

Increasing irritation among peach growers of the state is responsible for a campaign to encourage housewives to "put off" until tomorrow what they could do today.

Peach people here have been stewing, stewing and stewing for several years about the break they get on National Peach Week. This year the promotion was scheduled for July 19-25, weeks before a Michigan peach is picked. The early date is a distinct advantage to southern growers whose orchards are ready for picking early in summer.

This season, for the first time, the Michigan Department of Agriculture took some definite steps to help the Michigan grower market his product.

"We have long been concerned over Peach Week publicity coming a month ahead of Michigan harvest," said G. S. McIntyre, director.

The department made available \$2,500 in funds which could be matched by the peach growing industry and used to remind housewives that Michigan peaches would be ready about Labor Day. "Michigan grown peaches are worth waiting for," states McIntyre. "They are excellent in quality, and low in price. The crop this year is expected to reach 2 1/2 million bushels, somewhat smaller than other years."

Conferences to provide a better market for northern peaches were arranged. Representatives from independent and chain groceries, growers and packers met with agriculture department leaders to see what each could do to help.

If Mrs. Housewife can peaches later this year than others, there is a good chance she is doing so because several Michigan groups cooperated to help the Michigan peach grower.

Was the \$150,000 battle with the gypsy moth a success?

The first part of June state officials were shocked to learn that this parasite, which destroys nearly all green plants, had been identified for the first time in history west of Pennsylvania. It had been found in several areas in central Michigan. Plants were hastily prepared for a spraying project aimed at killing every moth in the state. It took four airplanes about a week to finish the attempt.

"As of today no live gypsy moth has been seen in Michigan since we sprayed," said C. A. Boyer, chief of the Bureau of Plant Industry.

A necessary part of the fight against this pest, Boyer explained, is a trapping program to test the efficiency of the spray. Traps have been located over a 1,800,000 acre area in 25 counties, each containing 10 to 15 traps in each direction along key highways.

They are baited with portions of the female moth which will attract males from a distance of one-half mile. "We feel our traps are 100 per cent proof but we can't say for sure for another 50 trapping days that our spray has killed all the moths," explained Boyer. "Even if none are trapped, a visual search will be continued for signs that might have been laid by undetected females." "It looks very good, so far," Boyer stated.

First dry run tests of the new State Police emergency trailer were completely successful according to Commissioner Joseph A. Childs. The trailer was built by police personnel after a need for such a vehicle was experienced at the Flint and Port Huron disasters. Barring unexpected emergencies, plans call for the trailer to be used at the International Air Show in Detroit, July 24-25.

Principal use of the trailer is to serve as headquarters-control point for state police when they are called into an area. It provides communications between men in the field and with other areas. There are four radio transmitters and a specially designed telephone switchboard supplying five trunk and 12 extension lines. The telephone equipment designed and built by Michigan Bell engineers, may be hooked up to regular commercial facilities or powered by local battery power.

When working under disaster or congested conditions, walkie-talkie units permit excellent communications with officers in the field.

A jail break attempt is responsible for a ruling that Wayne county guards will now wear clip-on bow ties.

Four-in-hand ties worn previously proved a handy weapon for two prisoners. They grabbed two guards by the long ties, twisting them tightly around their necks.

Alarm was given in the ensuing scuffle, and other guards arrived in time to prevent serious damage.

JOANNE MARIE HOFFMAN

Joanne Hoffman Stricken Fatally at Work in Pentagon

Joanne Marie Hoffman, SA, USN(W), died suddenly Tuesday afternoon in the office in the Pentagon where she was at work at the secretarial duties to which she had been assigned after completing her boot training as a WAVES at Bainbridge, Md.

She enlisted in the WAVES at Jackson the end of July, 1953, and left Aug. 25 for nine weeks of boot training at Bainbridge. Nov. 23, after spending a furlough at her home here, she reported to the Receiving Station, Washington, D. C., for assignment to duty. She had been serving as a secretary in the Pentagon since January.

