' Night program.

Mr. Murdoch's sixth grade has three girls from their room on the safety patrol force.

The students welcome Andy Jones, a new member, to their class.

China is being studied and flour and salt maps are being made of this country.

April birthdays are David Beeman, April 17; Tisela Matthews, 24; Beverly Brown, 24; and Jack Patrick, 26.

**Organizations...**  
**LATIN CLUB**  
The Latin club, at their last meeting, enjoyed a game of relay, reviewing the definitions of nouns.

**JOURNALISM CLUB**  
The Journalism club will send representatives to Journalism Day at the University of Michigan, which will be held May 7. For the Juniors there will be a special course about how to put the senior Annual together.

**Hi-Y**  
The Hi-Y will show a movie entitled "Mr. Smith Goes to Washington" on April 27. Tickets will be sold in advance. Students should get their ticket early. The club also has been debating on the senior who is to receive the annual Hi-Y award.

**FFA**  
The FFA held its regular meeting Wednesday, but did not discuss any new items.

**CHORUS**  
On Parents' Night the members of chorus sang three songs during the program in the gymnasium. The selections were, "Look Up Darkies and Sing," "Look at the Birdie and Sing," and "In 1893, Soloists were Mary Ann Kink, Barbara Kuhl, Eugene Seitz, Rose Ann Hoffman, with a spoken part by Audrey Welch.

The high school chorus also took part in the Good Friday services at the Methodist church. They sang "Ave Verum Corpus" and "Let All Things Now Living."

**BAND**  
On April 23 the band will be one of the eight participating in the biennial Michigan parade to be held in Ann Arbor.

On April 29 the band will spend the morning with Edmondson high school band of Willow Run. They will present a concert and show a few fundamentals.

The band is preparing for an exchange concert with Dexter and a spring concert. They are also preparing for a jazz assembly. The band will sponsor an assembly with the Chicago Symphony ensemble.

**HOME EC.**  
Seventh grade Home Ec. girls are working on their menu planning unit.

First-year Home Ec girls are finishing their cotton garments.

Second-year Home Ec class is planning a two-day trip to Detroit April 28 and 29. They have planned to visit many interesting places.

The girls will spend the night at the Tuller hotel.

Third-year Home Ec girls are planning their hope chests.

## Village Officials Attend Meeting of Municipal League

Village President Max Sweet, and Councilmen Glen W. Hass, J. I. Merkel, and D. A. Riker were among 63 municipal officials representing 22 cities and villages at the regional meeting of the Michigan Municipal League's Region II in Brighton on Thursday, April 15.

Officials at the one-day meeting selected the following people as their regional officers for 1964-65: chairman, Albert W. Cole, Mayor, Brighton; vice-chairman, John La-zell, councilman, East Lansing; secretary, Mrs. Elaine St. Louis, village clerk, Milan.

State Representative Adrian De Boom, of Livingston and Shiawassee county District, spoke to the group on the legislation affecting municipalities during the current state legislative session. William Danielson, manager of the personnel division of the Michigan Municipal League, spoke on municipal employee personnel problems.

Other speakers and guests included Jack Schaub, special assignment engineer of the Michigan State Highway Department, and William B. Love, Extension Specialist in Forestry and Parks, Michigan State College.

Region II of the Michigan Municipal League consists of the counties of Hillsdale, Ingham, Jackson, Lenawee, Livingston, Monroe and Washtenaw.

The Michigan Municipal League is an organization of cities and villages of the state with headquarters in Ann Arbor.

## Michigan Births Set New Record for Last Year

The number of babies born in Michigan zoomed to a record high last year.

According to provisional figures released by the Michigan Department of Health, 181,018 babies were born in 1963.

The previous record was in 1952 when 177,835 babies were born to Michigan residents.

The provisional figure shows all the babies born in Michigan. This figure will change as reports are exchanged with other states; the number of babies born in Michigan to residents of other states will be taken up, and those born to Michigan residents outside of the state will be added. The adjusted total is expected to exceed the provisional total by about 1,000.

The birth rate—the number of babies per 1,000 residents—remained at the record high of 26.5 established in 1952. Before 1952, the highest rate recorded was in 1947 when 26.4 babies were born per 1,000 residents.

Since 1940, the number of births in Michigan has increased by 89 per cent and the birth rate has climbed 40 per cent.

