Russell Barnes, foreign news analyst of The Detroit News, will speak at the Men's Club dinner in the Congregational church Wednesday, Nov. 10, at 6:45 p.m.

Assigned to Paris, he had the run of the European continent for six years. In 1941 he visited bombed and battered Britain on a special mission for the United States government. Gridders Have Good Chance To Share Title

Team Play Wins Thriller from League Leading Saline

Chelsea High's Bulldogs turned in their best performance of the year as they defeated league-leading Saline Friday night before a large Father's Night crowd.

A Bulldog win over Dundee tomorrow night, at Dundee, plus a Saline defeat by Flat Rock, would give three teams, Chelsea, Dundee and Flat Rock, a share of the Huron League championship.

Last Friday's battle with Saline will go down in the record books as one of the most exciting Bulldog victories in years.

The majority of the excitement came in the closing minutes of the fourth quarter when the Bulldogs, guarding their 13-12 lead, with three minutes remaining, Saline blocked a Chelsea punt to gain possession on Chelsea's 20. The Hornets picked up a first down on the 10. Three plays later, with 90 seconds left, Saline had fourth down and goal to go on the three. Saline's left half cracked into the right side of the Bulldog line only to be stopped one foot short of a touchdown.

Chelsea took over and drove into the shadows of the goal posts to grind out a first down as the game ended.

The tremendous goal line stand in the final minutes was fitting reward for a Bulldog defense that had held Saline scoreless in the final two quarters after trailing 12-6 at half-time.

At the beginning of the season Coach Al Conklin told his squad that a winning season depended largely on successful defensive play and Friday's victory certainly proved the point. To pick out a defensive star would be impossible as this was a team victory if there ever was one.

DISTINGUISHED GUEST—General Herbert Vogel, left, took time out from his duties as the new director of TVA to visit his father last week-end and help him celebrate his 81st birthday.

TVA Director Vogel Says 'No' Plan for Extension of Service

Brigadier General Herbert Vogel, with his wife and youngest son, Richard, spent the week-end here to be present for a birthday dinner honoring his father, Louis P. Vogel, who was 81 years old Sunday, Oct. 31.

General Vogel, who was appointed to the post of the Tennessee Valley Authority and took up his duties Sept. 1, upon retirement from the Army, is now TVA director. He and his family are living at Knoxville, Tenn.

During his week-end visit he said he is "very happy there," and feels the job as TVA director to be a challenging one.

When asked about his work as TVA director and about TVA generally, he made the following statement: "The Tennessee Valley Authority was born in the depression years of the early 30's to make use of the natural resources of that area and to effect flood control and navigation improvement. Electric power, which was a by-product of that endeavor, served to attract industry and create a demand for more of itself."

"Recently," he continued, "the requirements have been multiplied by demands of the Atomic Energy Commission and the Armed Forces, and, in a short time, a lion's share of the power generated will go to these. (A) great problem is how to meet the growing needs without putting an additional burden upon the already heavily-burdened taxpayer."

In conclusion, General Vogel said, "In this connection it should be noted that the law which created TVA requires that it be self-supporting and self-liquidating. I can say with certainty that no extension of its power service area is contemplated."

General Vogel and his family were guests at the home of his parents during their week-end stay here and were present for a family dinner there Sunday. Others at the dinner were a sister and her family, Dr. and Mrs. H. C. Dunstone and children, David and Judy, of Fort Wayne, Ind., who spent Saturday night and Sunday here.

General and Mrs. Vogel and their son accompanied them to Fort Wayne Sunday evening and were overnight guests at their home, leaving for Knoxville Monday morning.

Saturday evening a family gathering was held at the home of another sister and her husband, Mr. and Mrs. Ralph Osterle, on M-92 just north of Chelsea. Guests at the dinner, and for the evening, in addition to General and Mrs. Vogel and their son, were Mr. and Mrs. L. P. Vogel, Mr. and Mrs. Clarence Vogel, Mr. and Mrs. Philip Vogel, Bud Ringe, Mr. and Mrs. Ralph Wurster, Sally and Kay Vogel, and Mr. and Mrs. Paul Maroney of this vicinity, Mr. and Mrs. Douglas Vogel and children of Clinton and Dr. and Mrs. Dunstone and children, of Fort Wayne.

Community Chest Workers Confident Of Reaching Quota

Window Displays Are Feature of Education Week

"Good Schools Are Your Responsibility," as the central theme for American Education Week being observed throughout the United States from Nov. 7 through 13, includes pupils, teachers, parents and members of the entire community, it was pointed out when plans were announced for local observance of the annual occasion. To have good schools is the personal responsibility of every citizen.