In her brief career in the Navy she had been awarded a number of honors, including selection as WAVES representative at the big party celebrating the second anniversary of the Lafayette Square USO, and Navy representative at the annual Christmas tree lighting ceremony at the White House where she was introduced to President and Mrs. Dwight D. Eisenhower. She was also one of the judges of the USO's Christmas decorations contest in Washington.

During her boot training at Bainbridge she won acclaim as the big Bainbridge Variety Show.

Born July 5, 1935, at Ann Arbor, she was a daughter of Maurice and Lucille Barnhart Hoffman. She attended St. Mary's school and graduated from Chelsea High school in June, 1953. She was a member of St. Mary's Catholic church.

Surviving, in addition to her parents, are her twin sister, Yvonne, and nine other sisters; RoseAnn, Mary, Barbara, Caroline, Sally, Gail and Deborah, all at home. Mrs. Francis Dalton, of Jackson, and Mrs. Clarence Koehler, of Saline; a brother, Frederick, at home; her maternal grandfather, Frank Barnhart, of Adrian; two nieces, Noreen and Sharon, Ann Dalton, of Jackson; a nephew, Stephen Koehler, of Saline; and several aunts, uncles and cousins.

The body was brought to Chelsea by train, arriving here at 7:13 a.m. Sunday.

The Rosary was recited at the Staffan Funeral Home Sunday evening at 8 o'clock and funeral services took place at 10 a.m. Monday in St. Mary's church with Rev. Fr. Lee Laige officiating.

Burial was in Jackson's Olivet cemetery where military graveside rites were in charge of Herbert J. McKune Post No. 31.

Local service organizations sent official representatives to the services and honor guards were at the Staffan Funeral Home, at St. Mary's church and at the cemetery. Legion members acted as pallbearers.

Dorothy Elliott, WAVES seaman, first class, accompanied the body to Chelsea and remained here until after the services.

Mr. and Mrs. L. A. Wacker and Mrs. M. J. Baxter spent Saturday and Sunday in Detroit as guests of Mr. and Mrs. Wayne Wiseman.

Supervisors Reject Plan To Buy Home

At the monthly Board of Supervisors meeting Tuesday, July 13, the proposal to buy the Leland Sanatorium, near Ypsilanti, as a possible county home for the aged was rejected by a vote of 23 to 8. The proposition had been brought up at the June meeting of the board and a three-man committee was appointed to study the matter. The committee submitted a favorable report but made no recommendations.

The sanatorium, according to proponents of the plan to have the county acquire it, would provide a home where aged people of the county might rent rooms for life.

Cost of the sanatorium was to be \$225,000, including 30 acres of land, two dwellings and a four-car garage.

A 10-bedroom dwelling located on the property, had been suggested as a place to house dependent children of the county.

A decision on the county's proposed juvenile detention home, expected to be made at last Tuesday's meeting, was postponed until the August meeting. The postponement followed a recommendation by Supervisor Ruth Dana of Ann Arbor, chairman of the special Probate Court and juvenile affairs committee that preliminary plans for the proposed structure be approved.

The proposed \$110,000 structure, as recommended, would be built on Washtenaw county infirmary property.

The need for juvenile detention quarters became an immediate problem after Judge Jay H. Payne ruled that former quarters in the County Infirmary were not suitable for juveniles.

Prosecutor Devine Is Guest Speaker At Kiwanis Meet

Prosecutor Edmund Devine, as guest speaker at the Kiwanis club meeting Monday evening, gave an interesting account of his experiences as Washtenaw county prosecutor, mentioning particularly the prosecution and convictions in the recent Kroger store robbery trial.

Prosecutor Devine was introduced by John Keusch, program chairman for the evening.

Other guests at the meeting, held in the social center of the Methodist church, were Mike Lozell, of Ypsilanti, a past Kiwanis National District governor, and Elba Gage, Sylvan township supervisor.

President Donald Aher announced during the inter-club meeting and ball game scheduled for Tuesday evening, July 20, also that next week's regular Kiwanis club meeting, July 26, will be held at Cassidy Lake.