## MSC Home Management Department Offers Suggestions on White Laundry

What makes a white, clean-lau-

dry? Evelyn Zwemer, of the home management department at Michigan State College, names these seven steps to laundry success:

The first step is "preparation." You'll want to sort clothing according to fabric, color fastness, amount of soil, etc. If there are heavily soiled spots, rub these first with a soap, syndet (synthetic detergent) or soap jelly.

Miss Zwemer advises limiting any soaking period to 30 minutes. Longer soaking only causes unnecessary weakening of the fabrics.

The second step is to work with "water at the correct temperature." For white cottons and linens, wash soaked pieces in water at 160 degrees F. If pieces were not soaked, use water at a temperature of 140 degrees F. Temperatures for colored pieces will, of course, depend upon color fastness.

Don't ever soak silk or wool garments, warns Miss Zwemer. For best results, she advises a temperature of 100 to 110 degrees F. for washing silk. For wool, 90 to 100 degrees F. is right.

The third point concerns "water softness." Here in Michigan the water is moderately hard. So the homemaker may want to install a water softener. Or perhaps she'll add a softener powder to her laundry.

Realize that there are two types of softeners: precipitating (gives cloudy mixture) and non-precipitating (gives clear mixture). The latter type is usually preferred, says Miss Zwemer.

Whichever type is used, it is important to wait three minutes after adding the softener before adding soap or syndet.

In point four, "choosing soap or syndet," the homemaker needs to consider which type is suited to her machine. Either a soap or a syndet can be used with a conventional machine. With an automatic, a syndet is preferred. (The washer manufacturer may have given specific directions as to which brand works best in his particular machine.) If a soap is used in an automatic, the pipes, drain and pumps of the machine may become clogged, warns Miss Zwemer.

Two very important don'ts are: (1) do not mix soap and syndet,

and (2) do not use soap one week and syndet the next week. If used alternately in this way, tiny brown spots may appear on garments, explains Miss Zwemer.

The fifth point concerns "washing time." It is determined by the amount of soil, kind of fabric and its construction, color fastness and the type of machine.

In general, cotton and linen garments showing medium soil will wash clean in six to eight minutes. Heavily soiled garments of cotton or linen should be washed longer, 10 to 15 minutes. Silk and wool garments should be washed only for a short time, (two, three or five minutes). Too long a washing period merely redeposits the dirt.

The sixth point concerns "changing the wash water" when it becomes too soiled.

Women frequently make a mistake of point seven, says Miss Zwemer. They neglect to "soften hard rinse water." Thorough rinsings are "musts" for a successful laundry.

If soap is used in a hard water area, three, and perhaps four, rinses are recommended. If a syndet is used, two rinses are sufficient in most cases. Agitation is an important factor in proper rinsing, emphasizes Miss Zwemer.

You're more apt to keep good records on your dairy herd if you keep the records simple, say MSC dairymen.

## Glenn Easton Named Director of U. S. Libyan Mission

Glenn H. Easton, a former resident of Lima township, was sworn in Friday as director of a United States operations mission to the Arab kingdom of Libya. As director, he will head a staff of 280 persons who are engaged in aid through education, health and agriculture.

The mission is under the United States Foreign Operations Administration, headed by Harold Stassen.

Easton, who is vice-president of the J. J. Henry Co., Inc., a New York firm of naval architects, is on leave of absence to fill the post in Libya.

Born in Lima township, a son of Mr. and Mrs. Ed. Easton, he was appointed to the United States Naval Academy at Annapolis and after graduation there, attended the Massachusetts Institute of Technology where he received a master of science degree. He retired from the Navy after 30 years of service.

Easton and his wife will be in Washington for several weeks preparing for the overseas assignment.

You're more apt to keep good records on your dairy herd if you keep the records simple, say MSC dairymen.

## MICHIGAN MIRROR

(Continued from page one)

assistance program, should the federal government reduce the present plan.

Other accomplishments of the session are a program to aid counties build homes for the senile, a law which forces patients suffering from active tuberculosis to stay under a doctor's care; the submitting of the Korean veteran bonus and the Civilian War Reliance Act to the public for referendum at the next election.

"Our main responsibilities in this session," said Rep. William S. Brownfield, were to keep government on an even keel during rather uncertain economic weather. Despite many would-be boat rockers, the Republican majority came out of the session with a solid, well-laid program broadening state services to the public, improvements in health and education programs, and without new taxes."

"Failures" of the session will get some attention from Democrats. Sources close to Gov. Williams report that the chief executive may have more than a little to say about the fact that no FEPC legislation was passed this despite recommendations for such action from President Eisenhower.

