

Council Acts To Improve Lett's Creek

Drain Commissioner Asked To Establish New Grade Levels

A resolution was passed at the Village Council meeting Monday evening to have the Washtenaw County Drain Commissioner make a preliminary survey of Lett's creek within the village limits to establish grades for the cleaning of the creek.

Murray Knowles, drain commissioner, was present to make recommendations pertaining to the survey. Residents of the West Middle street, Wilkinson and Adams street, Wilkinson and Adams street, neighborhood are asking that the creek be cleaned. The residents of the past two weeks, described as "the worst in 50 years," are the immediate cause of the flooded conditions at present, but the residents claim they are plagued by flooded basements at other times, also.

In other action at Monday's meeting the American Legion gave permission to erect traffic signs at the entrances to the village. The signs will bear the message, "Protect Your Children."

Women's Guild Given Reports on Synodical Meetings

Thirty-seven members and three guests attended the October meeting of the Women's Guild of St. Paul's church held Friday evening in the church hall. One of the guests, Mrs. Wilbert Trinkle, joined the Guild as an active member.

The meeting was preceded by a pot-luck dinner in the basement dining room. Hostesses were Mrs. Elaine Fredette, Mrs. Reuben Grieb, Mrs. Wilbur Hinderer and Mrs. Waldo Kuhter.

The program and devotional period were in charge of Mrs. Robert Schron and Mrs. Herbert Paul, respectively, the topic being, "Facing the Needs of Spanish Speaking and Other Newly Arrived Americans." A film, "More For Peace," was shown as an illustration of the way one church met the problem of a family of displaced persons who were being exploited by a farmer, after he had sponsored their entry into the United States.

Reports were given, during the meeting, of the fall sectional meeting of the Michigan-Indiana Synod at Manchester, Wisconsin, Sept. 29; and the biennial meeting of the Synodical Women's Guild, held at Ann Arbor, September 15, 16 and 17.

Participating in a resume of the two events were Mrs. Bruce Peabody, Mrs. Fred Seitz, Mrs. Robert Schron and Miss Cora Feldkamp, local Guild president.

Mrs. Paul G. Schable, who had served as president of the Michigan-Indiana Synodical Women's Guild the past two years, presided at the Ann Arbor meeting, according to the reports given. The biennial meeting, Mrs. Schable was succeeded by Mrs. Victor Eichenberger of Berne, Ind., as president for the next two years. Mrs. Schable is now education chairman for the national Guild organization.

Other officers of the Synodical Guild elected at Ann Arbor for 1955 and 1956 are: Mrs. D. B. Turner of Detroit, first vice-president; Mrs. Harold Fife of Plymouth, Ind., second vice-president; Mrs. Arthur Schoberg of Michigan City, Ind., secretary; and Miss Della Kock, of Fort Wayne, Ind., treasurer.

Re-appointed were Mrs. T. R. Schmale, of Ann Arbor, spiritual life department chairman, and Mrs. F. Engelsdorfer of Saline, missionary education department chairman, for the Synodical Guild. Announcements at Friday's meeting included mention of the World Community Day services, scheduled to be held jointly with women of the Methodist and Congregational churches Nov. 5; the Newelwork Guild's ingathering in October; and a meeting to make cancer pads Friday, Oct. 15, at 2 p.m. at the church.

Because of the World Community Day services, the regular Women's Guild meeting is to be postponed until Nov. 12. It will be an afternoon session. The December meeting will also be held a week later than the customary date, Friday evening, Dec. 10.

Mrs. Walter Mohrlock, with her daughter, Mrs. Donald Baldwin, spent Wednesday and Thursday in Detroit with her mother, Mrs. Andrew Zannoth.

High School Band Set for Stadium Show

Massed Musical Event Will Feature 115 School Bands

Chelsea High school band members and their director, Eugene Shroyer, have completed plans for the group's participation in the sixth annual band day in the University of Michigan stadium Saturday.

A total of 6,500 bandmen, representing 115 high school bands from the state, will take part in the program to be given during football game.

Director Shroyer has issued detailed instructions for the day's activities to all Chelsea band members. They are to meet in the band room at 8:15 a.m., don their uniforms, get their instruments ready and be ready to board the school buses at 8:40 a.m.

They are due to arrive at Ferry Field at 7:30 a.m. and march to the field for rehearsal drills at 8 a.m.

After an 11 a.m. lunch which members are to bring from home and eat in the school bus on the parking lot, all bands will assemble at their assigned stations on Ferry Field for the march to the stadium.