Paul R. Niehaus made an announcement regarding the Belleville Kiwanis club's birthday party to be held July 27.

A board of directors meeting is scheduled to be held July 28 at the home of Maxwell G. Sweet.

EPISCOPAL MISSION NAMED—M. J. Anderson and the Rt. Rev. Richard S. Emrich, Episcopal Bishop of Michigan (standing, left to right), and Herbert C. Crandell and Dr. Henry Lewis, rector of St. Andrew's Episcopal church, Ann Arbor (seated, left to right), were among the 25 people present at a dinner and meeting at the E. W. Eaton home Wednesday, July 14, when the newly-formed Chelsea Episcopal Mission was officially named St. Barnabas Mission. Anderson is chairman of the Mission committee and Crandell is lay reader in charge.

Church Group Selects Name To Be St. Barnabas Mission

The newly-formed Episcopal Mission which holds Sunday evening meetings at the S. R. Bookers home at Crooked Lake, has decided that its official name will be St. Barnabas Episcopal Mission.

The name was selected at a potluck dinner meeting Wednesday evening at the home of Mr. and Mrs. E. W. Eaton. Approximately 25 people were present.

The Rt. Rev. Richard S. Emrich, Episcopal Bishop of Michigan, and Rev. Henry Lewis, rector of St. Andrew's Episcopal church of Ann Arbor, were present and assisted in the formal organization of the group which is being sponsored by St. Andrew's church of Ann Arbor as a parochial mission until such time as it becomes self-supporting.

E. W. Eaton is chairman of a committee in charge of a short-range and a long-range plan for the new congregation. The short-range program, it was explained, is concerned mainly with securing a building; possibly a rural school, in which services may be conducted.

The long-range program includes acquiring a sizeable piece of property for ultimate construction of a church.

On the committee with Eaton are Stuart R. Bookers, M. J. Anderson and Louis Ramp.

A church school program is being planned to begin in the fall, according to Herbert C. Crandell, lay reader in charge of St. Barnabas Mission.

St. Barnabas, in whose honor the new church group is named, was an early missionary of the Christian Church. He was associated with St. Paul, who is often referred to as the greatest Christian missionary, and Barnabas is credited with bringing him to the ancient Syrian city of Antioch where, according to biblical history, followers of the Christ "were first-called Christians."

Couple from Wayne Seriously Injured In US-12 Collision
At 9:35 p.m. Friday a two-car crash on US-12 resulted in serious injuries to a couple from Wayne and slight injuries to their daughter and a friend.

Seriously injured were William Dittmar and his wife, Hazel, the latter having fracture of both legs and multiple lacerations. Dittmar suffered internal injuries.

Their daughter, Joan, 14 years old, and Betty Baxter, 17, suffered cuts and bruises and were released after treatment at University hospital, Ann Arbor.

William Misalski of Kalamazoo, driving west, reportedly said later that things happened so fast he didn't know what caused the accident. He was not hurt and was ticketed for driving with an expired driver's license.

A car driven by Mrs. Alfred Weinmann made a right turn from Old US-12 onto Wilkinson while Mrs. was attempting a left turn from Wilkinson to Old US-12.

Mrs. Martha Weinmann was riding in the car with her daughter-in-law, Mrs. Alfred Weinmann.

Legal action was started last week in Circuit Court, Ann Arbor, by Lester H. Harrison and Leon G. Koch, requesting that the court declare the June 30 Freer school annexation election "null and void." Freer school electors had approved annexation to the Chelsea Agricultural Schools school district by a vote of 42 to 38.

The action was brought against both the Freer district, No. 4 Fractional, Lima and Sylvan, and the Chelsea Agricultural district, No. 1 Fractional, Sylvan township. Documents filed July 13 in the county clerk's office claim four improperly marked ballots, were counted by election officials, that a teller accepted an open ballot from an elector and placed it in the ballot box, that one person under the influence of intoxicants was permitted to vote, and that persons not living in the affected area were permitted to vote without being verified against the poll list.

