**Rod-Gun Club
Will Send Two Boys
To Summer Camp**

At the Chelsea Rod and Gun club meeting Tuesday evening the project committee reported on the placing of a large boulder, weighing approximately 12 tons, in the memorial section of the club's property as a memorial to deceased members. This was accomplished July 3, according to the report "through hard work by members of the club, together with the efforts and generosity of Irwin 'Babe' Klump, who furnished the stone and the equipment to move it."

The boulder is placed on a concrete foundation in a prominent location of the grounds. A fitting bronze plaque will be placed on it as soon as it can be completed.

Announcement was also made at the meeting that the club will again send two Chelsea boys to the Ludington Conservation camp for a week's outing and training in conservation and forestry. The boys selected are Dean Wayne Fowler, son of Mr. and Mrs. Floyd Fowler, and Robert James Weir, son of Mr. and Mrs. Garnett Weir. They will be taken to camp July 25 by Alfred Mayer. The camp is sponsored by the conservation club of Michigan.

Forty-one members were present for Tuesday's meeting which was held at the Legion Home at Cavanaugh Lake.

**Law Officials Plan
To Centralize All
Juvenile Records**

Friday, Police Chief Doe attended a meeting of law enforcement officials representing five county organizations at Ann Arbor. At the meeting it was announced that a central clearing-house is being set up for keeping records of all juvenile law breakers so the records will be available to the various law enforcement departments.

The announcement was made by Juvenile Court Director Harold A. Nielsen, Chief Doe said.

Also announced was a new plan for handling traffic violations for drivers under 17 years of age. The new plan calls for all juvenile traffic offenders to appear in juvenile court.

**Cpl. Duane Hall
Greeted in Korea by
Gen. Dwight Beach**

In a letter received July 12 by Mrs. Duane Hall from her son, Cpl. Duane Hall, he wrote that Brigadier General Dwight Beach had called on him in Korea, July 2.

General Beach, son of Mrs. D. E. Beach of Chelsea, is now artillery officer of the Eighth Army with his headquarters at Seoul.

He had looked up Cpl. Hall after receiving a clipping taken from The Chelsea Standard showing Hall, Jack Wellnitz and Jerome Burg, all Chelsea men, who had their pictures taken when they got together for a week-end affair at a camp which was 75 miles to find the other two.

Cpl. Hall, in describing the visit by the general, said his distinguished visitor handed him the clipping from The Standard and then introduced himself.

General Beach inquired about Burg and Wellnitz, Hall said. Wellnitz was already on his way home for discharge and Burg is stationed approximately 90 miles from Hall.

**Manchester Couple
Seriously Injured in
Truck-Car Crash**

Police Chief George Doe, called to the scene, said witnesses told him the Riedel car, headed north on M-92, was driven onto the highway without first stopping for the intersection and was struck broadside by an unloaded semi-trailer truck driven east on US-12 by William Buck of Kalamazoo. The truck was owned by the Levine Waste Paper company of Kalamazoo. The Riedels were thrown from the car.

The Riedel car came to rest 150 feet from the point of impact and burst into flames. The Chelsea Fire department was called to put out the blaze.

Mr. and Mrs. Riedel were taken by ambulance to St. Joseph's Mercy hospital, Ann Arbor, the former being so seriously hurt that the extent of his injuries was not immediately determined.

Mrs. Riedel's injuries were listed as abrasions of the face, left arm and left hip in addition to the possible back injuries.

Found in Drilling
On Niehaus Farm**

"Traces of oil" have been found by drillers for the Sun Oil company on the Henry Niehaus farm, 5590 Fletcher road, and pumping apparatus is now being installed in an effort to determine just how much oil there might be.

The Niehaus family was told by geologists on the job that so far, there is "nothing to be excited about" but there definitely is some oil at the present level of approximately 4,000 feet.

The Niehaus family was told of the find Saturday night when the crew left for the week-end.

Test drilling was begun on the farm in March when other test holes were made in the vicinity. A larger rig was brought in two weeks ago and had been working steadily since.

Location of the strike is approximately three-fourths of a mile west of the Niehaus home, near the marshes at the back end of the farm.

By Frank G. Millard
Attorney General

The escheats law is a conservative measure. The Michigan Escheats Code provides an orderly method for sequestering and conserving property in those cases where it appears there is no owner. Property of this kind falls into three classes: (1) Property of persons dying intestate without heirs; (2) Property of disappeared persons; (3) Abandoned property. The marshaling and conserving of such assets is one of the services a sovereign state should perform for its citizens. Therefore, because it is a

permanent public corporation, the State of Michigan has been designated as conservator.