The administration and teachers of Chelsea public schools are extending an invitation to the people of the community, in addition to parents of pupils, to visit the schools during the special week to see classes in action and to inspect the school facilities.

Merchants of the community are cooperating by providing space in their show windows for special displays of school work throughout the week.

American Education Week was established in 1921 "for the purpose of informing the public of the accomplishments and needs of the public schools and to secure the cooperation and support of the public in meeting these needs."

Each day of the special week emphasis will be placed on a different subject as follows: Sunday, "Ideals To Live By"; Monday, "Teachers for Tomorrow"; Tuesday, "Investing in Good Schools"; Wednesday, "Working Together For Good Schools"; Thursday, "Effective Citizenship"; Friday, "Teaching The Fundamentals Today"; and Saturday, "How Good Are Your Schools?"

Nearly One-Third Of Total Pledged By Wednesday

The Community Chest campaign began on schedule Monday following the "kick-off" luncheon for all workers held in the Congregational church dining room at noon. Eighty men and women were present.

Stuart R. Booker, president of the Community Chest board of directors, spoke to the workers, and Lowell Davidson and Alfred Mayer, co-chairmen of the campaign, briefed workers on their job of soliciting the entire community in a speedy coverage to be completed by the end of the week.

By Monday evening \$1,755 of the \$9,000 quota had been pledged and Tuesday evening Paul Mann and Maxwell G. Sweet of the finance committee counted a total of \$1040.

Last night the figure stood at \$2,961.50, or approximately one-third of the \$9,000 goal.

Headquarters were set up in Foster's Mens Wear store and campaign workers reported there with the contributions they received. Contributions were also accepted there and pledges received for later payment.

Mann and Sweet were taking turns at the headquarters desk. They were on duty Monday from 5 until 6 p.m., and Tuesday and yesterday they were on hand from 4 until 6 p.m. Stores are closed today and final pick-up at headquarters is expected to be completed between 4 and 6 p.m. tomorrow.

Mayer, in his talk at the "kick-off" luncheon, emphasized the fact that the entire Chelsea service area is included in the Community Chest program and said he was pleased with "the grand-cooperation of the people who were asked to assist, not only in Chelsea, but in all the outlying areas."

Mayer said the enthusiasm and response exhibited the first two days of the campaign indicate an exceptionally successful drive for this first venture of the newly-organized Community Chest. He said he is confident the goal will be reached in record time.

Blood Bank Clinic Set for November 30

Mrs. Dudley Holmes, Chelsea Blood Bank chairman, has announced that the next blood donor clinic for the Blood Bank will be held in the Congregational church basement Tuesday, Nov. 30, from 11 a.m. until 1 p.m. and from 2 until 5 p.m.

Red Cross personnel work five hours per day and are equipped to take 10 donors every 15 minutes or a total of 200 for the day.

Until the present time 50 per cent of all blood given in Chelsea remained here while the remaining 50 per cent went to the Red Cross for plasma and for defense use.

Under a new ruling and because of changes in the defense program, the amount remaining here for local use has been increased to 90 per cent while only 10 per cent will go to the Red Cross.

A total of 60 pints of blood have been used by Chelsea area people since the first of January, Mrs. Holmes stated yesterday.

Requirements for giving blood are that the donor must be between the ages of 18 and 59 with the provision that single persons between 18 and 20 years of age must have the written permit of parents or guardians. Donors must weigh at least 110 pounds.

Pledge cards will be distributed in all local factories and these should be filled out and returned in advance by those who plan to contribute blood at this clinic. This procedure will help clinic workers to arrange schedules so a minimum of the individual's time will be needed. Other persons may come in at any time convenient for them during the clinic hours.

Volunteer workers will be needed. There must be 1 hostess; 4 registrars; 6 nurses aides, 2 registered nurses and a chairman for the day. Those who can give their time even for a part of the day should call Mrs. Holmes and make arrangements.

Mrs. Holmes emphasized that blood bank service is for everyone working or living in the community and said, "We hope everyone will make every effort to give blood if possible or to volunteer to work at the clinic to insure the Blood Bank program continuing its tremendous success and the very important part it has served in the community."