Also questioned is the authority on which the election was called since it is claimed signatures on the petition were of insufficient number.

Farm Bureau Groups Join for Picnic Outing
West and East Lima Farm Bureau groups joined for a picnic Sunday at the Clarence Reddeman farm, approximately 50 people being present.

Following the dinner there were games for adults and children.

Board Rejects Plan To Make Letts Creek Part of County Drain

Oil Drilling Crew Pushing Deeper With Niehaus Well

Drillers for Sun Oil company, who last week struck "traces of oil" on the Henry Niehaus farm southeast of Chelsea, were still trying yesterday to go approximately 100 feet deeper in an attempt to reach oil in larger quantities. The hole was approximately 4,000 feet down when the "traces of oil" were found last week.

At that time geologists told the Niehaus family there definitely was some oil there but it was "nothing to be excited about" unless further developments showed larger quantities present.

According to an official report of the meeting the committee decided that "at this time the proposed work on the above project was not necessary." The committee also went on record with the statement, "We feel that the relief that could be expected by the above project would be limited because of the capacities of the railroad bridge on the Chelsea-Dexter road."

Approximately 150 people attended the meeting Tuesday morning and about an hour was spent in listening to arguments for and against the proposal.

It was noted in the report of the meeting that much of the objection came from people who apparently felt that the project was promoted to get a new bridge on McKinley street.

It has previously been mentioned that lowering and widening the drain at this time would assure putting in a proposed McKinley street culvert at the proper level so future replacement would not become necessary.

Tuesday's meeting was called to order by Murray Knowles, Washtenaw county drain commissioner, and Samuel Morgan was named to act as chairman. Morgan, who is supervisor of Pittsfield township, also Supervisor E. A. Wolter and Webster Supervisor Carl Mast were members of the board.

The meeting was held at the determination made by the Probate Court after a petition from Sylvan township residents had been submitted to Drain Commissioner Knowles requesting the drain improvement.

Mrs. R. Hoelzer Suffers Burns in Basement Fire

Mrs. Richard Hoelzer suffered painful burns on both legs in a flash fire in the basement of her home, 631 Flanders street, at 11:45 a.m. Tuesday. Her brother, Leroy May, who happened to be there at the time, carried her away from the blaze and administered first aid until a physician arrived.

She was later taken to St. Joseph's Mercy hospital, Ann Arbor, for observation as a precautionary measure.

Chelsea firemen were called to the scene to put out the fire and damage was confined to the basement.

The fire reportedly started when a pilot light ignited fumes from paint thinner which spilled on the basement floor after Mrs. Hoelzer dropped the bottle containing the fluid. She was carrying the bottle of thinner outside the house to clean paint brushes at the time of the mishap.

The fire siren was sounded twice leading people to believe there was an unusually big fire but it was explained later that the siren was blown a second time because the operator could not get through on the telephone when she tried to contact Fire Chief Ted Balmer.

Council Votes \$500 for Recreation Program Fund

At the Village Council meeting Monday evening an appropriation of \$500 was voted for the Chelsea Recreation Council program.

Other action at the meeting included awarding the street work contract to the H. L. Workman company of Jackson, and accepting the bid of W. J. Grossman for the purchase of a new GMC dump truck for the village.

Vacation Bible School Scheduled by Baptists

Daily vacation Bible school sessions will be held by the Chelsea Baptist church for the two-week period beginning Monday, July 26. Classes will meet from 9 a.m. until 11:30 a.m. daily, Monday through Friday, the final period being Aug. 6.

Transportation will be furnished if those who desire it will call Mrs. J. G. Sterling.

Rev. David A. Wood, pastor of the church, said all youngsters of the community are welcome to attend. The classes are held at the IOOF hall on M-92, just south of Old US-12.

Electric Light Pole Downed Again
The electric light pole at the southwest corner of Main and Middle street was broken off at 9:40 a.m. Saturday when it was struck by the rear wheel of an oil truck which went over the curb as the truck was turning from Middle to Main street.