The officials charged with the responsibility of carrying out the provisions of the Escheats Code are the Attorney General, the State Public Administrator, County Public Administrators, and the Board of Escheats. The Attorney General has authority to designate an Assistant Attorney General to be State Public Administrator and he in turn appoints a County Public Administrator in each county.

As an aid in the discovery of escheatable property, the law requires each Probate Judge to give written notice to the Attorney General of each estate of a deceased person whenever it appears that there is no known heir at law. This notice gives the Attorney General opportunity for investigating estates with possible escheatable property of the above mentioned class "1". Also 20-day notice to the Attorney General is mandatory in the liquidation or dissolution proceeding involving any business before it can go to final hearing in any federal or state court.

As to property listed in class "2" and "3", every person, corporation, trustee, state or national bank, state, county or municipal department, is required to make a report to the Board of Escheats once each year reporting property that they have held for a period of seven years without activity by the owner. These reports in

turn are referred to the County Public Administrators. The County Public Administrators then petition the courts to have such property so reported declared an escheat, in the same manner as the residue of a deceased estate.

During the last seven years ending June 30, 1953, the total amount judicially declared an escheat is \$3,228,437.24. In the same seven-year period \$530,399.83 was reclaimed from the State by the former owners from funds escheated during those years and \$3,298,087.41 is invested and the income therefrom is paid into the Primary School Fund. Owners who make application for refund are paid the original principal of their account, less small amount of deductible legal costs. There is no time limit on the right of the former owner or his heirs to make application of the State Board of Escheats for refund of any money escheated to the State.

**New Law Protects
Hawks, Owls
From Sportsmen**Hoot, hoot, hooray, hawks and
owls will be protected in Michigan.The recent Michigan Legislature
passed an act, signed into law by
the governor, that extends pro-
tection to the birds. The law ends
a long fight by conservationists,
Audubon Society members, the
MLCC and other state groups to
spare hawks and owls from indis-
criminate killing.The law takes effect at noon on
Aug. 12. After that date, it will
be illegal to take hawks or owls
except to remove occasional rene-
gade birds who have acquired a
taste for chicken meat, or who are
caught doing actual damage in
some other way.Hawks and owls feed largely on
small rodents—rats, mice and prob-
ably some small game animals.Except for a few members of the
group, the birds are considered
largely beneficial to man at least
to the extent that they are not
detrimental to his interests. The
numbers of game animals they kill
and the instances of barnyard
theft are considered negligible
in view of their over-all useful-
ness.Conservationists have long felt
that the birds "deserve a place in
nature." They consider hawks and
owls as decorative and to a degree
important in maintaining a natural
balance between various animal
and bird species. They welcomed
passage of the protective law.**Advise Leaving
Grass Clippings
On Lawn as Mulch**Allow the grass clippings when you
mow the lawn to fall back
upon the lawn, was the advice
given on this controversial ques-
tion to school gardeners and cus-
tomers at the 21st annual Con-
ference for Michigan School Gus-
todians, held at Michigan State
College recently.Burt Ferris, superintendent of the
grounds department, Michigan
State College, in his lecture, said
the grass clippings will act as a
mulch, and will return plant foods
and organic matter to the soil.In general, he said, the best time
to seed lawns in the Lower Penin-
sula is between Aug. 15 and Sept.
1. The four simple steps to assure
a good lawn, Mr. Ferris said, are
to use good seed and proper fer-
tilizer, and then to water it con-
sistently and to keep it clipped.In discussing the use of fer-
tilizer on lawns, he advised the use
of a 12-6-6 combination, to be ap-
plied through two or three light
applications in the early spring.
And then to follow with two or
three light applications in the late
fall.Two time-saving shortcuts were
suggested to the school gardeners.
Mr. Ferris said do not plant shrubs
and hedges that continually need
pruning and keep leaves around
shrub beds to eliminate the nec-
essity of weeding.Mr. Ferris urged the use of land-
scape gardeners to develop plans
for the grounds around new school
buildings.More than 1,100 school aides at-
tended the three-day conference,
participating in 32 discussion
groups. The conference was or-
ganized by Continuing Education