Prospective JC Members Urged To Attend Meeting

The second meeting of the proposed Junior Chamber of Commerce will be held Tuesday, Nov. 9, at 8 p.m. at the UAW-CIO union hall. All young men, between the ages of 21 and 35, who are interested in joining this organization, or who are interested in securing more information about it, are urged to attend.

The JCC, as an organization, is designed to give service to the community, and is eager to provide the opportunity for public-spirited young men of Chelsea to participate in useful community action.

It should be emphasized that the only qualification for membership is to be within the 21-35 age bracket; it is not necessary to be in any particular type of employment, as the JCC desires to secure a membership representative of all types of industrial, retail, commercial and professional occupations in the community.

Octogenarians Entertained by Kiwanis Club

H. T. Moore was program chairman for the Nov. 1 meeting of the Chelsea Kiwanis club. This was the annual octogenarian party at which men of the community who are 80 years old or older were guests of the club.

Guests included Ed. Chandler who is 90 years old; Schuyler P. Foster and Fred Sager, 86; Harry Middleton, 85; Otto Goetz, 83; Fred Hoffman and William H. Putman, 81 years old. Combined ages of the seven is 592 years.

Other guests at the meeting were Larry Chapman, Chelsea High school senior; Armand Hewett of Ann Arbor; Virgil L. Walling of Dexter; Rev. Paul Schanlin of Kalamazoo; and Charles Slocum.

Each of the octogenarians present spoke briefly when he was introduced, relating incidents of former years.

During the business session William Collins, general chairman of the Kiwanis Halloween party for children of the community, reported on its success and Jack Merkel, chairman of next Monday's Kiwanis pancake supper, gave a report on the progress of plans for the event.

Four local Kiwanians attended an interclub meeting at South Lyon Monday evening. They are Lowell Davidson, Alfred Mayer, Layton Nielsen and Paul Mann.

Sylvan, Lima, Sharon and Freedom townships all voted down Proposal IV known as the bingo question, but Lyndon township electors expressed themselves in favor of the proposal by a majority of seven votes.

Mrs. Charles Howe Addresses State Nurses' Convention

Mrs. Charles Howe, RN, who is administrative assistant in Nursing Service at University hospital, Ann Arbor, was the speaker Tuesday before the Institutional Nursing Service Administrator sectional session at the Michigan State Nurses convention in Detroit. She spoke on the question "What is a commodity budget and how does it operate?"

Theme of the convention which began Monday and is to be concluded today is "Increasing Our Knowledge of Administrative Practices," and Mrs. Howe, in her talk, placed emphasis on the responsibility nursing personnel assume in spending and accounting for the part of the patient's dollar she spends and on methods of budgeting the money spent.

She said "We must concern ourselves with how much good care costs the patient. We speak of the 'whole' patient and this includes his pocketbook because the pocketbook includes his plans for a new home, college for his youngsters, and how soon he will pay his hospital bill."

This was the 50th anniversary convention and was held at the Sheraton-Cadillac hotel, Detroit.

Community Survey To Be Conducted by Waterloo Church

A community survey plus a program of friendly visitation will be features of a "Strengthen the Church Crusade" at Second Evangelical United Brethren church of Waterloo, to be conducted Nov. 5 to 12.

Rev. H. E. Ryan, pastor of the Baldwin Avenue U.B. church of Pontiac, will assist the Waterloo pastor, H. L. Mann, in this program. Rev. Ryan will preach in public services, Friday, Nov. 5, at 8 p.m. and Sunday, Nov. 7 at 11:15 a.m. and 8 p.m. He will serve as guest-leader for the survey to be conducted Sunday afternoon and the other services of the week, which will include instruction of visiting teams, follow-up visitation, a study and analysis of the present Sunday school and church programs, and making plans for improving the facilities and program of the church.

The plan for the Sunday afternoon survey is for members of the church to make census calls on every home within three miles of the church. Persons living in this area are requested to cooperate with the census caller. The caller will want to know the address of the home, names of members of the family, ages of children and church affiliation or interest. This census will help the church plan for the future and show where and how it can better serve the community.

- He is the most important person ever to come into our place of business.
- He is not an outsider to our business . . . he is part of it.
- He is not someone to argue or match wits with. Nobody ever won an argument with a customer.
- He is not a cold statistic . . . he is a flesh and blood human being with feelings and emotions like our own.
- He is not an interruption of our work . . . he is the purpose of it. We are not doing him a favor by serving him . . . he is doing us a favor by giving us the opportunity to do so.
- He is not dependent on us . . . we are dependent on him.