The Chelsea group is due back in Chelsea at 6:45 p.m. and bandmen who do not have transportation to the country or who miss their connections are to contact Shroyer.

The 13-hour day will be a strenuous one, Shroyer pointed out, and band members are being advised to get a good night's sleep and eat a nourishing breakfast before starting out in the morning.

Band members must have written permission from parents or guardians if they are to participate in the band day program. Forms for this permission were sent home with each band member and were to be returned to Director Shroyer today.

Steel Culvert Installed at Joslin Lake Drive

Howard G. Minier, Washtenaw County Road Commission manager, said yesterday that a corrugated pipe arch culvert has been installed on Joslin Lake Drive, near the entrance to the lake area. The new installation replaces the former weak plank structure.

The work was done under the county's 1953 match money plan whereby Lyndon township shared the cost. The work was left for this year because the pressure of other jobs last year did not leave sufficient time for all projects planned under the match money program.

CWO and Mrs. Richard G. Lyons read a Certificate of Achievement presented to Mr. Lyons by Brigadier General James P. Cooney, left, Commandant of the Medical Field Service School at Brooke Army Medical Center. The honored officer was cited for his outstanding performance of duty in the Personnel Division at the school. He is the son of Mr. and Mrs. Harry Lyons, 618 Grant, Chelsea. Mrs. Lyons, who was a special guest at the ceremonies, is the daughter of Mr. and Mrs. W. E. Green, 829 Kentucky, Amarillo, Texas. CWO and Mrs. Lyons and their two children reside at 225 Elm road, Fort Sam Houston Village, Fort Sam Houston, Texas.

New Pipe Line To Increase Available Gas Supply in Area

The Federal Power Commission today authorized construction of a \$130,000,000 pipeline which will increase the gas supply of Michigan Consolidated Gas company by 70 per cent and permit the removal of all restrictions on the sale of gas for heating and other purposes.

Henry Tuttle, president of Michigan Consolidated, declared that "Great credit for the approval of this project should be given to the many public officials and other representatives of consumers in our service areas who have supported this effort to benefit the public by bringing more natural gas to Michigan."

The new pipeline will be constructed from southern Louisiana to Detroit by the American Louisiana Pipe Line company and will sell approximately 200 million cubic feet of gas daily to Michigan Consolidated, its affiliate. The remainder of the initial capacity of 300-million cubic feet a day will be sold to Michigan-Wisconsin Pipe Line company, also an affiliate, for resale to other utilities in Michigan, Wisconsin, Iowa and Missouri.

Michigan Consolidated expects to add more than 250,000 heating customers as a result of the construction of the new pipeline and the company will also have sufficient supplies of natural gas to meet all industrial needs.

The construction of the American Louisiana pipe line will eliminate the gas shortage which has confronted us for the past four years," Tuttle said. "After the completion of the American Louisiana pipe line we expect to supply gas heat to all who desire it and we estimate that two out of every three homes in the area will be heated with natural gas."

We will also have sufficient natural gas available to provide for the increasing requirements of the nearly 4,000 industrial consumers that we serve. This assurance of adequate gas supplies to meet the growing needs of industry will contribute to the economic prosperity of the people of our market areas and of the state.

These industries will also be assured of sufficient production of natural gas for defense production in the event of a national emergency.

"The construction of the American Louisiana pipe line will also provide Michigan Consolidated with a direct supply of natural gas from the Gulf Coast area of Louisiana. This area is rich in proven gas reserves and large gas supplies are expected to be developed there as a result of the intensive exploration programs which are now in progress, particularly in the waters off the coast. Thus, American Louisiana will not only provide for the present needs of our customers, but it can be expanded readily to permit us to meet the future requirements of our markets."

American Louisiana expects to complete construction of its new pipe line early in 1956. Michigan Consolidated will be able to add large numbers of heating customers prior to the completion of the new line, however. This can be done by withdrawing gas from large underground storage fields in Michigan when it is certain that this gas can be replaced with supplies from American Louisiana. It is estimated that the construction of the \$130,000,000 new pipe line will actually result in the total expenditure of approximately \$500,000,000 of private funds. This includes money which will be spent for the purchase and installation of gas heating units, the enlargement of gas distribution facilities, the drilling of gas wells and the construction of gas gathering lines.

Michigan Consolidated has already spent \$10,000,000 for the development of Michigan's largest underground storage field to store

the new gas supply. Gas will be injected into this Six Lakes storage reservoir during the summer months and withdrawn for sale to heating customers in the winter. The field has a working storage capacity of more than 50 billion cubic feet.