The school situation they say, still constitutes a serious problem, untouched by the legislature. The governor is expected to ask what the legislature intends to do with the annual increase of 60,000 students the state faces since facilities are already overcrowded. He is also said to be disgusted that something wasn't done about consolidating school districts many of which are known to be operating on an uneconomical basis.

Election reform as submitted by the Republicans is reported not to have pleased the governor. He considers the reorganization change only a few things and left many of the provisions that made the former law undesirable.

Most significant thing about this session, according to Democrat critics, was the development of a new group of Republican representatives who are much more progressive than previously. This hard core of liberalism joined with us for the first time to support some fine legislation," said a Democratic spokesman. He was referring to the "Young Turk" group headed by Willard Bowerman, Lansing; Thomas M. Burns, Saginaw; Gerald Graves, Alpena; Kenneth O. Tice, Baldwin; John McCune, East Lansing.

About 800 bills were submitted for consideration this session. This is more than can be studied thoroughly, and a number large enough to cause some concern among lawmakers.

Long ago the legislature met only at two-year intervals. With the advent of the sales tax, it became necessary to meet annually in order to appropriate sales tax returns. The "off-year" sessions grew longer and longer, encompassing more and more subjects, until there is now little difference between them and the "regular session."

If you want to make money, Michigan is a good place to seek your fortune.

There are several excellent reasons why the state's economic condition can be expected to boom. Very important in this rosy picture are three factors: extensive industrial expansion, the Mackinac Straits Bridge, the St. Lawrence Seaway.

Kicked around politically for more than 20 years, the St. Lawrence Waterway seems finally within grasp. Best indications are that the United States Congress will approve the project this year. If they should not, the Canadian government, which has already agreed to build the ship canal herself, can be expected to begin operations.

Main impact of seaway will be felt in transportation and by industries which ship or use ore, grain, coal, etc.

Michigan with its good port cities and expanding industry is certain to benefit greatly.

## PRAYER FOR THE WEEK

From where I sit ... by Joe Marsh

## So They Stopped Baiting Each Other

If you want to hear a real hassle, listen to Cob-James and Whitey Baker on trout fishing sometime. You'd think it was more important than anything.

Cob favors dry flies. Whitey pooh-poos anything but wet flies. Cob swears by a Fan-Wing Royal Coachman; Whitey won't hear of anything but Silver Doctor. And so it goes—they can't even get together on steel rods versus bamboo rods.

But on Saturday, each got back from Fox Creek with a catch that couldn't have differed by more

than a couple of ounces! Then over a friendly glass of beer, they allowed as how maybe they were both right ... which is how so many arguments should end.

From where I sit, life would be a whole lot pleasanter if we all respected one another's opinions—whether about trout flies, or having a glass of beer, or voting. After all, a person has a right to follow his own line of thinking.

## TAKE THE WHEEL—just for the joy of it

(Another big reason for trying a '54 Buick)

UNLESS you've tried it yourself, you're going to find it hard to believe.

But when you press the pedal of a 1954 Buick with Twin-Turbine Dynaflo, joy reigns—and so do you.

You feel the joyous thrill of commanding instant response, the solid "take hold," the firm authority of your acceleration.

You feel a joyous exhilaration at the utter smoothness of the forward carry—a completely infinite smoothness that is there every inch of the way.

And you feel a deep and abiding joy at the simplicity of it all, the ease with which you drive, the blessed restfulness of travel with a truly automatic transmission working its wonders.

As we said, you'll find this hard to believe—until you try it yourself.

Until you try TT Dynaflo with the stepped-up V8 horsepowers of the 1954 Buicks. Until you try it with the new buoyancy and the new handling sureness of the improved Million Dollar Ride. Until you try it with the new visibility,

the new luxury, the new "look of tomorrow" styling that are part and parcel of every 1954 Buick.

So, we want you to be our guest at the wheel of a 1954 Buick with Twin-Turbine Dynaflo this week.

During April, 1,500,000 people will guest-drive the 1954 Buicks, and join the Thrill Of The Month Club by doing so. We cordially invite you to join them, for a real thrill. Call us today.