A proposal to legalize bingo will
be on the Nov. 2 ballot.Petitions requiring referendum
of charity gambling were filed re-
cently by Charles R. MacLean,
attorney for the Michigan Assoc-
iation of Nonprofit Charitable
Organizations. If passed the pro-
posal will enable the legislature
to set up legal bingo games, etc.,
for nonprofit charitable orga-
nizations only. At present legisla-
tive action along this line is pro-
hibited by the Constitution.MacLean emphasized that the
same law which permits chari-
table groups to hold lotteries
should also specifically prohibit
profiteering by "professional"
operators. "If any but charita-ble groups get into this thing,"
he said, "it'll kill the whole idea
for everyone."A new solution for an old quar-
rel is being tried at Silver Lake,
15 miles north of Grand Rapids.
By mutual agreement summer and
permanent residents have agreed
not to operate outboard motors

idea can be discussed.Mrs. H. E. Snyder and her

What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about.

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by gumber. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick—and we boldly show our price here to prove it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power—Buick V8 power—plus the new economy of Power-Head combustion.

They buy a lot more luxury and com-

fort and solidity—more room, more glass area, more frame strength, more tread width, more ride steadiness—including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the times; and the great panoramic windshield, and the surety that such fresh-looking beauty will stay in the style parade for seasons to come. (That means a better deal for you come resale time.)

Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?

Come in for a demonstration—this week, for sure. And learn, in the doing, what a big trade-in allowance our volume sales can bring you.

And get this—
That's the local
delivered price

Shirley Anne O'Hara Becomes Bride of Edward Heilmann

St. Mary's Catholic church was the setting for the wedding of Shirley Anne O'Hara, daughter of Mr. and Mrs. John L. O'Hara, and Edward Heilmann, of Ann Arbor.

The nuptial High Mass with a double-ring ceremony took place Saturday morning with Rev. Fr. Leo Laige officiating. The bride was given in marriage by her uncle, Leo O'Hara, of Ann Arbor. Her floor-length gown of Chantilly lace and tulle over taffeta was styled with a strapless bodice of the lace which extended over the skirt in deep-pointed outline. Over this she wore a long, sleeveless lace jacket with a mandarin collar.

Her veil of illusion was finger-tip length and was held in place with a lace cap, pleated around the edge, each pleat being pearl-trimmed. She carried a cascade bouquet of white roses centered with a gladiolus.

Barbara O'Hara, her sister's only attendant, was attired in a floor-length gown of mint green tulle over taffeta. Shirred tulle formed apron-like effects in front and back, the back being brought forward over the shoulders to form a stole. Miniature clusters of flowers were scattered in the folds of tulle and matching flowers and rhinestones formed the tiara she wore. Her bouquet was a cascade arrangement of red-throated gladioli and yellow jill mums.

Richard O'Hara, brother of the bride, was best man and Eugene Heilmann and Helmut Heilmann, of Ann Arbor, brothers of the bridegroom, seated the guests.

Immediately following the ceremony, members of St. Mary's Altar Society served a breakfast to the wedding party and the immediate families of the couple in St. Mary's school hall.

In the afternoon a reception for 150 guests was held in the Knights of Columbus hall.

Assisting at the reception were Mrs. Donald Baldwin, who cut the cake; Mrs. Keith Boylan, who served punch; Mrs. E. A. Taylor of Traverse City, who poured the coffee; and Mrs. Esther Richards of Ann Arbor, in charge of the guest book.

For the wedding and reception, the bride's mother wore a dress of white silk with black and turquoise print, black and white accessories and a corsage of pink roses and white baby mums.

When the couple left for a wedding trip to northern Michigan, the bride was wearing a white linen dress with a design printed in dark chocolate and benedictine colors; a jacket of plain chocolate color featuring three-quarter sleeves; white accessories and the gladiolus from her wedding bouquet.

Guests at the wedding were from Royal Oak, Ann Arbor, Dexter, Ypsilanti, Traverse City, Saginaw, Flint, Eaton Rapids, Howell, Detroit and this vicinity.

Mr. and Mrs. Heilmann will be at home after July 17 at 509 Fountain street, Ann Arbor.

The bride's brother, Richard O'Hara, was the host for the rehearsal dinner given Friday evening and hostesses for pre-nuptial parties honoring the bride included Mrs. Eugene Heilmann of Saginaw, Mrs. Adolf Heilmann and Mrs. Helmut Heilmann, of Ann Arbor, and Mrs. Keith Boylan and Mrs. Donald Baldwin.