The truck, driven by Howard Comstock of St. Louis, Mich., is owned by the N & W Transport company of Alma.

Cars Damaged Saturday in Collision

Cars driven by Paul Emmett Hankerd and William Adams collided at 5 p.m. Saturday on a curve near the intersection of Island Lake and Stoffer roads, damaging the left front of Hankerd's car and the left rear of Adams' car.

According to sheriff's deputies' reports, Hankerd had been driving east on Island Lake road and Adams had been headed south on Stoffer road.

List Polling Places In Washtenaw for Wheat Referendum

On July 23, at nine different polling places, wheat growers of Washtenaw county will vote for or against marketing quotas for the 1955 crop. The referendum, according to Andrew Campbell of the Washtenaw County Agricultural Stabilization and Conservation committee, will determine whether or not the quota program now in effect will continue for next year's crop.

Office Manager Andrew Campbell urges every eligible wheat grower in Washtenaw county to vote. A producer is eligible to vote if he will have more than 15 acres of wheat on his farm for harvest in 1955. In other words, he can vote if he would be affected directly by quotas, which apply only to farms with more than 15 acres of wheat.

Two-thirds of those who vote must approve quotas before they can be put into operation. The current program, which was voted on a year ago, was approved by 87 per cent of the voters—320,221 to 57,538.

If quotas are approved, there will be marketing penalties on any "excess" wheat—produced outside the acreage allotment—and the full level of price support authorized for 1955 will be available for those who comply with their allotments. If quotas are

Wheat Price Support Referendum Poses Varied Questions from Growers

As July 23 approaches, the date for the wheat referendum, more and more growers are asking questions about the marketing quotas and the referendum, according to Andrew Campbell of the County Agricultural Stabilization and Conservation committee.

Pointing out that county ASC office people and all county and community committeemen have the answers to program operation questions, Campbell gave a quick review of answers he is most frequently called upon to give.

The results of the referendum marketing quotas, with penalties for overplanting acreage allotments, will be in effect for the 1955 crop. They will also determine the level of price support which will be available. These and other basic questions are being studied carefully by wheat growers.

Some have asked, "Who is eligible to vote?" The answer is, the farmer who would be subject to the quotas. Farms will be subject to the quotas if the wheat to be harvested for grain in 1955 is more than 15 acres.

"If quotas are in effect, what will be the penalty for failure to comply with acreage allotments?" The penalty on excess wheat will be at the rate of 45 per cent of the May 1, 1955, parity price.

Another frequently asked question is, "How does the referendum affect 1955 price supports?" The answer is: If two-thirds or more of the farmers who vote favor quotas, the full level of price support which is authorized for the 1955 crop—apparently somewhere from 90 to 75 per cent of parity—will be available for those who comply with their wheat and other acreage allotments. If less than two-thirds favor quotas, price support will be at 50 per cent of parity for those who comply with their acreage allotments.

No price support is available for those who fail to comply with acreage allotments, with or without the marketing quotas.

In answer to another frequently asked question, Campbell states briefly how the farm allotment is determined. First the acreage allotment is apportioned among states, and then among the counties according to the acreage seeded to wheat during the latest 10-year period, adjusted for weather trends and other factors. This year the national acreage allotment is 55 million

acres, the level specified by law under present supply conditions. Allotments are determined for farms according to past wheat acreage, tillable acres on each farm, crop rotation practices, type of soil, and topography.

Farmers in doubt about their eligibility to vote in the referendum, or any program question, should see their county ASC office.

Teen-Ager Dance Will Finance Chicago Trip for 4-H Members

The trip to Chicago, with a stay at a hotel there and a proposed visit to a cosmetic laboratory, will furnish an opportunity for the girls to gain first-hand knowledge of travel experience, a requirement for their Club Girl project credit.

Girls who are to make the trip are Mary Lou Welch, Martha Drouyor, Betty Trenton and Carolyn Klohs.