Superintendents Association Supports Detention Home

Charles S. Cameron, superintendent of Chelsea Agricultural Schools and secretary-treasurer of the Washtenaw County Superintendents Association announced yesterday that the association voted unanimously to support the Board of Supervisors in the plan for a juvenile home for the county. Cameron's announcement stated that the organization not only supports the home proposal but also urges the electors to vote "yes" on the ballot in the November election.

Electors will decide whether the proposed financing of the juvenile home will be approved. According to the proposed plan, the \$110,000 needed to build and equip the home would be transferred from the county's general fund.

Marine Corporal Charles Eder arrived Saturday by plane for a 30-day furlough at his home here. He had returned to Treasure Island, Calif., Monday, after serving in Korea.

At the conclusion of his leave he is to report at Great Lakes, Ill. His three-year enlistment will end in January, 1955.

Corporal Eder is a son of Mr. and Mrs. George Eder, 628 Taylor street.

FIRE BRIGADE CHIEF Edward Blacklaw is shown as he tried out a 20-pound dry chemical extinguisher at a three-day fire school Sept. 13, 14 and 15, conducted by Annul Chemical Co., in Marinette, Wis. He was one of 28 men from outstanding United States and Canadian firms who took the intensive course in fire hazards and fire-fighting methods. Blacklaw is heat treat foreman at Chelsea Spring Division of Rockwell Spring & Axle company and is fire chief of the plant's fire brigade, organized six months ago. The fire brigade, which eventually is to be increased from the present force of 12 men to approximately 20 men, is trained for on-the-spot fire fighting at the plant.

Plans Completed for Color Tours of Local Recreational Areas

Fire Department Will Hold Open House Tomorrow

People of the community are being reminded that the Chelsea Fire Department is holding open house in the fire hall in the Municipal building tomorrow afternoon and evening in observance of Fire Prevention Week.

Firemen will be on hand to answer any questions related to fire prevention and will distribute comic books to children. Everyone in the community is invited to visit the fire hall during the afternoon or evening.

Many Home Fires Can Be Prevented Fire Officials Say

If, in the next few moments, your house should catch fire—and one does every 80 seconds—chances are somebody was careless with a match or cigarette.

These firebugs "somebodies," says Fire Chief Ted Balmer, can be blamed for one out of every three home fires.

They're the folks who unthinkingly toss away lighted cigarettes and matches; they kill themselves smoking in bed and don't give a hoot if their kids play with matches.

But they are only the worst of the six home firebugs who start over 85 per cent of our home fires, according to Chief Balmer.

Here's how he would grade the other five on the basis of National Fire Protection Association studies of home fire causes:

Booby prize No. 2 goes to the chap who doesn't inspect, clean and repair his heating system and chimney at least once a year—and thereby causes one of every four home fires.

No. 3 is the electrical wizard—one of every eight homes that burn—who dotes on frayed cords, overloaded circuits, misuses appliances, and thinks 15-ampere safety fuses are for sissies.

Then there are the two guys—more likely gals—who, between them, manage to start one of every ten house fires; the kitchen firebug has a greasy stove, leaves unattended burners going to ignite potholders and other easy burning items piled too near the open flames; her sister is the dilly who quickens fires with kerosene, dry cleans with gasoline and keeps these fiery fluids in her home in nice breakable bottles, leaky cans, etc.

Home firebug No. 6 performs his trick with hot ashes and coals—puts them fresh from the stove or furnace into wooden and cardboard containers, or dumps them on the basement floor next to the wooden walls; old newspapers and rubbish and thus accounts for one of every 11 home fires.

How do you stop these home firebugs? Chief Balmer has this Fire Prevention Week advice: "One of the best ways is to have your home inspected for fire hazards by experts—your firemen. Your fire department can help you spot and correct those unsafe conditions which could cause a fire in your home."

Urging everyone's cooperation in Chelsea's Home Fire Inspection Program, the Chief pointed out that the International Association of Fire Chiefs is sponsoring a nationwide campaign for just such home inspections as the most effective means for cutting the terrible toll of fire deaths among children.

Congregational Sunday School Party Forced Inside by Thursday's Bad Weather

Because of inclement weather, the party planned by the junior department of the Congregational church last Thursday afternoon was held at the church instead of at the farm home of Carol Reddeman.

There were 21 present for a program of games and contests, including ring toss and table tennis, and followed by refreshments.