## MABC's 10th Year Shows Progress, Profits

The Michigan Artificial Breeders' Cooperative, which celebrates its 10th birthday this spring, has made real progress during the decade, these members of the organization agree. A. C. Salmer, left, Michigan State College dairyman, who is secretary-manager of the MABC, shows the organization's growth in chart form to (left to right) Clayton Parish, Kinde, Walter Mohr, Bud Aye, and Herman Gottschalk. Filled, cooperative members from Huron County. From a small beginning in 1944 with 4,034 cows, first services increased to 148,821 in 1953. That's about 18 per cent of the 822,000 cows in Michigan. Profit for leading dairyman who use artificial breeding amount to about \$1.50 per hour for labor and management, compared with about 46 cents for the average dairyman in Michigan. Artificial breeding is credited for a production averaging 422 pounds of butterfat and 10,613 pounds of milk, compared with 246 pounds of butterfat and 6,470 pounds of milk for average cows. Production figures for Holsteins under artificial breeding are about double the average for all cows (70 per cent of the service is for Holsteins).

## Survival Is Not All

Tremendous gains have been made over the years in the skill and knowledge of the medical profession. Curing disease, accomplishing surgical miracles, and the discovery of new drugs can be classed as one of the wonders of the world.

But survival is not all! Even though broken bodies can be mended and diseases cured, what about the broken spirits and mental anguish caused by financial strain due to accident and illness? You and I have seen it time and again.

My Company, Woodmen Accident, has been furnishing protection against financial losses due to accident and sickness for 64 years. Such protection for you or your family costs only pennies a day! Let's talk it over—

## 'Michigras,' U. of M. Campus Carnival, Will Be Held in Yost Field House

Michigras, the all-campus biennial carnival and parade patterned after the famed Mardi-Gras celebration in New Orleans, will be presented by the University of Michigan students tomorrow and Saturday, April 23 and 24.

Theme for this year's observance is "Life Is A Book", and a giant "Michiworm", representing a bookworm, has been roaming the campus all this week as part of the preparation for the big week-end. The "Michiworm's" word is law, according to tradition, and whenever he appears his orders are obeyed, even to dismissal of classes.

Peggy Schable, daughter of Mr. and Mrs. Paul G. Schable, has been publicity chairman for the event. Assisting her as co-chairman is Todd Loeff, of Glencoe, Ill.

They explained that proceeds of the event will be divided between the U. of M. Fresh Air Camp for Underprivileged Boys and the new women's swimming pool project on the campus. At the Michigras festival two years ago \$6,000 was netted for charity.

Michigras will be opened with a mile-long parade of student-constructed floats, new sports cars and manikin figures. Led by the Michigan Marching Band, it will include a calliope and six high school bands from Ann Arbor, Chelsea, Coldwater, Plymouth, Saline and Southfield.

For the two-day carnival, 40 booths will be set up on the midway in Yost Field House. For the first time, games of chance, rides and refreshments will be side-by-side with professors polishing apples, dancing girls and "rare animals."

Judges for the events will include Governor G. Mennen Williams, Secretary of State Owen Cleary and Marshall Frederick head sculptor at Cranbrook Academy.

The parade will begin at 3:30 p.m. at the Farmers' Market on Detroit street, between Catherine and Kingsley streets. The route includes Main street to Liberty east on Liberty to State street and then to Yost Field House.

Highlights of the parade will include the "40 and 8" team of Flint, U. of M. Persian Rifles-Unit, old Dexter fire engine, kiltie band and dancing lassies; and many others.

Booths at Yost Field House are competing for trophies on the basis of originality and number of tickets sold. Trophies will also be awarded for the best three floats and for the best high school band.

In case of rain Friday afternoon the parade will be held at 10:30 a.m. Saturday, it was announced.

Gov. G. Mennen Williams is to attend as a patron. Regrets were received from the White House in response to an invitation sent to President Eisenhower.

## Thank You...

To my friends and customers, I wish to express my sincere appreciation for your loyal patronage of Bert's Dairy Bar. I am confident that through the efforts of LaVerne "Ownee" Niehaus, the new owner, your interests will always be placed first.

## GRASS FIRE

A grass fire at 2 p.m. Wednesday, April 14, burned over approximately one-half acre in the field behind the Chelsea Manufacturing Corp. plant on Hayes street.

## Prosecution Awaits Those Who Dump Rubbish at Roadside

Sheriff John L. Osborn and Howard G. Minier, Washtenaw county Road Commission managers, commenting on the dumping of rubbish along county roads, are requesting that county residents help eliminate the nuisance by cooperating with the sheriff's department in reporting any such instances they may happen to observe.

Isolated back roads in the Chelsea and Manchester area seem to be the hardest hit during the past week or two, they said.

Sheriff Osborn has stated that anyone caught dumping rubbish along highways will be arrested and prosecuted as such action is against the law.

County residents can help the sheriff's department by reporting license numbers of cars from which rubbish is dumped or thrown, according to Sheriff Osborn.