You get Tomorrow's Style in Today's Buick

It's a Million Dollar Ride—and no foolin'!

You can see for yourself the gay and gorgeous styling that's sure to be the fresh note next year, too.

And you can easily learn that here is power-a-plenty—the highest V8 power, Series for Series, in the annals of Buick history.

But what you can never know, till you try it yourself, is the feel of a Buick in motion.

It's a ride as precision-soft and firm as only coiled steel can make it.

Yes, coil springs on all four wheels. And a full-length torque-tube drive for true tracking. And a massive X-braced frame for solid steadiness. And specially calibrated shock absorbers, V-braced struts, wide-rim wheels, a

unique front-end geometry—plus a host of other betterments too numerous to mention.

You feel the result of this advanced engineering every mile you drive—in what is literally and figuratively a Million Dollar Ride.

You feel it in the superb and buoyant cradling. You feel it in the serene levelness of your going over ruts and ridges. You feel it in the precise snubbing of jars and jounces. You feel it in a new kind of steadiness, handling ease, curve control.

Only thing for you to do, we believe, is to come try this miracle of motion—and we'll be glad to oblige.

That way you'll also learn firsthand about the style, the power, and the value

that have made Buick such a best-selling success this year. For Buick today is outselling all other cars in America except two of the so-called "low-price three."

(Smart tip: With Buick such a beautiful buy this year, think what a winner it's bound to be at trade-in time! Come see us this week!)

July Birthdays Honored Wednesday At Methodist Home

Wednesday, July 14, nine members of the Methodist Home "family" whose birthdays occur in July, were honored at a joint birthday party during the noon dinner hour.

Oldest of the group were Miss Alice Switzer who was 94 Sunday, July 18, and John Lowe, who was 91 Saturday. Both were in the hospital and unable to attend the dinner. Also in the hospital was Miss Katherine Blackburn, another of the group of nine.

Mrs. Switzer has been at the Home since entering from Ypsilanti, Sept. 25, 1936, and Mr. Lowe, who died Saturday on his 91st birthday, had resided at the Home since March 16, 1928.

Those who were seated at the special birthday table, decorated in patriotic colors to give a touch of July effect, are Mrs. Katherine Littlefield, Mrs. Carrie Teiman, Mrs. Elizabeth Hill, Mrs. Zella Wilkin, Mrs. Elizabeth Bodell and Mrs. Lucy Leighton.

All the ladies who were observing birthdays were remembered with gifts of ornamental corsages from the Chelsea Home Friends of the Detroit Methodist Conference.

The effective table decorations included a centerpiece of paper windmills in red, white and blue, set in motion by means of an electric fan. Nut cups filled with mints in the three colors completed the effect.

WCTU Meeting at Methodist Home Attended by 50 People

Fifty people were present Tuesday afternoon for a meeting of the Women's Christian Temperance Union, held in the assembly hall at the Methodist Home. The number included WCTU members and others interested in the work being done by the organization. The meeting was in charge of Mrs. May Tandy of North Lake.

Principal speaker at the meeting was Mrs. Kenneth Samuel, wife of Dr. Samuel who has been doing cancer research at the University of Michigan the past year on a Rockefeller Scholarship. They will return to their home in India in September.

Mrs. Samuel gave a general resume of India's government and people, stating that 98 per cent of the women are still illiterate and must depend on their children who attend school for any knowledge they may gain regarding present-day problems. The Women's Christian Temperance Union is handicapped in its work in India although it is well organized throughout the country.

Mrs. Samuel mentioned the outstanding work of Mrs. J. R. Chamber, who husband was the first native Indian Methodist bishop, and stated that the wife of Bishop Mondol is carrying on the WCTU work started by the late Mrs. Chamber.

Mrs. Katherine Blackburn of the Home, acted as secretary at the meeting Tuesday and Mrs. Nora Gosson, also of the Home, served as treasurer.

An offering of \$48 was received, following the devotional service in charge of Miss Rosa Bradley, a resident at the Home.