We are truly grateful for the generous patronage you have accorded us during the seven months we have been here. We are happy to note more and more folks from Stockbridge, Dexter, Ann Arbor, Jackson, Grass Lake, Waterloo, Munith, Pinckney and other surrounding communities who are shopping here regularly.

COMPLETES MILK TEST

Averaging 23 quarts daily, Rus-
tic Mutual Countess, a registered
Holstein owned by George Ma-
comber of Ann Arbor, recently
completed an official Herd Im-
provement Registry production re-
cord totaling 15,534 lbs. of milk
and 488 lbs. of butterfat in 334
days.

Testing was supervised by Mich-
igan State College, in cooperation
with the Holstein-Friesian As-
sociation of America.

Milked twice daily, the cow was
3 years and 4 months of age when
her test began. Her total was
about three times the production
of the average U. S. cow.

In 1953, 2,140,000 Americans
were injured in traffic accidents.

SAFETY
A pedestrian who gets caught in the middle between two moving lanes of traffic is like a soldier caught in a cross fire. It's much harder to keep from being hit from two directions. Without eyes in the back of his head the pedestrian can't "keep his eye" on every car that misses him by inches.

Pedestrians should not start something they can't finish. Unless you are sure you can make it all the way across the street, don't start. At a signalized intersection be sure there's enough of the green signal left to get you all the way over. It's simply not smart to make it easier for a motorist to run you down through a simple error in judgment.

Safe Driving
Lesson Series
To Be Published

Chief George Doe today announced a series of 10 safe driving lessons dealing with pedestrian safety. These are being run by The Chelsea Standard as a public service to assist in saving the lives of local residents while they are on foot in traffic.

"All motorists and pedestrians are urged to study the illustrations which will be shown in the series because they represent the most common types of difficulty which result from mixing the man on foot with the man on wheels in the traffic stream," the Chief said.

"In traffic it's what you don't know and don't understand, and therefore not prepared for, that gets you into trouble," he added.

According to Chief Doe any motorist or pedestrian who learns these 10 lessons will be much less apt to become involved in a pedestrian accident than a person who has not thought out these practical driving and walking situations.

"This is the season of the year when several dangerous conditions 'gang up' on motorists and pedestrians. If it is twice as hard to drive safely at night then it must be three times as hard to drive equally safely when it's dark and raining. And it's probably four times as hard to drive equally safely when it's dark and snowing and the pavement is icy. The smart motorist takes these into account and looks harder, tries harder, and cuts his speed when conditions are against him.

In calling upon all motorists to cooperate with the pedestrian protection program the Chief said, "Just remember, there's an awful difference between banging up a fender and hitting a pedestrian."

Last year's traffic toll of deaths and injuries was the heaviest in history.

Norman O'Connor Discharged from Military Service

Cpl. Norman O'Connor received his discharge from the U. S. Army at Fort Bliss, Texas, last Wednesday and arrived here on Monday. He had spent his entire two years in the service at Fort Bliss and was an instructor in the artillery school there.

Mrs. O'Connor and their nine-month-old daughter, Peggy, had remained here after they came north with him while he was on furlough last summer.

Cpl. and Mrs. O'Connor and their daughter are making their home with the former's father, Frank O'Connor. For the present Cpl. O'Connor expects to do nothing further than plan for a deer hunting trip as soon as the season opens.

(Continued from page one)
The line, headed by Bob Keezer, who called defensive signals, Phil Sausti, Don Mshar, Ron Satterthwaite, Paul Hopkins and Gary Packard, played their best ball game of the year. Line-backers Jay Ferguson, Ted Nixon and Butch Downer also sparkled. Defensive half-backs Glenn Weir and Bud Ringe broke up Saline's passing attack in the second half.

The Bulldog offense also sparkled as they brought the fans to their feet many times with long runs and pass plays.

The Blue and Gold showed undefeated Saline that they were going to be in for a rough night early in the first quarter.

After stopping a Saline drive on their own 31, they marched 69 yards in seven well-executed plays. On first down quarterback Bud Ringe faked a hand-off to Ted Nixon and pitched out to Butch Downer who blazed to the Saline 48 before being forced out of bounds.

On the next play Ringe called the same play to the other side and after the fake, pitched out to Jim McLaughlin who rambled to the Saline 30. Nixon then cracked for yard, the Downer on a quick opener, slipped through for seven. McLaughlin picked up another four. Downer again went wide on a pitch-out for four and a first down on Saline's two. Nixon cracked for a year, then Downer took a hand-off and bolted into the end zone on an off-tackle smash. Nixon swung wide on the extra point attempt but was stopped short. But the Bulldogs had a big six points on the scoreboard.