Teachers present were Mrs. Russell McLaughlin, Mrs. William Geddes, Mrs. Thomas Toy and Mrs. R. W. Wagner.

Mr. and Mrs. Elmer Winans left yesterday morning for Seneca Falls, N. Y., where they will visit a cousin, Mrs. Nellie Barrett. They plan to remain for the week-end.

Mr. and Mrs. Veal Whipple of Ithaca, and Mr. and Mrs. Ray Whipple and daughter, Betty, of Jackson visited Mrs. Luella Whipple, Sunday.

Mary Ann Bauer, SN, and L. John Westover, Jr., SN, stationed at the U. S. Naval Air Station, Glenview, Ill., spent the week-end at the home of the former's parents, Mr. and Mrs. Edwin Bauer.

Welcome Booth To Be Located at Downtown Corner

Chelsea's color tour, planned for the coming week-end by Chamber of Commerce committees, is being widely publicized and local plans are practically completed for handling the large numbers of people from the southeastern section of the state who are expected to visit this area.

Mrs. Lloyd Heydlauff and Mrs. John Kowach have been asked by the Chamber of Commerce committee to arrange for hosts and hostesses to be on duty in a welcome booth at Main and Middle streets all day Saturday and Sunday. The hosts and hostesses will be prepared to give information regarding routes of the two separate tours planned, recommend eating places, distribute literature and maps and assist visitors in every way possible.

The routes for the two tours, planned by Lloyd Heydlauff and John Kowach, include the Waterloo Area and the Pinckney Area with Chelsea as the starting point. One of the tours will take from one to one and one-half hours and the other from two to three hours. Conservation department personnel in both areas are cooperating to make the tours interesting.

The routes will be placarded to show picnic areas, lakes and points of special interest, making it unnecessary to refer to maps.

The Southeastern Michigan Tourist Association has also extended assistance in planning the event and its next tourist guide will feature the Chelsea area.

The general Chamber of Commerce steering committee which has been active in planning the color tours includes Lowell Davison, Charles Lancaster, President Paul Mann and M. J. Anderson, chairman.

The color tour, it is hoped, will also give Chelsea people appreciate the beauties of their own community and give them a feeling of civic pride which they may express appropriately in a Chamber of Commerce slogan contest for adults and high school pupils. The Chamber of Commerce will offer a \$25 savings bond as a prize for the contest winner.

Details of the contest are to be announced next week.

Local Schools Show Good Organization In Test Fire Drills

As part of National Fire Prevention Week activities in Chelsea, Fire Chief Ted Balmer and Captain George Atkinson visited Chelsea High school, St. Mary's school and South Elementary school for unannounced fire drills Monday afternoon and found that each of the three schools is so well organized that all pupils and teachers, leaving the building in orderly fashion, were out in approximately one minute.

While that time is not a record for local schools, Chief Balmer said, he was very much pleased because the first drill since school had opened this fall. He said neither teachers nor pupils knew there was to be a drill and the orderliness and speed with which the schools were emptied is a credit to teachers and pupils alike.

Schools To Close Oct. 21-22 for Two-Day Teachers Meetings

The regional Michigan Education Association meetings will be held in Ann Arbor Oct. 21 and 22. Both the high school and elementary school will be closed to permit the faculty to attend the sessions.

MARK! MARK! I Was Locked In!

HOW MY TELEPHONE HELPED IN AN EMERGENCY

MRS. JOSEPH B. HERTZBERG, OAK PARK, MICH.

MARK, DIAL THE LAST NUMBER ON THE TELEPHONE, YOU'LL GET THE OPERATOR.

ONE COLD DAY I WENT TO THE FRUIT CELLAR WITH MY SONS, MARK, 12, AND NEIL, 8. THEY LEFT AHEAD OF ME AND THE DOOR SLAMMED!!

THE LOCK JAMMED AND I WAS LOCKED IN. I DIDN'T WANT THE BOYS TO GO OUTDOORS FOR HELP BECAUSE THEY HAD COLDS.

I SHOUTED OUR ADDRESS AND TELEPHONE NUMBER. ONE FIGURE AT A TIME. TO MARK AS HE DASHED UP AND DOWN THE STAIRS.

ADDING TO THE CONFUSION NEIL TURNED ON THE HOT WATER. MARK WAS ABLE TO TURN IT OFF BEFORE STEAM FILLED THE KITCHEN.

MARK CALMLY GAVE THE NUMBERS TO THE OPERATOR. IT SEEMED LIKE HOURS.