Saline came roaring back, however, to score twice in the hectic second quarter. Left half Jim Rhoads slipped over tackle from four yards out to score the first touchdown. A 14-yard drive. Big Cy Woods tried to run the extra point but was thrown back by the Bulldog left side.

The second Saline touchdown came on a well-executed pass play from quarterback Al Gross to end Dick Hoeft to end another long Saline drive. Both Saline touchdowns were carried along by short passes when it appeared they might be stopped for downs. However, in the second half, Saline couldn't complete a pass as the hard-charging Chelsea line smeared the passes on three occasions while an alert secondary broke up the others.

Early in the fourth period the Bulldogs marched 15 yards to score. In eight plays they reached the Saline 38 and a first down. Here the Bulldogs pulled the so-called perfect play. Quarter back Ringe faked a hand-off to Jim McLaughlin who was tackled by the middle of the Saline line. Ringe then slipped the ball to Nixon just before being tackled. Nixon tore through a huge hole opened by Ringe, Packard and Phil Barlow. He was 10 yards down field before the surprised Saline team and most of the fans knew he had the ball.

Only the Saline safety man had a chance to stop him. He came in high and Nixon lowered his shoulder and drove right on over him but in so doing stepped out of bounds on the six-yard line.

On the next play Ringe again called the same signal and Nixon scored, standing up, to make the score read Chelsea 12 Saline 12. On the extra point attempt Nixon cracked over Joe Bauer, Bob Keezer and Gary Packard for the all-important point that meant eventual victory.

As mentioned earlier, Chelsea traveled to Dadeo Friday for the final Huron League game of the season which may give the Bulldogs a share of the championship. Game time is 7:30 p.m.

Four of the women are taking instruction from 7:30 until 8:30 p.m. and four from 8:30 until 9:30 p.m. Monday evenings. We'll give it to you straight.

Buick's percentage of the nation's total new-car sales has reached an all-time high for the past generation. Sales are soaring so high that Buick now is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three."

We aim to keep it that way, and end the 1954 model year with a new record—and we're willing to go all out to make it.

So we're talking turkey right now with prices and trade-ins too good to miss. We're offering our best deals ever right now on the car that has the power, the ride, the room, and the styling that have taken America by storm.

Come see us, and you'll know what we mean.

Budget-priced hit of the "hardtops"
is this stunning Buick Special Riviera
—priced just a few dollars above
similar models of the "low-price three."

Here's the big 3-way bonus
we offer in Buick today**Advanced Styling**

—the very look of the new '55 cars is yours in today's Buick at a '54 price and "deal." Long, low glamor lines—and sports-car snap—that trend-setting panoramic windshield—fresh, stay-new styling that means a higher resale value for you at trade-in time.

Better Buy

—a lot more automobile for your money—more room and power and ride comfort—plus traditional Buick solidity of structure—and all at prices that start right next to those of the so-called "low-price three."

Record-Making Allowance

—from the tremendous volume that has put Buick into the nation's top 3 best sellers. And just to keep sales soaring, we're willing to give a whole of an allowance right now to keep success rolling in high. So come in—get the car and the deal that are far too good to pass up.

**Our Town Makes Good
in New York City**

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in The Clarion's office.