THE TELEPHONE OPERATOR (SERVICE ASSISTANT LOUELLA RICE) WAS WONDERFULLY PATIENT AND MADE CERTAIN SHE HAD OUR CORRECT ADDRESS.

THE HERTZBERG ADVENTURE SHOWS HOW IMPORTANT THE TELEPHONE IS IN EMERGENCIES, WHETHER THEY'RE REALLY SERIOUS OR MERELY TROUBLESOME. YOUR KNOWLEDGE THAT THE TELEPHONE IS ALWAYS NEAR ADDS MUCH TO ITS VALUE. THAT'S ONE REASON YOUR TELEPHONE SERVICE IS WORTH A LOT MORE THAN IT COSTS.

MICHIGAN BELL TELEPHONE CO.

NOT BEING SURE HOW SERIOUS THE EMERGENCY WAS, SHE CALLED THE POLICE IMMEDIATELY AND THEY RESCUED ME.

A Service That Keeps Faith With The American People

Higher average incomes have, through the years, resulted in higher standards of living. And the funeral profession has steadily kept pace with all advancement.

The notable improvements made in both the extent and quality of service and merchandise have not been extravagantly priced.

On the contrary, as is shown by our wide range of prices, every family, regardless of its circumstances, may arrange for a funeral of highest standards at a price it can afford to pay.

Recent Tests Show Cows Can 'Rough It' On Corn Silage

Scientists may be one step nearer to the cheapest ideal balanced diet for dairy cows, according to tests run at the Michigan Agricultural Experiment Station.

If corn silage is fed properly, cows can now be given an all-roughage ration and still have a diet that is balanced for milk production and health.

A few months ago, Dairy Nutritionist Carl F. Huffman and Chemist C. W. Duncan decided that grain in corn silage provides the "unidentified grain factor" without grain feeding. Now they have proved it—cows can "rough it" all the way.

Eight Holsteins produced considerably more milk on less total nutrients, but lost a little weight from the lack of their eager appetites—when they had corn silage substituted for part of their all-hay pre-test ration.

First the cows were given an all-hay ration. Then after they had their milk-producing ability worn down the milk was tested daily over a 30-day period.

The hay was good quality and contained enough protein. Four different corn silages, harvested in different crop years, were used. Hay and corn silage were measured daily and the cows were weighed every three days. In the depletion period the cows ate 86 pounds of hay. They ate only 15 pounds daily along with 85 pounds of silage in the test period.

Milk shot up from 18 to 23 pounds a day within the first 15 days after the corn silage was substituted in the ration. It reached a peak in 12 days. The investigators pointed to the need for an allowance for the amount of corn in silage—only 55 pounds in this case equal to 7.5 pounds of corn.

The cucumber industry loses \$2 million a year from soft pickles, and Michigan is the nation's top pickle producer. USDA scientists think the answer is to keep flower particles out of the pickle process.

We're out to break a record in October!

THERE's a mighty good chance that October 1954 will be the biggest October in Buick history.

In fact, we know it will — if we can keep Buick sales rolling as they've been rolling thus far this year.

This is the pace-setting car that has romped ahead of competition — climbed up into the circle of

America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car — and a deal — too good to miss.

The luxurious ROADMASTER Riviera, custom built by Buick, calls for the lowest price-per-pound in the fine-car field.

This is the 3-way bonus we offer in Buick today

1. Tomorrow's Styling

True year-ahead beauty with long, low glamor lines, keyed by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.

2. Higher Resale Value in the years to come

From the far-in-advance styling that will keep your Buick new and modern-looking well into the future, as other cars catch up.

3. Bigger Allowance from our volume business

For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

Now's the time to make your buy because —

Buick Sales are Soaring

And Buick "looks" are better than ever!

From where I sit... by Joe Marsh

"Blind Man's" Bluff

You know how Handy Turner down at the hardware store goes in for weird advertising stunts. Well, when it came to plugging his new Venetian blind department, his enthusiasm nearly landed him in trouble.

Handy painted a warning on the tailboard of his truck: "Caution—blind man driving."

"Had driven about a mile," Handy says, "when a state trooper stopped me and told me that sign might cause trouble. Guess he was right. From now on I'll advertise in the *Clarion*."

From where I sit, I agree—the highway is no place for jokes. We all ought to be considerate of the other fellow when we're driving. In fact, let's respect our neighbor's right of way always. Then, when we have differences of opinion—say about the best route to Centerville, or whether beer or buttermilk is better with lunch—there will be less chance of anybody developing any "blind" spots.