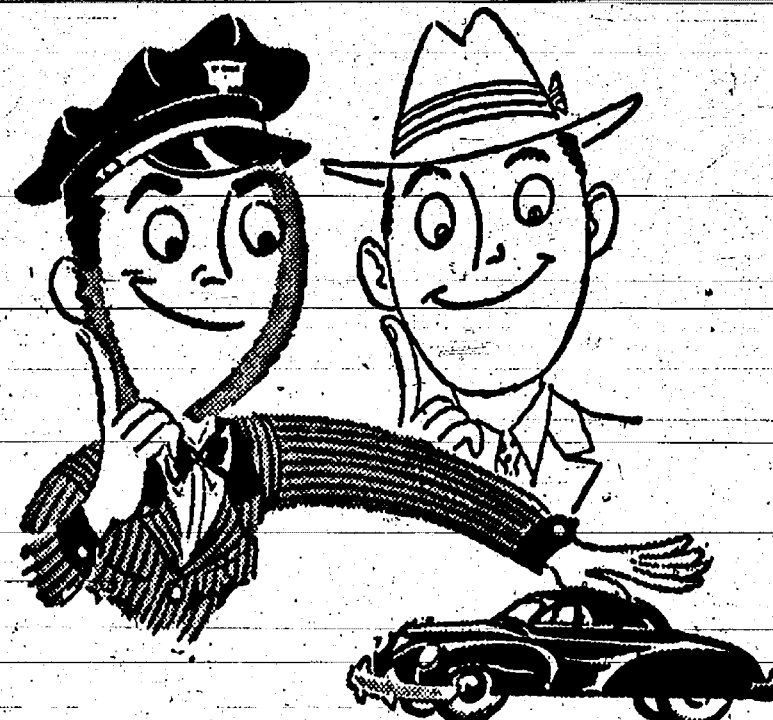

"We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.'"

"That's why we 'adopted' your town and to get all the news we subscribed to The Clarion. Now we have a 'back home' to talk about—and we think it's the most wonderful town there is!"

From where I sit, just about everyone thinks his own home town is best. Picking your town comes natural. The right to do this "picking," though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage—say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!

PEP MEETING
Friday, first-hour phys-ed. girls put on a pep meeting for the Saline game. The skit was based on an actual game situation, consisting of the cheering section of

each school. Of course, the Chelsea rooters cheered to perfection and Saline supporters were in the wrong. A mock half-time show was done by the cheerleaders, who represented a guest marching band. Mr. Conklin and Mr. Glasser each gave a talk. The cheerleaders taught the students two new cheers. The pep meeting was closed with the school song.

SENIOR PLAY

A good play can be produced only with the cooperation and willingness of everyone. Who in a successful play are the ones who get the most recognition? The performers? What about those people who work behind the scenes? The costumers, publicity people, makeup people, stage hands—these are the ones to whom the recognition should go. The success of a play depends largely on these people. Any director finds it worthwhile to work with a group who

will cooperate. Lighting, creating scenery, improvising equipment sound effects and the temperamental actor who won't accept directions are some of the many problems a director encounters. To produce a play that is accepted by the audience and that is a worthwhile experience for the group is the goal of every director.

MOVIES

Movies seen recently were "Improve your Spelling" and "Spellbound" made Easy, by Mrs. McGregg and Mrs. Johnson's English classes; "The Atom goes to Sea," by Mr. Monroe's chemistry; "Three Little Pigs Go to Market," "Birth of the Soil" and "Welding Comes to the Farm," by the agriculture classes taught by Mr. Smith; "Last Date," by Mr. Glasser's driver training sections; "Function of Gesture," by the speech class of Mrs. Johnson; "Our Basic Civil Rights," by government class; "Frozen Freshness," by home economics; "A.B.C. of Hand Tools," by the shop classes.

THE FORWARD LOOK

"With all-new styling, the cars of Chrysler Corporation are setting out to win a lot of new friends"

L. L. Calvert, President

FOR MONTHS PEOPLE have been wondering what Chrysler Corporation's new cars will look like. Soon you will see our all-new concept of the modern car in Plymouth, Dodge, De Soto, Chrysler and Imperial for 1955.

Each in its own individual way, these cars will express this fresh contemporary design from frame to roof, from nose to tail.

We have named this new style THE FORWARD LOOK because it is so evident a departure from yesterday . . . because it creates cars so clearly of today . . . and tomorrow.

You will recognize appearance based on pur-

pose . . . new-styled engineering that invites you to get in and go! You will see new length, new lowness. You will get a sense of forward motion, even when the car is standing still.

You will see headlights and hoods that reach out for the road ahead. You will find rear decks and taillights poised for getaway from what's behind.

You'll see fresh imagination and sureness of style. You'll find new windshields that wrap around more amply than any you've seen . . . but in a way that adds to the feeling of forwardness, instead of interrupting it.

An early stage in new car design—1/4 size clay model.

You'll find touches of "airplane" thinking in power-swept metal sheathing, in eagerness for motion, in new, horizon-spanning visibility. Even the automatic drive selector awaits you in a new, flight-minded location!

You'll see it all soon . . . THE FORWARD LOOK . . . the blend of motion and fashion created to give you America's first contemporary motor cars, the fashion you have asked for!

Meanwhile, dealers in these 5 cars are taking advance orders from those who like new things early. May we suggest that you stop in and see your dealer, soon!

Coming soon! The 1955 PLYMOUTH • DODGE • DESOTO • CHRYSLER • IMPERIAL