Speak Wedding Vows

Zion Lutheran church at Rogers Corners was the setting for the wedding of Doris Haist and David Crocker at 4 o'clock Saturday afternoon. Rev. M. W. Brueckner officiated in the presence of approximately 150 guests.

Wanda Eschelbach was the soloist. Before the ceremony she sang "Because," and during the rites, "The Lord's Prayer."

The bride is a daughter of Mr. and Mrs. Erwin Haist, while the bridegroom's parents are Mrs. Joseph Borsika of Chelsea, and B. E. Crocker of Wayne.

The bride, given in marriage by her father, wore a gown of Chantilly lace over silk tulle. The long-sleeved, fitted bodice was finished with a deep yoke edged with scalloped lace. A sweep of lace covered the fully-gathered tulle skirt. Her fingertip-length veil was attached to a cap of lace which matched her gown. Her bouquet was an arrangement of white roses, pompons and stephanotis.

Mrs. Bruce Bycraft, as her sister's matron of honor, wore a medium blue ballerina-length gown and white nylon gloves. She carried a colonial bouquet of white roses and blue pompons.

Shirley Barth and Helen Eisenman, in medium blue gowns matching that of the matron of honor, carried white carnations and blue pompons, for their role as bridesmaids.

Quick, Dependable
ServicePhyllis Ruth Kelly,
Becomes Bride of
West Virginia Man

Mr. and Mrs. Joseph Samuel Gallo were in Chelsea for a brief visit last week, enroute from Mackinac Island to Morgantown, W. Va., where they were honored at a reception given by the former's parents, Mr. and Mrs. Sam Gallo, Saturday evening. Mrs. Gallo is the former Phyllis Ruth Kelly, of Detroit, foster daughter of Mr. and Mrs. C. J. Ulrich of Chelsea. She and Mr. Gallo were married at 11 a.m. Saturday, Sept. 25, in a double-ring ceremony performed by Rev. Fr. J. J. Lacey, O.P., in St. Dominic Catholic church, Detroit. Mr. Ulrich gave her in marriage.

After the ceremony the couple left to spend three days at Mackinac Island before leaving for Virginia.

Following the marriage ceremony, Father Lacey, in a special announcement, told of an Apostolic blessing signed by Pope Pius XII, which was a wedding gift to the couple from Rev. Fr. Angelo Feluso of Italy, a cousin of the bridegroom. For the wedding the bride was gowned in Chantilly lace over tulle and nylon tulle, fashioned with a long-sleeved, fitted bodice and a bouffant skirt. The bodice and Peter Pan collar were outlined with seed pearls and matching pearl trimming was used on the lace bonnet to which her fingertip-length veil was attached. Her flowers were cascade arrangement of white mums and stephanotis.

The bride's attendants were Mary Pepper of Detroit, as maid of honor, Mrs. Richard Lansing and Joan Edwards, also of Detroit, Delores McGuire of Garden City, and Leola Alstaeffer as bridesmaids. All were gowned alike in white tulle with nylon tulle overskirts and wide bertha collars ending in a deep V at front and back. They carried cascade bouquets of red roses.

Vicki Peoples, a niece of the bride, as flower girl, was gowned in white tulle styled like the bridesmaids' gowns and carried a basket of flowers.

The rings were carried on a white tulle and tulle cushion by Louis Bitonti, III, a nephew of the bridegroom.

Pasquale T. Bitonti assisted the bridegroom as best man while ushers were William DeBoise, Samuel Chico and Frank Mitchell of Morgantown, W. Va., and James Foglietti of Detroit.

Forty-five guests were present for a wedding breakfast served in the Danish Brotherhood hall in Detroit and approximately 300 guests attended the reception held there at 7:30 in the evening.

Mrs. Ulrich, in a navy blue knit suit, and Mrs. Gallo, mother of the bridegroom, in navy blue crepe, each wore a corsage of pink rose buds.

For going away the bride wore an aqua and navy checked wool dress with a white coat and navy blue accessories. Her corsage had been a part of her wedding bouquet.

After Saturday's reception in Morgantown, the couple left for a month's travel to California before making their home at 462 Dunkard avenue, in Morgantown.

The bride and bridegroom were both employed by the Chicago Rawhide Manufacturing company in Detroit. She is a graduate of Chelsea High school and attended night school at Wayne University, Detroit, while he had studied at the University of West Virginia.
